Vol. XVI No. 2 Lock Haven State College Friday, Sept. 15, 1972

## Parking Regulations Again Restricted

Once again the problem of where to park cars is occurring. As the college increases in enrollment parking places rapidly are becoming "luxury" items. The rules for registration of motor vehicles is the same as previous years namely, "Freshman and Sophomores who are under 21 years of age are not permitted to possess, maintain, or operate motor vehicles within Clinton County.

For the remainder of the students who are eligible to register for parking permits, proof of ownership and driver's license are required. No one is

guaranteed a parking space with the following parking facilities off limits to all students; no parking at any time in reserved lots at Sullivan Hall, Infirmary, Stevenson Library, Akeley, Bentley Hall or Maintenance parking lot.

## Dates For Teacher Exam Announced

College seniors preparing to teach school may take the National Teacher Examinations on any of the four different test dates announced by Educational Testing Service.

New dates for the testing of prospective teachers are: November 11, 1972, and January 27, April 7, and July 21, 1973. The tests will be given at nearly 500 locations throughout the United States.

On each full day of testing, prospective teachers may take the Common Examinations which measure their professional preparation and general educational background and a Teaching Area Examination which measures their mastery of the subject they expect to teach.

Results of the National Teacher Examinations are used by many large school districts as one of the several factors in the new selection of teachers and by several states for certification or licensing of teachers. Some colleges also require all seniors preparing to teach to take the examinations. The school systems and state departments of education which use the examination results are listed in an NTE leaflet entitled *Score Users* which may be obtained by writing to ETS.

Prospective teachers should contact the school systems in which they seek employment, or their colleges, for specific advice on which examinations to take and on which dates they should be taken.

The *Bulletin of Information for Candidates* contains a list of test centers, and information about the examinations as well as a Registration Form. Copies may be obtained from Herbert Larson, Bentley Hall.

## EDITORIAL

"In a statement lending support to non-partisan voter registration efforts, President Nixon declared the month of September Voter Registration Month." -from *First Vote*, August 10, 1972.

Big deal-right? You're darn right it's a big deal! For one thing, Pennsylvania's efforts to promote student registration is surprisingly advanced and may even be setting a precedent. State Education Secretary John C. Pittenger has declared "The Supreme Court's ruling which granted 18 to 20 year olds the right to vote will have little impact on our system of government if we do not make explicit efforts to help students register and vote." There are currently about 185,000 public high school students and 300,000 college students who are within the 18-20 voting age in the Commonwealth and state officials have called for voting registration centers to be set up in all Pennsylvania high schools and colleges for their use.

### PA. MAY BE UNIQUE

Statements by officials and figures are all very nice but what good can any efforts be to promote student registration and voting for students who don't seem to give two cents about it? Believe it or not, if that be your concern, Byron Hansford, secretary of the Council of Chief State School Officers in Washington, has stated that as far as he knows no other state is making such a concerted effort for students. In fact, more than one and a half million college students, including 800,000 in New York,

still lack the option of registering from their campus addresses. The students in Pennsylvania have got the opportunity to register and to vote for an official they'd like to see running this country layed right in their laps.

### A REAL HASSLE

But look at the hassle registering can be...a student has to walk or drive (if he is fortunate enough to have wheels at his command) the whole way down to the courthouse, walk in and tell the guy in there he wants to register to vote and he does just that. It might take 45 minutes if he is one of the unfortunates that has to use shoe-leather express for transportation, but the registering itself would take all the way to about ten minutes (on the outside). Oh, what a hassle!

### WE ALL KNOW...

Then there is always the cop-out, "But my vote isn't going to make any difference. Yea, that's what you hear numerous people who are well, let's say "over 30", say. Do we students really want to be in the same class? Come on, we all know very well that students have a bad image in many eyes. What are we going to do about it-use the same alibis?"

Students are discontented with the current state of affairs but what are they willing to do about it? What's wrong with less bitchin' and a little more honest thought about the problems and action toward a possible solution?

-D.B.

## Student Draft Dodgers

### Depend on Melvin

Defense Secretary Melvin Laird's announcement made in his August 28 press conference marks the near fulfillment of the Nixon Administration's efforts to end Military conscription. The announcement disclosed a possible end of draft inductions by this December, six months before the previously set July 1 deadline. The draft wind-down is part of a four year effort to replace the draft with a volunteer army.

....1969-Immediately after the presidential inauguration Nixon established the Gates Commission to study the draft, the feasibility of an all-volunteer army, and recommended measures needed to make the transition. While working to eliminate conscription, the Administration modified the draft system through the Draft Reform Bill introduced in May and Executive Orders. The modifications included:

1. The local selection process was ended through the adoption of the draft lottery system.  
2. The seven year period of vulnerability to the draft, 19 to 26 years of age, was reduced to one.

