

Crowning of Queen To Highlight Homecoming

Homecoming activities swing into full gear today as Lock Haven State begins celebrating its Centennial Homecoming Weekend, appropriately entitled "Something Old, Something New."

Officially starting with last night's pep rally, homecoming weekend is packed with sporting events, dances, and concerts, all sponsored by the LHS Social Committee, headed by Jerry Hendricks and Nancy Landon.

Tonight's activities begin with houseparties at the campus fraternities and sororities from 8-12 p.m. Also on tap is the free dance in the PUB from 8-12 p.m. featuring the Concepts.

Saturday's events will begin at 9:00 a.m. with the judging of placements which will be scattered throughout the campus. At 10:00 a.m. the dedication of the new Zimmerli gymnasium will be held. Dr. Elizabeth K.

Zimmerli, who designed the building and served as chairman of the Health and Physical Education department at the college from 1946 to 1966, will be guest of honor.

Following the dedication, LHS soccer team will take on St. Vincent College at McCollum Field at 11:00 p.m. So as not to interfere with the soccer match, this year's "parade" will be confined to the campus.

Before the football game at 2 p.m. at Spring Steet Stadium, which will put Lock Haven State against Shippensburg State, the Homecoming Court of coeds and their escorts will parade from the college to the stadium in a motorcade. A Homecoming Queen will be crowned at halftime of the football game. Seven members of a queen's court have been chosen, from which the queen will be named. The girls are as follows: Marilee Scott,

Gloria Leon, Betty Distler, Linda Harbor, Linda Repp, Sandy Myers, and Roslyn Titchen.

A Night Club Act will end the day's activities. The show, which will be held in Bentley Hall cafeteria from 8-12, will feature music by *The Red Garter*.

Open House for the dormitories will open the last day of Homecoming 1970. This will give parents a chance to inspect the students' living quarters. Open House will last from 1-5 p.m.

The two concerts, the first at 3 p.m. and the second at 7 p.m., will be the highlight of Homecoming. But this year the concert will be quite different. Instead of one group, both the *Ides of March* and *The Five Stair Steps* will perform during each two hour session. This will conclude Centennial Homecoming weekend at LHS.

New LHS President Welcomes Back Alumni

It is an especial pleasure during the celebration of the Centennial Anniversary of Lock Haven State College to be able to welcome you alumni back to the campus for Homecoming. You will find several new buildings recently completed or in process of beginning; these represent the physical growth of the College, a growth which has probably transformed the campus as you knew it when you were a student here. I believe that you will find, however, that the warmth and friendliness which you knew remains very much in evidence, despite the drastically changed physical appearance of the College. The College remains committed to helping the individual student to educate himself and to be better prepared to assume his place in society.

There will be many special events during this Centennial Year and I hope that we will have the pleasure of having you back on several occasions to attend these events, most particularly including the Alumni Weekend celebration at Commencement.

Roslyn Titchen

Roslyn Titchen, an independent candidate, spent her junior year in Spain. She is active on the S.C.C. Social Committee and was the Social Chairman of the Dorm Council in her sophomore year. Roslyn's parents are Mr. and Mrs. J.E. Titchen from Wyalusing, Pennsylvania.

