STATE TEACHERS COLLEGE

At its meeting on June 4, 1926, the State Council of Education endowed this Normal School with the privilege of a State Teachers College.

In September, 1926, this college will, therefore, offer two four-year courses. On the completion of one of these courses it will award the degree of B. S. in Education in the field of the elementary school; on the completion of the other, the degree of B. S. in Education in the field of the secondary school.

In addition to these two four-year courses the college will, however, continue to offer its two-year and three-year courses. One of these courses will prepare teachers for grades 1 to 3; another, for grades 4 to 6; a third, for grades 1 to 8; and a fourth, for grades 7 to 9.

GENERAL INFORMATION

The Town of Bloomsburg. Bloomsburg is an attractive town, in one of the most beautiful regions of Pennsylvania, has a population of about nine thousand, and is easily accessible by the three largest railroads in the State: The Delaware, Lackawanna, and Western; the Philadelphia and Reading; and the Pennsylvania. It is also connected with neighboring towns by electric railroads and omnibus lines.

The School is situated about a mile from the Susquehanna river, and about 150 feet above it on a gently sloping eminence, commanding a view of the valley for many miles. A campus of nineteen acres affords ample space for lawns and athletic grounds, and includes a large and beautiful oak grove. Seven large buildings, admirably adapted to their different uses, constitute the physical plant of the School.

Institute Hall. This is the oldest of the buildings, erected in 1867. It stands at the head of Main Street, and is plainly visible from all parts of the town. The approach to this building is very imposing and beautiful.

The Auditorium. This room, which will seat about a thousand people, is situated on the second floor of Institute Hall. It is comfortably furnished, and has recently been tastefully redecorated. The acoustic properties are apparently perfect.

Training School Building. Standing immediately in the rear of Institute Hall is the Training School Building, accommodating the children of the elementary grades. It has recently been refurnished and equipped for the most up-to-date work.

Science Hall. Science Hall was erected in 1907. It affords modern facilities for the latest methods of work in the sciences. The laboratories are large and fully equipped with excellent furniture and appliances. Large laboratories fitted up for the work in the biological subjects are located on the first floor. The laboratories for physics and chemistry are on the second floor. There are two modern lecture rooms, with lanterns, screens, and excellent equipment for demonstration and illustration. There are also two large well-lighted Art Studios.

The Gymnasium. The gymnasium is a well-lighted and well-ventilated building, adequately equipped with all essential apparatus, having a running track, baths, and steel lockers.

The Library. The Library is well located and well furnished for its purpose. The collection of books comprises over 11,000 volumes of standard works of fiction, history, education, the leading encyclopedias, dictionaries, and books of reference. The reading tables are well supplied with all the important local and national newspapers, and magazines for the use of the students. The value of the library is greatly enhanced by a card catalog, and the constant attendance of trained librarians to help the students in their work.

The Dormitories. Dormitories are provided for both men and women. The women's dormitory is a four-story building large enough to accommodate a large group of students. It is equipped with an Otis electric elevator, in charge of a responsible operator. The dormitories are equipped with steam heat and electric lights. The students' rooms are furnished with beds, dressers, and chairs and may be carpeted if the student desires.

The Dining Hall. On the first floor of the main dormitory is the dining hall, an attractive and well-lighted room. It is in charge of an expert dietitian who supervises the buying, the preparing, and the serving of the food. Special effort is made to have the dining room homelike. The new round tables, each seating eight, contribute much to the social life of the meal hour.

Provisions for Recreation and Social Life. The Normal School believes in recreation and social life, and makes ample provision for them.

The tennis courts and athletic field care for outdoor interests. The constant use of these playgrounds proves their need. Hikes and picnics also attract large groups of students.

Provision for Health. Every effort is made to keep the students in good physical condition. A registered nurse is in residence and is at the service of the students. An infirmary is provided, where students, taken ill, may have quiet and be looked after by the nurse. Doctors are always called when students so desire, or when the nurse deems it advisable.

