SPECIAL EDITION

Summer Brings Surprises

Construction and Shifting Alters LHS

Cable Available to Gross Hall Residents

Cable TV service is now available to the residents of Gross Hall with payment of a small installation and service fee. This service is part of the College's effort to offer resident students expanded education, cultural entertainment opportunities.

The Gross Hall cable is tied into the Campus Learning Resources System. This affords the resident student easier access to all TV programming offered by the College network. Additionally, the resident student may view commercial programming in his or her own room.

The installation and service fee for Cable TV is \$5.00 per room, per semester or \$10.00 for the academic year of September 5 to May 22, 1974.

Once the installation occurs, students who move off campus or withdraw from college may not request a refund of the fee. Any student who would change rooms during the semester may transfer cable privileges to the new room at no additional cost if the new room already has cable service. If, however, the new room does not have cable service, an additional \$5.00 per semester would be required. Should a student desire to terminate cable service, he must notify the Learning Resources Center in writing to that effect. In such case, however, no refund of the installation and servicing fee

is possible.

Students who desire Cable TV should obtain a "Request for Cable TV Service Form" from the Hall Manager in Gross Hall. The student should then submit three copies of the completed form along with a check or money order payable to the

John Sloan Fine Arts Building Completed but Empty Until '74

Construction of the John Sloan Fine Arts Building is to be completed by September 15. Unfortunately, it is going to be empty.

The contractor requested the completion date of August 9 be extended 45 days. Although the building will now be completed next month due to the lack of funds no furniture has been obtained. While portions of the structure may be put into use earlier, the entire facility will probably not be usable until Fall, 1974.

The Music, Art, and Theatre Departments are preparing the specifications for the furnishings, and these will be ready and waiting when the state appropriates the necessary money.

The building contains a small 300 capacity theatre which features a stage with a hydrolically lifted front portion. The John Sloan complex is also equipped with sound absorbing practice rooms, choral and band rehearsal rooms, art rooms, experimental theatre areas,

"Commonwealth of Pa." at the College Revenue Office. The Revenue Office will then forward a copy of the request to the Learning Resources Center and the installation would normally occur within five working days.

and space for seminars.

Dedication of the building is not to be held until it has been put into full operation.

Law Office Now Found In Glennon

The Campus Law Enforcement and Safety Division has been moved from the delivery ramp of Bentley Dining Hall to the Glennon Infirmary - now known as Glennon Hall.

The Security Force has been increased, and officers are on duty 24 hours a day.

Any thefts or unusual incidents should be reported to the department at Ext. 224 or 748-2711.

All bicycles must be registered at the Law Enforcement Division this fall. The department will also engrave radios, TVs, and other valuable items at no cost.

Infirmary Cut

This fall the Infirmary will be closed from 11 p.m. to 7 a.m. If anyone becomes ill or injured during these hours, the Campus Security Officers should be notified. They will take the student to the hospital at no charge.

The Summer Interim Committee of the SCC was opposed to this action of the Administration. However, the committee was assured that if a student needed to be admitted to the Infirmary, a nurse would be employed to attend the patient throughout the night.

Football Team Homeless for Another Year

The football team is to be without a home of their own for another year. According to Mr. Donald Stevenson, Superintendent of Maintenance, site problems and high construction costs, (\$500,000 - \$600,000) have forced the target date for completion of the football stadium to September 1, 1974.

On August 3, Harrisburg reviewed the pre-final drawings. The General State Authority and Pennsylvania Department of Education requested the architect to make some changes and re-submit the pre-finals.

Mr. Stevenson received the corrected drawings on August 13 which he reviewed

Student Association Formed Over Summer

At a meeting held at Edinboro State College on August 3 and 4, the Commonwealth Association of Students (CAS) was formed. Student representatives from all of the 13 state colleges and Indiana University of Pennsylvania were present. Lock Haven's representatives were Ron Vance, Gail Simpson, Mike Holter, and Rich DeBernardo.

