COLLEGE COMMONS

A Modern Dining Hall With Service Available To All Students

THE COLLEGE

LOCATION

Situated on a hill overlooking the beautiful Susquehanna River, the Bloomsburg State College campus of more than 100 acres is within the town limits of Bloomsburg. This thriving community, with a population in excess of 10,000, is located 75 miles northeast of Harrisburg on U. S. Route 11. Regularly scheduled public transportation is available to surrounding cities and towns with express bus service to Philadelphia, 125 miles southeast, New York City, 155 miles east, and Washington, D.C., 185 miles south.

HISTORY

The Bloomsburg State College has passed through many stages since the founding of the Bloomsburg Academy in 1839. The Academy became the Bloomsburg Literary Institute in 1856 and by 1869 was designated as the Bloomsburg Literary Institute and State Normal School. In 1927 the Bloomsburg State Normal School, a name acquired in 1916, became the Bloomsburg State Teachers College. With the change in name, the long established program for the training of elementary teachers was enlarged to include a four-year degree curriculum. A business teacher-training program was introduced in 1930 as a part of the expansion of curricular offerings for secondary school teachers. By 1950 the College was fully accredited by the Middle

States Association of Colleges and Secondary Schools, an accreditation which was reaffirmed in 1960 and extended to include a program of graduate studies. This same year the College reached another historic milestone in its life as it became the Bloomsburg State College.

ACCREDITATION

Bloomsburg State College is fully accredited by the National Council for Accreditation of Teacher Education and the Middle States Association of Colleges and Secondary Schools, and has been approved to offer the Master of Education degree by the Pennsylvania State Council of Education.

CAMPUS

The Bloomsburg State College Campus consists of approximately 110 acres of which forty-three acres form the campus proper. During recent years several new buildings have been constructed on the campus with many more in various planning stages. Classroom buildings now available accommodate an undergraduate student body of approximately 2,000 during the 1962-63 academic year with future expansion of both the undergraduate and graduate enrollment planned.

A "Comprehensive Campus Plan for Future Expansion" was approved in 1957 but the ever increasing demand for a college education by graduates of Pennsylvania high schools has made necessary extensive revision of this plan.

Construction of two new women's dormitories, housing approximately 500, will begin during the Spring of 1963, with a new men's dormitory, and an auditorium seating approximately 2,000, both also slated to be under construction in 1963.

Dormitories, a new college commons, and several recreational areas within campus buildings are provided for both undergraduate and graduate students. Of particular interest to the graduate student in business education is the newly constructed Sutliff Hall with its modern classrooms and up-to-date equipment. The graduate student pursuing a program in elementary education will find that the Benjamin Franklin Laboratory School provides the environment and facilities for observation, study, and experimentation which can be found only at the college with a campus school. The modern facilities of the Special Education Center, augmented by the facilities of the Geisinger Medical Center and the Selinsgrove State School and Hospital, provide the graduate student in Special Education with excellent facilities for study.

LIBRARY

The College Library, located in the specially designed and extensively remodeled quarters in Waller Hall, provides up-to-date facilities and open stacks for the graduate student. Professional librarians including a reference librarian are available to assist graduate students in their research activities.

The ever-increasing collection of books and bound periodicals now totals nearly 55,000 volumes and is supplemented by an extensive picture and pamphlet file. Included in the collection is a juvenile library of 7,000 volumes located in the Benjamin Franklin Laboratory School. Library holdings related to fields of graduate study are being constantly supplemented by the acquisition of newly published books as well as books published in the past which would be of value to the student engaged in research. The Bloomsburg Public Library with its 27,000 volumes available to students of the College provides the graduate student with a total of nearly 82,000 volumes for use in advanced study and research.

In addition to books and periodicals, graduate students will have access to 14 newspapers and more than 425 current periodicals. A microfilm reader and a microfilm card reader with microfilm of selected newspapers and periodicals will be available. Inter-library loan service will provide the graduate student with an opportunity to secure selected books and microfilm not included in the holdings of the College Library.

