State Co-operative Association Meeting Here Proves to Be Unusually Successful

Pa. School Music Association to Meet Next Week

Annual Festival to Be
Presented on Campus

ONE HUNDRED IN GROUP

On November 16th and 17th the school will have on its campus one hundred boys and girls of the Pennsylvania School Music Association.

This association holds band, orchestra and choral festivals each year. The state is divided into six districts and each district arranges an presents its own program. The young people who are coming here are from high schools in the central district which comprises 13 counties. These boys and girls were selected from a group of 150 applicants by a committee whose chairman is our own Miss Ullemeyer. The committee must have had a hard task to select these talented young singers who hail from all of 20 towns. Are some of you college students from any of these places? Here they are, so look for your beloved home town: Alexandria, Bradford, Charleston Vocation High School at Wellsboro, Clearfield, Covington, Curwensville, Emporium, Jersey Shore, Lock Haven, Middletown, Juniata Joint High School at Mifflintown, Northville, Mill Hill, Milroy, Mt. Union, Roaring Springs, Selinsgrove, State College, St. Mary's and Hollidaysburg.

State Choral Convention

A group will be selected from this chorus and sent to Knox, where the state choral convention will convene Dec. 13, 14, 15.

The program given by these high school students will, needless to say, be well worth your time and 35c for a ticket. Three

Year's Assembly Schedule Is Announced

The assembly committee is proud to present the complete schedule for the entire year dating from the present. Every member of the college should clip this article and keep it for reference. It is the hope of the committee that the high standard of the first few programs will grow even higher during the year.

Nov. 11—Armistice program by Social Studies Department.

Nov. 15—Dramatics Club Play, "Spreading the News."

Dec. 1—Biological Science Department program.

Dec. 8—"Wonders of Liquid Air," Dr. John Sloan.

Dec. 15—Christmas Music by Musical Organizations.

Jan. 5—Dr. Flowers

Herbert Petrie Ensemble Gives Fine Concert

Group Exhibits Showmanship
While Presenting Concert

A fair sized audience enjoyed the musical concert presented by Herbert Petrie and his "White Hussars" last Wednesday in the new college auditorium. The "White Hussars," a symphonic and operatic ensemble featuring three trumpets, two trombones, a harp and a piano, entertained a small but interested audience with selections from operatic and classical gems.

Showmanship of Group

The curtain rose at 8:15 o'clock and presented to the audience a very striking picture. Mr. Petrie is without a doubt a showman. Throughout the entire program the members of his group maintained very striking poses, moving with the precision of a military platoon.

The solo numbers were enthusiastically received. Mr. Petrie proved himself a very accomplished cornetist. Miss Cornelia Bona presented several selections on her harp and thereby won the plaudits of her audience. Mr. Henry Thompson, dramatic tenor, was awaited with interest; however, the audience was a little disappointed when he substituted novelty numbers for the operatic selections listed on the program.

The next attraction on the artist course program will be Henry C Wolfe who will lecture on international affairs.

The "White Hussars" opened their program with selections from Thomas, Suppe and Romberg.

Library Acquires Oxford English Dictionary IN THIRTEEN VOLUMES

The greatest contribution to the shelves of our college library in years has recently come in the form of the Oxford English Dictionary. It is one of the five to six hundred volumes added to our library in the last month soon to be placed for use, and is thought to be the only set of such volumes existing in the city.

The Oxford English Dictionary is important because it is "the dictionary of the English language." Under its covers you will find an accurate account of any English word in general use or known to have been used in the last 770 years accurately accounted for in origin and history. Each word is traced through its historical development from the time it became English throughout the various

Twelve of Fourteen Colleges In State Represented at Local Convention; Fine Program

DELEGATES TAKE PART IN SEVERAL DISCUSSIONS

Delta Rho Beta To Entertain at Dance Tonight

Visiting Representatives
To Be Guests at Dance

The Delta Rho Beta will entertain the student body, alumna, and guests at their annual Derby Dance this evening. Dancing will begin at 8:30 and continue until twelve. Music will be furnished by Carl Keller and his orchestra, a favorite with swing enthusiasts of this district. Admission is 75c per couple. Tickets may be obtained from any member of the fraternity today at the football game and tonight at the door.

The committee for the dance, headed by Harvey Robb is as follows: Judson Klepper, orchestra; Norman Swope, programs; Ned Sweitzer, decorations; Tom Bittner, publicity.

