Vol. XXII, No. 8

LOCK HAVEN STATE COLLEGE

Tuesday, Oct. 9, 1979

INTERNATIONAL PARTY SUCCESSFUL

By JIM RUNKLE

LOCK HAVEN -- An International Student Social, held at Phi Mu Delta fraternity last night, was hailed by its coordinator, Gerald Getz, as a great success. According to Getz, the gathering of students from more than 14 countries to meet with members of the community, faculty, students, and administration of Lock Haven State College, "opened more doors."

"It's the first social event of its type that has happened on campus," said Getz, "Hopefully, it will provide a beginning for goodwill and communication among the people and countries present." Getz credited Alpha Sigma Tau sorority with providing help in the organization of the event.

William Mbu, a student from Cameroon, Africa said that the gathering was very enjoyable. A

pre-med student, Mbu said of his studies, "It's really easy. Hard work is the secret to success, the right way to acquire knowledge."

Mayor William R. Eisemann of Lock Haven, also present at the event said, "I think they've done a tremendous job of fostering communications in international relations. I have talked to people from Equador, Poland and Malaysia. They've done a tremendous job."

Sylbana Miles, a junior from Argentina, has been in the country for six months. "I like she said, "It's friendly." Miles, a veterinary major, has had to make major adjustments while in the states. She resides in a large city in Argentina, and due to the location, the weather is much milder in her country than in Pennsylvania.

Lawrence Lebin, an in-

structor of English at the college, said, "I've been here 14 years and I've never seen anything like this." He felt that the gathering could only be beneficial for the college and the community.

The conversations among those present reflected both the serious and the lighter side of international communications. A young man from Ghana mentioned unity in government and the reflection that subserviance of nations to a unified front for the benefit of all was both the most difficult and the only way to create peace in the world. Helen Koh and Pat Awari of Kenya talked of Helen's upcoming marriage. Nam Truong, of Viet Nam, a student of international affairs, hoped one day to find a position with the United Nations.

Lorraine Russell of England talked to Miki, a Japanese student, of her

upcoming trip to Washington and her likes and dislikes concerning the food in the United States. Hot dogs and hamburgers take some getting used to, according to Russell.

An American student

observed, "You can see on campus that everyone is in their own separate cliques. The function of this gathering is to get everyone to know everyone else." She mentioned that the festive

atmosphere seemed to provide everyone with the desire to know one another.

More than 130 people from the United States and 30 students from various countries attended the gathering.

CAS PROTESTS TUITION INCREASE

(HARRISBURG) Thousands of phony \$50 bills and lollipops bearing the slogan "We're not suckers" will flood Pennsylvania Secretary of Education Robert Scalon's office next week when state college and university students stage a statewide protest of a possible \$50 spring semester tuition increase.

During the week of October 14-21, students on all 14 state-owned campuses will be signing their names to the phony money and suckers to protest any possible tuition increase and the continual underfunding of the state college and university system by the state legislature.

The tuition hike - underfunding action is being spearheaded by campus student governments and Commonwealth Association of Students (CAS), the student lobby

for the 16,000 state college and university students.

In addition to the phony money and lollipop mail-in, students will be jamming the phone lines to Scalon's office in Harrisburg on October 17 for a statewide student phone-in day to the Secretary.

"Now is the time for students to show their strength and intolerance of a tuition increase," declared CAS President Chris Leavey, a senior at Slippery Rock State College, "WE pay the highest tuition in the nation for public higher education and the phony \$50 bills are all we can afford to give and all the state will get from us," he added.

Presently, tuition is frozen at \$950 per year, due to a tuition cap amendment passed by the state legislature this summer which made it illegal for the

Secretary of Education to raise tuition.

Yet, attempts are being made by Scalon to get around the tuition cap, either by having the amendment ruled unconstitutional or by imposing additional fees - technically not considered tuition - on the students.