THE LIBRARY

Miss Keefer, Head Librarian, helps a student in the modern library housing a sizeable, carefully selected collection of books and periodicals.

LIVING ACCOMMODATIONS

Housing for Bloomsburg State College students is available in New North Hall, a men's dormitory, and Waller Hall, a women's dormitory. Meals are served in the pleasant atmosphere of the new College Commons. These facilities are available to graduate students during the summer term at a reasonable cost. Requests for information concerning available dormitory accommodations may be secured by writing the Dean of Students.

GRADUATE STUDIES PROGRAM

On June 9, 1960, the State Council of Education of the Commonwealth of Pennsylvania authorized the Bloomsburg State College to inaugurate a program of graduate studies and to confer the Master of Education degree. Graduate courses for students desiring to secure the Master of Education degree in Business Education, Elementary Education, Speech Correction, and Special Education for the Mentally Retarded are now offered by the College. The program is under the direction of the Division of Graduate Studies operating within the framework of policies and curriculums developed and approved by the Graduate Council of the College.

PURPOSE AND OBJECTIVES

The need for professional education for teachers extending beyond the undergraduate level has long been recognized by educational leaders throughout the United States. In recent years the Pennsylvania State Council of Education has taken positive action to improve instruction in public schools by upgrading certification requirements for teachers. This action indicates a clear recognition by the State Council of the need for training beyond the Bachelor's degree. Mandated salary schedules which provide salary differentials for holders of Master's degrees in the form of higher maximum salaries give additional recognition of the value of graduate study.

The program of graduate studies at Bloomsburg State College has as its primary purpose the increasing of the competency of teachers in Pennsylvania. To achieve this purpose, the following specific objectives, as they relate to the individual student, have been developed.

1. To provide an opportunity for developing a better understanding of the culture of our society — a society in which the teacher is expected to assume an increasingly important role.
2. To encourage independent thought and initiative and develop problem-solving ability.
3. To provide an incentive for continuing professional growth.
4. To develop a basic understanding of research methods and techniques so that reports of research in the field of education may be correctly interpreted and evaluated.

5. To develop a more comprehensive understanding of the teaching and learning processes.
6. To provide opportunity for advanced study in a selected field of specialization.

SCHEDULING OF CLASSES

All graduate classes will be scheduled during late afternoons, evenings, and/or Saturdays during the regular academic year. The calendar and daily time schedule for graduate courses offered during the summer term will be similar to the calendar and daily time schedule for undergraduate courses. Graduate students will be able to pursue a full-time graduate study program during the summer. In-service teachers will be able to complete the requirements for the Master of Education degree without interference with normal professional duties.

SEMESTER HOUR LOAD

During the regular nine-month academic year, a graduate student who is teaching full time will normally be permitted to enroll in a maximum of four semester hours of graduate courses each semester. Permission to enroll in more than four semester hours of graduate courses must be received from the Director of Graduate Studies.

ADVISEMENT OF STUDENTS

Each student admitted to graduate study will be assigned a program advisor who will help in the determination of the program of study. Normally the chairman, or some other designated faculty member, of the department in which the student is enrolled will be the advisor. Upon approval of the Director of Graduate Studies, and upon the recommendation of the department chairman, the student will be permitted to enroll for the Professional Research Project. At this time a major research advisor and a research committee will be named. This committee will assume responsibility for the approval of the professional research project and the administration of the final oral examination.

EXAMINATIONS

All students are required to take the Millers Analogies Test at the time of application for admission to graduate study and the Graduate Record Examination at the time of application for admission to candidacy for the Master's degree (as distinguished from admission to graduate study). The time schedule and other information relative to taking these examinations is announced by the Director of Graduate Studies and may be obtained at the office of the Division of Graduate Studies in Sutliff Hall, Room No. 201. Following acceptance of the professional research project and during the semester or summer term in which the requirements for the Master's degree will be completed, an oral examination will be administered by the student's advisory committee. A comprehensive written examination covering the field of specialization may be required before the Master's degree is conferred.

