## Increase Passes Again Budget Reviewed

Last evening at a special meeting of the Student Co-operative Council the board of directors again voted to increase the activity fee along with reviewing the recommended budget for the fiscal year.

The executive board stated that they felt the activity fee increase was defeated because of a lack of understanding poor publicity and a subsequent poor voter turnout.

The reasons given by the executive board for the additional funds were: increased costs in the areas of transportation, meals and lodging; centennial celebration beginning in 1970; and limited amount of available funds.

The activity fee increase was proposed by the executive board

and it passed the board of directors by a 42-4 vote.

A second vote will take place on Monday concerning the activity fee increase with the student body voting and a two-thirds majority needed to pass the proposed amendment. Balloting will take place in Bentley Hall and the PUB from 8 am to 7 pm.

The other item discussed at the meeting was the review of the budget allocations. Because of the \$50,000 cut in the budget most organizations' budgets were cut.

The athletic department suffered the largest cut since it usually receives a recommended 39% of the total budget. The executive board stated that the women's lacrosse team and the men's golf team would

be eliminated because of the lack of funds.

Discussion was also brought up over the large sum allocated for the football team. The executive board pointed out that it is less expensive for the football team to play an away game because of the rental fees for the use of Spring Street Stadium.

Questions were asked concerning the reasons for the omission of the Spanish club from the budget recommendations. Jim Lebda, SCC treasurer, pointed out that since the Spanish and French clubs requested funds for parties, their requests were turned down.

At the next SCC meeting the budget recommendations will go before a vote of the directors for approval.

## Ghetto Program a Success

The newly initiated student teaching program in the ghetto-region of Philadelphia has been a success according to Dr. Colabrese, director, division of secondary education.

The program comprising of about 20 to 25 students began last semester of this academic year in co-operation with Lock Haven State College. Last year the challenge was presented to interested Juniors to participate in this program geared to the ghetto schools of inner-city Philadelphia.

There is no, contrary to belief a teacher shortage in the United States. Teachers are needed mainly in urban areas, those with the larger populations. There is a need for young and dynamic new teachers in this region in lieu of the usual staid, indifferent ones.

Previously, whites did not teach in this region because they could not identify with the black world. Last year, black educators came into LHS and 20 to 25 interested elementary education students, so that this year they could come in and be on the same level with black (ghetto) students.

All fields are covered in this

program; the distribution reflects the enrollment in LHS itself.

The success of this program is attributed to having only a few students under one supervisor, Mrs. May, who herself is black. The small number of students under her enables a quality, rather than quantity program. She is able to spend as much as an entire day with a student teacher; and she has as deep an interest in the student teachers' success as do they themselves.

If you could only see you through my eyes instead of your ego.

So little done, so much to do.  
Cecil Rhodes

I like work! But it sure kills my social life.

### ID Pictures for 1970-71

ID Cards will be taken Tues. All students intending to return in the fall should have their picture taken at this time.

## Presidential Sel. Comm. Narrows the Field

According to Dr. Hugh Williamson, chairman of the college presidential search committee, the number of presidential candidates has been narrowed to "a little less than a dozen".

The search committee, consisting of seven faculty members, three students, four trustees and three or four alumni, should recommend on or a number of candidates to the Board of Trustees sometime during or before the next board meeting, the third week of May.

The board will then study and maybe eliminate some of the contenders. From here the candidate's names will go to the Department of Education, then back to the board which will choose a candidate and recommend him to the Governor. The Governor should make his decision sometime in June.

The process will take as long as required but Williamson said that, "so far, we're on schedule". He went on to say that he would "not expect a new man before the first of September."

Not only will the process itself require time, but just when the new president will

take office depends on "when he's available." If the new president is not chosen by the time President Parsons retires, (Aug. 1970) a temporary one will be appointed. Williamson did not say who this might be.

Neither the candidates names, nor the progress of elimination will be released for publication. Dr. Williamson attributed this to possible influence on the governor's selection, and influence on the present positions of the candidates.

Leonard Wineglass, an attorney for the Chicago Planetarium, Tues. May 5. Tickets are available at the receptionist desk in the PUB on a first come first serve basis since there are only 260 tickets available.

