VARSIITY WINS OVER FORESTERS

Boxers Stage Bout

The Shippensburg State Normal School basket-ball team continued its winning streak with a 49 to 23 victory over the Mt. Alto Forestry School on the Normal floor on Friday evening, February third. Coach Sharadin's proteges played good ball and they had no trouble in running up the score. The Mt. Alto team had an enviable record but the Normal quintet proved its superiority in every department of the game.

The contest started in a whirlwind fashion and on the second play Grba tipped the ball to Hays who passed it under the basket to Craig for the first score of the game. Heiges added another point from the foul line while the visitor's center, Schoen, made their first score by a long shot. Shippensburg seemed to have trouble in getting its team-work started, but Grba kept the locals in the lead with two nice shots under the basket. The Foresters began to tally but they were stopped when the score was tied 7 to 7. At this stage of the fray the Normal five found themselves and their pass work was too much for the visitors. Capt. Hays, Grba, and Craig started an offensive attack that netted nineteen points while the Mt. Alto team went without scoring. The Woodsmen had to resort to long shots because of the five man defense formed by Shippensburg but very few of these attempts were effective. Before the end of the first half, Schoen uncorked two nice shots and the score at the end of the period was 34 to 9 with the locals leading.

The crowd was amused between halves by a boxing bout staged by "Swede" Mann and K. O. Eby.

Sternor replaced Grba at the beginning of the second half. Here again the C. V. lads had trouble in starting and it was some time before they scored a point. The players seemed unable to locate their men, and consequently there was some erratic passing. Mt. Alto took good advantage of this with Smith doing most of the scoring. The Shippensburg Tossers had rather hard luck in their shooting as they had plenty of tries but they failed to tally. Sternor, at center, increased Normal's lead with three nice field goals. The C. V. S. N. S. quintet was master of the situation throughout the game, while their opponents were never dangerous. Craig played a stellar game with 7 field goals while Grba and Capt. Hays followed with 4 a piece. Jones and Heiges played a fine guarding game and Heiges continued his good work in foul shooting by scoring nine out of twelve tries. Kelly, who went in for Craig showed up to good advantage. Smith and Schoen put up a strong game for the visitors.

The line up was as follows:—
Shippensburg—49 Mt. Alto—23
Hays (Capt.) f Forsythe
Craig f Smith
Grba c Schoen
Heiges g Foreman
Jones g Dumaine

Field Goals—Hays 4, Craig 7, Sternor 3, Heiges 2, Forsythe 2, Smith 6, Schoen 3, Grba 4.

Foul Goals—Heiges, 9 out of 12; Forsythe, 1 out of 9.

Substitutions—Kelly for Craig; Sternor for Grba; Sipe for Freeman.

Referee—Beighle of Dickinson.

The Junior Class, chaperoned by the class dean, enjoyed the annual sled ride to Chambersburg Monday evening. The party left C. V. S. N. S. at six o'clock. A picture show and a midnight supper were features of the evening.

PHILO AGREES TO ALTERNATE MEETING PLACES

Society Officers Installed

Initial steps were taken by the Philomathean Society at its meeting last Friday evening to alternate with the Normal Society in the use of the school chapel, the plan being to have each Society meet in the larger auditorium every other week. This action followed the receipt of a communication from the Normal Society asking that they have the privilege of using the school chapel once in every two weeks.

The Society program was rather short so that the meeting would not interfere with the basket ball game held later in the evening. New officers for the next term were inaugurated. Mr. Dreese, the former president, bade the Society farewell when he gave his speech encouraging every member to be more friendly. He stated that in this way members would become more efficient in their undertakings during the next semester.

Miss Anna Smith '23, played the march while the new officers took their places. John F. Brougher '23, the new president, in his inaugural address, warned the Society about letting down in their work. Frank M. Thornton '23, also began his term as Parliamentarian for the next semester.

A trombone solo by Clarence Bernecker '24, was well received. Other high lights on the program were a piano duet by Miss Eleanor A. Nesanger '25 and Miss Elizabeth F. Gantt '24, a recitation by John Ush '24, and the Philo Review edited by Kenneth Reisinger '24.

The visiting members of the Faculty was Miss Mary R. Harris. In her remarks she emphasized the interest that the Alumni have been taking in Philo, and urged the members to uphold the standard of the Society.

The retention of Miss Anna Smith '23, as Musical Director, by the Glee Club, was ratified by the Society. Frank Thornton '23, as a representative of the Glee Club, announced that the Club plans to elect a pianist, an assistant, and an assistant to the Musical Director.

CO-ED TOSSERS FACE HAGERS- TOWN Y. W. SATURDAY

The Girls' Varsity basketball team of C. V. S. N. S. will play its second game on Saturday, February tenth with the Hagerstown Y. W. C. A. The dope on paper shows that Shippensburg's team should easily win a victory. The Normal girls outweigh the tossers for the Hagerstown team but the Maryland six are said to be very fast and active.

Chambersburg was defeated here by one point and Hagerstown was defeated by Chambersburg by a much larger score. However, since C. V.'s team will be away from home, the game should require team work in order to bring home a victory.

