## EIGHTH ANNUAL INDOOR MEET AND SPRING FESTIVAL HELD IN "GYM"

### KOZMOP'S WIN INTRA-MURAL CHAMPIONSHIP

Gain Victory Over Opponents by Consistent Playing During Long Season

### STUDENTS DERIVE BENEFIT

The final games of the Intra-Mural Basketball League were played on Wednesday evening. Nearly every Wednesday and Friday evening there have been games played throughout the basketball season. This Intra-Mural League has given a chance to those wishing to play basketball and learn the game.

Captain Plummer's Kozmops won the league. Captain Bollinger's Champs were second, Captain's Barr's Cards were third, and Captain Johnson's Dandies were last.

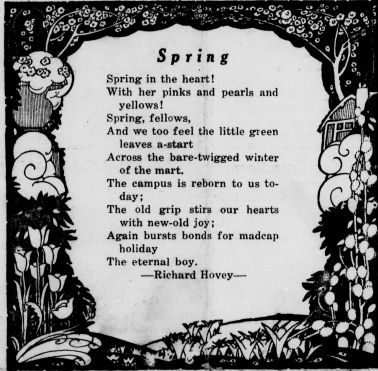

The first game played on Wednesday evening was between the Dandies and the Kozmops. The Kozmops won 27-18. Plummer and Miles were the high scorers for the winners and Johnson was the high scorer for the Dandies. The second game was between the Cards and the Champs and decided the holder of second place in the league. The Champs won 18-12, with Bob Plummer the high scorer for the Cards.

A picture was taken of the Kozmops before the games began. Basketball is over and now comes Intra-Mural Baseball.

### The Spirit of Easter

Almost two thousand years ago the miracle of the resurrection took place. The followers of the Holy Spirit rejoiced at the marvel and paid tribute to the King of Kings.

Down through the ages, through centuries of change and material improvement the hall has been cast aside and given way to the new, yet there is one thing which has never changed. That is the glory of God. Undesirable critics and faultfinders make the contention that the world is steadily getting worse. They say we forget the unseen powers behind this wonderful world of ours. It's true that to many of us, Easter is viewed with the thought of beautiful new clothes and a round of social activities. But underneath this cloak of worldliness all those who have heard the wonderful Story have reverence for the One who died that we might live.

### Spring

Spring in the heart!  
With her pinks and pears and yellows!  
Spring, fellows,  
And we too feel the little green leaves a-start  
Across the bare-twigged winter of the mart.  
The campus is reborn to us to-day;  
The old grip stirs our hearts with new-old joy;  
Again bursts bonds for madcap holiday  
The eternal boy.

—Richard Hovey—

### Choose Cast for Senior Play to be Held Here April 19th

After several busy days of try-outs for the Senior Play, Miss Arcey, the coach, posted the names for the cast of the play, "Enter Madame." It is a romantic comedy written by Gilda Varese and Dolly Byrne. It has an interesting plot, and contains much humor throughout.

Rehearsals for the play began immediately after the characters had been notified. The play will be presented April 19th.

The cast chosen is as follows:  
Gerald Fitzgerald Hugh Fredericks  
Mrs. Flora Preston Irene Purkiss  
Tomamoto John Varner  
John Fitzgerald Robert Bollinger  
Aline Chalmers Harriet Kohbaugh  
Bice Virginia Roche  
The Doctor John Ratchford  
Miss Smith Mary Louise Lewis  
Archmede Emerson Packard  
Madame Lisa Della Robbia  
Mary Kay Yeckley

### Intra-Mural Baseball Started

A meeting of all men interested in baseball was held in the auditorium Tuesday, March 26. Three captains were appointed by Mr. Goerger—Renninger, McKillen, and McLean, who in turn chose their respective teams. They plan to play a regular schedule after the Easter vacation. This league will be interesting. Watch for me news!

### Y. W. Holds Annual Election of Officers in the Price Hall

The annual election of the officers of the Y. W. C. A. was held Wednesday evening, March 20, in Price Hall. A short devotional service was held then ballots were passed to the members of the Association. While the votes were being counted an inspiring song service was held. The results of the election were as follows: President, Elizabeth Kittleberger, Vice President, Dorothy Arnold, Secretary, Grace Briedenstein, Treasurer, Mary Barnard.

A short meeting of the old cabinet and the new officers was held in the Y. rooms after the regular meeting. A cabinet for the new year, which begins April 1, was elected.

### Members of Faculty Speak at the Smethport Institute

Miss Russel and Miss Pollock spoke at the round table conference of the teachers' institute at Smethport on Saturday, March 23. Miss Pollock's subject was, "The Teaching of Reading in the Intermediate Grades," and Miss Russel's subject was, "The Teaching of History."