## Has God Gone?

One of the films from the Is Religion Obsolete? series shown recently on educational television will be shown at Lock Haven State College Thursday, April 30, at 8:00 pm. The Interfaith Council will sponsor the showing of *So Where Are You, God?* The film will be shown in the Eagle Wing of the PUB.

The film raises many issues and questions concerning the relevancy of organized religion. The significance of worship services of all faiths, the meaningfulness of religion, and the search for an authentic experience of God or a supreme being will also be discussed. The church and its present activity does not escape the scrutiny of this film either.

# LHS Netters Nipped, 5-4 By Tough Millersville

On what was probably the finest collegiate tennis match ever played in Lock Haven, the Bald Eagles lost a cliff-hanger to a talented Millersville squad by a heart-breaking 5-4 score in over three and one-half hours of exciting, grueling tennis.

At number one singles the veteran Tom Rohrer locked horns with Lock Haven's sensational sophomore John Roth in a match marked by prolonged and spectacular rallies before eeking out a hard won 4-6, 6/3 6-2 decision.

In another marvelously played match Jim Augustine dazzled the gallery with his sparkling net play as he rallied to down a stubborn Harold Rush at number two singles. This was undoubtedly Augie's finest match of his career.

At number three singles rangy (6'6") Dan Roddick out

spun and out-chopped Eagle Joe Castagnola (5'8") to a 6-2, 6-4 victory.

Billy Johns could not quite recover combination better known as Beckheimer and Williams, racked up the final Eagle point of the day by downing Witmar and Lengacher 6-4, 2-6, 6-2.

Commenting on the match Coach Karl T. Herrmann stated, "What can you say when you come that close to beating a team that defeated you 9-0 a year ago with five of the six men back? We have no misgivings or second guesses about the match. They just beat us in a great exhibition of college tennis. Even though we lost I think the kids would agree with me in saying that as a team it was the finest tennis Lock Haven State has ever played. I'm very proud of them. It's just that it was so close!"

## SINGLES

1. Tom Rohrer (M) def. John Roth, 4-6, 6-3, 6-2.
2. Jim Augustine (LH) def. Harold Rush, 1-6, 6-4, 6-3.
3. Dan Roddick (M) def. Joe Castagnola, 6-2, 6-4.
4. Jay Witmer (M) def. Billy Johns, 6-2, 7-5.
5. Paul Berkheimer (LH) def. Jim Harbison, 7-5, 0-6, 7-5.
6. Art Lengacher (M) def. Ben Williams, 6-4, 6-3.

## DOUBLES

1. Rohr and Roddick (M) def. Augustine and Castagnola, 6-4, 3-6, 7-5.
2. Roth and Johns (LH) def. Rush and Harbison, 6-2, 6-4.
3. Berkheimer and Williams (LH) def. Witmer and Lengacher, 6-4, 2-6, 6-2.

## EXHIBITION

- Greg Ludwig (M) def. Chuck Gardner, 6-2, 6-3.  
Denny Firestone (M) def. Tom "Whitey" Marshall, 6-3, 6-1.

# Huskies Crush LHS Thinclads Eagles Record Drops to 5-2

Despite many season's best performances by the Lock Haven squad, Bloomsburg State defeated the Eagles by 91 to 54. The loss left the Eagles with a 5 and 2 record.

The LHS squad won only five events on the 17 event card, and the slim sophomore, Steve Podgajny, won twice. Podgajny ran season's best times in both the mile and the two-mile with

4:24 and 9:50.2. The other three winners for the Eagles also had their season's best performances. Bruce Parkhill won the javelin with a 203'11" toss, Galen Hess cleared 12'6" in the pole vault, and Chuck Simcoe ran 50.5 for the 440.

Other outstanding performances by Eagle thinclads included a school record 44'6 1/2" triple jump by Bill McNeillis, a personal best

44'11" shot put by Bill Kline and a season's best 440 relay time of 44.4 by Tom Ellis, Wayne Hoffman, Dave Witcoski, and Byron Almoncy.

Season's best performances were turned in by Byron Almoncy, 15.3 in the high hurdles, Wayne Hoffman, 10.5 in the 100, Byron Brooks and George Bower with 1:59.5 and 2:01.1 880's, Tom Ellis, 58.3 in the intermediate hurdles, and Dave Mosebrook, 9:51.6 in the two mile.

