

## Group Plan To Be Used For Interviews

The Personnel Office has announced a new plan of group interviews with students applying for admission to the college. Dr. John H. Bone, Dean of Admissions, stated that he expects twice as many applicants this year, and the limited staff could not handle single interviews.

The policy of group interviews has already been adopted at most colleges. Each Saturday morning as many as 60 students will arrive on the campus for interviews at 9:00, 10:00, and 11:00. The policy of careful review of records and transcripts will remain as it has been prior to the new plan.

Five regular college students will act as hosts and hostesses each week, taking the group on a tour of the campus and answering any questions the students might have about the school.

It is hoped that through this new plan, applicants will be accepted sooner, and registration can be closed earlier than previously was the case.

## State Passes Drinking Law

The State Liquor Control Board is campaigning against illegal alcoholic beverage consumption at Pennsylvania colleges and universities.

The board sent 2,500 copies of a warning to all of the state's institutions of higher education advising them that a new state law subjects persons under 21 years old to fine or imprisonment for illegal acquisition of alcoholic beverages.

Previously the law only made it illegal for beverage license holders to sell alcoholic beverages to persons under 21, without the underage person being subjected to any penalty.

The warnings were sent to county school superintendents, district superintendents, supervising principals, state college presidents, diocesan superintendents and bishops, presidents of accredited colleges and universities, as well as all state-owned educational institutions, private schools and junior colleges.

The new law, signed Aug. 14, makes it "unlawful for a person less than 21 years of age to attempt to purchase, consume, possess or transport any alcoholic, liquor or malt or brewed beverages within the Commonwealth."

Violators are subject to fines ranging from \$25 to \$100 or up to 30 days in jail or both.

**LET'S HAVE  
A  
HOOTENANNY**

**TWO MEMBERS** of the Danish Gym team demonstrate an exercise with hoops. This is one of the stunts the team will perform Thursday.

## Danish Gymnasts Slated To Perform on Campus

The world-famous Danish Gym team will perform next Thursday afternoon and evening in Thomas Field House. The visit of the team is being sponsored by the Assembly Committee, and is under the management of the Health and Physical Education Department.

Two performances are planned. The afternoon program, starting at 1:10, will be free to students, Faculty and the non institutional staff only. The evening program, at 8:30 to 10:30 p. m. will be by ticket admission only—\$1.00 for children; \$2.00 for adults.

Invitations have been issued by the Phys Ed Department to all physical education graduates within a 100-mile radius to bring students to the demonstration. A similar invitation has been sent to high schools in the surrounding area.

### Most Skillful in Denmark

The performers, 12 girls and 12 boys, were selected from the most skillful gymnasts in Denmark. They represent a wide variety of careers, and their interest in common is their dedication to physical education.

The team arrived in New York City August 20. After a two-week training period at Kent School in Connecticut, the team began its nation-wide tour. The current trip is the sixth tour Director Erick Flensted-Jenson has undertaken with the Danish gymnasts. The team will tour the United States and Canada throughout the next year with their final performance at the World's Fair in New York City in July.

Exercise on balance beams of different heights is the most spectacular part of the girls' program. The vaulting and tumbling of the boys' team is the highlight of the performance.

Other demonstrations will include advanced and rhythmical gymnastics, marching, exercises with hoops, and Danish folk dances for which the gymnasts are dressed in national costumes.

Tickets for the evening performance will go on sale several days preceding the program.

## A. C. E. Started; Panel Discusses History of Group

The first meeting of the A. C. E. found approximately 300 students listening to a panel of faculty members explaining "What A. C. E. is." The panel led by Dr. M. A. Smith and including Miss Grein, Miss Gross, and Mr. Clawson discussed the history of the organization along with what the student can gain by belonging to the A. C. E.

President, Dennis Keller, conducted the panel discussion. The Penn State workshop Sept. 21 was discussed with 16 students plus faculty planning to attend. The workshop cost was to be paid by the A. C. E. Deane Cuhick and Dennis Keller are in charge of the arrangements for the Pittsburgh Children's Theater Plays, the dates for this semester.

## Homecoming Activities Spark Campus to Life

Alumni, Faculty, and students will all enter the gay atmosphere of a County Fair today. Jim Reeser, Chairman of Homecoming plans, has worked closely with Mrs. H. R. Ferguson to make the events this year memorable ones for all of us.