"CAS realizes that the colleges have been continually underfunded by the state," explained CAS Legislative Director Joseph Archut. "Students have suffered from this underfunding by constant cutbacks of programs, library services, faculty and instructional materials. Still, raising tuition is not the answer and we are going to fight until the state can come up with a better alternative than just passing the buck on to the students" he said.

CAS campus coordinators and student govern-

ment members will be staffing tables throughout the campuses in order to collect signatures to send to Scalon. Since it will be a long-distance call for most students to Harrisburg, the student government phones will be made available to any student who wishes to make a phone call on the phone-in day.

"We're tired of being suckers for the system and finally, the students of Pennsylvania are uniting and doing something about it," explained Leavey. "If we all work on this together we can ward off a tuition increase and keep higher education accessible to all...after all, isn't that the primary purpose of public higher education?"

WORLD NEWS BRIEFS

A Gainesville, Florida, man arrested while carrying three pistols and two knives prior to Pope Paul's arrival at the White House, Saturday, pleaded innocent yesterday to five misdemeanor charges.

Investigators for the Southern Pacific Railroad say it looks like Sunday's derailment of a 101-car freight train near Goleta, California, was caused by Sabatage. The train, carrying acid and volatile liquid propane, left the tracks forcing evacuation of about 200 persons.

Two Princeton scientists said if a meltdown of atomic fuel had occurred at Three Mile Island, cancer caused by radiation eventually could have killed 23-thousand people living more than 50 miles away. A study by nuclear physicists Jan Beyea and Frank Von Hippel says an area the size of Rhode Island would have been uninhabitable for the next 40 years.

New York City police say they face a huge task in the next day or two in planning for the visit of Cuban President Fidel Castro, who is to address the United Nations General Assembly.

EDITORIAL

By DIANE ORBAN

Looks like students at Lock Haven State College are once again keeping up the schools reputation as a "suit case" college. It seems like every Friday afternoon one can see a line of cars in front of each dorm with students just waiting to go home. Life at the Haven isn't really that bad, is it?

If you look around, you will find that there are quite a number of things to do at the Haven on weekends. We have a two time Championship Soccer team, which is currently undefeated in the league, and often has home games on Saturday afternoons.

We also have a football team with a record of 4-1 for the season. The team is having its best season in 8 years. They also have home games on many Saturday afternoons.

Along with that, there are usually women's field hockey games, women's tennis matches, and both men's and women's cross country meets.

Okay, so you're not a sports fan...well, there are things for you to do too. The College Players have plays on some weekends which are usually quite entertaining, but if you still don't like that, there are also choral, band and orchestra concerts which should be of interest to some of you.

If you're not interested in that, maybe you'd like to dance. Almost every weekend some group sponsors a dance in Bentley Lounge. They're usually a lot of fun if you give them a chance.

I know you can't always count on these things, but you can always count on parties. If none of your friends are having parties, you can always find a party at numerous fraternity houses if that's your bag.

I haven't named all the activities, so I'm sure if you really looked around you'd find something of interest to you. It's worth the effort, and you'd probably have a good time. What the heck...give it a try, it can't hurt.

This weekend is an excellent time to find out what it's like at the Haven. In case you didn't know it, it's homecoming weekend and there are many things going on which I'm sure would be of interest to most everyone. Besides various sporting events, there will be coffeehouses, a bon fire, fire works, a parade, a dance, an ox roast. and the movie, "Sound of Music."

LETTER

To the Editor,

When I was asked to write an article for the Eagle Eye about my participation in this year's United Association for the Elimination of Flatulence Spheenie Easing Marathon I had no idea how perplexing that would be. Golly gee, I never dreamed how much of a difficult task it was to put my most private and guarded thoughts on paper.

To begin with, I would like to point out there has been a lot of talk about the marathon even some suggesting that the predetermined 48 speenies should be limited to maybe 24. Well poop on you if you feel that way because until you've gone the distance you don't understand the hidden importance of participating.

