FIRST PRIZE WINNERS - The International Club took first prize in yesterday's activities fair held in Bentley Hall to promote campus and local organizations. [Photo by Don D'Innocenzo]

Activities fair transforms Bentley into showcase

By CATHIE KEENAN
Staff Reporter

Just formed at the beginning of this semester, the International Club placed first in display among the 42 organizations featured at this year's activities fair. According to British exchange student and International club member Peter McNabe, "We have these fairs at Nottingham but they are held 'Freshers' weekend, when the new freshman arrive."

Bentley Hall Lounge, site of the fair, was crammed with various displays and booths of an informative and colorful nature. Eleven of the clubs featured yesterday had never been previously displayed; however, the familiar Alpha Sigma Tau Sorority and Bald Eagle Divers Club placed second and third respectively.

Local organizations such as the Penn State Extension

Service and Family Planning Center were also present. The main purpose for their participation.

Fellowships offered for graduate work

Nominations close November 19 for the 1976-1977 Danforth Fellowships. Awarded by the Danforth Foundation of St. Louis, Missouri, the fellowships are open to all qualified persons of any race, creed or citizenship, single or married, who have serious interest in careers of teaching and/or administration in colleges and universities, and who plan to study for a Ph.D. in any field of study common to the undergraduate liberal arts curriculum in the United States.

Applicants must be under 35 years of age at the time application papers are filed, and may not have undertaken any graduate or professional

Tuition increase of \$50 expected for January

Another \$50. tuition increase for Pennsylvania State College students is anticipated by Commonwealth Association of Students' Executive Director, Eugene T. Carroll.

Based on current trends, the director believes that the Shapp Administration will impose another tuition hike on students, effective in January, 1976. "The state college system is currently operating with a \$16.6 million budget deficit, and even if the Supplemental Appropriations Bill is passed, a deficit of \$11.6 million to \$13.6 million will still exist. With these facts in mind, another increase is likely," stated Carroll.

According to the director, state college students are already overburdened with the \$800. yearly tuition fee they must now pay. Increases in class size, abandonment of new educational programs, and cutbacks in work-study

programs are other pressures students must learn to cope with. "Obviously the Governor is not concerned with the quality of education in our

Internat'l Club schedules Thurs. meeting in BHL

The International Club, a new organization on campus, will meet for the second time this Thursday at 7:30 p.m. in Bentley Hall Lounge. Planned events feature a slide presentation by John Winter, independent exchange student from Durham, England, and discussion of the club's constitution.

Formed by Shelly Robinson and Susan Craig, both participants in last fall's Nottingham exchange, the club is an outgrowth of their hope that the international students on campus be brought into closer

cont. on page 4

study beyond the baccalaureate. Approximately 65 Fellowships will be awarded in March 1976.

This award is made for one year, and it is normally renewable until completion of the degree or for a maximum of four years of graduate study. Fellowship stipends are based on individual need, but they may not exceed \$2275 for single Fellows and \$2450 for married Fellows for the academic year, plus dependency allowances for children and required tuition and fees.

Other fellowships may be held concurrently with a Danforth Fellowship, except for those administered through other programs of the Dan-

forth Foundation. Income from other awards will be taken into consideration in determining the supplementary living expense stipend if the amount received is less than the Danforth Foundation maximum, and if the agency concerned will allow this.

The Danforth Foundation, created by the late Mr. and Mrs. William H. Danforth in 1927, is a national, educational philanthropic organization, dedicated to enhancing the humane dimension of life. The major thrust of the Foundation embraces the theme of improving the quality of the teaching/learning environment. Assistance is provided

Today's Editorial

No more time bombs

Tonight the S.C.C. senate will convene in the PUB for their first meeting of the new year, and their first gathering since the budget disputes which characterized last year's final meetings.

Probably the most noticeable aspect of the meeting will be the overwhelming amount of new faces composing the senate. Of the 29 newly elected senators, 21 will be making their first appearance. Gone are over two thirds of last year's senators, and replacing them are new students, many of whom have never been to an S.C.C. meeting.

It would be nice to think that last year's problems have all been solved and that, like the new student senators, the student government as a whole is starting with a clean slate. Unfortunately, however, this ideal is far removed from the reality of the situation.

The wounds experienced by last year's student government remain unhealed. When the student government meets tonight they will be again faced with the problem of working towards approval of a budget for the S.C.C. to operate on. And now the situation is of even graver consequence.

