Dike/Levee to be voted on by County residents

By **Philippe Vannucci and Kate Kinney**
 Staff Reporters

The question to build or not to build a dike/levee system to protect Lock Haven from future floods will be voted on by registered Clinton County voters November 3.

The results of this vote, however, will not be legally binding on any governing body or official. The vote will be used to advise local government on how the people of the county feel about the project.

A dike/levee system is a method of flood protection that involves the building of a soil and shale embankment along the Susquehanna River to protect Lock Haven in the event of a flood.

If the levee wall is installed, Pizza City, Thrifty Swifty, and several homes along the river bank will be removed.

In the total time scale from planning to construction completion, 21 years in all, 36,800 feet of levee and 980 feet of floodwall may be constructed on the river bank.

The plan also requires power and utility relocation, airport modification, and the taking over of 100 residences in Woodward

Township, as well as Lock Haven, which lie on the path of proposed wall.

"The community will lose its recreational value since access to the river will be lessened," said Lynn Vannucci, president of the West Branch Valley Flood Control Association.

A pamphlet, using facts from the Army Corps of Engineers, prepared by a group of taxpayers known as Citizens for Economic Growth dispute this.

The pamphlet states that plans "assure jogging and biking paths and an amphitheater to view river events with seating for several thousand people."

Although the actual cost of construction is not known, the project's estimated total cost is \$77 million. The federal government will absorb \$57 million of the project's cost, leaving \$9.8 million to be paid by the state, and \$9.8 million to be covered by the City of Lock Haven.

The City has received \$4.98 million in approved credits for the project. The remaining share is \$4.8 million.

A spokesman for the Citizens for Economic Growth said, "More credits will be forthcoming...credits that could reduce the local share to zero."

Lock Haven will no longer be required to pay \$189,000 to cover local annual flood

Photo by Rebecca Boyce

Thrifty Swifty will be leveled if the Levee vote passes.

insurance premiums if this system is installed.

The issue of whether or not flood protection will attract more business to the Lock Haven area is a question being debated by both sides.

The information put out by the Citizens for Economic Growth said that the maximum amount of flood insurance a company can buy is \$300,000, with "outrageous premiums."

They feel this price limit is what "makes it difficult for Lock Haven to attract firms and compete with Williamsport and other flood protected communities."

Chief Executive Officer of Techno Craft, Inc. Gregory P. Cunningham said, "In order for us to consider any expansion within the Lock Haven City limits, it would be essential that the proposed Dike/Levee System be installed."

He also said, "I think the facts dictate that for the long term economic health of

the entire community, the Levee System is an absolute necessity."

Champion, Parts Rebuilder, Inc., one of the largest employers in Clinton County has made a bid on the Old Piper Complex, said John H. Bedard N/E division manager.

Bedard said, "The security and growth of our area is dependent upon being able to offer more to companies than other areas. We have it all, except for a major black eye. The approval of the Dike/Levee will remove this black eye and allow our area to successfully seek out new industry and promote employment."

The West Branch Valley Flood Control Association said the Army Corps of Engineers stated there is a 1 in 5 chance of the levee being topped in a flood; that is, the flood waters actually reaching and surpassing the level of the wall.

However, pamphlet information compiled from data by the City of Lock

Students in Woolridge Hall vacated the dormitory at approximately 2:30 a.m. this past Saturday because of a bomb threat. The threat was called in to Law Enforcement, and campus police then went to the dormitory to evacuate the residents from the building. After about a half an hour, campus police posted signs informing the residents about the bomb threat which said students could enter the building at their own risk.

Program adopted for black scholars

By **Herb Samuels**
 Staff Reporter

A new organization for high achieving black students has been adopted by the University.

The Black Scholars Student Organization is designed to help black students with potential to prepare for graduate school and career exploration.

Dr. Richard West, director of minority

affairs, and Ms. Angelique Bacon, alumna and scholar from LHU, will act as advisors of the group.

