Rhodes cites LHS student nature

By GEORGE MORRISON
Staff Reporter

"What are students of today like?" This is the question Dean Rhodes attempted to answer in his report to the Board of Trustees at their Jan. 16 meeting.

He stated that the majority of the students here at Lock Haven come from towns and cities anywhere from 50 to 100 miles away. The Dean characterized the students as being conservative and somewhat parochial. "I have, at times, characterized them as wanting to get an education so that they can get a job, buy a new car, and get married. Us-

ally in that order."

According to Dean Rhodes, students live their lives day to day and are uncertain of the future. Their main concern is found in the "bread and butter" issues of today: cost of education, cost of room and board, and if by some chance they are receiving what they paid for. Concern for good teaching and grades is of the utmost importance. "In these remarks I have talked about students in general in terms that I feel apply to the Lock Haven students in particular," said Dean Rhodes.

The student population on campus has increased since 1969 almost 20%. Yet the professional staff has not in-

creased! Rhodes said that if college is to continue to grow and prosper the programs must be enriched with more staff members. We must also continue to improve our programs for minority groups and foreign students.

Some improvements made on campus this term have been made to make living here more comfortable and enjoyable for the students. Television cables have been established in two residence halls with plans to equip more in the near future. Plans have been made to remodel the residence halls and studies have been done on suite arrangements in order to attract married students. "It is only a matter of time that we plan to have a private telephone in each room," Dean Rhodes stated.

Students have done much to improve the college image. During Hurricane Agnes they offered their help to the towns people and merchants to help them

Glassblower presents slide show

American glassblower George J. Thiewes will present a lecture and slide show on the art of glassblowing in the Sloan Theatre, Lock Haven State College, at 8:00 p.m. on Tuesday, January 28. This presentation is open to the public without charge, and will be followed by a reception for the artist, with refreshments in the lobby.

Wednesday from 1:00 to 3:00 p.m. Thiewes will conduct a seminar in Bentley Hall lounge. An exhibit of his work will be on display in the Sloan Fine Arts Center from January 28 until February 7.

A graduate of Mankato State College, Minnesota, Thiewes earned his master's degree at the School of the Art Institute of Chicago. He has taught at various colleges, having spent the past year on the

Blood tests offered

By JOHN JAROCKI
Staff Reporter

Remember the old adage, "An ounce of prevention is worth a pound of cure?" Has it ever been thought of in the context of health care? Well, why not, especially today since means are available for early detection and treatment of many diseases. If a disease can be detected in its early stages, a person may be spared a number of costly medical bills, hospitalization, and possibly death.

The Lock Haven Rotary Club is concerned about the community health of this area, which includes the college. This Saturday between 7:00 and 9:00 a.m. they will be sponsoring a "Multiphasic Blood Biochemistry Program" at the Lock Haven Hospital. This program can be described as a health care service which uses various biochemical blood tests to aid doctors in detecting possible diseases within the body. Cost for the series of tests is \$10.

This program incorporates

14 various laboratory tests, all performed on a single vial of blood. These tests include: blood sugar, calcium, inorganic phosphorous, cholesterol, blood urea nitrogen, uric acid, total protein, albumin, total bilirubin, alkaline phosphatase, lactate dehydrogenase, serum glutamate or lactate transaminase, triglycerides and lipoprotein electrophoresis, and phenotyping.

Although recommended for all age groups, the program is particularly for those in the 20-50 year age bracket. It is especially important for those people whose families have a history of heart disease, diabetes, or other inheritable diseases.

To register for the program, an advance appointment must be made at the Lock Haven Y.M.C.A. by calling 748-6727. Participants are required to fast a minimum of 12 hours before the tests, which take only 10 to 15 minutes to complete. Results will be forwarded to the family doctor.

Clarion increases fees

KEYSTONE COOPERATIVE
NEWS NETWORK
Jan. 23, 1975

CLARION: As a result of cost increases brought about by a rebidding of the food service contract, Clarion has this semester raised its rates for dorm fees and meal contracts. Students now must pay \$225 per semester for college meals, an increase of \$45, and \$216 per semester for dorm housing, an increase of \$18.

SLIPPERY ROCK: Slippery Rock's student government voted to increase the general service fee an

additional \$5, bringing the cost per semester to \$35.

Slippery Rock's student government also created a 46 student membered programming board to supervise the college's film series, concerts, cultural events, and artist in residence program.

WEATHER

Snow flurries are forecast for today and Friday with colder and cloudier weather. Temperatures will reach the high 20's today with a 30% chance of precipitation. There is a 40% chance of snow during the night.

