## Applied Journalism makes T.V. shows Chapin will cost \$5.50

By BILL STERNER  
Staff Reporter

"There's a lot of blue sky in the future of cable television," predicted James Vickers in an interview with Dr. William Reich before a small audience in Raub Hall last Thursday afternoon. Vickers, who has had extensive work experience in the new industry of cable television, was on campus to speak of the progress that has been made in the media over recent years.

"When the idea of cable television came up, money and equipment were no problem," said Vickers, who now resides in nearby Lewistown. "The problem was getting the necessary talent to run the show. It wasn't around, so we had to develop it." Cable television was conceived in the mountain regions of the United States, but has been expanding ever since.

This semester, Dr. William Reich's Applied Journalism class is preparing programs for Channel 10 on the local cable. The programs will begin on Thursday, February 12, at 7:00 p.m., and run until 11:00 p.m.

Vickers had some advice for the students concerning the programming of local shows. Vickers himself was introduced to cable television in Kent, Ohio. He worked there on programs that were made with the cooperation of the town and the college.

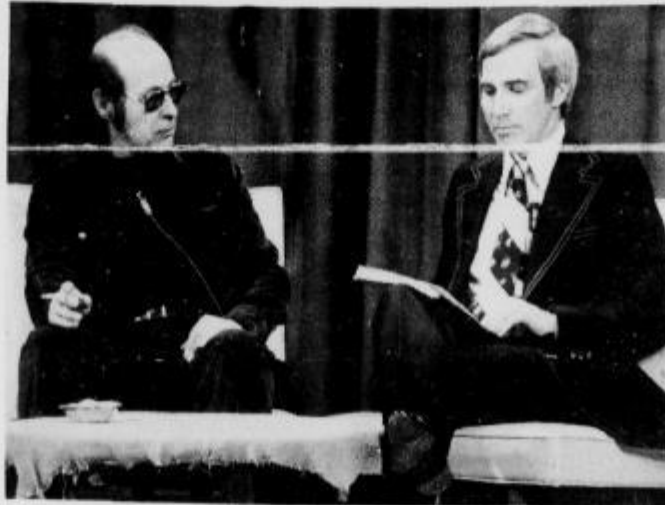

"To be successful," Vickers related, "You need one or two solid programs of high local interest. If you get the local people on T.V., interest will abound. People always want to see themselves."

If the interest level continues to be high in the surround-

ing area, Vickers believes that Lock Haven may have pay television available to the residents within 60 days.

"The service will be optional with a six to eight dollar per month fee. The program-

ing will be some current major motion pictures that will run on an uninterested basis," Vickers said. He also reported that the idea had been introduced in various other parts of the United States, and had worked well.

## Polish exchange is planned for fall

By FRED SCHULTZ  
News Editor

Plans are now in the final stages for an exchange program, starting in September with the country of Poland.

According to Dr. Marcus Konick, an exchange of 10 students and at least one professor is planned.

The exchange, Konick explained, will be with the Adam Mickiewicz University in Poznam, Poland. Financially, it will be based on the conditions for which the Nottingham exchange was made, except that the Polish government has arranged to pay the "spending money" for the American students along

with special rates for travel.

Students who will go to Poland will be required to take one course in the Polish language, but may take any of a variety of other courses there. Many field trips, including various tours are planned for the American students while they are attending the university.

Professor Charles R. Kent, who went to Europe last summer, is the coordinator of the exchange.

A meeting of some Polish officials with President F. N. Hamblin is scheduled for March. A reception for them is also planned along with a trip to Europe in April when

Chapin will cost \$5.50

Thursday afternoon tickets went on sale for the February 21st appearance of Harry Chapin.

Though posters read prices as \$6.00 in advance and \$6.50 at the door there will only be a \$5.50 admission charge for those with validated LHSC ID cards. In Lock Haven tickets are available at the secretary's desk, Lower Level PUB, in State College at the Record Bar, in Williamsport at the Stereo House and at the Stereo House in Lewisburg as well.