Chorus Singing. A women's chorus, a men's chorus, and a chorus of mixed voices are organized at the beginning of the school year. A student may become a member of a chorus by making application to the director and passing the requirements. The choruses meet at least once a week. They sing on a number of occasions during the year, and toward the close of the year render a special program.

Male Quartets. On account of the abundance of marked talent among the students of the School a male quartet and a double male quartet have been organized each year.

Mixed Quartet. In addition to the male quartets a double mixed quartet has been organized. These quartets have been a source of pleasure to the student body.

Women's Glee Clubs. During the early part of the first semester two glee clubs are organized from among the young women of the School. The one is made up of Seniors; the other of Juniors.

Men's Glee Club. A glee club is also formed from among the young men of the School. This is composed of Seniors and Juniors.

Orchestra. An orchestra is organized at the beginning of the school year. Students are entitled to membership on the approval of the director. The orchestra gives concerts at the School and in nearby towns.

Lectures and Entertainments. Throughout the school year prominent lecturers discuss current political, social, and educational problems. These lectures afford the students opportunities to be informed about the vital problems of our time. Provision is also made for entertainments of a high order. Leading dramatic readers interpret great literature of the past and present. Dramatic companies of able artists present plays of the classical and modern writers. Well known musicians render programs that constitute a real event in the life of students and in the School.

RECOGNITION AND ENCOURAGEMENT OF SCHOLARSHIP

For the recognition and encouragement of scholarship among the students the Faculty of Bloomsburg State Normal School adopted the following resolutions:

1. That at the end of the first semester there be selected from the Junior Class an honor list comprising ten per cent. of the class.

2. That at the end of each semester, on the basis of a cumulative record, there be selected from each of the four Groups of students a similar list comprised of ten per cent of each Group.

3. That the grades now used by the School be valued in terms of honor points as follows: A, three points; B, two points; C, one point; D, zero point; E, minus one point; regard to be given to the number of hours of which each item of the student's work consists.

4. That any student with half of his standings as low as D at the end of the first semester of his Junior year, be notified that unless marked improvement be shown by the end of the second semester he will not be permitted to enter the Senior class.

5. That a student must average the grade of B before he will be entitled to carry extra hours; the extra hours to consist of one course, and his total number of class hours not to exceed twenty-five; the nature of the extra work to be determined by the student with Faculty approval.

6. That a student whose English is not up to the standard proper for a teacher, be required to do remedial work in English.

7. That student teachers of superior ability in teaching and scholarship be granted honor certificates; this ability to be demonstrated in the following subjects: Mastery of and skill in the organization of subject matter for teaching purposes; recognition of the needs of individual children and adaptation of work to meet those needs; skill in holding the attention and interest of pupils; success in securing response on the part of the class as a whole and as individuals; marked ability in securing definite results as determined by expert supervisory methods; tactfulness and skill in the management of the ordinary routine of the classroom as well as unusual situations; willingness and intelligence in assuming responsibility; loyalty and steadfastness of purpose; a generally favorable attitude toward the teaching profession; a rating of two or better in scholarship in normal school courses of study.

Student Government. The value of self-control is as evident when applied to a group as to the individual. With this fact in mind the students of the School have been organized for self-direction in matters pertaining to school life.

For the recognition and encouragement of worthy habits and conduct the Faculty of the Bloomsburg State Normal School adopted the following resolutions:

1. That the students be divided into groups of approximately twenty among the teachers of the School.

2. That these faculty advisors lead the members of their group toward improvement in citizenship.

3. That this citizenship be based on the following points:

a. Dependability, such as, in right place, on time, ready for action; seeking to give honest impressions, being industrious, persevering, etc.

b. Civic responsibility, such as, consideration for the rights of others, co-operation in enforcing regulations, measuring up to personal and official responsibilities, etc.

Religion and Morals. Recognizing the supreme value of the cultivation of a fine character, the School aims to surround the students with all the advantages of a religious and ethical standard of living. The unusually cordial relation existing between the School and the various churches of the town is of great value to the students and teachers. The School and the churches co-operate in seeking to have each student enter into the life of the local church which is to take the place of his home church. Students are expected to attend church on Sunday morning.