This will be the first time the two teams have met. The line-up for Normal will be the same as last Saturday.

Center—Minnich
S. Center—Meyer
Forward—Houck
Forward—Heiges
Guard—Coble
Guard—Miller

Marie Sleichter, Thelma Heckman, and Helen Andrews will be taken along in case substitutions are necessary.

The authorities of the Cheney Normal School have asked permission of the Department of Education to discontinue their institution. Their request according to L. P. Hill, Principal of the colored institution, is based on the fact that only 13 State N. S.'s have been authorized by the state.

BIRTH ANNOUNCEMENT

Born at the Cumberland Valley State Normal School, at twelve o'clock, noon, Friday, February tenth, in the year of our Lord, one thousand, nine hundred and twenty-three, The CAMPUS REFLECTOR. The youngster already seems lively. In fact, the appearances are that this infant will grow up and live to a great age. Six hundred students are ready to offer their support and forty faculty members have stored loads and loads of catnip for tea. Fifteen reliable students have been given immediate trust of the "babe" and a nursery has been found in a quiet place. If you were allowed a peep into that spacious apartment you would see the god parents fussing about, each sure that he has the most advantageous guarding post where he can look upon and inspire the growing youth.

"SIX CYLINDER LOVE" A HUGE SUCCESS

Stahl Makes Favorable Impression

Miss Margaret Stahl, one of the foremost readers on the American stage interpreted the modern comedy, "Six Cylinder Love," for the student body of C. V. S. N. S. in the auditorium on Thursday evening, February first. The play is a combination of wit and humor with a touch of pathos. For the past two years it has proved to be one of the most popular comedies of the day. It had a successful two season run in New York City, and practically the same in Chicago, where it was enthusiastically received.

In spite of the fact that she was suffering from a severe cold, Miss Stahl interpreted the various characters in a manner which made them true to life. Each character is a distinct type. Mr. Sterling, the leading character, is the type of young American, who through weakness is made strong. On the lower steps of the ladder he allows himself in a moment of weakness to be drawn back to the lowest rung. Through his strength of character, however, he realizes his mistake and finally rises to the top.

Mrs. Sterling, his wife, seems at first almost discouragingly weak, but when the crisis comes she proves herself equal to the occasion. Mr. and Mrs. Burton, neighbors of the "newly-weds" represent the modern American family. Mr. Burton is the patient, over-worked business man while his wife is the social climber who at first refuses to be convinced that she is ruining her husband financially. But, when the reverse actually comes she too, rises to the occasion.

Mr. Stapleton, the self-made business man, plays a minor, yet influential part. The typical up-to-the-minute American salesman is represented by Mr. Donroy. The Rogers and Mr. Winston, the social parasites or "fair weather friends," contribute both to the downfall of the Sterlings and the Burtons.

Tom Jonathon plays the cheerful part of unravelling the entanglement.

HEALTH NOTES

Sickness in the school is on the decline according to the report from the Infirmary. Miss Grace Kyle of the Health Service states that there were three cases of contagious diseases during the month of January; two of mumps and one of measles.

A great number of students bothered with light colds received treatment. A few of these were confined to the hospital for short periods.

PARLIAMENTARY DRILL CAUSES STIR AT NORMAL.

Special Gazette Feature

A Parliamentary drill was the main feature of the meeting of Normal Literary Society last Friday evening. Oran Hays '23, preferred charges of disloyalty to Normal Society against Ted Charlton '23, and made a motion that he be expelled from the organization. Andrew Sternor '23, seconded the motion and a discussion followed. Charlton pleaded guilty to the charges stating that he had influenced certain persons to absent themselves from the society meetings because the programs were poor and Edward McGuire '23, acknowledged that he had been influenced in the manner stated. The accused was upheld by Miss Hazel Frye '23, Miss Georgia Krall '23, and Louis Dorian '25. The prosecution was headed by Oran Hays '23, Bozidar Grba '23 and Paul Shull '23. On the motion of Ralph Heiges '23, the question was tabled indefinitely and after satisfactory explanation to the Society Mr. Charlton was exonerated from all charges that had been made against him.

In a farewell address to the Society, Louis G. Dorian '25, urged all Normalites to remember their society motto and to help the fellow who needs help most.

Bozidar Grba '23, held the interest of the Society when he read an autobiography of himself as did Claude Mellott '24, when he delivered an oration on "Books," which was well received.

Music lovers of Normal were pleased when Harry Markley '25, sang a baritone solo; Miss Irene Bushey '23, played a piano solo; and a mixed quartette in charge of Miss Hazel Walters '23, sang "Massa Dear."

Miss Sophia Curry '23 varied the monotony of the gazette by staging a tea at which the guests discussed current events, school news, poetry and various members of the Society.

Prof. Heiges, visiting teacher, commented on the program and offered suggestions for improvement.

TRAINING COURSE FOR GIRL SCOUTS

Worker from Headquarters Pays Visit

A training course of ten weeks in charge of Captain Ferguson of Harrisburg is now operating for the Girl Scouts of C. V. S. N. S. Sixty names now appear on the scout roll with prospects of the roll being augmented.