Harry Chapin can be said to appeal to both an AM and FM audience. His debut album, "Heads and Tales", brought forth the single, "Taxi... The "Short Stories" LP sired Harry's second major single, "W\*O\*L\*D."

The Thomas Fieldhouse concert is scheduled at 8:00 p.m. as part of the Social Committee's Winter Weekend festivities.

Hamblin will meet with Polish officials to discuss the plans for the exchange. Also in April, a meeting is planned in Washington, D.C. involving all the colleges in the United States which will be having exchanges with Poland.

Any student interested in going to Poland should apply immediately through either Konick or Kent. Applications should be made immediately because the exchange involves not only this college, but all of the state colleges. Students who have already made applica-

tions and all applicants from LHS college will be given top preference.

Dr. Kenneth Settlemyer

house plants, discussed the current plant fad.

According to Dr. Settlemyer, the ecology movement sparked the fashion to some extent, but also as he reported, "We're living things--we relate to living things." Different types of plants have come in and out of vogue over the years, and right now we are in a "hanging basket craze." No matter what the form this fad takes, however, Dr. Settlemyer believes it "shows our concern for nature...and man's past."

Society, and the American Horticultural Society. He also belongs to the American Society of Plant Taxonomists that specializes in plant classification. Last summer he attended the Twelfth International Botanical Congress in Leningrad. He is also especially interested in floristics and was the first person to take a total survey of Lycoming County for woody plants.

The Campus Beautification Program, responsible for a variety of new shrubs planted this summer, is

### 'Midnight Lightning' - Jimi Hendrix

This is a must album for every Hendrix fan. The LP contains five new Hendrix songs and three old ones. The old ones are done in a way you've never heard them done before.

For you people who wonder who directs these albums, because Hendrix has been dead for six years, well, his name is Brad Baker. He is also the musical director for "Crash Landing." Baker takes these Hendrix tapes that were recently found in an attic and usually cuts out all music except Jimi's guitar and lyrics. This means you won't hear Hendrix's old band members like Noel Redding, Mitch Mitchell, Buddy Miles or Billy Cox. Baker adds Bob Babbit on bass, Alan Schwartzberg on drums and Jeff Mironov as back guitarist. The new conglomeration is fantastic. The new band seems to be tighter. Too bad Jimi will never know how good his new band sounds.

The first song of "Midnight Lightning" is "Trash Man." It's the best cut off the album. There are no words to the song, it is strictly instrumental. There is some very fine lead guitar and drum work. The drums have a deep sound which really sticks out. The next song is "Midnight Lightning." It contains three girls for back-up vocals (which Hendrix rarely used while alive).

The next song, "Hear My Train A-Coming" was done by Hendrix at Woodstock. This work contains some lightning fast

cont. on page 4

another of Dr. Settlemyer's interests. The program is worked on by volunteer students who weed and care for a specific bed of plants over the summer. One concern of the organization is the need to keep people off the grass during the fall and spring when it's most vulnerable. Right now our campus is full of "goatpaths" branching off from our sidewalks. Dr. Settlemyer, who is familiar with

# Women gymnasts vault to second team victory

By ANDI HOFFMAN  
Staff Reporter

The Lock Haven State Women's Gymnastics Team swept the uneven parallel bars and floor exercise events, and placed two competitors in the vaulting and balance beam events to secure their second win of the season over the University of Pittsburgh at Johnstown, last Saturday.

"The girls did an excellent job vaulting and in the free exercise events," commented Coach Lu DeWette, "But must develop more precision on the balance beam and uneven parallel bars."

Barb Spisak and Jayne Masters placed first and third respectively in the vaulting event. Both had scores of 7.0 or higher.

Veteran Natalie Preston was awarded first place for her performance on the uneven parallel bars. Freshman Cindy Tawney earned her first team points with a second place performance. Barb Spisak was close behind placing third. At the end of two events, Lock Haven was leading by a score of 33.74-24.50.

Barb Spisak for the third time of the day placed in the standings. Barb was awarded second place and sophomore Joan Kift finished with a third place in the balance beam event.

