Senior Personalities

This semester there are fourteen seniors who will get their degrees on May 29. These are the seniors with a brief account of what they have been doing for the time they have been here:

Jack Aiton—"Sut" has been busy on campus with Mu Kappa Gamma, Kappa Delta Phi, ScaRAB Club, Press Club, Choir, Male Octette, Swimming Team, Yearbook, Spectator and the Edinboro Players, but still has found time to compose poetry on the "dean of dames" and the Blood Bank.

Wilber Rose—Wilber is one of those are students that finds time in addition to ScaRAB Club, Yearbook and Delta Phi Delta to make us the nice watercolors that hang in the parlors of Haven Hall.

Katharine Hipple—Katie is one of the imps of the third floor who has found time among all her mischief to be active in Delta Phi Delta, Choir, Women's Ensemble, YWCA, Edinboro Players, ScaRAB Club and Mu Kappa Gamma.

Norma Scheidemantel—Norm is the young lady who is always rushing about trying to get places on time, maybe to ScaRAB Club, or Women's Ensemble or Y.W. or even to have her copy in to the Yearbook and the Spectator.

Hazel Taylor—A/S Taylor now she has joined the WAVES. She has been another one of the active third floorers being in ScaRAB Club, Women's Ensemble, Y.W. and the Edinboro Players.

Betty Mohnkern—Betty changed her name from McCray to Mohnkern this year and made the secretaries of Alpha Delta, Y.W.C.A. and Key Klub change their records.

Myrtle Johnson—"Myrt" the

Art Students Attend Museum

The Art Department will go on an art trip to Pittsburgh Saturday, May 20. Breakfast is to be served at Haven at 4:30 and the bus will leave at 5:00 A.M. The trip is for the purpose of seeing the annual Scholastic Exhibition which is put on each year by the Scholastic magazine. Competition in this show is drawn from all the high schools in the country and includes work in oils, watercolor, pen and ink, sculpture, and weaving.

Following the exhibit the students will be taken on a conducted tour of the Carnegie Museum.

EDITORIAL

When it comes around this time of the year and the last times for this and that begin to take a firm hold on our present we are suddenly faced with the fact that our school year is over. To some of us it is the end of our college life, while to others it is the end of only one part of the days we will treasure in the days to come. Each group has its glamour with an under-current of grief and regret, for unfortunately they all travel the road together and we can not be a companion of one with out being the friend of the other.

In May when things are beginning again out of doors and school is ending, we stop and look at the past year with rather mixed emotions. We all have an undeniable sense of pride when we look back on the things we did well. The things that at the time were filled with dissatisfaction, but now stand finished and rather glorified when we realize that it was all right after all. And then if we will be honest with the past we must view the jobs we didn't do so well or didn't do at all. These aren't the things we would remember but we may be glad that they are in the minority. To some of us they are part of our growing up and we can make amends, while to others they are just the bitter realization that what is past can never be undone and done over.

This year at school has had its joys and its sorrows as well as its work and play for all of us regardless of the class to which we belong. To the graduating seniors it has been fun, but now it's over for them and we who stay behind wish them the best as they go out into the world. They have been a part of us that we have grown to depend upon, but as time goes on we will realize that the work they have done on the campus will remain as will their friendships in the time to come.

To the rest of us, the underclassmen, we now have new responsibilities to assume, and may we meet our problems with the determination to succeed at the work we are doing. It won't be easy and most certainly it isn't going to be all fun, but it's up to us now to meet tomorrow with our heads up and a firm conviction in what is right.

With this last issue we all wish the seniors the best of luck and take upon ourselves the task they have given us—that of keeping faith with ourselves and with Edinboro.

Haven's Ravens

Ho hum—one more column and then "so long, kids", so bear with us, you won't have to stand for much more.

With summer practically upon us, several of the inmates of Haven can be found in various stages of dress, or should we say undress, on the dining room roof studiously absorbing Ole Sol's rays. One of them, Ann Ives, went at it a little to earnestly and as a result is now known as "Lady Peel".

"Pris" got a beautiful ring for the appropriate finger and has been walking on little pink clouds ever since "Phyl" Morrison got a letter from a certain guy out West and was almost too thrilled to teach her little angels how to spell. Marcia Johnson has a local interest who does his best to keep up her morale with letters. Why, "Johnny", we never guessed it! Idabelle Gordon has been flashing a diamond, but alas, she says her father gave it to her. Spring must certainly be here.

Lois Bailey who can seldom be found at home during vacations thinks that next time she takes any time off she'll be in South Dakota.