The hard work and many hours of preparation will be sure to reward our visitors this week-end. Our students have been busy decorating their floats that center around the theme "County Fair." Saturday will end the curiosity and speculation that has arisen when the float winners are announced at the football game.

### Local Hootenanny

Although final plans are not complete as this article is written, the general format for Homecoming has been decided upon. The scheduled events will begin tonight with a Pep Rally in the Auditorium sponsored by Tau Kappa Epsilon Fraternity at 7:00 p. m. when the band, cheerleaders, and students will meet to honor the football and soccer teams. Monte Shepler will preside as Master of Ceremonies.

Following a boisterous display of spirit the evening will turn back to the days of county fairs and folk songs with a local hootenanny. This will begin at 8:00 p. m. and will feature groups from Lock Haven's campus. Immediately following this, the events will move to Roger's Gym for a free record-hop that will continue until 11:00 p. m.

### Important Assignment

Then perhaps TKE's most important assignment of the evening begins. They will deliver donuts and coffee to all of the weary float workers who missed the earlier activities due to their hectic last-minute preparations. But these diligent workers will have had their eyes on that first prize, and no one will seem to mind the amount of work required to gain it.

Tomorrow morning will reveal sleepy-eyed co-eds scurrying about to give their floats that final check before parade time. The soccer team will begin the day's activities when they meet Frostburg, Md., at 9:30 a. m. on McCollum Field.

At 11:45 our floats will be ready to roll and our exhausted co-eds formally bedecked in blue jeans will once again transform themselves into the young ladies we know so well. One thing we can be certain of is that our students will be tired but proud of their accomplishments.

### Kickoff at 2 p. m.

Kickoff time for the game between California and Lock Haven is 2:00 p. m. "Dad's Day" will be the added feature of this year's game and all alumni will be admitted free. Half-time will be highlighted by the presentation of our 1963-64 Homecoming Court and the crowning of our Queen. This coronation ceremony is sponsored by the Brothers of Kappa Delta Rho.

Immediately following the game the Varsity Club will hold

(Continued on Page 2)

## Crowning of Queen Highlights Weekend Festivities of Fun

Our choice for Homecoming Queen was a difficult one, for again this year we were given a choice of one from seven lovely ladies.

Betsy Benning, a senior in Elementary Education, claims Bradford, Penna., as her hometown. Sigma Kappa Sorority, ACE, and Synchronized Swim Club are high on the list of Betsy's extra-curricular activities. She also expresses great interest in rifle shooting and water sports. In 1962 Betsy reigned as Armed Forces Queen.

A senior in the Physical Education curriculum, Betty Gommel comes from New Britain, Pa. Previously Betty served as vice-president of the Women's Dormitory Council and as Secretary and Treasurer of Women's Athletic Recreation Association. She also participated in varsity hockey and basketball and is on the women's tennis team.

Eileen Marsh, a junior from Waterford, Pa., was a member of last year's Homecoming Court and in 1961 she was Sigma Pi Sweetheart. Eileen is kept busy with her many extra-curricular activities which include Sigma Sigma Sigma Sorority, Aquafins, IRC, Student PSEA, and SCC. Reading, hunting, skiing, and very amateur tennis are listed as her personal interests.

Also a member of the 1962 Homecoming Court was Shirley Olt from Willow Grove, Penna. As a Health Education major Shirley takes part in Varsity hockey and WARA. She is also Recording Secretary of Alpha Sigma Tau Sorority. Among her hobbies she lists sewing, traveling, eating, and walking her dog.

A senior in Health Education, Nancy Peterson comes from Titusville, Pa. She has been a Cheerleader at Lock Haven for four years and is a member of WARA, the Aquafins, and Sigma Kappa Sorority. Nancy likes dancing, horseback riding, and water skiing. During her sophomore and junior years here she was elected to the Homecoming Court.

Janet Robb is a busy elementary major from Lock Haven. She served on the Homecoming Court in 1962 and this year is a member of Lambda Chi Alpha's Crescent Court. Janet is a member of Sigma Sigma Sorority, ACE, and serves on the Social Committee. This year she is the President of Panhellenic Coun-

(Continued on Page 2)

SO WE SAY-

To Park or Not to Park

One of the first things we noticed upon returning to the campus this fall was the enlargement of the student body.

