Miss Roberts Meets With Deans of Women

Miss Roberts attended the eighth annual meeting of the Pennsylvania Association of the Deans of Women at the Penn-Harris Hotel in Harrisburg November 2nd and 3rd and reports a very interesting and well attended meeting. There were present about one hundred and fifty Deans of Women from the colleges, universities, teachers' colleges and high schools of Pennsylvania.

She says that the whole theme of the meeting was the Dean and her contacts with the girls and their mothers.

The program consisted on the first day of a luncheon, speeches, discussions, reports, a tea (at which Miss Roberts was a hostess) and a banquet. The second day was given over to sectional meetings at one of which she presided.

It may be of interest to know that the Y. W. C. A. and the Big Sister Movement were considered by all to be very helpful agencies in helping new students to adjust themselves to new conditions of school.

Miss Dixon Attends Health Conference

Miss Dixon attended a Health Conference at Chicago from October 15 to October 19.

On Monday there was an Opening General Session of the American Child Health Association. Herman N. Bundeser, M. D., president of the American Health Association, stressed the idea that health is a salable commodity, with a continuous and far-reaching market. But the salesman must know and use his line. Our teachings of health must be based on scientific facts; health must have publicity by means of the press, movies, or radios, and health education must be given simplicity of expression. Our aim is to add years to lives, life to years, and lives to the nation.

Herbert Hoover, president of the American Health Association sent a telegram. "The health workers of the nation are the leaders of national defense, in their continual warfare against disease, a primary enemy of

Y. W. C. A. Observes Week of Prayer All This Week

The local branch of the Y. W. C. A. is observing the week of world-wide prayer this week by having Morning Watch in the Y. W. rooms every morning at 6.40, from November 11 to November 17. Every morning the prayer will be about a different country.

Doris Matarn, president of Y. W., gave a talk in chapel Friday morning, November 9, on their observance of this week, explaining that they have taken for their theme the reconciliation between nations, creeds and classes. Each country is to be included in the program with special prayers and recognition of its problems. The cooperation of all the students is urged for this week, and to be of greatest value, the help of all students is needed.

BUY FROM OUR ADVERTISERS

Hallowe'en Party is Well Attended

And a Good Time Was Had by All

The annual Hallowe'en Dance was held in the gym, Saturday, November 3, and it was one of the most delightful events our college has had this year.

To the faculty, to whom we are indebted for this warm reception, we owe a unanimous vote of thanks for their efforts. It served to further the bonds of cooperation and good fellowship which are so characteristic of this college.

The gym was uniquely decorated in Hallowe'en fashion; the familiar orange and black streamers shed a mellow warmth through the atmosphere. Here and there were to be seen weird designs of witches, hobgoblins and other ghastly reminders of the spirit of Autumn and Hallowe'en.

The crowd was cosmopolitan in every respect, and one would be led to think that it was a "party of the nations," rather than a college dance: Fairy queens, dashing gypsies, Spanish señoritas, Indian princesses, colonial and Southern maidens, and every imaginable type of costume; even the faculty entered the spirit of the occasion. Some of the costumes were more than costumes, they were creations, and many a girl was well paid for the weeks of labor necessary to complete her gown, when she received the compliments of her escort.

Last we forget, at intermission, the guests were presented with refreshments, luscious doughnuts and, to say nothing of those big, red apples, a typical Hallowe'en treat. The dancers returned to the floor with returned vigor and pep for the remaining numbers on the program.

Alas, it was all over too soon! The orchestra, who had been doing their duty faithfully all evening struck the chords of Home Sweet Home at eleven-thirty. A few breathless moments in the main hall with "him," and it was all over. After a while the halls were quiet, but there was many an open eye, or fluttering heart as a result of the evening. Let's hope the next comes soon.

Herbert Heyner Gives Inter- esting Concert on Friday

The first concert of the season was given Friday evening, November 9, in the College auditorium by Herbert Heyner, baritone. The program was beautifully rendered and was thoroughly enjoyed by both townspeople and students.