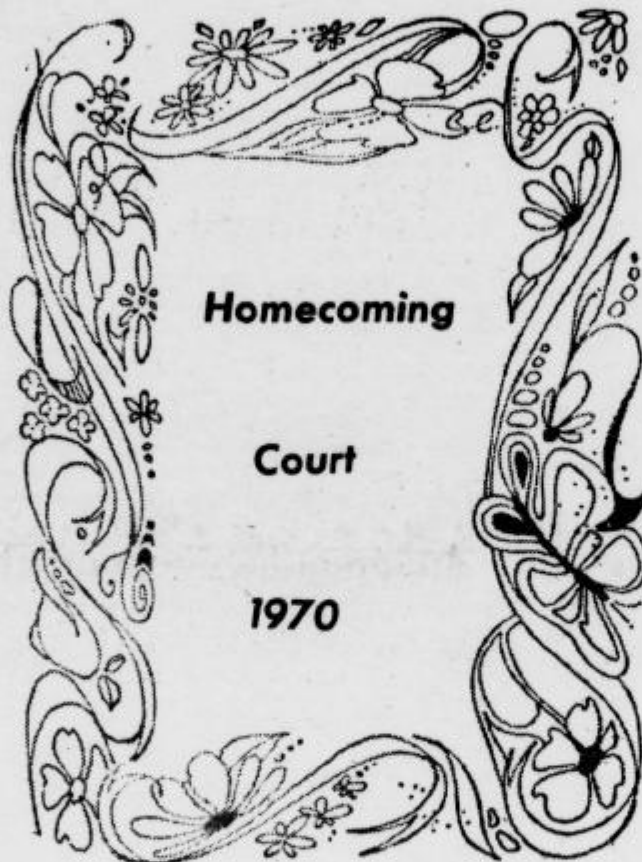

Betty Distler

Betty Distler, a sophomore, is the Phi Mu Delta Sweetheart. She is majoring in Secondary Social Science. Betty comes to Lock Haven State from St. Marys, Pennsylvania. She is the daughter of Mrs. Regina Distler.

Marilee Scott

The Lambda Chi Alpha Sweetheart is Marilee Scott. Marilee is a junior this year and is an Elementary Major. She is Rush Chairman for Sigma Sigma Sigma and is involved in the Association for Childhood Education. Marilee is the daughter of Mr. and Mrs. Richard Glenn Scott. Her home is in Vandergrift, Pennsylvania.

Gloria Leon

Gloria Leon is the Tau Kappa Epsilon Sweetheart and Homecoming candidate. She belongs to Sigma Sigma Sigma sorority. Gloria is an Elementary and Special Education Major and is involved with the Council for Exceptional Children. Her parents are Mr. and Mrs. Michael Pavia and her hometown is Patton, Pennsylvania. Gloria is a senior this year.

Sandy Myers

Sandy Myers, a Health and Physical Education Major, is the Sigma Kappa candidate for Homecoming. She is captain of the Cheerleading squad and is Rush Chairman for Sigma Kappa. This is her junior year at LHS. Sandy is from Hughesville, Pennsylvania. Her parents are Mr. and Mrs. J. Grant Myers.

Linda Repp

Linda Repp is the Delta Zeta Homecoming candidate. She is the Senior Class S.C.C. representative and was a "Miss Lock Haven" finalist. Her major is Physical Education. Linda's parents are Mr. and Mrs. Robert E. Repp of Allentown, Pennsylvania.

Linda Harbor

Linda Harbor, a junior, was nominated by seventh floor McEntire. She is a member of Zeta Tau Alpha sorority and is majoring in Elementary Education. Her home is in Altoona, Pennsylvania and her parents are Mr. and Mrs. Regis Harbor.

Zimmerli Developed Phys. Ed. Program

by Leona Lehto

In 1946 the health and physical education curriculum of Lock Haven State College was in its early stages of development. The four-year degree program had been authorized in 1935. Directing such a department required an ambitious, concerned person with distinguished administrative ability. LHS was fortunate in obtaining such a director, Elizabeth K. Zimmerli.

Dr. Zimmerli's prominent role and successful administration at LHS is reflected at the college's dedication of the new gymnasium to her.

The building itself is indicative of the energy and versatility of this former director.

The design of the building is based on Dr. Zimmerli's personal recommendations. Detailed design, such as lighting, are also derived from Zimmerli's suggestions.

The building's architects and engineer's thought Miss Zimmerli's architectural ability was remarkable. Few alternations from Zimmerli's original planning were required.

From senior advisor to the division of physical education in the Department of Public Instruction Dr. Zimmerli became director of the Health and Physical Education department at LHS in 1946. She remained in this position until 1966.

During those 20 years at LHS, the number of majors in her department increased four times in size and the instructional staff tripled.

Prior to joining the LHS faculty Dr. Zimmerli taught at West Chester State College, University of Minnesota, and schools in both Massachusetts and New Jersey.

Her personal educational background includes a Bachelor of Science degree in education from Boston University in 1931; a Master of Arts in 1933 from New York University; and a Doctorate of education degree from Stanford University in 1945.

"Very inspiring to students and staff," "always busy doing something," "admirable administrative ability," "a hard taskmaster," are descriptions of Dr. Zimmerli by several LHS colleagues. Perhaps the combination of these traits attributed to the dominant characteristic faculty members recall complete dedication to her profession. As one interviewee commented, "Her profession was her life."