Along with the expanding student body, it is quite evident that there are many more cars on campus.

It is quite evident that immediate action should be taken to alleviate the parking problem.

Since it is preferred that college-owned land be used for parking, perhaps land could be cleared on top of the hill for a big and adequate parking area.

Editorial Policy

Editorials printed in The Eagle Eye express the sentiment of the staff and not necessarily of the college or the readers.

College Diary Returns To Air Every Wednesday

The Public Relations Committee at the Lock Haven State College, in collaboration with Harris Lipez, general manager of the "WBPZ" radio station in Lock Haven, has put on the air again this year the program entitled "College Diary."

This year's announcer is Craig Holland, a junior and a resident of this city.

The purpose of this program is to publicize the activities of the students, staff, and faculty, to bring important announcements of news, and to present a commentary on the educational scene.

The program includes a news show, and the important features this year will be interviews with leaders of various clubs and organizations on campus, as well as with faculty, and staff members.

FRATERNITY ROW

Starting 7:30 and ending 10:40 on Monday, September 30, the first "Round Robin" will take place beginning in Smith Hall.

SIGMA PI

Although the Brothers of Sigma Pi spent their summer vacations in varied ways, their interest now lies in a common goal—the renovation of their house.

The intramural football team of Sigma Pi is looking forward to a good season this fall.

The passing summer brought the sound of wedding bells for Brother Bob Sheppard (64) and Tim Kavel (63).

We Grow and Grow and Grow

The 1963-64 freshman class of L. H. S. C. has set a record with an enrollment of 404 students.

Clinton County has the most representatives — 74 students. Lycoming County runs second with 59, and 27 are from the Centre County area.

None of the freshmen hail from Philadelphia County, but 9 enrolled from the Pittsburgh area (Allegheny Co.).

Seven students represent other States — 4 traveling from New Jersey and 3 coming from New York.

Crowning of Queen

She holds hiking and tennis as two of her major interests.

A secondary English major from Holmes, Pa., Lynne Thompson is the President of Delta Zeta Sorority.

The crowning of our 1963-64 Queen will highlight the half-time events of the Lock Haven-California football game.

Homecoming Activities

(Continued From Page 1)

a Cider Pour on the lawn of the Thomas Field House. A special dinner will be held at 6:30 p. m. for our alumni and their guests at the Fallon Hotel.

The dance tomorrow night will change the theme to "The World's Fair" which will provide a unique background for the music of Les and Larry Elgart who will present a concert from 8:00 to 9:00 p. m. and an evening of dancing until 12:00.

Parents Day Reception

Sunday's program will include a Parent's Day Reception from 3:00 to 5:00 p. m. in Smith Hall. The dorms will be open to welcome the many visitors to Lock Haven's changing campus.

Groove News

by Mel Hodes

Beginning the third year of Groove News with a bang, we'd like to recommend to you a superb collection of records in the serious music vein.

The secret of the low price of these recordings is that the records are recorded and produced throughout Europe, and several of them were made in 1959, which makes them about three years old.

THE BARGAIN, OF GREATEST IMPORTANCE TO USUALLY FINANCIALLY POOR COLLEGE STUDENTS, IS THAT THESE RECORDS COST \$1.98 IN REGULAR HIGH FIDELITY AND \$2.50 IN STEREO.

ROCK AND ROLL: Marcy-Jo, young songbird from Pittsburgh was seen in many night spots this past summer with Eddie Rambo, singer on the Swan label, but alas, this summer romance has ended and the pretty Marcy-Jo is free as a bird . . . Sammy Davis, Jr. will be releasing a new click on Reprise, Frank Sinatra's record company.

BEAT CALIFORNIA

A Campus Personality

by TONA WILLIAMS

Each morning a green and white British Austin-Cooper sedan arrives on campus, noses into its parking space behind the auditorium, and purrs to a stop.

Mr. Solomon is a bachelor whose hobbies include cooking (both by choice and of necessity—his specialty is spaghetti with mushrooms), classical music, progressive jazz, and Zen Buddhism.

