FOOTBALL

Introducing

George J. Landis Head Coach

George J. Landis, assistant coach at Dartmouth College for the last four years and former defensive back at Penn State University, was named head football coach at Bloomsburg State College in January of this year. He replaced R. Clark Boler, who was the head coach for the past two seasons.

Landis, 33, a native of Linwood, NJ, helped guide Dartmouth to an Ivy League co-championship with Yale last season and worked with the Big Green defense that led the entire ECAC, in team defense, allowing just 13.7 points per game.

The new coach lettered for three years at Penn State and played in the 1969 and 1970 Orange Bowls in the Nittany Lions' backfield. In 1970 he was named to the All-East defensive team and was also honored as South Jersey's College "Athlete of the Year." He went to Penn State from Mainland Regional High School in Linwood, NJ where he was a varsity starter for all four years and gained All-American honors. He also played varsity basketball for three years and baseball for four years.

He holds both the Bachelor of Science in education and Master of Education degrees from Penn State.

His coaching experience started at Penn State where he assisted on the Nittany Lions' staff while earning his graduate degree. He was the defensive backfield coach at Villanova and Cornell Universities before taking a head coaching position at Mainland Regional H.S., where he served for two years. In 1978 he joined the Dartmouth coaching staff as defensive backfield coach.

ON GEORGE LANDIS

"Among the young coaches that I have come across in my experience, I regard him as one with very high potential to be a head football coach at the college level. I'll go one step further and say that a better head coach prospect will be difficult to find."

- Joe Yukica, Head Football Coach, Dartmouth College

"George Landis is one of the brightest young coaches in the East. He has been successful in everything he has done. Based on his versatile athletic background and his commitment to football, I feel very confident that he will be successful at Bloomsburg State College."

- Joe Paterno, Head Football Coach, Penn State University

What's expected in 1982

Optimism and patience! Those two words are the key to the 1982 football season for the Huskies, according to head coach George Landis. "We're going to be very young, so there will be some mistakes while we are learning together. I'm sure we'll have a lot of enthusiasm and hustle and the staff is really optimistic about what's going to happen. However, we must have the patience to let things develop," he commented.

Landis has been given the task of turning around a program that has won only one game in the past two seasons. One of the coaching staff's major goals will be to improve a defense that allowed opponents an average of 43.5 points per game a year ago.

Defensive backs Greg Stone and Joe Carr will give the secondary some experience. Stone looked outstanding in pre-season practice a year ago, but was forced to sit out the year after suffering an injury in the season opener at Ithaca. Carr, and the team's second leading tackler, Steve Fisher saw a lot of playing time in 1981 and, along with some talented freshmen, should make this area the most competitive for starting berths.

Linebackers Mike Miller and Jack Hess are two veterans at a position where Landis expects to use some newcomers. Miller was the club's leading tackler last season, while Hess impressed the staff in the Huskies' spring drills. Tackle Dave Pepper is the only defensive lineman with any experience. He was second on the team in quarterback sacks a year ago. PIAA "Big 33" performer and Lakeland High School standout Steve DoMonoski and Frank Sheptock of Mt. Carmel H.S. should see a lot of action at linebacker while Sheldon Pennington of Cedar Cliff H.S. could form an end combination with Pepper.

Pennington's versatility may allow him to also play tight end where he was one of the state's top ten high school receivers statistically at the end of last season.

Honorable Mention All-American and All-Pennsylvania Conference Eastern Division selection, Mike Blake, leads the returnees on offense for the Huskies. Last year he caught 55 passes for 731 yards. Blake and another All-PC East choice, wide receiver Stan Kucewicz, who caught 31 passes for 410 yards, helped BSC top the league in passing with an average of 180.4 yards/game. In addition to Pennington, the receiving corps could be enhanced by the addition of speedster Angelo Martin of Marian Catholic H.S.

Guards Jim Zaccheo and John DeMartino are the base on which Landis will build the offensive line. Zaccheo was an All-PC pick in 1981. Newcomers will be needed to overcome a "severe lack of numbers on the line." The top candidate appears to be York Vo-Tech H.S. product Mark Landis.

BSC will have to fill a major void at quarterback created by the graduation of All-PC East second team pick, Kurt Werkheiser, who was the PC East's top passer in 1981.

Several newcomers will vie for starting backfield spots and will attempt to improve upon the conference's worst rushing attack (79.0 yards/game). Leading the pack will be Vernon Rochester (Haddon Heights H.S., NJ) who rushed for over 1100 yards last season, John Hornyak (State College H.S.) who ran for 1150 yards last season, and Mike Connor (Forest Grove, OR) who contributed over 1500 yards to his school's running attack last season. Whitehall High School's Mark Bonchak scored 35 touchdowns over the past two seasons while Dave Shuga caught 27 passes and gained more than 700 yards for undefeated Berwick High School. Landis will pick a starting backfield from over 20 candidates with one purpose in mind, "We've got to get a running game we can rely on. We want to develop a balanced attack and, above all, eliminate turnovers."

“A Commitment to Excellence”

Bloomsburg State College, founded as an academy in 1839, is one of 14 institutions of higher education in Pennsylvania's state college and university system.

It's a multi-purpose college with programs in the arts and sciences, teacher education, business, nursing and allied health sciences. Approximately 36% of the 6339 students are enrolled in business administration, 32% are in arts and sciences, 20% are preparing for teaching careers, and 12% are in nursing and health sciences programs. There are 34 graduate programs of study leading to the master's degree. Through its School of Extended Programs, the college seeks to fulfill its commitment to lifelong learning and community service for the citizens of central and northeast Pennsylvania. Three hundred thirty-eight fulltime faculty interact with the undergraduate, graduate and continuing education students to create an optimal atmosphere for living and learning.

The college's 173-acre campus overlooks the town of Bloomsburg and the scenic Susquehanna Valley. Carver Hall, built in 1867, provides a contrast with the modern facilities including seven residence halls, a library, a 2000-seat auditorium, student union, scenic center, dining hall, gymnasium, administration building, and four classroom buildings on the lower campus. An athletic complex and recreation area occupy the school's 100-acre upper campus.

Located less than two miles from an interchange of Interstate 80 and 22 miles from Interstate 81, Bloomsburg is within one hour's driving time from Wilkes-Barre/Scranton, Hazleton and Williamsport, 1½ hours from Harrisburg, 2½ hours from Philadelphia, and 3 hours from New York City. The community is 45 miles from the Avoca International Airport and is serviced by major bus lines.

Bloomsburg has an enviable placement record. Of the 1055 who graduated in the 1980-81 academic year, 82.2% had meaningful employment or were in graduate school one year later.

Active files of over 25,000 living alumni are kept by the college. Graduates of BSC have distinguished themselves in areas including law, medicine, (one is a Nobel laureate), science, architecture, education, industry and research.

Bloomsburg State College is fully accredited by the Middle States Association of Colleges and Schools, the National Council for the Accreditation of Teacher Education, and the Pennsylvania State Board of Education.
