Library extends hours

By James Bibbs
Staff Reporter

Stevenson Library will be extending its hours for students as a result of on-going discussions between library officials and administration.

The newly extended hours for the library will be from 7:30 a.m. until 11:00 p.m. With these new hours, a "study hall" for students will be initiated from 9 p.m. to 11 p.m.

During this "study hall," the library will be staffed by a library helper, a student assistant at the main desk and a student assistant in the reserve room. No other services will be available.

Robert S. Bravard, Director of Library Services, said, "I am very pleased with the Hours Task Force and the administration

cooperation in our efforts to get the new library hours."

Bravard added that the effects of the expanded hours will be evaluated over the upcoming months and that it is likely that additional expansion may occur in the future.

Students seemed to be very pleased with the new hours. "This pleases me more than anything," said junior Nicole Schuck. "My studies are everything to me and extra hours in the library will assure quality grades for me." Senior Duane Brown commented, "This is 'word.' Now I can study late nights in the library."

The new hours will go into effect February 5th. Sunday through Thursday the library will be open from 7:30 a.m. to 11 p.m., Friday from 7:30 a.m. to 4:30 p.m., and Sunday from 1p.m. to 5 p.m.

Influenza near epidemic on campus

By Elvera J. Crissman, R.N.
and Nancy L. Panko, R.N.
Guest Columnists

The "Flu" is here! In five days there were 541 patient visits to the Glennon Health Service Center. Out of that number, 404 patients were treated for flu related symptoms.

These symptoms range from fever, chills, body aches, nausea, vomiting, diarrhea, sore throat, nasal, and/or chest congestion. There may be a productive or non-productive cough present.

The causative agent of the flu (influenza) is a virus unaffected by antibiotics. However, antibiotics are used if there is a secondary infection present such as strep throat, sinusitis, otitis media (ear infection), and bronchitis or pneumonia. Uncomplicated influenza may last five to seven days; with secondary involvement, it may be prolonged to 10 to 14 days.

Symptomatic medicines to aid in recovery can be obtained from the nurses at the Glennon Health Center from 8 a.m. to 4 p.m. Monday through Friday. The physician is in from 9 a.m. to 12 noon

Monday through Friday to see students.

Students with persistent throat, ear or sinus pain, increasing cough, persistent fever or fever unresponsive to tylenol should be re-checked by the physician for possible secondary infection.

In addition to symptomatic medicines, treatment for the flu includes bed rest, forcing fluids to keep fever down and to liquefy secretions, and diet modifications to help alleviate digestive tract symptoms.

If there are any questions about your illness, the best course of action would be an examination at the Infirmary.

WARNING: With the recent outbreak of influenza on campus, please be careful to read all labels on medicines bought over the counter. The contents should not contain aspirin or any salicylate which is associated with Reye's syndrome when taken in the presence of a virus or upper respiratory infection. Avoid these aspirin-containing products: Pepto-Bismol, Alka Seltzer Plus or Aspirin itself. Thank you.

SCC discusses many topics; resolves some

By John P. Elder
Staff Reporter

The Student Cooperative Council (SCC) kicked off its first meeting of the semester Wednesday by deciding to install a change machine in one of the four hillside residence halls.

McEntire Hall representative Eugene Washington presented the idea to the council after explaining that students often have difficulty obtaining change for laundry and vending machines. Washington proposed placing machines in each hall provide students with change 24 hours a day.

Leland Spangler, Director of the Parson's Union Building (PUB), told the council that such an undertaking would be too expensive. President Troy Weaver then proposed putting one machine in a central location among North, Gross, McEntire, and High Halls.

According to Weaver, the change machine issue will be negotiated as part of a vending contract with Rosamilia Brothers vending service. Rosamilia's current contract with the University expires this summer and will soon require renewal.

Another major item discussed at the

meeting was student dissatisfaction with curriculum advisors.

"There are some very unknowing advisors on this campus," said Weaver.

During the discussion, one representative told the council about an experience she had with an advisor.

"After I had out my scheduling form, he (the advisor) asked me what he had to do with it."

Another representative agreed that advisors are often uninformed, but offered an explanation.

"I think there are some advisors that already have too much to do. They just don't have time to advise students."

To address the problem, the Council proposed having advisors evaluated by their advisees.

Librarian Nancy Palma reminded the Council that students who are dissatisfied with their advisors can request to their department chairperson for a change.

The Council also addressed student complaints about service at Glennon Infirmary.

Complaints ranged from inadequate doctor hours to medical incompetence. Currently, the Infirmary is staffed with a

Dear Editor:

I would like to express my disappointment in the administrative offices of this university. Before going home for the semester break in December, I, like many other students attending this college, handed in my registration material on time and made several trips to the Revenue Office in order to make sure my obligations were met for the spring semester. However, when I returned, I discovered that the Revenue Office had errors on my refund, the money that they owe me. I have made several visits to correct their mistakes, and to this date have still not received the total amount of my student loan. To make matters worse, on the first day of classes, my name was not on any of the attendance records in my classes. At the Academic Affairs Office, I was told that due to a computer error my schedule has been deleted.

