## **Coach Kaiser is Mentor for Third Championship Team**

Coach Kaiser came to Lock Haven in 1931 and proceeded to go right through an undefeated season with his team to gain undisputed championship laurels. His 1932 team was better than average but short of championship caliber. This year he has again brought the championship

## **Again Lock Haven Comes Out on Top!**

### **Football Squad Deserves Credit for Season's Success**

With the football banquet held in the spacious new college dining room, the last remnants of the 1933 football season disappeared, leaving to the ardent fan only memories, but oh, what memories! The season was the last for nine players who have worn the moleskins of this college for the last four years, during which time they have brought to this college the State Teachers College championship of Pennsylvania three times. During those four years only four defeats have been chalked up against Lock Haven in thirty-two games played with the stiffest opposition within the class in the State. Under the able tutelage of Coach Kaiser this season was remarkable in many respects, not only in the fact that Lock Haven lost only one game and that by a two-point margin, but in the fact that the team, after a disheartening early-season defeat, was able by sheer determination and grit to come back and play the rest of its schedule in such an impressive way that there were none to dispute its claim to the Teachers College championship.

The season opened rather auspiciously when the Maroon and Grey

### **Shevock Named Captain At Annual Grid Banquet**

In a final tribute to the fellows who have brought football fame to Lock Haven Teachers College, the Activity Club of the College played host to the Maroon and Gray squad in the newly equipped dining hall. The demonstration reached a climax when, after talks from Coach Carl Snavely, of Bucknell University, and this year's Co-Captains, Hammaker and Bard, and others, it was announced that Joe Wade Shevock, tackle in 1932-33 and a sophomore at the College, would lead the 1934 team in search of another Teachers College crown against the following teams:

## EDITORIAL

Because of lack of space in our regular semi-monthly issues of The College Times, we have never been able to publish a really comprehensive review of the 1933 championship football season, nor to give due credit to the individuals on the team, with special mention of the nine Seniors who have played their last game for Lock Haven. Therefore we feel it only right that a special issue of The Times be published, devoting practically the entire paper to a summary of the season's games, individual pictures and write-ups, and a preview of basketball and intra-mural sports.

Special credit goes to Traffon Buchanan and Stewart Wilson, sports writers on the staff, who had charge of obtaining the material for the issue. The staff is also much indebted to Calvin Cooke, who reported the football banquet, wrote a splendid resume of the football season, and obtained the individual write-ups.

### Præco Notice

Wishing to take advantage of liberal discounts offered by engravers for material submitted before a certain date, the Præco has set January 15, 1934, as the last date that organizations can take pages in the Præco.

Organization secretaries and presidents will please cooperate with the staff by telling Ruth Sherman, Organization Editor, of their page requirements.

## FOOTBALL SQUAD DESERVES CREDIT FOR SEASON'S SUCCESS

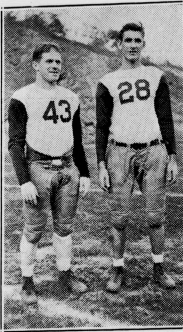

(Continued from page 1)

asily outplayed the California Teachers College on the local field to come out victorious in the first meeting of these two schools in the last few years by a score 6 to 0. The following week end we met our old foe, Indiana, and after leading throughout the game were overcome at the end when two passes and a bad break on a kick gave Indiana a hard fought gam., 6 to 8. It was then that the team displayed their real merits. Faced as they were by the outlook of a year without the success they had hoped for, the boys rallied their forces to defeat Millersville at Millersville by a score of 6-0 the following Saturday. The team went right along, gaining momentum as they went, to take Oswego (N. Y.) Teachers into camp 38-0 at home, Shippensburg 26-0 at Shippensburg, Clarion 38-14 at home, Bloomsburg 18-0 at Bloomsburg, and wound up the season in a magnificent burst of power before the largest homecoming crowd in the history of the school to down Kittiwon T. C. 84-0 as part of the festivities that made up a day of events that shall remain long in the memories of those who participated.

The season is ended, but the memories remain. Memories of Co-Captains Chris Hammaker and Russ Burd and their versatility, of George Shively's and Charles Baker's gallant stands at the end posts, of Big Ed

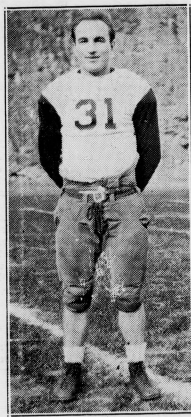

(Continued in column 4)

## Co-Captains

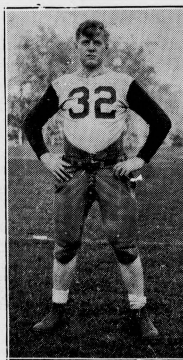

HAMMAKER AND BURD

The smiling boys above were the pilots of the Maroon and Grey during the 1933 title chase. Chris Hammaker (left), of Hollidaysburg, and Russ Burd, of Lock Haven, have completed their four years of varsity competition. Chris has played four years of basketball and was coach of the 1932-33 freshman five. Russ has captained the college track team and won the state title in the pole vault. In 1932 he was vice-president of the Varsity Club.

