

EDGE ES VETERANS IN MADE T. C.

Vol. 23

LOCK HAVEN, OCTOBER 12, 1946

No. 1

Twenty New Instructors Added To T. C. Staff

Twenty professors became members of the State Teachers College faculty to instruct the largest enrollment in the College's history, 707 students. With the addition of the 20 professors, the number of professors reaches 42, also a new high for the College.

The additions to the College faculty are: Miss M. Grace White, Act. Department; Mr. Henry D. Patterson, Mr. W. A. Thomas, Miss Willets Cummings, English Department; Dr. Louis E. Hutto, Mr. Lester P. Zimmerman, Dr. Kenneth Miller, Dr. Elizabeth Zimmerli, Health and Physical Education Department; Mr. W. Valgrene Routh, Music Department; Mr. John P. Koons, Language Arts; Dr. F. Clark Skelly, Mr. David Ulmer, Mr. Max H. Fromm, Science Department; Miss Dorothy Lynds, Miss Ruth Curtis, Department of Speech; Mr. Albert Hobbs, Social Studies Department; Dr. H. D. Patterson, Miss Margaret Meccer, Department of Education; Mr. Charles W. Vonada, Miss Lydia Gross, Miss Beatrice Siepp, The Laboratory School.

After 21 months in the Waves, Miss Cummings returns to the College. At the present time Miss Cummings instructs both English and Algebra. The Lock Haven graduate's B. S. degree is from Duke University.

For 17 years teacher at the Lock Haven High School, Mr. Fromm holds a B. S. degree from Columbia University. Mr. Fromm also did extensive work at Pennsylvania State College.

Mr. Koons, after service with the Eighth Armored Division in the European theater, returned to the Spanish instruction. Before entering the Army, Mr. Koons taught at Lower Merion, Philadelphia, Ardmore, Pennsylvania. He possesses a B. S. degree from Gettysburg College and a M. A. degree from University of Mexico.

Dr. Miller set all-time university track records while at the University of Oregon. Formerly an athletic officer in naval aviation, he did duty in the Marianas area and in the Aleutians.

At the Renovo High School Dr. Meccer taught mathematics after graduating from Pennsylvania State College. Following this, Dr. Meccer held student personnel work at Mansfield State Teachers College and the College of Home Economics at Cornell University. The resident received a Ph. D. from Pennsylvania State College.

Mr. Patterson enters the College from the Carnegie Endowment Department. While in the Army, the Harvard graduate was in the Cavalry School. Mr. Patterson holds a B. S. degree from University of Pittsburgh.

Prior to becoming a member of the faculty, Dr. Skelly was Principal of Tyrone High School. A member of Phi Beta Kappa and Phi Delta Kappa, Dr. Skelly was the World War veteran went to State Teachers College, Shippensburg, Pennsylvania, and to the College, University of Clermont, France, Cornell, and Pennsylvania State College.

First Grade Supervision at Laboratory School, Miss Stepp holds an A. B. Degree from University of Wisconsin and M. Ed. from Columbia University. Before assuming teaching at the College, she was teaching in the Superior grade schools at Wheaton, Illinois.

After serving as principal of a grade school, a high school, and supervising principal of a high school, Dr. W. A. Thomas joins the English Department. The former officer in Field Artillery, World War

I, is now also an assistant football coach.

Born in Williamsport, Mr. Ulmer has a B. S. degree from Bucknell and an M. S. from Cornell University. He previously taught at Cory, Pennsylvania, at High Homestead, Pennsylvania, Edinboro, Pennsylvania Senior High and State Teachers College.

New Student Project

The Bel Cantos, under the direction of Miss Ulmeyer, have been given the privilege of conducting a project for purchasing an organ for the auditorium.

The funds for the organ are to come from the atoms who will be contacted, from silver offerings taken at the Nativity programs, and from various other sources which will be taken up later.

Heretofore Miss Ruth Simon has played for the Nativity and has permitted us to borrow her organ. This is no longer possible, thus making it essential to buy one of our own.

Student Chairman of the project is Elsie Preston who is vice-president of Bel Cantos. Members of her committee are Mary Curran, Genevieve Aronson, Helen King, and Tessie Bartges.

Second Parents' Tea

An "open-house" tea will be held in honor of the parents of all students on October 13, 1946 from 3:00 until 5:30 in the Womens' Gymnasium. Invitations have been issued by the day students under the auspices of the Social Committee of the Student Cooperative Union.

The initial parents' tea was held in the social rooms last November at which time a much larger attendance was attracted than had been hoped for. It is anticipated that this year's tea will be an even greater success and perhaps become an annual social custom. In this way, students, parents, and other relatives will have an opportunity to meet each other and the faculty on an informal basis.

The day students have prepared for the tea under the supervision of Nancy Zimmerman, the general chairman; Mary Louise Stevens and Jean Cummings, co-chairmen of Refectory and Serving Committees; Gloria Bauman, chairman of the Invitations Committee; Ethel Johnson, Student Representative; Committee, Kitty Cook, Clean-up; and Laura Mae MacKenzie, Decorations.