Once again Lock Haven showed their grace and poise by sweeping the floor exercise event. Spisak, once again reaching the 7.0 mark, captured first place. Sue Woolston, a promising freshman, placed second and veteran

The Eaglette swim meet with Lycoming had been scheduled to take place in Zimmerli yesterday, but was called off because the Lycoming team was severely hit by the flu. The meet has not been rescheduled.

*A coffee House will be held today from 8 p.m. until ? in R106. The Coffee House will be video-taped and played back on dates to be announced.*

Janice Wilk was awarded third place.

Spisak was also awarded first place in the all-around competition with a score of 24.42. The final meet score was 68.12-53.32.

Lock Haven's next competition will be a tri-meet February 21 against University of Pittsburgh, and Franklin and Marshall College, in Zimmerli at 1:00 p.m.

Coach Nan Woods Eaglettes appear to be calm and collected before shattering 9 Zimmerli Pool records in the 89-37 win over Wilkes. [Photo by OLLIE SMITH.]

## Eaglettes shatter nine records; beat Wilkes

By MARY FEUSNER  
Women's Sports Editor

The Eaglette swimmers splashed their way to their third win of the season on Thursday afternoon as they defeated Wilkes College by a score of 89-37. In the process, nine varsity and pool records were shattered.

The meet opened with the 400 medley relay team of Elliott, Weber, Schaal and Kriebel setting a record with a time of 4:50.36. Lock Haven then took the first two places in the 200 yd. freestyle. With a time of 2:14.21, Bev Hofman set another school record. Teammate Carol Harr finished in second behind Hofman.

The 200 yd. individual medley was swept by Lock Haven's Selma Bjorklund with a record time of 2:26.54. Backstroke Becky Elliott "did her thing," breaking the records in the 50 and 100 yd. backstroke competition. Elliott's times were 30.37 and 1:08.30, respectively. Ellen Ralston finished strong for a second in the 100 yd. backstroke.

Linda Saxinger, Heidi Weber and Doreen Sauer didn't allow the Wilkes swimmers to place in the 50 yd. breaststroke event. Saxinger's time of 36.02 set the fifth record of the afternoon.

Ellen Ralston's 27.8 in the 50 yd. freestyle event was time enough to break another Zimmerli pool record. Teammate Ann Kriebel finished in second place behind Ralston. Eaglettes Schaal and Hoffman swept first and second in the 50 yd. butterfly.

With swimming at a standstill the attention was turned to the 1 meter diving. Eaglette diver Sherie Munday captured second place in this competition with a total of 116.05 points. This was the only event of the day in which Wilkes managed to take a first place.

1:08.30 was the first place time turned in by Bev Hofman in the 100 yd. butterfly. Peg

Schaal finished with a second. Ann Kriebel placed first in the 100 yd. free style with a time of 1:05.67. Swimming exhibition, Doreen Sauer took second with a time of 1:08.55.

Carol Harr and Jenny Stotz captured first and third, respectively, in the long distance 500 yd. freestyle.

159.9 points were tallied by Naticy Crouthamel as she

cont. from page 2

guitar. Hendrix was known for his ability to scurry his fingers up and down the guitar and never get tired. The last song on this side is "Gypsy Boy." It's a mellow tune (something like "Hey Joe.")

The second side starts off with "Blue Suede Shoes" which is an old Hendrix tune. The next song "Machine Gun" was originally a twenty minute number on "The Band of Gypsies" LP. It is considerably shorter on this album. At times, it sounds like a completely different song compared to the original one.

The song "Once I had a Woman" is a blues number. The last song is "Beginnings" which sounds alot like "Rainy Day" off the 'Electric Ladyland' LP.

This album is no doubt one of Hendrix's greatest, but I rate it a B plus.

swept the optional diving division.

Selma Bjorklund swam the 100 yd. breaststroke event as exhibition and recorded a time of 1:16.95 securing the record. Heidi Weber finished with a time of 1:25.51 to take first place.

The final event of the day, the 400 free relay, was swum by Elliott, Hoffman, Schaal and Bjorklund. Their exhibition time of 4:08.83 meant another pool record time was bettered.

The meet concluded, with a score of 89-37 showing on the scoreboard.