The visiting Student Council delegates will be guests of the Derbies at this gala affair. The president of the fraternity is Richard Eyer.

Lock Haven Debaters to Open Season

TO DEBATE MT. ST.
MARY'S IN OPENER

The Lock Haven Teachers College debating team will open its season officially next Wednesday evening, Nov. 15 when the affirmative team of Mount St. Mary's College, Emmitsburg, Md., will appear here. The meeting will probably take place in the new auditorium.

The locals waged a very successful campaign last year, reaching their zenith at the annual Slippery Rock State Teachers College Tournament when they defeated the University of Pittsburgh aggregation. This year with practically every member back in school, Lock Haven has hopes of going far in the speaking world, so to speak.

Mount St. Mary's, according to the advance information, will send their affirmative team, consisting of George M. Widney, a Sophomore from Mobile, Ala., and Jas.

CONFERENCE CLOSES OFFICIALLY AT NOON; FOOTBALL GAME, DANCE DAY'S HIGHLIGHTS

The second annual meeting of the Cooperative Association of Pennsylvania State Teachers Colleges convened here yesterday at 11 o'clock in the new auditorium. After the convention was officially opened by the Association President, Joseph Whittaker, (who is also president of the Lock Haven Council), Dr. John G. Flowers greeted the visiting delegates in behalf of the Lock Haven College.

The convention was pronounced a huge success by the members of the association in attendance, and congratulations are in order for President Joseph Whittaker and his committee for the commendable manner in which the convention was handled. The panel discussions proved "interesting and inspirational," as one delegate expressed it, and the social functions held in conjunction with the affair were well attended and obviously enjoyed. The game this afternoon and dance this evening will climax the convention.

(Continued on page 4)

After the opening session yesterday the official representatives lunched in the college dining hall, and immediately afterwards the panels were opened in the YMCA rooms, YWCA rooms, second floor lounge and student council rooms.

Topic of Panels

The topic for the panels were Freshman orientation programs, Promotion of Social Participation in Student Life Activities, College Assembly, Chapel and Vesper programs, and present Problems Faced by Student Councils Represented. Each was given constructive consideration, and in the opinion of this writer a great deal was gleaned by the participants that will enable them to put into practice the philosophy embodied in the theme of the conference: Democratic Community Living Through Student Faculty Cooperation.

Dr. Suhrie Present

At four o'clock the general session in the new auditorium was presided over by Dr. A. L. Suhrie of New York University Teachers College. Dr. Suhrie praised the association, and his sincere and helpful attitude was a highlight of the convention.

After dinner the guests were entertained by an informal dance, pep rally and Dutch treat theatre party.

Dr. Haas Speaks

This morning the general business session will be held in the new auditorium, with Dr. Francis B Haas, State Superintendent of Public Instruction, as the principal speaker. Following this session the regular college Armistice Day program will officially close the convention. However, a large number of visitors are planning to remain for the football game and dance this evening. A list of the official delegates, and the school they represented follows:

California—Mary Cartwright, Robert Meagley, Louise Snoberger, Merle Maloffer.

BOUQUETS . . .

The undeniable success of the State Student Council Convention is a tribute to the local Council in general, and its president, Joseph Whittaker in particular. It was through the initiative of the local group that the Association came into being, and President Whittaker and his cohorts are in a large measure responsible for the continual progress and improvement in the organization.

We sincerely feel that the convention on our campus these past two days has done more than any other single event in the past towards promoting the right type of relationship between our teachers colleges. The fine attitude of the delegates and the inspirational leadership they were offered, gave rise to an especially desirable feeling among the representatives themselves and their faculty advisers. The theme of the conference—"Democratic community living through student-faculty cooperation," was well defined, and carried out in a creditable manner. Nothing need be said about the program—the way it was received seems to speak for itself.

The Association is only two years old this year, and in years to come it would seem that we may expect great things from it, if it continues to gather momentum as it has this year

DESIGN FOR STUDY

Start studying at nine o'clock after a social hour in the library. Turn on your radio and listen to a swing program while you study your French. When the program is over run over to Helen's room to see if she translated it the way you did. Take time off to eat some of the delicious cookies mother sent to revive yourself after working so hard. Then undress, take a bath, do your nails, brush your hair, and curl up in bed with your book. Set the alarm for five next morning and turn out the light. You are so tired. Be sure not to waken clear up when you turn off the alarm next morning. Tell teacher you just couldn't understand the lesson.