The Eagles were outscored 44-20 in the field events, and 47-34 in the running events. The LHS squad's best showing was in the middle and long distance events where they outscored Bloom 24-12.

The Eagles next encounter will be with powerful Slippery Rock at 2:00 pm on the McCollum field.

He that falls in love with himself will have no rivals.  
Benjamin Franklin

## l h s

To the editor:

I would like to thank the LHSC student body for its "excellent" turnout for voting on the activity fee raise.

The proposed \$5 raise was and still is essential to all extra-curricular groups and events on this campus. It appears to me that the student body doesn't realize this.

Since the amendment didn't pass, the SCC allocations must be cut \$40,000. This only means that the things which many students bitch about now can only get worse.

Don't expect anything, fellow students. Don't expect groups any better than "The Steam" to perform on our campus; don't expect the union to improve and be adequately protected against damage; don't expect the cafeteria to improve; don't expect cigarette machines in the dorms; don't expect adequate and numerous speakers on campus; don't expect to have enough money for your various organizations to work with; don't expect a single victory from any athletic team.

I know that many concerns we've had have been poor. I know that many groups operate on very limited funds. I know that no athletic teams have enough money to outfit and care for their athletes properly. If any team at all has a winning season it should be considered a great accomplishment.

It's a shame that not enough of you realize that the 1070 SCC

cannot operate efficiently on a 1960 budget.

Thank you for your "careful" consideration of this important matter. Enjoy bitching next year.  
Norman W. Gordon

But you always taught me not to get involved,  
Mother!

Sending your child to college is like sending your clothes to the laundry. You get out what you put in, but you don't recognize it.

by McCall

Ed Note: This weekly column by McCall will be a series of commentaries on diverse topics. Reader response is welcomed.

Well, spring is springing; and the grass is rung and all that jazz and the controlling elements of this planet, man, especially the Lock Haven species, have been doing some neat things to celebrate spring's arrival.

First of all there was that annual fiasco, Spring Weekend. What an amazing group of artists (?) the SCC board of directors invited here for our musical entertainment. The Steam's music can only be equaled with the paintings of a more or less color blind Fauvist. At least they were loud.

Then some people dared to brave the state and make something a little sterile come to life...the result was that of bright colors and good feelings and then bad feelings and a wall scrubbing party. It seems that some people have dedicated their lives to the stagnation of our already somewhat sickly existence.

Then there were those of you who celebrated Earth Day. The organizers can only be commended for being idealists in the face of blatant futility.

Our society is really amazing. It has legally sanctioned that one risk his life by going to the moon merely for the sake of saying "I've been there," but that same society would make illegal the use of drugs that might end one's existence on this less than divine planet. I'm surprised suicide isn't illegal (I was just informed that it is in Pennsylvania, so don't get caught!)

The United States government has replaced the Catholic Church in dogmatic stupidity. If it sounds confusing that's mainly because it is confusing. It has even been rumored that good old Greece, cradle of democracy, has become somewhat tyrannical as of late.

It is truly amazing to think about Vietnam. Just sit there in class and look at the kid next to you. Is his life so significant. To him it is, and it is lives just like his that are being lost for nothing, absolutely nothing, and people are so damned ignorant. For a supposedly intelligent nation, the USA hasn't seemed to have learned anything from experience except that we should repeat the same mistakes over and over and over.

We're really a sick society and too many of us are sitting back waiting for other people to do something about it. Well, too bad and surprise, surprise, but it will soon be too late to do anything about pollution, bad music, and killing if we keep assuming that semi-senile legislators can adequately run our country.

Of course there's the law and the law continues on its happy way intimidating innocent people, committing acts of mental sadism and other dispicable no no's, and then innocently wondering why the populace refuses to help it with the problems of enforcement. When the populace no longer supports the law, then it is time for a change in that law, but no one bothers, thinking that it will all be taken care of in Washington, and believe me with Nixon for President, it will be taken care of, make no mistake about that!

Yes, spring is a time of hope, and rebirth, and so kids smile while you can. There's so much to hope for and look up to and respect. Now all we have to do is survive the vile hypocritical environment we've created.

I wonder if man will continue to make this existence the worst of all possible existences?

I know this isn't exactly what one might call, well constructed and defended...tough! I call it "stream of terror thinking." Good bye Lock Haven.
