DESIDERATA

Go placidly amid the noise and haste, and remember what peace there may be in silence. As far as possible without surrender be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even the dull and ignorant; they too have their story. Avoid loud and aggressive persons, they are vexations to the spirit. If you compare yourself with others, you may become vain and bitter; for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans. Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exericse caution in your business affairs; for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism. Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment it is perennial as the grass. Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue and loneliness. Beyond a wholesome discipline, be gentle with yourself. You are a child of the universe, no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors and aspirations, in the noisy confusion of life keep peace with your soul. With all its sham, drudgery and broken dreams, it is still a beautiful world. Be careful. Strive to be happy.

THE PRESIDENT

This CUMBERLAND will record for history Shippensburg State College during the first year of its second century.

Members of the Class of 1972 as well as all students currently attending this public institution of higher learning will remember always the impressive improvements which have taken place in our physical facilities and the expansion of our campus during the early 1970's. I believe you also will remember the advances and improvements in the academic programs at the College during the same period.

Shippensburg State College is now well known for its programs in the Arts and Sciences and Business Administration as well as in Teacher Education. This is true both at the undergraduate and graduate levels. We have launched also the beginnings of a Continuing Education Program which will become one of the hallmarks of the 1970's.

The students especially will remember the opening of the Cumberland Union Building during this academic year. This facility certainly has provided new opportunities and new horizons in student life on campus.

I extend to each of you sincere best wishes, and I encourage the members of the Class of 1972 to return to visit your alma mater as frequently as possible during the years ahead.
