

## Freshman Class Has Large Enrollment

Dr. Flowers Highly Grati-  
fied  
With High Scholastic  
Standing of Class

### SCHOOL UNDERWAY

Orientation Program Helps  
Freshmen in Adjustments

The enrollment here at the college has set an all time high. Dr. Flowers anticipates between four and four hundred and twenty-five students when the school gets into full swing today or Monday. The present Freshman Class is the largest in history with this year's Sophomores a good second. The Junior and Senior classes together number little more than 160 or 170 students.

Dr. Flowers reports that he is highly gratified with the apparent high scholastic standing of this year's Freshman class. Over two-thirds of the incoming class ranked in the upper half of their graduating classes, and one-fourth of them in their upper tenth, many of them being Valedictorians or Salutatorians of their respective high schools. A complete list of this year's Freshmen, together with their home towns, will be published (Continued on page 2)

## 47 of Last Year's Grads Receive Teaching Positions

75 per cent Placement

Dr. Patterson, head of the Teacher Placement Bureau on the campus, reports a large number of placements among last year's graduates.

A total of 47 graduates out of a class of 63 have thus far been placed; or about 75% of the graduating class. Of the remaining 16 persons, 10 are either taking graduate work or are back at jobs they previously held, making only 6 graduates unplaced.

The most recent available list includes the following persons who have been placed in schools:

Alene Betts, Caroline Brown, Dorothea Diehl, Ralph Englert, Valma Fluman, Warren Hosterman, Helen Adams, Ruth Conn, Madeline Deise, Eula Glosnes, Mary K. Hershberger, Mary Kress, Helen Love, Margeurite McCollum, Jeanette Pattison, Mary Ellen Ringler, Louise Selleck, Helen

(Continued on page 2)

## Miss Mary Lingenfelter New Chief Librarian

Mrs. Guy C. Brosius Becomes  
New Assistant Librarian

Miss Helen Lebaron given leave of  
absence to pursue studies in  
field of Library Science

With the opening of the new library expected next month sometime, the new library staff has its work cut out. They will be directly responsible for the transfer of the volumes from the present library to the new one, and for the placement, marking and maintenance of the stacks in the new building, with their capacity of 65,000 volumes.

The staff this year is remarkably well qualified to take over this huge task and to accomplish it in a very satisfactory manner. Miss Mary R. Lingenfelter and Mrs. Guy C. Brosius are both experienced librarians.

Miss Lingenfelter attended high school and Dickenson Seminary in Williamsport, graduated from the University of Pennsylvania, and took her Master's degree at the library school of Columbia University. She has served at several libraries throughout the East and also assisted in the Army and Navy library during the war. Before her appointment here she was assistant librarian at the Teachers College of Columbia University.

Mrs. Brosius received her Bachelor of Arts degree and a Bachelor's degree in Education at the University of Pittsburgh, and re-

Miss Mary R. Lingenfelter, former assistant librarian of the Teachers College at Columbia University, this year assumed the position of head librarian here at our new library.

cently completed a course at Carnegie Tech which entitles her to a Bachelor's degree in Library Science. She is well known to Lock Haven residents, having served as assistant librarian at the Ross library for two years.

Burning with perhaps the flame of wisdom, the stately tower of Recitation Hall stands as a symbol of the College's traditions. Serving for decades as the inspiration of former students, it should serve to remind and inspire the incoming Freshmen that they too may carry on the spirit of the Lock Haven State Teachers College.

## Horace W. Clark Quits As Bursar, Effective Nov. 1

Mr. Duke Davies, present employe  
of N. Y. & Pa. Co. to take  
over the Bursar's job

Horace W. Clark, bursar at our institution for the past year and a half, recently announced his resignation from that position at a meeting of the Board of Directors. Duke Davies was named to the post at the same meeting, the appointment to become effective November 1.

It was with considerable regret that returning students learned of Mr. Clark's resignation. In the short time he has been with us, he has made a friend of virtually every member of the student body. Before coming here he spent four years as captain of the Civilian Conservation Camp at Slate Run. His future plans are as yet indefinite.

The new bursar, Mr. Davies, is at present employed by the New York and Pennsylvania Paper Company, where he holds a position in the corporation's Lock Haven offices.

## Student Council Begins Activities

Action Taken on New Bus for  
School Problem: Miss Heller  
Elected to Fill Vacancy

Getting into the swing of things immediately, the Student Cooperative Council, under the presidency of Joseph Whittaker, was called to order yesterday morning at 10 o'clock. The session was a busy one. Miss Dorothy F. Heller, junior, was elected secretary in the absence of Miss Phyllis Stewart, who will not return to school this year. Dr. Flowers led the discussion, touching upon the work he would like to see done this semester.