Mr. March and A-Bomb

Mr. Carey March is deeply concerned about the A-Bomb, not only from a scientific standpoint, but particularly about its social, political, and economic implications. By virtue of several public lectures and radio broadcasts, he has acquired the reputation of being an authoritative speaker and lecturer on the subject.

In addition to the appointment as one of the Representatives of the National Atomic Energy Information for Pennsylvania, Mr. March was invited, in July, to Washington D. C. to take part in the Institute World Control of Atomic Energy.

Annual Convention of P. S. E. A.

The twenty-first annual convention of the central convention district of the Pennsylvania State Education Association was held on our campus October 10 and 11, 1946. There were four general programs during the two days. Dr. Parsons gave a welcoming address at the opening meeting. Included in the general assembly were addresses by Douglas Harig, Author and Educator, who lived in Japan, the Honorable D. Raymond Sollenberger, Williamsburg, Capt. John V. Deuel, Author-Scientist-Explorer, and Honorable Jennings Randolph, Congressman from West Virginia.

There were department meetings and specialized group meetings at different times during the two days at which special attention was given to several phases of teaching.

Naval Reserve Program

Several post-war students have joined the newly organized Naval Reserve. The majority have entered the winter reserve program (V-6) with the prime purpose of holding their rates and compiling credit. This unit carries very few obligations while the benefits seem many. Training in this group is completely voluntary. The reservist draws no pay unless he joins the Organized Reserve.

Several evenings Division 75 (Electronics) meets in the Williamsport Post Office from 1930 to 1945. This unit carries various types of electronic devices that student reservists receive a day's base pay for each hour of instruction. For example, a seaman first at ninety dollars per month would receive five dollars for two hours training.

A number of billets remain open. Any student desiring more information can obtain same by writing to Div. 39, U. S. N. R., c/o Postmaster, Williamsport, Pa.

A.C.E. NEWS

At the monthly meeting of the Association of Childhood Education recently, the purpose of the organization was discussed.

After a short business meeting, Mrs. Arsonis, president, introduced Mrs. Grafius as the new adviser.

Mrs. Grafius stated that the plan and purpose of the group was to help the parents of the movement of the education of young children, to bring into active cooperation the parents and the school, to promote the progressive type of education in nursery school, kindergarten, and primary school, and to raise the standard of the preparation of teachers and leaders in this field.

Jean Reed was appointed as the new chairman of the committee. She has not, as yet, been chosen.

Banner Year for Music

This year Lock Haven will have the largest band and orchestra in its sixty-nine year history.

The orchestra, which has already 25 members, is a very interesting section comprised of thirteen instruments.

The band is shaping up as one of the finer campus activities, and already includes 37 instruments. The arrival of new instruments and the addition of several drummers, the band will be able to take place with the college's future football games.

A new face will be seen fronting the band this year in the person of Mr. Valgrene Routh.

All in all, it looks like a banner year for music here at L. H. S. T. C. We hope to get more new members! Who knows? There may be more than one Heifetz or Levant among us!

Ex G. I.'s Swell Enrollment To 707. Dorms Overflow

Walking through the halls of our college today are 707 students, more than twice the pre-war enrollment.

To house these men and women, all available rooms have been converted into sleeping quarters. These include faculty offices in the boys' dorm, the YMCA room, fraternity rooms, the day rooms, and private homes. Three and sometimes four students have been placed in rooms meant to accommodate two. Double-decker bunks have replaced cots. Students are living in two trailers at the rear of the auditorium. Extra sections have been added to most courses in all curriculums. To teach the students, twenty new instructors have been added to the faculty.

What has caused this great influx of students into our college?

The first, and by far the greatest, cause of increase is the returning ex-G. I. Of the 707 students now enrolled, more than half are veterans of World War II. Many of them have been enrolled at the college before the war and have returned to complete their studies. Others have chosen Lock Haven to begin and extend their higher education.

The second cause of increased enrollment is the "Penn State" program in the Pennsylvania State College has assigned seventy-five students, twenty-five of whom are veterans, to this college for their freshman year studies. Penn State students, who have been selected for continuing the work. Students and faculty have begun working out a plan to handle the seventy-five students.

The problems facing the administration concerning the students are many. Besides the insufficient housing facilities, there is the food shortage with which to cope. Textbooks are not arriving in sufficient quantities to supply the students, and in the offices there is the problem of extra bookkeeping and other clerical work.

In spite of these emergencies, the curriculum new courses to satisfy the student's varied interests. Students can now take courses preparing them for further study in medicine.

Shortage of Textbooks

The dearth of textbooks spotlights the incongruity of an almost complete dependence on the text in some courses.

Two systems seem to be used: One sets up a text as the best in the field and thereafter uses it as the standard. The other system is that the book might possibly be wrong but since something must be accepted as the final word (it is hard on both the ignorant man and the philosopher) then follows the text.