Carol Brown, the first floor punctuation expert, would be awfully good at hitch hiking. They tell us that she has an effective way of stopping traffic.

"Lay that Pistol down, Babe"—you didn't know we had a pistol packing mama right here in the dorm did you? Come, come, Mary Alice, we know it's leap year but it isn't really necessary to go around with a whole armful of artillery—at least so they tell me.

Leona Thompson has finally given us the answer to why the Wattsburg girls are so loyal to their home town. She tells us that there are more men there than there are women. Says she—"Why it's awful"—yeah, I'll bet. Those Wattsburg kids must lead a wild life when they're at home.

Speaking of wild life, did you see Carol Davis' friend Alphonso? It's a good thing rabbit season is over. However in season or not, Arlene Webb was seen on a wild goose chase in the vicinity of "Doty" Watson's room the other night. Where's your hunting license, Ar-

Kappa Komments

Well, we're goin'. The last of the physical frat members leaves campus the 29th of May. Regardless though, we're all here, in spirit, and some day will come the Hell Week of Hell Weeks, when we all get back!

There'll be Ikey and Mickey, Blasdell and Mensinger, Whitehill, Bailey, Hare, Gunn, Fiorelli, Walsh, Santo, and a score of others, all back to pester the faculty.

Don't worry fellows, Mallory still fishes and the big bass got away, Johnson still imitates birds, Kelley still has suspects, McNees still rambles, Van still worries, Charlie Blystone still rings the bell and Pop still walks his beat.

Dr. Johnson will, I feel sure take care of the coordinators position on the part of E'boro for the Kappa Delts, and don't forget the reunion. Remember the party we had for Mickey and the E.R.C. Boys? Well, the one to come will be THE ONE.

The address of your trootful is —901 Maple Ave., Turtle Creek, Pa.

S'long for this column, but not for long! Write!

lene? Nat also had a little episode with a woodchuck one Saturday. It must have been rather trying—at least as far as the woodchuck was concerned.

Dorothy Lincoln dropped in to see us for a while—just can't stay away from the ole place. Oh yes, someone almost dropped in to see the first floor—one of the high school boys from heaven knows where. He just had to see if the fire escape door would open.

Stray thought—wouldn't it be something if we could get "Uncle Chris", "Uncle Beems", and "Grandpa Zachary" to pay Edinboro a visit. Oh well, I don't guess the old place would change much, but I'm afraid those who did the visiting would never be the same again—probably they'd fade out to mere shadows of their former selves. Which all reminds me it's time for me to fade out too.

Phi Sig Sez

Edinboro, Pennsylvania,
May 10, 1944.

Commencement time is almost here again, and with alumni day approaching it seems fitting that the faculty adviser and fellow alumnae should extend Edinboro's greetings to all members of Phi Sig.

Spring has come to Edinboro during the last week, bringing with it delicate shades of green and pink on campus foliage and the young leaves of the woods on the east hill. Outside, the sun calls in the warm sunshine, an unusual for Edinboro. There are things and incidents missing though. We miss especially Bill Myrtle's calling the crows on the way to the dining room to serve breakfast or Jack Bonnett's "Hey Myrtle!" Nor does it seem right to have commencement without a formal Phi Sig party with the usual arguments about dance bands, food and favors. However, college life, dulled a bit by the war, does go on.

The spring play has been a success with Jack Aiton playing an excellent villain in a rather unusual play for Edinboro, "Bertha, the Typewriter Girl", a thrilling melodrammer. Can you imagine the genial narrator of "The Skunk" evicting the helpless widow because she couldn't pay the tax? Three members of the cast, Jane Morrison, Joyce Ryder, and Pauline Mudge were elected to Alpha Psi Omega. The election speaks for itself of the quality of their performances.

The seniors, in a rather quiet ceremony in the rain, planted between the two white birches on the northwest corner of the campus, a weeping birch, a proper symbol of the war class of 1944. Other senior activities go on as usual. We'll miss you especially at the picnic. The girls have assured us that the mushball game must be played, even if members of the faculty have to be drafted to TRY to play.

Not much news comes from alumni members. I saw Lt. Billings some time ago. Walter Nissen recently wrote that he had been grounded in England from tonsillitis, and from New Guinea comes word that John Keller, an old friend of Phi Sigs, is still flying over the jungles. John hopes to be home by the spring of 1945. Maybe by that time we can be making plans for a reunion at Bonnett's cottage. By the time that you come home you will have much KP experience that I don't have to do the cooking.