The value of such dedication was noticed and employed by other organizations.

In 1951 Dr. Zimmerli was the first president of the Pennsylvania State Association of Recreation. She served as sectional convention chairman of the American Association of Health and Physical Education and Recreation and later of the College Health Education section.

During 1960, under the sponsorship of the United States Department of State, Dr. Zimmerli served as a specialist in teaching training in physical education in Iran and Israel.

Saturday's dedication of the Elizabeth K. Zimmerli gymnasium is not the first acknowledgement of this woman's successful leadership.

In 1962 the Pennsylvania State Association of Health and Physical Education and Recreation presented the Elmer B. Cot-

trell award to Dr. Zimmerli in recognition of her exceptional service and personal philosophy.

A special citation in recognition of distinguished contributions to the advancement of education was given to Dr. Zimmerli by the Pennsylvania Department of Public Instruction.

In this presentation, the superintendent of public instruction referred to Dr. Zimmerli as "the first lady of health and physical education in Pennsylvania," who has "served with distinction as the only woman specialist in health and physical education in the Pennsylvania Department of Public Instruction."

The speaker also commented that Dr. Zimmerli "is the only woman in Pennsylvania to hold the title of Director of Physical Education in a department embracing a program for both men and women at the college level."

In 1966, Dr. Zimmerli announced her retirement, concluding her 20-year career as a teacher and administrator at LHS.

Apparently though, this woman whose "profession was her life" could not remain removed from her career. Since she left LHS, Dr. Zimmerli has taught at the University of Illinois and is presently a faculty member of the University of Vermont.

Zimmerli Gymnasium Opens Next Week

by Jim Shannon

Dr. Matthew Maetozo, head of the health and physical education department at Lock Haven State College stated that the new Zimmerli gymnasium is a "much welcomed addition" to LHS.

The new building, built in honor of Dr. Elizabeth K. Zimmerli will be having its final inspection today by the General State Authority and dedication will be held tomorrow morning at 10 a. m. in front of the gym.

Dr. Zimmerli, after 20 years of service here at LHS, will return for the ceremonies.

"The honor is most becoming and Dr. Zimmerli best exemplifies the field which she has given much time and effort," stated Dr. Maetozo.

Contained within the large structure are three gyms, a 75' x 48' pool, seven teaching stations, two sauna baths, a large training room, lounges, a ditto room, and class rooms; all adequately supplied with equipment essentially needed.

The three gyms are designed as a dance studio, a gymnastic room, and a carry-over or individual sporting room. All are 100' x 70'.

A laboratory is also within which will be used for the expressed purposes of experimentation or lectures.

As are many others, Dr. Maetozo vibrantly stated that he is "anxiously and eagerly awaiting with great anticipation" for its use.

History of Lock Haven State

Lock Haven State's earliest ancestor, the Central State Normal School, was officially established on February 17, 1870. The court of Clinton County approved a petition seeking permission to provide the Eighth Normal School District with an institution dedicated to the training of teachers.

Because fourteen per cent of the teachers in Central Pennsylvania were declared incompetent and forty per cent retained their jobs because no other teachers were available, the state was in great need of an institution to train individuals to qualify for the jobs.

Albert N. Raub, principal of Lock Haven High School from 1868 to 1870, and G. W. Shinn, Rector of St. Paul's Church, Lock Haven, from 1866 to 1870, were primarily responsible for the establishment of the school in Lock Haven. These two men were so appalled by the lack of competent teachers that they persuaded prominent citizens to aid in the financing of the school.

Philip Price, a local real estate promoter, attended a teacher's institute in Lock Haven in October of 1869 and offered "all the land that might be needed" as a gift. On April 25, 1870, Price donated 18.37 acres of land to the Central Normal School Association of the State of Pennsylvania. The site of the tract overlooked the Susquehanna River, the city of Lock Haven, and the Susquehanna Valley. In addition to the land, money was donated. L. A. Mackey, banker, industrialist, and a member of the Forty-fourth and Forty-fifth Congress, pledged

\$1000 with other individuals pledging smaller amounts.

