Campus rally prepares students for Harrisburg

By PHILIP BURLINGAME
Staff Reporter

The CAS rally held in Ulmer Planetarium last Thursday night was attended by approximately 75 LHS students and was used to lay the ground work for tomorrow's CAS meeting with state legislators in Harrisburg.

Dr. Russell Milliken, Vice President of Administration, opened the discussion with an overview of the facts behind the \$12.6 million in additional funds that the state colleges are asking for. He went on to mention some of the issues that the legislators will use to justify the cut-back in funds and pointed out many of the state legislators do not realize the importance of state colleges because they still think of state supported colleges as "teacher's colleges."

Speaking on behalf of the absent APSCUF representative Dr. Milliken noted that APSCUF strongly supports the \$12.6 million subsidy but opposes any increase in tuition.

Mansfield's student body president Joe Olympi followed Dr. Milliken's talk with a discussion of CAS activities and the importance of the organizational work that CAS is responsible for. Olympi noted that last year's rally was well organized and impressed the legislators much more than did the previous uncoordinated efforts.

Lock Haven's SCC president Joe Euclano concluded the rally by saying that the buses would begin loading at 9:45 am on Tuesday morning and would return at approximately 5:00 pm Tuesday evening. He stressed the importance of organization and student cooperation to the effectiveness of the rally.

To sum up the importance of student support

Meeting held to discuss fire prevention problems

By LARRY SCHMIDT
Assoc. News Editor

Spurred on by several problems discovered through last month's fire in McEntire

Hall, members of the college administration, personnel staff, and student government met Thursday to discuss the McEntire Hall fire's aftermath. Dean of Students George Rhodes described the meeting's purpose to be an inquiry as to whether there is "something that needs to be done that isn't being done" about fire prevention.

Most of the meeting's discussion focused on prevention and what must be done during the time gap between the fire's outbreak and its extinction. Director of Law Enforcement and Safety Carl Nelson stated that several problems were encountered when city fireman responded to last month's fire.

Nelson cited that city fireman were uncertain of the fire's specific location on campus. He noted that several fireman that arrived late were mistakenly preparing to extinguish a fire in Russell Hall. Nelson added that since then he has provided the city fire department with a detailed campus plan in the hope that they will initiate a training program.

Nelson commented that the dormitories themselves

VISTA, Peace Corps both recruiting here today

In Fiji, a bridge designed by a Peace Corps civil engineer and constructed under his direction has been hailed as "the beginning of a new era in Vaivai."

In Missouri, VISTA nurses are working in neighborhood health center. They investigate the range of health problems of both patients and their families who rarely seek medical help for anything beyond their needs.

In Pittsburgh, VISTA architects are working on several community facility projects, as well as training the

community residents in the architectural/planning field.

In Newton, Iowa, two VISTA volunteers helped set up a program for high school drop-outs and potential drop-outs. They succeeded in starting 60 classes, all conducted by people from the community and serving more than 200 young people.

These and hundreds of other skilled VISTA and Peace Corps Volunteers are putting their special knowledge to work. VISTA Volunteers work to alleviate poverty.

Faculty Lecture Series

Klens discusses 'helpful' microbes

By WENDY AKELEY
Staff Reporter

Dr. Paul Klens' lecture on *Invisible Resources: Helpful Microbes* as part of the Faculty Lecture Series and held Thursday night in the Planetarium was not only an interesting talk on an unusual subject, but also a learning experience.

Bacteria and fungi, as Dr. Klens pointed out, have a bad reputation, and indeed they have been the cause of many social upheavals throughout history such as the plagues of the Middle Ages, the Potato Famine in Ireland, and the recent cholera epidemic in the Near East. The services these microbes have done for man, however, outweigh their harmfulness.

The basic function of bacteria and fungi is to take

complex matter and break it down into simple matter. In nature, this process helps trees to absorb nutrients from the soil, an important factor in plant growth. They also play a large part in deteriorating organic matter into environmentally useable materials.

Although ancient man learned to interrupt the microbial process of deterioration and put it to his own use, it was not until the last century that bacteria and its actions were understood. Yeast, especially, is used in baking bread and fermenting alcohol. Bacteria and fungi are also used to make and flavor cheeses, to manufacture antibiotics, and to control insects. They serve a vital function in pollution control, as "The organisms that cause problems in sewage disposal are

the ones that solve them," Dr. Klens explained.

He accompanied his talk with slides charting various industrial processes microbes are involved in and electronphoto micrographs of bacteria and fungi and their structure. A question and answer period followed the lecture.

SPRING CONCERT tomorrow night at 8 p.m. in Price Auditorium, presented by the Lock Haven State College Symphonic Band. Included will be "Variations on a Korean Folksong," by Chance, "Bar-num and Bailey's Favorite," by K.L. King; and "Nobles of the Mystic Shrine," by Sousa, among others. No admission charge.