Right and wrong, good and bad, theory and practice exist in various shades. An experienced, intelligent man of letters can address the drab bones of the text with the otherwise discoverable truth as learned in his experience.

It is a source of wonder that our competent teaching staffs sometimes allow themselves to be hampered by the false absolutes of a hack writer, when they could have instead supplied the student from their wide experience and through knowledge of the subject.

If textbooks are actually indispensable, good ones are not to be found, perhaps the library could be exploited. But for our money, the instructor's convictions and "Who knows?" are more than more valuable than any text.

line, law, and dentistry. Courses in French and Spanish have also been added to the curriculum.

The problems are great, but they are being met head-on by the faculty and the student body. If all co-operate, these present emergencies cannot last long.

Overcrowded Physical Ed. Department

The excessively large enrollment of majors in Health and Physical Education is taxing the facilities of that department and of other departments in which they are required courses, especially science. Class rooms, gymnasiums, field houses and play fields are to the limit and more. With insufficient facilities and equipment because of delay in shipping the instructors are forced to adopt many makeshift and devices in the conduct of their programs. Adjustments are being made as rapidly as possible, but it will take some time to get into full swing in all courses.

Students in general are recognizing the difficulties of the situation and are cooperating in a good-natured way until conditions can be improved.

Because of the excessive number of majors in this field it will be necessary to establish such standards that only those well qualified for the profession will be selected for continuing the work. Students and faculty have begun working out a plan to handle the seventy-five students. Some of this plan is self-appraisal by students in form of Personal Hygiene classes.

Later tests will be given in the Gymnastics class to determine the fundamental or innate physical abilities of each student, and finally, diagnostic skill tests will be given in many of the common activities.

With these data it will be possible for each student to determine his or her fitness for the profession and make a change, if it seems desirable before too much valuable time has been wasted. In this way change of success.

Lock Haven State Teachers College is beginning this year with a doubled staff in Health and Physical Education and a doubled enrollment of major students in this field. The staff now numbers five men and three women.

VICTORY DANCE

A victory dance, sponsored by the day students, was held Friday, October 5, in the field house with Fats Kemmer providing the music.

The atmosphere was typically gridiron with pennants adorning the bleachers and a set of goal in order to give the Jitbugs the maximum amount of floor during the course of their music. The uniform of the day present including many members of the faculty and guests of the college students.

Letters to the Editor

Editor's Note:
 Any letters to the Editor on pertinent subjects will be published in this column.

Dear Editor:
 In my mind, nothing has ever been seen or heard that excels the rude insults offered to the guest artists appearing on our stage during Assembly periods. The "Con" is this sort of thing has been going on for years, but the recent vice combination on the part of the audience during the program by Miss White and Mr. Cerwonka was exceptional. Mr. Cerwonka, as a result of it, said that he would never perform here again, and Miss White by reliable report, was "deeply hurt."

The fault, in the main, does not lie with the students. Culture is not, and never will be, a cold steel chisel that can be driven between the bricks of some mentalities. The mentalities (?) rebel, and the most that can happen is the ugly blob that recently did.

Aside from the fact that these particular artists were forced into a group of selections which they knew "wouldn't go," the fault still lies with those who are doing the bad judging.

The solution, as we see it, is a return to the old system of voluntary attendance with a definite announcement (a week in advance of the coming program). Further I suggest a re-scheduling of the programs for the next semester so that overtime events (which are not students' fault) will not cut into their free time for lunch.

Such a system will produce better, but more appreciative audiences and allow the brick mentalities to spend an extra hour watching their funny books without insult to school guests.

Yours truly,
 A SENIOR

Kappa Delta Pi

The Kappa Delta Pi held its first in-house meeting September 26 at the home of Dr. Rude, the advisor. Plans were discussed for the coming year. New members to the fraternity were voted on. Those nominated to be admitted were: Betty Lorigan, Ruth Kasper, Edna Johnson, Phyllis Brumbaugh, Francis Kildonok, Joe Bernas, Arden Monson, Betty Hanko, James Peet, June Hutehings, Evelyn Royer, Gwen Keparth, Barbara Coates, and Steve Henrich.

The second meeting was held October 8 at the home of Geraldine Kaylor. Those nominated at the previous fraternity meeting were initiated. Dr. Mercer gave an address on Mental Hygiene. Refreshments were served.

FLYING COLORS

The art club is really getting under way in a big way and they have a very capable line of people on their staff. Under the direction of Miss Wilde and Dr. Bottorj they really should produce some fine work.

While your undercover man was chatting with the President of the Club, Richard Judd, it was learned that he too expects a very good year, even though they are missing Judd who graduated. Mr. Judd said, and I quote, "if all goes well, we will do all the cooperation we can and we get all the cooperation we can and we get all the cooperation we can." So if you see anyone ruing through the halls with a cane and some brushes in his hand, don't worry. It isn't St. Peter getting his names, it's only a member of the Art Club who is going to finish a portrait.

