E. HOWARD HUNT ACCUSED OF PARTICIPATING IN KENNEDY ASSASSINATION -- Last night speaker Dick Gregory officially accused E. Howard Hunt of participating in a CIA conspiracy to assassinate President John F. Kennedy. Gregory spoke of CIA participation in nearly every major American assassination in recent years. Gregory guaranteed last night's audience that within 30 days the truth about Kennedy's assassination would be uncovered (Photo by JOHN VUKOVIC)

LHS library security tightened

By JOHN JAROCKI
Staff Reporter

The Lock Haven State College Library is implementing and enforcing new security measures. Beginning Monday, March 17 at 8:00 am, a new "inspection system" will go into effect.

The purpose for these measures is the curtailment of book and magazine thefts. Inspection of briefcases, gym bags, knapsacks and notebooks will take place at the library check-out by one of the library personnel.

According to Mr. Marc Thomas, Reference Librarian, "This program is not to give people a hard time, but to protect the books we have." He also commented that since the detection device was installed, there has been a slight decrease in the amount of thefts, but "It won't prevent

people from stealing."

Mr. Thomas also mentioned the fact that a few years ago, if a book was stolen, it could be replaced instantly. Now, however, the library must wait for a couple of years because the line of books to

Teacher exams held at Rock

By BILL STERNER
Co-Sports Editor

The National Teacher Examinations (NET) will be administered on April 15, 1975. Slippery Rock State College has been selected as this year's test center.

The NET tests are offered to college seniors preparing to teach, to teachers desiring certification or licensure, and to those seeking positions in school systems which encour-

'Language' conference to be held this weekend

By BILL FRAZIER
Staff Reporter

Ever wonder where that buzz in the cafeteria some people call conversation came from? Ever see a chimp talk using sign language? How do fish communicate? How did language develop? All of these questions and more will be answered this Friday and Saturday at the "Conference on the Evolution of Language" which will take place in the John Sloan Fine Arts Center on the campus of LHS.

The conference is being sponsored by the Cultural Affairs Committee of the S.C.C. with the help of Darlene Thomas, Frank Vaughn, Blair Carbaugh and Dr. Kon-

ick. Experts from the fields of psychology, biology and anthropology will gather to discuss the common topic the "Evolution of Language." "LHS is very privileged to have this conference," said Darlene Thomas, one of the chief organizers of the conference. "The origin of language is a very avant-garde subject."

The conference on the "Evolution of Language" will begin on Friday, March 14 at 2:00 pm with a film and an Introduction to the topic by four LHS faculty members, Darlene Thomas, John Brendel, Blair Carbaugh, and Charles Newcomer will comment on primate films.

At 4 pm Dr. Marshal Becker, (West Chester S.C.) a professor of Anthropology will lecture on The Origin of Man.

At 8 pm a panel on Communication in the Lower Animal Forms will take place. Dr. Herbert Hayes (Shippensburg S.C.) will present "Communication in Invertebrates," Dr. Samuel J. Ha (Millersville S.C.) will present

"Sound Production and Communication in Marine Fish," and Dr. Louis Rigley (Wilkes College) will present "Behavior of Fresh Water fish."

On Saturday, March 15 the conference will resume with Ecology and Evolution of Communication by Dr. H. B. Graves (P.S.U.) a professor of Ethology, and an internationally known expert on animal behavior. A commentary will also be presented by Dr. Edward Bendix (Hunter College, CUNY) on Relating

be replaced is lengthening.

This new security system is used at many major libraries, and has had a marked effect in the decrease of stolen articles. It is hoped that this will also be the case at L.H.S.

age or require the examination. The NET is designed to evaluate cognitive knowledge and understanding in professional education, general education and subject field specializations totaling 28 in number.

Bulletins of Information detailing registration procedures and Registration Forms may be obtained directly from NET. Simply write: NET, Educational Testing Service, Box 911, Princeton, New Jersey, 08540.