After the initial funds were provided, the "Articles of Incorporation" were formulated. These articles set the standards for membership in the association, provided for the election of the Board of Trustees, defined the duties of the Board, planned the course of study, and forbade "sectarian or a partisan bias" in the election of trustees and in the admission of students.

Although the school was approved by the court in February of 1870, the educational process did not begin until May of 1877. The reason for the delay was financial difficulty. The state would not appropriate funds until the school had a building to meet the specifications of the Normal School Act of 1857 and was actually in operation. From 1870 to 1877, the trustees begged, ridiculed, and pleaded with the citizens to support the school. Newspapers editorialized on the beneficial aspects of the school. The citizens were behind the school in spirit, but did not support it financially.

Finally, through stocks and personal donations, the school had enough money to begin construction of the building. The Commonwealth of Pennsylvania added \$35,000 to the \$33,650 which came from local efforts.

Albert N. Raub, the first principal and professor of theory and practice teaching, opened the first term in the Lock Haven High School, and them moved up on the "hill," He was assisted by five teachers who compiled the first faculty of the Central State Normal School.

The difficulties encountered in the establishment of the school were expressed by Raub:

This school began, unlike most of the others in the state, without any basis in the way of an established school. Most of

the others were founded on a county normal school, an academy, or a seminary already existing. The Lock Haven School began without students and without a dollar in the treasury.

Indeed the only thing it had of any substantial basis was the

buildings and a debt of about \$50,000.

After its shaky beginning, the school progressed from a two-year non-degree to a three-year non-degree, to a four-year degree school, conferring degrees in liberal arts as well as education.

Rules Change Over Years

Yes, things certainly have changed since 1881 at Lock Haven State College when the atmosphere was strongly authoritarian.

Regulations controlling behavior of the student body for the first thirty-eight years of the school's history were strict and profoundly authoritarian. Students were not consulted but were told precisely what was expected of them. The preface to a long list of regulations informed all that they were expected to be ladies and gentlemen. If any failed this confidence, he would be dismissed from the school at once. The following selected regulations illustrate the high degree of control attempted by faculty in 1881:

1. Students rooming in the building are requested to provide themselves with slippers.
2. All students, not boarding at home or with near relatives, are required to board in the Normal School Building.
3. Wrestling, scuffling, whistling, or any other rude or boisterous behavior is prohibited in the

building.

4. The use of tobacco in any form in or near the building is forbidden.

5. No water, dirt, or other materials must be thrown from the porticoes or the windows.

6. Each room must be kept in good order by its occupants, and no nails must be driven into the walls or changes be made in the windows or doors. If unnecessarily dirty, the steward will have the room cleaned at the expense of the occupant.

7. Each student will be held accountable for any damage done by him to any property of the institution.

8. The students of the institution are expected to treat one another with politeness.

9. The sexes must not associate with each other except at such times and on such occasions as may be designated by the principal.

10. Neither sex will be permitted to trespass on that portion of the building assigned to the other, nor students allowed to assemble in the hall or the

recitation rooms during recreation hours, except when permission is given.

11. All persons visiting students at the school should first call at the principal's office. Students must neither make nor receive calls during school hours.

12. Unless excused by the principal, each professor and student shall be present at the daily opening and closing exercises of the school, also at all exercises in the chapel.

The remainder of the list prohibited students from leaving the grounds at any time without permission, from visiting or receiving visits on Sunday, and required boarding students to be on the grounds or in the buildings before nightfall.

These rules remained unchanged until 1915 when a more moderate approach to discipline was initiated through student government. Halls and dormitories were placed in the hands of student committees. The object was to give students greater opportunity for self-control.

THE DUTCH INN

For 37½ out of those 100 years faculty, students, and non-instructional staff have been enjoying the food and atmosphere of the Dutch Inn dining rooms and have shopped enthusiastically among the constantly changing thousands and thousands of gifts in the Dutch Inn Gift Shop.

New people in the College community: The Dutch Inn is in Mill Hall, about two miles from the college. Please note that reservations are always necessary for meals (telephone 726-3030) and that all four floors of the gift shop are open at 1:00 P.M.

Success Key Word For Field Hockey

1970 Eaglettes: Left to right-Joanne Regimbal; Barb Yoos; Sue Black; Kelly Cromer; Janet Harriger; Diane Webster; Mary Overington; Wendy Dodson; Karen Shifflet; Rose Ann Neff; Suzanne O'Connor; Dr. Smith.