Eating 48 speenies certainly does bring about mental and physical fatigue. However, let me point out if you are grown-up enough to make this enormous decision you should be mature enough to realize your mental and physical capacities. I mean, seriously, if you can't accept the fact that you're a snake bellied puke who can't go the distance and then try to do it, you are only going beyond the limits of my self respecting undergraduate. In so doing, you are bound to lose your self-esteem and pride and ought to be juiced in the armpits with a Dr. Pepper bottle.

When you do reach the end of the marathon, the personal gratification far outweighs anything else. You come to realize, though, that what you have done affects the whole

course of your future and has been very meaningful. When I downed my 48th speenie I would really feel the new born responsibility I had obtained. It coursed through my body, from the top of my split ends to the bottom of my hemorrhoids.

Yes, I know that being able to control myself under seemingly impossible conditions was the whole emphasis of participation. This was the proving grounds for me, and through it I was able to broaden my intellectual and social horizons.

I know there will still be those skeptics, who in all of their infinite buffoonery won't understand all the super wonderfully terrific feelings I gained from eating the speenies. Feelings that far exceeded the initial physical sensations like a swollen tongue, upset stomach, acid indigestion, and in the end, overworked sphincters. But, just allow me to say it was all worth it as the money did indeed go to very worthwhile causes and I'm glad I had the opportunity to share all the enlightening growing-up real important stuff with you. After all, isn't this what you really want to hear?

In conclusion, I would like to thank Harvey for the Preparation H, Mortimer and Mary for cheering me on when I was about to give in. Claxton, Alistair, Van Fero Furple, Zender and all the others who so generously and nobly sponsored me, and a special big thanks to my partner, Hoo Ga Va Shit for being there to wipe my wet burps off when I needed it the most.

Dan Way

SEMI-FINAL elections for homecoming queen and king will be held today, Tuesday, Oct. 9 from 11 a.m. to 1 p.m. and 4:30 p.m. to 6 p.m. in Bentley Lounge, and from 12 p.m. to 1:30 p.m. in the PUB.

FINAL ELECTIONS will be held Friday, Oct. 12 at the same times and same places.

Auditions for The Brick and the Rose will be held in Sloan 321 on Mon., Tues., and Wed. at 5pm. Positions are still open for males.

Important BOXING CLUB Practice session tonight at 7:P.M. (Tuesday, Oct. 9, 1979) for all members and those interested in joining the club. The practice session will be held in the Boxing Room in the basement of Rogers Gym.

Persons interested in joining the Chess Team please attend the Chess Club meeting Thursday night at 8:30 p.m. downstairs in the PUB. Women Welcome! The club will be participating in intramural and intercollegiate tournaments!

The Psychology Club wishes to extend an invitation to attend our initial meeting. The meeting will be tonight in Raub 212 at 8:00pm.

SENIORS: Attend the first of six career planning and placement skills seminars on Thursday evening, October 11, at 7:00 p.m. in Raub Hall, Room 106. (Self awareness, job analysis, career objective, resume and letter writing, job search, interview skills).

Announcement for faculty and administration:

A seminar on grants will be held on Thursday, October 11, 1979. Session I will feature speaker Dr. Rober Fleischer from 9-11 in the Sloan multi-purpose room, 336. A luncheon emphasizing individual needs will be held in the faculty dining room from 11-12:30. Session II will feature speaker Dr. Peter Meyer from 1-3 in the Sloan multi-purpose room, 336. Lastly, a Post Session will be held at the Fallon Hotel from 3-5.

ARTS CALENDAR

By Tommye Talley

The next studio play to be performed in the Upstairs Theater in Sloan by the College Players is a very unique production called, "The Brick and the Rose."