Auditorium exercises are held three times a week and all students attend. These exercises are largely conducted by the Students themselves. The Students read the scriptures, lead the singing, play the accompaniment, make the announcements, etc.

The students and teachers maintain two very efficient organizations, the Y. M. C. A. and the Y. W. C. A., which hold separate mid-week meetings. Attendance is voluntary.

Conferences with Parents. During the year the Dean of Women holds conferences with the parents of students in the centers from which the students come. These conferences have proved unusually helpful, both to the parents and to the School.

The School Periodical. In 1924 the publication of a weekly school paper was begun. It is urged that the Alumni subscribe for this news sheet. A charge of seventy-five cents per semester is made here to each regular student or member of the Faculty.

EQUIPMENT FOR PERSONAL USE

Rooms for students are furnished with single couch beds, mattresses and pillows, bureau, desk, and chairs. Sheets, pillow cases, and white spreads are provided for the beds.

The following equipment is *required*—Blankets or bed comforter, towels, table napkins, a large laundry bag well marked with the student's name. *Suggested*—Three or four good framed pictures, window curtains, rugs or carpet.

All young women must be provided with a gymnasium costume, consisting of full, pleated, black bloomers, two plain white middy blouses with either long or short sleeves, and a pair of high, white canvas sneakers. They should also have a pair of high, strong shoes suitable for hiking and climbing.

LAUNDRY REGULATIONS

Each student is allowed twelve (12) articles of plain clothing in the wash each week.

Every article of clothing must be plainly marked with indelible ink. Defective marking is generally responsible for the missing of articles.

Extra charge will be made for all clothing in the wash in excess of the twelve (12) pieces allowed.

SUMMARY OF EXPENSES

	First Semester 18 Weeks	Second Semester 18 Weeks
Tuition - - - - -	Free	Free
Semester Fee - - - - -	\$10.00	\$10.00
Board, Room, and Laundry - -	144.00	144.00

Penmanship - - - - -	1.00	1.00
Medical Examination - - - - -	.50	.50
Subscription for School Paper - -	.75	.75

The Tuition is free because the Normal School is State supported and students upon entering are obligated to teach in the schools of the State for not less than two years.

The semester fee carries with it free admission to all regularly scheduled lectures, entertainments, and games of football, basketball, and baseball.

The rates for board, room, and laundry are on the basis of two students to each room. There are a few single rooms available which may be secured upon payment of \$1.00 per week additional.

A charge of 35¢ per piece is made for hauling baggage. Baggage is hauled by the School only on the opening and closing days of each semester.

All books and classroom supplies must be furnished by the students. These may be bought in the Supply Room connected with the School. This is an item of expense which cannot be accurately determined but the cost of books, in ordinary cases, will vary from fifteen to twenty dollars for the school year of thirty-six weeks. Beginning with this year the Supply Room will be conducted upon a cash basis. Students must, therefore, provide for the payment of all books and supplies at the time they are secured.

Students upon entering are required to pay a deposit of one dollar for the keys to their rooms. Steel lockers are provided for the accommodation of day students. The key deposit for these is one dollar. Key deposits are returned upon presentation of keys at the time students leave the institution.

Rooms engaged beforehand will not be reserved longer than the second day of the first week of any semester except by special arrangement.

Students not living at their own homes are required to live in the School dormitories except by special arrangement made in accordance with conditions established by the Board of Trustees. The Business Manager will make known these conditions on request.

Records of credits earned are available at the request of students. In case of a second request for the same record a fee of one dollar will be charged.

No certificates or grades will be issued to students whose accounts are not paid in full.

Students are considered members of the School until the President is notified of their withdrawal and the regular charges will be made unless such notice is received.

PAYMENTS

Bank Drafts, Express or P. O. Orders and checks may be used in payment of bills and should be made payable to Bloomsburg State Normal School.

Bills for Semester Fees, Board, Room, Laundry, and Day Student's Service Charges are payable in advance by the semester.