HARRIS REYNOLDS

Harris Reynolds, another Lock Haven boy, has completed his four years of football for the college and intra-mural basketball. He is an active member of the Deltas. Majors: Mathematics and science.

EDWARD DETTREY

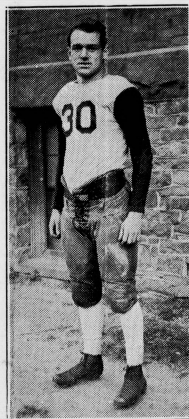

The biggest, jolliest, and toughest of them all, Ed Dettrey, stands out at tackle. The team of 1931, of which he was captain, was undefeated and claimed the state championship title. Ed also stars in baseball and basketball, is president of the Varsity Club, and an outstanding member of the Men's Glee Club. Majors: English and history.

## FOOTBALL SQUAD DESERVES CREDIT FOR SEASON'S SUCCESS

(Continued from column 2)

Dettrey's smashing tactics, of Ray Poole's slashing tackles, of Joe Shevock's punt blocking and defensive work, of Ken Hart's thrilling dashes, of Wepsie's murderous line plugging, of Duff's effective intercepting of passes, of Lingenfelter's exceptional catches of passes and the runs that followed, and of a thousand other episodes that marked this season as the most remarkable in the history of the school.

Along with the glow of pleasure occasioned by the events of this season cannot help but come a feeling of dismay when we realize that graduation will take a most the entire 1933 team—Chris Hammaker, Russ Burd, Ken Hart, Charles Wepsie, Charles Baker, Edward Dettrey, George Shively, Ray Poole, and Josh Reynolds receive their diplomas at the end of this year. But much of the fear is to a large extent groundless, for Coach Kaiser has been looking ahead and has prepared in advance for the drought he feels is coming. With Joe Shevock leading the Maroon horde; with Lingenfelter and Miller of this year's team in the line along with Johnsons, Meyers, Breslin, Hunter, Sholly, and Geno, and with Hodrick, Hill, Lucas, Kipp, Caprio, and Duff making up a fine backfield, another great team under Coach Kaiser is inevitable.

GEORGE SHIVELY

George Shively, a Clearfield boy who has made a reputation for himself at S. T. C., has played end for four years. He also plays baseball and basketball and competes in track and boxing. He is vice-president of the Varsity Club and treasurer of the Naturalist Club. Majors: History and geography.

### Plans Well Under Way For Intra-mural Sports

Plans are now in full swing to promote the interest of the student in intra-mural sports. Tournaments will be held in boxing and wrestling by dividing each into several classes of weights.

A basketball program is being made out. Plans for this sport are the same as last year, that is, to have two leagues, the National and the American, with six or more teams in each league. This makes a total of 12 basketball teams in the school, not counting the Varsity and Junior Varsity squads, with a total of more than 60 participants.

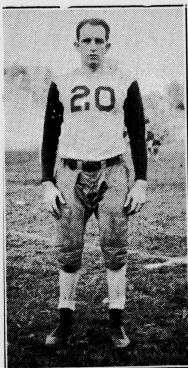

Plans are being made for another series of intra-mural baseball games, as was done last season, and also for a tennis tournament and the annual inter-class track meet.

Coach Kaiser is working out a system for making some sort of an award to the winning team or individual, so that each person now has some incentive to enter the sports.

### Star Player

KENNETH HART

Ken Hart, a Jersey Shore boy, because of his outstanding running and passing ability, has gained the enviable reputation of being the most consistent and spectacular player on the team. Ken has played quarterback and halfback and has the leading scoring records for the four years, 1930-33. He is also outstanding in track and intra-mural basketball. Majors: History and geography.

### Basketball Promises Excellent Season for Local Fans

The basketball season at the college is now well under way. Thus far the season has had a bright outlook.

In practice tilts with teams of high calibre our squad has been more than an average success. They have defeated such teams as the Two Mile Conservation team and the Lock Haven Vagabonds, and lost by a narrow margin to the Irish-American Club from Renovo, a fast-stepping squad.

Coach Kaiser has not yet definitely named a Varsity five but uses the entire squad of twelve men to good advantage. A Junior Varsity under the direction of Ed Dettrey has been performing in preliminary games and has given a good account of itself.