C.S.T.C. LOSES TO E. STROUDSBURG

Powerful Offense is Too Much for Locals

In the final home game of the 1928 season on Saturday, October 10, C. S. T. C. lost to the powerful East Stroudsburg Teachers College eleven by the score of 38-0. The score does not do justice to the stubborn battle that the locals put up throughout the game. East Stroudsburg could do very little on line plunges, but her wide-sweeping end runs and powerful aerial attack enabled her to run up a slight edge on account of their superb defense. The quarter ended with the score 0-0 and the ball in East Stroudsburg's possession about midfield.

The second quarter was only a few minutes old when the visitors pushed across their first three touchdowns scored during this quarter. Her aerial attack was functioning perfectly and together with wide sweeping end runs, rolled up a comfortable lead. When the half had ended the score was 19-0 in favor of the visitors.

The third quarter was marked by the stubborn defense of the locals in the face of the wonderful aerial attack of the visitors. The locals' inability to solve the visitors' aerial attack enabled them to score twice during this quarter and the score mounted to 32-0.

During the final quarter Coach Goerger made numerous substitutions and the substitutes showed up well by holding East Stroudsburg to a single touchdown. The locals opened up with a passing attack during the final minutes of the game and advanced the ball into the visitors' territory. Reninger, who did the passing, and Smith on the receiving end, starred in this last minute offensive. Max Fitzsimons, Coach Parsons, and Bottorf showed up well on the line. The entire team deserves credit for putting up such a game fight against their more experienced opponents. The final game of the season is with Clarion, Saturday, October 17, at Clarion.

civilization."

Livingston Farrand, M. D., vice president of the American Child Health Association, president of Cornell University, said that the greatest goal of a health education organization is to make itself unnecessary.

Tuesday, the 4th session came under the heading of Health Education Division of the American Child Health Association. Pieta McWhorter, supervisor of health education in Alabama, gave an address on Classroom Situations as Teaching Opportunities for Health Instruction. She related that health is neither a subject nor a special skill but a right living and a right way of thinking.

Miss Mary L. Hahn, of the State Department of Health at Illinois, spoke on The Program for Health Education Training in Teachers' Colleges. She said that personal health habits, subject matter, and methods in health teaching, constitute the triple problem of health education in the teacher training institution.

In a general discussion the chief point brought out was the formulation of a simple health program, teaching less but teaching it better. Also this idea was pointed out. A program may be practical, workable, desirable in every way; but it cannot be carried through without the firm support of the administration who has the power to provide time and funds for its operation.

Dr. P. H. Winslow, School of Medicine, Yale University, gave an address on American Social Hygiene Association. He brought out the point that Education is not alone a matter of acquisition of knowledge. It is necessary that this knowledge be translated into self-direction.

Frank Boudreau, M. D., Health Section, League of Nations, gave an address on World Health in which he said that the problem of international health is met by the League of Nations through three major committees: the permanent committee, to deal principally with questions of international sanitation; the health committee, to consider general health problems.

American Child Health Association and the Child Hygiene Section was the next problem discussed. Wednesday, Franklin Peabody, Professor of Psychology, Northwestern University, spoke on Conduct Motives To Which an Appeal Will Be Made. There are two fundamental questions regarding human behavior: How they act and why they act.

Friday, the Child Hygiene and Public Health Education Sections with the American Child Health Association was developed. James Rogers, M. D., chief of the division of physical education and school hygiene, Bureau of Education, Washington, D. C., spoke on School Health Education. He discussed the various handicaps under which the physical education had to struggle. He said that the

KLUB KORNER

The Alpha Sigma Tau Sorority met at 4.30 Monday, November 5, for the regular meeting. Business was discussed and more plans were made for rushing season.

The Rho Omega Lambda Sorority also held a meeting in their room at 5.30 on Monday.

The Alpha Zeta Pi held a regular meeting in their room at 7.15 on Monday, November 5.