Today in the *Eagle Eye* (January 31) I read a comment made by James K. Smalley, Associate Dean of Academic Affairs, that there were no truth to the explanation that a number of students had their schedules deleted and that it is just a rumor. My question to Mr. Smalley is: WHY then even though my registration bill was paid for before leaving LHU for the holidays, was my name not on any of the attendance lists? I deeply resent the implication that this mix-up was MY fault when in all honesty it was caused by the incompetence of the Academic Affairs Office. When preregistration deadlines are met and our bills are paid, in other words when we have done our job, I think that we as students are entitled to expect administration to do theirs.

Very truly yours,
Jennifer L. Young

To the Editor:

I am responding to the article on the new security system (January 31) being installed in Woolridge and Russell Halls and eventually campus wide.

Although, the Administration may think the new security system will bring safety and benefit the students. I feel it will only bring resentment and frustration between Law Enforcement and the students. Are the students, not adults, able to determine their own coming and going and by which door they choose to use? Does Law Enforcement have nothing better to do than run back and forth turning off alarm systems and letting students in the residence halls?

Lycoming College students have a key to the residence hall and their room. Even, in own homes, we may come and go as we please and still have security. Anyway, isn't security supposed to lock other people out, not the resident, and I've never heard of security locking the residents in!

Isn't there a better solution to the problem that will meet the needs of all concerned? Shouldn't the students have the responsibility of their own safety? Law Enforcement should be enforcing the law, not wasting time turning alarms off and letting students in the residence hall.

I think this alarm system will frustrate all involved. The students will feel as though they are imprisoned in their own home and Law Enforcement will be wasting time running turning all over campus.

I think giving students a key to the residence hall and their rooms would be a better solution.

Streak ends at 14...**Shippensburg upsets fifth-ranked Bald Eagles by one, 75-74**

By Herb Samuels

Sports Reporter

The fifth ranked Bald Eagle men's basketball team was upset by Shippensburg Wednesday, 75-74, to halt their winning streak at fourteen games.

The Bald Eagles walked into Shippensburg and considering the Red Raiders' 5-12 record, should have walked out with a victory.

"We didn't shoot well," said head coach Dave Blank. "We only hit 40 percent of our shots while they shot 60. That was the bad game right there."

The Eagles went into halftime with a 39-29 lead.

They continued to dominate the game as they led by 10 at the 3:30 mark.

"We had the game in our hands," Blank said. "We missed our free throws."

The Bald Eagles missed the front end on critical one-and-one free throws. Ship closed the gap shooting three three-point shots.

Bald Eagle guard Tim Glass hit two free throws with 21 seconds left in the game giving LHU a 74-73 lead.

Then, with eight seconds left, Ship's center Steve Korr scored what turned out to be the winning basket.

The loss gives the Bald Eagles a 17-2 overall record and a 4-1 record in the Pennsylvania Conference Western

Division.

Despite the loss they still got a great performance from forward Dean Kriebel.

He scored 22 points leaving him only 20 points shy of 1,000 career points. He also led all rebounders with 18.

Guard Truman Greene also had a great game scoring 15, while going five for six from three point range.

Glass added 13 points while center Dirk Remensnyder finished with 11.

The coach said the loss to Shippensburg and the close wins over the University of Pitt-Johnstown and Edinboro could be from all the success.

"We've been coasting too long," Blank said. "We're always having to find ways to

win late when we had the game in our hands earlier."

He also agreed the loss could be beneficial.

"It could take some of the pressure off. We still have seven games left, and we're tied for first place in the division," said Blank.

The team they are tied with are the Rockets from Slippery Rock.

They will visit the Thomas Field House tomorrow night at 7:30 p.m.

According to coach Blank the "House of Noise" won the game for them against Pitt-Johnstown.

The guys could use the same support against "The Rock".

Lady Eagles lose to Lady Red Raiders, 79-68

The bad luck continued on the road Wednesday night for the Lady Eagle Basketball team as they fell to the Shippensburg Lady Raiders 79-68 in Pennsylvania Conference Western Division play.

The Lady Eagles (12-6 overall, 3-2 in Western Division play) are winless in their last four away contests.

Ship (6-9 overall, 2-3 in Western Division play) trailed Lock Haven at the

half 34-26 but then slowly chased down the Lady Eagles as LHU only shot 12 of 40 in the second half.

"We didn't play well in the first half, but we still led," said head coach Frank Scarfo.

The Lady Eagles were led by junior guard Maryellen Jaskuta's 14 points. Sophomore Angie Wolfe was the only other player in double figures for Lock Haven with 10.

Patti Wallace-Bonitz paced the host Lady Raiders with 22, while Terri Bischof added 18.

The Lady Eagles host Western Division rival Slippery Rock at the Thomas Field House tomorrow at 5:30 p.m.

