

EAGLE EYE

Vol. XV, No. 5 LOCK HAVEN STATE COLLEGE Wednesday, September 22, 1971

Dr Benjamin Spock to Lecture at Lock Haven

Dr. Benjamin Spock, famous baby doctor and psychiatrist, will lecture in Price Auditorium Monday September 27 at 8:15 p.m. Appearing courtesy of the Cultural Affairs Committee of SCC, Dr. Spock will speak on "Dissent and Social Change".

Benjamin Spock, born in 1903, is a graduate of Yale (B.A. in 1925) and Columbia (M.D. in 1929). He published such works as *Baby and Child Care*, *A Baby's First Year*, *Feeding Your Baby and Child*, *Dr. Spock Talks with Mothers*, *Problems of Parents*, and recently, dealing with the topics of morality and obscenity, *Decent and Indecent*.

In the past, Spock was associated with literature on child-rearing, the most famous being *Baby and Child Care* which sold over 22 million copies. That was in the 1950's. Today he is recognized as an outspoken gentleman who "made headlines in 1968 when he was charged, along with four others, with conspiring to counsel young men to evade the draft." (He was convicted, but his conviction was later overturned.) Since 1962 Dr. Spock has been active in such organizations as the National Committee for a Sane Nuclear Policy

(SANE), the National Conference for New Politics, and the Civil Liberties Legal Defense Fund, "which raises money to provide for the legal defense of conscientious draft resisters throughout the country."

Dr. Spock is now concentrating his efforts on "poor people, young people, and people who want peace in the world." The war, the administration, obscenity, welfare systems, and the draft are all subjects that meet with Spock's criticism. He views arrest as "not important compared to the fact that people are dying needlessly in Viet Nam."

On a recent lecture tour Dr. Spock was rated as "the most enjoyable speaker we have ever had on campus" by the University of Hartford, Connecticut, and hailed as an "overwhelming success" at Louisiana State University in Baton Rouge. The man who has been called "the father of a whole generation" is described as having "a fantastic personality" and as being "so young in mind and spirit."

Tickets are available NOW at the PUB reception desk. A \$2.00 donation by faculty members is requested. Students will be admitted free of charge.

Eagle Eye will have a campus society section this year. Anyone desiring an announcement concerning pinnings, engagements, etc. must turn it in to the Eagle Eye office in person.

New hours for ID pictures and stickers: Monday through Friday - 2 p.m. - 4 p.m. ONLY

EDITORIAL

Now that the open vote on the constitutional amendment for a Faculty-Staff Activity Fee has been passed by the overwhelming vote of 645-46, it is time for campus cooperation. All affected members have the choice of paying a \$10 individual fee, a \$15 fee, or not participating. If, however, a faculty or staff member chooses the last of the three, he will be required to pay an admission fee at the door of campus events. It seems that a school year of sporting events, lectures by notable personalities such as Dr. Benjamin Spock, and concerts by the various artist series is certainly worth \$10 or \$15 for an entire family. To hear one speaker alone will cost \$2.00!

The SCC provides for the entire LHS campus community many evenings of entertainment and educational events and the students, alone, have born the cost of such happenings through their \$30 activities fee. Can it be asking too much for the faculty and administrative personnel to pay \$10 for the same program of events?

The SCC would like to be able to bring to all of us more and possibly better entertainment and if the student and faculty consolidate funds this may be possible. We can only cooperate with each other and provide a concerted effort to achieve for ourselves. The LHS campus is a center of students and faculty and staff members and all share the programs brought here. Can we not share the expense and, in turn, all enjoy the benefits of combined effort?

- D.B.

In accordance with the recent court order, voter registration has been extended until Friday September 24. Pending a court decision to allow non-resident college students to vote in the county of their college, the student registrations will be kept separate from the regular resident voter registrations. If the issue is passed, voter registration cards will then be sent out. In any case to be eligible to vote, a student MUST register by Friday. The Voters Registration Office on the first floor of the court house will be open today, tomorrow and Friday from 9 am until 5 pm.

Cheerleaders to Sponsor Rally

LHS cheerleaders will sponsor a giant pep rally Friday, September 24 at 7:30 p.m. at Thomas Field House to honor the football, soccer and cross country teams. All three squads will see action at home this Saturday.

The rally will consist of football skits and revised cheers presented by sorority and fraternity members along with the cheerleaders. The MC will be Ron Jury.

