## HERE THE FRIENDLY SPIRIT STAYS

*A Poem by William Boyd Sutliff  
Class of 1891*

If hurrying years have dim'd the past  
Or busy life made you deplore  
The joyous days of youth, let's cast  
A backward glance and live once more  
Amid the scenes which we shall greet,  
Let's live again with youth now here  
They play our games, our classes meet;  
"youth must be served," give them a cheer.

\*\*\*\*\*

Once more I climbed the hill  
To see those ivy'd walls  
That welcomed me, and still  
Fond mem'ry to me calls  
The forms, the voices of the past,  
Here at "Old Bloomsburg," dear to all  
Whose pleasant lot was cast  
Amidst her friendly halls, recall  
The days of youth, the happy past  
And feel the thrill of present days  
For here the friendly spirit stays.

## Foreword

Bloomsburg State College expects an enrollment in excess of 3,000 students in 1966, four years before the target date set by the comprehensive campus plan.

A century and a quarter has intervened since the founding of the Bloomsburg Academy at Third and Jefferson Streets in 1839 and has been marked by various changes in names.

The charter for the Bloomsburg Literary Institute was drawn in 1856, and the first building, now Carver Hall, marked its relocation on the original three acre site of the present campus in 1867.

Two years later, the Bloomsburg Literary Institute and State Normal School came into existence, and finally, in 1916, following the purchase by the Commonwealth of Pennsylvania, the Bloomsburg State Normal School came into existence.

In 1927, the State Council of Education authorized the Bloomsburg State Teachers College to offer courses leading to the Bachelor of Science Degree in Education. A generation later, in 1960, the Bloomsburg State College was authorized to offer graduate courses leading to the Master of Education Degree, and Arts and Sciences curriculums leading to the Bachelor's Degree.

Since the history of the College has been outlined in some detail in "Bloomsburg Through the Years," and the "125th Bloomsburg State College 1839-1964 Anniversary" Brochures, it does not seem necessary to recite other historical facts and assess their relative importance in the development of your Alma Mater.

Our files of names of Alumni begin with 1867 and run to 1964, and list 14,220 graduates during this period. It is difficult, in fact impossible, to keep the addresses and names of living Alumni up to date. Many times former students or graduates visit the campus, greet those whom they knew in the years past, and feel that this automatically changes their address in the alumni files. Such is not the case.

You will note that there are many instances, where we have listed following the name of a graduate, either a designation which indicates "Address Wanted" or "Reported Deceased."

*We request you to supply missing addresses, either of yourself or others, or report any other changes which will help us to keep the Alumni Files as up to date as possible.*

Your help and appreciation of what we are trying to do in the publication of this directory will be appreciated by our Alumni Association, and also by

HARVEY A. ANDRUSS, *President*

## DOCTOR HARVEY A. ANDRUSS

### *President*

It can be truly said that the measure of an institution is frequently the measure of the man who has guided it through a period of growth and change. In this respect, Bloomsburg State College has been singularly fortunate.