HAVE YOUR CAR READY FOR SNOW SLUSH SLEET SALT WAX AND CLEAN \$10.00 SIMONIZ 15.00

ROBERT SOLOMON

Born and raised in Philadelphia, he is the youngest of three children. He will be 25 on January 15.

Pointing to his jacket button which was held in place by a safety pin, Mr. Solomon admitted that he needed a wife to take care of him.

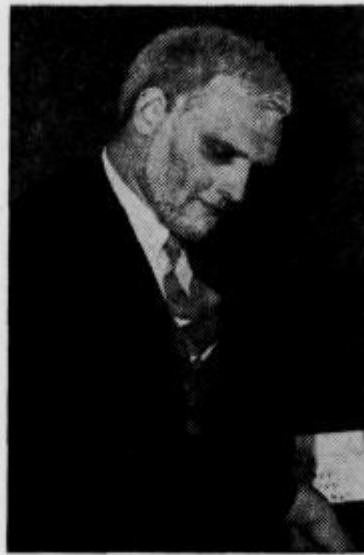

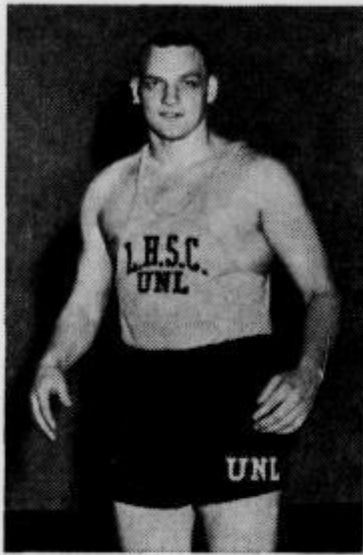

Welcome aboard, Mr. Solomon.

## WHO'S WHO

by ROD FOWLER

### Gus's Grappler - Handley's Ham

If he is in a room alone, it is crowded. If you stand and talk to him, you are surrounded. You will not have any trouble noticing him—all six foot five, two hundred forty pounds of him.

Harry Sisak is a standout on the stage or the wrestling mat. A native of Allison Park, Pa., Sisak transferred to LHSC from Michigan University in 1961. While here he has distinguished himself by building up an impressive record as a wrestler and an actor. Last season he was 8-3 in dual meets, third in the state contest and fourth in little nationals. An excellent record for a wrestler in the unlimited class.

Harry's major field of endeavor is English, and his minor seems to be dramatics. In 1962 he played the lead role in the College Players' major production, *Look Homeward Angel*. His first year dramatic efforts were impressive enough to have him selected to the honorary dramatic fraternity, Alpha Psi Omega, of which he is now president. He also finds time to be a member of TKE and the College Players.

At the age of twelve, Harry stood six feet two and weighed one hundred eighty; only then was he finally able to convince his classmates to stop calling him "Sausage Sisak." A natural interest in sports led him

to the wrestling team at North Allegheny High School in Pittsburgh. Under the tutelage of Coach Leonard "Gus" DeAugustino, he grappled his way to the District Championship for two years in a row at 185, and in his senior year held the honor as regional runner up.

Gus DeAugustino was LHSC first wrestler to be selected for the Olympic Team in 1952. Gus helped Harry overcome adolescent awkwardness in high school and strongly influenced his decision to study and wrestle at LHSC.

Harry spends his off campus hours with his new bride, the former Marilyn Sarver, also a native of Pittsburgh. If you look close enough you'll still see the stars in their eyes from their August honeymoon trip to Miami Beach.

This reporter queried Sisak about what he would be if he could be anything he wanted. "A Gladiator," he answered, without flinching, "Because it would be exciting to fight for your life in a dramatic way every day."

We could not resist taking this opportunity to ask Harry for a prediction of this year's wrestling team. It is simple, but eloquent in his own words, "A lineup with fellows the calibre of Blacksmith, Powell, Cook, Swope and Eisenhower will be pretty tough to beat."

## The Great Expedition

by GEORGE MILLS

No matter how experienced one is in the ways of the wild, it is sometimes difficult to overcome nature and general mishaps. Such was the case in the great expedition of those two daring adventurers of the Canadian backwoods, Dean Young and Dr. Parsons.