Because the student government needs a sound operating budget, and needs it almost immediately, new senators may be asked tonight to approve a spending of approximately one quarter of a million dollars without having ever previously studied the proposal.

Within a matter of minutes they may approve the budget without ever realizing where or where not the money is going.

Should we only learn one thing from the mistakes of last year's student government, let's hope that this year's senate and executive committee realize the importance of working together within proper accordance. Let's have no more delays in taking responsible action, and no more pressuring of students into approving expenditures simply because there's a time bomb waiting to go off.

Community colleges gain popularity

There's one in a shopping center, another in an old trolley barn and a third in what used to be the United States Mint. Soon there may be some without any "walls" of their own. Pennsylvania's community college system looks toward continued growth, while other institutions of higher education are fearing hard times.

The present 14 two-year colleges have grown from zero enrollment in 1964 to about 54,000 students enrolling this month for the fall term. That's a five to ten per cent increase over last year. Community colleges have been so successful that plans have been made

to open several new ones in the state in a new way, according to Joseph Bruno, the Pennsylvania Department of Education's coordinator for community colleges.

"Community colleges fill a need that other institutions were not meeting," Bruno pointed out. "Their average tuition is only \$410 for two semesters. They offer more than 100 programs, some of which lead to associate in arts, science or applied science degrees which can be used as two years of credit toward a bachelor of arts or science degree from a four-year institution. Others are technical training programs that require

Greeks Speak

"Greeks Speak" is a weekly column designed to inform the student body of news concerning Greek life at Lock Haven State. Any contributions or questions related to fraternities or sororities should be submitted to Student Publications, PUB Ground Floor.

Tau Kappa Epsilon fraternity of LHS is to be congratulated this week for winning a "Most Improved Chapter" award at the national convention held in August at Lake Geneva, Wisconsin. Representing the 88 members of TKE from Lock Haven were Bob Neiderer and Bill Turbitt.

The Theta Gamma Chapter was one of 24 chapters out of 314 to receive this award, which is based on rush reports, percentage of pledges who begin pledging as compared to those who actually finish, manpower, campus opinion, and community service.

Phi Mu Delta is also in the news with their upcoming service project for Easter Seals. By this time almost everyone, including Governor Shapp, has heard about the dance marathon to be held this weekend from 6:00 p.m. Friday to 6:00 p.m. Sunday. Thad Bydlon and Robert "Chester" Lomison have done a fine job organizing this fund raiser, and all they need now are a few more couples to make the event a success.

"Greeks Speak" is happy to announce the high academic averages for last spring. In the sororities, Delta Zeta placed first with a 3.12, and for the fraternities Kappa Delta Rho took top honors with a 2.75. Greek membership has long been associated with higher than average grade point averages, and last year the average of all active Greeks was over a 2.71.

To close on a cheerful note, the "book money" raffle conducted by the ACACIA fraternity was won by Kathy Gillam who is now happily \$50. richer.

CORRECTION: Due to a typographical error, David C. Heverly's "Letter to the Editor" which appeared in Monday's issue was incorrect. The corrected lines read as follows: (However, the number of

College Employees taking advantage of this service is far from 100 percent while the students are given sway over all of the \$10,000. This means that, in practice, the services exchanged are just about proportional.)

anywhere from a few months to two years to complete."

The community colleges are financed one third by the state, sponsoring local communities, and students who enroll.

A meeting for all S.C.C. Cultural Affairs Committee advisors and students has been scheduled for Thursday, September 18, at 1:00 p.m. in Raub 407.

Eaglettes fare well in tourney

By MARY FEUSNER
Women's Sports Editor

The Lock Haven women's field hockey squad returned to campus on Sunday afternoon after compiling a 4-1-1 record at the Pocono tournament.

The competition began early Saturday morning when the Eaglettes faced the Ursinus Young Timers. Playing their best game of the tournament, the "Haven" veterans shut out their opponents 4-0. Pat Rudy, Sue Bowers, Cathy Ogle and Wendy Keller tallied the goals.

In the second game of the morning, the "Haven" suffered their only loss. A North Jersey club team managed to score on a fluke goal in the closing seconds of the game.

Pat Rudy and Gina Graham led the offense in the shut out of the lower Bucks club team. Rudy's goal was the result of a penalty flick.

The squad concluded the day's competition with the Ursinus Old Timers Alumni team. The game was played to a scoreless tie.