The first thing Dr. Flowers brought to the attention of the council was the proposed purchase of a school bus for use in transporting our athletic teams and conference groups. Whether the Council wishes to purchase a bus which is cheaply built, or, principally, one built for endurance, depends upon what the school needs most. If a suitable vehicle is purchased, the cost will amount to at least \$5500. This summer a group from the college drove to Salisbury, Maryland, to look at a modern school bus.

Advancing the alternative plan,  
(Continued on page 8)

## Convocation Heralds New Era Today

VESTED COLLEGE CHOIR  
WILL PARTICIPATE

The convocation exercises being held in the new auditorium this morning at 10 o'clock mark the beginning of a new era in group exercises at this institution. The very idea of convocation itself is an innovation on the campus, and will probably prove popular with both faculty and students.

This morning's program, the result of many weeks careful planning by Dr. Flowers, is headlined by an address to be delivered by Dr. John W. Long of Dickenson Junior College, Williamsport. Mr. George F. B. Lehman, head of the Music department, will sing a solo and the College Choir will make its initial appearance of the year. Their appearance will afford many of us the first opportunity of seeing their new gowns.

This year also marks the first time in recent history of Teachers College that Chapel and Assembly attendance has been compulsory. The high calibre of the programs that are being planned will undoubtedly facilitate the enforcement of this rule.

## Dance This Evening In College Gym

A week of Freshman activities will be terminated with the all-school get-acquainted party and dance in the gymnasium this evening at 8 o'clock. Plans for the event have been drawn up under the direct supervision of the faculty. The social committee of the Student Cooperative Council, the chairman of which is William Gaines, met with Miss Poole on Tuesday to make the final arrangements. Miss Malouise S. Dixon is in full charge of games for those who do not care to dance.

One end of the floor will be set aside for games such as ping pong, deck tennis, shuffleboard, box hockey, etc. There will also be several tables of bridge, five hundred and pinochle for card enthusiasts.

Music will be furnished by an old friend of local college swing addicts—Joe Simons and his orchestra, who have appeared on the campus on several previous occasions. Dancing will be in order on that part of the floor not in use by the gamblers. Refreshments are promised at intermission.

Every member of the student body is cordially invited to attend this gala affair. No admission will be charged.

# COLLEGE TIMES

The College Times is published at the Lock Haven State Teachers College, Lock Haven, Penna., by the Editorial Board of the College Times.

Published semi-monthly during the school year

Editor-in-Chief — John F. Quigley

## EDITORIAL BOARD

Entered as Second Class matter November 6, 1928, at the Post Office at Lock Haven, Penna., under the Act of March 3, 1879.

Editor-in-Chief — John F. Quigley

### O. K., FRESHMEN, HERE'S THE DOPE

Get that "Moraturi Te Salutamus" expression off your faces. You are not in a lion's den; you are among friends. (But at the same time, do not pull the beards of the upperclassmen or faculty.) Our tradition, the one of which we are most proud, states: "Everyone here is the friend of everybody else." And it is true that within a month the Freshman is acquainted with nearly everyone in the student body. Don't feel lost or out of it all. Before you know it you will be in the swing of things. To come to the point: **YOU ARE WELCOME!**

Now that you are here, relax. If, in high school you were the cock of the walk—the big shot—forget it. If you were timid, shy, or a little too reserved, forget it—no one here knows about it; and you can make of yourself what you want. We're not hard to get acquainted with; don't be afraid to say "Hello."

If you have any fears, let them be calmed. No one is going to bite you. We have no such thing as hazing at this college. However, if you are asked to take customs, take them. They require only a few silly pranks, and everyone enjoys them. The wearing of the dink is a social obligation.

College is not what it is cracked up to be, from either way of looking at it. It is neither too difficult nor too easy. If you meet the college's requirements halfway you will find them fulfilled at this point.

We are proud to say that the Lock Haven State Teachers College is a progressive school. Many innovations for the better have been introduced since the advent of Dr. Flowers. The basic curriculum course provides a broad and cultural academic background for the orientation of the incoming students. The "Councillor" plan of the personnel department is for the purpose of aiding students to become adjusted to college life.

As far as studies go, there is a great deal here for the asking. What you get is what you work for. The college has much to give you and expects a great deal in return. We hope the reciprocation will be equal.

College is full of fun as well as hard work. If you are the type of person who doesn't mind hard work, who likes to see things happen through your effort, then you are right at home here. However, there are those of us who came convinced of our own intelligence. We had our own ideas of what constituted a college education; and most of them were diametrically opposed to those of the faculty. In attempting to outsmart the faculty we outsmarted ourselves. Take a hint. The reason we have a faculty is so that we may learn and be guided.

We purposely did not title this editorial "School Spirit" because it seems that no one ever reads an article by that tag. It seems that school spirit is something which one does not talk about—but feels. Nevertheless, school spirit is the force which makes a college, gives it life and individuality; without it, there is no college, only a diploma mill.

Well, our little piece is written. You are here. Make yourself at home. There are no cliques here—there is but one fraternal organization, and that is the college itself.