Payments for 1926-1927 must be made as follows:

First Semester

BOARDING STUDENTS

September 13, Semester Fee (Unless a room reservation fee has been paid) - - - - -	\$ 10.00
September 13, Board, Room, and Laundry Charges	144.00
(One check only required for above two items)	

DAY STUDENTS

September 13, Semester Fee (Unless already paid) -	10.00
September 13, Service Charge for First Semester	5.00

Second Semester

BOARDING STUDENTS

February 3, Semester Fee — — — - - - -	10.00
February 3, Board, Room, and Laundry - - -	144.00

DAY STUDENTS

February 3, Semester Fee - - - - -	10.00
February 3, Service Charge for Second Semester - -	5.00

The Semester Fee and the amount designated for Board, Room, Laundry, and Service Charges must be paid on the day of registration. The receipt showing that such payments have been made must be presented before the student will be registered.

The subscription to the Maroon and Gold, Medical Examination, Laboratory, and Other Fees are due and payable November 15, and April 4, respectively.

Music accounts are payable at the middle and toward the close of each semester. The information relative to music charges will be found under Expense for Music Students, page thirty.

All bills must be paid when due. Students whose accounts are not paid promptly will be excluded from classes and will receive no grades for their work.

DEDUCTIONS AND REFUNDS

No deduction is made in the Semester Fee even though a student may enter after the beginning or leave before the close of a semester.

No refund is made of the Semester Fee except in case a room reservation is withdrawn. If it is desired to withdraw a room reservation the \$10.00 fee will be returned providing the Business Office is notified not later than one week before the opening day of school.

For absence of two consecutive weeks or more on account of personal illness, or for an equally good reason, a deduction for board will be made. No deduction will be made for a fractional part of a week.

All refunds will be made directly to the person paying the bill unless otherwise requested.

No deduction is made for absence on Saturdays and Sundays, nor for washing done at home.

No deduction is made for absence during all or part of the last two weeks, nor for absence during the first two weeks, of any semester.

Note also the last two paragraphs under Expense for Music Students, page thirty.

FUNDS TO HELP WORTHY STUDENTS

The funds presented by the several classes shall be considered and treated as loan funds.

Loans from these funds, so long as any sums are available, may be made in amounts not to exceed fifty dollars for two years. In special cases this amount may be increased to as much as a hundred dollars per year. These loans are secured by note with one or more sufficient sureties, due and payable without interest in not exceeding two years after leaving school. If not paid when due, interest thereafter at six per cent. will be charged until paid.

Eleven classes have left funds as memorials. The class of 1924 donated \$500.00. The money in the bank draws interest at 3 per cent., and can be withdrawn only on order of the Treasurer of the School. The contributions follow:

THE TRAINING SCHOOL

A normal school cannot properly prepare teachers unless an adequate training school is maintained. Those who are to become teachers should have ample preparation in teaching in typical school situations. Considerable attention has been given to enlarging and strengthening the training school facilities of the Bloomsburg State Normal School. The Training School, which is located on the campus, consists of a kindergarten and grades one to six inclusive. There is a training teacher in charge of each class, consequently, close supervision is given to the student teaching.

Along with the Training School the elementary grades of the public schools of the town of Bloomsburg are used for student teaching. The splendid co-operation of the school authorities of the town of Bloomsburg makes it possible to have adequate facilities for the training of teachers for the graded schools and the junior high schools.

For the preparation of rural teachers one-room schools adjacent to the Normal School are used. Through the co-operation of the school authorities in the rural districts it has been made possible to have facilities for the training of rural teachers. The students have ample opportunity to observe well-trained teachers at work and to develop skill in teaching by actual experience under normal conditions.

The program of studies for grades seven, eight, and nine has been completely reorganized in accordance with the best practice in junior high schools. The students who are preparing to teach in the upper grades have the advantage of preparing for strictly departmental teaching or for the junior high school. Even if students are obliged to teach in seventh or eighth grades, they will be better teachers than if they were trained under the old organization.

EXTENSION COURSES

1926-1927

Under the stimulus of the state salary schedule for teachers and the new requirements for the certification of teachers, extension classes for teachers in service were organized in September, 1921. The responses from teachers for extension classes have been ready and numerous.