Some of the programs proposed for the organization are talks by people presently in graduate school. They will talk about their perspective of what goes on around them and how they handle themselves in graduate school.

Some of those speakers include Eufard Cooper and Dr. William Henson who are affiliated with graduate school at Penn State University.

LETTERS TO THE EDITOR

Dike-levee will cause quarry

Dear Editor:

May I recommend that students, faculty, and other members of the University community pay close attention to the impact that the proposed Lock Haven dike-levee project will have upon the configuration of the campus and upon the quality of campus life. Indeed, all who live within a mile or two of Lock Haven University ought to read the General Design Memorandum with some care.

In Book 1, Section 15.02 "Random Rock Borrow Area-Lock Haven University," the Memorandum states that "random rock fill material will be obtained from the hill located on the north side of McCollum and Smith Athletic Fields...Blasting will be required in order to process the rock..."

Thus, for a period of between three and five years the University will be a rock quarry and a blasting site. The entire hill

running along the soccer field will be blasted and trucked away -- leaving behind a level area to be used as a parking lot.

Thus far, Lock Haven University has only agreed "in principle" to the use of the campus as a quarry. The University may decide, after consulting all elements of the University community and the homeowners in the area, not to participate in the project.

I urge all elements of the University community to ponder the disfigurement of our campus and the degradation of the quality of campus life that will flow from the dike-levee project.

The natural beauty of our campus and of the Susquehanna River are among the important reasons why students choose to study and live here. The quality of our environment is at risk. Let us safeguard it.

Sincerely yours,
Lawrence T. Farley
Associate Professor

ANNOUNCEMENTS

Newman Center Activities

Student Retreat: Oct. 30-Nov. 1 at Sieg Conference Center. Call 748-8592 for more info.

Study of the Catholic Faith: Thurs., Oct. 29, 8:30-10 p.m. at the Newman Center. Topic: Sacraments.

Resident Assistants

Join the team and be a resident assistant! Applications are available in the Student Life Office, Smith Hall. Applications are due in the Student Life Office by October 30.

Biology Club

Please sign up for the Baltimore Aquarium trip in the student lounge, second floor,

Ulmer. Include your meal ticket number on the sign-up sheet. The deadline for club members is October 30.

Educators In Action

Student PSEA "Educators in Action" of Lock Haven University will be sponsoring the Black Scholar in Residence, Dr. Judith A.W. Thomas, on Oct. 29 at 7 p.m. in Hamblin Auditorium. She will be speaking on "Discipline (pupil control) Without Damage." The lecture is open to the public.

Psych Club

There will be a Psych club meeting on Thurs., Oct. 29, at 12:30 in RLC 317. New members are welcome!

Registration system to be better option

Dear Editor:

I do not understand all the hoopla being raised by a small group of students about the registration procedure.

The last registration was a complete flop and totally amateurish compared to other procedures that I have observed.

The present attempt is more in line with procedures at other schools and clearly represents an honest effort to fairly allocate the resources -teachers and class space- to the benefit of the majority. By planning in advance, it is a response to the demand.

About 100 students (four per cent) attended the meeting with Dr. Ronald Woodbury. When you separate the usual hanger-ons and curiosity seekers, you will find a small, but very vocal minority who find their special interests at stake.

Students have been exhorted to act in a mature manner. Maturity apparently means "I want my own way, and I want it now." They say after all "it's your money," not giving recognition that LHU is providing (in my experienced view) a quality education at basic prices.

You won't find a better option. If you do, then exercise your true freedom. The use of "freedom" in argument always bugs me since it always seems to be a fallback

for those whose arguments have little merit.

To SCC Senator Jamie Crankfield, I would ask, "What academic freedom are you talking about?" Your reported statement would have you coming to school Tuesday and Thursday at a time convenient to you and only with a professor you approve.

I know there is a valid concern by some working students who commute, trying to work out their personal schedules, but if push comes to shove, it is the majority interests which must prevail. And that, boys and girls, is what a free society is all about. Your rights and freedom have a flip side of responsibility and acceptance of majority rule. But, the SCC Senators should know that since they were voted in by a majority.