## Renovation of Buildings and Grounds Progress

Steps being taken toward beautification of Campus; Many improvements in Dormitories

Many improvements are to be seen about the buildings and grounds of the campus. Throughout the summer steps were taken toward beautifying the campus and improving the general appearance of the college.

The campus in front of the Training School is being filled in and graded. Grass seed will soon be planted and shrubbery placed. By next spring it will be a valuable addition to the college grounds. Stone steps have been built, leading up the hill to the new tennis courts behind the main building, while the hillside has been made more beautiful by the construction of new pathways.

Many parts of the buildings themselves have been completely renovated. The entire hallway on the first floor of the boy's dormitory has been plastered and many of the offices plastered and repapered. The girls' dormitory boasts newly papered rooms also. The first floor of the East Dorm has been sanded and varnished.

### Freshman Class

(Continued from page 1)

ed in the next issue of this paper.

The orientation of the Freshmen was carried out with much success this year. The faculty, along with a student committee welcomed the incoming students on behalf of the school. The program, carried out to the enjoyment of all concerned, was as follows:

#### Tuesday

8:30 - 10:00 A. M.—Reception of new students. Orientation Committee and Student Assistants.

10:00 — Freshman Assembly Program - Auditorium in Main building.

Greetings - Joe Whittaker, President of Student Cooperative Council.

Greetings - Dr. John G. Flowers, President.

Community Singing - Mr. Geo. F. B. Lehman, Music Dept. Director.

Campus Activities - (1) Marion Arndt (2) Seymour Brantner.

Roll Call of Counties.

Tour of Campus.

1:00 P. M.—Freshman Tests.

7:00 P. M.—Moving Pictures - Roxy Theatre.

#### Wednesday

10:00 A. M.—Registration and Classification of Freshmen.

1:30 P. M.—Freshmen Assembly - Auditorium. Student Cooperative Council in charge.

3:00 P. M.—Freshmen Assembly - Auditorium in Main building. Meeting of all Freshmen with their Counselors.

3:30 P. M.—Tea and Social Hour - Lounge. The Ministerium as Guests.

8:00 P. M.—Freshman Pajama Party for Women in Dormitory, by Y. W. C. A.

#### Thursday

7:00 P. M.—Movie Party - Big and Little Sisters of Y. W. C. A.

#### Friday

8:00 A. M.—Classes Begin.

3:00 - 5:00 P. M.—Y. W. C. A. Tea for all Freshmen Women.

#### Saturday

10:00 A. M.—Convocation - All Students and Faculty - New Auditorium.

8:00 - 11:00 P. M.—All College Mixer - College Gymnasium. Games and Dancing.

## Campus Chatter

With the opening of school the Frat boys are wondering how many of the Frosh day students will be good pinochle players.

### For Freshman Information

We wish to welcome the Freshmen, our little brothers and sisters, and remind them that since the sun has been quite hard on the campus grass this summer it might be well for them to refrain from walking on it until the Tribunal gives them permission.

We also believe that the side entrances are closer to Frosh classes. The honorable upperclassmen are always treated with respect. Failure to comply with certain rules might cause certain measures to be taken—ask Tom Bittner.

For those who like mountain climbing we suggest a set of tennis on our new courts... and for those who do not like football we say Try Soccer... and then there was the Frosh who thought he was smarter than Abraham Lincoln because he knew the Gettysburg address when he was twelve years old.

### Full of What?

Our Classmates are back, Social Square is full... so are all the old corners.

### Mutiny in The Nursery???

If song writers don't stop stealing our nursery rhymes we may have to close our kindergarten.

For those who like music in the sweeter vein we suggest a trip to the Arbor to hear Tommy Dorsey's excellent recording of "To You"; Jack Leonard sings.

### Hearken to the Voice of One Who Knows

An observing junior says romance and roses are the same. They both bud and wilt quickly.

### These Freshmen

We were reading about a certain "Glamour Girl" (address, Hollywood, Cal.) who is bothered no end by orchids from well meaning swains because the costly blooms give her hay fever. One of the sweeter of the current crop of

very sweet Frosh girls coyly remarks that she doesn't think orchids are anything to be sneezed at.

### Could Be

Those of us who were here last year notice that the students at summer school must have had quite a time. Everything was plastered—even the walls.

### Hitler Makes the Headlines!

Since the latest war started, Hitler seems to have adopted one of America's swing tunes for a theme song—"I'm in a 'Danzig' Mood."

Some of the Frosh, we notice, come to school from a good time. Then there are those who like to dance.

As the great Chinese philosopher, Confucius, once said after sleeping on a ten-foot bed, "That is a lot of bunk."