ICARUS PERFORMS -- Philadelphia group "Icarus" filled the PUB downstairs last Thursday night with "hot rock 'n' roll." Brought to campus by the P.C.C.E.B., the four man group has in the past performed in concert with "Humble Pie," "Cactus," and "The Steve Miller Band." (Photo by BILL MAHON.)

Letters to the editor

C.E.C. dance proved a success

To the Editor:

Through the college's increased involvement with the handicapped -- Special Olympics, Summer Recreation Programs, Numerous C.E.C. activities, etc. -- apathy toward the handicapped is declining. This was evident in the success of the Council for Exceptional Children's delayed Valentine's Dance held on Wednesday, February 26th.

Those in attendance were: Crafts Incorporated, numerous students from

Junior and Senior High classes, and approximately 25 college students. It proved to be an enjoyable time for all as we danced to records such as; Beach Boys, Beatles, Elton John, and others. The highlight of the event was the dancing of the Hokey Pokey and Bunny Hop.

We would like to thank all individuals who attended and helped to make this event a success.

Thank-you,
Glenna Brown
C.E.C. - Secretary

Volunteers thanked for help

To The Editor:

On behalf of the Volunteer Assistance and Transportation Committee and the College we would like to express our thanks to the administrators, faculty, staff and most especially the many students who provided outstanding service to the community during the flood emergency of February 24-25, 1975.

We have had innumerable

positive comments and compliments about the fine work performed by the hundreds of volunteers who assisted during the emergency. The value of your assistance was significant and we are most grateful for your superb performance.

Bryan Van Deun

Qualify for Eastern Regionals

Women cagers finish season 6 - 4

By MARY FEUSNER
Women's Sports Editor

The Lock Haven Women's varsity basketball squad ended their regular playing season on Saturday with a record of 6 wins, 4 losses. The team met defeat in both outings last week.

On Thursday afternoon, the team played a hard fought game against a taller Slippery Rock team who now post a 10-0 record this season.

The scoring was see-saw in the first period of play. Neither team went ahead by more than five points at any time. With 8:35 remaining on the clock, Lock Haven's Barb Hudson, who was matched against 6 foot 3 inch Fravenhoff of Slippery Rock, and Deb Nunes rose to the occasion to brim the Eaglettes to within one point of Slippery Rock's lead. Then, it was Lock Haven's turn to capitalize on turnovers. The score was even all at twenty points with 6:35 remaining to be played. Going into the locker room at half time, Lock Haven had a slight edge of 34-32.

The opening minutes of second half play was again see-saw. When three minutes had elapsed the score stood 38 all. Lock Haven went cold as Slippery Rock gained a ten point lead with ten minutes to play. Foul trouble set in as Freshman Sharon Murray and Barb Hudson fouled out of the contest with nine minutes showing on the clock. Sophomore Nancy Hoelzle was soon to follow. Slippery Rock went on to win the contest 84-58.

Slippery Rock's Fravenhoff hit for a game high of 25 points. Barb Hudson was the only Lock Haven player to hit for double figures with 16 points.

The junior Eaglettes, 7-0, were again matched against a team who had suffered no losses.

In first half play against the Rock, Karen Hamill and guards Wendy Keller and Lynn Cale tallied 6 points apiece to lead the Eaglettes to a 27-26 edge over the Rock at half.

Deb Stopper pumped in eight of her 10 points in the second period of play as Lock

Haven's attempt to crack the rock fell six points short. This 61-55 loss was the first of the season for the junior varsity.

Cathy Ogle, Donna Tyler and Karen Hamill led in the rebounding department. Point producers who hit for double figures were Karen Hamill and Deb Stopper.

On Saturday afternoon, the Eaglettes journeyed to West Chester and played one of the finest games in over four

years of play between the Pennsylvania rivals. The Haven fell only ten points short in their attempt to upset West Chester.

Despite West Chester's woman to woman defense, Barb Hudson had pulled down 9 rebounds and hit for 9 points when the first period had ended. The Haven was down by 9 at the half.

Lock Haven entered the second period of play eager

Bocters capture first at indoor tourney

By GARY BRUBAKER
Co-Sports Editor

Playing in probably one of the biggest indoor tournaments in the Eastern United States, the Lock Haven State Soccer team captured first place at Indiana, Pa. on Saturday, February 23.

32 teams in the open tournament, including some of the top teams in the East in the forms of Penn State, Bucknell, defending Conference Champion Slippery Rock, West Virginia, and the University of Akron, battled for the championship; for the Eagles to capture first place had to be a very big boost for the LHS soccer program and a great reflection on Coaches Herrmann and Parker as well.

The tournament was set up in this way: the 32 teams were divided into eight leagues, four teams to a league. The four teams then played each other in round-robin style and the resulting first and second place teams from each league. (16 altogether) then played in a single elimination tournament to determine the top team.