New aspects highlight student recruitment

By GEORGE MORRISON
Staff Reporter

This year's recruiting of new students features many new aspects. One of the new additions is Mr. W. Terrell Jones, Assistant Director of Admissions. Mr. Joseph Coldren, Director of Admissions; Mr. James Reese, also Assistant Director of Admissions; and Mr. Jones work together to recruit new students for Lock Haven.

To do this, they use many types of recruiting. The first type is traditional recruiting, which includes things done year after year to attract students to campus. Public and private schools are visited with the objective of meeting with counselors and interested students. In the fall of 1974, 120 high schools were visited, along with an approximately 100 additional schools this spring.

The admissions officers don't only recruit locally. Their recruiting is done state-wide and out of state also.

Community and junior colleges are visited with the idea of recruiting transfers to the Haven. Last fall, 11 junior and community colleges were visited and plans are being made to visit eight more this spring.

College night programs are also a large part of recruiting. The reason for college night programs is again to meet with parents, interested students, and counselors. Veteran's programs are run somewhat like a college night program, only veterans are the prime target here.

Another way of recruiting students is by holding a college fair. The National Association of College Admissions Counselors sponsors a number of college fairs. Admissions representatives from all over the United States attend these.

Minority recruiting is done by all three admissions directors, but Mr. Jones is mainly responsible in this area. Along with the Admissions office, the Act 101 office headed by Mr. Robert Lynch

also aids in recruiting minority students.

Direct mail recruiting is new this year. A packet made up of an application, admissions issue, and brochure is sent to prospective applicants. Also, an invitation for an interview and a tour of the campus is sent out.

Another new program was initiated this year by Dr. Hugh Williamson, Acting Dean of Arts and Science; Dr. Matthew Maetozo, Dean of Health, Physical Education and Recreation; and Dr. Harvey Sterns, Acting School of Education Dean. They now send letters of congratulations to all accepted freshmen, encouraging them to consider Lock Haven.

The International Education Office, headed by Dr. Marcus Konick, has worked along with the admissions office with recruiting international students. So far this year we have had 29 international students on campus.

25% of this year freshman class comes from Clinton County and some bordering counties, while 75% came from other counties and from out of state. Students from 60 counties, 289 high schools, and 40 colleges are represented here at Lock Haven.

The admissions office acts as the catalyst in bringing students to Lock Haven, but present students also play a part in the process. "The students are probably the best recruiters we have," says Mr. Coldren, as the atmosphere encountered by the prospective students here at Lock Haven is most important.

Anyone having available dorm space to share with visiting students for the Conference on the Evolution of Language is asked to contact Pat Barbarics, ext. 401.

All 1974-75 members of Varsity wrestling team please attend an important team meeting on Tues. March 18, 1975, at 4:15 p.m. in TFH. Weight training program will be discussed by Bob Coltrane, and nomination for team awards, etc. will be made.

STUDENT PUBLICATIONS MANAGER -- Evalyn Fisher was recently hired by the Student Publications Board of Lock Haven State. (Photo by NICK SPANOS)

Former student returns to manage student publications

By JOHN JAROCKI
Staff Reporter

Do you remember a few years back when there was a student on campus named Evalyn Fisher? She graduated from L.H.S. in 1974, but is now back in another capacity -- the new General Manager of Student Publications.

Some of her new duties include the supervision of the financial records of Student Publications, hiring and training the technical staff, and general coordinating.

Trying to learn the "ins and outs" of her new job, she has reached some obstacles. According to Miss Fisher, "I'm always on the move, but the chaos of new surroundings is subsiding. I guess that's because everyone is helping me. But, I do feel very much at home."

For those people who don't know Evalyn Fisher,

she's 23 years old, single, a native of Washington, Pa., and a 1969 graduate of Cedar Cliff High School. She attended Harrisburg Area Community College for two years and Lock Haven State College for three years, graduating in 1974 with a Bachelor of Arts in English Humanities.