Cordially yours,
Royce R. Mallory

Senior Activities

As Commencement draws near, the Seniors are swept into a whirl of activity.

The Class Day assembly, with Jack Aiton as chairman, was given May 17 in the Auditorium. Scripts for the program were written by Mr. Aiton, Myrtle Johnson, Hazel Taylor, Norma Scheidemantel and Jane Morrison. Miss Ludgate was adviser and directed the program.

The program was in the form of a day on the radio, consisting of the following numbers: "March of Time", "We, The People", "A Soap Opera", and "Between the Book Ends". This was following by the moving up exercises, and the dedication of the Seniors' twig.

Those participating were: Jack Aiton, Katherine Hipple, Wilbur Rose, Norma Scheidemantel, Hazel Taylor, Lois Bailey, Margaret Creacraft, Myrtle Johnson, Betty Mohnkern, Evelyn Mould, Eleanor Tubbs, Dorothy Watson, Grace Wensel and Jane Morrison.

The Senior Banquet, given annually by Mr. and Mrs. Van Houten, will be held May 22, at 7 P.M. at the College Residence. This will be the one formal occasion for the group.

The Faculty will honor the Seniors at a picnic, to be held at Sox's Camp, Wednesday, May 24 at 5 P.M.

Baccalaureate services will be held Sunday, May 28 at 2:30 P.M. Commencement exercises will be held Monday, May 29 at 10 A.M. Mr. Doucette has charge of the decorations, and will be assisted by members of the Junior class.

High School Day Termed a Success

The high school visitation which was held on our campus last week end was considered a success by the committee in charge of Miss Forness. The thirty-one girls who visited our campus were the perspective students who are considering teaching and Edinboro.

After registration and lunch the girls were taken on a tour of the campus and Loveland Hall, where they witnessed some of the art and science classes in operation. Miss Ruttle presented a brief swimming and riding exhibits while the chorus concluded the afternoon program with a concert in Haven Hall.

In the evening, the cast of "Bertha, the Typewriter Girl" presented the play for the second time on campus. Following the play the Van Houten's invited the group to a "snack" at the college residence.

Home Nursing Course Completed

The students who have been taking the Red Cross Home Nursing course under the direction of Miss Ober finished their course on May 8. This group has been spending every Monday afternoon in the classroom in Loveland which was set aside for them, completing a course which is not only worthwhile, but equal in importance as the First Aid courses we have been having on campus. Dr. Van Houten recently announced that the girls who finished this course would receive one credit towards graduation. Those girls are—Mary Artico, Martha Bartoo, Vernice Graziano, Mary Alice Harcourt, Myrtle Johnson, Dorothy Kingsley, Eleanor Lane, Evelyn Mould, Helen Pushchak and Arlene Webb.

Off-Campus News

The big event for the Off-Campus girls was the picnic which was held last Thursday afternoon on the lawn of the Simpkins cottage down by the lake. Every one enjoyed themselves immensely and no wonder.

Margaret Creacraft was very excited at the picnic because she received some good news in the mail . . . I wonder what it could be?

This Thursday is a great day for both Polly Mudge and Joyce Ryder . . . Guess why . . . They will be initiated into Alpha Psi Omega, the National Honorary Dramatic Fraternity.

Marion McCracken and Bea Hanna went to Meadville to take in the sight several weeks ago . . . so they tell me. Did I say sight? Well they were one blonde bus driver, "Jane Eyre", "The Miracle of Morgan Creek", one friend, one enemy and one red-headed oldier! Not bad for five hours, is it?

My secret agent tells me that Eleanor Rose comes back to school on Sunday nights positively cowed, moon-struck, etc. With June just around the corner there may be a good reason!

JAPS PLANT RICE, NOT RUBBER

An indication that the Japanese on the occupied Netherlands East Indies Island of Sumatra are having food difficulties is seen in a recent dispatch from the Domei News Agency which said that about 22,000 acres in Sumatra, formerly devoted to rubber plantations, have now been converted into rice fields. Formerly Sumatra imported the bulk of its rice from Java and elsewhere, according to the Official Netherlands News Agency.

All rice produced in China's occupied territory can be bought only by the Japanese at a fixed price.

News of E.S.T.C. Men In The Service

Hi ho and here we go, on that last great edition of the greatest scandal sheet that ever warmed a press. Yep, this is the finale, for the year of 1943-44.

Well, look as though the old campus will finally bid farewell to the gang for a while as of the 29th. At least physically. What I mean is that though all are gone in body, we are still here in mind.

