Five Cents

## MASQUERADE BASKETBALL GAME TONIGHT

PLANS OF MEN'S ASSOCIATION SHROUDED WITH MYSTERY

Just exactly what the Men's Association is going to put across tonight after Society is a matter of wild conjecture. They promise a basketball game and a good time. Beyond that they refuse to go. Just who is going to play on these teams and how we are going to have a good time is left to our imagination. They tell us it is a "masquerade basketball game," whatever that means.

It is rumored that the fellows are "holding up" the girls for all kinds of wearing apparel, but as yet we haven't seen any change hands. Perhaps they are just kidding us. Any way they have sufficiently aroused our curiosity so that we just couldn't stay away.

They have given us one or two definite facts. They tell us that the fun starts at nine o'clock and that it takes one perfectly good dime to see the fun. (Bogus dimes will not do). They also tell us that the referee will be ever so good-looking, (now girls spruce up, a good-looking man at last, at least we presume it will be a man), and that the referee will not leave immediately after the game.

A CAMPUS REFLECTOR reporter interviewed "Boz" Grba late last night, but aside from these few bare facts could learn nothing. In place of his usual talkative self, Grba was exceedingly taciturn, so the only thing left for us to do to get revenge is to turn out in numbers too large for the fellow to handle.

At nine o'clock, the admission ten cents, the place the gym.

## SPECIAL MUSIC AT THE NORMAL

MARKLEY TO GIVE TALK ON "TOPIC OF THE DAY"

"Resolved that the policy of collective bargaining through trade unions should prevail in American industries."

This is the question for the debate which will be staged at Normal Society meeting tonight. Wilbur Mehring '24 and George Kauffman '24 will uphold the affirmative side, and Paul Wert '23 and Edward McGuire '23 will present the negative side of the argument.

Miss Mary Kissinger '24 will give a recitation and Harry Markley '24 will speak on the "Topic of the Day."

Miss Edith Oler '23 is editor of the Gazette this week and will present that number.

Musical numbers will be furnished by the Glee Club and by Edward Bowman '23 who is in charge of a special music feature.

### HEALTH NOTES

Frank Dalton '24 who has been confined for many weeks with Scarlet Fever has recovered and is again attending classes.

Miss Grace Kyle, the school nurse, states that the infirmary has been filled to capacity with students suffering with colds.

She says, "With the proper care and treatment they will all be attending classes soon again."

She strongly urges the students to take special precautions, especially at this season of the year, and thus prevent many colds.

Tell any person of the Reflector Staff any interesting item that you know of. Let's make this a live paper.

### THE VARSITY BASKETBALL SQUAD

TOP ROW READING FROM LEFT TO RIGHT: COACH SHARADIN, WERT, STERNER, GRBA, SMITH, MANAGER BLANCH. SEATED, HEIGES, CRAIG, CAPTAIN HAYS, AND JONES.

## Second Half Fatal To The C. V. Cagers

GRBA'S ABSENCE GREATLY WEAKENS TEAM

The local basketball team suffered a disastrous defeat last Saturday at the hands of Millersville Normal when they were beaten by a 59-26 score. This defeat places Shippensburg and Millersville on equal footing. Millersville exhibited the best brand of basketball they have displayed this season. The Red and Blue quintet was greatly weakened by the absence of "Boz" Garba, who was out of the game with a sprained ankle. Keener, Millersville's elongated forward, played a spectacular game and his accurate shooting accounted for the 12 field goals.

Evidence of the importance of the contest was shown by the spirit of both schools.

Coach Sharadin's proteges put up a good game in the first half. The deafening noise of a crowd resounded when the Black and Gold scored the first point. The Shippensburg tossers were playing hard but they had hard luck in their shooting. Heiges, Craig, and Sterner led the scoring for Shippensburg in the first period. The

(Continued on Last Page)

### PLANS FOR PHILO REUNION

Play and Dance Features

The Philo Reunion will be held Friday, May 4th and Saturday, May 5th. The committee in charge has made out the program for Friday evening but the president and secretary have not yet been chosen. A play and a dance will be the principal features. The play, in which Miss Eliza Russell '24 will take the leading part, will be coached by Miss Parks. The dance, a "Pierrot and Pierrette" will be under the supervision of Miss Robb. A five-piece orchestra, composed of a violin, a cello, a viola, a flute and the piano, will appear on the program and a large Philo orchestra will also play several selections.

On Saturday night the Philo Reunion dance will be held in the gymnasium.

## Girls Also Lose To Millersville

GAME EXCITING DESPITE ONE-SIDED SCORE

The girls' basketball team met with a sudden setback last Saturday afternoon on the Millersville court, when the Millersville sextet smothered them under a 33-14 score. The game, which preceded the boys' game, was exciting throughout, in spite of the rather one sided score.

In the first quarter the two teams ran neck and neck, but with the advent of the second quarter the closer guarding and the more accurate shooting of the Millersville girls began to tell. Throughout the game the Millersville forwards seemed to have little trouble in locating the basket, while the Shippensburg girls could neither find the basket nor did they seem to be able to work with their usual smooth teamwork. These causes contributed to Millersville's being on the long end of a 16-5 score at the end of the first half.