Seven patrols have been organized, each with a leader and a corporal. This method of procedure is used to bring the teacher and girls in closer personal contact.

The Scouts are working for their Tenderfoot Pins which will be awarded after they have passed the Tenderfoot Test. To pass this test means diligent work by every scout member. After finishing the Course the Tenderfoot Scouts will organize Scout Troops in the dormitory, Training School and in Shippensburg.

Miss Louise Price from National Headquarters honored the Girl Scouts with her presence last Saturday morning. She conducted a lesson on troop management and kept the girls' interest every moment during the entire lesson. She also held a "Model Court of Honor" to show how this is used in the scout work.

On Saturday morning, February tenth, a lesson on bandages, first aid and bed making will be presented by Miss Grace Kyle, the school nurse. The scout songs will be in charge of Miss Demaree.

CO-EDS DEFEAT CHAMBERSBURG

Tie Broken in Last Minute

The C. V. S. N. S. Girls' Varsity defeated the Chambersburg High School tossers in the Gymnasium last Saturday afternoon, by a score of 17 to 16. The game was hotly contested and the teams were well matched.

The fray started with the ball in Shippensburg territory but the close guarding and fine team work of the visiting sextette soon put the Normal girls on the defensive. Houck lost a chance to score for the home team when she missed a foul goal. Minnich got the tip off but again the superior floor work of the visitors put them within scoring distance.

The flashy floor work of Minnich, the visiting center, was a big factor in enabling the Chambersburg cagers to run up a score of 5 to 0.

After the first three minutes of the game the ice was broken when Heiges tossed in a one pointer from the foul line and the Normal Co-eds came back strong. The first half ended with the visiting sextette slightly in the lead.

In the second half the home team out-played their opponents by a slight margin. However, the consistent guarding by the visiting tossers held the C. V. S. N. S. girls to a tie until the last minute. Houck then tossed in a timely foul goal enabling the Shippensburg Varsity to win by a large score of 17 to 16.

Barbour starred for the Chambersburg team by scoring all their field goals and by her foul shooting. The game was characterized by snappy team work and splendid sportsmanship.

The line up:—
Normal—17 Chambersburg—16
Houck f Barbour
Heiges f Hoover
Minnich c Minnich
Myers s c Myers
Miller g Coble
Moretz g Miller

Substitution—Moretz for Minnich
Field Goals—Houck 5, Heiges 1, Barbour 4.

Foul Goals—Houck, 5 out of 13; Heiges, 2 out of 6; Barbour, 6 out of 14

JUNIOR PROM IS NEXT SOCIAL EVENT

The Trustees of the school have announced that a reception will be held on Saturday evening February the twenty-fourth, with the members of the Junior class as guests of honor. There will be dancing in the Gymnasium and refreshments will be served in the Dining Room.

The Juniors have the privilege of decorating the Gymnasium and Dining Room with their class colors, and committees have been appointed to look after this matter.

In the past the two rooms have been very tastefully decorated and it is believed that the committee of this year will not let the standard of former years be lowered.

Prof. J. Seth Grove, dean of the class, states that Updegrave's Orchestra of Harrisburg will furnish the music for the dancers. This reception is always considered one of the biggest social events of the year, and practically every student is in attendance at this reception.

The sled ride of the Seniors which should have taken place Thursday evening was necessarily postponed, due to the lack of snow.

Miss Snively, Miss Robinson and Miss Kieffer of the Faculty, are suffering from bad colds and are unable to meet their classes.

THE CAMPUS REFLECTOR

Published weekly during the school year by the Cumberland Valley State Normal School in the interests of the Students, Faculty, Alumni, and the School in general.

Office: Room 21, Main Building, C. V. S. N. S., Shippensburg, Pa.

THE SCHOOL PAPER

The school paper is no longer a fanciful vision but a reality. For years there has been a sentiment in our instruction favoring a weekly publication. Other schools of similar size have their student papers. We note they are progressive and growing institutions. So are we. There is no reason why we should not be still more progressive if we have a paper that will broadcast the best that our school represents.

The staff has your cooperation whole heartedly from the first moment of its appointment. Because of your enthusiasm the staff feels that this venture will succeed. We realize that a paper that meets our needs and our ideals means considerable mental and physical labor. The first issue probably means more effort than will any succeeding issue. It has been no easy task to organize this paper as a school production. We are not making apologies for this first issue but we expect every wey to put out a publication that is just a little better than the one before. You can help us do this and we know that you will. Note what you think is good in our paper and tell us. Tell us what we might do in addition to make it better. If we fail to cover some school news that you know will be interesting to the student body tell us. If you encourage your school paper you talk for our school.