Sunday's schedule included two morning games with the Long Island and Delaware Association squads. The Long Island contest saw Lock Haven posting their third shutout of the tournament. Pat Rudy recorded two goals and Wendy Keller was credited with an assist.

Once again, Pat Rudy started the scoring in the final game of tourney play. Her fifth goal of the tournament came as a result of a penalty corner. Inner Cathy Ogle added a slap shot goal later in the contest. The third and final point of the game was scored by left wing Colleen Hacker.

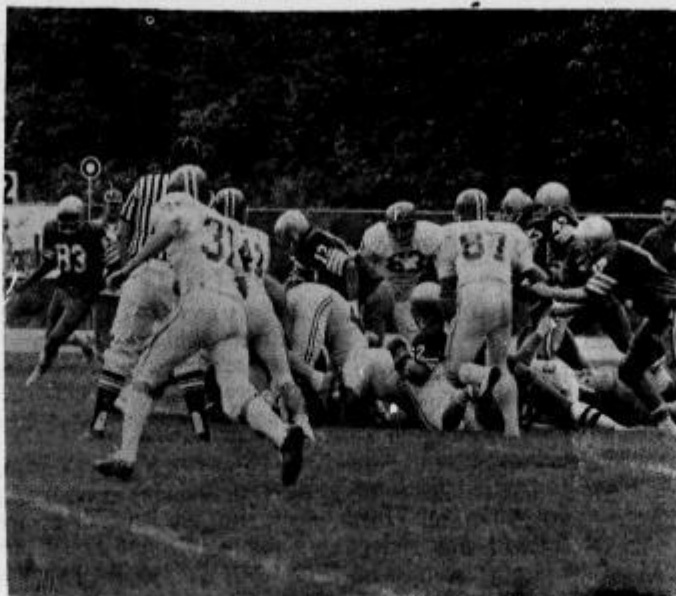

Overall, the Lock Haven squad finished third in the number of goals scored in the tournament with 11. The Lock Haven Alumni, led by Kelly Cromer, came in first with a total of 18 goals.

Coach Taylor commented that the veterans played well together in the traditional method of play. Rudy and Keller played consistently

throughout the tournament. Goalie Sherman was not given the opportunity to prove herself. Sherman was responsible for five saves in six games.

After watching two nights of practice, Ms. Taylor is

pleased with the freshmen turn out. There is plenty of talent and depth, and she only wishes that the program was more extensive so that more hockey players could compete on the college level.

THE FIRST GAME - Shown above, the LHS football team last week played their first game in new Hubert Jack Stadium. This week the stadium will be dedicated during half-time of Saturday's game with Bloomsburg. [Photo by John Vukovic].

Stadium dedication slated for Saturday

The new Lock Haven State College Hubert Jack Football Stadium will be dedicated in special ceremonies at halftime of the Bloomsburg State-LHSC game this Saturday, September 20. The arch-rival Huskies are Lock Haven's oldest Pennsylvania Conference opponent. Since 1908, the 54 game series is even up with each team winning 26 plus two ties.

Hubert Jack retired at Lock Haven State in 1969 after a long and brilliant 27 year coaching and teaching career. He served as head football coach 1946 through 1968 and was head wrestling mentor 1942-1964. Coach Jack had previously coached at Grove City High School (1926-1936) and DuBois High School (1937-1942).

Despite his official retirement, Coach Jack has continued to assist in coaching football at Lock Haven on a volunteer basis.

The former head Bald Eagle

grid mentor had a football record of 102-90-7. His wrestling mark of 153-39-5 still stands as one of the top coaching records in the entire nation. In 1957 Coach Jack produced the only undefeated and untied team in the 80 year history of the sport at LHSC.

His 1960 football team won the Pennsylvania Conference Western Division championship with a 6-0 record. This '60 team was led by NAIA First Team All-American guard Fran Cornelius, now assistant to the vice-president of administration at Lock Haven State. Cornelius and LHSC Athletic Director Tod Eberle are serving as co-chairmen of the dedication game committee ceremonies.

Last Saturday's first game in the new stadium was played before an overflow crowd of 3,000 fans in the 2,600-seat stadium. An additional 1,200 seats will be added on the visitors side of the stadium in

LHS hosts wrestling fed. fall meeting

Lock Haven State College again hosted the annual fall meeting of the United States Wrestling Federation - Pennsylvania Chapter at the Sieg Conference Center on Sunday, September 14. High school and college coaches and supporters of wrestling from throughout Pennsylvania attended the all-day fall business meeting.