GRADING

The following symbols are used to evaluate course work:

- A —Exceptional, indicating unusual intellectual ability and initiative.
- B —Good, or above average graduate attainment.
- C —Fair, or average graduate attainment.
- D —Not acceptable for graduate credit.
- E —Failing.
- I —Work incomplete (Such work must be completed within four calendar months following the end of the semester in which the grade is incurred. An extension may be granted by the Director of Graduate Studies in certain situations).
- W—Withdrawn with permission of the Director of Graduate Studies and passing at time of withdrawal.

SCHOLARSHIP REQUIREMENTS

The College uses the above letter grades — A, B, C, D, E, I, W—in graduate courses. Only credit earned in courses in which the grade received was "A", "B", or "C" will be accepted in fulfillment of the requirements for the Master's degree. Although credit will be accepted for courses in which a grade of "C" is earned, a cumulative quality point *average* of 3.00 or better (A=4 quality points; B=3 quality points; C=2 quality points; D=1 quality point) in the total number of courses for which graduate credit is granted will be required for the conferring of the Master's degree.

TRANSFER OF CREDIT

A maximum of six semester hours of credit earned at another accredited graduate school may be accepted in partial fulfillment of degree requirements with the approval of the Graduate Council; however, such credit will be accepted only (1) when earned in courses included in the curriculum which the student is pursuing at Bloomsburg State College, and (2) when a grade of "B" or better was received as verified by an official transcript.

SCHEDULE OF FEES

Matriculation Fee	\$10.00
(Payable at time of application for admission to graduate courses. <i>Not refundable or applicable to graduate tuition.</i>)	
Graduate Tuition Fee	\$20.00 per sem. hr.
Activities Fee (summer term only)	\$ 3.00 per three-week session. \$ 6.00 per six-week session.
Graduation and Diploma Fee	\$10.00
(Not including rental of cap, gown, and hood)	

REFUNDS

MATRICULATION AND REGISTRATION FEES

Matriculation and registration fees shall not, at any time, be refunded since services which require payment of these fees have been rendered by the college before the fees are paid.

TUITION FEES

No portion of the tuition fee shall be refunded if the student has attended one-third or more than one-third of the class periods scheduled during a given semester or session.

If a student withdraws from a course, for approved reasons, before one-third of the scheduled class periods have been completed, the student shall then be entitled to a refund of one-half of the tuition fees paid.

REQUIREMENTS FOR ADMISSION TO GRADUATE COURSES

Applicants for admission to graduate courses (as distinguished from admission to candidacy for the Master of Education degree) must:

1. Hold a Bachelor's degree from a college or university accredited by the National Council for Accreditation of Teacher Education, or the Middle States Association of Colleges and Secondary Schools (or other regional accrediting association.)
2. Present transcript(s) from all colleges and universities at which undergraduate or graduate credit has been earned.
3. Have earned a cumulative 2.5 quality point average (A=4 quality points; B=3 quality points; C=2 quality points; D=1 quality point) in all undergraduate courses, or provide evidence of academic competency by satisfactory performance on the graduate qualifying examination specified by the Graduate Council.
4. Possess character and personality traits characteristic of the teaching profession.
5. Provide names and current addresses of two persons who are sufficiently acquainted with their academic and/or teaching competence, character, and personal traits to judge their probability of success in graduate courses.

PROCEDURE FOR ADMISSION TO GRADUATE COURSES

Persons desiring to enroll for graduate courses (as distinguished from admission to candidacy for the Master's degree) must:

1. Submit the prescribed application to the Director of Graduate Studies accompanied by the matriculation fee of \$10.00 payable to the Commonwealth of Pennsylvania.

2. Submit transcripts of all undergraduate and graduate credit earned.
3. Arrange for an interview with the Director of Graduate Studies on a date following the receipt by the Division of Graduate Studies of the items listed in Nos. 1 and 2 above.