The Beta Sigma Chi Sorority called a special meeting on Tuesday at 5.30 to plan for rushing parties. Another meeting was called for Friday, November 9, at 5.30.

technique of the art of keeping alive and well is important and its fundamental should be recognized in the whole scheme of education.

In the final discussions various points were brought out: Health habits, personal habits, social habits, work habits, are the test of progress in health education. Interest in the growth of the individual child must rank above interest in her subject in the mind of the teacher, if true progress is to be effected. Motivation health habits, correlation, inspection directed toward desirable results, investigation of the home environment, interpretation of the child to environment and of environment to child, weighing and measuring, cooperating with school medical workers, carrying on the necessary physical education,

At 7.15 Tuesday evening Girls' Meeting was held. Roll was called, so be there from now on, girls. Lost and found articles were reported.

I. K. U. Meeting was held at 4.10 in the Kindergarten room, Wednesday, November 7. Plans for a Christmas Bazaar were partly decided, and committees were named. Reports of the different committees were given along with the business.

Art Club had a meeting at 7.15 on Wednesday. Business was settled and ideas given about the designs to be used for Christmas presents.

adjusting the child through conferences with the general supervisors—all these comprise the duties of the classroom teacher that definitely affect the health of her group.

Help the Student Council

The work of the Student Council is so often misunderstood. The Student Council is simply an organization which acts for the best wishes and on the problems of the students.

The best known work of the council is the enforcement of school rules. If any case is brought up, the Council hears all sides of the question and then renders its decision, which is indirectly the decision of the student body. Often the final verdict may seem unfair to you. Whenever you

EDITORIALS

It seems, as for all presidential elections,
that the great problems of the
country have come to a standstill during
this period. It doesn't matter
whether our candidate won or lost,
for now things will begin to boom
again.

Perhaps some of us have come to
a standstill at this period in our work,
because of the ending of the "College
Weeks." We, ourselves, know whether
or not we have done good work. The
thing is to keep the good grades and
then bring the poor ones up to that
standard. NOW is the time to begin
if we have not already done so.

The next lecture moment you have,
just stop to look at the campus,
especially at the outside dormitory
windows.

I suppose most of you have formed
your habits, so all we can say is
this, "If you do it at home, do it
here."

The staff is very anxious that every
subscriber get his copy of "College
Times." If you will inform us of any
fault on our part, we will greatly appreciate
it so that we may correct the error
at once.

"Meet Us With A Grin—
Leave Us With A Laugh!"

That's what the, the club
pledges, are saying. Hair parted in
the middle and put behind ears, with
a pink bow on one side and a white on
the other, is enough to make anyone
grin, but, when pink spots are added
to this no wonder people laugh. I

Alumni Notes

Helen Klepper '28 is teaching at
Poyws. She hitch hikes home to Montoursville every night and sometimes
makes the fourteen miles by 4.30 she says.

Peg Smith '28 and Rosalie Hinkley '28 are both applying their Primary methods in South Williamsport schools. Edith Morrison '27 is also teaching in South Williamsport.

W. J. Weaver, class of 1880, came from Granville, Pa., so that he might visit friends and receive election returns. He will be remembered by many for his original poems.

Eckly W. Quiggle, class of 1912, is now located at 2562 Estes Avenue, Chicago, Illinois.

Mrs. T. H. Harder, nee Ethel Sloteman, class of 1920, is visiting her parents at 27 S. Fairview Street. She is now residing at Washington, D. C.

Mrs. Robert Berdsley, nee Rachel E. Harder, class of 1910, who with her husband and young son, resides in Germany, both sent and received mail on the Graf Zeppelin.

suppose we would laugh too, if we could see ourselves. The opinions of the people are all too numerous and embarrassing. Some think we are mentally unbalanced while others think we are color blind. After rules are laid off, where are your bows, spots and pictures are showered at us. Work is our slogan.

Us and Others

Verna Mae Kurtz, Betty Stammely, Ruth McCall and Josephine Viering, of Johnstown, R. O. L. girls, visited here over the week end.