The Lady Eagles are undefeated at home so far this season.

The Lock Haven University boxing team is ranked fourth in the nation will box in the Penn State Invitational Boxing tomorrow.

The first of many top matches will be LHU 125 pounder Paul Dooris against PSU boxer Jack Ross.

Two-time national champion Brad Klein will fight another Nittany Lion, Phil Ray at 139 pounds.

Klein has won 20 consecutive bouts.

In what could be the main event of the evening, LHU's 172 pounder All-American Manny Rose will battle Penn State's Craig Bernier who was All-American at 165 last season.

Rose is coming off a big second round upset over national champ Gary McCoy of the University of Nevada-Reno last

November in New York.

Two-time All-American, Senior Joe Salluzzo who was named "outstanding boxer" at the Lock Haven boxing showcase last fall will box 1987 All-American from the Virginia Military Institute Ken Crinsky at 190.

Salluzzo too, was successful in the New York City meet last fall, dumping Texas A&M All-American Scott Armstrong in the first round.

"We have a good balance all the way up to the twelve weight classes", said an optimistic head coach Dr. Ken Cox.

In the Penn State meet with Lock Haven are the host Nittany Lions, Virginia Military, and Central Connecticut State University. The time is 7:30 p.m.

Let's talk sports**An American views Scottish sports**

By Rob Yoegel

Sports Columnist

Close your eyes and picture this...

A college (about the size of Lock Haven) with no intercollegiate athletics, that's right, none at all.

That's how the students at Glasgow College have it.

Now I'm not talking they don't play sports in Scotland (which is where Glasgow is) but simply nobody goes to Glasgow College to chiefly play sports.

A pretty different twist for us Americans who are use to scholarships, rilvaries, and who can't forget the NCAA.

Instead, students play football (soccer to you and me), hockey, rugby, or athletics (track or running to us Yanks) simply for the pleasure, relaxation, and enjoyment.

I spent last semester in Glasgow as part as an exchange program between there and LHU, and while I was there I came across some intense and super athletes.

Now these athletes play in clubs at the college and some of the better ones play with club teams within the cities limits.

Their dreams are like ours, though, to make it in the professional ranks and earn

the big bucks.

It's how they get there that's the difference.

A mere mention of a student receiving money from the school to play sports simply baffles them, and I know you're probably wondering why.

Trust me, I thought the same thing, but let's face it, things aren't like the United States everywhere.

There are some athletes, like I said before that are exceptional, and would die to come to America and display their talents.

But then there are those who are satisfied with home life, and home competition and would probably pass.

I guess, what I'm getting at is that the setting for sports at Glasgow College compared to at Lock Haven is just as intense when it comes to individual performances and competition, but a little more relaxed with the pressures of living up to a potential nonexistent.

And after all, wouldn't you like to just be able to compete to your hearts desire whenever and then enjoy a 'cold one' in the student union without worrying about tomorrow's practice?

doctor from 9 a.m. until 12 p.m.

"It seems to me that they give the same stuff (medicine) to everyone that walks in," said Representative Jamie Kiessling.

"I had a runny nose and they told me I had Strep throat. Then I went to my own doctor and he said I was fine," said another representative.

During discussion about transportation to area medical facilities, Assistant Dean of Students Carol Latronica informed the council that students with a serious need for transportation can seek assistance from campus Law Enforcement.

"Any student who needs transportation can contact a University official to get a

ride to the hospital," said Latronica.

Weaver closed the issue by summarizing that students "are basically displeased with the service of the Infirmary."

Social Committee Chairperson Jill Brady announced this semester's schedule along with an explanation for not showing two movies every week.

Brady told the Council that some weeks will feature only one movie because of a lack of money. During these one-movie weeks, the Thursday showing will be canceled.

PUB Administrator Paul Knappenberger informed the Council that PUB expansion efforts "are going well" upon the completion of the first feasibility study.

Spangler was also pleased with the

progress of the expansion.

"So far, I'm very impressed with what the architects and builders have come up with," said Spangler. "I think it will be the most impressive building on campus...or even Clinton County."

In other issues, Weaver appointed Treasurer Bruce Walker and Brady to a head an Academic Dishonesty Committee.

According to Weaver, the committee was recommended by Dr. Ronald Woodbury, Vice President for Academic and Student Affairs, and "will set up a policy to handle students who are caught cheating."

Latronica proposed that names and phone numbers of residence hall representatives be posted in the halls for more input from residents.

According to Spangler, a gentleman from Harrisburg is interested in forming a Young Democrats chapter on campus. Spangler told the council that anyone interested in joining should contact him at his office in the PUB.

He also informed the council of an extension of hours at Stevenson Library (see related story).

Filling in the vacant position of Residence Hall Association (RHA) Liason was Stephanie Perry, as she announced the availability of the position. Perry said the seat is open to any residence hall student who attends RHA meetings. She also informed the group that February is National Students Against Multiple Sclerosis (SAMS) month.