This play was written by Lewis John Carlino and was originally a reader's theater piece. The director of the play, Mike Fix, has decided to make more out of the production and make it into a performed play with some action. The unique part of this play is that there are 46 actors in the play cast, but there are only 10 people that act the parts out. It sounds a little crazy to attempt, but it is a very effective way to make an actor or actress work.

It is a very dramatic play and really should make an impression on the campus. The play will be performed in November.

* * * * *

A movie that might interest those that enjoy running is "Golden Girl." This movie is an insight into a man training a young girl to run in the Olympics. The golden girl is Susan Anton and she fits the role perfectly. The part was written for her it seems, because of her golden appearance. She is very versatile and looks like an athlete.

The flick goes into the use of hormones to help the growth of a runner and what is done mentally and physically to train them.

There is a lot of action and interest in the movie.

* * * * *

Some movies to come: "The Last Romantic Lover," "Something Short of Paradise," "Yanks," "Cocaine Cowboys," and "Time After Time."

HOMECOMING SCHEDULE

THURSDAY OCTOBER 11

LEIP INTERNSHIPS ARE AVAILABLE

Not all educational opportunities available to college students are limited to the classroom. One way of getting out of the classroom and into another type of learning situation is by participating in the LIFE EXPERIENCE INTERNSHIP PROGRAM (LEIP). This program enables a student to get practical experience in his or her chosen field before graduating from college and formally entering the work force.

LEIP was formed in 1973 originally out of a desire to bring Political Science majors into the workings of the state government and

at the same time enabling these students to gain some practical experience in the process of government. Since then the program has been expanded to satisfy the needs of students in all majors.

Most of the internships at the present are available in or through government agencies, according to LEIP's Director, Barbara Miller. Yet there has been an effort to place students in internships in the private sector as well. The program places on an average between 40 and 60 students each semester in jobs ranging from Accounting to Political Science to Cartog-

raphy.

Internships through LEIP are granted in both the Fall and Spring semesters as well as during the summer. The amount of college credits a student can earn is determined by his or her department head in respect to the nature of the internship. Quite often a stipend is provided by the organization that "hires" the intern.

An intern in the summer program, Lester Carey, a Political Science major, describes his experience as one of the most valuable experience of his academic career. His feeling is that his one semester internship is "worth two semesters of classroom learning." Mr. Carey's internship was doing research for Affirmative Action within the Department of Public Welfare. Affirmative Action investigates discriminatory policies of state agencies pertaining to the advancement of minorities and women within these agencies.

When entering LEIP, Mr. Carey's goals, like other interns, were to see how government works and to get involved with the government process, perhaps with the hope of someday running for office. He saw LEIP as an "Avenue to experience just how society's constituents form together for the public welfare." While in the program, through LEIP seminars and from the daily

work, interns have an opportunity to see the reality of government.

The requirements for participating in LEIP specify that the student be either a junior or a senior and have a GPA of 2.5 or better. The program is open to a great number of students in all majors. One problem is that it is not publicized to any great extent on some

campuses. Many students do not know about the opportunities open to them with LEIP! The students who have experienced internships feel it should be a requirement that all college students gain field experience before graduation.

The Spring program begins on January 3 and

concludes on April 24, 1980. For more information about LEIP contact: Mr. Al Fluman, Student Coordinator for LEIP at LHSC or Dr. Harvey Sterns, Associate Dean of the School of Education. Or write to Barbara Miller, Director of LEIP, 800 N. Third Street, Harrisburg, PA 17102; telephone (717) 234-8213.

COMMENTARY

By PATRICIA AWORI

Starting with this issue we shall be submitting an article giving a profile of the international students and their countries. We hope that through these articles you will be able to learn a little more about the international students and the diversified countries that they are from.

This first profile is on Helen Koh. She is from Malaysia which is a country in Asia attached at its northern tip to Thailand. As you can see she is some considerable distance away from home - 15 hours flying time to be precise. Prior to coming to Lock Haven State College Helen already had got her teaching diploma in Physical Education. She enrolled with Lock Haven State College in the spring of '79 as a transfer student. She is a junior now, majoring in HPER.