HOW THEY PUT IT ACROSS

The First Issue of the Paper Represents Hours of Toil and Hardship
Every member of the staff was on his mark and at the crack of the pistol was off. The Business staff set five hundred as a maximum of subscribers that could be obtained from all sources. A canvass of the student body netted four hundred initial subscribers. When checking is done on alumni and other people interested in the school, the subscribing list will number around the seven hundred mark. The Advertising Staff in a few hours time had over one hundred inches of advertising space taken. One hundred and fifty inches is the maximum. Letter heads are now ready. A canvass will be made of places throughout the state that advertise in school publications, such as Colleges, Teachers' Agencies, and School Supply Houses. Returns from this canvas will easily furnish all the advertising that can be used.
The Editorial Staff got some good stiff training in preparation for the first issue. The Editor-in-Chief, as coach, lined up the staff and gave repeated trial assignments as initial training for the first show-down. On the last lap it was found that the coach had more usable material than a paper of our size could publish. The English Department has been helping by acting as judges and giving suggestions where needed.

PERSONAL NEWS

Prof. J. S. Heiges attended the State Board of the Pennsylvania State Normal School Association, Wednesday, February seventh. The association discussed problems relating to the welfare of athletics in the Normal Schools of the state.
Dr. Ezra Lehman attended the Educational Congress of Pennsylvania, Tuesday and Wednesday of this week.
The Reserves will meet the Mt. Alto Reserves at Mt. Alto Saturday afternoon. Mont Alto was defeated here several weeks ago.

FRESHMEN VS JUNIOR GIRLS IN BASKETBALL

The Freshmen girls met the Junior girls on Monday evening of this week in a close game of basketball which finally ended in favor of the Juniors by a score of 9 to 7. At the first toss-up the ball was in Junior territory but in a short time it was near the Freshman goal. The teams separately played together very well and as a result the ball changed hands many times. The Freshmen for a short time were in the lead but just before the close of the first half the Juniors forged ahead and held the lead until the final whistle sounded.

TELL OF Y. M. C. A. CONFERENCE

Report of Delegates

Reports of the Conference held at Silver Bay, on Lake George, New York were given at the meeting of the Y. M. C. A. Sunday evening, February the fourth. These reports were given by Nesbit Straley '23, Denver Evans '23, and Theodore Barnhart '23 who were the delegates representing the Y. M. C. A. at the Conference. Mr. Straley in a short talk gave a summary of the entire trip. He told of the fine time they had going to and coming from Silver Bay and of the remarkable spirit of friendliness shown by the men from other schools.

Some very prominent educators and religious workers of the present day gave interesting and inspiring talks. Some of the best talks were given by Dr. Fosdick, a noted clergyman of New York, Dr. Speare, a renowned Y. M. C. A. worker and Dr. Ru, a missionary from China.

The main thought brought forth in Dr. Fosdick's talk was that prayer brings man closer to God. Another valuable speech was given by him on the subject, "The Price of Christianity." Dr. Speare spoke of Foreign Missionary work in Persia and what has been accomplished by it. The Chinese Missionary, Dr. Ru, impressed the men who heard him with the idea that the simplest things in life are the most valuable and that man is almost irresistible when once started in a certain line of endeavor.

Excellent music was furnished by some negroes from Fiske University of Nashville, Tennessee. Approximately thirty nationalities were represented at this gathering and the belief was expressed by Mr. Evans that governmental relationships would be greatly changed as an outcome of these meetings.

Tournaments and contests in the different sports were held between the various schools represented there. Many forms of amusements were provided such as hiking, swimming, boating, fishing, and others. A great educational as well as religious value was obtained from the trip and hope was expressed that more might attend the Conference this coming year.

INSTRUMENTS ADDED TO BAND

Orchestra to Give Concert

According to a statement made public by Professor David O. Slyter, head of Music Department of the C. V. S. N. S., two new instruments, a clarinet and a valve trombone, have been added to the school band.

A concert will be given by the Normal School Orchestra during the latter part of February. The program has not been announced.

A new elective will be offered in the form of a course in Harmony. This course is for those students particularly interested in the teaching of music. The class will meet three times a week, on Monday, Wednesday and Friday at ten-fifteen. The same credit will be given for this course as in the case of any other elective. The class will be taught by Prof. D. O. Slyter.

A Junior Chorus of seventy-six members has been organized under the direction of Miss Demaree of the Music Department. The chorus meets on Tuesday of each week at four-fifteen.

TIME ANNOUNCED FOR INTER-SCHOOL DEBATE

The inter-school debates will be held April twenty-eight, nineteen-twent-three, according to Prof. S. S. Shearer, representative for Shippensburg, who attended a meeting of the inter-school debate committee, held recently at Millersville. The Philo-orators will journey to West Chester to meet the strong debating team of Moore Society, while the Normalites will defend their Alma Mater against the Normal Society of Millersville in the Shippensburg Chapel, the affirmative side to be debated by the home team.

The following regulations have been adopted by the committee:

The rebuttal is to be given in the reverse order.

There are to be three debaters and an alternate for each team.

The alternate is to act as time-keeper for each team.

An interval of five minutes is to be allowed between the regular debate and the rebuttal. The three debaters are to remain after the debate to arrange for the rebuttal.

It is recommended that coaching be limited to the judgment of the faculty advisors.

Judges are to be appointed by the home school. They are to be persons of high standing in professional work, not in any way connected with the school nor acquainted with or related to the debaters. The judges are not to be informed in any way as to the identity of the debating team and no applause is to be given during the debate.