The unbeaten Bald Eagle booters host Edinboro State on McCollum Field at 2 p.m. while the cross country team will face Clarion State also at 2 p.m. on the local rugged course. Coach Bob Weller's Eagle gridders, fresh from a major upset over Delaware State, play arch-rival Bloomsburg State at Spring Street Stadium at 8 p.m.

It is a big home weekend for sports at LHS. The women's field hockey team opens the action facing a strong Lock Haven Hockey Club on McCollum Field at 11 a.m.

The Faculty-Staff Activity Fee was passed by a student vote 645 to 46. President Hamblin was the first administration member to pay his fee and receive his ID.

The fee must be paid in the PUB secretary's office at which time pictures will be taken and an ID issued.

ATTENTION: ALL ELEMENTARY MAJORS: Care for a mixer? Come to Bentley Hall Lounge, Wednesday, Sept. 22 at 7:30 p.m.

Attention: Students, Faculty and Staff who signed up for flu injections - The injections will be given today at the Glennon Infirmary from 12 noon until 1.

All students who have been requested to participate in the educational research study through Lock Haven State College and the Pennsylvania State University are reminded that they are to report to Ulmer Planetarium at 7:00 Wednesday, September 22.

NOTICE: SCC Meeting tonight at 7:00 in the Eagle Wing.

Roll and Butter	

Football Predictions Released

Edinboro of the west and West Chester of the east, the top two teams in the Pennsylvania Conference last season, are favored to win their respective division championships again this year.

Edinboro won the Pennsylvania Conference title game 14-6 then went on to capture the Lambert Bowl and play in the 1970 NAIA Division II national playoffs.

The West

Indiana University of Pa. will present no challenge to the Fighting Scots since they are not eligible for the 1971 football championship due to the lack of the required number of league games. No other team appears strong enough to really challenge Edinboro for the Western Division title.

The Highlanders have their entire offensive backfield returning, led by Al Raines, an All-American candidate at halfback, and quarterback Joe Sanford. Veterans also fill the key spots on the offensive line, in the likes of guard Paul Burkell and tackle Paul Chakot. Defensively, the Scots look strong even though E.C.A.C. Player of the Year in 1970, Ebby Hollins is no longer playing.

Clarion and Slippery Rock both represent threats to Edinboro, with Lock Haven, Shippensburg, and California rated as possibilities for the Western title.

Coach Al Jacks of Clarion is looking for another successful season if his quarterback Joe Marx can come through for him. Tailback Fred Rost, last year's leading ground gainer and scorer is back in the line up, but several other valuable offensive players for the Golden Eagles must be replaced.

Coach Bob Di Spirito of Slippery Rock must worry about replacing most of his defensive

unit, but hopes to improve upon last year's 4-5 season by relying upon his offense led by halfback John Suvoy.

Lock Haven is again relying upon the aerial game of Mike Packer, the leading thrower in the NAIA in 1970. They are, however, sporting a better ground game and a much improved defense.

Likewise, Shippensburg must depend upon the arm of Jim Monos. They are hoping for improved defense, also if they are to improve any over 1970.

California, the big surprise team of the West when they defeated Indiana, Clarion, and Slippery Rock, lost many key veterans. Among Coach John Katusa's needs is a new quarterback.

The East

West Chester was good last year and appears just as potent this season. The Rams are returning 24 lettermen including two top quarterbacks Tom Forchetti and Tom Pierantozzi.

East Stroudsburg appears to be the only contender for the eastern championship. Millersville can be classed as a dark-horse candidate while Kutztown, Bloomsburg, Mansfield, and Cheyney are left to hope. At least they can look forward to improvement.

East Stroudsburg's contention depends upon the passing of Steve Mummaw and the running of Glenn Gottshalk. They, also look for a strong defense this year.

Millersville has 15 returning lettermen plus several members of an undefeated freshmen team so it should be greatly improved over last season.

Kutztown, Bloomsburg, Mansfield, and Cheyney all have good talent on their squads but must establish a winning spirit and get on the gridiron fighting if they want to improve in 1971.

Letter Policy

Eagle Eye will accept letters to the editor only if they contain at least one signature by the writer or writers. Names will be withheld from publication on request of the writer, but all letters must be signed.

Letters on any subject are welcomed. However, they must not be libelous to any individual or group, and they must be written in good taste.