Success is the word that probably best describes the women's field hockey team at Lock Haven State College. Over the past five years the team has compiled a record that any team in the East would be proud to own.

Up to this year the Eaglettes have lost only two matches in the past five years. Both of these setbacks came in the 1967 season. Before the season got under way Dr. Charlotte Smith's teams had been unbeaten in 22 straight games over the last three years.

However, Coach Smith feels that the 1970 season will be a rebuilding year as the Eaglettes lost via graduation seven regulars-headed by Bertie Landes who had been selected for the United States Field Hockey team for two years--who had played together for four years.

The 1970 team is built around the four returning regulars including Diane Webster, senior goalie from North Wales; Karen Shifflet, senior fullback from

Hummelstown; Mary Overington of Waynes boro, a senior center forward; and Hazel Zettlemoyer, junior right wing from Lingsletown.

Diane Webster has been picked for the Mid-East All-Star team the past two years and Miss Shifflet the second team.

Other players who are battling for positions on the varsity berth are Rose Ann Neff, a sophomore center halfback from Freeburg; Joanne Regimbal of Roslyn, a sophomore forward; Jean Lachenmyer, Norristown, junior left fullback; and Sharon Earle, junior fullback from Austin.

Under the coaching of Dr. Charlotte Smith, Field Hockey has consistently been one of the most popular sports for women at LHS. Dr. Smith has been on the faculty since 1946 and holds degrees from New York University and Columbia University. Before coming to LHS, she taught at the Laurel School in Cleveland, Ohio, and was the director of women's physical education in the Oyster Bay Public Schools in New York.

Harriers Gain National Recognition in Short History

by Nibs Gordon

As long as man has been on earth, he has been able to run. Probably the first running ever done as a race could be called cross country running. Its origins are uncertain.

Intercollegiate cross country is just as mysterious concerning its beginnings. College cross country was probably started to give a good year-round training background to distance runners in order to better them for indoor and outdoor track.

Cross country at Lock Haven State is just as uncertain with its beginnings. Apparently, from all gathered information, the sport began in 1948 at LHS, under the guidance of soccer coach Spencer Wooley. For unknown reasons, the sport lasted for only two seasons, and was dropped until 1963.

In his two years, Wooley compiled 4-0 and 5-1 records, including a big upset win over Scranton University. Some of the founding runners at LHS were named Pfeffer, Close, Leeds, and Foster.

In 1963, after a 14 year layoff, cross country began again.

For two years under the direction of Dr. H.D. Corbin, the Bald Eagles compiled a 4-4 record, with a fourth place finish in the conference meet.

David Beaver took over as coach in 1965, and LHS's winning tradition began. After a 2-4 year, Beaver produced a 7-1 team that finished second in the conference meet. Winning was built on the running of Bill English, Ed Zinn, and Denny Axman.

In 1967, under a new coach, Bob Osterhoudt, the Bald Eagles went undefeated, winning all seven meets. Again LHS placed second in the conference meet, with English the individual champion, and Zinn and Axman close behind.

1968 produced an NAIA district 18 championship team. Led by Axman and Dave Mosebrook, the Bald Eagles won all ten meets, placed second in the

conference, and thirty-first in the NAIA national meet.

The Eagles successfully defended their district 18 title in 1969 under new head coach Jim Dolan.

Steve Podgajny, Dave Mosebrook, Mike Borowski, and Nibs Gordon led the Eagles to a 10-1 record, a third place finish in the conference, and a seventeenth in the NAIA national meet.

Before this season began, cross country was the winningest LHS sport since 1966, with a 34-2 record. Since its inception cross country sports a record of 48 wins and 11 losses - 81 percent victories.

This year's team, built around Steve Podgajny, Dave Mosebrook, Nibs Gordon, George Bower, and Carl Klingaman has a 3-1 record and is among the favored teams for district and conference championships. Podgajny and Mosebrook are both very much in contention for individual honors in both meets.

