Eberle seeks to remove Weller

By LARRY SCHMIDT
News Editor

On Thursday night Athletic Director Charles Eberle presented the Athletic Policy Advisory Committee with a recommendation to relieve head football mentor Robert Weller of his coaching duties.

The recommendations came following Weller's refusal to comply with Eberle's earlier request that he resign his coaching position. It proposes that Weller be dismissed from his coaching position at the season's end and be reassigned as a full time professor.

While the Athletic Policy Advisory Committee discussed the recommendations for close to an hour Thursday evening, no definite action was taken. The meeting was forced to adjourn before a decision could be considered.

When later asked to comment Eberle stated, "It's my feeling at this point that the football program is in shambles. It's reached the lowest point of the time period since I've been here, to the degree that faculty, students, alumni and townspeople are upset. It's affecting the total image of our institution."

Eberle continued that athletics influences the college's "total image", and "therefore it's my opinion that a change is necessary to counteract this." He indicated this change must be effected with leadership. Taking responsibility for the recommendation, Eberle stated that he assumes he has the backing of students, faculty, and administrators.

Further consideration of the recommendation has been scheduled for the commi-

tee's November 13 meeting. Should the committee approve Eberle's proposal, a recommendation will be furthered to college administrators that Weller be reassigned.

Any recommendations

that would urge reassigning the coaching responsibilities would be effective at the season's conclusion. The Athletic Policy Advisory Committee is giving no thought at this time as to who would be assigned the coaching job.

Human Relations Committee formed

By JEAN O'DONNELL
Staff Reporter

"To develop a plan for Lock Haven which would make the general college community more supportive to all students with a special emphasis area to minority students is the purpose of the Human Relation Action Planning Committee," said Terrell Jones, Dean of Student Life.

The program was developed last winter by President Hamblin, the SCC and APSCUF (faculty organization).

This semester the committee is composed of four students, four faculty, four administrators and four personnel staff.

The major proposal of the committee is based on four areas: 1(recruitment and retention of minority students; 2(exploration of present academic programs to determine how to make the programs more attractive to students; 3(to encourage the college community to be supportive to all members of the college; and 4(the actual information component of the proposal (publicity, budget reports and reports sent to Harrisburg of progress of the plan).

The state government (State Department of Education) in conjunction with the college are funding the program.

Another area of the program is making grants avail-

able to various organizations on campus. A substantial amount of the funds are open to any college group, organization, faculty group or department. "A group may apply for a grant," Jones said, "for the purpose of improving that group's understanding and working relationship with individuals and different groups."

According to Jones the Committee is working on a list

Students show they care on TV

By TINA BROOKS
Staff Reporter

"The College Cares - The United Way" is the title of a television program created and taped at Lock Haven State College about the students and the community. This program will be shown on the campus closed-circuit station, Channel 7, at 9 o'clock this morning, (Monday, Nov. 3) and 2 o'clock this afternoon.

The campus production will also be shown to the city. Channel 10 on the SVTV cable system will carry the program on Thursday, November 6 at 7 p.m.

Mrs. Margaret Reardon, Director of Administrative Services and originator of the TV idea, explained that the purpose of the program is "to demonstrate the enormous contributions that the students of Lock Haven State College make to the community."

Mrs. Reardon serves as moderator with Sue Johnson, Student Cooperative Council United Way Coordinator. The program is directed by Leo Ritter, Diann Stuemple, Lock Haven City Councilwoman, represents the Clinton County "I Care" program.

Among the students involved is Jan Albright, who represents the EAGLE EYE, and is also second place "I Care" Essay contest winner in the college division. Community volunteer organizations on campus are represented by Pamela Fuller, Big Brother-Big Sister Program; JoAnn Morse, Susque-View volunteer; and Rich Hoover, Coordinator of Student Flood Assistance. Sororities and fraternities, which also sponsor projects to aid the community, are represented by

To The Editor:

We, the members of the OBJECTIVE SLATE, would like to introduce ourselves and some of our ideas for improvement.

First, the Objective Slate consists of Donna Pasternak for President, a junior majoring in Secondary Education Communications. She is presently the Recording Secretary for the current S.C.C. Executive Committee and Vice-Chairperson of Student Publications, besides being active in various college-wide committees and other campus wide organizations. Over the summer, Donna chaired the Summer Interim Committee.

David C. Heverly is running for the position of First Vice-President, a junior majoring in Humanities English. He has been an off-campus senator for three terms and is Chairman of Student Publications and the Cultural Affairs Committee plus a member of the Senate Appropriations Committee.

Seeking the office of Second Vice-President is Jim Brungard, the present S.C.C. Ticket Committee Chairman

Are we culturally locked into Clinton County? Are the only events in the arts that are available to us those which appear on the LHSC stages and galleries? - Not necessarily.

"Opening Night" salutes Dr. Peter Podol and the Spanish people who worked to organize Friday's trip to New York City. Friday morning close to 40 students rode a chartered bus to one of the East Coast cities, where hundreds of events satisfying the most popular to the most classical tastes in any variety, or combination of the arts are active on a daily basis. These people spent the afternoon exploring the city on their own, that evening wine and dined well in a Cuban Restaurant, and polished off the day with four one-act comedies performed by the Spanish repertory company in New York's oldest off-Broadway House.

For \$16.00 plus expenses this group was able to enjoy an experience that Clinton County could never offer them.