The north-bound Safari left Lock Haven in two cars at the crack of dawn on August 2, 1963, heavily loaded with camping supplies—destination—Lake Waswashkesh, Ontario, Canada. The members of the party included Dr. Parsons, his wife, and their son, Lance, in one car, and Dean Young, his wife, their grandson, Skipper, in the other car.

### Camping Area Crowded

They were well into Canada by noon and arrived at Port Severn on Georgian Bay at 12:30 in the afternoon. That particular weekend was a holiday in Canada and the camping area was quite crowded, but the two parties managed to find adjacent campsites, and proceeded to erect overnight sleeping quarters. A series of events then occurred that the group will long remember.

Upon driving his car into an empty campsite, Dr. Parsons ran over a tree stump and damaged the steering mechanism in his car, had to leave his car at Port Severn, but continued the next day and the remaining 100 miles via a rented truck.

Now, Mother Nature began her discouraging ways, and the weary travelers had to slash away the thick, almost impassable Canadian underbrush to erect their sturdy shelters amid a driving rainstorm.

### "Motor Trouble"

Even the most experienced boatsman can make a mistake. So, while transporting, by outboard, supplies from the dock across the lake to the campsite, Dean Young and Dr. Parsons had motor trouble. After vainly trying to start the motor, they began to row, until an elderly lady happened by and towed them to the dock. Dean Young then asked an old friend if he could get a man to fix the motor. The mechanical genius solved the problem when he opened the lid of the "empty" gas tank. Dean Young's friend remarked, "Of all the people on this lake a thing like this should happen to, it happens to you."

The following day began a week of fine fishing weather for the party. Small-mouth bass were biting well and fish was on the menu quite often, and in spite of being many miles from civilization, the group ate and lived rather well.

On Friday, August 9, the Dr. Parsons group broke camp, headed for home, and again the weather made parting a solemn occasion. Dean Young and

his group stayed on until the following Tuesday.

At Port Severn, while the Parsons were having lunch, there was a power failure in the area, and Dr. Parsons' car was repaired atop a hydraulic lift. After waiting for several hours for the power to resume, the Parsons finally headed homeward.

All went well for the Young family until the day they broke camp; and then nature took matters in hand and delivered a torrential downpour that drenched the Youngs and much of their equipment. Driving through continual rain just north of the Pennsylvania-New York state line on a road that was under construction, the Young's car scraped bottom on a high spot between two deep ruts, and the result was a hole in the gas tank; but a four-hour stopover in Bradford, Pa., took care of that "minor" detail.

The bedraggled travelers thought that nothing else could possibly happen to stymie their homeward progress. How wrong they were! About halfway between Renovo and Lock Haven, just before daylight, a tire blew out. At 6:30 Wednesday morning the group pulled into home, weary, wet, but happy because Dean Young at last had found a beautiful spot on which to build his summer retreat, the plans for which he has had for twenty years.

Surely, this year's Canadian vacation will be one to talk of and remember for many moons to come.

## Foreign Study Possible to All Geniuses

Only a few more weeks remain in which to apply for a 1964-65 U. S. Government grant for graduate study or research abroad. Competition for the scholarships, available to qualified graduate students under the Fulbright-Hays Act, is administered by the Institute of International Education.

In addition to full grants, which provide round-trip transportation to any one of 51 countries, as well as tuition and maintenance for one academic year, two other types of grant are available: Joint U. S. government grants are offered cooperatively by the U. S. and a foreign country (which provides tuition and maintenance); and Travel-Only awards which supplement maintenance and tuition scholarships awarded by a university, private donor or foreign government.

Participating countries include Argentina, Australia, Austria, Belgium-Luxembourg, Bolivia, Brazil, Ceylon, Chile, China, Colombia, Costa Rica, Denmark, Dominican Republic, Ecuador, Finland, France, Germany, Greece, Guatemala, Haiti, Honduras, Iceland, India, Iran, Ireland, Israel, Italy, Japan, Korea, Malaya, Mexico, Nepal, Netherlands, New Zealand, Nicaragua, Norway, Pakistan, Panama, Paraguay, Peru, Philippines, Poland, Portugal, Rumania, Spain, Sweden, Thailand, Turkey, United Arab Republic, United Kingdom and Venezuela.