1970 Harriers: Left to Right-First row-Steve Podgajny; Lloyd Peters; Nibs Gordon; Bill Sowich; Steve Harnish. Second row-Carl Fry-

singer (manager); George Bower; Tom Phillips; Carl Klingaman; Dave Mosebrook; Coach Jim Dolan. Missing-Chuck Mather; Larry Wise

LHS Soccer Has Come a Long Way

by Chris Plyler

Soccer at Lock Haven State College began in the fall of 1938 under the auspices of the Reverend Blake B. Hammond, an Episcopal minister and former all-American soccer player at Lehigh University.

LHS produced Pennsylvania Conference championship teams in 1948, under Coach Spencer Wooley, and in 1956, with Dr. Dan Corbin at the helm.

The Eagles have shared the championship on three occasions, 1953, 54, and 55 under Dr. Corbin.

The 1969 soccer team captured the Western Division title under Karl T. Herrmann, but lost the conference title game to East Stroudsburg State, 1-0.

LHS All-Americans

Three Bald Eagle booters have received All-American honors: Bruce Parkhill, first team goalie in 1969; Harold "Pete" Powlus in 1951; and Ray Shelesky in 1959, both honorable mention. Numerous other LHS booters have been selected for the All-East squad.

During the 28 seasons of varsity competition, LHS soccer squads have produced 17 winning seasons. The undefeated 1950 team had the best won-loss record in LHS soccer history with a 6-0 record.

Frostburg State victim of the Bald Eagles, losing to LHS 13 times while mustering only four wins during the 17 year rivalry between both squads.

East Stroudsburg has been the thorn in the Bald Eagles side, beating LHS 13 times while coming out on the losing end only seven times.

Biggest Upset in East

The 1940 squad produced the biggest upset in the East by defeating Lehigh, the Eastern powerhouse that year, 2-1. The victory was even sweeter for Reverend Hammond, defeating his alma mater with a young and average LHS squad.

The mud and rain, and perhaps a great man named Ross Nevel, Sr., had something to do with LHS's biggest victory. In 1956, Brockport State was the defending NCAA champion. LHS strict underdogs in the contest, hit the field determined

to beat the champs for Mr. Nevel, Superintendent of Buildings on campus, who had died the day before. And when the smoke cleared, an amazing Bald Eagle squad walked off the field carrying a 4-2 victory over the national champions.

Father-Son Combo

Present LHS golf coach, Stan Daley, played on the second Bald Eagle soccer squad and 25 years later, his son, Steve, came to LHS to follow in his father's footsteps as an outstanding member of the team. They represented the only father-son combination in LHS history.

Eight men have coached soccer at LHS including present head mentor Karl T. Herrmann.

Reverend Hammond was never paid for his services as coach. He was not a professor at the college either, but desired to see the sport, at which he was so great, started here at LHS. He took it upon himself to start the sport and headed it for four years, having two winning seasons during that period.

Disbanded During War

From 1942 to 1945, soccer was disbanded at LHS because of the war, but resumed in 1946 under the guidance of Clair Yound, a student, who led the squad to a 3-1 season.

Soccer coaches were scarce the next year so head basketball coach, Howard Yost, took over the soccer team. Yost led the team to a 5-0-2 season and shortly after left the teaching profession and entered private business.

Spencer Wooley headed the team for three years during which time he never lost a conference match.

Dr. Dan Corbin coached the team for the next seven years, losing only four conference matches during that period. Dr. Corbin is presently on the faculty staff at Purdue University.

From 1958 through 1962 Dewey Morehouse was head soccer coach and in that time had only two winning seasons. He is presently on the staff at Penn State University.

George Lawther led the team the next four years, com-

pling three winning seasons during that period. Lawther returned this year to play in the annual alumni game.

Present head mentor, Karl T. Herrmann, came to LHS in 1965 as an assistant coach and in 1967 became head coach.

Former Outstanding Player
A native of Cleveland,

Herrmann played four years of varsity soccer and baseball at Oberlin College.

He received his masters degree from Penn State in 1962, then taught and coached at Davis-Elkins College, before returning to Penn State for additional graduate work. Herrmann's current assis-

tant, Brad Black, is in his second season at LHS. He received his bachelor's degree from Florence State University in Alabama in 1965 and his master's from the University of Maryland in 1967.

Black joined the LHS staff after receiving his discharge from the U.S. Army in June, 1969.

Bald Eagle Football Squads Produce Winning Record Since Inception in 1900

by Don Golden

With the start of the 1970 football season, Lock Haven State had won 217 games since 1900 and lost 182 with 22 games being tied.