This organization represents the 80,000 students in the Pennsylvania State College system. CAS was formed to work as a "united and active voice of all students on all of the 14 state college campuses."

Dan Bair, President of

Compass Coming Again to LHS

The student handbook, *The Compass*, has been rejuvenated. After its absence in 1971, the publication was put in the hands of the Coordinator of Student Publications and the copy was sent to press on Thursday, August 16.

The Compass contains updated information on academics, athletics, the Motor Vehicle Code, the student government, student organizations and activities, etc. The traditional pictures have been replaced by sketches done by Liz Klens.

The SCC publication will be ready for distribution by August 28.

Tuition Hiked Despite Fight

Although opposed by the Lock Haven State Board of Trustees, the state has instituted a \$50 tuition increase for state residents and \$100 for non-residents.

The May Day activities and letter-writing campaign held last year were effective in keeping the tuition fees from rising to the proposed \$200 level. Room and board and meal charges will remain at \$11.00 and \$10.00 per week respectively.

the organization noted that the new unity has, in part, been forced upon us by unfair decisions on the part of the Department of Education, such as the \$25 per semester increase in tuitions at the state colleges and university. The CAS representatives at Edinboro voted overwhelmingly to con-

SCUD Should Provide Birth Control Clinic

John M. DiPippa, representing the Commonwealth Association of Students, requested the State College and University Board of Directors (SCUD) to incorporate birth control clinics into the health services of the state colleges and university.

DiPippa said in his speech before SCUD on July 19 that it is the responsibility of the state to provide health care for state college students. He further stated that he felt the state was shirking its responsibility to the college women by not providing the service at the colleges.

"Two-thirds of the students at state colleges are women," he stated. "The state provides doctors and trainers for male athletic events under the aegis of safety. It is not reasonable for the nearly 50,000 women at state colleges to expect their health and safety to be adequately covered?", he asked.

DiPippa described to SCUD a three part birth control clinic program set up at West Chester State in cooperation with the college administration and local planned parenthood organizations.

He warned SCUD not to ignore the problem hoping it will disappear. "We are dealing with an essentially different morality," he said, "one which includes a much more liberal interpretation of sexuality than before."

demn the announced increase as "unfair and onerous."

"We state college students already pay, according to the Carnegie Commission of Higher Education, much

too much of the cost of our own education," said Bair. He referred to a report discussed at the Edinboro con-

cont. on p. 4

Directory Expected in Oct.

The Student Publications Coordinator, Debbie Bricker, expects the Student Directory to be ready in late October.

Local addresses will not be available from the Computer Center until early October after which time the printing and collating will take a few weeks. The names and addresses used to compile the roster in the Computer Center are gathered from the cards each student fills out for registration. Students are requested to make sure all information on the registration card is as complete and accurate as possible.

If a student wishes to have his name, address, and telephone number included in the directory, he must sign a release form giving the SCC such authorization.

If anyone did not receive this form, if it was misplaced, or for any other reason it has not been turned in, please stop at the secretary's office in the PUB and fill one out. Deadline to do this is September 14. NOTE: Failure to fill out and return this form will result in omission of the student's name, address, and telephone number from the student directory.

CAS, SCC Offer Life Insurance

Through cooperation of the SCC and the Commonwealth Association of Students, a life insurance plan is being offered to all students. This plan is presented as a service to students through the United States National Student Association.

The USNSA insurance plan offers \$10,000 protection for \$20 per year (slightly more for students over 24).

The underwriter of the USNSA Insurance Plan was selected by NSA on the basis of providing the best coverage per student dollar, understanding the needs of all college students, facilities to handle mass enrollments, and the assets to back up each policy. The company guarantees that coverage is both renewable and noncancellable as long as premiums are paid. Rates are guaranteed and cannot be increased; restrictions cannot be added nor benefits reduced.

Information and appli-

cation form for the insurance plan will be sent to each student's home address in the near future.

