Vol. XVII No. 28

## Exercise your privilege - vote today

Clinton County Registration	Democrats	7,499
	Republican	8,119
	Constitutional	6
	Other Parties	446

Students living at Lock Haven State will vote at the Third Ward polling place, located in the vocational school building on Railroad St. Voting will take place today between 7 a.m. and 8 p.m.

Persons going to the polls are reminded to have in their possession the "Certificate of Registration" issued to each registered voter. This certificate is necessary in order to vote in today's general election.

## Tuberculin tests required of all student teachers and participants

The Pennsylvania Department of Health requires that each student teacher and volunteer participating in student activities shall provide to the school administrator either a negative tuberculin test or of a chest X-ray showing no active tuberculosis dated no earlier than six (6) months before the start of the student teaching or volunteer activities. This includes all student teachers, those preparing to student teach next semester, and those participating in the Block or in any way coming in contact with public school students. It should be noted that a certificate or proof of examination should be submitted to the school administrator where you will be coming in contact with students.

TB tests will be given only once during the school year: November 11, 4:00 p.m. to 6:00 p.m. in Bentley Hall Lounge. Should you find it impossible to be examined at the college, it will be necessary for you to make

arrangements through your family physician or local hospital.

There will be a charge for these examinations. It is estimated that in the event you have a negative report and no history of a positive reaction the charge will be in the vicinity of \$.25.

Those students who plan to take tests at the College should complete an appointment form which is available in Dean Rhodes office, Sullivan Hall, room 313. It is asked that those

persons wishing to take the examination sign up by November 6.

Appointment forms may also be filled out at the following offices:

Dr. Maetozo-Zimmerli 101 for Health and Physical Education and Recreation students.

Dr. Sterns-Himes 106 for Education students.

Dr. Williamson-Sloan Fine Arts Building for Arts and Science students.

## Concert band forming, meeting today in Sloan

By DAWN BEASTON

Play an instrument? Students can now help build the LHSC concert band. "We are just building and are looking for members in all sections," commented Professor Florentino Caimi, the new director of the band.

On Tuesday, November 5, there will be a general meeting held in the Sloan building to get started.

This term's concert is scheduled for December 5 in Bentley.

The only requirement is the ability to play some band instrument. There are no frightening quizzes or auditions. Only a few routine questions will be asked. Any student who would like to become a part of the band, stop in to see Mr. Caimi in Sloan 223.

## Thomas takes first place in weekend chess tournament

Members of the Lock Haven State College Chess Club took first and second place at the Fifth Annual Harrisburg Beginners Open Chess Tournament held on November 2 in Harrisburg, PA.

Marc Thomas, faculty advisor to the club, took first place with a perfect score of four points by having all wins and no losses in the four round Swiss-style tournament.

Don Thomas, a student and president of the club, took second place with three wins and a draw, for three and one half points.

The tournament was officially rated by the U.S. Chess Federation and run by the Continental Chess Association.

According to Marc Thomas, "We made numerous contacts with other chess clubs at the tour-

# Letter to the editor

## PSEA urges library hours review

To the Editor:  
October 30, 1974

Francis N. Hamblin, President  
Lock Haven State College  
Lock Haven, Pennsylvania  
17745

Dear President Hamblin:  
At Lock Haven State College, the students have the right to express themselves on vital issues and their opinions are considered when policies are developed within the college. As Pennsylvania State Education Association members and also as concerned students we would like to exercise that right in suggesting a review of the present hours at the Stevenson Library.

According to the Lock Haven State College General Catalogue: "The main goal of the College is to create an environment that is conducive to personnel, social, and intellectual development." We feel we can not achieve this goal because of the limited access to resource materials located in Stevenson Library. The Children's Library is a prime example of the restrictive nature created by the current library policy.

The closing of the Children's Library between four and seven p.m. discriminates against the students who commute, especially those traveling long distances. However, this affects not only the commuters, but also those students who attend classes and/or work during the day. For these students, studying time is limited to minimal evening and weekend hours. They can not fully utilize the variety of valuable books, texts, and materials provided for use by both elementary and secondary education majors.