As a person, I am sure that all those who have met her will agree, she has a very dynamic and forthright person with an abundance of energy and creativity. She is a very friendly and talkative person as she said once, "I cannot live without talking, how can I grow fat when I talk so much?" As vice president of the international club she was a shoulder to lean on and a tower of strength during

difficult times.

Unfortunately we are going to lose Helen. During the summer while she was vacationing at her home in Malaysia cupid's arrow struck her in the form of Werner Schumalker, a German psychologist working in Malaysia. They became engaged later on in Germany shortly before Helen returned here to start the fall semester. She will be leaving at the end of this week for Germany to join her new family and her wedding will take place on December 21st.

Her presence will be sadly missed, but we wish her every happiness and success in her new life.

'RECEIVING' AIDS STUDENTS

By CLARENCE WASHINGTON

There is an organization on campus that offers the LHS students a variety of services. The organization is called RECEIVING.

Students make use of RECEIVING services by way of the telephone. One of the services include, a Ride/Rider service, in which a student seeking a ride home or elsewhere can possibly be put in touch with someone who is going to the same area. The

voluntary student staff members encourage people who are willing to take riders to contact the staff so that their names will be available to the callers seeking rides.

Students looking to earn some extra money can also benefit by calling RECEIVING. The staff can put the caller in contact with people who are looking to hire students to do "odd jobs."

RECEIVING is a referral

service. It emphasizes that it does not give advice in counseling matters but can put students in touch with people who are qualified to do so. RECEIVING has information concerning; birth control, drugs, alcohol abuse, ect.. The staff is also available for students to just call and talk if they wish. The number to call on campus is ext. 2302 and the hours are Sunday through Friday from 6pm to 10pm.

FIRST ROTC SCHOLARSHIP -- John Yonkin, right, is the first LHSC student ever to receive an ROTC Scholarship, which pays full tuition, books, miscellaneous expenses, plus \$100 a month for the next two years. He is shown with Capt. Bob Baggott, ROTC coordinator at LHSC, receiving the scholarship. Yonkin is an elementary education major from Dushore and a member of Lambda Chi Alpha.

LHSC GRIDDEERS MAKE HISTORY

EDINBORO- In the cold and rain plus a strong wind here Saturday afternoon the amazing Lock Haven State College football team proved for the fourth straight week it certainly is for real with an impressive 24-7 win over Edinboro State.

For the second straight week the Bald Eagles, faced with probably the toughest NCAA Division 3 schedule in the East (six games against NCAA Division 2 opponents), have beaten a Division 2 opponent.

In a jubilant locker room after the game this writer announced to the team and coaches just what this big win had meant to Lock Haven State football.

For the first time in 19 years Lock Haven has won four straight games.

For the first time in 19 years LHSC has won its first two Pennsylvania Conference Western Division games (Lock Haven is now in first place in the West).

For first time in 11 years LHSC has beaten Edinboro State at Edinboro on its Homecoming Day game.

Senior quarterback Dan Spittal went 5-for-12 for 61 yards in the game to become only second passer in LHSC history to pass for over 3,000 career yards. His total now is 3,001 topped only by the former Eagles great Mike Packer who had career total of 4,551.

It was LHSC first away victory in over two years.

In an interview during the happy bus ride back to "The Haven" Coach Jack Fisher had many comments to make about the super performance of the High Flying Eagles.

"For fifth week in a row we again played consistent football. The first half was fairly even. But we had established some running plays that were working for us and we know they would continue to work.

"In the second half our running game really was outstanding and we're able to put points on the board. They had a early second half long touchdown drive but then the kickoff return for a score by (Jeff) Bailey seemed to take the wind out of them.

"With the exception of

the one touchdown drive our defense played brilliantly all afternoon.