In June of the same year a nation-wide system of Youth Advisory Committees with a branch in each of the 50 states was set

up to advise draft age men of their rights under current draft laws. Later, in November, the order of call was reversed so that the youngest men became the first to be drafted.

....1971-The ending of student, occupational and paternal deferments decreased favoritism toward any one group.

....1972-73-In their news conferences both the President and Laird stressed the need for the enactment of a series of bills to increase funding for military personnel. This would be provided by two measures currently pending in Congress: one piece of legislation permitting an enlistment bonus for the National Guard and the Reserves and another bill providing additional incentive pay for physicians. The Defense Secretary mentioned that monetary incentive programs have proved successful in Army and Marine Corps projects. These offer a \$1,500 enlistment bonus for men signing up for four year hitches in ground combat units.

To institute an all-volunteer force, the Administration has spent about \$1.9 billion on "transitional" costs--mainly in higher pay scales--and plans to spend about \$2.7 billion in fiscal year 1973.

## Fire!

Saturday evening at about 11:11:30, a fire, in a wastebasket engulfed room 245 Woolridge. As a result of the fire Jo Ernst was hospitalized while Bev Garman and Debbie Little escaped the fire with no injuries.

Fire alarms went off so softly that occupants of Woolridge did not realize immediately that there was a fire.

# ANNOUNCEMENTS

Attention: All students must have their ID cards embossed with their social security number.

PUB Basement  
MWF 8-11  
Tues. 11-3  
Thurs. 1-3

The last SCC Meeting before converting to the Senatorial System will be held next Wed., Sept. 20. All organizations should be represented.

POOL ROOM hours will be as follows:

Friday 4 p.m. - 1 a.m.  
Sat. 10 a.m. - 1 a.m.  
Sun. 11 a.m. - 11 p.m.  
Monday 1 p.m. - 11 p.m.  
Tuesday 1 p.m. - 11 p.m.  
Wednesday 1 p.m. - 11 p.m.  
Thursday 1 p.m. - 11 p.m.

This is only temporary and includes rental of bikes and canoes.

Attention Faculty and Staff: an activity fee is available to all faculty and staff at \$10.00 per person or \$15.00 per family. Inquire at Secretary's office in the PUB.

Developmental Reading (Ed. 414) Course: Developmental Reading (Secondary) has been added to course offerings for this semester. The class will meet Tues. and Thurs. at 3:40 in R308.

SENIORS: The Prospective Graduate Booklet will be published and distributed to employers within the next few weeks. If you did not attend the placement registration meeting in April and complete the prospective graduate listing form, please complete this form in the Placement Office by Friday, Sept. 22, to be included in the listing.

Veterans are reminded that on their initial enrollment they are to turn in their certificate of eligibility to the Office of Academic affairs immediately after registration. Veterans who were enrolled previously must also report to the Office of Academic Affairs after registration.

During the year, if an address change occurs the Veterans Administration and the Post Office should both be notified. Likewise, if their course load is reduced, the VA must be notified of any dependency changes due to marriage, divorce, births or deaths. As a final reminder, veterans must remember to return promptly the certificate of attendance card which will be received from the VA near the end of their enrollment period.

# F U M B L E

*Sports Editor's Note - The title of this column refers to this reporter's writing ability rather than to the occurrences that I will be writing about.*

Two good things happened to LHS football so far this year. Mike Packer had a tryout with the New York Jets and although they didn't keep him on the forty man squad, they gave him a contract and he could be recalled at any time. If he isn't called up this year, he will report to their training camp next summer. The New York press took an immediate liking to Mike and his prospects for making the team next year look fairly bright.

The second good thing is a bit tainted but can be considered as good anyway. Lock Haven was mentioned in a *Sports Illustrated* article by Dan Jenkins. We were right up there with Colorado, Nebraska, Notre Dame, and Penn State. Actually we were mentioned closer to S.M.U. and Baylor. What Mr. Jenkins really said was that he would rather watch fourteen straight fumbled punts in a muddy game between L.H.S. and Clarion or forty-seven straight incompletions in a game between Baylor and S.M.U. than watch Babe Ruth hit a home run. Granted, it's not the greatest publicity in the world, but it can be said that we were mentioned in a national Sports magazine.

By the end of this year, it's very possible that Mr. Jenkins may want to watch a L.H.S. football game simply for it's good quality. For the second straight year, L.H.S. has a good football team. To start with, for the third straight year, our Homecoming game is scheduled for our home field. This feat almost eliminates memories of the year when our Homecoming game was scheduled away. However, there are more tangible reasons for optimism this year. The most tangible of these is the defense.