We realize that funds used for employing student aids are limited. However, we feel there

needs to be a reordering of priorities to better serve the general student population. We suggest that Stevenson Library be given prime consideration in the allocation of student aids. This would reflect the fact that a library is the most frequently used academic building on a college campus.

This matter has been brought to the attention of the administration through the appropriate department chairman.

Your immediate and serious consideration would be greatly appreciated by all. We are available any time to assist you in this matter, simply contact Susan Smith, Box 304 McEntire Hall.

Respectfully submitted for the Pennsylvania State Education Association:

Nicholas Gledich  
President, PSEA

Susan Smith  
Library Affairs Committee  
Chairperson

### Please note

The lecture by writer Hunter S. Thompson at Lock Haven State will not be November 6 as previously announced. He will be rescheduled for sometime in early December if possible.

Due to a technical error, the following was omitted from the "Think what the last four years would've been like without him" Shapp ad in yesterday's paper: "Paid For By Pennsylvanians For Shapp-Kline Committee."

"FORUM IS COMING"

## Emphasis on creativity

# Praeco gains new editor

Terri Dimpter, a communications major on major here at Lock Haven, presently holds the nerve-racking position of editor of the student yearbook, *Praeco*. She was selected at the October 30 Student Publications Board Meeting.

Miss Dimpter, who had been layout co-editor, replaces Debbie Tedesco who resigned her position as editor last month. Her appointment received the unanimous endorsement of the present *Praeco* staff.

Graduating from North Penn Senior High School, the new editor was quite active in extra-curricular activities. It was at North Penn that she gained her first yearbook experience, working on both photography and copy. Her main interest, however, was and still is teaching.

While still in high

school, Miss Dimpter participated in a student teaching program that enabled her to spend the final semester of her senior year teaching with her school district.

It is not surprising that Miss Dimpter is a secondary education major at LHSC, as it was her interest in teaching that brought her here. She hopes to work in the speech pathology and audiology field upon graduation, and plans to work "wherever there is a school district with an opening."

When asked about the *Praeco*, the new editor said she feels that this year's book is going to be different and very good - different in the sense that it will be less structured or less conventional with a greater emphasis on creativity.

Feeling that the staff

# Rock avalanche staves off Eagles

By BILL STERNER

Staff Reporter

Memo to Coach Bob DiSpirito: "The teams in the Pennsylvania Western Division are for real, and you better start taking them seriously."

On Saturday, the "Rock" finally defeated the stubborn Bald Eagles 33-13. However, the final score of the contest does not do justice to the intensity which the battered Eagles played with. The aerial heroics of the Lock Haven passing attack, combined with a defense that continually said "No," kept the 2,500 partisans screaming their support to the end. The combination of the fans and the game knocked some wind out of DiSpirito, sending his stomach on a twisting, upsetting journey for the better part of the afternoon.

In the first quarter, SRSC drew first blood as was expected. Quarterback Larry Guisti led the fired up Rockets to the Lock Haven 34 yard line. Guisti then drilled tight end Tim Braun for a touchdown. Ed Kelly's PAT failed, but only 54 seconds into the football game the "Rock" led 6-0. Easy game, just like all the other years, right?

Wrong. Slippery Rock was soon to discover they would have to play four very good quarters of football. On the Eagles' first offensive series, they faced a second down and seven situation after a penalty set them back to their own twenty. From there, Eagle field general Dave Bower cranked up and hit newly converted wide receiver Joe Brooks on the run. Eighty yards later, the sophomore speedster stood in the end-zone for a Lock Haven touchdown. Greg Day's foot held true and LHS led 7-6. Behind, the "Rock" temporarily became "gravel." On their very next set of plays, tailback Ed O'Reilly fumbled at the SRSC 47, and freshman Mike Wilhelm

recovered for Lock Haven. The Eagles drove to the 15, but a field goal attempt proved fruitless.