"We are certainly looking forward to the Homecoming Day game this Saturday against undefeated Clarion (5-0). It should be a great small college football game.

"What I like so much about this squad is that we're a total team. This includes offensive and defensive starters, special teams and substitutes."

"Also I cannot emphasize enough how much the hard work and dedication of my assistant coaches have meant to the success of this team thus far."

The LHSC mentor had special praise for another fine performance of the offensive line composed of junior tight end Bill Seantelli; tackles, freshman Chuck Terek and sophomore Don Amoriello; the

guards, John White and freshman Bruno DiMartile, and at center Saturday Kelly Parshall plus wide receiver Bob Lynn.

The Eagle offense had another big game rolling up a total of 426 yards with 365 yards on the ground.

Leading the way for the second straight week was All-Conference tailback Joe Speese with 169 tough yards including a five-yard touchdown run.

Right behind was sophomore powerback Jeff Bailey who rushed for 80 yards with a 62 yard TD run and also ran back a kickoff 78 yards for a touchdown in the third quarter with Lock Haven at the time holding on to a 12-7 lead.

The only score in first half came early in second period when quarterback Spittal, who had another fine performance, pushed over from the five to end a

52 yard LHSC drive highlighted by super catch by Sementelli of a pass from Spittal that covered 17 yards.

Lock Haven took second half kickoff and drove 67 yards with Speese going over from five yards out for the TD.

Edinboro came right back to go 67 yards in 15 plays with quarterback Rick Shover going in from the two.

But then came the great kickoff return by Bailey and a 18-7 Eagle lead late in third quarter.

Edinboro kept fighting in a long drive deep into Lock Haven territory and was snuffed out early in fourth quarter by a diving pass interception by LHSC defensive back sophomore

Dave Zielinskie.

Bailey iced the game for the Eagles at 3:28 when he raced 62 yards to paydirt and a 24-7 LHSC advantage.

Senior linebacker Steve Orsini led Lock Haven defensive efforts with 14 tackles. Freshman Terry Mathas had seven and Lock Haven native Steve Mayes was in with six along with sophomore Tonnie Tillar and Brian Palmore a sophomore.

Now the stage is set for one of the top small college games in the East this Saturday with powerful and unbeaten Clarion State another NCAA Division 2 school invading Hubert Jack Stadium for a 2pm Homecoming Day contest.

WOMEN'S X-COUNTRY LOSES. 19-40

ITHACA* N.Y.- Running on a very wet course Friday afternoon the Lock Haven State Women Cross Country team lost to Cornell University a Division One team by 19-40 score. Lock Haven is a Division 3 school in AIAW cross country.

Eagle Coach Leroy Straley commented, "The course was extremely wet which tends to give the home team an advantage. Cornell, a division one power, needs no advantage as they have a well balanced team.

"For us Vickie Smith ran well though as last week her kick wasn't enough to place her first. Freshman Peggy Engle turned in a strong performance and sophomore Kim Rodgers continues to improve.

Moody of Cornell was the winner covering the 5,000

meter course in 19:23.5. For Lock Haven, Smith was second in time of 19:24.2.

Next for the Eagles were Peggy Engle in 7th place at clocking of 20:39 with Mary Lou Haughwaut coming in 8th at 20:55.

Other LHSC finishers were 11th Mary Neilon, 22:03; 12th Kim Rodger, 22:22; 13th Bonnie Hollenbach, 23:26; and Liane Mastalerz was 14th in 24:57.

"We have a big week coming up. I hope we are able to perform well against Bucknell on Wednesday and then will face possibly five teams on Saturday, Oct. 13 Homecoming Day."

The ladies cross country meet will start at 2pm at Fairpoint and finish at the upper track during the first quarter of the football game.

BOOTERS BEAT E-TOWN

By MARC MYERS

The Lock Haven men's soccer team downed the Blue Jays of Elizabethtown College 4-2 Saturday before a good crowd at rain drenched McCollum Field.