"Howie" Griffin is not overseas! At least not yet. Not so long ago he was heard from in Texas. Well whatta ya know! How do you find them Texas twisters, Howie? Kinda rough on the curves aren't they?

Ikey has spent three weeks in Savannah. Quote Margie, "Blankety-Blank" unquote.

Charlie Merritt McIntosh is now at Barksdale Field, La., B-26 pilot—Wow-eee. Can't you see those Heinies and monkeys running? Go to it Chawlie! !

"Grinny" Springer is still holding the chisel for the dentist in the Aberdeen Proving Ground Molar Massacre Center. Dentist assisant—who'd a thunk it when he used to throw Miss Pettit's china (dishes-please) around the dish-washing room?

Ole pal, Iadarosa and chum "Baldie" are theoretically banded by an engagement linker in the form of a starry stone! Hm—these guys are all getting tied up, one way or another! When's it gonna be fella?

"Buckets" has been trying to get Myrt for a coon's age. Seems he hasn't a thing to do but wait for a boat, so it's spring and naturally a young man's fancy turns to — ? ? ? Well, anyway, it turned and he's been phonin' and phonin'. If at first you don't succeed —!

Gabby turns in the news that she's had a few letters from Lindy, but for some unknown reason she refuses to reveal what sweet nothings he sends. Can it be that — or has he — oh no — heaven forbid, he never seemed like the mushy type. C'mon, Gabby, what do you have up the proverbial sleeve?

As reported, Fiorelli is still in Italy, alive, healthy and as sweet?? and pure?? as ever. Good old Carmon, always was a radio bug, so he got into Radar and went across, now he's just a bug!

Pat Crawford, according to his mater, is in a four week boxing training period. His ma is almost afeared to see him come home. Last time he returned from Bucknell, he was sporting a fat lip. Hurry home Patrick, but fo' de Lord's sake, duck at least once so we'll be able to recognize you.

Well, gotta go now, so we'll say

so-long and good luck—and God Speed.

To all you guys who have kept in touch with you exchange editor, thanks a lot—and to you who have kept in touch with the guys, thanks a million and keep it up!!

SENIOR PERSONALITIES

(Continued from page 1)

smallest member of Taylor & Johnson, Inc., was just as busy as her roommate being Wardrobe Mistress of the Edinboro Players and in Y.W.C.A. and Key Klub.

Eleanor Tubbs—"Tubbie" has been rather quiet here on campus living in the Dorm only this last year, but she has been busy just the same with Y.W.C.A. and Key Klub.

Evelyn Mould—Evelyn was another of these quiet busy people that keep things going in Women's Ensemble, Y.W.C.A., and Off-Campus Council.

Dorothy Watson—"Dottie" certainly hasn't had time to spare with Alpha Delta Choir, Mu Kappa Gamma, Y.W.C.A., Women's Ensemble and Key Klub to keep her occupied.

Margaret Creacraft — "Kraffy" has been active in Y.W.C.A., but very active in W.A.A.

Mrs. Grace Wensel—Grace has been finishing up her degree here on campus and we haven't gotten to know her very well, but what we did we found her very nice.

Jane Morrison—Jane has been in just about every thing going on campus being in Y.W.C.A., Alpha Psi Omega, Alpha Delta, Mu Kappa Gamma, Edinboro Players, Choir, Women's Ensemble, and Double Quartette.

Lois Bailey—Lois is another one of those third floorers who has helped to keep Choir and Y.W.C.A. going.

CHINA BANS STUDENT TRAVEL ABROAD

In a broadcast reported by U. S. Government monitors, the Chinese government announced a ban on the sending abroad of students for study, because China will need "all her manpower to attain victory". The ban includes self-supporting as well as government-funded students, but does not apply to students who already have left.

RUSSIANS TRIPLE GARDENS

For the first time since the German occupation of Soviet Russia, workers in liberated areas will take an active part in planting Victory gardens. Fifteen million families, including factory workers, office employes and service men, will till gardens, tripling the number planted in 1942.

Many Thanks

I sincerely wish to express my appreciation to the staff for their full cooperation in putting out the SPECTATOR this year. Also, would like to thank Mr. LaBounty as faculty advisor and Mr. Mallory as chief critic.

AMERICANS TAKE OVER BRITISH RANGE

One of the largest firing ranges in Britain was turned over, under reverse lend-lease, almost exclusively to U. S. Army artillerymen, the British Information Services report. British and Americans work together. One of their biggest jobs is preparing targets for anti-tank gunners to smash up.
