## 'Pioneers of Modern Painting' Free art films arrive

Lock Haven has been selected by the National Gallery of Art in Washington, D.C. as one of a restricted number of organizations to offer a series of films entitled *Pioneers of Modern Painting* beginning January 20 and 21.

The films are in magnificent color and have been produced for BBC by Sir Kenneth Clark who developed the famous *Civilisation* series which has been televised by public television stations throughout the country and was shown here in film form last year.

The new *Pioneers of Modern Painting* series includes hour-length films on Manet, Cezanne, Monet, Seurat, Rousseau, and Munch-

all famous impressionist painters who produced a revolution in painting in the late nineteenth and early twentieth centuries.

The films are free to the public and are being shown as the result of action by a consortium of area organizations sponsoring the series. One of the purposes is to give the largest possible public, both community and college, several opportunities to see the films. The Lock Haven Chapter of the American Association of University Women, under the chairmanship of Mrs. Elizabeth Alter, will offer the first showing, with the assistance of Mrs. Isabel Pons, in the Children's

## Trespasses and break-in mark December crime report

By RICHARD HEUER  
Staff Reporter

Campus police reported that several trespasses, one break in, and several attempted thefts occurred during the month of December. Someone broke into Rogers Gymnasium through a window. Reportedly, nothing was taken. An unknown person was observed by campus police trying to take some construction equipment near Woolridge Hall. Upon approach the person jumped into a car and fled at a high rate of speed towards Bellefonte Avenue.

There was an attempted theft of gasoline from S.C.C. vans in which a number of persons were apprehended with a .22 caliber rifle; one large drum and spicket; garden hose, and several gas cans. The driver of the car was arrested for operating a motor vehicle without a

license, and all received a warning for trespassing.

Also campus police were the first at the scene of an accident in downtown Lock Haven. They rendered first aid until an ambulance arrived. Two persons were injured.

## Library changes hours as result of PSEA survey

The Stevenson Library has made a change in their regular library hours. Previously the library was opened 75 and a half hours weekly, but with the addition it is now open 78 and a half hours weekly.

Another big change came about in the children's library hours. It will be open during all regular library hours. This was one of the reasons for adding the additional hours.

Library Director Mr. Robert S. Bravard would like to see the library open more, but the funding is insufficient. It cost \$1,000 to add the 3 additional hours the library now has.

The catalyst in the changed hours was a survey conducted by the student PSEA. "Yes, it really turned it around," said Mr. Bravard. There was little interest in the program until after the survey.

The additional hours in both the childrens and regular libraries will benefit the student employment work study program as well as the whole student body. Hopefully the addition will be used and not wasted.

The new hours are as follows: Monday-Thursday: 7:30 a.m.-10:00 p.m., Friday: 7:30 a.m.-4:00 p.m., Saturday: 1:00 p.m.-5:00 p.m., Sunday: 2:00-10:00 p.m.

one-act musicals: "The Diary of Adam and Eve", based on the story by Mark Twain and starred Alan Alda and Barbara Harris on Broadway; "The Lady and the Tiger"; a rock and roll fantasy; and "Passionella", a farcical Cinderella tale of a chimney sweep turned movie star.

All students are encouraged to try out for any of the approximately 30 parts, in-

## Today's Editorial

### Peaceful hibernation?

After spending four weeks running for our lives through the maze of economic disasters, international power plays and the energy crisis provided by the hometown daily newspaper, radio and television station, isn't it great to be able to slip out of reality and into the tiny community of Lock Haven State?

Students hoping to slip into peaceful hibernation for the next four months will be disappointed. The Eagle Eye, besides attempting to improve communication here on campus, will also from time to time ferry in news from the outside world. Herewith is our start:

While we were on vacation, Governor Shapp and the State Legislators weren't. They decided 18 year olds could tend bar. Not once, but two times earlier they decided not to let the young bartenders drink their own product— just sell it to Pennsylvania's one million alcoholics.

Governor Shapp also decided not to give Lock Haven State one million dollars for the purchase of the old Susque-view home and surrounding property. It came as quite a disappointment to the county commissioners.

As a result of a survey by the Residence Hall Association, visitation policies have been changed in most dorms. We applaud the College for supporting the Residence Halls and treating students as adults. Let's hope no "children" mis-use this freedom.

Well, with the FBI and CIA under scrutiny, South Viet Nam losing battle after battle and the Marines practicing desert warfare, maybe it would be better if we left well enough alone and just keep communications moving at LHS.