Slippery Rock drove to the LHS 26, where their field goal attempt skidded wide. The defenses on both clubs began to solidify. Late in the second quarter, defensive standout Dan

## Field hockey chalks up victories

By MARY FEUSNER  
Women's Sports Editor

Last Wednesday, the Lock Haven field hockey squads journeyed to Millersville and returned with victories. The varsity handed a 3-0 loss to the home team, while the junior varsity broke a tie game, 1-0 with only 5 minutes remaining to be played.

In the varsity game, the goals were results of hand stops on short corners. Pat Ogle and Pat Rudy were credited with goals in the first period. In the second period of play, Pat Ogle managed to score what proved to be the final goal of the contest.

Due to the defensive play of Lock Haven, Millersville was able to attempt only 2 shots on goal. The Haven offense tallied 16 shots on goal.

The play in the junior varsity game was dominated by Lock Haven, but the attack failed to score until the closing minutes of the final period. With only 5 minutes left to play, Gina Graham pushed the ball past the Millersville goalie allowing Lock Haven to take the lead. The game ended 1-0 in Lock Haven's favor.

On Friday afternoon, the Lock Haven junior varsity team played the varsity squad from Bloomsburg. Once again the game ended in Lock Haven's favor. The score of the contest was 9-0. Leading the scoring in the first period of play was freshman Cathy Ogle who tallied 3 goals. The score at halftime was 3-0. Lock Haven continued on

# Corner Kicks

By GARY BRUBAKER

Staff Reporter

"I was surprised that we had such an easy time" were Eagle Coach Karl Herrmann's first words concerning Saturday's clash between LHS and Frostburg College of Maryland.

Playing on the Bobcat's home field, the Bald Eagle booters drubbed the men of Coach Ken Kutler 4-0 behind Tom Rowan's 3-goal hat trick in the Eagle Co-captain's final regular season game at LHSC.

Frostburg, 9-2-1, going into the game, and an almost certain pick for NAIA playoff action, was never really in the contest as Eagle Roger Bernecker scored on a Lenny Long pass from a direct kick just 3:26 into the opening stanza. Bernecker headed the ball into the net from 10 yards out and the Eagles had drawn first blood.

"We never really let them in the game," stated Herrmann, "We didn't allow them to settle the ball and we constantly harassed their defense, which was in a state of disorganization throughout the game."

Pressuring the Frostburg eleven from the onset of the contest the Eagles tallied again at 8:17 of the period when Rowan, on what Herrmann described as a "sheer hustle goal," scrambled for and came up with a loose ball in front of the Frostburg net and punped home a seven yard shot, putting the Eagles ahead 2-0.

Rowan scored again making it 3-0 LHS at 28:13 of the first period on a shot from the right side off a Jon Conner pass.

Both teams battled to a scoreless deadlock the remainder of the stanza and the Eagles had a 3 goal lead at halftime, despite outshooting the Bobcats just 9-5 in the first forty-five minutes of play.

Second period action found both teams having trouble putting the ball into the net. But then, with a 3 goal lead; the Eagles didn't need to worry about scoring as long as they kept Frostburg from doing so.

Outshooting the Frostburg Bobcats 12-5, "the Haven" in the second half added the final score of the game with just 2:41 remaining when Mr. Rowan captured the coveted hat trick, his first of the season.

"It (the score) was a perfect play," stated Herrmann describing the goal. "Jon Connor made a beautiful switch on a ball to Bill Bush who then dribbled to the left side of the field. "Billy" then fed the ball to Rowan at about the five yard line and Rowan connected."

Final score: Lock Haven - 4, Frostburg - 0

Post game comments: Coach Herrmann—"We played very well today, and pretty well put the game out of reach in the first half. I'm quite pleased with our performance against the Bobcats who were 9-2-1 prior to the match. We beat them convincingly, and it was obvious to everyone, who the stronger team was out there today."

"As far as individual play goes" the head mentor stated, "it was good to see Long and Rowan finish out their careers here at LHS with two great individual performances against Frostburg."

"But all-in-all, I would have to say that it was a good team effort on miserable facilities. Their field was hard - much worse than McCollum field, and was shorter also. A short field takes a lot away from a good team or teams playing on it."