Sherman Francisco, Brown Bossert and Elmer Brungard, of last year's graduating class are teaching there and attended the institute.

### THREE HUNDRED GIRLS PARTICIPATE IN MEET

Program Opens With a Series of Group Gymnastics by the Combined Classes

### GREEK GODDESSES DANCE

A large and enthusiastic audience attended the eighth annual Indoor Meet of the Teachers College which was held in the Gymnasium on March 22d, under the direction of the Physical Education Department. About three hundred girls, representing the first and second year Primary, Intermediate and College Groups participated in the events of the evening.

The program began with a series of adapted group gymnastics in which the combined gym classes were represented. The marching formation placed the participants in alternate rows of first year and second year groups and the effect of the related, yet unlike exercises of the two groups was most interesting. In addition to the formation of the groups, the different colored ties with the background of white middles combined to make the initial number most spectacular.

At the conclusion of the drills the combined first year classes and separately chosen groups of the second year classes presented a number of interesting and intricate dances, including clogs, Danish, Swedish, Bohemian, Hungarian and early American folk-dances. One of the features of the evening occurred at this point when the girls in the first year group formed a large S. T. C. in the middle of the floor.

Besides the dances the second portion of the program included a hotly contested game of Captain's Ball in which the second-year Intermediates defeated the second-year Primary-College team 14-10, and also a fast game of Dodge Ball which was won by the first-year Intermediates. The winning teams in both classes received five points for their victories.

The third portion of the program was made up of a series of relays. Each group team was distinguished by a colored tie or headband, and group rivalry was very strong throughout. The races included Leap Frog, Jumping Sticks, Somersault and Obstacle Relays and while, in some cases the scoring was very close, the final check-up placed the second-year Intermediates first with a score of nine

## Modern Verse

I never saw an ocean,  
Not even a rough wild sea;  
A liquid mist in mother's eyes  
Is water enough for me.

Gathering dew of love's sad heart,  
Tears, tears on love's mirror,  
Joy, Oh Happy Day  
When mother smiles those tears away.

The land is more sandy  
In your ocean resort,  
Where farmers are the standing  
laugh, ha, ha.

Your trousers are too short,  
Your hair is mussed, slick it down,  
It curls beneath your collar, far too  
long;

Your tie is but a string,  
You wipe your nose not on your red  
handker,

But on your red, heavy hand,  
You surely are a farmer  
In a land of cloth-made man;  
Yes, you are a farmer,  
A rusticated man.

Apprehended, insuperable might,  
Obscured by my finite sight,  
Born, living hope,  
Truth with shrouded light;  
Clinging first chaste youth;  
Conscious now, helpless man,  
Of your everlasting might.

Vast all infinity!  
It will to be sustained  
Vague on the other side,  
Sightless, boundless,  
Transparent wall,  
All hope, all dread,  
All, and all.

Out there, everywhere,  
It holds my brain so tight.  
There he, not me, imperfect man,  
That made me blind in sight.  
Inanity, emptiness,  
Is emptiness your might?

### MAIL TIME

Hey kids! The mail's in!!  
Rumble—thump—push—scrap—  
If I don't get a letter to-day!  
Quit pushin'!!

## Our Silk Hose Reaches

Two-Thirds of the Way to the Pole

Last year we sold over 7,000,000 pairs of Women's Full Fashioned Silk Hose, which would measure more than 32,000,000 feet. The distance that Commander Byrd traveled before he reached the Pole was—roughly—over 47,000,000 feet—so our Silk Hose is about two-thirds of the way there.

We didn't count Men's Hose either, or Children's, or perhaps we would have been over half the way back by now!

## EDITORIALS

For several years it has been the custom of this school to present an Indoor Gym Meet and Spring Festival. Until this year all phases of the Meet were competitive between the Junior and Senior girls. This year, however only the games and races had competition and this was among the various groups of girls rather than between the two classes.

Miss Dixon and Miss Edgerton are to be highly commended for their unceasing devotion in the training of the girls. The girls too, who took part in this specialty had to practice diligently in order that they would be able to do their part to the highest success possible. Practice was the keynote for the proper development of the whole program.

We are glad that there are these extra-curricula activities which the students may take part in and really feel that while it may be giving others an enjoyable evening, it is also giving the girls, themselves, great aesthetic and physical training.

Easter to the Christian means the spring festival commemorating the resurrection of Christ. From very early times the Christians observed this day with much solemnity. The faithful greeted one another with a kiss of peace and said, "Christ is risen," to which the response, "He is

## Alumni Notes

1924

Mr. J. Milton Lord is now Supervising Principal of Muncy Public Schools. In 1910 Mr. Lord was Director of Science at Central State Normal School. Previous to his work in Muncy he was Supervising Principal of Emporium Public Schools.