General eligibility requirements are: U. S. citizenship, a bachelor's degree or its equivalent in professional training, language ability commensurate with the demands of the proposed study project, and good health. Preference is given to applicants under 35 years of age.

## Prof Back From Europe

by ROD FOWLER

Mr. Charles C. Vonada, of the Social Science Department, sailed from New York aboard the T. S. S. *Olympia* on March twenty-second to begin a two-month Sabbatical tour abroad.

The twelve-day trip through the Mediterranean Sea, with a stop at Lisbon, ended in Athens. Mr. Vonada spent several days there investigating museums and artifacts. While in Athens, he and his wife were invited to dinner by Lt. and Mrs. Ronald Baker, both Lock Havenites. Mrs. Baker is the former Barbara Bittner who attended L. H. S. C. prior to her marriage. A dinner party was held aboard the U. S. S. *Enterprise*, the United States Navy's largest and only atomic-powered aircraft carrier. At Corinth, Greece, Mr. Vonada observed that rural life resembled life in biblical times. In that city he viewed the site of St. Paul's sermon to the Corinthians.

### Jets Form Letters

Side trips from Athens took the travelers to Delphi and the site on the Aegean Sea where the Greeks once warred with the Persians. A NATO meeting was taking place in Athens, and Mr. Vonada witnessed a squadron of fifty jets flying over the Acropolis forming the letters of their organization.

Italy was the next country visited. On Easter Sunday they stood in Rome's St. Peter's Square and witnessed the last public appearance of the late Pope John. The crowd that day was estimated at 800,000. Mr. Vonada can attest that at least one person there was a pickpocket, because his wallet was missing when he returned to his lodgings. The wallet, minus a substantial sum of money was returned by the U. S. Consul in August. The Consul received it from the Rome postal authorities who evidently recovered it from a mail box. Roman pickpockets, it seems, are very courteous.

### Visit to Capri

Side trips from Rome included a visit to the enchanting Isle of Capri and to Florence where stands the impressive Pitti Palace, home of the Medici family. The contents of the palace include the works of Raphael and Michaelangelo.

The tour continued to Germany, Switzerland, France, England, Scotland, and finally to Southampton in England for the return voyage aboard the S. S. *New Amsterdam*.

Mr. Vonada planned his own itinerary to make side trips possible, trips that would bring him in close conversational contact with citizens of other countries. From his talks with them he found that the people of Greece possess an absolute loyalty and friendship for the United States. British subjects hold a great respect for our former president General Dwight D. Eisenhower.

Mr. Vonada snapped several hundred colored slides in Europe which he will use as teaching aids in his classes on the history of Ancient Civilization.

In 1959 Mr. Vonada toured ten countries in South America with a group from Penn State to study educational methods there.

According to Mr. Hugh Williamson, chairman of the Assembly Committee, the assembly programs for the remainder of this year are as follows:

Nov. 15—Tamiris-Nagrin Dance Co.

Dec. 12—Christmas Assembly

Jan. 30—*The Ninth Circle*, Yugoslavian film

Feb. 27—*The Seventh Seal*, Swedish film

Apr. 2—*Viridiana*, Spanish film

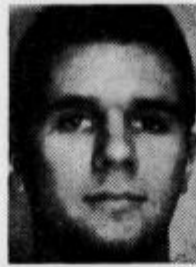

Apr. 30—National Players, Inc.

*Oedipus Rex*

Additional assembly programs will be announced later.

# SHEP'S SPORT SHORTS

## Hockey Team Looks For Initial Victory in 1963

by James Salmond

With ten returning letterwomen, the Eaglettes are looking forward to a favorable season. The women's hockey team closed last season with an impressive 7 wins 1 loss record, losing only to East Stroudsburg. This year from all indications the team looks forward to an undefeated season under the varsity coaching of Dr. Charlotte Smith.

Returning varsity members are: Seniors, Betty Gommel, right wing; Bonnie Bitzer, right halfback; Lorraine Albrecht, left halfback; Kay Charles, center halfback; and Mary Jane (Henny) Hennessey, goalie. The Juniors are, Shirley Olt, left wing; and Peggy Harriz.