STEP DOWN!

There's a tale going around the Iowa State campus of a certain local apartment house and asked to see the list of people living in it and also the waiting list. He didn't have to go through very many names before he found the one he was looking for, and said, "Put my name down for this man's apartment, please. I just flunked him, and he'll be dropping out of school any day now."

Sororities ... Spotlight - Greasepaint

Pi Kappa Sigma

Pi Kappa Sigma held its initial meeting of the year on Thursday, September 26, at the sorority rooms. Getting right down to business, the Pi Kaps elected Ann Curran, elected by recording Secretary for the coming year. Plans were discussed and completed, and the committees appointed for the Fall Home Party that will be held on November 1 at the Naturalists Club.

After the business meeting, refreshments were served. The girls discussed their experiences during the summer vacation, and the news of Pi Kap Alumni.

Alpha Sigma Tau

Alpha Sigma Tau well realized the housing shortage, as did all sororities on campus, when they returned to find their rooms converted into living quarters.

Their first meeting was held September 24 in room 38, but they are planning to meet in more comfortable quarters in the future.

They were entertained by Mr. and Mrs. Furst at their cabin Sunday, September 23, and they also had a wrenner roast Sunday, October 7.

Sigma, Sigma, Sigma

Five delegates from the Alpha Rho Chapter of Sigma Sigma Sigma local society are planning to attend the national convention in New York City, October 23 and 27.

Members who will represent Clark Haven Teachers College are Mary Curran, Eleanor Hardy, Mert Stabler, Nicky Arsenius, Mary Drick, and Mrs. Graffius, the advisor of the college chapter.

The convention opens the 26 with a Pen Rally luncheon. Also featured on the program is a formal dinner and an Owl Hour, besides talks by outstanding speakers.

Other delegates from District Number 4 who will attend the convention are Wilson Teachers College in Washington, D. C.; Drexel Institute in Philadelphia; Indiana Teachers College in Indiana.

Delegates for the convention will leave Friday afternoon and return sometime Sunday evening.

Delta Rho Beta

Delta Rho Beta, the local day-room fraternity, will soon be in full postwar swing back to its pre-war buzz of activity. The brotherhood, according to President Stacey Kaylor, should soon be able to resume its old status as one of the greatest "Pop and Spirit!" factors of our college life.

Though hampered considerably by loss of their quarters, which were turned into bedrooms by the G. I. influx, the Deltas are "carrying on" and definitely will remain an active group on campus.

Membership, which at one point during the war sank to the level of two members, is high again and a large class of intimates is expected to swell the ranks even more so. Daily activities for this year include regular smokers with the customary serenades to the girls on regular sports dance, the spring inter-dance, a possible theatrical entertainment, a spring initiation, and, if rooms are found, the old and new Xmas open house complete with tree and the usual mistletoe.

By J. RUSSEL GABEL

Monday evening, September 30, the Theta Zeta Psi Omega National Honor Dramatics Fraternity, pledged three new members by recording Secretary, Henry Ryan and Arden Monson are to be formally initiated into the ranks of the regular meeting of the College Players on Monday evening, October 1.

Things got off to a good start this year by a record attendance at our first meeting. Our plans for this year include three major productions, "The Naivety," in conjunction with the music department at Christmas Time, and three one-act plays to be presented at assembly programs. The first major production, "The Bishop Misbehave," a clever three-act comedy, will be presented November 23rd and 24th. Tryouts for parts have been going on for the past week, though the lack of response from the student body may be a misunderstanding of the policy of the dramatics club. Miss Lynds, Director and secretary of the College Players, wishes that it be understood that tryouts are open to the entire student body, including regularly registered student or special student of any class, regardless whether or not he is a peech minor or member of the dramatics club, is eligible. The only requirement is that applicants have a desire and willingness to work in dramatic productions. Acting as a crew for the production of plays.

The other three-act plays have not yet been chosen. Tentative plans call for presentations in February and April. The club is also working on one-act plays. "The Wedding," scheduled for presentation by the Play Production class in October 23rd Assembly program, "Riders to the Sea" to be presented by the cast of A. C. D. in October 31st, and "The Light," an Easter play slated for April.

All students who are interested in any phase of dramatics—be it acting, directing, stagecraft, costume design, or properties. Remember our next regular meeting, Monday evening, October 1st, at 7:30, in the College Auditorium.

BEL CANTO NOTES

Men and more men—sufficiently interested for us to have a men's chorus and a mixed chorus. Soon Bel Cantos will be just "one of those choruses" on campus. Don't forget, we carried on during the war; we kept culture on the move. Well, didn't we?

Seriously though, it is wonderful to have so many musical organizations on campus again. There will be a men's chorus of about five, a mixed chorus made up of men and girls ensemble, Bel Cantos, for which forty girls are out to fill the fourteen vacancies. The director and band under the direction of Mr. Bottorj. The new band will take over where our incoming Delta Rho Beta band left off.