But if you have another aim in life—go up to your room right after dinner, sit in a straight chair at your desk and really study. What you read will stick by you—if you care anything about that!

The average college student has spent years in school with his chief aim in life the avoidance of study. If you haven't been achieving your aim, here is how to get the most out of your education:

PERSONALITY OF THE FORTNIGHT

By FRED JAMISON

PROF. L. J. ULMER

When father time has once more turned his hour glass over to begin a new year, Prof. L. J. Ulmer (known as Pop Ulmer to you) will have added one more year of affiliation with this institution to his already large score of twenty two. Through these years of unceasing service to the college Pop Ulmer has not changed a bit. He is still the same kind, old fellow with an ever smiling face and a gentle way about everything even though age has grayed him somewhat.

Prof. Ulmer was born just north of Williamsport in the town of Blooming Grove, Lycoming County, Pennsylvania. His early education was received at a rural school followed by college work at Muncy Normal School, Northwestern University, Cornell, Penna. State College, Cold Springs Biological Laboratory, as well as to Bucknell where he received his B. S. and M. S. degrees. He has also done much individual study on the sideline.

The teaching record of Pop Ulmer is even greater than his record with this college, covering a span of forty six years, twenty-two years at our own college and twenty some years at Williamsport high school. Through his instruction the department of Science and Geography has emerged from a one course department to a varied and multiple course study asseting the college. During the fall term and in the summer sessions Prof. Ulmer has continually stood at his post grinding out teachers of the geographical sciences to fill the schools of our state. His warm acquaintance has left its mark upon the hearts of all the graduates of this campus, and it is little wonder then that we find them making a beeline for room whenever they come back to visit.

The cozy, white house Mr. Ulmer owns and lives in is located just opposite the hospital on Susquehanna Ave. There in the garden you can find him in all of his spare hours pursuing his hobby—flowers. He admits he is a plain dirt gardener at heart, and the specimens of flowers located in his room are so alluring that they are invariably swiped by students for their clothes. He also likes farming, and at his father's home he owns a large tract of ground which he annually plants. In addition to these hobbies he is the head of Naturalist Club, belongs to the Delta Sigma and Phi Gamma Mu fraternities, is a member of the American Association for the Advancement of Science, the National Council of Geography Teachers, the Penna. Academy of Science, and belongs to the Baptist Church. During the World War he held the position of Supervisor of the school gardens of Pennsylvania.

The home life of Pop Ulmer is very happy with the company of his wife who is just as sweet and kind as he. His daughter, Mary, is a graduate of this college and is back again for a few more courses, and a son, David, is in the twelfth year of teaching.

COLLEGE SPORTS

EAGLES TACKLE WEST CHESTER IN VITAL GAME THIS AFTERNOON

HAVENITES IN GOOD SHAPE FOR BATTLE

Game Will Probably Decide Mythical State Teachers College Championship

A capacity crowd is expected to tax College Field this afternoon when the Purple and Gold warriors of West Chester Teachers College stack up against the Bald Eagles of Lock Haven. The game will go a long way towards deciding the mythical State Championship, won last year by Mansfield.

Under the watchful tutelage of Coaches Wynn Fredericks and Max Bossert, the Eagles have been drilling industriously in preparation for the West Chester tilt, annually one of the highlights of the grid campaign. The unusual number of Frosh and Sophomores in the starting lineup to date, has made it rather difficult for the Maroons to function as smoothly as they have in previous years. However, it is thought that the team has now become smooth in the execution of the intricate plays of the Fredericks system, and is about due, so to speak.

The probable starting lineup for Lock Haven is as follows:

Earl Young and Glenn Miller on the terminals; Ned Fairchild, who has been doing some outstanding work in the forward wall and Jim Larkin, big Freshman from Oil City, who is making his first appearance on the first string, at the tackle posts; Bill Beightol, husky Clearfield lad, and Bob Kemmerer, Lock Haven's only representative on the regular eleven, at guards; Don Campbell, injured in the Geneva fray will be able to start at the pivot slot, to complete the line. In the backfield Johnny (Boots) Kalinowski will be ready to take over his regular quarterback position; Jimmy Hopkins and Pete Mollura will be back at the halfback positions, and Vic Crocco will round out the quartet, playing fullback.