Today's Editorial

Batten down the hatches

The "Buckley Amendment" which went into effect last fall concerns every student in two important ways. First it requires that students have the right to inspect records kept on them by college officials.

Here at Lock Haven State, students had this right before the legislators imposed a deadline.

This amendment also affects students, in that they have a say as to the release of this information.

Unfortunately the LHS Academic Office does not check identification when a student requests to see his record.

Although improbable, the EAGLE EYE feels not checking identification could at some time pose a problem for a student.

According to the law, the college official in charge of a particular student file is responsible for the release of a student's confidential records, only to authorized persons.

An authorized person is defined to include persons as determined by the college official in charge, using the criteria that the person must present a specific request within the realm of his or her official capacity.

Except for those few specific exceptions spelled out in the law, the college official may release the student's records to an outside agency (including parents) only upon the written request and approval of the student.

But as one student complained "how do they know I'm me without checking for some kind of identification?"

The LHSC Concert Band will present a performance tonight at 8 p.m. in Price.

Summer jobs look good, tourists plan vacations

Informed sources report that summer job opportunities for college students "look good" this year. National Parks, Dude Ranches, Guest Resorts, Private Camps, and other tourist areas throughout the nation are now seeking student applications.

Summer job placement coordinators at Opportunity Research (SAP) report that despite national economic tourist areas are looking for a record season. Polls indicate

that people may not go for the big purchases such as new cars, new homes, furniture or appliances, but most appear to be planning for a big vacation.

A free booklet on student job assistance may be obtained by sending a self-addressed stamped envelope to Opportunity Research, Dept. SJO, 55 Flathead Dr., Kalispell, MT 59901. Student job seekers are urged to apply early!

PUB forced to evacuate; clocks tick off bomb scare

By GEORGE ZEMLAN
Staff Reporter

Last Wednesday, while a student was opening his locker at the PUB, his girlfriend leaning against locker number 27 heard something "ticking like a clock, but louder." The student listened carefully and heard it also. A quick check with the PUB secretary revealed no record to whom locker 27 had been assigned. A report that the locker did not have a lock on it earlier in the afternoon added more tension to the incident.

Campus Law Enforcement was notified and an order to clear the building was issued. With the aid of bolt cutters from the maintenance division, Officer Barrett crimped open the lock and the contents spilled forth for examination: three chess sets and time clocks used during matches. Don Thomas and Mark Thomas of the Chess Club apologized for all inconveniences, promised to be extra careful placing the chess clocks away, and ask that no one become alarmed if they pass locker 27 and hear "ticking like a clock, but louder."

Caution: meat may harm your health

Eat carrots and save a bunny's tail! American Vegetarians, a non-profit organization based in Akron, Ohio, cite the practice of eating animals and humans. Ethical vegetarians believe that the consumption of meat violates reverence for life, nonviolence, and the "spark of soul in everything that creeps and crawls."

According to the anti-meat-eating group, the tradition of eating animals results in suffering and death not only to the herbivore population, but also to humans through meat-related disease, to the planet through accumulation, of insecticides, and to the 50 million who will starve to death this year.

Leonardo DeVinci, Leo Tolstoy, George Bernard Shaw, Francis of Assisi, Gandhi, Thoreau, and millions

of others have refrained from eating meat because, as the vegetarians state, "It is an innocent slaughtered animal, unjustly raised only to be butchered and eaten." They add that every pound of meat represents 21 pounds of grain and grass fed to the animal. Cows, pigs, and sheep are all protein factories in reverse.

Vegetarians remind the public that the American Cancer Society labeled meat as the number one cause of intestinal cancer. The American Heart Association linked animal fat to America's soaring rate of cardiovascular disease, since meat-eater's heartbeats are 72 per minute on the average compared to the vegetarian's 58.

A 14,000 member group with no paid employees, American Vegetarians will

provide information for the cost of a 10¢ stamp. Prospective vegetarian organizers, or those interested in learning more on the ethics, ecology, or health on meatlessness should send a stamp and their address to Box 5424, Akron, Ohio, 44313.

Letters to the EAGLE EYE must be written on one side of the paper and be double spaced. The writer must sign his name and give his address and telephone number through which letters can be verified, although names will be held from publication if the writer requests. Women tankers well prepared for opener

By MARY FEUSNER
Women's Sports Editor

The 1975 women's intercollegiate swimming team of Lock Haven will begin its season schedule on January 30 after two months of preparation. The team is under the direction of Miss Nan Woods, first year swim coach and instructor at Lock Haven.