The home team shall report, at least two weeks before the debate, the names of the judges.

Each visiting team is to bear its own expenses.

DR. DANN OF STATE DEPT. VISITS SHIPPENSBURG NORMAL

Tuesday, January 30th, the students and faculty of C. V. S. N. S. enjoyed a visit from Dr. Hollis Dann, head of the Music Department of the State Educational system. Dr. Dann's visit had been deferred from the previous week, and when he arrived he found quite an appreciative student body looking forward to what he had to say.

After the regular chapel service had been concluded Dr. Dann was presented by Dr. Lehman, and from that time on he had charge of the exercises. He first gave a short talk in which he briefly sketched the work in music in the nation in the past thirty years. The outline of work in the Normal Schools of Pennsylvania for the past year was also reviewed.

In the course of his remarks Dr. Dann gave the students to understand that the teachers who went out from Normal Schools and were teaching music were proving themselves to be decided successes. He stated that this was especially true of the Class of '22, and that it will doubtless be even more true of the classes which will be graduated during the next several years.

Perhaps the appreciation of Dr. Dann by the student body, can best be expressed in the words of one girl, who said, "Is it any wonder we are getting results in music? Why he could get music from a door knob."

REV. CROW TO ADDRESS Y. M. AND Y. W. C. A.

Rev. Crow pastor of the Methodist church of Shippensburg will address the joint meeting of the Y. W. C. A. and the Y. M. C. A. at 6 o'clock, Sunday evening in the Chapel. Rev. Crow did not announce the subject of his talk.

Immediately following the service, the Y. M. C. A. will hold a short business meeting to elect a treasurer to fill the vacancy left in the cabinet by Louis Dorian '25. Mr. Dorian left C. V. S. N. S. at the end of the first semester to return to his home in Brooklyn, New York.

SALESMANSHIP

There is a great demand for Commercial Teachers, backed by a Normal training. We have placed several in fine positions. SPECIAL COMMERCIAL TEACHERS' TRAINING COURSE April 1. For Particulars Address

CARLISLE COMMERCIAL COLLEGE, Carlisle, Pa.

STUDENT TEACHERS WORK OUT HISTORY PROJECT

An interesting history project, designed to show the advances made by civilization along industrial, commercial, and domestic lines, was worked out in the form of a contest by the pupils of the seventh and eighth grades of the Training School during the past semester.

A primitive steam engine attracted much favorable comment on account of its unique construction. The body of the engine was fashioned from a joint of sewer pipe, with a small smoke stack also made out of pipe, the whole mounted upon a wooden platform which rested upon wooden axels with wooden wheels.

Among the smaller articles were wheelbarrows, raffia Indian baskets, tomahawks, and a rough counterpart of the stocks used in olden days as a means of punishing criminals. There was also a representation of the ducking chair, the instrument used in bygone days as a means of punishing gossips.

The display of rugs lent a cheerful aspect to the occasion. Amongst the variety of designs were noticed the old fashioned spool mats, also braided, crocheted, and woven rugs of attractive coloring and design. There were a few samples of the brushy fluff rugs, that in one period saw their brief day of popularity, and died an early death probably because of their dust collecting qualities.

Another object deserving comment was a miniature log cabin made from pieces of corn stalk tacked together to represent logs. The fireplace which was so essential in olden days was not forgotten by the young architects, for it was built securely against the back wall and rose to the proper height.

A separate and most attractive oven was modeled out of thin boards and papered with a bright red tiled paper in miniature design.

One article which caused a good deal of guessing as to its use was the old time sweep mill, used for grinding corn. The cause of the puzzle was its similarity to the well sweep of the old oaken bucket of poetical fame.

DEBATERS PREPARE FOR INTER-SOCIETY CLASH

Normal Announces Line-Up

Preparations for the inter-society debate, to be held early in April, are steadily moving forward. The Normal Society will uphold the affirmative side of the question: "Resolved, That the United States should enter the League of Nations immediately." The Normal team is composed of Miss Ethel Barr '23, Miss Carolyn Cox '23, Miss Katherine Wilson '23, and Mr. Ralph Helges '23 as alternate.

The Philo tryout is scheduled for February thirteenth. Among the members who will try out for the negative team are H. Hurn Diller '23, Miss Florence Davis '23, Harvey Warfel '23, and Walker Nelson '23.

USE OF REFERENCE MATERIAL IN GEOGRAPHY CLASS

More than fifteen years ago educators began to call attention to the value of magazines, government publications, and other supplementary works in the teaching of geography. We have accepted these materials in theory, but the fact remains that their use has been somewhat restricted.

The fact that textbooks in geography have been improved in the last few years cannot be disputed. We feel the need, however, of greater detail in many respects, especially in type studies. Where the teacher is supplied with the latest texts, stressing this method of study, these supplementary articles are always welcome, but the teacher without the up-to-date text is the one that may receive the greatest inspiration and assistance in preparation and presentation of class work.

The many values of this supplementary material need not be reviewed. In its up-to-dateness, its authenticity, its spark of unconventionality lies its appeal to the teacher as well as the pupil.