The Bald Eagles, led by Trevor Adair's goal and two assists, struck first at the 13:40 mark. Adair dribbled almost magically through two defenders and passed smartly to John Crowley who boomed the shot home from about ten yards out to make it 1-0.

E-town came back to tie the score at one all when Scott Mack beat goalie Mike Bobby at 21:24 of the first half. Phil Fowler's sliding attempt to stop the shot just failed as the shot deflected off Fowler, the goalpost, and back off Fowler into the net.

Lock Haven relentlessly dominated play after the goal and went back up on top three minutes later when Tim Gargan scored from twelve yards out.

Mike Bobby kept the game 2-1 at halftime when he made a sterling save on a point blank shot by Dennis

Waddell with time running out.

The Blue Jays appeared to be ready to turn the game around in the second half when Waddell took a pass from Mike Fefegula and tucked it inside the left post to make it 2-2 at 58:24.

The Bald Eagles tightened their defensive belts and quickly swung the momentum back at 66:00. Adair fed Gargan from a free kick and Gargan drove the ball through the hands of goalie Niall McKnight for the game winner and a 3-2 lead.

Adair put the game out of reach when he headed a beautiful cross from Jan Felker behind McKnight at 83:46.

Lock Haven dominated the game statistically outshooting the Blue Jays 26-10, and receiving 8 corner kicks to Elizabethtown's one.

Injured Dan Taber is a hopeful starter for the Bald Eagles next game on Wednesday, at home, against Eastern Conference foe Shippensburg.

W TENNIS TEAM WINS

The Lock Haven State women tennis team got back on the winning track here Saturday with a 7-2 victory over Millersville State.

Lock Haven Coach Kyle Cornelius said after the match, "The entire team played well today. Despite the several losses in a row for us the girls bounced back with more determination than ever."

At No.1 singles for the Eaglettes senior Cathy Peterman upped her career record to 29-11 and 4-3 this season with a 6-4 and 6-1 win over Cheryl Fausnacht.

Moving to winning records in doubles competition were Peterman and Janine Hild at No. 1 now 3-2 and at no. 2 Kelly Gohn and Lori Emich won to register the same mark of 3-2

Now 2-5 on the year Lock Haven travels to Clarion State on Wednesday for a

3p.m. match then host a strong Pitt team on Homecoming Day for a 1 p.m. match.

1. Cathy Peterman (LH) def. Cheryl Fausnacht, 6-4, 6-1.
2. Sue Gottlieb (M) def. Kelly Gohn, 7-5, 3-6, 7-5.
3. Janine Hild (LH) def. Cathy Costello, 6-4, 7-5.
4. Lori Emich (LH) def. Jane Mattel, 6-1, 6-3.
5. Genine Ceribelli (M) def. Mary Bentley, 6-0, 6-2
6. Becky Clark (LH) def. Sue Highberger, 6-2, 6-1.

3. Amy Jo Wolford and Pam Donley (LH) def. Costello and Mattel, 3-6, 6-2, 6-3.

X-COUNTRY UNBEATEN

By PHIL BURGE

This past weekend the Lock Haven Cross Country team boosted it's record to 6-0 by crushing Bloomsburg 22-38.

The harriers took eight of the top ten places, led by George Settlein first place in 25:31. Second was Groff of Bloomsburg in 25:38. One second back was Mark Amway of Lock Haven in 3rd place in 25:39. In fourth place was Bloom's Steve Johnson (26:18).

The key to the Havens victory was their stong pack that took 5th through 10th place. Scott Sick took 5th followed by Derek Redal (6th); Tim Buntrock (7th); Bob Walker (8th); Steven Zerphy (9th) and Pete Digiralamo (10th).

Next for Lock Haven came Don Henise (13th); Mark Salkital (16th); Phil Burge (17th); Bill Kennedy (19th); Bob Ross (22nd) and Paul Keating (23rd).