The women will be competing in 14 intercollegiate

events, with events and competitors as follows: 100 yd individual medley - Becky Elliot, Cheryl Harman, Ann Kriebel, Micky McMullin, Sherie Munday and Peg Schaal.

50 yd., 100 yd., 200 yd., 400 yd., and 200 yd., free style events - Lealie Brumley, Becky Loughin, Sue McClure, Jayne Phillips, Ellen Ralston, Cindy Stopper and Heidi Weber.

50 yd and 100 yd back-

Ralston, McClure, and Loughin; 50 yd and 100 yd breast-Phillips, McClure, Weber, and Stopper; 50 yd and 100 yd butterfly - Brumley and Ralston.

The members of the team who will be entered in the diving competition include sophomore Becky Elliott and freshman Joy Marascuillo.

Returning veterans on the swim team include Heidi Weber, Ann Kriebel, Diane McMullin, and Ellen Ralston who qualified for regional competition in Massachusetts last year. Cathy Cahill will serve as the manager for the team.

The 1975 schedule is as follows:

- Thurs., Jan. 30 at Mansfield
- Wed., Feb. 5 at Bucknell
- Sat., Feb. 8 tri meet at Slippery Rock - Alleghany
- Fri., Feb. 14 at Lycoming
- Thurs., Feb. 20 home vs. Bloomsburg, 7:30 pm
- Sat., Feb. 22 home vs. Mansfield, 1 pm.

Denmark next stop for goalie Enos

By MARY FEUSNER
Women's Sports Editor

Sophomore Millie Enos, selected earlier in the year for the national team handball training squad recently returned from touring with the squad. The team toured Iceland and competed in four club games and two international games. They were successful in defeating the Icelanders in three of the club games. The squad is scheduled to tour Denmark in February.

Millie, who plays goalie position, is in the process of training each day. Each individual on the team is expected to condition themselves 3-4 hours a day. The individual program includes running, sprinting, jumping and diving.

Once a month the handball squad meets at a central location to formally train and practice as a team. February 6 through February 9 the squad and coaches from New York, New Jersey and Florida will be training on the Lock Haven campus.

Skaters suffer first defeat

By MARY FEUSNER
Women's Sports Editor
and ANDY HOFFMAN

The Lock Haven State Ice Hockey Club travelled to the Penn State Ice Arena on Sunday, January 19, to face Juniata in their season opener. The team suffered an 8-7 defeat in the hands of Juniata. Mr. Carl Nelson and

Jeff deCoe are confident about the team's future, stating that a lack of experience proved to be the deciding factor of the game. The men played a hard skating game, but tired in the closing minutes of play.

The scoring by periods was as follows: Period 1 - Juniata 3, LH 4. Period 2 - Juniata 2, LH 0. Period 3 - cont. on page 4

LH Eaglette's b-ball opener today at four

The Lock Haven State women's basketball teams will begin their season play this afternoon when they will face Bloomsburg State College in a scrimmage game. The game will be played in Thomas Field House starting at 4:00.

In previous play this season, the Lock Haven varsity captured second place in the Holiday tournament held at Cortland, New York.

Due to a knee injury and operation, the Eaglettes will be without the services of junior Pat Ogle. Co-captain Ogle was the leading rebounder on last years squad.

J.V. matmen beat Keystone

By GARY BRUBAKER
Co-Sports Editor

Last Tuesday evening the Bald Eagle Jayvee wrestlers trounced a surprisingly weak Keystone Junior College team by a score of 49-6 at Thomas Fieldhouse.

Winning bouts for the Eagles were Gary Uram, fall at 118, and Bruce Shaeffer gaining a forfeit win at 126. Shaeffer then pinned his opponent in an exhibition match.

Barry Adams won by a 14-2 superior decision at 134, then Ron Krebs and Mike Moore both registered falls at 142 and 150 respectively for Lock Haven.

In the night's closest match Eagle Mike Bertolino won by an 8-2 decision at 158. At 177 Len LaRose won by forfeit then Lock Haven's Greg Day and Ben Johnston finished out the match by pinning their opponents at 190 and heavyweight respectively.

Lock Haven's only loss on the night came at 167 where 150 pounder Bill

Huehn, subbing for regular 167 pounder Paul Rohler, was pinned by Bruce Huggler of Keystone.

EUROPE BOUND IN '75?

wouldn't you rather come with us?