Extension courses similar to those offered in residence at the Normal School are offered to teachers in service. The regular members of the faculty teach the extension courses. The classes meet on late afternoons, in the evenings, and on Saturdays. Since the extension classes are conducted on a self-supporting basis, ordinarily a class is not organized unless at least thirty teachers want the same course. Practically all of the extension classes meet two hours at a time each week for fifteen weeks. A fee of five dollars is charged for each semester hour credit. Since most of the courses receive two semester hours credit the cost is usually ten dollars a course.

SUMMER SCHOOL OF 1927

June 20-August 20

The summer school aims largely to meet the needs of teachers who are preparing to meet the requirements of the different certificates issued by the authority of the State Department of Public Instruction. The summer school continues in session for nine weeks. This provides ample time for stu-

dents to complete the courses that many are interested in having to their credit for various certificates. Since the regular school year is thirty-six weeks, a fourth of a year's work may be completed during a summer session, and in four summers a year's work of the regular two-year teacher training course may be completed.

An important feature of the summer session is the observation and demonstration school which includes all the grades of the elementary school. A skillful teacher is in charge of each grade. Here teachers may observe and have demonstrated for them the best practice in modern teaching.

An interesting feature of the summer school is the series of lectures and entertainments provided throughout the nine weeks. Lecturers discuss important political and social problems of current interest. Other lecturers discuss current educational topics. Music and dramatic programs are provided by well-known artists.

TEACHER PLACEMENT SERVICE

The Appointment Bureau of the Bloomsburg State Normal School co-operates with the Placement Service of the State Department of Public Instruction, Harrisburg, thus offering additional facilities for the placement of our students and graduates.

The Appointment Bureau has for its purpose first of all to assist school officials to secure competent teachers, and second to aid teachers to secure suitable positions in fields of service for which their training best fits them.

The Appointment Bureau is in charge of the Director of Teacher Training, who answers all inquiries and gives personal attention to school officials seeking competent teachers.

REQUIREMENTS FOR ADMISSION

Regular Entrance Requirements

Admission to a State normal school shall be on the basis of graduation from an approved four-year high school, or equivalent training in an approved private secondary school.

GRADUATES OF JUNIOR-SENIOR HIGH SCHOOLS

Graduates of senior high schools in a school district maintaining an approved junior-high-school organization will be admitted on evidence of twelve units of preparation earned in grades ten, eleven, and twelve.

Value of Unit

A unit represents not less than 120 sixty-minute periods of prepared work or the equivalent. However, until September 1, 1927, high-school work completed prior to July 1, 1924, will be accepted on the basis of 96 clock hours of work requiring preparation.

Irregular Entrance Qualifications

Graduates of approved two-year high schools are entitled to not more than eight units of credit and graduates of approved three-year high schools to not more than twelve units of credit toward the standard admission requirement; provided, however, that such students, or other students having irregular entrance qualifications, may take examinations in county superintendents' offices in all counties having such students, at the close of the school year. These examinations will be given under the direction of the Credentials Bureau of the Department of Public Instruction, under a cooperative plan adopted by the Board of Normal School Principals, January 15, 1926. In case of failure in a subject, or subjects, the student, after additional study during the summer, may take a second examination in August at one of the normal schools or at any one of the centers where State examinations are regularly conducted, namely, Philadelphia, Harrisburg, Pittsburgh, or Scranton.

Under this arrangement students who complete the work of a four-year high school with a three-year rating, may take examinations in fourth-year subjects and thereby receive credit equivalent to that of a four-year high school; graduates of three-year high schools with a two-year rating may take examinations in third-year subjects for credit in three years of approved high-school work. All inquiries should be addressed to the Credentials Bureau, Department of Public Instruction, Harrisburg, Pennsylvania.

Evaluation of Credentials

Credentials of all students entering the State normal schools on the basis of an approved four-year preparation, shall be received and evaluated by the normal school; students not

having an approved four-year preparation, or students whose preparation is irregular, shall have their credentials evaluated by the Credentials Bureau of the Department of Public Instruction.