1924

Amy Baker is again teaching Departmental Work in Emporium, Pa.

1928

Peg Gradwell is teaching a retarded third grade in Conemaugh, Pa. As yet she has not missed a day.

Aline Stevens is teaching a third year in Altoona city schools. Although "one's as bad as another," and she has four cases of measles in the school, she likes it very much.

Verna Mae Kurtz is teaching a third grade in Browstown, Pa.

Kathryn Warfel has a third grade in Conemaugh, Pa.

According to news of Ruth Adams she is teaching the second and third grades at Cardiff, Pa. She is living at Twin Rock, receiving her mail at Ex-pedit, and spending her week-ends in Johnstown.

### The Ultimate Limit

"Speaking of absented-minded men," said one waiter to another, (and we refuse to guarantee the truth of this story). "I saw a fellow pouring syrup down his neck and scratching his pan-cakes." "That's nothing," retorted his co-worker, "One of my customers poured ketchup on his shoe laces and tied bow-knots in his spaghetti."

risen indeed," was given. This custom still prevails in Russia.

There has always been much controversy as to the proper time to celebrate Easter. Finally, however, it was settled.

In regard to Easter, when we speak of the full moon, we do not mean the real or mean moon of the astronomer, but the imaginary one whose periods are so contrived that the calendar new moon always follows the real new moon.

The rule is, then, that Easter Day is the first Sunday after the paschal full moon—the full moon which happens upon or next after March 21. The Christian festival never is celebrated before March 22, or later than April 23. In 1761 and 1818 Easter fell on March 22. In 1948 however, it will occur on April 25 (the latest date in this century).

The popular observances of Easter are numerous but they all have a common purpose in the joy of resurrection.

## Us and Others

Jule Gibbons spent the week-end at her home in Williamsport.

Ann Gilgoley tells the reporter that she had a fine time in Jersey Shore.

Mrs. Kinkead enjoyed the Gym Meet and her short stay with her daughter, Phyllis.

The Mattern family had front seats at the Meet, too. There must have been a reason. Ask Dorree.

Mr. A. P. McDowell was here last Tuesday and Wednesday taking group pictures of the different organizations of the school.

Pete Hyle, Ess Noel and Elizabeth Kittleberger visited Pleasant Gap on Sunday.

Peg Ferguson visited at Williamsport Saturday.

Eleanor Cunningham entertained two guests over the week-end; her sister, Emily Beale and a friend, Miss Kathryn Rhuale.

The following people were formally initiated and installed by the D. O. G.'s on Saturday night: Frances Johnson, Helen Guelker, Dot Stitzer, Alice Woolbert, Sara Wiseman and Ann Forse.

Kate Warfel, Ruth Adams (former president), Peg Gradwell and Ella Ine were back for the D. O. G. initiation.

Mary Eleanor Emery spent the week-end at her home in Williamsport.

Rose Bowers and Carman Barrett, of Montoursville, were guests of Al Hoffman Saturday and Sunday.

Charles Burnham, who has been attending the boxing contests at State College, visited Back on Sunday.

Lois Jones, of Jersey Shore, was a visitor of Becky Evane over the week-end.

Myna Lundy spent the week-end with her sister, Margaret.

## Vesper Feature Movie

The vesper services which Margaret Lundy led Sunday evening had two worthwhile and interesting features. Miss Sisler played a lovely Bach Gavotte and some enchanting Brahms' Waltzes. Then the movie "Christ Found the Critics" was shown, giving the Bible story of Christ in the temple.

### THE SPEECHLESS FIGURE

Her face was soft as the falling snow,  
Her ears as fair as a flower.  
Her eyes were dark like the thunder clouds  
That threaten a summer shower.  
Her tongue was as rough as the carpet  
That lies in our front hall,  
And when you poured your wrath on her  
She never wept at all.  
My heart comes high to breaking  
When I think about her now.  
I'll never again love another  
Like I loved our moo moo cow!

"Next?"  
"Who, me?"  
"Born?"  
"Yes, Sir!"  
"Where?"  
"Russia."  
"What part?"  
"All of me!"  
"Why did you leave Russia?"  
"I could not bring it with me."  
"Where were your forefathers born?"  
"I only got one father!"  
"Your business?"  
"Rotten!"  
"Which is Washington?"  
"He's dead."  
"I mean the capital of the United States."  
"They loaned it to Europe."  
"Now, do you promise to support the constitution?"  
"Me?" How can I? I've got a wife and six children to support!"  
—The College Spirit.