So many plans are being made and so many "timers" are still galping and thrilling at the very thought of all the possibilities. The effort and work we expect to do, we hope to present programs to all the students will enjoy.

SIGNPOST

With married folks becoming the rule rather than the exception on college campuses these days, such stories as this run in the Daily Student receive no undue comment. Under the name of "The Student Council on I. U. Aid," officials on the Bloomington campus announced that the school was ready to join hands with the stock market. The news made with the Medical center and the stock market. The students who receive the word of stories at the William H. Coleman House, 1946-48 far cry from what it used to was!

IT SEEMS TO ME

By FRANCIS HARTZELL

"We have lost something!"

On the 27th of September the students of our school voted on a subject that had been discussed on a published fact on our campus. As we all know, it was voted to do away with the "customs" of many colleges and universities.

It was the entire controversy which ended with the "Frosh" who seemed little time in bringing the matter to head. In many ways I agree with them and probably would have felt entirely with them except for one fact. That fact is the way they allowed themselves to be handled by a few individuals who simply applied a little mob psychology.

As for the meeting, or assembly, for discussion and voting on customs, I feel it was the biggest failure I have seen in some time. We had no discussion, as was needed, but a mere statement by the "Frosh". There were no discussions from the group, no pros or cons, no why's or what's, no how's or where's—just two statements and a much too hasty vote. On such a controversial subject as "customs" we need orientation.

To go further, the conduct of the audience was far from good. Frequently the speakers were reminded from voices in the rear of the auditorium that "two ten minutes are up." And yet the negative group was definitely arguing. "We are older now, grown-up, and want to be treated as such."

The negative speaker started his antics by first having his "body guard" stand. A good number it was. He next moved into the discussion of rope. This brings to mind the old adage, "Give a man enough rope and he will hang himself." But let's get off the topic of rope because it is so easy to get tied up in it.

Next we heard a little flag-waving speech, and then a summary of former President Roosevelt's past thirteen years. This also brings to mind a bit of one of Mr. Roosevelt's speeches, "It is a case of a six inch dog being wagged by a four inch tail." And that is just what happened. I believe we were to also gather that the speaker was a definite supporter of New Deal Politics.

Then followed a short lecture on education. To quote, "We came here to study and get an education." To this I add that, under the system of customs, as I remember, the Frosh had to be in their rooms between the hours of seven and ten. You would be surprised how this little rule cut the attendance at the places where the local gentry meet. Also I believe that we were given to understand that "customs are the part the negative speaker needs."

It seems to me I can summarize the negative argument in this statement: "Fish are in schools continually, but let us not have customs." Now let us move to the affirmative side. Here we heard the reading of customs. To this I did not heartily agree either. I approve a definite form of customs, set so designed not to embarrass or to cause one to feel completely ridiculous. For instance, the idea of carrying books in boxes. Now, you just stop and think of our crowded classrooms. Where would we have room to place all these

boxes? You see, we, as upper classmen, must give some thought to present conditions when inventing customs.

Next, the affirmative spent considerable time in explaining to the Frosh that no retaliation would be made for voting customs down. All the ground being gained was lost in a few seconds by a few words from the floor. One point I do have to agree with was the statement, "I probably had more customs than any man in this auditorium." This, I can believe, was true. It sure is a shame that the spirit in which the affirmative speaker received his customs doesn't still flourish on our campus.

I do want to throw orchids at the Frosh girls in general. As I understand it, they were willing to give customs. It is too bad that their vote wasn't larger.

In closing I might add that it is all over and we should now pull together for a big school year. Just remember, that after it is all over, the school will still be here.

You Asked Me!

When asked "Why did you come to Lock Haven?" the following freshmen answered:

John S. Muth—"I got tired of working and I heard a lot about this college, especially its physical education course."

Mary Helen Raymond—"Lock Haven has what I want."

Tony Di Biaggio—"L. H.'s location appeals to me particularly. I had never been in this part of the state before."

Jean Straub—"My Dad likes the college."

Edward Charlton—"Several of my friends were attending Lock Haven State Teachers College. They spoke so highly of the college that I decided to attend if I could get in. Now that I'm here I've noticed in particular how cooperative Lock Haven is with its veterans."

Wyn Swoyer—"I'm more crazy about Lock Haven every day. It's near home (Reno), it has good teachers' training course; and the students are so friendly."

John E. Boob—"Since I had a lot of friends attending L. H. S. T. C. I decided that I would give it a try, so I visited the school and had an interview with Mr. Sullivan. After I left his office and looked over the campus I knew that this was the school for me."

WE LIVE; WE LEARN

Many a fledgling chemist has to learn the hard way. Fellow students will never forget the look of utter horror that came across a chem. & lab student's face as he watched a test tube in which he had spilled some dissolve in some simple hydrochloric. Humble title of the theme—"The Benefits of Chemistry."