While at the "Haven", Miss Fisher participated in the Nottingham exchange program. She was also the first Chairman of the Student Publications Board.

From last June to February, she worked with the Lock Haven Express, and gained some valuable experience which she hopes she can associate with her new position.

If you should desire to locate the new general manager, her office is located on the bottom floor of the PUB near the S.C.C. Executive office.

Bits and Pieces

By JOE MARRON
Staff Columnist

Reports have it that spring soccer will be played at the Haven; also, Pitt and Penn State have been added to next year's schedule . . . Our girl's basketball team deserves high praise for an outstanding year. They took part in the Eastern Regionals this past weekend where they faced the top teams in the nation. Quite an accomplishment when you consider they are playing the Indiana's and UCLA's of the women's hardcourt circuit . . . Dave Bower, L.H.S.C.'s fine junior quarterback, appears to be to be well on the way to recovery after a serious car accident. He may even throw a little in spring ball and should be all set to go full speed by next August . . . The track team is already on the run with a four meet indoor schedule. The 55 men competing provide the Haven with depth not seen here in a few years . . . Women's Lacrosse will be opening in the next two weeks. Good luck to Sharon Taylor's charges, and we hope they will continue their excellence of past years . . . Senior Mike Farren will be sorely missed by next year's swim team in both ability and leadership . . . Baseball opened last week with returning lettermen leading the conditioning drills in Coach Eberle's absence . . . Things look good for the men's tennis team with five of last year's top six returning . . . Women's swim team had an excellent year with Becky Elliot and Peg Schaal winning everything in sight . . . Team Handball is a slowly growing sport at the Haven, but it is encouraged by the success of the newly formed Hockey Club . . . Senior Barb Collins ends up an excellent career in basketball with the Eastern Regionals tournament. Barb was this year's co-captain long with Pat Ogle

. . . Women's Junior Varsity Basketball Team ended up with a very credible 8-1 record . . . Next year's football team will have 39 returning lettermen, of which only 10-12 will be seniors . . . George Way and Jim Schuster deserve a great deal of praise for finishing first and second respectively at the Easterns over this past weekend, hope they keep up the good work at Nationals this weekend . . . Women's gymnastic team and men's show team have done an excellent job both competitively and performing at various high schools. They are one of the Haven's best greeting cards . . .

Intramural basketball leaders battle for final positions

By GUY FUESHKO
Staff Reporter

Action began Wednesday night to crown the Kings of Intramural Basketball.

The top two teams in each Division are in this years playoffs. They are:

Division 1, Lambda Chi and Phi Mu Delta (A);
Division 2, TKE (A) and Off Campus;

Division 3, 1st Gross and 1st High; and in
Division 4, Playgrounders are the champs and T-Birds are the runner-ups.

Off Campus pulled it out against Playgrounders

in the last minute, 67 to 64. Osborn led the way for the non-campus group with 24 points.

TKE (A) played a good defensive game against 1st Gross beating them 52 to 35. Kessler and Raub combined for 30 points in the win.

In other action Lambda Chi Alpha took on 1st High and came out the victors by the score of 73 to 41. Zarmitz and Schreck combined for 43 points in advancing their team.

Phi Mu Delta had to battle hard to win their game against a stubborn T-Bird team. That final was 73 to 56. O'Brien fired up the hoops with 30 points.

TENNIS TEAM READIES FOR SEASON -- Junior Craig Shindler prepares for his third season with the Lock Haven Netmen. (Photo by BILL FRAZIER)

Netmen swing into action

By BILL STERNER
Co-Sports Editor

The netmen of Coach Karl Herrmann swing into action on April 8 for the 1975 season. The first match is against the Rockets of Slippery Rock at 3 pm on the "Rocks" home court. The Eagles will remain on the road against Lycoming College on April 10 and Indiana University of Pennsylvania on April 12.