Louise Galbraith, of Johnstown, visitor her sister, Nancy, here over the week end.

Phyllis Kinkead was at her home in Tyrone for the week-end.

Elsie Harper visited with relatives in Williamsport.

Dot Killen was here for a short while on Saturday afternoon.

Yvonne Young was in Jersey Shore for the week-end.

Mr. R. L. Cathcart visited with his daughter, Caroline, on Saturday afternoon.

Sterl Artley, Dave Ulmer and Cy Williams, alumni of the school, were back for the dance last week-end.

Fren Fry and Peg Miller spent the week-end at their homes.

Phyllis Kinkead was visited by her parents on Saturday afternoon.

Helen Lear was given a pleasant surprise when visited by her sisters, Ruth and Janet, and Louise and Catherine Hammell, of Johnstown.

Dorothy Faunteroy, of Clearfield, visited Grace Farran and friends over the week-end.

You bums, I told you that I meant to run for President this year. Goodness sakes, you make me sore, watch this! You're so talking for? Think I was talking for my health when what I wanted was some wealth?

I made my platform, took my stand, you came around and grabbed my hand and said, "Ole girl, I'll vote for you." But that can't pull a fellow through.

I'm not like those ole' G. O. P.'s or like those dog-gone Tammany's who say, "Cash out for our campaign, and we'll be with you night and main." Yeh, they'll be with you main and night.

Take me, for instance, I'm polite. I didn't ask you for the mint. I simply gave a gentle hint. Jimmy crickets! You're so dense—my fund was only fifty cents. And I found that along the street—no dog-gone wonder I was best! Just fifty cents was all I had—couldn't buy a single add.

And it was talking for? Think I was talking for my health when what I wanted was some wealth? You didn't care our party lost—only thought, "What will it cost?" And me, I pawed my shirt and coat, but couldn't buy a single vote.

On Wednesday morning up you come and said, "We couldn't find your name on the ballot. No wonder, then, we couldn't find to put you in." I know, dear friends, it was my lot to lose your votes, since they forgot to put my name down with the rest. I know that you have done your best, so smile and wipe away your tears. His term is only four more years. And then I'll capture every state, for they shall serve who stand and wait.

CAMPUS CHATTER

Well people, it's all over now and Hoover is IT for the next four years. Even Campus Chatter will have to be dry from now on!

"Among the missing"—how sad. But we do wish that someone would invent a new way of calling roll. Ada would probably appreciate it and we are sure we would!

No one can blame Coach for the "bawling out" we got in chapel last Monday morning. Is it possible that anyone can care more about their curls than our football team?

The lost and found column of even the leading newspapers can't compare with these announcements at G. R.'s Meeting. But the information there is not always very clear. Would

Mr. Ulmer Lectures at the Blanchard P. T. A. Meeting

On Thursday evening, November 1, Mr. Ulmer gave an illustrated lecture at the Parent Teachers Association meeting at Blanchard.

Mr. Ulmer talked about nature and its beauties, using lantern slides of flowers, trees, birds and animals to illustrate his talk. He stressed the importance of the appreciation of the beauties of nature, and the fact that children should be taught to love nature as soon as they are old enough to learn.

They should be allowed to have pets, he said, and to associate intimately with nature so that they will begin to feel themselves a part of it.

W. A. A. is proud of its enthusiastic hikers but how about furnishing free bottles of liniment for Ellen Corbin and Hilda Ellis and some of the other over-ambitious athletes.

the afternoon, the Y. W. C. A. presented an Armistice program at Vesper.

The meeting was led by Sara Wilson. Songs pertaining to "Peace" were sung. Beatrice Ellison sang Kipling's Recessional very delightfully. Intermingled among the songs were responses readings pertaining to peace and honor for the heroes who have perished in war.

SORROW

Sorrow's not a substance
Built of broken tears
The summons to a rebel heart
To rage against the years.

Sorrow is the misgnet
That brings life close to hand
And bears the turnings of mans' heart
To know and understand.