## HARDER TO PENETRATE THAN...

This year's defense is going to be harder to penetrate than the cafeteria's biscuits. The defensive line is returning intact. Mike Colligan and Mel Abel will be the defensive ends with either Bob Seale or Harry "Tank" Sherman at one tackle and Tom Zimmerman at the other one. Mel and Mike have been known to be very discourteous when their opponents have tried end runs. They have also been known to personally introduce enemy quarterbacks to the mud which abounds at the Spring Street Stadium. Often they have felt that many introductions were necessary. Bob Seale showed great promise last year and should be enough to give enemy ball carriers second thought about running off-tackle plays. "Tank" Sherman is a petite 280 pounder who should give the opposition a simulated demonstration of what it is like to be pinned by Chris Taylor. Tom Zimmerman will be the mainstay of the line as he is a senior preparing for his fourth year of varsity competition.

## LHS OFFERS THE BEST

If the opposition is looking for a weakness in the linebacking due to the loss of Barre Yeager, it shouldn't get its hopes up. The linebacking foursome of Simcoe-Yeager-McNelis-Knarr has been replaced by the linebacking threesome of Knarr-McNelis-Simcoe. The additional man will be placed in the secondary. Doug Williams, Alan Anderson, Chuck Vennie and the Glass brothers; Chuck and Steve, will all see action in those four spots. These 11 men are the best at their assigned tasks that the Western Conference has to offer.

## RUNNING GAME SHOWS PROMISE

Mike Packer is gone and Tommy Allen is hurt, but there are bright spots in the offensive picture. One particularly

luminous area is the running back position. Chuck Vennie and Frank Geiger will be the wingbacks and Bob Kline will be at fullback. Vennie has an elusiveness that hasn't been seen on this campus since President Hamblin's meeting with the students about Coach Christopher's denial of tenure. Chuck is playing both ways this year and it's just possible that the school's first member of the ECAC All Star squad will make the team at two positions this year. Frank Geiger compliments Vennie's speed with his power running. Frank doesn't particularly care whether he runs around or over people but the important thing is that he gains yardage either way. Bob Kline transferred here from Temple and should be a welcome addition to a very promising running game.

## AND HE'S OFF!

Allen's injury will hurt the receiving corps, but either Lou Savani or Wayne Hoffman should be able to take up most of the slack. Both of these receivers have speed and experience on their side. The other end spot is no problem. Skip Haley looks small to begin with, but he must look even smaller to the opposition's defensive backfield when they try to tackle him. A word to the wise would be to take a good look at Skip during the playing of the National Anthem because that's the only time that he'll be standing still. The rest of the time he'll be zigging and zagging his way toward the end zone.

This year's passing attack will lose something because of the loss of Mike Packer, but the running game should be stronger. Ed McGill has a good arm, but he has the misfortune of following probably the greatest quarterback LHS will ever have. Ed does have his own superior talents, however. He is more mobile than Mike was, and this should be a plus in an attack that is set up for the run. Since McGill does have good running ability, the enemy's defense will have to worry about four runners instead of the two they had to worry about last year.

## OFFENSE IS IN THE RUNNING

There is the least publicized, but most pivotal area of the whole team, the offensive line. Pivotal this year, because this is the place hit hardest by graduation. Pivotal also, because without a good offensive line, a team that centers its offense on the run comes up one step below the Republican bugging squad on the most successful list. Luckily, however, LHS has the personnel to take up the slack left by graduation. Terry Mantle will be at center this year. Dave Welshans and Terry Szucs will be the guards. There are three candidates for the two tackle spots; Gill Brown, John Buckley, and Dave Love.

## HITTING THE TOUGHIES FIRST

The Bald Eagles open this Saturday at home against Westminster College. The Titans have won 21 games in a row. They had an 8-0 record last year after winning the National Title in 1970. Nobody can say that LHS saves its toughest games for last. This Saturday's game could well be the best of the season. If the Eagles make a good showing in this game a winning season is a virtual certainty. Barring any more major injuries, a Western Conference Championship is a possibility. All in all, the outlook for this year gives good cause for optimism.

## LHS Booters Face Ex - LHS Booters

A tough Alumni club will face the Lock Haven State soccer team, Pennsylvania Conference defending co-champions, in the home opener Saturday morning at 11 a.m., on McCollum Field.

Bald Eagle head coach Karl Herrmann feels the Alumni, loaded with former LHS stars, will be a rugged opponent for his varsity squad which has had only ten days of drills.

The Eagles, however, looked impressive last Saturday in defeating the Penn State International team, 1-0, in a scrimmage game on a goal by Don Copeland.