Experience gained in the previous games, and a rugged determination to win should prove the deciding factors in favor of the local boys. With probably just a little partiality coming to the front, we hazard the prediction that the Eagles will finally come into their own.

Three Still in Running for Tennis Crown

Quigley, Bowes, Underwood Undeclared as Tournament Draws to Close

The fall intra-mural tennis tournament was placed on the shelf last week, labeled "unfinished business," since competition ended with three aspirants to the singles crown—Barney Underwood, Bob Bowes and John Quigley—still very much in the running. Because of the condition of the courts, no more matches can be played.

Underwood, the favorite to cop the honors, had advanced to the finals by beating Ammerman 6-3, 6-4 while Bowes and Quigley were in the semi-final bracket, the former through a default and the latter by virtue of a 6-2, 3-6, 6-2 decision over Jim Bowes, one of the favorites, in a quarter final match.

The poor condition of the courts would not permit any top flight tennis, but the quarter final round showed some fairly good match play, and one or two of the first and second round matches were well played.

With the coming of spring and final improvement on the courts, a spring tournament should prove quite successful next year. Such a tournament has not been definitely announced, but plans are being considered.

VIEWS ON THE NEWS

By LEWIS RATHGEBER

With the opening of this column The College Times enters a comparatively new field. For some time the paper has been seriously considering broadening its scope by a few comments on both local and national happenings. Please bear in mind that I am just as busy as any of my readers; therefore this column will come out only in the last issue of The Times each month.

All of the opinions expressed will be my own; except in cases where I have a guest columnist. If you have any comments to make you may bring these to The Times office and leave them in the drawer.

Let's open up with a brief digest of business. On all sides we are met with advances in the business field. Leaders of the general upswing are the steels. Lock Haven in Tie for First in Conference Race

West Chester, Slippery Rock Also Undeclared; Rams in Third Place

Today's Game will Play Big Part in Title Race

Edinboro's Red Raiders, playing their first season under a new coach, Orville Bailey, of Portland, Ore., are in a wonderful position this week to throw the mythical Pennsylvania State Teachers football conference into a turmoil.

The Teachers from Erie county tangle with undefeated Slippery Rock. Slippery Rock is a top-heavy favorite, but Edinboro, seeking its first conference win, is primed to close its season in a blaze of glory.

Lock Haven, tied for the top with Slippery Rock, faces a sterner task in West Chester. If the Bald Eagles bet by Glenn Killinger's eleven they stand a good chance of regaining the mythical title lost to Mansfield last year.

Indiana Ties

Mansfield lost its second straight last week, going down before East Stroudsburg. Indiana marred unbeaten Clarion's record with a 12-12 tie and meets California this week in a game that California's coach, Clarence Groves rates one of the "toughest" on his team's schedule.

Kutztown broke into the conference win column by putting on a long march in the last period to nose out Blomberg.

How They Stand

Slippery Rock	3	0	0	67	0
Lock Haven	3	0	0	47	18
West Chester	3	0	0	42	0

Now that the novelty of a European war is beginning to wear off we find the Philadelphia Inquirer going back to its favorite news topic—taking pot shots at poor "Ole Joe" Guffey. You remember the guy who was so impressed by the beauty and quietness of the Susquehanna that he returned to his Democratic colleagues agreeing to support the organization ticket for Governor. The Susquehanna went on a flood, Joe forgot about the harmony tune, formed his own slate and everyone on the Democratic side ended up in the Dog House or in the Jail. The Senator, however, has a habit of pulling some candidates with lots of sugar out of his hat; perhaps some rich Philadelphian may again take the Democratic reins in this state.

The movie goers of this town can consider themselves quite fortunate. Out of eight pictures shown in Philadelphia in the past two weeks four have already been shown here, and the other four are scheduled for the town's Bright Spots within a short period.

Geneva Shades Eagles 6 to 0 in Exciting Game

Last Minute Rally Fails to Produce Winning Results

5000 WATCH GAME

Scoring in the opening minutes, Geneva College defeated the footballers of Lock Haven Teachers Last Saturday at Beaver Falls, by the lowly score of 6 points to none. The game was played in Reeves Stadium, before a large gathering of old grads and students, as the feature attraction of Alumni Homecoming week-end at the Beaver Falls school.