THROW-INS: The field didn't seem to take anything away from the Eagles which defeated Frostburg 4-0, the identical score of last years "Haven" win over the Bobcats.

-The Eagles, finishing with an 8-3-2 regular season mark, will have to sit back and hopefully wait for a possible bid to the ECAC tournament or NCAA Division III playoffs.

-LHS outshot Frostburg 21-10 and led in corners, 6-3. Eagle goalie Steve "Cowboy" Tanner collected 4 saves, while Bobcat netminder Higgins stopped seven Lock Haven shots.

## Game protectors have two jobs

Hunting safety is a relative thing. Pennsylvania's game protectors have a difficult assignment in that their job is two-fold. Not only must they enforce the game laws, but they also have the sometimes unpleasant job of keeping an eye on unwary hunters — who may be endangering others or themselves by assuming unsafe practices.

## praeco

CONT. FROM PAGE 2

is highly talented and equally motivated, Miss Dimpter is very pleased at the staff's ability to work together. She describes the staff members as being able to give each other the feedback and constructive criticism necessary to make the product of their efforts a unified and interesting book. The talent shown by the individual staff members is the key that will assure the book's success, according to the new editor.

Miss Dimpter encourages all students to buy a *Praeco* this year. She feels sure that the five dollar cost for underclassmen will be money well spent.

Giving every man a vote has no more made men wise and free than Christianity has made them good.

-H. L. Mencken

Recently, the story is told of a game protector who spotted an elderly hunter who stood resting his shotgun on the toe of his right shoe. He commented to the hunter that this may be dangerous.

"Oh, it's safe," came the reply, "there ain't no toe in that shoe. I blew it off ten years ago with this same gun!"

its scoring streak in the second half. Sharon Murray scored 3, Gina Graham scored 2, and Dena Smith scored 1.

The Lock Haven teams have one remaining scheduled game before the Susquehanna tournaments. They will face their neighboring rival, Penn State on Tuesday. Game time has been set at 3 p.m.

## rock

CONT. FROM PAGE 3

Bender thwarted an SRSC drive as he pounced on a Giusti fumble at the LHS 33.

However, the valiant effort of the defense finally would break. Bill Fletcher returned a Greg Day punt to the Eagle 36 with 6:13 remaining in the half. Guisti used the smashing running of fullback Roy Ripley and the quick slashes of O'Reilly to move the ball to the LHS 5. Guisti then attempted to pass into the endzone to his tight end, but Mike Wilhelm stole the ball and a "Rock" threat was apparently over.

However, with the Eagles on the offense, Dave Bower lost the football attempting to throw and it was recovered by defensive end Don Schuetz on the LHS 16. A 15 yard penalty shoved the Rockets to the 31, but O'Reilly gained it back in three runs, moving the ball to the 12. From there, Guisti found flanker Dom Ciserano at the four. O'Reilly fought to the two, and on third and goal he charged off the right side for a touchdown with only 39 seconds on the clock. The attempt for two points failed, but the "Rock" enjoyed a 12-7 halftime edge.

With the start of the second half, Dave Bower moved Lock Haven steadily down field using crisp running plays and pinpoint passing. The well engineered drive went to the SRSC 12. With 7:11 remaining in the third period, Jerome Conlon gathered in a Bower toss and the Eagles again led the stunned "Rock" 13-12.

However, the lead would prove to be short-lived. On Day's next kickoff, return artist Scott Bennett took the ball at the three, and scrambled 97 yards for the go ahead touchdown. Kelly's extra point was good, and the Rockets overtook the upset minded Eagles 19-13.

The "Rock" would not relinquish the lead for the remainder of the game. With 1:54 left in the third period, Roy Ripley rammed over from six yards out capping a sixty yard drive. Kelly's point made the score 26-13.

In the fourth quarter, the Eagles and the "Rock" continued to attack each other with great defensive efforts. Late in the stanza, Slippery Rock's Dan Romaniszyn bought a little insurance as he rammed 28 yards for a touchdown. Kelly's kick made the final 33-13 in favor of the "Rock."