It is the purpose of the classes in the Teaching of Geography to bring to the attention of the readers of the REFLECTOR articles that they believe have merit and deserve consideration. It is their plan to review the magazines received at the Normal School Library and submit a list of the articles each week that they have reviewed and feel should be brought to the attention of others.

At the present time the list of magazines received will include the following.

- American
- American Review of Reviews
- Asia
- Atlantic Monthly
- Century
- Current History
- Current Opinion
- Harpers
- Independent
- Journal of Geography
- Ladies' Home Journal
- Literary Digest
- Mentor
- Nation
- National Geographic
- North American Review

JUNIORS WALLOP FRESHMEN

Third Year Men Stage Comeback

The Junior basket ball team overwhelmed the Freshmen quintet on the gymnasium floor last Friday afternoon to the count of 33 to 12. The yearling cagers started off at a fast clip scoring four points before the third year men were able to get started, but the Juniors quickly got into their stride, and were soon leading by a wide margin.

The second part of the game was characterized by improved passing on the part of the Juniors while the first year men failed to score as frequently during this half as they did in the first period. The Angle brothers made a fast pair of forwards for the yearlings and starred throughout the game.

The Line-up:

Juniors (33)	Freshmen (12)
Bailey f	L. Angle
Funk d	E. Angle
Shuler c	Mathna Cap.
Mehring g	Rosenberry
Gilbert, Cap. g	Fisher

Substitutions—Sell for Gilbert, Mann for Mehring, McKendree for Sell, Dodd for Mann, Gilbert for Shuler.

Field Goals—Funk 4, Shuler 4, Bailey 3, Dodd 2, E. Angle 2.

Foul Goals—Bailey, 3 out of 6; E. Angle, 2 out of 9; Mathna, 4 out of 7.

STAFF CONTINUES TO WORK ON "CUMBERLAND"

Spring, that glorious time of budding, is rapidly speeding toward us, and with it will come the '23 Cumberland, in finished form. Slowly but surely the work is unfolding, under the guidance of the staff.

Just at this time there is very little heard of the work of the staff, but rest assured that they are steadily plugging away. During the past week Paul Shull and Edward Bowman have started successfully their advertising campaign. By the end of the week Shippensburg will be well covered, and the solicitors will spend next week either in Carlisle or Chambersburg.

Mr. Blanch, at the head of the business department is ably and rapidly "clearing the desk" in that department. Early in the fall the contracts were let. The Engraving contract was given to the Northern Engraving Company, who did the engraving for the '23 Annual, and the Printing to the Pittsburgh Printing Company. Pictures of the various organizations have been taken and cuts made and sent to the printery, but a few of these yet remain to be taken. The individual pictures of the Seniors have been taken and panelled and cuts made of the panels.

Several interesting views of the campus and building both by night and day have been secured by the Art Department for the Art Section of the Annual. The Athletic Editors are busy at work getting their material ready for press. By the end of next week all organization writeups, as well as individual writeups, will be in the hands of the editor. This will leave nothing to be completed later except the late winter and spring athletics, the dairy, and part of the joke section. Unless an unforeseen hitch appears in the plans of the staff the book will be in the hands of the purchaser by April 15th.

Another drive for sales among underclassmen will be made in the near future. Quite a large number of students have already signed contracts for books and a still larger number is expected with the coming drive.

The success of the Annual depends largely upon the class and the meetings that are to be held very soon are of vital importance to every senior who is interested in a good Annual. If the class cooperates with the staff the work will be greatly lightened and at the same time made much more successful.

So with a dream of a "better" Annual as their inspiration, the staff of the Cumberland will plug on for another month and then present to the student body the result of that plugging. All they ask is your support.

Y. W. HOLDS MEETING

At a meeting of the Y. W. C. A. held in the Court of the Girls' Dormitory, last evening, a poem, entitled, "The Eternal Question," was read by Miss Jean Ferguson '23. No discussion or special talks had been prepared due to a misunderstanding about a joint meeting of the Y. M. C. A. and the Y. W. C. A. The greater part of the time was devoted to a song service.

SENIORS BEGIN PLANS FOR COMMENCEMENT

Initial plans for Commencement were started by the Senior Class at a meeting held last Friday afternoon in room fifty-four. A Committee composed of Edward F. McGuire and Edward P. Bowman and Misses Beale and Smith, was appointed to arrange for caps, gowns and invitations.

The class voted to elect a historian at the next meeting and the president appointed Nesbit Straley, Ralph Orner, Miss Caroline Cox, and Miss George Krall as a nominating committee. A proposal to hold a sleigh ride was ratified by the class and President Grba was authorized to appoint a committee to make arrangements. The time for holding the event was not considered.

Owing to the fact that the majority of the class was not present, the dedication of the 1923 Cumberland was postponed until the next meeting.

LECTURE BY J. A. BURNS

The next number on the school entertainment course will be a lecture by James A. Burns, President of Oneida Institute, located in the mountains of Tennessee. This will be given in the Normal School Chapel, on Monday evening, February nineteenth. This is one of the series of entertainments given throughout the school year.