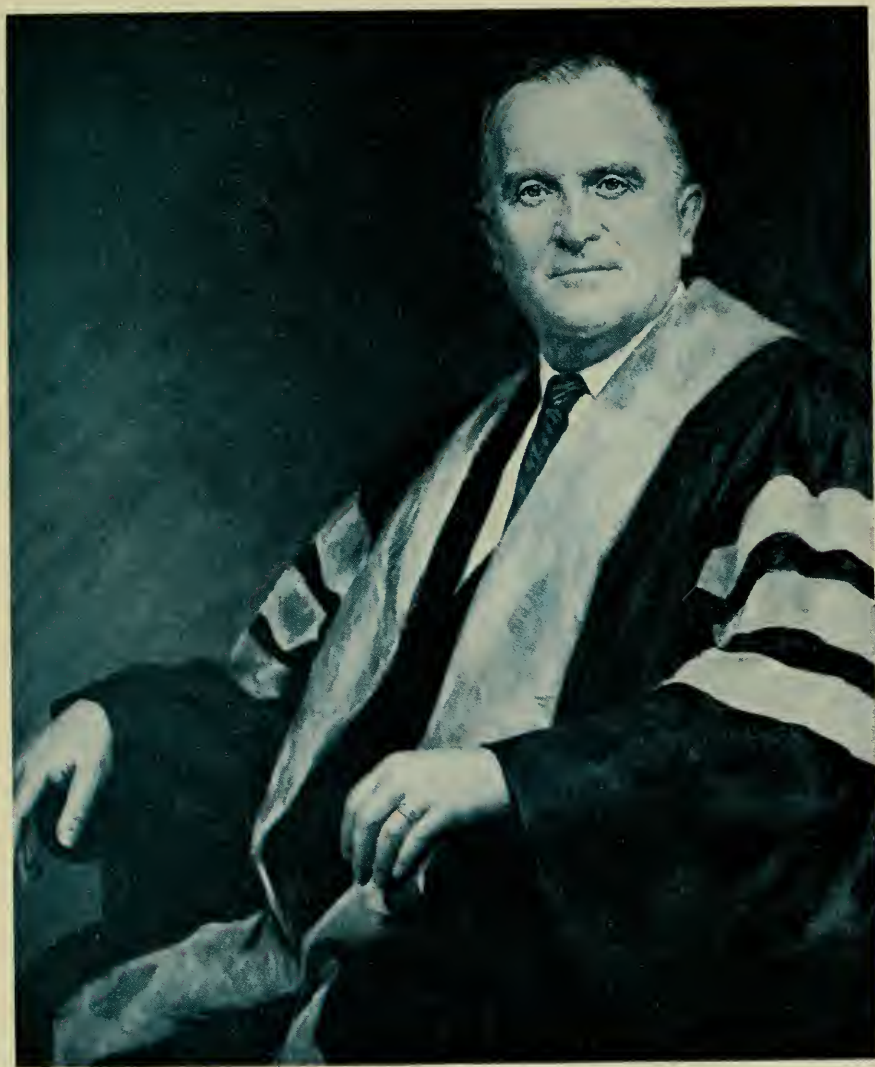

The 1964-65 College Year marks the 125th Anniversary of the founding of Bloomsburg State College, as well as the thirty-fifth year of devoted service to the college of Dr. Harvey A. Andruss as Department Chairman, Dean, and President. Dr. Andruss joined the faculty in 1930 as the organizer and Director of the Department of Business Education.

During the past twenty-five years, the college has grown in size, scope, and prestige under his dedicated leadership. A man who combines to a remarkable degree the qualities of vision and common sense, he has guided the college skilfully through this period of great transition. He is friendly, sympathetic, and available to anyone who has a problem which he may help to solve.

A native of Fort Worth, Texas, Dr. Andruss was graduated from the University of Oklahoma, earned the Master of Business Administration degree at Northwestern University, and received the Doctor of Education degree at The Pennsylvania State University.

Dr. Andruss' service in education began as an Oklahoma high school principal in 1921. His experiences in higher education other than at Bloomsburg included positions as: Instructor and Lecturer, Northwestern University School of Commerce; Head, Accounting Department, State College, Indiana, Pennsylvania. During World War II, on leave from his Bloomsburg post, Dr. Andruss served as Consultant and Department Head, First American Army University, Shrivenham, Berkshire, England. At various times he has served as special lecturer, summer school instructor-consultant, and visiting professor at Oklahoma State University; Teachers College, Columbia University; New York University; The Pennsylvania State University; the University of Oklahoma.

He has distinguished himself in his service to several professional organizations, at local, state, and national levels. He has served as President of Alpha Alumni Association, Phi Beta Kappa, in Pennsylvania, is a member of the National Education Association and the Pennsylvania State Education Association, is an Elder of the United Presbyterian Church, and a Mason(33°). The Bloomsburg State College Alumni Association presented him with the Distinguished Service Award and a life membership on his Twenty-fifth Anniversary as President of the College.

## GREETINGS TO THE ALUMNI

Howard F. Fenstemaker

The Alumni Association of the Bloomsburg State College is happy to join with the College in extending greetings to the graduates of this institution of which we are so proud. Our Alma Mater has borne several different names throughout the years, but we all look back with pleasant memories to our undergraduate days, and consider this as our educational home. We rejoice in the progress that the College has made, particularly in recent years, when the expansion has been so rapid.

We all should be inspired to render as much service to the College as we can during the days that lie ahead. Each one of us can do his part by maintaining membership in the Alumni Association. With a present membership of only 1,600, the Association has been greatly limited in what it can do. Our current expenses are met entirely from membership dues, and these are barely sufficient to pay for supplies, postage, clerical help, and the publication of the Quarterly.

With a much larger membership, we would have a surplus which could be used for scholarships, library books, audio-visual equipment, laboratory equipment, the Endowed Lecture Fund, and for many other purposes.

The Directory contains the names and addresses of the graduates as they appear in the Alumni files. However, even during the time of publication there have been many changes of address, and there will be many more in the future. You are urgently requested to inform the Alumni Office of any incorrect addresses and any changes. The Alumni Quarterly will serve as a supplement to this Directory, and will publish all such corrections and changes.

Let us all show that we meant what we said when we sang:

*"Years to come will find us ever  
True to Bloomsburg still."*

Howard F. Fenstemaker '12  
*President of the Alumni Association*