The Bald Eagles made two outstanding threats, once in the first quarter and a final desperate flurry in the final stanza. On both occasions they lost the ball on downs.

Pete Mollura kicked off to open the game and Tony Ciolli, the Beavers' halfback returned the ball 67 yards down the field to the Lock Haven 23 yard line. He was tackled from behind by Vic Crocco, Eagle fullback. Shortly after this rather surprising opener, Morgan, Geneva fullback faded back and heaved the pigskin into the waiting arms of Mike Susko, the homesters' signal barker, who immediately departed goalward to register the only score of the fray. Johnson's try for the extra marker was blocked by Earl Young, Eagle wingman.

Following an exchange of punts, the Maroons, sparked by Jimmy Hopkins, who took the place of Walt Ganz, Piteairn's punting and passing specialist—worked their way to the 15 yard stripe. Young added seven on an end-around, but on the next play Mollura failed to make a first down and possession of the ball reverted to the Beavers.

Throughout the second and third quarters, the play was about evenly matched with Lock Haven and Geneva alternately threatening to break loose.

In the final stanza Lock Haven made its most serious threat of the day. Johnny (Boots) Kalinowski, veteran Maroon quarterback, leaped into the ozone to intercept one of Morgan's tosses on the Lock Haven 40 yard line and returned it to the 45. The Eagles finally got going and by bombarding the air with Jimmy Hopkins' aerials, netted four straight first downs to take the ball again to the Beavers' 8 yard marker. Here Geneva stiffened and took the ball on downs. The game ended shortly afterwards.

The statistics showed Geneva holding a slight edge. The Beavers had 9 first downs to the Havenites' 7, while the Maroons' average punting distance was five yards better than Geneva's.

Walt Ganz, Jimmy Hopkins and Pete Mollura starred in the Lock Haven backfield, while the line in general, and Bob Kemmerer and New Fairchild, in particular, were stand-outs.

Don Campbell, Curwensville Freshman, who started at the pivot post was injured in the third period and forced to leave the game. After spending Sunday in the Providence Hospital at Beaver Falls, he returned here.

By DON RATHGEBER

The big dish on the sport menu, hereabouts, this week-end is, of course, the annual LHSTC- West Chester STC grid clash. These two teams are usually the most powerful in Teachers ranks in the state, and the yearly meeting of the two is an item of great interest. This afternoon on College Field the Rams from Chester county will be at their full strength and more than anxious to set down the audacious "Green Mountain Boys," as one Philadelphia sports scribe termed the Eagles a few years back. However, the same "Hillbillies," so to speak, have a few ideas of their own on that subject, and let's hope their actions suit their thoughts.

Although it is rather early as yet for any sport activity other than football, several of our more ambitious athletes are already in training for winter athletics. In particular, some of the wrestling and boxing candidates are working out daily on the new track in the field house. Not only the "grunt 'n groan" artists, but quite a few people could very readily utilize a little conditioning, methinks.

One week ago today, thousands of Pennsylvanians headed for the hills to take advantage of the annual open season on small game. Some of the student nimrods appeared on the campus in rather sketchy attire last Saturday after an expedition into the backwoods. The consensus of opinion seemed to indicate that the aforesaid game seemed to know what "wuz goin' on," for they made rather brief appearances on the scene.

Quite a few of the students have been enjoying the use of the new swimming pool recently. Prospects for a swimming team are exceedingly bright. Possibly in three years, or less, the Bald Eagles will be represented by another inter-collegiate sport.

AUTUMN

A haze on the far horizon,
The infinite, tender sky,
The ripe, rich tints of the corn-fields
And the wild geese sailing high—
And all over upland and lowland
The carm of he goldenrod—
Some of us call it Autumn,
And others call it God.

The lineups:

Alumni

1939 ALUMNI PLAN NEARS COMPLETION

AFFIRMATIVE action on the part of the college Student Activity Council last week has paved the way, Alumni, for the executive board to submit to you who are members of the Alumni Association what we think should be a very attractive plan for your financial cooperation with the association, in return for which you will receive certain privileges as Alumni Association members.

We're trying this year to make the Alumni Association a more meaningful organization for members, and at the same time give it greater financial strength and enable it to be of greater help to the school.