### HOW MANY APPLES?

How many apples did Adam and Eve eat?  
Some say Eve 8 and Adam 2—a total of ten only.

Now we figure the thing out far differently: Eve 8 and Adam 8—total 16.

On second thought we think the above figures are entirely wrong. If Eve 8 and Adam 82, certainly the total would be 90.

Scientific men, however, on the strength of the theory that the antediluvians were a race of giants, reason some like this: Eve 81 and Adam 82—total 163.

Wrong again. What could be clearer than if Eve 81 and Adam 812—the total 893.

We believe the following to be the true solution: Eve 814 Adam and Adam 8124 Eve—total 8938.

—The Northern College News.

An old colored woman approached the ticket window at a railway station and addressed the clerk: "I want a ticket for Florence," she said.  
The clerk spent some minutes turning over railway guides, apparently with no success and then asked: "Where is Florence?"  
"Setting over dar on de bench," replied the colored woman.

(Continued from Page 1)

and the first-year Intermediates second with a score of eight.

At the close of the meet the members of the Interpretative Dancing Classes presented the Dance Festival of the Months. The twelve gods of Mount Olympus were represented as having come forth from their council chamber to participate in the affairs of the lesser gods and of men. The great throne of Jupiter and Juno was decorated with long saffron draperies and baskets of flowers. Before this throne the gods and a few privileged mortals danced and played, combated and raced under the guardianship of the diety whose month was represented. As the year waned the dwellers of Olympus themselves joined in a farewell dance before they once more returned to their duties.

The sixty-five participants in the festival were garbed in Grecian costumes made by themselves with the aid of Miss DuBois, the art supervisor, and the dances were further beautified by the use of colored lights. During the evening flowers were presented by Irene Furkiss and Julia Gibbons as representatives of W. A. A., by Margaret Martin, representative of the Senior class, and Betty Kohler, representative of the Junior class, to Miss Avis Edgerton, senior supervisor, and Miss Maloise Dixon, junior supervisor, respectively.

Much credit is due to both Miss Dixon and Miss Edgerton for their work in planning and carrying out such a successful program. Acknowledgment is due also to Miss Ivah N. D. Whitwell, director of the orchestra, and Lucille Taylor, Lillian Rohde, Clara Miller and Vera Aisingre, who played the accompaniments of the dances and the exercises. Thanks are also due to the Junior and Senior members of the W. A. A. who aided in the ushering, and assisted in the relays and in the use of the spot lights, and to all others who helped to make the meet a success.

### Experiences of an Amateur Radio Fan "Listening In"

The Cameron County Press admits swiping this radio mixup:

Following is the experience of an East Fourth Street man who had just installed a radio. He tuned in, getting three stations on the same wavelength. One was a minister, one was a man telling the condition of the roads, and the third was a lecturer on poultry. Here is what he heard:

The old testament tells us that baby chicks should detour one mile south of Salina and listen to the words of the prophets—Be careful in the selection of your eggs, and you will find hard surface roads on to Garden City. We find in Genesis that the roads are muddy just west of the hen house and clean straw is essential if you would save your soul. After passing through Leavenworth, turn North to Jericho. Three wise men bought a large-sized incubator on account of bad detour. The baby chicks were troubled with the pip and a bond issue is being talked of in the Holy City. Keep the feet clean and dry, live a life of righteousness and turn south one mile west of the school house. Much care should be used in commanding the sun to stand still, as there is a washout on the bridge just south of Paola, and the road to salvation is under repair, making it necessary for 70 degrees in the brood house, at all times. After you leave Winfield, unless you do these things, the wrath of the Lord will cause the pin feathers to fall out and detour one mile south. Many are called, but few have any luck unless the gravel road between Topeka and Lawrence is

mixed with the feed. Out of 500 eggs, one should get good roads from Coffeyville to Tulsa and the Lord commanded Noah to build the Ark just one mile west of Wichita. It rained 40 days and 40 nights and caused an eight mile detour. Just west of the brood house, many tourists from the House of David are trying the Plymouth Rocks mixed with concrete and a desire to do right.

### New Teaching Assignments Made in Training School

Many of the teachers in the Training School have received new teaching assignments for the last half of the semester. This is done to insure their getting as broad a teaching experience as possible.

Among the most noticeable changes are those of Margaret Beeson who is going from the Kindergarten to the third grade, Emma Francis Fry from the Kindergarten to the second grade, and Myra Miller from the Kindergarten to the first grade. Their places in the Kindergarten are being filled by Gertrude Haight, Stella Phillips and Margaret Ferguson.