#### COACH KAISER IS MENTOR FOR THIRD CHAMPIONSHIP TEAM

(Continued from page 1)

to Lock Haven. Coaching championship teams is somewhat of a habit with "Jimmy." His Mayville, North Dakota, Teachers College baseball team won five successive championships and two basketball championships. Mr. Kaiser graduated from North Central College, Illinois, and earned his Master's degree in Physical Education at Columbia in 1930. He has been at coaching school in Illinois and at Notre Dame, where he has studied the systems.

### LOCALS WIN 44 TO 18 FROM MANSFIELD FIVE

Hammaker and Weber Are High Scorers for Lock Haven

Lock Haven opened its official Teachers College basketball season on Dec. 16 with a decisive victory over Mansfield Teachers College.

With the exception of a short time during the opening quarter the local boys were never behind, although the scoring was nearly even during the entire first half with Lock Haven leading 22-16 at intermission time.

Shortly after the second half started, Coach Kaiser began a series of substitutions which saw the entire squad of eleven men get into action before the final whistle.

The game was satisfactory from all angles with Lock Haven putting on good exhibition of shooting and passing. The game was cleanly played, as the number of fouls by both clubs will signify, and marks the resumption of athletic relations with Mansfield after a year's break.

For the locals, Hammaker and Weber were the high scorers with twelve points apiece, while Bordner and Edwards were the center of the Mansfield attack with eight points credited to each.

In a preliminary game the Jay Vees defeated the Stars and Stripes, a group of boys from the college, by the score of 46-18. Watts gathered 26 points. The next games on the schedule are with Bloomsburg and Shippensburg on Jan. 5 and 6, away from home.

RAY POOLE

Ray Poole, an exceptionally strong guard on the college team for the past four years, is also from Clearfield, and participated not only in football, but in track, boxing, and intra-mural basketball. He is an active member of the Varsity Club. Majors: History and geography.

CHARLES WEPSIC

Charley Wepsic, of Central City, has been heralded as one of the best football players developed in this section of the state. For four years he has plowed his way through opposing lines to gain an unexcelled record of touchdowns. He goes in for wrestling and intra-mural basketball, and is a member of the Y. M. C. A. and the Varsity Club. Majors: Mathematics and science. (His math enabled him to solve his opponents' plays, says Charley.)

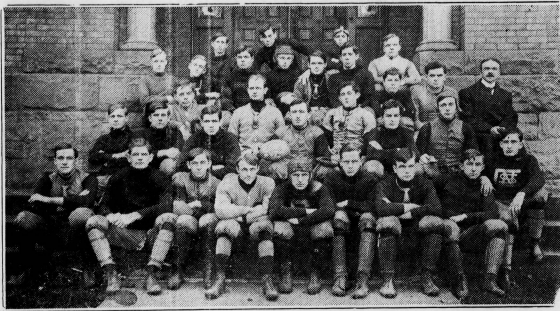

CHARLES BAKER

Charley Baker, of Lock Haven, had an end position for four years on the college squad. He takes an active part in intra-mural basketball and has earned track letters in the last two years. He is an active member of the Deltas and the Varsity Club, and was treasurer of his class in 1930. Majors: English and history.

## State Normal Champions of 1907

Do you see any familiar faces? Dr. David W. Thomas is there, and our own Mr. M. DeTurk High, who was faculty adviser as well as coach for the team which won state recognition in 1907.

## Cheers for Whitey!

S. DARE LAWRENCE

Four years ago there came to this college something new—a trainer. Naturally enough Whitey Lawrence, who had served in that capacity very ably at the Lock Haven High School for the 12 preceding years, was chosen for the position. Just as at the High School, Whitey has become "the grand old man of the campus."

We have been hearing some tall deer stories lately, especially one about Densham . . . shooting at a deer twenty feet away, missing it . . . and then his gun wouldn't work. He should have had a bayonet.

Ruth Leinbach asked a blond youth if all All Americans were College Widows.

## SHEVOCK NAMED CAPTAIN AT ANNUAL GRID BANQUET

(Continued from page 1)

through a cleverly arranged program of football talks under the direction of the Postmaster, A. D. Patterson, of the English Department.

Dr. Dallas W. Armstrong expressed appreciation of the record of the gridlers, paying a special tribute to the graduating seniors.

In a humorous and enlightening talk, Coach Carl Snavely took us on a trip back into the good old days when girls were girls and men played football.

C. M. Sullivan, faculty manager of athletics, and Dr. Thomas, president of the Board of Trustees, compared football at Lock Haven then and now. Assistant Coach Wynn Fredericks spoke in behalf of the coaching staff in the regrettable absence of Coach H. J. Kaiser.