The sophomores include, Nancy Springs, right inner; and Phoebe Williams, center forward. Temporarily sidelined is senior Julie Dickson who will be replaced by Lynn Earl at the left inner position. Miss Earl is the lone freshman on the team.

Continuing where they left off last year, the Eaglettes defeated the Keystone Hockey Club last Saturday afternoon by the score of 2-0. Scoring in both periods, once by Nancy Springs with an assist by Phoebe Williams in the first period and then by Bobbie Roberts, with an assist from Nancy Springs during the second period, the Lock Haven squad dominated play. Only a few occasions arose when Keystone had the opportunity to score, but these attempts stalled due to the sterling play of Mary Jane Hennessey, goalie. Team effort however, most characterized the victory for the Eaglettes last Saturday.

The women's hockey team will host Bloomsburg, October 1.

## Eagles To Tangle With Vulcans of California State

by Don Wagner, Sports Editor

Coach Hubert Jack and his revenge-minded Bald Eagles will face a stern test tomorrow afternoon, when the Maroon and Gray will run head on into the Vulcans of California State.

Still remembering last year's 47-21 walloping at the hands of Coach Bill Hepner's Greekmen, Lock Haven will be out to make an impressive showing before an anticipated packed house for the Eagles homecoming contest.

Fresh from its opening season victory over Bloomsburg, 21-13, Coach Jack and his assistants are expecting all they can handle from the explosive Vulcans. Averaging over 400 yards per game on offense last year, California State will field fourteen out of its twenty-two starters from its (5-1-1) squad of last season.

Leading the Vulcans' parade of talented backs tomorrow will be lettermen, Alan Sepsi, John DeSimone and 158-pound star quarterback, Ray D r e s c h. Showing the way for Coach Hepner's backs will be his 215 pound line. Ron Pocarous, Marv Watson and Ron Bradley will provide most of the punch up front.

Scheduled to do most of the running for Lock Haven will be its human-bulldozer, Bob Gutshall, Lou Mascaro and Ken Schopy. In the game against the Huskies Gutshall was by far the leading ground gainer in the contest.

In the Maroon and Gray's seasonal opener, last Saturday night, the Eagles combined a strong ground game with timely passing to subdue the Huskies.

After jumping off to a second-quarter, 7-0 lead, on the strength of Gutshall's one-yard plunge, the Eagles watched the visitors knot the score in the third period. Moments after the third quarter whistle blew, Gutshall tossed a thirty-four yard aerial to Ken Schopy, for the tie-breaking score.

Meade Johnson, the Bald Eagles sophomore signal-caller, also managed to assist in the scoring, as he fired a six-pointer to Joe Pascale with 4:10 remaining on the clock.

All three extra point tries were successful for the Maroon as a Johnson pass to Ed Banks provided one conversion and Miller, a freshman, checked in with two placements.

How did David kill Goliath? How does a Mongoose kill the Cobra? How did Oklahoma win the Big Eight Conference with one of the smallest big college teams in the nation? The answer to these questions is exactly the same: speed and tactics. Lock Haven's football team will be attempting the same thing tomorrow afternoon when they meet a big, powerful team from California. The Eagles have been picked very low this year, last in the Conference by Street & Smith football magazine, but they will have to prove to me that they are that bad. With runners like Gutshall, Mascaro, Schlopy, Klinger; a talented quarterback like Johnson; and a line that is small but quick, I can hardly agree with Mr. Street and Mr. Smith.

Mr. Jack says he is very happy to be picked last because the underdog has no prestige to uphold. A wise old man once told me to watch out for the small man. If you whip him it means nothing, but if he whips you he is everybody's champion. Two-platooning, speed, and tactics are the mainstays of the Eagle's team this season, and we believe that it will be more than enough to give every team we play 60 minutes worth of trouble.

What do you do with a soccer team with talent to spare? Why of course, you win; what else? I only hope my idea will prove true for our soccer team this year. With personnel such as Journey, Leese, Orwig, Horner, Kievit, Van Demark, Miller, and Myers back from last year's squad, and the new faces of Liddick, Carpenter, Reinik, Wetherhold, Martz, and Flynn, Mr. Lawther should have a very good team this year. We saw the soccer team play quite a bit last year and we have been keeping a close eye on their practices. With plenty of leadership on the field and from the bench, the soccer team should be able to look forward to an excellent season. If you have never seen a soccer game before, why not make it a must to be at the upper

field at 9:30 a. m. tomorrow? I know that's rather early, but we feel that a team with the potential like ours deserves your support.