### Last Year's Grads

(Continued from page 1)

Walko, Irving Roster, Hugh Bagley, George Bluhm, Robert Fuller, Smith Harvey, Harold Carter, Harvey Newman, Marcella Uish, Dorothy Elison, Clare Antes, Jeanne Lepley, Lois Long, Frances Reed, Vera Scott, Jeanne Turner, Amy Zaner, Joseph Rohrbaugh, Hanna Wesesky, Oliver Byers, William Hopkins, Robert Mannion, Walter Nolan, Madolyn Miller and Gladys Woodcock.

Some other graduates are taking advanced work. They are: Dorothy Freed, Irene Meyer and Audrey Foor, Duke University; Ashley Woolridge, Penn State; Katherine Rees, Teachers College, Columbia, and Peggy Stouck, Dancing, New York.

The following have been teaching in the field for a number of years and this year received their B. S. Degree in Education:

Margaret Frey, Lock Haven; Marion Sheasley, Franklin; Michael Danko, Central City; Mrs. Gladys Baumgardner, Johnstown; John Hudson, Curwensville; LeRoy Keiler, Jersey Shore, and William Statler, Central City.

# Football Season Opens Sept. 30 With Indiana

## FIRST THREE HOME GAMES

Team light and inexperienced this year; 75 per cent Freshmen; Outlook Favorable

The 1939 football squad, which started practice on September 5, is one which cannot be evaluated with any degree of accuracy until a large portion of the schedule has been completed. Neither head coach Fredericks nor assistant coach Bossert would venture any predictions whatsoever.

Numbering 39 members, 31 of whom are freshmen or sophomores, the "39" squad is exceptionally light and inexperienced, and faces a herculean task in opposing such formidable opponents as West Chester, Shippensburg and Geneva. One bright spot on the otherwise dull gridiron horizon is the highly commendable attitude shown on the field. The coaches are well pleased with this attitude and are looking forward to developing an eleven to compare with the State championship outfits of recent years.

The schedule, which hasn't a single soft spot, is:

- Sept. 30—Indiana, home.
- Oct. 7—Cortland, home.
- Oct. 14—Kutztown, home.
- Oct. 21—Bloomsburg, away.
- Oct. 28—West Liberty, away.
- Nov. 4—Geneva, away.
- Nov. 11—West Chester, home.
- Nov. 18—East Stroudsburg, away.
- Nov. 25—Shippensburg, away.

J. Wynn Fredericks, coach and mentor of the college's football team, stands ready to whip a light and inexperienced squad into a combination comparable to the state championship teams which the "Bald Eagles" are accustomed to turn out.

# FOOTBALL SQUAD

The personnel of the Bald Eagles 1939 squad, along with their weight, height, position, and home town, is:

Name	Weight	Height	Position	Home Town
Young	180	6'	E	Williamsport
Beightol	195	6' 1"	T	Clearfield
Fairchild	185	6'	G	Watsonstown
Tomilson	162	5' 11"	G	Montoursville
Kemmerer	166	5' 9"	C	Lock Haven
Blake	179	6'	T	DuBois
O'Neill	195	6'	E	Phillipsburg
Kalanowski	160	5' 8"	QB	Mount Carmel
Hopkins	170	5' 10"	HB	Six Mile Run
Mollura	180	6' 1"	FB	Clearfield
Snyder	202	5' 8"	FB	Mill Hall
Nolan	162	5' 8"	E	Flemington
Kolner	198	5' 10"	T	Morrisdale
Sagolla	160	5' 10"	QB	Bristol
Rathgeber	144	5' 7"	QB	Lock Haven
Michae's	175	6' 2"	C	Pitcairn
Yost	175	5' 7"	G	Lock Haven
Renne	163	5' 7"	G	Pittsburgh
Foye	165	5' 7"	G	Lockport
Miller	153	5' 11"	E	Pittsburgh
Fawcett	169	5' 10"	HB	Williamsport
Campbell	190	5' 8"	HB	Curwensville
Crocco	165	5' 9"	FB	Pittsburgh
Terrill	148	5' 11"	T	Lock Haven
Stein	156	5' 11"	G	Biglersville
Esposito	195	5' 8"	C	Jersey Shore
Richey	160	5' 8"	E	Lock Haven
Ganz	151	5' 8"	HB	Pitcairn
Bilby	165	5' 11"	HB	Avis
Gorman	151	5' 11"	HB	Williamsburg
Weakland	168	5' 8"	HB	Cresson
Moore	170	5' 7"	HB	Phillipsburg
Tucker	156	5' 9"	FB	Lock Haven
Lytle	130	5' 7"	HB	Mill Hall
Bloom	165	6'	HB	DuBois
Dry	160	5' 10"	C	Bellefonte
Sweeley	175	6'	C	Smethport
Larkin	183	6'	T	Sheffield

## Patterson and Coxe Receive Doctorates

Two members of the college faculty, Dr. Allen D. Patterson and Dr. Charles R. Coxe, were granted their Doctor's degree during the past summer, the former at the University of Ohio and the latter at the Pennsylvania State College. Both received Ph. D. degrees.