On the Trail

The Naturalist Club started the semester's activity with a true naturalist spirit when they held their first outdoor activity on the evening of September 29th. According to the president, Ken Stein, the Naturalists are headed for a good many sessions of "stair morning porches" plus an abundance of other activities which shall increase the knowledge and enjoyment of these nature lovers.

Some of the new students on campus may have found the nature trail which snakes through the attractive forest in back campus. The improvement of the trail, along with other constructive projects is now in progress. By the middle of this semester the naturalists plan to move the cabin and surrounding area another attractive spot on campus.

Lutheran Assn.

At the annual Church Night held on September 19, 1948, the Lutheran Student Association met for the first time.

The president, Betty Gottshall, welcomed all old members as well as the new students. Guests included Rev. Ralph Aldeker and Rev. William Halgren. Lutheran ministers from Lock Haven, Mr. Samuel Smith, the club's advisor, was also present.

It was decided to meet twice a month in the girls' Y. W. C. A. rooms. The president appointed a social chairman—Virginia Baugher; two worship chairmen—Max Phillips and Jesse Von Stein, and also a visitation committee consisting of Hubar. Benhoff, Robert Smawley, Myrtle Stabler, and Catharine Mitchell.

Perhaps, an explanation is needed as to those who may join this organization. Its name does not imply that only Lutheran students may join. Every college student who is a Lutheran, automatically becomes a member when they enter college. However, any person who is a Lutheran, body who is interested in the ideals of the club, may become a member.

ENGLISH CLUB

The English Club, formed primarily for English majors and minors, but open to the student body, had their initial meeting Tuesday, September 17, in the school library.

Mary Katherine Stern was in charge of the program, consisting of the playing of "Macbeth" and "Othello" recordings, after which refreshments were served.

This year the club's main function will be the study of Drama. The works of William Shakespeare having already been discussed, the members will continue with the immortal plays of William Congreve.

The next meeting will be held Tuesday, October 17 at the home of Dr. North. A cordial invitation is extended to any student who might be interested in becoming a member.

Newman Club

With the enrollment of one hundred and sixty Catholics, The Newman Club, a Catholic organization on campus, expects to have an active year.

Ray Dombroski, president of the group, is now making plans for the publication of a pamphlet which will be issued to all members of the Newman Club. The group is also endeavoring to make arrangements for a semi-formal dance, which will be held off campus and, exclusively for members of the club and their escorts.

The club's meeting date is the first and third Monday of each month. The second meeting was held October 7.

Every Catholic student is invited to attend the meetings of the Newman Club.

S.C.A. News

The Student Christian Association held their first meeting which included a party on September 23 in the S. C. A. Rooms.

Paul Mower was in charge of the program. The scripture was read by Bill Graffius, the prayer by Dr. North, and everyone participated in group-singing.

President, Marian Kratzer, introduced the cabinet members, who then outlined the activities for the year. "The members of S. C. A. are divided into two groups; Group one, the Bible Study, and group two, the Social Service Work.

Virginia Gunsallus was the recreation leader for the party, and the refreshment committee consisted of Pat Dale, Catherine Johnson, and Laura Stearns.

Membership to this organization is open to anybody. Regular meetings are held every fourth Tuesday of the month. Faculty advisors are Dr. North and Miss Wise.

Keys To Treasure

Army, Notre Dame and Alabama, in that order, will be at the top of the college football heap when the whistle ends the 1946 campaign for national gridiron honors in December, according to Francis Wallace, the Saturday Evening Post's "prophet" who is resuming his annual pre-season football forecasts for the first time since World War II.

By "What do the letters W. A. A. signify?" is a question asked by the Women's Athletic Association with this organization. Now is the time to inform them about the various activities! It is a group of all energetic phys. ed. women. The letters W. A. A. are open to every girl on campus interested in participating in sports. For each sport a certain designated number of points is awarded each participant.

Awards

- 1. Awards shall be granted only after a member has earned the following number of points.
- Fourth Award—800 points—Numerical.
- Third Award—1000 points—Small Letter.
- Second Award—2400 points—Large Letter.
- First Award—3200 points—Sweter.

These awards are half paid by W. A. A. and the other half by winner.

W. A. A. opened their books this year with a recreational night to meet new members as well as the old ones. A short business meeting was held to introduce the 1947-48 officers who reason as follows: President, Barbara Coates; Vice-President, Bonnie Bonfilio; Secretary, Mary Davis; Treasurer, Martha Markley.

Sticks! Obstruction! Bully! From this you know the game of the day is hockey. Manager, Martha Markley, reports that there are already twenty practicing for varsity level. She also informs us that two games have been scheduled and possibilities for others. The first will be played October 19 with Millersville away, and a return game October 26, at home.