None of us who met at the executive board meeting on Homecoming Day is a visionary. We've come to the conclusion that alumni support for a school is enlisted largely as the interest of "old grads" is centered in the school, and we're submitting what we might call the 1939 Alumni Plan to you shortly for your consideration and, we hope, support.

BRIEFLY our plan is this: Recognized membership in the Lock Haven Teachers College Alumni Association shall be a paid membership, \$1 for active membership, \$3 for associate membership. Upon the payment of your \$1 membership, (1) each Alumni will be privileged to attend a series of sports nights programs at the college, one regular college sports event, and one regular college dramatics event, free of charge. Or (2), as an alternative choice the Alumni shall receive a year's subscription to The College Times, in which an alumni column will be published regularly.

For the \$3 membership, the Alumni will have the choice of the (1) or (2) plan, plus (3) one

Musical Artists course program at the college and the Spring Alumni Day banquet and dance, all free of charge. In case you choose the (3) plan reservations must be made for both concert and banquet.

We hope to send a letter to all of you whose addresses are now available, as soon as possible re-stating this plan more completely and soliciting your support. It has merits which we feel most of you will recognize immediately.

The money raised for this plan we expect to turn over to the school, partially in payment for the college events which you attend, and insofar as is otherwise possible, in yearly donations to some Alumni cause.

NOW, the business aside, it occurs to us that you might be interested in some of the "Home-comers" who told us a bit about themselves in registering for Homecoming Day. Since there are over 100 names on the registry book, we'll not be able to list everyone. But a few of those who signed up had a bit to say about themselves which we'll pass on.

In the first place D. M. Packer of Beech Creek, a member of the executive board, appears to have won the laurels as the "veteran" homecomer. He listed his class as 1892. Another "veteran" was Mrs. Virginia E. Nickel of Phillipsburg, of the class of 1905 who is now working in the interests of the '05 reunion next Spring.

Among the other "old timers" were M. T. Miller of Boswell, class of 1907; Mrs. Kyle Bressler, the former Mary Rittman of the class of 1910, whose son, Phil Bressler is now a student here; and Edith C. Owens of Phillipsburg, of the class of '13. The classes of 1918, '19 and the early '20's were fairly well represented, and naturally the late '30's were largely represented.

A FEW comments from the "Homecomers:" Smith Harvey, 1939's president, teaching social studies in Canton High School; Betty I. Rothermel, '38,

of Norristown, teaching kindergarten of her own; Bill Statler, '39, elementary principal at Central City; Harold Douty, '32, teaching at Loganton; Alton L. Miller, '31, teaching at Coleville.

Claire A. Davis, '38, teaching at West Fairview; Esther Hastings, '38, holding down a rural school job; Amy Zaner, '38, teacher of the elementary grades in Avis; Janet Brouse, '38, teaching at Lewistown; William T. Griffith, '36, back at school taking elementary work; Richard G. Hoy, '39, employed by the New York and Pennsylvania Company here in Lock Haven.

Ralph Englert of '38, apparently is having a busy time of it at Rauchtown where he has 40 pupils in Grades 1 to 8. Wow! Leah Kreamer of '37 is teaching the Second Grade in Pottsville and Anna Gilmartin of the same year is teaching the Third Grade in Renovo. Georgine Gottschall, '38, is teaching in Pottsville and Thelma Moore Probst and Viola Fluman Martin, both of '29, report that they are each teaching one pupil, in their cases, the son and heir of the family. Both live in Lock Haven.

IF you haven't seen mentioned some classmate of your's who was back for homecoming, be patient. We'll try to account for others of the "Homecomers" in the later columns. mbz

choruses, one a girls', the other a boys' and lastly a mixed chorus, comprises the entertainment. The program for the public will be given on Friday night, Nov. 17, at 7:30 o'clock in the new auditorium.

The guest conductor of this very active association is Mrs. Carol Pitts, nationally known director formerly the director of the high school music department at Omaha, Neb. She is, during the summer, the instructor in the Christensen Choral School. At present she is the instructor at State Teachers College at Trenton, N. J.

Our one hundred guests will not only give a program here but will live on the campus during the two days of their visit. They will not be bored or lonely if our college music department can help it. The students who belong to this are sponsoring a dance for the guests in the old gymnasium on Thursday after rehearsal at 9:30. On Friday afternoon at 3:30 a tea will be given them.