The real root of the problem may be the failure of the administration to use additional funds, that were allocated, for increasing the staff and for allowing some profs to teach very small size classes when the overload on other profs might have been reduced. It seems that LHU is trying to be fair to everybody so why not give them a chance? All you are doing now is generating a lot of heat and very little light

John C. Deck
Adult Student

ROTC Scholarships

Full scholarships offered to freshmen and sophomores on a competitive basis to those students who will have a 2.5 GPA or higher by the end of the fall semester. Tuition, books, and SCC fee are paid plus \$100 a month in your pocket. Check it out today! See CPT David Pearsall in the Army ROTC office, Bently Hall #6, or call 2299.

Mathematics Tutoring

Free mathematics tutoring is available daily on a drop in basis in the mathematics service division, Russell 28. Hours are Monday through Thursday 10 a.m. to 4 p.m.; 6:30 p.m. to 8:30 p.m.; and Friday, 10 a.m. to 3 p.m.

The Deutsch Institute

The Deutsch Institute, Scranton, PA, will be conducting on campus interviews on Thurs., Nov. 12. Interviews are open to seniors majoring in Physical Education, Adaptive Physical Education, Recreation, and Special Education with recreation background. Please sign up for a specific interview time in the Career Planning and Placement Center, Smith Hall, G-3.

Financial Alternatives

Financial Alternatives, Reading, PA, will be conducting on campus interviews on Thurs., Nov. 19, for seniors majoring in

Management Science. Sign up now for a specific interview time in the Career Planning and Placement Center, Smith Hall, G-3.

Roommates Wanted

Two vacant rooms available next semester for two female students. Furnished, appliances included, w/w carpeting, kitchen, dining/studying room. Heat, water and sewer rent, garbage removal and utilities included. Close to college, off-street parking. Call Amelia at 748-88078 for more info.

Ride Needed

Desperately need a ride to BOSTON, Mass. Will help pay gas expenses. Second or third weekend in November. Call Atsuko 748-8004 (evenings).

Intern Program Meeting

Juniors applying for and/or inquiring about the PA Computer Systems and Accounting Intern Program are to attend a meeting on Thurs., Oct. 29, at 1p.m. in Robinson 408. The Coordinator of College Relations, State Civil Service Commission, will discuss the programs and application processes. Dr. Robert Seyfarth, Chairman of the Computer Science, Management Science, Accounting Department, and C. Herbert Larson, Director of Career Planning, encourage you to attend.

Booters blast by Rockets 5-0; now 2-0 in PSAC West

The Bald Eagle booters move one step closer to becoming PSAC West Conference champions when they shut out the Rockets of Slippery Rock University 5-0 Sunday.

The shut out was the second in a row for the Haven, following the 7-0 trouncing of Indiana University of Pennsylvania last Wednesday.

"We are playing better," said Head Coach Lenny Long. "But, we have played well defensively all season. We have eight shut outs, and all six of our wins have been shut outs (the team has two ties that were shut outs). We've only allowed 13 goals all season."

Sophomore Tibor "Tibby" Kobolak started off the scoring Saturday at the 21:04 mark, scoring on a goal assisted by Brian "Butch" Williamson.

Gary Ross scored the second goal for the team when he headed in a Rob Eaton corner kick at 29:24.

Ten minutes later sophomore Glenn Davis scored on an unassisted goal, giving the squad a 3-0 lead at the half.

In the second half, Craig Shale headed in a long throw in by freshman Dave Durkac at the 69:43 mark.

Senior Rob Eaton scored the final goal on a penalty kick, which was awarded after a handball was called on the SRU defense.

"I thought Eaton played a good game. It

Midfielder Mark Colangelo puts his shot on goal during Saturday's game against Slippery Rock. The Haven was victorious 5-0.

Photo by Amy Piotrowski

was his last regular season home game. He's been affective up front for us," said Long.