Last year over 200,000 students summited in Europe. And the travelwise flew on charters because it costs about HALF! This year a 3 - 6 week ticket to London is \$512; 2 - 3 weeks \$397. And its \$767. For over six weeks from New York. (That's what the airlines say now. Last year there were two unforecast increases!)

Not only do you fly with us at half, but you can just about have your choice of dates for 4, 5, 6, 7, 8, 9, 10 week duration during the summer. And all you have to do to qualify is reserve your seat now by sending \$100. deposit, plus \$10. registration fee. Under recently new U. S. Government regulations we must submit all flight participants names and full payment sixty days before each flight. If you take the June 21 - August 19 flight to London for example, deposit reserves your seat and April 15 you send the \$199. balance. Just one price for all flights whether you pick a weekend departure (\$15. extra on the regular fare airlines) or peak season surcharge, date.

So send for our complete schedule, or to be sure of your reservation now, call your deposit for one of our 1-to 3 weekly departures from June through September. Just specify the week you want to travel and for how long. You will receive your exact date confirmation and receipt by return mail. All our flights are via fully certificated, U. S. Government standard jet and all first class service. From London there are many student flights to all parts of the Continent, frequent departures and many at 2/3 off the regular fare.

Ms.' game stopped for Mr.'s warm-up

By MIKE CRONE
Staff Reporter

Ready lib fans for today's chauvinistic put down? In Cincinnati, Ohio, on January 16, 1975, a women's collegiate basketball game between Miami of Ohio and the University of Cincinnati was stopped with 4:50 remaining to allow the male teams to start warming up for their game.

Miami coach Elaine Hieber complained, "It set women's athletics back five years. A real slap in

the face for women." Ms. Hieber waged a stormy protest with university officials who stopped the game, and later added that she felt Cincinnati coach Tom Thacker did not protest violently enough. "I think if the Cincinnati coach had been a woman she would have argued right alongside me," she said.

Coach Thacker was in the unfortunate position of having the man who hired him telling him to stop the game. He wisely chose to keep his job, much to the dismay of Coach Hieber.

The score of the women's game was 53-50 when it was halted. The final score of the men's game was 106-74.

skaters suffer defeat

cont. from page 3
Juniata 3, LH 3.

In period 1, unassisted goals were tallied by John Conner, Herb Wilson and Jeff deCoen. deCoen was also assisted on a goal by Brian Ellenberger.

Look Haven failed to score any goals in the second period of play, and John Conner was credited three unassisted goals in the third stanza.

Goalies Scott Bishop, Ed Dennis and Dave Glick were responsible for eleven,

Musical revue tryouts slated for tonight

For those of you at the Haven who have a frustrated desire to create, there is hope. *Passing Through*, a new musical comedy revue, is in search of people who can act, sing, dance, play an instrument or can just do something out of the ordinary like juggle or perform magic.

Slated for a mid-winter production date, *Passing Through* is unlike anything ever produced on this campus. The revue is dependent solely on local talent. Parts and entire skits are being written around the talents of people to be in the production. If you've got talent, they'll write you a part.

Just be at Roger's Gym tonight at 8:30.

rhodes cites student nature

cont. from page 1

protect their possessions. No payment was made but help was immediate. Rhodes said the students have always exceeded the quotas for the Clinton County United Way. Fraternities and Sororities put on special programs to help charitable drives.

The Vets Club has traditionally raised more money to help in the fight of Muscular Dystrophy than any other group on campus.

Fraternities and Sororities contribute their services to the community Rhodes said. The students have always exceeded the quota when the Bloodmobile comes on campus and many work at Susque-View home and entertain children at the orphanage.

Opening of personnel records to the students has caused some problems. All placement files will be opened to the students and as far as personnel records go, they have been done away with.

Dean Rhodes commented on the quality of the leaders in student government on campus "I have been extremely impressed with the calibre of leadership we have on this campus and the painstaking, mature and efficient job they do in handling their affairs"

Regular meetings are held by the Vice-President for Administration and the Eagle Eye Editorial Staff to inform them of things happening in Administration areas. "We assume and carry out a posture of honesty and full infor-

mation with the students and try to deal with their concerns if possible, before they become a hot issue or real problem.

Finally Dean Rhodes stated that approximately 85% of the students time is spent outside of class in studying and other activities. It is the job of The Office of Student Activities, the SCC and the Residence Halls Association to provide the programs and activities which reflect the students interests. Rhodes concluded the stronger these programs are the more attracted the high school student will be to Lock Haven and the more apt they will be to stay here.