State Chairman Rex Peery of Pittsburgh announced that LHSC will submit a bid to the national office in Stillwater, Oklahoma, to host the 1976 National (USWF) Wrestling Championships next March 26-27 at Thomas Field House.

It was also announced that Lock Haven State will again host the USWF State High School Championships next March. Bald-Eagle sophomore Gary Uram won the 105.5 pound National (USWF) title last April in Chapel Hill, North Carolina.

Dr. Ken Cox, LHSC mat coach, again served as coordinator of the fall meeting
cont. on page 4

the near future.

Bloomsburg opened their 1975 campaign on the losing side, being blanked by a strong Shippensburg State (2-0) team, 41-0. Last year in a heavy rainstorm Bloom defeated the Bald Eagles, 7-0. It was the first game in the new Bloomsburg Stadium.

SUBMISSION POLICY:

Clubs, organizations, etc. wishing to submit releases to the **Eagle Eye** are urged to do so. However, submissions must be legibly written on every other line or typed, double spaced; they must include the writer's name and campus address so that information can be verified if necessary. Announcements printed on a space available basis only.

Administration plans to increase exchanges

By JOHN O'DOHERTY
Staff Reporter

Plans are being formulated to expand Lock Haven's international education program still further, and include exchanges with a larger variety of countries. In addition to the 14 Nottingham students, it won't be very long before the administration will be welcoming students from Malaysia, Poland and Nigeria.

According to Dr. Marcus Konick of the Office of International Education, the plans for a Malaysian and Polish exchange have definitely been made, but details remain to be ironed out. "It's possible we may have 10 or 15 Malaysian students in January, or we may have 20 or so in September of '76," he said.

Dr. Konick pointed out that while we'll be taking on students from the University of Malaysia, there are no plans, as yet, to send any Lock Haven students over there. However, he added, "It's always possible that the opportunity will arise through our relationship."

Dr. Konick has resumes on several Malaysian students, but is still awaiting more. "Communication is a big problem, with the fighting over there," he remarked. "We know each student will be able to speak English fairly well, and they'll be studying mathematical computer science, mostly. However, for those students whose subjects could be better dealt with elsewhere, we'll be acting as a central agency. If any of their major fields could be handled better at another school, we'll make the arrangements to send them there."

At a later date, there are plans on the part of Lock Haven and Poland, to institute an exchange of six students. As of now, the Polish exchange date is August 1, 1976, but Lock Haven students probably won't be selected until April. They will go through a pre-orientation program to acquaint themselves with the Polish government, as well as Polish societal ways and customs. Their

instructors will be speaking English, but a quick introduction to the Polish language should prove invaluable, nevertheless.

Of all college programs being offered today, LHS is particularly aware of the significance of foreign exchange. "We have an extremely busy schedule here," Konick said. "We're the only state college in Pennsylvania with a special mission in international

tuition increase

cont. from page 1
state colleges," Carroll commented.

The director has documented evidence which shows that the price of public higher education has forced some students to drop out of college, and is extremely concerned that the cost of a state college education is preventing many students from enrolling at all. "The sad irony of the current crisis lies in the fact that students are being forced to pay more for an education that is offering less," he said.

According to Carroll, additional fees are not a solution to the deficit. He indicates that "the State Colleges are not a funding priority of the Shapp Administration, which clearly illustrates the Governor's total lack of responsibility toward the students of the State College system."

fellowships

cont. from page 1
to men and women through programs sponsored and administered by the Foundation, and to projects, programs, and institutions through grant-making activities. Within the broad range of education, the Foundation focuses on support of higher and secondary education on the national scene, and on urban affairs in the metropolitan St. Louis area.

Lock Haven seniors who seek to become college teachers and are interested in relating their education plans to their basic values should contact Dr. Paul F. Klens, Ulmer 317, as soon as possible for additional information regarding nomination

education."

Other commitments on the agenda include a mutual exchange of students from LHS and the College of Education of Abraska, in Nigeria. Details for this, and an attempt to induct Vietnamese refugee students into the LHS community are being worked on presently. The Vietnamese students are already living in this country, and, as naturalized citizens, are eligible for the federal loan program.

internat'l

cont. from page 1
contact with LHS students. They see the club as a chance to share experiences and to get to know foreign students on a more personal basis.

Future club plans include several foreign speakers, a program on Austrailia, and possibly an international dinner. All students are invited to join.