A tentative lineup for Saturday's game includes nine lettermen from last year's fine team that posted an 8-2-4 record. At goalie Co-Captain Graig Dawson returns for another season. He made several nice saves in the scrimmage contest.

In the front line Co-Captain and All-East performer Galen Hess and letterman Tom Rowan are slated for the wing positions. At the inside positions will be Tom Bush and veteran Dave Chambers.

Expected to start at the two mid-field halfback positions are Don Troutman, Darrell Nagle, or Steve Steffen. All three lettered last year. In the fullback line will be letterman Lennie Long, Copeland, the team's Most Valuable Player the past two years, freshman Bob Boles, and Rich DeBernardo.

Following the Alumni contest the Eagle booters face three rugged opponents in seven days. St. Francis College travels to LHS for a game on Sept. 20 at 3 p.m. Two away games with Edinboro State on Sept. 23, and Lycoming College at Williamsport on Sept. 27 at 3 p.m., follow St. Francis contest.

Recreational pool facilities will be provided to the students, faculty and administration. TFH pool will be opened Sundays from 2-3 p.m. for faculty and staff and their families only, and from 3-5 for college students only. Zimmerli pool will be open as follows:

**College Students**  
Monday: 7-9 p.m.  
Tuesday: 12:30-2 p.m. and 7-9 p.m.  
Wednesday: 7-9 p.m.  
Thursday: 12:30-2 p.m.

**Faculty and Staff**  
Tuesday: 12:30-2 p.m.  
Thursday: 12:30-2 p.m.  
Attention: men and women with long hair must wear bathing caps.

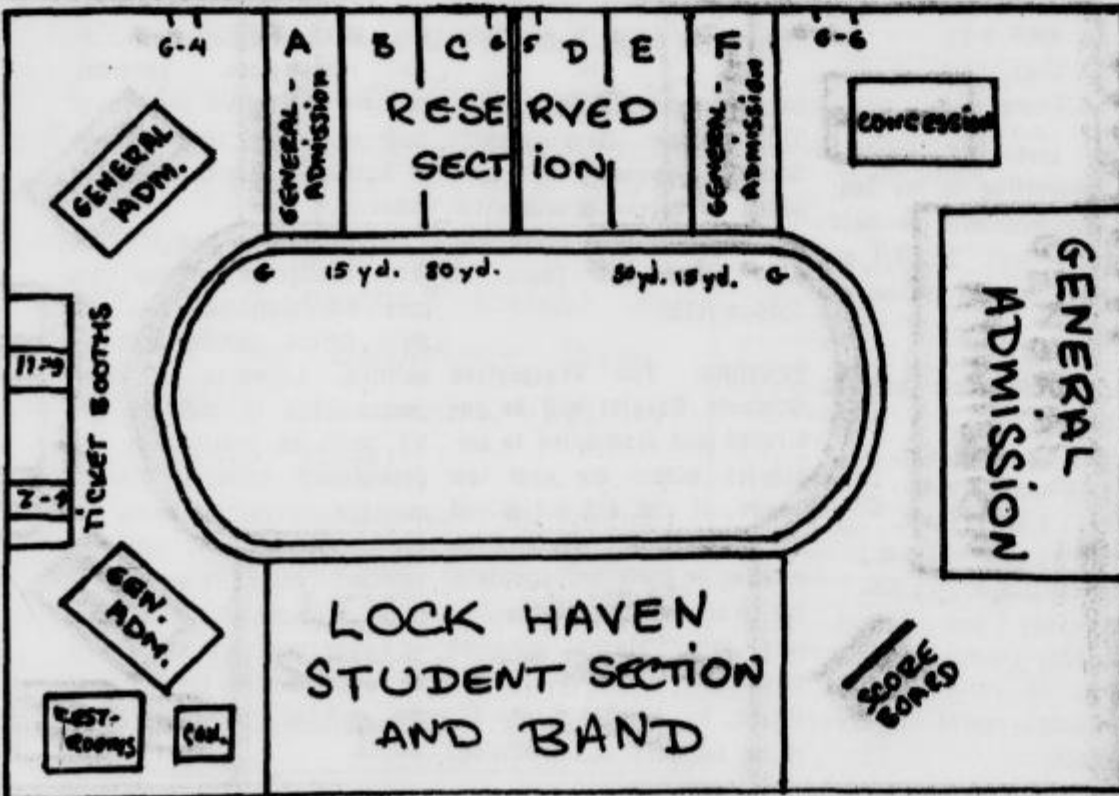

## TERM PAPERS

Send for your descriptive, up-to-date, 128 page, mail order catalog of 2,300 quality term papers. Enclose \$1.00 to cover postage and handling.

WE ALSO WRITE CUSTOM MADE PAPERS.