Students Urged To Further Student Voice

The Attorney General has ruled that students may register and vote in the town or city of their college. Voter registration will be held on campus in September for those who have not already registered. If a student is already registered at home, he may exercise his right to vote via absentee ballot.

Lock Haven State College receives approximately 60% of its funds from appropriations made by the state legislature. If the students are to have any effect on these appropriations, they must exercise the right to vote: this is the only way the men in Harrisburg will hear the student voice.

Weller Expects 80 for Drills

Robert Weller, Lock Haven State College head football coach, will greet 80 varsity candidates at the start of pre-season drills on Wednesday, August 22.

The large group will include 23 lettermen of which 12 were starters, eight on offense and four defense, from the 1972 team that posted a 4-5 record.

LHS opens the 1973 season on September 15 at New Wilmington, Pa. facing powerful Westminster College. The mighty Titans have finished in the Top 10 (NAIA) nationally for the past three years and had a 7-1 record last year including a 28-6 opener win over LHS.

The Bald Eagles close out the 73 campaign on Nov. 10 hosting Bridgeport University, holder of the nation's longest undefeated streak which now has reached 21 straight victories and two post-season bowl wins.

The Eagles should have another good year on offense with lettermen slated for every position. The 72 offensive unit scored 198 points in nine games and recorded a total offense of 2,746 yards for a fine 305.1 per game.

However, it will be a practically new defensive unit for LHS with only four regulars returning. Back are Mel Abel, end; Bob Seal, tackle; Chuck Glass, halfback; and Harry Sherman, guard.

Leading the returning offensive lettermen will be All-American candidate halfback Chuck Vennie. The Bald Eagle senior has been selected for the ECAC Division III season All-Star team for the past two years.

Vennie led the Pennsylvania Conference Western Division pass receivers last year with 39 receptions for 592 yards. He rushed for 247 yards, a 4.5 average and scored eight touchdowns. The two-time All-Conference performer also played plenty of defensive ball last year at halfback.

Senior quarterback Ed McGill will not play this year

due to illness.

Returning at the quarterback position will be sophomore Dave Bower who lettered last season as McGill's understudy passing for 13-for-37' and 212 yards. Also back is last year's junior varsity signal-caller Rich Morrell.

Two freshmen quarterbacks have been invited to early drills - Marty Sapko and Ernje Cavagnaro.

The other three backfield positions should be filled by veterans. The Bald Eagles will have wingback Vennie and Dan Wood, who came on strong at the end of last year. Bob Kline returns at fullback after a great 1972 season. Kline, a 200-pound senior, rushed for 634 yards and a 4.8 per carry average. He scored 12 touchdowns which is just one off the LHS all-time season record.

Six veterans return in the offensive line plus two lettermen wide receivers, Wayne Hoffman and Lou Savani.

Back for a third season at center is Terry Mantle; guards - Terry Szucs, John

Buckley, and Dave Welshans; tackles - Dave Love and Gil Brown. All but Szucs are two-year lettermen.

Another two-year regular offensive halfback Frank Geiger has been switched to a linebacker position. The Eagles lost three linebackers by graduation - Jeff Knarr, Paul Simcoe, and Bill McNelis.

Other returning lettermen are Mike Lang, halfback; Jerry Perry, linebacker; Wayne Johnson, defensive tackle; Alan Anderson, defensive halfback, and Randy Shifflet, defensive halfback who lettered in 1971.

Copeland Heads Group of Returning Booter Lettermen

Pre-season soccer practice at Lock Haven State College is slated to start on Tuesday, August 28. Fifty-five varsity candidates including eight lettermen are expected for early drills.

The Bald Eagle booters of Coach Karl Herrmann open a tough 13 game sche-

Announcements

The Eagle Wing will be open from 7:30 a.m. until 12 midnight this fall.