Let's encourage those who work to bring the events in the arts to LHSC, to work to take LHSC to the arts as well. It can be a fantastic adventure which can open minds to the cultural world outside our own community and can bring the new ideas of their fruits back with them.

and an IFC representative from Phi Mu Delta Fraternity. Jim is a junior majoring in Secondary Education Social Science.

Paul Benkert, a sophomore majoring in Political Science, and C.A.S. Coordinator, is running for the position of treasurer. In addition, Paul is a member of the Senate Appropriations Committee, The Student Rights and Responsibilities Committee, and a variety of other college wide committees. He is also an active brother of the Lambda Chi Alpha Fraternity.

Woolridge Hall Senator, Roseann Brunetti, is seeking the office of Recording Secretary. She is Coffeehouse Chairperson for the Social Committee and has been a member of the Summer Interim Committee, this past year. She also holds the Chairmanship of the Parent's Weekend Committee. Roseann is a junior majoring in Secondary Education Social Science.

Eagle Eye Managing Editor, JoAnn Morse, is running for the office of Corresponding Secretary. JoAnn is a junior majoring in Social Welfare and

an off-campus senator. She is active in many college-wide committees and acts as an observer at the Faculty Curriculum Committee meetings.

One idea which we are considering is an Off-Campus Association. This organization would function somewhat like the Residence Hall Association, in that it would be concerned with the off-campus student's interests. This organization could begin by compiling an off-campus apartment directory.

We would also like to initiate improvements in the PUB as a student facility and the caliber of the concerts and dances offered to the student body.

Important is that we are aware of the problems faced by students. We, the members of the Objective Slate, pledge that we will do our best to solve these problems. But these problems will not be solved until someone gets down and does one hell of a lot of work. We are prepared to do this work. Some of us have been involved with the various aspects of student government

Booters defeat Frostburg despite poor showing

By GARY BRUBAKER
Staff Reporter

"I wouldn't call our win an artistic success, but it's a sign of a good team that you can have an off game and still win." These were the words of Eagle Coach Karl Herrmann following Saturday's soccer match between Frostburg and LHS.

The victory, a lackluster 1-0 win by the Bald Eagles, gained honors as the "worst played game of the year" by the Lock Haven booters. Their poor performance being magnified by the great game they played against Pitt in their previous encounter.

Frostburg, coming into the game with a 6-5 record and having their "ups and downs" this season, seemed less than impressive against a tough Lock Haven defense. The Bald Eagles racked up their fourth consecutive shutout since their 1-0 loss to Slippery Rock two weeks ago.

But to win games you have to score goals, and despite Lock Haven's prowess against the Bobcats on defense the Eagles just couldn't put the ball in the net; both teams battling to a scoreless tie in the first half.

The second half found both teams continuing their lethargic play, each wanting the win but neither team seeming capable of doing anything about getting it.

When Frostburg did

have a chance to score. Eagle Goalie Steve Tanner rose to the occasion by making two beautiful saves on shots which would have given the Bobcats the lead. Twice Bobcat players had open shots at the Lock Haven goal only to have them go wide of the net on poor kicks.

The Bald Eagles finally capitalized on a Frostburg mistake at 30:49 of the second half for the game's only score. On an Al Rice throw in near the Bobcat end-line Frostburg goalie Don Higgins came out for the ball only to have it sail over his outstretched arms right to Eagle Mike McCartney; the Lock Haven sophomore heading a two yard shot into the unguarded goal.

Frostburg, which had its opportunities earlier in the half and couldn't produce, wasn't going to get a second chance as the Eagles played a tough defensive game the remaining minutes.

Final stats tend to be misleading. Although the Bald

for almost three years; the other members, at least for this semester. We feel this proves we care and have a long standing commitment to student government. We are willing to listen to all students, at any time and will try our best to serve the students in any way possible. But these are just words unless you give us a chance to show what we can accomplish as an executive committee. On November 10th, VOTE OBJECTIVE!

Sincerely,

The members of the Objective Slate

Eagles led in shots 22-11 and corners 9-2, the game could have gone either way.

"We might have been looking ahead to the playoffs," remarked Herrmann in defense of his team's poor showing. "We didn't play a very intelligent game and we stood around a lot. Our people weren't moving into space and as a result we didn't have people to pass to."

"Defensively," continued the Eagle head mentor, "Steve Tanner had a great game. He made a couple clutch saves which kept us in the game. Our back four played well also with special recognition going to Mark Sildve who played exceptionally well."

Tanner registered light saves on the day in recording his sixth shutout of the season.

while Frostburg goalie Don Higgins registered 12 stops - the McCartney goal his only real mistake on the day.

The Eagles end regular season play with a 12-1-1 record, a 1-0 loss to Slippery Rock and the 1-1 stalemate with Penn State being the only blemishes on an outstanding season. A post-season playoff berth looms even larger to the Bald Eagle contingent now, following the victories over Pitt. and Frostburg.

Lock Haven must wait now while the selection committees of the ECAC and NCAA Div. III tournaments make their picks. Should "the Haven" garner a spot and the Bald Eagles gain the home field advantage, coaches, players fans alike had better pray the rains stay away from McCollum field.

“We realize the importance of Lock Haven State College to the city of Lock Haven and to Clinton County. We feel that Lock Haven State College is like a small industry, and we want to do all we can for the college because we understand its financial relevance in the community. That is why, during our term in office, we stalled as long as possible before taking over the old Susque-View home on Susquehanna Avenue; we wanted to allow the Commonwealth more time to reach a decision on whether or not to allocate monies to the college for purchase of those buildings for college use.”