The subject of Dr. Patterson's dissertation was "The Implications of Newer Practices in Secondary Education for the Preparation of Teachers." In his thesis, Dr. Patterson brought to light some valuable information relative to teacher training. The study was sponsored and partly financed by the North Central Association of Colleges and Secondary Schools, and was under the direct supervision of five prominent Ohio State University professors.

Dr. Coxe's thesis was based on a study of special education for mentally handicapped children in third class school districts in Pennsylvania. His work is a valuable contribution to this particular field. Dr. Coxe also holds a Bachelor of Philosophy degree from Lafayette College, and a Master of Arts from Harvard in history and government. He took graduate work at Chicago University in 1913 and 1914.

Dr. Patterson has served here since 1926 with the exception of the years 1935-1937, when he was granted a leave of absence, taking residence work at Ohio State. Since his return here he has served as head of the Department of Education.

Dr. Coxe has been a competent instructor of English and Education subjects, and has been director of extension work here for some years.

## Soccer Outlook Is Favorable

### Practice Begins Monday; Announce Schedule

The soccer outlook is favorable this year. Although soccer is somewhat a baby sport at Lock Haven, Coach Hammond states that he expects a fair season considering the tough schedule the team must go through. The initial workout will be held Monday at 3:30 on the lower campus.

The graduation of Melvin Wingrove and Ollie Byers leaves two positions vacant. However, there is a wealth of material, both experienced and inexperienced, from which to choose. This year the team will benefit from the purchase of new equipment. The only hold-back this year is the lack of a practice field.

Mr. Hammond has issued a call for boys interested in becoming student managers and all sophomore boys who want to learn to referee the game.

The schedule for the season in tentative form is as follows:

- Oct. 14—Bloomsburg, home.
- Oct. 20—Ithica College, away.
- Oct. 28—practice game (pending)
- Nov. 4—E. Stroudsburg, home.
- Nov. 11—Penn State J.V. away.
- Nov. 18—Bucknell Varsity (pending)
- Nov. 25—Bloomsburg, away.

## NO SMOKING IN DORMS

Due to the danger of fire, smoking has been banned in the halls, offices, and dormitory rooms of East Dormitory.

Until further notice, the following rooms may be used for smoking: First floor—Day room, Delta Rho Beta, and Y. M. C. A. rooms. Second floor—Center recreation rooms.

## Trustees Ask Aeronautical Unit for College

### FILL VACANCIES

Preparation for the present term occupied the attention of the College Board of Trustees at their most recent session, on August 30. The personnel of the new board is:

Dr. David W. Thomas, Chairman and president; Dr. W. M. Pierce, Ridgway; Archibald P. Akely, Coudersport; George F. Hess, Beech Creek; M. Ward Fleming, Bellefonte; Harold D. Woolridge, Clearfield; Scott R. McKean, Williamsport; Harry O. Smith, Altoona, and Mrs. Fred E. McEntire, Lock Haven.

The board filled vacancies in the library and clerical staff, electing Mrs. Guy C. Brosius to fill the position left vacant by a leave of absence taken by Miss Helen N. LeBaron. Succeeding Miss Edna Blair, whose resignation from her secretarial position at the College will become effective September 15, the trustees elected Miss Sarah Sykes, a recent graduate of the Teachers College.

A resolution asking the new State Superintendent of Public Instruction, Dr. Francis B. Haas, to take action to permit the local college to join the national Civil Aeronautics Authority program of pilot training was adopted. A new works project for campus improvements and a landscape architect's survey of the grounds to design planting and improvements around the new buildings was authorized.

According to the news dispatches President Roosevelt is helping to speed the Byrd trip to the South Pole to validate our territorial claims to Antarctica. That sure would be a swell place for a WPA snow shoveling project.—Republic Bulletin.

## CLUBS

Club activity on the campus is not yet well underway. However, many clubs and organizations have made out their programs for this year. The Dramatic Club Governing Board has announced a meeting next Monday evening. The band and orchestra have issued a call for candidates. All students, including Freshmen, are cordially invited to join.

For the benefit of the new students, the College Times publishes a list of the campus organizations open to Freshmen:

Dramatic Club, Orchestra and Band, Glee Clubs, College Times, English Club, French Club, Art Club, Camera Club, Y. M. C. A., Y. W. C. A., Women's Athletic Association, and possibly one or two others.

In interest of sororities we report that during this past summer delegates from our campus sororities attended conventions. The Alpha Sigma Tau convention held at St. Louis was attended by Miss Edna Bottorf, adviser, and Jean Dykens, delegate.

The Tri Sigma convention held at Colorado Springs, Col., was attended by Miss Doris Winand, president. Miss Winand reports that the caucus was "very inspiring and educational."