Detailed Statement of Studies

Graduates of approved four-year high schools, or of equivalent private secondary schools, who desire admission to a State normal school without examination must present a detailed statement of all studies pursued, including the time devoted to such studies, and the grades received. Blanks for such purposes may be secured from the principals of the State normal schools. These blanks should be filled out by the principal of the school which the student attended, or where this is impossible, by the local superintendent of schools.

Holders of Permanent or Professional Certificates

Until September, 1927, the holders of permanent or professional certificates will be given one credit toward admission as regular students in the normal schools for each subject of high-school grade written on the certificate.

Advanced Credit

Advanced credit will be given for equivalent courses in approved institutions of collegiate grade, but no students may obtain a normal-school certificate without a minimum residence of one year. (Teachers who have been granted credit for experience may finish with a minimum residence of one-half year.)

Health Certificate

The usual health certificate required by law for the certification of teachers shall be presented by all applicants for admission. Applicants, disqualified by reason of physical defects from the successful performance of the duties of a teacher, will not be admitted.

Evidence of Character

All applicants for admission shall present evidence of good moral character and ideals characteristic of the teaching service.

Credits by Extension or Correspondence

No candidate for a normal-school certificate shall receive more than twenty semester hours of credit toward graduation for work done in extension classes or by correspondence.

NORMAL-SCHOOL CERTIFICATES FOR TEACHERS IN SERVICE

The following conditions apply only to those persons who have taught in Pennsylvania public schools prior to July 1, 1922. (No credit will be given toward the completion of the entrance requirements of the regular normal-school course for teaching done after July 1, 1922.)

The fifteen units of high-school work required for entrance to the State normal schools may be earned in approved high schools, summer schools, extension classes, correspondence study in institutions approved by the Department of Public Instruction, and by tutoring under approved conditions.

Credit for entrance may also be secured by teaching experience in Pennsylvania public schools at the rate of three standard high-school units for each year of successful teaching experience

Whenever a teacher has earned the credits necessary for entrance to a State normal school in any of the above ways or by any combination of them, four semester hours of credit on a regular State normal-school curriculum may be granted for each year of teaching experience in Pennsylvania with a rating of "middle or better"—subsequent to meeting the entrance conditions—up to a maximum of thirty-two semester hours, provided, however, that all credits thus given shall be conditional until the teacher shall have proved his ability to do the work of the State normal-school curriculum in a creditable manner.

In all cases in which normal-school credit is given for teaching experience the work remaining to be done shall be selected by the authorities of the normal school to secure the best development of the student in teaching power.

A minimum of one-half year of resident study shall be required of all candidates for graduation who are credited for teaching experience as outlined above.

Entrance and normal-school credits based on teaching experience as outlined above will not be granted after September 1, 1927.

Credit for student teaching other than that done under the direction of the normal school will not be approved.

Lessons on Use of Library

All entering students are required to take, without credit, ten lessons on Using the Library.

Extra-Curricular Activities

All students are required to take part, without credit, in one extra-curricular activity one semester each year.

Standards of Achievement

All students, before receiving a final grade in English or Arithmetic must equal eighth-grade standards of achievement in these subjects.

SPECIALIZATION IN TEACHING

Types of Teaching. The different curricula that are offered to students have been organized upon the principle that teaching in the elementary school can be classified into sufficiently definite types to require specialization. Each curriculum prepares for a specific type of teaching position.

Work of the First Semester. All students except those who intend to prepare to teach in a junior high school, have the same work for the first semester. A large purpose of the work of this semester is to acquaint students with the requirements for successful teaching in the different grades so that they may decide intelligently in what grades they prefer to teach. The course entitled Introduction to Teaching, which includes observation in the Training School, is especially designed to aid students in a wise selection.

Students Select a Curriculum. At the end of the first semester, students are asked to select a curriculum for the purpose of specializing. The work of each curriculum must be completed in its entirety. Students may be granted the privilege of changing from one curriculum to another only on condition that the prescribed curriculum be completed before a certificate of graduation is granted.

Junior High School Curriculum. The demand is growing rapidly for teachers who have special training for junior high schools. Specialization in subjects is required by the needs of the junior high school. The junior-high-school curriculum permits students to elect subjects along the line of their special interests. Students may elect enough work to specialize in two and three subjects. Students will be certified to teach any subject in which they have secured eighteen semester hours' credit.