The Bald Eagles only played four games in their first year of football in 1900. That year LHS finished with a 2-2 record.

As far as the football records show, LHS had no football coach until 1906 when a man named M.D. Hall coached the Eagles to a (3-2) record.

In 1908 Bill Thomas, one of the captains of the LHS football squad, coached the team to a (1-1) record.

Between 1909 and 1913 LHS did not play football. The Bald Eagles returned to the gridiron in 1914 with M.R. Hoag as head football coach. He coached the Eagles to a (2-2) record that season.

In 1915, the Eagles found themselves under another coach whose name was Leh Henry. LHS went undefeated that season sporting a 3-0-1 record.

No games were played between 1916 and 1923, and LHS resumed football in 1924 under J. Wynn Fredericks. The Eagles posted a (5-3) that season.

In 1925 the football team was under the direction of a student coach. From 1926 to 1927 the Bald Eagles were under the supervision of Paul B. Dyck, who posted a (0-13) record in his two years at the helm.

In the depression years of 1929 and 1930, Raymond Morgan was the head mentor. In 1930,

he led LHS to the Pennsylvania Conference Championship with a (7-1) record. Ken Hart, head football coach at Jersey Shore High School, led the 1930 Lock Haven State gridders in scoring with 60 points.

From 1931 to 1933 a man by the name of H.L. Kaiser was to lead the Bald Eagles to two Pennsylvania Conference Championships both in 1931 and 1933. The 1933 squad finished with a (7-1) record losing only to Indiana State 8-6.

Sol Wolf coached the 1934 LHS football squad to a (4-4) record.

From 1935 to 1939, J. Wynn Fredericks returned to LHS where he coached the Bald Eagles to two Pennsylvania Conference Championships in 1936 and 1937. Under his helm the Eagles went 16 straight games without a loss during the 1936-1937 seasons. Fredericks amassed a record of 33 wins, 9 defeats, and 7 ties as head coach.

From 1940 to 1945 except for the years 1943-1944 when there was no team because of World War II, the Eagles were under W. Max Bossert who also led the LHS team to two Pennsylvania Conference Championships in 1942 and 1945. In 1945, Robert Eyer, an end, was only Lock Haven State College football player to ever be selected for the Little All-American First Team.

From 1946 to 1968, Hubert Jack was the head coach of the Bald Eagles. During his 22 years of coaching, he led LHS to the

Pennsylvania Conference Championship in 1957 and in 1960 to the Western Division Championship. His coaching record was 102 wins, 84 defeats, and 2 ties.

From the years 1945 to 1968 LHS produced outstanding football players. George Teufel (1945-1948) was the first Lock Haven State football player to score over 100 points. Teufel scored 114 points.

George Dintman (1955-1957) still holds the Lock Haven State College football career scoring record of 192 points. Lock Haven State offensive line coach, Fran Cornelius, was an All State tackle on the LHS team which won the Western Division Conference in 1960. He also made the NAIA All American First Team in 1960. Jim Blacksmith, Lock Haven State's All State Halfback was selected for the Pennsylvania Conference All State Team three times, 1965, 1966, and 1967.

Present head coach, Robert Weller, is starting his fourth year on the Lock Haven State coaching staff and is in his second season as head mentor of the Bald Eagles. Coach Weller came to LHS in 1967 from Slippery Rock State College where he had been the assistant football coach since 1959.

During Coach Weller's years at Slippery Rock, the Rockets won the Western Division Conference three times and the Pennsylvania Conference once. Under his first year as football coach, the Bald Eagles finished with a record of 3 wins and 4 losses.

Coach Weller has five assistants on his coaching staff. Stephen Jacobs, Director of Athletics at LHS, serves as freshmen team coach. He came in 1953 and is a graduate from Muhlenburg College.

Harold Hacker begins his 13th season at LHS. He is a graduate from West Chester State College.

Tod Eberle starts his second year on the LHS staff. He

is a graduate from Depauw University.

Fran Cornelius, who serves as the dean of men at LHS is the offensive line coach for the 1970 season. He is a graduate of Lock Haven State.

James Smalley, freshman football coach is in his first season on the LHS staff. He is a graduate from Edinboro State College.