Mr. Burns, commonly called "Burns of the Mountains," has had a very interesting life. One day after a deadly feud, he realized that the only hope of peace for his people depended upon education. So, without friends or funds and with but one year in college as a background he set about to build Oneida Institute. Today Oneida is a monument to his dream and vision. His rugged, virile and sincere personality reminds one much of Lincoln.

Half of the Senior Class, during the past week, have been receiving thrills from their first experiences as teachers.

TELLS OF WORK AMONG INDIANS

Mrs. Julia H. Bronson, a returned missionary from India, talked to students of C. V. S. N. S. at the mid-week prayer service Wednesday evening. Mrs. Bronson is a missionary sent to Shippensburg by the Women's Union Missionary Society whose headquarters are in New York City. This is her third visit here.

She gave a brief description of the Girls' Day School in India which is supported by the offerings received at the Sunday morning service held in the Normal School Chapel. The caste system of India and the condition of women and lepers was presented forcefully. She explained the fact that missionaries were greatly helping all these conditions. The women of India are never permitted to show their faces, and even children at school wear a veil.

Interesting papers were read at the Faculty Club last Tuesday evening by Miss Parks, Miss McWilliams and Prof. Grove.

SHIPPENSBURG CAGERS FACE WEST CHESTER SATURDAY

Sharadin's Proteges Primed for Tilt Hays Out of Line-Up

The local basketball team leaves Saturday morning for its game at West Chester Normal. Coach Sharadin has put the Normal team through strenuous practice sessions this week in preparation for one of the hardest games of the season. West Chester is one of our strongest rivals for athletic honors and evidently they are waiting for the chance to avenge the defeat we handed them in football. Most of the men of the teams played on the football teams so they will not be strangers to each other.

Last year Shippensburg was defeated by two points on her home floor and was again defeated at West Chester by one point. With these two defeats charged against them, the C. V. S. N. S. lads are out to retaliate. Coach Sharadin states that the West Chester team is intact from last year, so the local team anticipates a hot game. West Chester boasts of two star players in the Evans Brothers who are letter men of last year. They have been showing some snappy basketball this season so our fellows have to watch out for them.

In the last week the Coach has had to confront a difficult problem in the shifting of the line-up. Capt. Hays who has an injured knee, will probably not be able to play. The loss of his services will be keenly felt as he is a good shot and an aggressive floor man. It will be quite a task to break in another forward to fill his shoes.

Hays' absence will likely necessitate the shifting of Heiges from guard to forward. Heiges has been playing guard all season and he should work well with Craig, the other forward, who has been playing a band-up game to date. This will put Sterner at center while Grba will take the guard position along with Jones. This combination should work well together while Smith, Kelly and Wert are able substitutes.

The C. V. S. N. S. quintet will do its very best in order to continue its winning streak on Saturday by showing some real basketball which has been much in evidence in the previous games. The spirit which the student body has shown will go right along with the team when they depart on Saturday morning for West Chester.

INTER-CLASS DEBATE TO FEATURE PHILO PROGRAM

Final arrangements are completed for the meeting of the Philomathean Literary Society in the chapel at seven o'clock this evening. The feature of the program will be the Junior and Senior debate. The question under discussion will be whether or not France is justified in invading the Ruhr Valley. The Affirmative will be upheld by the class of 1924 while the Seniors will maintain that France should not invade the Ruhr Valley.

Miss Reba Shue, George Robinson and Miss Miriam Embick will represent the Juniors while the Senior team will be composed of Mitchell Dreese, Walker Nelson, and Miss Mary Hoover.

Musical numbers will be in charge of Robert Maclay '23, Harry Rice '24, and Miss Janet Shearer '24. Unusual features are expected from these people. Miss Shambaugh '23 will give a reading, and Hurn Diller '23 will deliver an oration.

The Philo Review, edited by Miss Peggy Lehman '25 will be presented in a way different from the customary style. Prof. L. C. Krebs is expected to visit the society at this meeting.

RESERVE QUINTET WINS FROM SHIPPENSBURG

Makes Seventeen Consecutive Victories

Extra Period Needed

The Cumberland Valley Reserve Basketball team won from the Shippensburg A. C. in a hard fought game on the Gymnasium floor last Saturday afternoon by a score of 30 to 29. McCulloch was the most aggressive player for the home team while Angle and Eby played superior ball for the visitors.

Both sides committed fouls throughout the game, three players, Kelly, Baisch and Green being eliminated on account of personal fouls. Kelly's place was filled by McCulloch who was in top form.

At half time the outlook for our Scrubs was not promising as the score stood 14 to 10 in favor of the A. C. The second half started with a spurt on the part of the visitors which netted them four field goals. Then the Reserves began to guard more closely and to show better team work and a few sensational shots enabled them to cut down the visitors' lead. The onward march did not stop here but continued until the score was 27 to 26 in favor of the Scrubs and with twenty seconds to go Eby shot a one-pointer which tied the score at 27.