If you see a woman walking around campus with a hockey stick in her hand and a smile on her face, that will undoubtedly be Dr. Smith. She has all the reason in the world to smile. She is the coach of what should prove to be one of the best hockey teams in the history of Lock Haven. The team is filled with talent that is back from last year, and there seem to be plenty of replacements to fill any holes in the lineup.

### Inside Shots —

Dick Miller, football team captain, had to retire from football because of a defective wrist . . . Al Jacks, a former Slippery Rock assistant coach, is now coach at Clarion . . . Tom Bossert, last year's stand-out guard, is now helping Mr. Hacker with the freshman . . . Ginny Blake will be missing from the hockey team, student teaching . . . Mansfield had a week off from school, no heat in the dorms, and class rooms . . . Good luck to all fall sports from the Eagle Eye staff.

WELCOME  
EVERYBODY.  
HOME WAS  
NEVER LIKE  
THIS.

## Cross Country Team Looking Forward to Season

Returning to college a week early, the Lock Haven State College Cross Country Team is earnestly preparing for its first meet at St. Francis on October 10. For those of you who are unfamiliar with cross country and its scoring, let me quickly review both.

Cross country meets are held over a course 3 to 7 miles in length. The team consists of seven men. In dual meets a maximum of 12 men may be entered, but only the first seven to finish on a team enter into the scoring. First place scores 1 point, second place 2, third place 3, and so on. All men who finish the course are ranked

and tallied in this manner. The team score is then determined by totaling the points scored by the first five men of each team to finish. The team scoring the lowest number of points is the winner.

The 1963 schedule is as follows:

- Oct. 5—Intersquad Meet . . . H
- Oct. 9—St. Francis . . . A
- Oct. 12—Triangular Meet . . . A  
Juniata, Susquehanna
- Oct. 24—Susquehanna . . . A
- Nov. 2—Indiana . . . A
- Nov. 9—State College  
Meet at Slippery Rock

Dr. H. O. Corbin is the cross country team coach.

## Orwig and Journey Co-Captains

by Monte Shepler

Gary Orwig, who was co-captain of last year's soccer squad, has been re-elected this year to his former position. Sharing the team captain responsibilities with him will be Ed Journey, a starter from last year's team.

Orwig leads the forward wall in scoring and is one of Mr. Lawther's most outstanding players. Gary is noted for his "take charge" type of personality. His continual hustle on the field has inspired his teammates on many occasions to an above-and-beyond-the-call-of-duty type of play.

The forward wall could not score without the ball, and this is where Ed Journey comes into the picture. Ed is a seasoned veteran who has been passing balls to that forward wall for some time. Ed is more the quiet half of the co-captain combination, but he is forceful in his own way. Journey is also a hustler who keeps the ball and the team moving at all times.

## GRIDIRON FORECASTS

During the next ten weeks this paper will run a football prediction box entitled "Gridiron Forecasts." Each week Head Coach Jack, Coach Hacker, and Coach Jacobs along with last year's varsity half-back Dick Miller, returning letterman, Bill Lynch, and sports

writer, Don Wagner, will make their pre-game predictions.

A running account of their prediction averages will be kept in the paper. Also a space is provided for the reader to make his own selection. Keep your own average and compare it with the campus forecasters.

Saturday 28 Games	Miami (Fla.) vs. Purdue	Notre Dame vs. Wisconsin	Oklahoma vs. Southern Cal.	Penn St. vs. UCLA	Averages
Jack	Purdue	Wisconsin	USC	UCLA	—
Hacker	Purdue	Wisconsin	Okla.	UCLA	—
Jacobs	Purdue	Wisconsin	Okla.	Penn State	—
Miller	Miami	Wisconsin	USC	UCLA	—
Lynch	Miami	Notre Dame	USC	Penn State	—
Wagner	Miami	Wisconsin	USC	Penn State	—
(Your Choice)	—	—	—	—	—

Big weekend on campus coming up?

Long Distance is the quick, sure way to make arrangements with your date.