REQUIREMENTS FOR ADMISSION TO CANDIDACY FOR THE MASTER OF EDUCATION DEGREE

Applicants for admission to candidacy for the Master of Education degree must:

1. Submit an official application for admission to candidacy to the Director of Graduate Studies.
2. Submit transcripts of graduate credit earned at other colleges or universities.
3. Complete successfully with a grade of "B" or better at least six semester hours of graduate courses at Bloomsburg State College.
4. Achieve a satisfactory score on the Graduate Record Examination.
5. Provide evidence of a satisfactory physical condition based on a health examination completed by a physician with a report of such examination to be submitted on a form prescribed by the College.

PROFESSIONAL RESEARCH PROJECT

The professional research project is viewed as a very important part of the Master's degree program. The project will offer the student an opportunity to engage in research of limited scope pertaining to some area in a school situation which needs study and improvement. In-service teachers may wish to select a project which is concerned with an existing problem area in the school system with which they are currently associated.

The professional research project must be approved by the chairman of the student's advisory committee, and a formal plan for the completion of the project must be submitted to, and approved by, the student's advisory committee before the project is undertaken. A final written report of the project, prepared in conformity with requirements established by the Graduate Council, must be approved by the student's advisory committee with copies submitted to the office of the Division of Graduate Studies for permanent filing before credit of two semester hours will be granted.

TIME LIMIT

All requirements for the Master's degree must be completed within a six year period immediately preceding the date on which the degree is to be conferred. In very unusual circumstances, this period of time may be extended. If an extension of time is desired, written application should be made to the Director of Graduate Studies.

SUMMARY OF REQUIREMENTS FOR GRANTING THE MASTER OF EDUCATION DEGREE

The Master of Education degree will be granted only upon:

1. Unqualified admission to candidacy for the degree.
2. Submission and approval of the professional research project.
3. Completion of a graduate program of study totaling not less than 30 semester hours of credit, and including courses prescribed in the applicable curriculum and courses specified in the program of study developed by the student's advisory committee.
4. Completion of all graduate courses with a grade of "C" or better and with a total quality point *average* of 3.00 ("B") or better.
5. Satisfactory performance on a final oral examination conducted by the student's advisory committee, and, if required, a comprehensive written examination covering the field of specialization.

PLACEMENT

All graduate students having been accepted as degree candidates at Bloomsburg State College are eligible to use the services of the Placement Office. Those desiring to do so should make application with the Director of Placement in New North Hall.

Visiting lecturer, Robert Drake, President of Nigerian Industrial Development Co., graduate students, and faculty hold informal discussion of African problems.

Of major concern in this course are recent curriculum developments, K-12, growing out of the ever changing role of education in American society.

ENGLISH

ENG. 502 INTRODUCTION TO LITERARY RESEARCH AND BIBLIOGRAPHY 2 sem. hrs.

All candidates for the Master's degree in English are required to enroll in this course, preferably after at least two other graduate courses have been successfully completed. The program will include instruction in the use of elementary tools of the library research in English and will entail specific assignments in the investigation of problems and group discussions and assessment of the results of such investigation. In a limited sense, this is a course in English bibliography.

ENG. 503 ENGLISH CONFERENCE 2 sem. hrs.

The study of a particular writer, or a small group of writers, or of the genesis of an idea or movement, varying with each presentation of the course, as determined by the commonality interests of the instructor and students.

ENG. 505 THE RISE OF THE ENGLISH PERIODICAL
AND NEWSPAPER 2 sem. hrs.

Beginning with the early broadside ballads, attention will be centered mainly on those late 17th century and early 18th century writings which laid the foundations of modern journalism. There will be substantial readings in Defoe, Swift, Johnson, Addison, Steele, Wilkes, and, if time and interest permit, in those writings which bear upon the struggle for freedom of the press.

ENG. 521 ANGLO-SAXON POETRY AND PROSE 2 sem. hrs.

A survey of the principal works in verse and prose of the Old English period, read in translation. Among the works and authors read wholly or in part are Beowulf, Christ, Maldon, Caedmon, Cynewulf, Bede, Aelfric, and Alfred.

ENG. 527 CHAUCER 2 sem. hrs.