In round robin action Lock Haven defeated Edinboro 1-0, tied John's Hopkin's University 0-0, and defeated the F&H club from the Pittsburgh area, 1-0.

In the single elimination playoffs, the Eagles stopped the Indiana, Pa. graduates 2-0, won a 1-0 verdict over American University in overtime, then shutout Slippery Rock 1-0 in the semi-finals. Lock Haven then defeated powerful West Virginia 2-1 in the finals

for the championship.

Slippery Rock took third place in the tournament defeating Akron in overtime; Akron having been beaten by West Virginia in the other semi-final games.

In the tournament the games consisted of two - seven and one half minute periods with an extra five minute period used to settle a tie in the single elimination games. If the contest was still tied following the "sudden death" period, penalty kicks were used to determine the winner. Unlike outdoor soccer which utilizes an open field and where the teams consist of eleven players, the indoor game allows off-the-wall passes and ricochets while teams consist of five players and goalie.

Making the trip to Indiana for the Eagles were Steve Tanner, Bob Wright, Roger Bernecker, Keith Bradburd, Jon Connors, Mike Seigfried, Lenny Long, and player-coach Mike Parker.

Commenting on the tournament, Coach Parker felt "It was a heck of an achievement to place first. The atmosphere before the finals showed the other players' knowledge about LHS. One W. Virginia player asked another - 'Who the hell is Lock Haven?' to which he replied 'some small school in Pa.' It felt really good to beat them."

Congratulations to Coach Parker and to all the members of the team for their great effort at Indiana. The win has to bring prestige to Lock Haven State as one of the top soccer teams in the East.

Men's b-ball intramurals finish tonight

By GUY FUESKO
Staff Reporter

From Wednesday night's results we have a one Division winner and another dead-locked. All the outcomes could come on Monday night with the last games of the season.

In Division I Phi Mu Delta (A) tried to keep the pressure on Lambda Chi (A), but didn't quite make it. Phi Mu Delta defeated 3rd Floor North 73 to 54 with O'Brien scoring 32 points. In game two of the night Lambda Chi (A) won the division by destroying TKD 105 to 56. Zarnitz rammed in 34 points. In the late game the Vets lost another one by the score of 64 to 56 to the Knicks. Thompson had 24 for the winners.

In Division III, 1st floor Gross were the leaders of this Division but now are tied with KDR, both 5-0. KDR tied the division up Wednesday night with a win over Phi Mu Delta (C) 95 to 41. Fox led scoring with 16 points. In the next game Beachhouse outhussed the Wildcats 60 to 53. Babeji canned 32 points for the winners. In the nightcap Lambda Chi (B) won their first game 68 to 46 over TKE (B).

Way, Schuster advance

Lock Haven's George Way, 150, and Jim Schuster, heavyweight, qualified for a trip to the NCAA wrestling tourney scheduled for March 13, 14, and 15, at Princeton, New Jersey this past weekend at the Eastern Regional Qualifying tournament at Penn State's Rec Hall this weekend.

Way defeated Doug Weaver, Penn State, 4-1 in the finals at 150, while Schuster placed second to Chuck Cornea of Clarion, losing 8-2 in the finals at heavyweight.

This marks the first time since 1971 that the Eagles have qualified a wrestler for the nationals. Read details of the meet in tomorrow's Eagle Eye.

meeting held

present no fire hazard, but rather it is what students keep in their rooms. A discussion of appliances, candles, and overloaded circuits then followed. Associate Dean for Student Life Evelyn Nicholson stressed that a constant education program must be maintained to keep students aware of potential fire hazards.

Assistant to the Vice-President for Administrative Affairs Fran Cornelius mentioned that funds will soon be enlisted for the purchase of two air packs to aid in combating fires. Mr. Cornelius also stated that a safety officer is to be hired in the future.

In response to a question by SCC President Joe Eucularo, Mr. Nelson stated that the biggest danger a dorm fire presents is getting past the room's door. Nelson stressed that once a fire spreads into the dorm's ceiling ducts the fire becomes a problem of the whole floor igniting rather than a single room.

campus rally

cont. from page 1

of the rally Joe quoted Representative William Shane as saying "Your presence is going to be the most eloquent thing you can say."

A legal excuse from classes will be given to all students wishing to attend, and if another bus can be arranged, students can sign-up to make the trip in Bentley Lounge today between 11 am and 3 pm.

men's b-ball

cont. from page 3

Sellers came through with 27 points for Lambda Chi.