Eagle Eye disclaims any and all responsibility for letters, both in content and in topic.

NEEDED DESPERATELY!!

All students interested in any type of photographic work (taking pictures at campus events, making and developing negatives, etc.), please stop in or call the Eagle Eye office 748-5531 or see Mike Bradley in 227 High Hall.

The staff is also open to all students interested in reporting, proof reading, or layout and would like to work a few hours in their free time.

No experience necessary in ANY field - Eagle Eye will train students who are interested. Just stop in, call, or see any of the staff members.

All Varsity Club Members should meet at Thomas Field House Club Room on Wednesday, September 22nd at 7:30 P.M. Important organizational meeting.

Commuter needs a ride from Penn State to Lock Haven each morning and a return ride each evening five days a week. Call Vicki Clark Hannigan at 814-237-8540 or leave a message in the Eagle Eye office.

Dirty Car? Solution: WARA Car Wash on Saturday, September 25 from 9 a.m. until 3 p.m. at Henderson's Fire Co. next to the A&P on Bellefonte Ave. Only \$1.00.

Pregnant? Need Help?

We will help any woman regardless of race, religion, age, or financial status. We do not moralize, but merely help women obtain qualified Doctors for abortions, if this is what they desire. Please do not delay, an early abortion is more simple and less costly, and can be performed on an out patient basis.

To the Editor:

Monday I read a letter to the editor by one David W. Aston. He expressed a kind of faith that I cannot help but question; and so, I write this letter. I welcome a response from Mr. Aston, in the interest of understanding why he holds his beliefs. Besides, I may be wrong in what I say and he could tell me why.

First of all, Mr. Aston, you said "God be thanked" for Dar Zeigler speaking out on his beliefs. Dar Zeigler decided to speak out, not God. So why should God be thanked for something Dar Zeigler did?

Next, you mention that you yourself have tried "using" God, and found out that "he works". You say he gives you the strength to deal with your problems and "defeat them". Many persons who use drugs in "solving" their problems would offer the same line of thinking. With both the drug-user and the God-user there is a dependency on a strength outside of one's self. Whereas, I believe you have the strength within yourself to solve your own problems. Naturally, in the course of solving your problems you may ask others for their advice. (Should I do this or that? Which do you think is better?) But when the decision is finally made, it's up to you to put the solution into action, to do something about it. And I believe you have the power to do that. You don't need God to help you.

But aside from that, I do not believe God is able to help you. When I was very young (and naive) I did "pray sincerely" as you urged people to do. I believed in it. But my prayers went unanswered and since my requests were reasonable, I eventually realized that God is not able to help me—on anyone else, for I saw there were many people who had far greater, far more serious problems than I did—and they were not helped. The world is full of desperate people who live and die, with God unable to help them. Don't believe me? Pick up a newspaper any day of the week.

I will give you an example that hits closer to home. Some years ago, a close friend of mine had a horrible tragedy occur in his family. His little brother, age

three, died of cancer. Why should God allow such a thing to happen? To punish the child's parents? But is it right that the child should suffer for their mistakes? (By my friend's account, the boy was not a sinful or wicked fellow.) Even if the child received some of "compensation" in heaven, he still suffered an agonizing death for no just reason. God can therefore not be omniscient and omnipotent and benevolent. For all three to exist is impossible. One of them has to go.

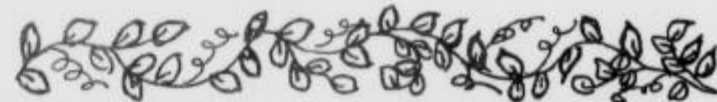

The example of the three-year old boy reminds me of a section in "Pro and Contra" from *The Brothers Karamazov* by Fyodor Dostoevsky. You, Mr. Aston, would do well to read that book as well as the Bible.

Kirk Fenton

To The Editor:

After having read Dar Zeigler and David Aston's letters to the editor in the past two issues of *Eagle Eye*, I feel that I, too, must add my name to the list of those who have tried God. He really works! I'd have cracked up or done something drastic a long time ago if it hadn't been for God. We Christians have our share of troubles but God is always there to see us through. He's made me happier than I've ever been and life has been truly "more abundant". It's great to know there are Christians on campus who aren't afraid to tell others about Christ. Jesus Christ isn't someone to be ashamed of, He's someone to rejoice about!

Yours in Christ,
Marian Conn