A few minutes rest was taken and the play-off then began with each aggregation guarding its best. Angle made a field goal after which McCulloch copped a point from the free throw line and Smith soon got loose for a two-pointer. The fray ended with the ball under the basket of the visitors. The game was one of the most hotly contested which the Reserves have staged for some time and makes their seventeenth consecutive victory during the last three seasons.

The Line up:—
Reserves—30 Shippensburg A. C.—29
Kelly f Eby
Smith f Angle
Green c Warren
Wert g Thrush
Martin g Baisch

Field Goals—Kelly 2, Smith 3, Green 3; McCulloch 5; Eby 2; Angle 4, Warren 2; Thrush 2, Baisch.

Foul Goals—Thrush, 0 out of 2; Eby, 7 out of 16; Kelly, 2 out of 9; Smith 0 out of 2; McCulloch, 2 out of 5.

Referee—Grove, Ursinus.

Time of Halves—20 minutes.

"THE PROFESSOR'S MAGIC" AT NORMAL TONIGHT

Normal Literary Society will present a very interesting program Friday evening, Feb. ninth. Instead of the play which was to be given, Miss Harry, the Chairman, announces that a Special Feature, "The Professor's Magic" will be presented. Bozidar Grba will take the leading part as the Professor.

Three musical numbers appear on the program. The Glee Club under the direction of Mr. Markley will sing "Aboard the Bumblebee" by Le Masena. Miss Good cannot be present. Her substitute, Miss Garnette Frye, will present a special musical feature, by a group consisting of piano, mandolin, banjo and two ukuleles.

A double quartette will sing "The Springtime," chairman, Miss Zola Gardner.

Mr. Barnhart plans to have in the Normal Gazette an especially good humor department in honor of St. Valentine's day. The rest of the program consists of a recitation by Miss Geedy and a book review by Mr. Shull.

Nominations of officers will be held during the business session of the meeting.

SENIOR TOSSERS GAIN FIRST PLACE

Sophs Lose First Game

The Senior basketball quintet gained first place in the inter-class league by defeating the Sophs on the gymnasium floor last Saturday morning by a score of 23 to 15. The result of the game was in doubt until the last minute of play. The superior team work of the upper classmen enabled them to emerge the victors.

Close guarding compelled both teams to try many long shots. Mellott's timely two-pointers enabled the second year men to keep in the running from start to finish. The floor work of Orner and Shull for the 1923 team was one of the features of the game. Unnecessary roughness marred the team work of both fives.

This was the first chance basketball fans had to compare the Senior cagemen with an underclass team. The victory gives the Seniors a decided edge on the inter-class championship.

The line-up:
Seniors—23 Sophs—15
Orner f Barbour
Bamberger f Meredith
Shull c Swan
Hoover g Mellott
Dreese g Deardorf

Substitutions—Thornton for Bamberger, Arnold for Deardorf.

Field Goals—Orner 3, Bamberger 2, Shull 3, Hoover 2, Mellott 4.

Foul Goals—Bamberger, 0 out of 1; Shull, 1 out of 2; Dreese, 0 out of 2; Barbour, 2 out of 7; Meredith, 0 out of 2.

Referee—Sharadin.

CONSTITUTION EXPLAINED TO NEW STUDENTS

The men's association held a short meeting on Monday evening. The constitution was read for the benefit of all our students. Short talks were given by Prof. Gilbert, Dean of Men, and Mr. Grba, president of the representative board.

Emphasis was laid on the fact that the regulations will be enforced. Prof. Gilbert asked the older boys to get acquainted with the new boys and help them to learn the school system. Pres. Grba said, "There is no reason for a fellow committing an offense for every one is provided with a constitution. Any time you are in doubt see one of the members of the board and make sure before you receive a punishment."

Following the association meeting the Representative Board voted punishment for a member who violated the regulations.

ALUMNI NOTES

Death of Albert Childs

Albert Childs, who was graduated with honors from C. V. S. N. S. last June, died at his home in Mechanicsburg, Monday evening, January twenty-ninth, after an illness of a month with pneumonia. He was buried Thursday afternoon, February first, in the Prospect Hill Cemetery, Harrisburg, Pa. The Reverend Dr. George Fulton, pastor of the Mechanicsburg Presbyterian Church, was in charge.

At the time of his death, Mr. Childs was twenty years of age. During the past semester he was employed as a teacher in the Marysville high school.

John A. Neill of the class of nineteen twenty-two is seriously ill with pneumonia. Mr. Neill's home is at Blairs Mills, Huntingdon County. He has been teaching in the Junior High School at Lewistown. Mr. Neill, it will be remembered, took an active part here in athletics and dramatics. He was a member of the Philomathean Literary Society.

Jacob Brake of the class of nineteen twenty-one, having contracted typhoid fever, is at present in a very critical condition at the Harrisburg Hospital. Mr. Brake, until the time he became ill, was principal of the high school of his home town, St. Thomas. At Normal School he was well known and beloved to Normal Literary Society.

SOPHOMORES CONTINUE WINNING STEAK

The Sophomores' fast six defeated the Seniors on Wednesday evening. The Sophomores have a quick, active team and show fine team work. They took the lead at the beginning and held it throughout the game. The final score was 16 to 9 in favor of the Sophs.