In Division IV everything came closer with the loss of the Playgrounders to the T-Birds. Playgrounders are still on top by ½ game over T-Birds and 2nd Floor North. The score for that game was 73 to 63. Webber and Mooty combined for 48 points. Sigma Pi rolled over the Moonlighters 80 to 63 with Morell firing in 31 points for the frat. In the defensive game of the night Iguana held off Outhouse (B) 46 to 42. Brenner helped Iguana with 14 points while McCartney led the Outhouse team with 19.

People, places and things

S.C.C. Senate Elections
North Hall originally scheduled for Tuesday, March 4 will be held TODAY from 3 to 9 p.m. due to the CAS rally Tuesday in Morrisburg.

FACULTY AND STUDENTS:

On Monday, March 3, you are invited to see the learning centers and other materials which the Educational Professional Semester Students have created while working with the Akeley School pupils. Come and browse anytime on Monday. There will also be a workshop on "Learning Centers" at 7:00 p.m. Participants will discuss centers as a part of classroom environments and have opportunities to begin to make a center of their own.

women cagers finish season

cont. from page 3

and determined to upend West Chester. On three occasions, Lock Haven pulled to within 3 points of the lead, due to the hustle of Deb Schlegel and Deb Nunes. Both Debs hit for six points at a time when West Chester went cold offensively.

When the contest ended, West Chester had won by ten points 65-55, but Lock Haven had turned in one of the best performances against a West Chester team in the history of play with West Chester.

Hudson, Nunes, and Schlegel led the scoring attack with 15, 11, and 12 points, respectively. Hudson and Nunes were credited with 12 and 9 rebounds respectively.

For the first time in over four years of play with West Chester, the junior varsity squad was victorious over the W.C. second team.

Although Lock Haven had shot 52% from the field, it looked to be a West Chester victory at half with the Eagles holding a 35-32 edge going into the locker rooms.

West Chester dominated the opening minutes of second half play. They managed to increase the lead by 11 with 15 minutes yet to play. Shortly thereafter, the momentum of the game was reversed. Lock Haven was sparked by the performances of Sandy Kotecki Deb Stopper and Cathy Ogle. With 6 minutes left to play,

COFFEE HOUSE tonight from 8 - 12 p.m. on the second floor of McEntire. All are invited to attend, and refreshments will be served. Sponsored by the McEntire Dorm Council.

Council for Exceptional Children will meet March 5, 1975 in Himes 111 at 7:00 pm. Future events such as a St. Patrick's Day-Easter Party, the Local Special Olympics meet, the C.E.C. picnic in May, and other minor events will be discussed. All C.E.C. members are urged to attend. Persons who are not Special Education majors but who may be interested in helping out in any way are also invited.

the Eaglettes had rallied to even the score at 54 all. West Chester had no time to retaliate as Lock Haven went on to win 71-58.

Deb Stopper, Cathy Ogle and Lynn Cale shot for 14, 15, and 10 points, respectively, while the boards were controlled by Donna Tyler and Cathy Ogle.

With this victory, the junior varsity squad concluded their season with an admirable record of 8 wins and 1 loss.

The only basketball that remains to be played this season is at the Women's Inter-Collegiate Basketball Championships at Glassboro, New Jersey on March 6-8.

Lock Haven's varsity has qualified to play in the Eastern Regionals which is a single elimination tournament with consolation rounds. The first round of play is on Thursday March 6 with Lock Haven facing Montclair. The second round is on Friday and the finals are set for Saturday, March 8.

The teams who were seeded for the Regionals Tournament include Federal City (1), Immaculata, (2), Slippery Rock (3), University of Delaware (4), Patterson (5), Montclair (6), Glassboro (7) and East Stroudsburg (8). Other teams who have qualified to compete include Ursinus, Penn State, Rutgers, Towson, Cheyney, and University of Maryland.

vista, peace

cont. from page 1

ty in the United States. Peace Corps Volunteers work to help meet the human resource needs of almost 60 developing countries abroad. Their work is as varied as the climate in those states and countries. These volunteers may be assigned to any one of over 500 jobs. But chances are they'll get a job requiring more than the usual blood, sweat, and occasional tears. In more and more cases, the job requires degrees in disciplines for which there was no recognized need only a few years ago.

For the person with special skills, service in VISTA or the Peace Corps seems to be a good way to spend a year or two gaining greater insight into people and their problems. Some volunteers say it changed their whole lives.

Still an increasing number of people are opting for Peace Corps and VISTA. One volunteer put it this way; it's a tremendous responsibility and an enormous challenge."

Students interested in learning more about Peace Corps or VISTA opportunities can talk to Larry Dansinger in the Placement Office, Monday, March 3rd. Interested seniors may also sign up for interviews on the same day.

terhorst speaks

cont. from page 1

the bad news and not the good news. He also said that the media is biased. Furthermore, terHorst stated that the government should control the news being delivered, terHorst resigned from his position mostly because he wasn't told the whole truth on former president Richard Nixon, and that equal justice should be given to all, including Richard Nixon.
