# Jan. Tuition Raise?

Because the Pennsylvania legislature has cut the state college funds, a \$100 increase in student fees may be necessary for the January semester. Dr. Richard T. Parsons, president of LHS, Dr. John H. Bone, dean of students, George F. Rhodes, dean of financial affairs, and Edward McCloskey, business manager, expressed their dissatisfaction towards the necessity for an increase.

Dr. Parsons stated that "the state colleges are under indictment by the department of health, education, and welfare to enroll a larger percentage of black

students, and others who may be underprivileged. If we increase fees, we are making it more difficult for students from underprivileged families to attend college."

The president also stated that "every high school graduate should be educated to the extent of his initiative and abilities" and that "the economic status of his family should have nothing to do with this."

Dr. Bone said that he is against the increase if it can be prevented, but he also stated that if improvements are to be made, "the money has to come from somewhere." Dr. Bone also cautioned that an increase may come in spite of student opinion.

Dean Rhodes made a study of the possible effects of the increase and issued his statement of dissatisfaction: "I think it is clear that there are no sources for additional student aid. I know that some students would have to quit school. All our commitments are made in the fall for the entire academic year, and this year we have no cushion to fall back on. It would seem to me that a change in tuition in mid-academic year is 'pulling

the rug out from under the student."

If LHS does not increase fees, however, purchasing of library books, equipment, educational supplies and closed circuit television and campus improvements such as renovating Russell Hall, painting, tree trimming, and general repairs will have to be severely limited.

The other state colleges are having the same problems. California, Clarion, Indiana, Kutztown, Shippensburg, and West Chester have voted for a \$100 increase. Millersville has approved a \$50 increase. Cheyney has voted against any increase. Bloomsburg, East Stroudsburg, Edinboro, Mansfield, Slippery Rock, and Lock Haven have made no decision as yet.

Lock Haven's board of trustees will make its decision at its regular meeting on November 20.

The board at this time, will receive the results of the questionnaire formulated to evaluate student opinion. All students are urged to complete the questionnaire and to return it to the reception desk in the PUB or to the boxes in Raub Hall foyer and Bentley Hall Lounge.

LOCK HAVEN STATE COLLEGE

Fri, Nov. 14, 1969

### Music Title Up for Grabs

Collegiate performers are preparing for the Intercollegiate Music Festival's 1970 national folk and pop competition.

All forms and audition tapes must be submitted prior to January 15. (Students may secure entry forms by writing IMF, P.O. Box Leesburg, Florida, 32748.)

The Budweiser-sponsored music event will be starting its fourth year and the festival competition begins in February with regional competitions. These competitions will be held at universities all over the United States.

The 1967 national champion was Joe DeVito from Rider College, the featured vocalist on the 1968-69 Miss America Pageants. In 1968 the honor went to the Bureudy Street Singers from Kansas State University who have appeared at top clubs and on the Joey Bishop and Carol Burnett television shows, in addition to a regular spot on the CBS Jimmy Rodgers Show.

The folk-singing nation, champions from Vassar College, the G-Stringers, have been signed by a major recording company.

The national finals will be held at the Edwardsville campus of Southern Illinois University on August 6-8. The three nights of competition will also feature top professional entertainment. A different act will perform each night along with the collegiate talent.

The national champions will

represent the US in competition against the 1969 Canadian titleholders for the North American College Music Championships.

"Those editors never prin" THAT word before!"

The first round on the men's intramural table tennis and billiards are now listed in the recreation room in the PUB. It is up to each player to get in touch with his opponent. The first round must be completed by Friday

### MSC Basic Fee Upped

The Millersville State College board of trustees enacted a \$50 basic fee increase and indicated that the balance may be voted later. The increase, if approved, will affect fees for the semester beginning in January.

The trustees had met informally with a student group before the formal meeting and after hearing students' arguments against raising fees, were reluctant to vote any increase.

The director of administrative services, Gray Sellers, told trustees that several areas in the college were at "crisis points" and no steps could be taken to resolve them unless there was the promise of funds to come. He said, "Most departments on campus are running close to the red." Board members wanted to hold off on a fee increase until the last possible day in case the legislature should come through with an additional appropriation. Sellers said that he could only wait two to three weeks for a decision.

When information that the legislature will not reconvene until November 12, the board voted the \$50 increase which will be indicated in the November 15 billing for spring semester.

In revenue to the college the additional funds will bring slightly more than \$200,000. Millersville's budget had been cut \$800,000 by the governor early this year. By trimming

down on everything, the administration made up approximately half of the reduction. President William Duncan had indicated that the college needed at least \$400,000 more to operate the instructional program through June.

They may need to impose an additional last-minute \$50 fee on full-time students if there is no response from the legislature before the first of the year.

It would be collected as the

### Packer, Brooks, Vaughn, Elected Football Captains

Three offensive players were elected as captains for the 1970 LHS football season Wednesday evening at the annual football banquet.

Mike Packer, a 6'4", 210 pound quarterback, Scott Brooks, a 6'2", 235 pound tackle and Sam Vaughn, a 6'3", 190 pound split end were elected by their teammates to head the 1970 squad.

Packer, a sophomore, had an outstanding year and led the conference in percentage completion was voted the team's outstanding offensive back.

Only yesterday he received a questionnaire from the Dallas Cowboys of the National Football League. In speaking of Packer LHS coach Bob Weller stated, "I don't think there is a better quarterback in our division."

Brooks a two-way performer

last year also received a questionnaire from the Cowboys last season and has had pro scouts looking at him.