### NOTICE

Any member of the student body is eligible for membership on the staff of the COLLEGE TIMES. Several members of last year's staff were among the graduates, and consequently a number of positions are vacant. There will be a meeting of all students interested in journalism in the office of the TIMES (rooms 118-120 east dorm) some time in the near future, possibly next week.

Mr. Richard T. Parsons, adviser of the staff, will address the meeting.

## Student Council

(Continued from page 1)

a contract with a bus company, Dr. Flowers called upon Mr. Johnston, owner of the Johnston Bus line, headquartered at Woolrich, Penna., who suggested that an arrangement could be formed between the college and himself, in the form of a contract.

Action upon either matter was tabled pending further discussion. The matter was placed in the hands of a committee for consideration. Comprising the committee are I. B. Nolan, Ralph Link, Olga Moravsek and William Bressler.

Dr. Flowers suggested a Publications Board to govern the policy of the college's publications. The purpose is to lend to the publications a dignity and color befitting Lock Haven State Teachers College. Relevant to this the Publications Staff will be expanded and a new office placed. An advisory board which will, along with a group of students to be selected, will take care of all outgoing material concerning the college. Dr. Flowers, Mr. R. T. Parsons, and Mr. G. F. B. Lehman make up the Board.

Inasmuch as Chapel and Assembly are compulsory this year, Dr. Flowers asked that the Council and all respective organizations, get behind the issue and push it. He also asked that this year the administrations of awards be made central, that all credit be given publicly to those who deserve it.

The business of the meeting was concluded with the approval of a Finance Committee by the president, Joe Whittaker. The committee, whose job it is to compose a budget for the ensuing year, is made up of Ralph Link, Jean Dykens, Marian Arndt, Henry Blake, and Josephine Gauntt.

## GEORGE BAILEY ILL

George Bailey, a senior scheduled to graduate this spring, was removed to the Lock Haven Hospital Monday morning on the order of Dr. David W. Thomas, Lock Haven surgeon. Mr. Bailey is ill of pneumonia. At the most recent available report, Mr. Bailey's condition was serious, though somewhat improved over his condition earlier in the week.

## Three of New Buildings In Use

### Governor James May Be Here At Formal Opening

Everyone is eagerly awaiting the formal opening of the new buildings here on our campus. Although no definite date has been set for this event, it is possible that the ceremony will be held early this fall in conjunction with Lock Haven's Centennial celebration in October. It is rumored that Pennsylvania's Governor, Arthur H. James, will be present for the occasion.

The library is the only building which has not been in use since its completion last spring. However, the books have been ordered and it is very likely that the equipment will follow.

If tentative plans are carried out, the first floor of the library will be used by Training School pupils. The collection for their use will consist of books and magazines of interest to elementary pupils.

On the second floor, where the main lobby will be located, there will be a magazine and newspaper room. Individual research desks form an outstanding feature of this section, in the rear of the bookroom. The rooms on the third floor will be used for offices and classrooms. One of the rooms may be given to the Dramatic Club for use.

The remaining buildings, the auditorium, power plant and field house, have been used during the summer session.

The change from the old power plant to the new building was made in the early spring and it has been used since that time. This structure is modern in every detail and makes a striking appearance.