HELP NEEDED! Student Publications will be hiring students to work part-time. Anyone interested in applying for work setting copy for the Eagle Eye, running the press, or working in the dark-room - please contact Deb Bricker at ext. 456 by September 12.

dule on September 15 at 1 p.m. hosting an always rugged Alumni Club. The first intercollegiate match is at St. Francis College on September 19.

This year Lock Haven will be shooting for a fifth straight Pennsylvania Conference Western Division championship. Coach Herrmann in six years at the helm has produced a regular season record of 41 wins, 20 losses, and 12 ties. The Eagles won the conference title in 1970 and were co-champions in 1971.

Co-Captain Don Copeland will head the list of eight returning lettermen from the fine 1972 squad that posted an 8-3-2 record and participated in the first annual ECAC sectional playoffs.

Copeland is considered the best fullback in the 35-year history of the sport at LHS. He has been selected as the "Most Valuable Player" on the squad for the past three years. The Bald Eagle senior has received All-East recognition for the last two seasons and has been picked for the Pennsylvania Conference All-Star first team all three years.

Practice Starts Sept. 1

Dolan Counting on Frosh

Pre-season practice for the Lock Haven State College cross country team will commence on Saturday, September 1 according to head coach Jim Dolan.

The Bald Eagle harriers under Coach Dolan have produced a fine 31-9 record over the past four seasons including a surprising 10-3 mark last year.

Powerful Slippery Rock State College furnishes the opposition for the season home opener on September 15 at 2 p.m. The Rockets have defeated LHS for the past four years.

By way of graduation, the Eagles lost three veteran runners from last season's team. Captain Steve Harnish, Nibs Gordon, and George Bower were all three year regulars and will be

hard to replace, says Coach Dolan.

Six lettermen return, headed by brilliant distance runner Mike Gaige, a two-year senior letter winner from Canton. Gaige finished the 1972 campaign as the Eagles' top runner.

Also back are Bill Landis, Larry Wise, both two-year lettermen; Hal Fried, Dennis Harman, Bob Sellers, and Lloyd Peters who lettered in 1971.

Returning with some varsity experience are Matt Delfert, Pat Dunmire, Jim Fredericks, and Jerry Thornton.

Coach Dolan is also counting on several incoming freshmen runners to help give the squad depth for the rugged 13-meet schedule.

Student Association.

cont. from p. 2

ference in which Carnegie Commission Chairman Clark Kerr called for a gradual rise over the next ten years in public college tuitions until public college students pay about one-third of their educational costs. "We at the state colleges already are paying about 40% of the cost of operating the schools - even if you count out the funds students receive in the form of scholarships and grants," said Bair.

State college students now pay a share of educational costs comparable to what students pay at private colleges. "Students at private colleges pay higher tuitions, but they get much more for their dollars," said Bair. "They get lower student-faculty ratios, better course offerings and better facilities for study and research."

That's why, Bair said, the CAS lobbying and informational effort which was launched last Spring against the proposed tuition hike will continue. "Secretary of Education John Pittenger stated that 'the tuition increase itself would not be enough to prevent cutbacks in state college services'," said Bair. "What we must fight now as students is the double penalty that potentially faces us when we return to campus in September: paying more tuition for less services and facilities."

The organization voted to fight for an increase in funds to be set aside for the state colleges in Senate Bill 1058 which is now in the Senate Appropriations Committee. That bill now calls for an additional \$3.8 million to meet some state college costs arising from inflation and salary raises. "We know that there are legislators who are prepared to add another \$3 million to that amount which would, according to budget analysts, allow the state colleges to continue this year at the same level of operations as last year. Anything less than that amount and the colleges will be cutting back and that could mean elimination of courses need-

ed for graduation; sardine-packed classrooms, and reductions in research and work-study opportunities." The fight against the tuition increase, said Bair, was a valuable one for CAS because it wiped away a lot of illusions and misconceptions about the state of student participation in the decision-making process and student power. "As a matter of fact," said Bair, "it also served to reduce any illusions of anyone at the campus level from the students to the faculty to the administration to the boards of trustees that they have enough autonomy and power for self-determination. The students opposed the tuition hike; the faculty bargaining organization opposed it; the administrations; the board of state college presidents; and the board of State College and University Directors."