### "MOVIE MANIA"

By TOM WALTER  
Staff Writer

Instead of three nights a week, as was done last semester, the SCC movies will be shown only twice a week this semester - Friday and Sunday night. Due to the differing lengths of the films, the times will vary. Also, instead of Price Auditorium, all movies, unless specified, will be shown in Ulmer Planetarium.

Something new this semester is the addition of cartoons to the regular showings. However, because of conflicts with movie companies, there will not always be a cartoon with

each film. This could not be helped.

This week, the films are "Fahrenheit 451" (Fri) and "Hotel" (Sun.) Friday the times will be 7 and 9, Sunday the times will be 7 and 9:30.

"Fahrenheit 451" stars Julie Christie and Oskar Werner. It is set in the future where all books are burned and anyone caught with them is in serious trouble with the government. Shocking, but nevertheless, very realistic. Imagine a society without books!

"Hotel" is based on the book by Arthur Harley who also wrote "Airport". It stars Kare Malden, and Rod Taylor. Very realistic because it deals with real people caught up in real situations, encountered in a huge hotel. With suspense, drama, and romance, this film proves to be very entertaining.

## Upperclassman presents 1974 Lock Haven nostalgia

By GUY FUESHKO  
Staff Reporter

The year of 1974 has passed and with it so has another great semester at LHS. Let's take a wonderful look at it. This of course will be my point of view.

### Commentary

I'll look at it from three aspects of life here. (School, Social and Physical) The latter two can be connected if one is lucky enough.

School— It was a wonderful year if you don't plan on getting a job in your major. All those nice people that I no longer have to take. Of course they're probably just as happy not to see me again. Did you try and get anything out of Zimmerli last year. Oh, you're still trying. Well good luck, the price is only the little finger on your good hand and two bubble gum

cards of the Marx brothers.

I'll never forget the time in class (not mentionable) when the prof told us we could miss quizzes but if you showed up for the class and took them it would count. (Someone want to explain that to me).

Least of all we cannot forget the three thousand word paper, two bulletin boards, eight lesson plans, outside work with children, outside reading, brilliant tests and the great humor of the teacher. All of course for one credit.

Let's take a look at the great social life of LHS— I just don't know where to start. Maybe the dinners I missed in my club activities or how about the sporting events. You know I really wanted to see our National Fishing Team in action.

What about those sensational frat or sorority parties and girls, girls, girls. Oh, the beautiful women of Lock Haven.

## Cagers overcome clock and refs, dump Crusaders

By RICHARD HEUER

The Lock Haven State basketball team withstood the final quarter charge by Susquehanna, and their own foul trouble to victory Wednesday night over the Susquehanna Crusaders 68-67. It was the Bald Eagles fourth win to raise their record to four and seven for the season.

Susquehanna, with a slight height advantage controlled the opening tip-off and took the lead when Mike Scheib hit a shot with 44 seconds gone in the first period. Lock Haven trailed throughout most of the first half with the Crusaders 2-3 zone containing the lane and forcing the Eagles to shoot from outside. Lock Haven

took its' biggest lead of the first half, 33-30 when Charles Smidansky hit two free throws with one second left.

Joe Sain lead the Eagles in scoring and rebounding with 15 points, most of which came in the first half, and 5 rebounds. Pat McClellan played a fine game coming off the bench to score 13 points and grab 3 rebounds.

The Eagles got into foul trouble in the second half when starters Mike Bergeron and Joe Sain had four fouls each, and reserves Dave Hendershot and Richard Francis fouled out. Part of the foul trouble was that the officials made several questionable calls on both teams.

Defense was the main story of the game, as both teams changed theirs throughout the game. Lock Haven was only able to hit 26 out of 65 attempted shots for a 40 per cent field goal average.

Lock Haven hit on two consecutive three point plays by McClellan and Hendershot, and then two free throws by Miller to open up their biggest lead of the game

Traditions for honoring the "immortal bard" include piping in the haggis and addressing the haggis. The Scottish delicacy haggis

Susquehanna used a full court press and battled back to within one point 58-57 after Ralph Wolkenhauser hit a lay-up with five minutes remaining. Both teams traded the lead until Sain hit a short jumper to give the Eagles the winning bucket 68-67. The Crusaders got the ball with 46 seconds left and ran the clock to 13 seconds and then called a time out. They were unable to score and Lock Haven pulled out a squeaker.