A careful reading in the Chaucer text of *Troilus and Cressida*, *The Book of the Duchess*, *The House of Fame*, *The Legend of Good Women*, and selected pieces from *The Canterbury Tales*. One aim of the course is to understand Chaucer's language, versification, and art as a story teller, as well as to see his shaping influence on later English language and literature. Considerable attention is given to Chaucer's developing power as an artist.

ENG. 533 THE LATER SHAKESPEARE 2 sem. hrs.

A close study of five or six of the plays, revealing Shakespeare's mature power in thought imagery, and dramatic design. The choice of plays will vary with the presentation of the course. A previous course in Shakespeare is recommended, as well as some knowledge of his contemporaries in the theatre.

ENG. 558 THE AGE OF JOHNSON 2 sem. hrs.

A study of the literary, social and political environment in which Samuel Johnson and his circle moved. Attention will be centered mainly on Johnson, although his relation to the age will be assessed through extensive reading in the work of such contemporaries as Berkeley, Hume, Burke, Reynolds, Godsmith, Sheridan, Boswell, Fielding, Smollett, and Walpole.

ENG. 582 THE AMERICAN RENAISSANCE 2 sem. hrs.

The aim in this course is to study the direction and substance of the romantic and transcendental movements in mid-nineteenth-century American and the implications for later American life and thought. Five American writers are studied in some depth: Emerson, Thoreau, Hawthorne, Melville, and Whitman.

ENG. 591 IDEAS OF GOOD AND EVIL IN WESTERN
LITERATURE 2 sem. hrs.

Selected works in Western Literature that deal with the problem of good and evil are surveyed. Among those studied are the *Book of Job*, Sophocles' *Oedipus*, Plato's *Euthyphro* and *Symposium*, Montaigne's *Essays*, Shakespeare's *King Lear*, Goethe's *Faust*, Milton's *Samson Agonistes*, Balzac's *Pere Goriot*, Dostoevsky's *Brothers Karamazov*, and shorter works of Hawthorne, James, and Melville.

ENG. 592 SURVEY OF EUROPEAN EXISTENTIALISM 2 sem. hrs.

This course traces the development of the existentialist approach to life from its philosophical roots in Hegel, Fichte, and Schelling, through its 19th century high point expressed secularly by Nietzsche and theologically by Kierkegaard, to its contemporary theological exponents—Marcel, Berdyaev, and Buber — as well as to the secular philosophers Sartre, Jaspers, and Heidegger. Fictional works projecting existential themes are then read and interpreted, among these Sartre and Camus. Time permitting, a glance will be given to the oversimplification and debasement of the more obvious themes by the American "beatniks".

ENG. 594 THE THEORY AND SPIRIT OF COMEDY 2 sem. hrs.

A variety of comedies are read, beginning with Aristophanes and early classical comedy, and running through romantic comedy, the comedy of manners, sentimental comedy, and farce. Discussion will center around the nature of comedy and laughter based upon a careful study of such critics as Aristotle, Bergson, and Meredith.

ENG. 595 THE EPIC TRADITION IN MODERN LITERATURE 2 sem. hrs.

Beginning with an analysis of the structure and spirit of a representative epic poem, an attempt will be made to show the extent to which the epic impulse has permeated certain great works of modern fiction including novels of Cervantes, Fielding, Tolstoy, Melville, Joyce, and Faulkner.

ENG. 596 THE TWENTIETH-CENTURY EUROPEAN NOVEL 2 sem. hrs.

Extensive reading in the more significant and influential novelists of the present century. Among the authors read are Proust, Joyce, Mann, Gide, and Kafka. Before entering this course, the student is expected to have read considerably in the earlier, traditional novel.

ENG. 597 THE SYMBOLIST MOVEMENT 2 sem. hrs.

The three principal poets read are Blake, Yeats, and Eliot, one aim of the course being to demonstrate the lasting revolutionary effects brought about by these poets in our language and literature. Some attention is given also to the continental roots of the modern symbolist movement, particularly in France.

The following courses are open to both undergraduate and graduate students. For course descriptions see the 1963-64 COLLEGE CATALOG.