The home opener is against Juniata College on April 14 at 3 pm. On April 18,

the Eagles take on Kings College at home, and then travel to Milleraville on April 22.

The netmen will then return home against Shippensburg on April 24. The match is slated for a 3 pm start. Shippensburg is the last home appearance for the Bald Eagles. The remainder of the season, they are away at Bloomsburg (April 28), East Stroudsburg (April 30), and Mansfield State (May 1). The PSCAC Championship is registered for May 2 and 3 at Bloomsburg.

LHS baseball team begins preparation for this season

By BILL STERNER
Co-Sports Editor

The Bald Eagle baseball team of coach Tod Eberle has a rugged 24 game schedule ahead of them for the 1975 season.

The diamond-men open the campaign April 10 at home against the Indiana from Indiana University of Pennsylvania. On April 14, they travel to Bloomsburg, and return home April 16 for a ten game home stand. The teams include Slippery Rock (April 16), Kings College, (April 18), York College, (April 19), Juniata College, (April 21), and the Scots from Edinboro, (April 26). The home stand is

a rugged five doubleheaders in ten days.

The Bald Eagles then travel on the road to Clarion State, (May 1), Mansfield State, (May 3), and the Vulcans from California State, (May 4). Once again, the Eagles play the diamond six times in a short four days. Eberle's baseballers will close the 1975 season at home. On May 7, they will face the East Stroudsburg nine, and then close the season on May 10 against Susquehanna University.

All home games are played at Woolrich field. The starting time for all the games is 1:00, and each game is a double dip series.

Two Lock Haven students gain experience as interns

Helayne MacArthur, of Malvern, is presently participating in the Pennsylvania Department of Education's Intern Program. A Mathematics-Computer Science major at Lock Haven State College, she feels that the internship provides "a great opportunity to get working experience in my major field while still earning school credits."

MacArthur, whose outside interests include theatre and dancing, says her work in the Governor's Council on Drug and Alcohol Abuse in Harrisburg allows her to see how "government decisions are made and how all the little and big divisions fit in to work together."

Another Lock Haven intern this semester is Mary Kieman, of Williamsport. An English major, she says that the internship "is a very rewarding experience that enables one the freedom to mature, gain independence and to ac-

cept responsibility in a situation that is less secure than a college environment."

Kieman, who hopes to make a career of writing, says her work in the Governor's Council on Drug and Alcohol Abuse in Harrisburg is giving her "a good amount of responsibility and I enjoy the challenge."

The Department of Education's Intern Program was started in January 1973, as a pilot project to develop a model for public service internships for students enrolled in Commonwealth four-year institutions.

The program, designed to make education more relevant to integrate theory and practice, and to utilize colleges human resources, is operated out of the department's Office of Special Programs. Two 16-week internship programs are offered each year for graduate and undergraduate students. Interns receive a stipend and college credit.

SCULPTOR PRESENTS WORKS -- Winslow Eaves began sculpting "in first grade when I made my first ash tray." Some of the pieces he has made since that time are appearing in Sloan Gallery for the next two weeks. Eaves will present a slide show and lecture tonight in Sloan Theatre at 8 pm. (Photo by NICK SPANOS)

'language conference'

CONT. FROM PAGE 1

the Components of Non-Human Animal Communication to Human Language.

After lunch at 12, the conference will resume at 1:30 with the presentation of the film "Teaching Sign Language to the Chimpanzee." Commentary on the film will be provided by Charles Newcomer.

At 3:00 pm a panel on "The Origin of Language" will be presented. Mr. Stephen

Harnad (Princeton University), also associated with the Department of Psychiatry at Rutgers Medical School, Dr. Gordon Hewes (University of Colorado) a professor of Anthropology, Dr. Duane Rumbaugh (Georgia State University) and Dr. Horst Steklis (Rutgers University) a professor of Anthropology will all speak. A reception-discussion will follow this panel in the lobby of Sloan.