"We all should have learned a lesson and the students, as a group, will be working to make sure it doesn't happen again."

Bair noted that CAS voted to mount a student voter registration drive this fall. "We are planning to register every college student to vote," he said. Maybe the powers-that-be in Harrisburg don't care about the problems of 80,000 students, but this fight has taught us that they do care about 80,000 voters.

Copeland Heads. . .

cont. from p. 3

Other returning lettermen include, Backs-Sandy Bush, Rich DeBernardo, Lennie Long, Darrell Nagle; Linemen-Dave Chambers, Tom Rowan, and Mosen Tarassoly. Long, Chambers, Nagle, and Rowan are two-year letter winners.

Also back with varsity experience are Co-Captain Bob Boles, a regular last season until sidelined with an injury; Lonnie Mazurie, who lettered in 1970; Bill Romano, Rod Antonioli, and top goalie prospect Steve Tanner.

Despite losing the great 1972 one-two scoring punch of All-Conference performers Galen Hess and Barry Johnson plus regulars Steve Steffen, goalie Craig Dawson and Don Troutman, Coach Herrmann feels the 1973 Eagle booters will be stronger overall with much more depth.

The veteran LHS mentor is also looking forward to greeting a fine group of incoming freshmen soccer players, all with excellent high school backgrounds.

ed for graduation; sardine-packed classrooms, and reductions in research and work-study opportunities."

The fight against the tuition increase, said Bair, was a valuable one for CAS because it wiped away a lot of illusions and misconceptions about the state of student participation in the decision-making process and student power. "As a matter of fact," said Bair, "it also served to reduce any illusions of anyone at

Dry Run Held

Dr. Paul Stanton, Dean of Teacher Education, has reported that student evaluation of faculty will be instituted this fall. A trial run to determine the validity of the evaluation was made during the second summer session.

So that the results of this evaluation are available to students, a tentative plan to have this material placed in the Library is underway.

New Activity Fees in Effect

At a meeting on February 21, 1973, the Senate of the SCC passed the following changes regarding student activity fees. They are to be in effect this fall.

Student teachers teaching the entire 18 weeks in Centre, Clearfield, Clinton, Columbia, Lycoming, Montour, Northumberland, Snyder, Sullivan, or Union

County will be required to pay the full activity fee.

A student teacher teaching nine weeks in one of these counties and nine weeks outside will be required to pay an activity fee of \$22.50.

Those who teach the entire semester outside these counties will be required to pay an activity fee of \$15.00.

All student teachers will be entitled to all benefits extended by payment of the activity fee.

Student teachers are to inform the SCC of his student teaching assignment for the semester if he is entitled to the reduced cost for his activity fee.

Married students will continue to pay the activity fee. This fee will cover the entire family, with the exception of members of that family who are attending LHS. Any members of the family attending LHS will be required to pay the entire activity fee.

Senate Office To Be Open

This fall the senators of the SCC will man an office of their own on the ground floor of the PUB.

Students with any comments, problems, questions, or complaints are invited to air them to any senator in the office. Through this means of communication the SCC hopes to resolve more student problems this year.

Fountain Done, Dedication Held

The fountain, designed and sculpted by Rob Fisher, is completed and installed. An informal dedication followed by an outdoor picnic was held on June 19.

The sculpture was sponsored by the SCC, the Alumni, and the Commonwealth of Pennsylvania.

Football Team. . .

cont. from p. 1

with Mr. Stan Daley, Director of Athletics, and Dr. Matthew Maetozo, Dean of the School of H, PE, & R. The architect is to put some changes on the pre-finals and submit them to Harrisburg sometime this week. After another review, the GSA is expected to accept the drawings and instruct the architect to proceed with the final drawings.

It is anticipated that construction will begin early in 1974 but there is no guarantee that it will be completed by September.