To be sure, no one is "riding ground for lack of something to do. The archery targets have been set up, and practice hours are scheduled as follows: Tue. y and Thursday 1 p. m. and 3 p. m. Sat. 1 p. m. Sun. open house. This is interested but has not signed up may do so, by seeing Manager Bonnie Bonfilio. The archery season will culminate with a tournament.

To a little reminder that the Synchronized Swimming Team has already begun practicing for a season which will be held before the semester terminates.

Cheerleaders Chosen

"We were to a touchdown" is the familiar cry echo'd through the portals of Ivy Hall. No longer are the shouts of the crowd cheering the Eagles to victory a "hint" of the past. The thrill of cheering our team to a touchdown is made much more enjoyable by the enthusiastic pep and spirit of our new cheerleaders.

So the girls were interested that it was difficult for Dr. Zimmerman to choose the "best" from the "best." After some L. H. S. T. C. following girls were chosen: Betty Lou Faust, Ginny Gunzulis, Louise Fulmer, Gertrude Coates, Barbara Gardner, Lily E. Harnish, Marj Kuzlempfen, Phil Sowers, Weltha James, Helen Day, and Paula Furry.

Let's give them a big cheer.

Once again I am back, after a lapse. The only way we can obtain new books for you is by your reading them. Why don't you all become acquainted with our lending library which is situated in Dr. Norton's office? Stop in and browse around. You may find a book to your liking.

During the month of September the circulation of books has been very low. We have a good supply of new books for you is by your reading them. Why don't you all become acquainted with our lending library which is situated in Dr. Norton's office? Stop in and browse around. You may find a book to your liking.

A few of the books added this month are as follows: Wakeman, "The Hucksters"; Sarazan, "The Adventures of Wesley Jackson"; Weston, "The Dark Wood"; Moughton, "Then and Now"; Orwell, "Animal Farm"; La Forge, "The Sudden Guest"; Sinclair, "A World to Win"; and Bridge, "Singing Waters."

THE DUTCH INN

In order that you may know how The Dutch Inn may be of help to you, we supply the following information.

The Dutch Inn is located in a big old house at the edge of Mill Hall (about three miles from the College). It is famous for its food and service, and for its gift shop, which is one of the largest and most varied in Pennsylvania. The gift shop wanders around over three floors of the main building and one floor of another. The Garden House, to the rear of the main building. In the dining rooms you can entertain your dates or parents, celebrate your birthdays and wedding anniversaries, or just enjoy a good meal. Many college organizations use our facilities (we prefer groups of not more than thirty people).

Music, candlelight, flowers, and linen contribute to the atmosphere, but good and plentiful food is our chief concern. Please note that reservations must be made (Dial 8 and ask for 4481) for all meals, and call as early as possible in order to avoid disappointment. Sometimes all tables are reserved for special events, but frequently it is possible to call only a day or so ahead for your reservations.

In the gift shop you will find everything from recent importations from Europe to the latest popular Victor record. In the Garden House, this minute, there are thousands of Christmas cards, wrapping, etc. on display.

The Inn is open from noon till nine on week days, from twelve-thirty till four on Sundays.

L.H.S.T.C schedule for 1946:
St. Lawrence at Scranton, played at Scranton, L. H. 6, Scranton 25.
Kutztown T. C. played at Kutztown, 20-6 favor.
Bloomsburg T. C. played at Jersey Shore—20-12.
12—Millersville at Jersey Shore.
Oct. 16—West Chester, Away.
Nov. 9—Indiana, Home.
Nov. 2—Open Date.
Nov. 9—Shippensburg, Away.
Nov. 16—Manfield, Home.
Nov. 22—California, Home.

NEWS OF THE GRIDIRON

This year, as you all know, our sports get off to a bad start, dropping the opener to the Coal Miners at Scranton U. but came back to the winning column by beating the Kutztown Dutchmen with a score of 24 to 13 . . . Word comes from Coach Jack that the boys are in good shape and are going, so, let's all get out to the next game and give them that extra lift that is so sorely needed by any team. **SPIRIT**—In other words let's all get out there and yell like H for the boys. A team . . . to know that their classmates are behind them to the limit. News comes from the starter that George Matusiak is the second highest individual scorer for the state . . . Nice going! Let's make it a new record . . . with a team like ours we don't want to take a back seat for anyone. Let Matusiak who has been injured for the past week is showing up well, and should be able to fill all speed in the forthcoming fracas. If anyone was at the Kutztown game, they would have no objection to having Coach Jack wearing ball carrier in little **Booth** . . . Booth is a package of a fellow when it comes to extra points. . . Our ace quarterback, Tommy Galitski, who was injured last week, is hoping that he will be able to get into the lineup soon . . . here's hoping that he gets his wish . . . Quarterbacks like "Sandy Galitski" are few and far between.

DID YOU KNOW?