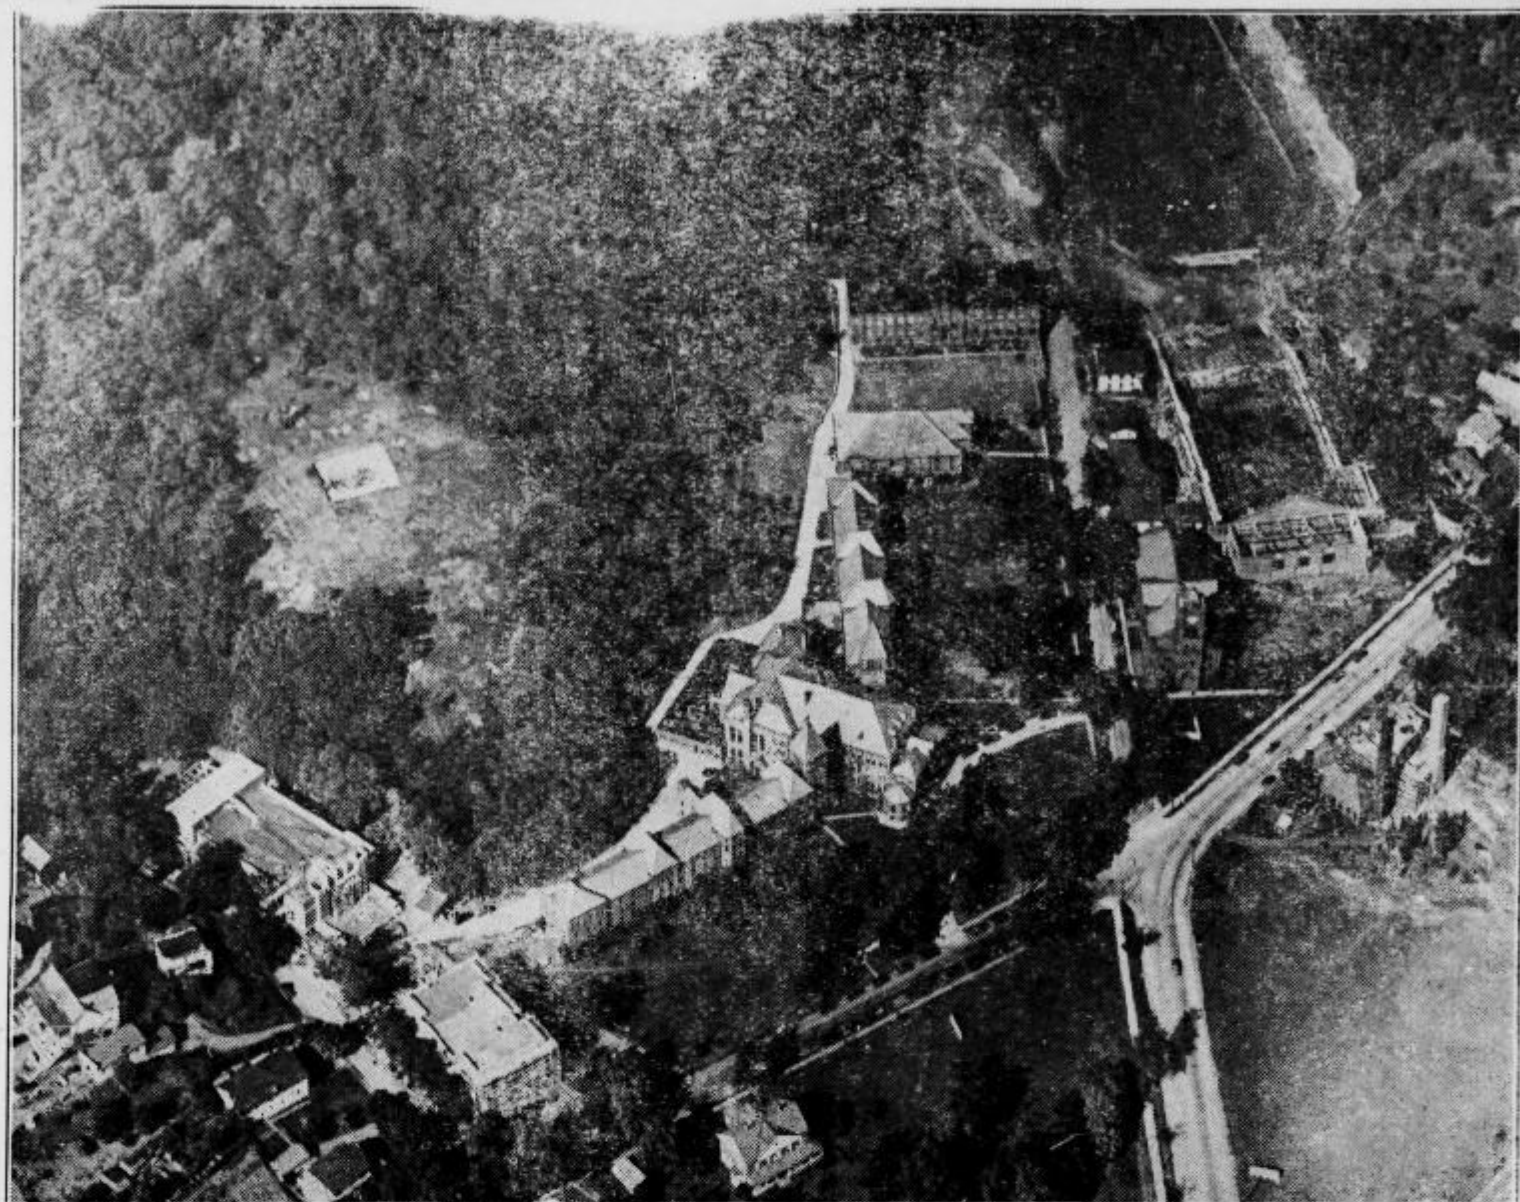

The swimming pool is the only part of the field house utilized thus far. Throughout the summer months it was enjoyed by social permission from the state authorities. The spacious main section of the field house consists of a basketball floor and a ground floor for the use of such sports as football, baseball and track as well as a series of dressing and coaching rooms.

The auditorium has been open to the public on several occasions during the summer sessions. The building heats over seven hundred. In addition to a large stage, there are two large rooms to be used as classrooms or music and dramatic rooms. In a room to the rear of the stage, the new speech machine will be located. Each student will have his voice recorded and these records will be studied in the newly instituted speech course.