The booters need a win or a tie against

California University Saturday to clinch the divisional title. They are now 6-5-5 on the year and 2-0 in the conference. Slippery Rock fell to 4-11-2.

Fighting Scots get by Bald Eagles

By Bill Alexander
Sports Editor

Although the Bald Eagles broke their string of three scoreless games with three touchdowns on Saturday, it was not enough as the Fighting Scots of Edinboro defeated Lock Haven 31-21.

The Bald Eagles' record drops to 1-7 overall and 0-5 in the PSAC West.

"This game is one that we should have won," said Head Coach Tom Jones. "The kicking game and the lack of intensity on defense early in the game really hurt us."

Lock Haven drew first blood in the contest as QB Rich Hunter connected with Jesse Cleare for a 71-yard TD pass. Sophomore walk-on Mark Mears added the extra point for a 7-0 lead.

The lead didn't last very long as Cleveland Pratt took the ensuing kickoff 100 yards for a touchdown. Darren Weber's PAT knotted the score at 7-7.

Sophomore Stacy Noble put the Bald Eagles back in front with a 10 yard TD run. Mears' extra point put the Haven up 14-7.

Edinboro came right back with two scores to take a 21-14 halftime lead.

Elbert Cole tied the score at 14-14 with a one yard TD run and Jim Ross' one yard score put the Scots ahead with 32 seconds in the first half. Weber's extra points were good, and Edinboro grabbed a seven point lead.

The Scots added to their lead in the second half as Cole scored his second TD of the game from 10 yards out. Weber connected on his fourth extra point, and Edinboro led 28-14 with 3:53 left in the third quarter.

Lock Haven cut the lead down to seven as Hunter and Richard Nurse hooked up for a 36 yard scoring strike. Mears converted on his third PAT, but the Eagles were still behind by seven, 28-21.

Edinboro put the final points on the board with 11:55 left in the game as Weber booted a 22 yard field goal.

"We had the ball inside the ten yard line (in the fourth quarter) and just couldn't score," said Jones.

The passing attack accounted for most of the Bald Eagle's total yardage as Hunter completed 20-of-33 passes for 342 yards, two TD's and one interception.

Freshman Jesse Cleare caught six of Hunter's passes for 149 yards and the 71 yard TD, while Stacy Noble was the leading rusher as he gained 69 yards on 23 carries.

"Rich Hunter had an outstanding game for us," said Jones. "You'll probably have to go way back in the record books to find a quarterback who threw for over 300 yards in one game."

It is the "Battle of the Eagles" this weekend as the Golden Eagles of Clarion land in Hubert Jack Stadium on Saturday. Game time is slated for 1:30 p.m.

Harriers run over Juniata and Alvernia

By Merritt La Porta
Sports Reporter

Both the men's and women's cross country teams had no problem posting victories over Juniata College and Alvernia College this past Saturday at Juniata.

The men swept Juniata (17-42) and Alvernia (20-39), dominating the entire race from start to finish.

Four of the top five finishers belonged to LHU with Greg MacGowan leading the way through the hilly, 5.2 mile course in 29:27.

Brad Seth crossed the line in 30:05 for third place, Scott Sweitzer finished fourth with a time of 31:04, and Marc Phillips grabbed fifth place in 31:10.

"Our overall record (5-3) is good," said Smith. "Now we have to concentrate on next week's conference championship at East Stroudsburg."

The Lady Harriers also had a good day and won big against Juniata, 16-47.

The first four runners to complete the 3.25 mile course belonged to the Lady Eagles, with Jill Baumgartner crossing the line first in 21:29.

Lorie Jamison took second with a time of 22:15, and 11 seconds later teammate Melissa Jenkins captured third place.

Julie Nelson finished fourth with a time

Purdue and Ohio State fall victim to Lady Eagle attack

It was a very successful road trip for the Lady Eagles as they posted wins over Purdue and Ohio State this weekend.

Paula Stephens got the Lady Eagles off to an early 1-0 lead against Purdue on Saturday as she netted her 10th goal of the season. Tara Egolf was credited with the assist.