"I think this man has the best hands in the conference today," said Weller when he introduced Sam Vaughn as the outstanding offensive lineman. Vaughn was in the top five in pass receptions in the conference all year long. "I think if Sammy has another season next year like he did this season he definitely deserves a shot at pro ball," Weller commented. Vaughn also tied in the voting for the Most Valuable Player award.

The defensive awards went to co-captain Ron Beshore as the outstanding defensive back and Gary Krider as the outstanding lineman.

Beshore, an All-Conference linebacker last year, also tied in the balloting for the MVP

award. Through the season Coach Weller commented, "If he (Beshore) was 20 pounds heavier, they wouldn't let him play." Beshore once again is being considered for the All-Conference team and has been mentioned for the District 18 NAIA team, and if he makes this squad, he will have a shot at the NAIA All-American team.

Co-captain Chuck Brenner, an offensive guard, was the other player to tie in the balloting for MVP.

Weller and his assistants; Harold Hacker, Todd Eberle and Steve Jacobs, received plaques from this season's team commemorating them for their efforts in the 100th year of football. The plaques will be placed in the school's trophy case.

Each player received a certificate, a medallion and a ball point pen from the NCAA head-

quarters commemorating them on their contributions to college football in its centennial year.

Coach Weller loses 17 seniors but should have a good nucleus to work with next year with 17 lettermen returning, 13 on offense and four on defense (picture of captains on page two).

**THE LESSON:** Dennis Gallagher will play the professor in the upcoming college players production of Eugene Ionesco's 'The Lesson' The college group will also be presenting Ionesco's 'The Chairs' next Thursday to Saturday at 8:15 pm in Price Auditorium. Free student tickets can be obtained at the reception desk in the union.

Watch Eagle Eye for more details on these plays

# Rams Seek Fourth Championship

Eastern Division winner West Chester (7-2) will be seeking its fourth Pennsylvania Conference football championship since 1960 tomorrow afternoon at 1:30 pm against Western Division champ Clarion (8-1) at West Chester High field.

The Rams won the first playoff in 1960, defeating Lock Haven 35-6. They shut out Slippery Rock, 20-0, for the title in 1961; whipped Slippery Rock, 36-6, in 1963, and downed Clarion, 27-7, in 1967.

West Chester's only playoff loss was to Clarion in 1966 by a score of 28-26.

Both teams come into the game, which is expected to attract more than 6,000 fans, in relatively good physical condition.

Moreover, West Chester is coming off a 28-14 win over strong independent Lenoir Rhyne of Hickory, N.C., while Clarion posted a hard-fought 21-7 victory over Slippery Rock for the Western crown last Saturday.

With six minutes remaining in the latter contest, Slippery Rock trailed, 14-7, but had possession at the Clarion 25...thanks to a Clarion fumble.

"We were telling our kids that if they scored again they would go for the two points because if the game ended in a tie, we win the Western title," said Clarion coach Al Jacks. "I want to tell you we were worried."

But while Jacks was talking it up along the sidelines, Andy Brindger picked off a Slippery Rock pass in the flat and rambled 55 yards to set up Clarion's clinching touchdown.

After looking at films early this week of West Chester's 36-21 victory over East Stroudsburg and 24-8 loss to Delaware,

## Millersville....

semester begins the last week of January. That would raise the total basic fee to \$275.

The trustees also increased the fees for out-of-state residents, part-time students and graduate students. The out-of-state fee will go from \$300 to \$360 per semester full-time and from \$25 to \$30 per credit part-time. A Pennsylvania resident will pay \$20 per credit rather than \$15 for part-time studies. The graduate fees will also increase from \$20 to \$25 per credit.

Jacks commented:

"I don't feel we will ever be ready for West Chester. We feel this about most teams - and it's good to be on edge like that - but we feel it more about West Chester."

Jacks added: "West Chester is awfully strong in most areas. They have a tremendous defensive team. They have much more size than us, and it's all over the place. If we say we will dive here and bang in there we would just be making it tough for ourselves. We're going to have to find another way of moving."

"The biggest difficulty in defending them is adjusting to their different kinds of offensive sets."

"Erdeljac has more experience," said Mitten, "but I don't think he is a better passer than Forchetti. I think both teams are pretty equal personnel-wise."

"Clarion's strength is good balance. We knew that Erdeljac was a fine passer, but I think we were surprised by their running strength (Jim Kocan and Joe Abal)."

"They have a fine offensive line and their defense is tough."

Clarion leads the league in overall defense. West Chester leads the conference in offense.

Five teams have gained an

average of only 82 yards rushing against Clarion. West Chester has rampaged to 470.4 yards in its five conference games.

The Rams' only losses have been to Villanova, 41-14, in their opener, and to Delaware. Clarion lost to Indiana State University of Pennsylvania, 38-14.

"Clarion led Indiana, 14-7," said Mitten who viewed films of that and the Clarion-California game, "and then Indiana tied it up. Clarion then went on a drive, had a pass picked off that led to a touchdown, and then fumbled a punt that led to another. Everything just caved in on them. Actually it was a very close game."

They are always trying to make you make a mistake. They play real sound football."

West Chester and Clarion both hung up perfect 5-0 records in their divisions. The Rams out-scored their five league opponents by a whopping 43.4 points a game. Clarion was 16.6 points better overall.

The game could develop into a passing duel between West Chester sophomore quarterback Ernie Forchetti and Clarion junior Bob Erdeljac, who is ranked in the top ten in total offense among NCAA small colleges.