Other auditorium equipment includes 3 two thousand watt electrically controlled spotlights, an asbestos curtain, front curtains, Oleo curtain, a sky set, a woodland scene, a sound screen, three sets of border lights and foot lights. The curtains are a wine color matching the seats and front curtains of front stage. The lighting system is very complete and up-to-date, modelled after that in Radio City. It contains 158 switches from which 800 different color combinations can be arranged. There is enough space in the right side of the stage to install a pipe organ. To complete the stage equipment there are two large dressing rooms, each equipped with individual mirrors for make-up and plenty of room for costuming.

### THIS YEAR'S "ARTIST'S COURSE" IS PROMISING

A fast growing and more appreciated part of the college's extracurriculum is the artist course. This feature sponsored by the students under the direction of Mr. George F. B. Lehman of the Music Department and a representative committee among the patrons underwrites a series of special en-

The above aerial photograph shows the grounds of the college. The picture was taken when the new buildings were in the latter stages of completion. In the lower left corner is the new library; above is the new auditorium. At the right edge of the picture, near the center, is the power house. Just above it is the field house.

tainment numbers for this year's program. The attractions, which include lectures, choirs, dance teams, and demonstrations, are of an exceptionally high calibre this year.

The following program has been submitted to the student body by Mr. Lehman:

#### Morning Programs

Oct. 6—The "Kilties", Scottish singers, pianists, and bagpipers.  
Nov. 6—George Samuel Kendall. Illustrated lecture: "The Greatest Things of the Ancient World."

Dec. 8—Dr. John Sloane. Liquid air demonstration.

Mar. 12—Dr. Glen Cunningham (world's greatest miler).

#### Evening Programs

Oct. (date indefinite)—Women's Chamber Orchestra of New York.

Nov. 1—Welsch Imperial Singers.

Feb. 13—Henry C. Wolfe. Lecture: Vital Topics of Today.

Mar. 12—George Stevens. Lecture: Current Books.

Sometime in April—A ballet group. "Fowler and Tamara".

### Musicians Wanted

This year there has been an urgent demand by the students and faculty of our college for a band to represent us and lend the necessary color to the football games. The organization of a band is strictly up to the student body. We understand that quite a bit of musical ability is available in this year's freshman class and we earnestly hope that when the time comes for a rehearsal they will all turn out. It is not only the freshman class which should feel the responsibility, but the upper classmen as well. The band is open to both men and women musicians. Let's all get together and form a band that Lock Haven State Teachers College and the community will be proud of.

## "The Compass", School Handbook, Is Distributed

The Lock Haven Teachers College handbook, "The Compass", made its initial appearance Thursday, when it was distributed among the students by Student Council head, Joe Whittaker and his assistants. Work on the publication was begun last year by the following committee: Joe Whittaker, Janet Lebo, June Hollenbach, Breon Lauderbaugh and William Gaines.

"The Compass" was designed and printed with the idea of helping the student body to acclimate themselves to life within the boundaries of the campus. It is primarily for freshmen.

In part, the pamphlet gives helpful information on such subjects as the faculty, the Student Council, schedules, regulations, buildings, athletics, entertainment, and general information. It is sincerely hoped that "The Compass" will play a large part in furthering the school spirit here at Lock Haven.

## Student Teachers Registered With Dr. Patterson

Over 50 Seniors Listed

Well over fifty seniors have registered with Dr. Patterson for student teaching this semester. Teaching assignments have already been made in most cases, and the student teachers have been at work for the past week. The list follows:

\*Arndt, Marion L.  
Bailey, George

Bair, Elwood  
\*Barner, Ruth  
Bate, Peter  
\*Baughman, Ruth  
Bowes, James  
Bowes, John  
Blough, Robert  
Bowlby, Loris  
Brantner, Seymour  
Bressler, Philip  
Bressler, William  
\*Brown, Marian  
Byrol, Shirley  
Caprio, William  
\*Datesman, Ruth  
Duckett, Arthur  
Ernst, Elizabeth  
\*Dykent, Jean  
Evancoe, Ethel  
Eyer, Richard  
Gaines, William  
Greenman, Helen  
\*Harbach, Phyllis  
Hopkins, James  
\*Johns, Selecta  
Johnson, Catherine

Klepper, Judson  
\*Kraemer, Marie  
Krone, Robert  
Laubscher, Faye  
Lauderbaugh, Breon  
Long, Merle  
McCloskey, Lillian  
Menge, Mildred  
Moravek, Olga  
Neff, Millard  
Nevins, John  
Ohl, Richard  
\*Pipes, Dorothy  
Pletcher, Fred  
Rickard, Helen  
Robb, Harvey  
Sabbato, Roberts  
Shaw, Harold  
\*Sweetzer, Ned  
Tibbens, Vance  
\*Weakland, Denonda  
Whittaker, Joseph  
Wiedhahn, Margeurite  
\*Winand, Doris  
\*Yon, Fred  
(\* denotes elementary teachers)