Lo Rafferty had a knockout at Osceola Mills . . . They grow their tough out . . . likewise Johnny Ryan . . . nice stuff said by Robert Smith from Grove City, Pa. . . Max Thomas played here in '42, and was plentiful in our Quakerhampton . . . Floyd Miller is from Easton, Pa. the player for Perkinson Prep before he came here . . . Mike Flanagan is of the Clearfield Planazans and George Tomney Galitski and Tony truly, hall from that good little town of Mt. Carmel . . . Harry Johnston is from up around Lewis-ton town, Harry does a nice job at blocking back . . . from the Pennsylvania State college of boys, up around Coach Jack's famous stompin' grounds . . . been McGee . . . from the Springs, where he led the quarterback position for the Bald Eagles in '44 . . . Glenn Retherford hails from Erie, Pa. the coaching staff this year consists of Coach Jack, who is head coach, Doc Louis Hutto, Joe Lester Zimmerman, backfield coach, Bill Thomas as coach, and center, assistant coach. This is a heck of a place to copy Hedda Zerkow's style in the first place, who said that I was original . . . so long till next Times, and have an eye on the color for more news about your favorite football stars . . .

Lock Haven Versus Millersville—The Bald Eagles go against a strong Millersville eleven . . . probably the lineup will be Rafferty at fullback, Barthelone at right half, Galitski at quarterback, Coach Teufel or Hall, Matusiak at fullback, Robert Smith at right end, Jim Stover and Green at left end, Ryan and Flanagan at guard positions, McGee at center slot, and Floyd Miller at left end . . . the Millersville boys all have a tough team so it should be a rough game . . .

Maroons Beat the Bloomsburg Huskies

Under ideal conditions and a capacity filled stadium, the Bald Eagles claimed a 12-0 victory over the Bloomsburg Huskies.

Led by beautiful passing and kicking, the Eagles rode to pay dirt, about midway in the first quarter on a pass thrown by Geo. Teufel and received by Harry Johnson. Booth booth to Barthelone, and the score at the end of the first quarter was 7-0 L.H.S.T.C. favor.

In the second quarter the Huskies came back to score on a pass for their first tally. The extra point was no good. After the kick-off the Bald Eagles started to march again and hit paydirt on a pass from Bobby Booth to Bob Smith. The half ended with H. in the lead 13-0.

Bloomsburg retaliated in the third quarter to score on a run through center. John Ryan's extra point was no good. The Eagles last touchdown was made in the fourth period by Student. The attempt at extra point was good.

Outstanding in the game were Bob Smith, who really held on to that pigskin; Bob Booth, the running play; John Ryan at guard played a bang-up game (Ryan made the first tackle of the game, and from there was breaking through almost every play). The punting average for the game was 48.9, which is excellent in any man's ball game. Harry Johnson at blocking back played a bang up game, both on offensive and defensive. Rafferty, as per usual, played a hard game, picking up good yardage through center.

There was plenty of color at the game, and the spirit was running high. Helped by the Jersey Shore Band and our own cute little (?) cheerleaders, the crowd was really hep. Let's all keep that same spirit high at the next game, which is this week again at Jersey Shore under the lights. Millersville is to be the visiting team.

Cross Country

Led by Bill Brown, some fifteen cross-country track men are daily working out on the nature trail in preparation for a planned series of meets beginning in November. Prospective members of the varsity wrestling squad, who are not out for football, are working in conjunction with the hill and dale men in their daily stint of road work.

Basketball Practice

Maybe you have been wondering why Coach Voss has called out his basketball team so early. If you will take a look at this year's basketball schedule, I am sure you will understand why. The first year's schedule is one of the largest this college has ever seen. Besides being the largest, it includes a number of the better teams here in the East. Our opening game is with Long Island University, which will be one of the best teams in the country. A number of other games are not scheduled so early. They are tentatively agreed upon.

Fifty men reported for this year's basketball team. The team is divided into two squads, A and B. Student Coach, Frank Lovich, is assisting Coach Voss with the B squad. All of last year's team is back again this year including Paul Coontz, John K. Miller, Florey, George Ticoony, Andy Sembers, Jim Rogiticoony, Bus Shaner, Eddie Ball, Lou Shaub, and Bernie Metzler. In addition to last year's regulars, there are a number of boys back from pre-war basketball. They are all a few likely looking Freshmen.

Keep your eyes on our basketball team because we are going to have a bang-up year.

Soccer Reinstated

After much deliberation soccer has finally come into being again here at Lock Haven S. T. C. Last week the first call since 1942 was put out for soccer candidates, and at the time of this writing, more than twenty-five men have reported. Mr. Zimmerman has been appointed as coach, but until he is elevated of his football duties, Clair "Bucknell" Young has been named to take charge.

The majority of the men who are reporting are experienced soccer players with plenty of scars on their shins to prove it. Four men are expected to play on pre-war soccer teams here at L. H. S. T. C.: Clair Young, Randall Wagner, John McInully and Leonard Bryan. To help out on the soccer court, there are six men from Lewisburg High School State Championship Team, a group of potential stars from other high schools, and a number of inexperienced prospects in the