PROGRAM OF STUDIES

The program of studies of the school embraces the following curricula:

1. Two-year Curriculum for Teachers of Primary Grades 1, 2, 3.
2. Two-year Curriculum for Teachers of Intermediate Grades 4, 5, 6.
3. Two-year Curriculum for teachers of Rural Schools.
4. Three-year Curriculum for Junior High School Teachers.
5. Two four-year Curricula, the completion of which entitles a person to the degree of B. S. in Education. These curricula are not listed in the catalog.

In the outlines below the first figure following a subject indicates the number of 60 minute class periods per week. The second figure indicates the number of semester hours of credit allowed for the successful completion of the course.

GRADUATION FROM TWO-YEAR CURRICULA

The completion of the 68 required semester hours of any one of the foregoing curricula entitles the student who meets all other legal requirements to a Normal School Certificate, which is a valid state license to teach in the elementary schools for two years. On the completion of two years of successful teaching, the Normal School Certificate is made into the Normal School Diploma, which is a valid life license to teach in the elementary schools of Pennsylvania.

THREE-YEAR CURRICULUM FOR GROUP IV

JUNIOR HIGH SCHOOL, GRADES 7, 8, 9

The student who is to teach successfully in the junior high school must have, in addition to what is prescribed, a special preparation in at least two fields. A third field, in which less preparation is possible, is also desirable.

THE ELECTION OF FIELDS

To elect science, a student must present a unit in chemistry and a unit in physics.

To elect social studies, a student must present two high-school units in social studies.

To elect mathematics, a student must present one high-school unit in algebra and one high-school unit in plane geometry, or two units in composite mathematics, one of which at least must have been taken in the senior high school.

To elect French or German, a student must present two high-school units in the language to be chosen.

To elect Latin, a student must present three high-school units in Latin.

SCHOOL OF MUSIC

MRS. JOHN KETNER MILLER - - Director; Piano, Violin
 EDITH S. CANNON - - - - - Piano, Harmony, Theory
 ANTOINETTE J. PERNER - - - - - Voice, Piano

To those seeking a general education in music, this School offers superior advantages. Instruction is given by capable teachers of broad and successful experience. Special attention is given to beginners, as much depends upon the early training. The result of establishing correct fundamental principles is steady, satisfactory growth and development.

Piano, Voice, Violin—The course of study in Piano, Voice, Violin, is divided into four grades—Elementary, Preparatory, Intermediate, and Advanced. No definite period is stated for the completion of a grade; this depends upon the individual ability of the pupil. Those desiring certificates for the completion of any one of these courses must have a thorough and comprehensive knowledge of Harmony, History of Music, Sol-feggio, and Harmonic Analysis. A study of these subjects is recommended to all students of music for general musical development.

Certificates are granted only upon satisfactory completion of the Four Years' Course.

Graduates in any of the courses in music are required to have a good education in English branches. Proficiency in English equivalent to that of high school graduation will be the minimum requirement.

Expense for Music Students

Individual instruction in Piano, Voice, or Violin, \$18.00 per semester for one-half hour lesson per week; \$36.00 for two half-hour lessons per week.

Individual instruction in Harmony or Analysis, \$18.00 per semester for one-half hour lesson per week; \$36.00 for two half-hour lessons per week.

Class instruction in Analysis, \$12.00 per semester.

Class instruction in History of Music, \$10.00 per semester

Use of piano for practice (one period daily), \$4.00 per semester

Use of piano for practice (one period daily) for those not taking special lessons, \$6.00 per semester.

Preference in the use of pianos for practice will be given to students taking special lessons.

No student will be allowed to register whose accounts have not been settled.

Students taking less than the work of a semester will be charged at the lesson rate of \$1.50.

No rebate will be made on account of lessons missed by students.

INFORMATION CONCERNING STATE TEACHERS COLLEGE

This institution will gladly furnish information concerning the possibilities of its reorganization as a State Teachers College to any person who may be interested. Application need merely be made to the office of the President.