After short talks by Co-Captains Russ Bird and Chris Hammaker, Dr. Armstrong introduced the football program for 1934—Joe Wade Shevock, of Portage, Pennsylvania, who expressed high hopes for next year's success.

Among the well wishers present who said a few words in praise of Lock Haven's splendid record were Doctor Benjamin Griffith, professor of English and manager of athletics at Bucknell University, a member of the L. H. S. T. C. faculty from 1898 to 1906, and Don Griffin, former assistant coach at L. H. S. T. C.

Among other guests were Coach Rock, of Williamsport High School, Coach Ricker, of Lock Haven High School, I. T. Parsons, of the Board of Trustees, and Mr. Woolridge, former player at Lock Haven Normal.

Appreciation was expressed for the help of Mr. Ritter, Bursar, Mr. Ulmer, president of the Student Activities Council, and Mr. O'Reilly, of the Lock Haven Express.

Have you paid your Praeco fee?

## Ken Hart Leads in Scoring, Gained 43 Points in Season

Kenneth Hart, of Jersey Shore, was high scorer for the team of 1933. His total aggregates 43 points, followed by Joe Miller, of Sunbury, with 31 points and Charley Wespis with 30. Bird, a senior letterman, tied with Girard Caprio, of Lock Haven, and Jimmy Duff, also of Sunbury, both freshmen, for fourth place with 25 points. Lee Kipp, another freshman, came seventh with 15, followed by Joe Shevock, sophomore, who tallied 6. Frank Geno, of Philadelphia, and Len Johnsons, of Mt. Carmel, freshmen linemen, tied for ninth place with one point each.

## CAMPUS CHATTER

Do you know them by their expressions?—

1. It seems to me.
2. Do you see what I mean?
3. As it were.
4. Why?
5. You see!
6. Huh?
7. Well.
8. Less noise please.
9. All right.
10. Is there a meeting today?
11. I just about popped!
12. Now let me see . . .
13. Morning, Clem!
14. Hello there!
15. How are you this morning?
16. Let's translate.
17. Chapel time!

Harry Lingle shot his first deer, a buck. He had a very thrilling experience—at least he said so.

Shooting the ball is no longer in style. It's changed to shooting the buck. Ask Frank Courter for particulars.

A message to Bill Mahaffey: Wanda is now an All American.

Who's in the titles now?

## Former Grid Stars Become Successful H. S. Coaches

Several members of former Lock Haven football squads have completed successful seasons of coaching at various High Schools in Pennsylvania.

One of our stellar players, Max Bossert, who captained the team of 1930 which won a State Championship title, has had an outstanding season this year as coach of the Morrisdale High School football squad. He produced an excellent team which boasts an undefeated record for this year. Max has been recognized by the I. A. A. League.

Ted Robb and Dick Parsons are also successful as coaches. Both starred as football and basketball men while attending Lock Haven Teachers College. Ted Robb captained the football squad of '28 and Dick Parsons led the basketball squad of '27. On the football team Ted was a fast moving half and Dick played center. This year Ted has completed a successful season of coaching at Reynoldsville High School and Dick at Fayette City High School.

## New Plan Worked Out for College Placement Bureau

In spite of the depression, the Placement Bureau of the College, under the supervision of R. S. MacDougall, has been giving excellent service in the last few years. The actual percentage of graduates from Lock Haven who have obtained positions are: 98% in 1929, 80% in 1930, 74% in 1930, and 70% in 1933.

This year a plan has been worked by which, it is hoped, the percentage will be increased. Mr. MacDougall has had various conferences with groups of seniors to present the system for their approval. The keynote of the new plan, as explained by Mr. MacDougall, is basically somewhat similar to the former system. Pictures of several graduates who wish to teach in a locality will accompany the letters written in quest of available positions. These pictures will be mounted on cards containing a brief description of the persons. Thus the superintendent will be able to examine the pictures and the brief records of the graduates even before he requests data.

Mr. MacDougall also suggested that each student contribute seventy-five cents to cover the cost of postage.

The seniors agreed whole-heartedly to this plan and the former do all they can to aid in making it successful. They also plan to cooperate with Mr. MacDougall by keeping in touch with the placement bureau after graduation and by notifying him immediately upon their obtaining a position.

Did you see that sophomore girl carrying an alarm clock under her hall? She was on her way to penmanship class. No—she wasn't afraid of overleaping—but the clock did fog up the window like the box a bottle of ink comes in.

We heard a story about five alarm clocks under a pan. Wonder if Bob and Joe heard them?