Senior Doobie Caprio put the final point on the board as she scored an unassisted goal at the 52:48 mark.

The Lady Eagles outshot Purdue 28-7 and led on penalty corners 7-2. Goalie Stacy Giorgio recorded three saves, while Purdue goalkeeper Cindy Cox had 23.

Stephens' two goal effort on Sunday led Lock Haven to an impressive 4-1 victory over Ohio State.

After a scoreless first half, the Lady Eagles' Heidi Firth started the scoring barrage with an unassisted goal 58 seconds into the second half.

Stephens upped the lead to 2-0 with a goal at the 44:55 mark, assisted by Firth.

Ohio State's Belinda Pickston cut the Eagles' lead in half with a goal at 48:10, assisted by Kim Finlayson.

Senior Tami Flowers extended the Haven lead to 3-1 with an unassisted goal at 68:45, and Stephens added the final point at 68:30.

"Except for a couple of spots in the game we were dominant," said Head Coach Sharon Taylor. "We played well in two back-to-back games on turf. Tami Flowers controlled the play at midfield, and the whole line played well."

Lock Haven led the Buckeyes 22-12 in shots on goal and 9-3 on penalty corners. Giorgio had eight saves, and Ohio State's Gabrielle Guerrieri recorded 12.

The Lady Eagles, now 10-3-2, take on the Lady Wildcats of Villanova today at 4 p.m.

of 22:42.

Top runner Debbie Valansky sat out the race with a leg injury.

The victory raises the women's record to 5-1, which pleased Lady Eagle Head Coach Leroy Straley.

"Jill (Baumgartner) ran a very good race on the hilly course. I'm pleased with the overall condition of the team at this time," said Straley.

Three other Lock Haven runners finished in the top ten with Julie Grasser capturing sixth place in 22:59, Joanne Pautz earning seventh in 23:09, and Nancy Petts taking eighth place in 23:25.

"Right now we're working hard for the conference championship," said Straley. "By resting Debbie (Valansky) we should have a good shot to win."

Dike/Levee story

Continued from pg. 1

Haven and the Army Corps of Engineers said, they "positively do not indicate a 1 in 5 chance of topping."

Other methods to control flood waters have been studied by professional engineers, said a spokesman for the Citizens for Economic Growth.

He also said consolidation and control of runoff water, as well as hydroelectric dams were investigated, but were found to be ineffective.

Col. Stalman, Baltimore District Engineer, said, "Dams will not provide the same protection as a dike/levee. They are extremely expensive."

Stalman, however, did not go into detail and give exact figures to how much one of these dams may cost.

The West Branch Valley Flood Control Association said they would like to see a comprehensive, effective, computerized flood warning system for the West Branch of the Susquehanna which would benefit everyone in the county.

The Citizens for Economic Growth said "Flood warning improvements are important. They do not stop water."

ANNOUNCEMENTS

Registration Questions?

If the computer registration meeting last Thurs. did not answer all of your questions, or if you still have a complaint about the new system, come to the next meeting on Thurs., Oct. 29, at 6:30 p.m. in Sloan 321.

Fall Frolic Day Sale

Do you have the munchies? If you do, come to Tri-Sigma's Fall Frolic Sale Wed., Oct. 28, from 8 a.m. to 2 p.m. in Raub Lobby.

Ollie North's Slides

"Telling It Like It Is," the personal slides of Lt. Col. Oliver North, complete with his narration, will be shown tonight in Woolridge Hall Lounge at 7:30 p.m. The slides, which show the truth about communist intervention in Nicaragua, are the same ones North showed in Washington D.C. to raise support for the Contras.

Honors Program Report

A public report concerning the 1987 Summer Honors Program will be given today at 1 p.m. in the Hall of Flags. This panel discussion will be given by the LHU students who were selected to attend last summer's program at Shippensburg University. Topics dealing with the Latin American theme will be discussed, and questions concerning the program will be addressed afterwards.