With the beginning of the second half both teams came back with renewed "pep" and determination to win. For awhile the score was again relatively close, but as in the first

(Continued on Last Page)

## BASE BALL PRACTICE STARTS

Wednesday evening at the first outdoor baseball practice about twenty fellows reported. With most of the veterans of last year back again and some competent persons to take the places made vacant by Horner, Melott, and Warren, the C. V. S. N. S. should have a Champion Baseball team.

With only ten days remaining before the first game, it is obvious that much must be done in these remaining days. It is rumored that one fellow already has his clothes packed for the southern trip.

Easter songs will be presented in chapel Thursday by the Girls' Choral Society.

## Orchestra Concert Tomorrow Night

MARKS ORGANIZATION'S FIRST APPEARANCE

The school orchestra will make its first appearance in public tomorrow evening, when they give a concert in the chapel. This is the third musical program given by the students of C. V. S. N. S. this year, the first being held by the Girls' Choral Society, and the second, a Christmas Cantata. Both of these were successful and from all reports this concert is to be of even higher standard than the previous ones.

When Prof. Slyter came here in the fall, the school orchestra was made up of about fifteen members. After talking matters over with the faculty, and showing the need of a bigger and better orchestra, he procured instruments. Then came the call for volunteers to play these instruments, with the result of many responses. A great number of those who responded dropped out, and it is only due to the ones we call "stickers" and Prof. Slyter's help that the orchestra is what it is today.

Additional funds are needed to carry on this splendid work and in order to

(Continued on Last Page)

### VACATION DRAWING NEAR

School Closed Next Friday

The ten-day Easter Vacation begins at noon next Friday, March twenty-third, and will close at eight-fifteen o'clock on the morning of April third. According to a ruling of the faculty, cuts taken on the Wednesday or Thursday before vacation or the Tuesday or Wednesday after vacation will count as double cuts.

During the recess the members of the faculty will attend a two-day conference of the principals and teachers of the state normal schools which will be held at the West Chester State Normal School on March twenty-sixth and twenty-seventh.

All contributions for "Reflections Column" cheerfully received.

## BASKETBALL SEASON IS SUCCESSFUL

VARSITY WON SIX OUT OF EIGHT NORMAL GAMES

The 1923 Basketball season at Shippensburg Normal may be considered as successful. In spite of the fact that the Varsity lost to Millersville by a lop-sided score on Saturday, the games played were always interesting and exciting. In all games lots of fight was shown. Thirteen games were on the schedule and of these, eight were victories for Shippensburg, two of them being handed by the Dickinson Reserves. Of the eight Normal School games played Shippensburg came out on top in six of them losing one game to Millersville and one to Bloomsburg.

Millersville and Shippensburg are tie for first place in the Southeastern district of the Normal league and tie with Bloomsburg for the Championship of Eastern Pennsylvania. Probably the most exciting game of the season was played on Friday night with Bloomsburg. The teams ran nip and tuck throughout the game until the closing minutes when Shippensburg staged a rally which sent Bloomsburg to defeat by the score of 37 to 31.

Grba, on account of his leg, was unable to participate in the first few games of the season, but when he got in shape, he and Sterner had a tussle for the center position. No one was able to decide which was best suited for the position and consequently each one played about half of every game. The fight for the center position lasted a few weeks and then due to an injury Captain Hays was forced to give up basketball for a few weeks and Grba

(Continued on Last Page)

## PHILO TO PRESENT PLAY

MISS FERGUSON TO BE IN CHARGE OF IRISH JIG

A tragedy entitled "The Hour Glass" will be presented by the play committee at Philo to-night. The leading parts will be taken by Miss Ruth Keadle '24, Miss Miriam Embick '24, Warren Burke '25, and Walker Nelson '23. The cast is being coached by Miss Dyer of the Faculty.

Miss Jean Ferguson '23 will have charge of an Irish jig which will be carried out in a novel way. Miss Margaret Ramey '23, Miss Margaret Walker '23, and Miss Ruth Hamilton '23, will assist her in this dance.

The musical numbers on to-night's program will be music by the Glee Club, a Male Quartet, Frank Thornton '23 Chairman, and instrumental music by Miss Shellen Tarrell '23.

Miss Alma Jones '23 will read an essay on the Irish poets and Miss Emma Mitchell '24 will give a recitation.

Miss Elmyra Richter '23 will be in charge of the Review.

## REV. J. STEWART GLEN ADDRESSED PRAYER MEETING

Rev. J. Stewart Glen gave a discussion on two types of people at Prayer Meeting last Wednesday evening. The first type includes those who strive continuously for the development of the spiritual, physical and mental side of life. This type of person is always busy and works for the benefit of others. The other type is self-centered, lives in luxury and works only for his own individual self.

The sermon was ended with the thoughts that—God has a right to demand and will demand a portion of our time and talents. In order to be happy, make your life a living sacrifice.

THE SENIOR CLASS ELECTION

The time for the selection of the permanent officers for the senior class has again arrived and with it the usual round of complaints and ill feelings that have followed in the wake of the system ever since its adoption. The idea of drawing partisan lines around the class election and making it a society affair seems to be entirely out of keeping with the spirit of the times. As one of the Alumni said not long ago, "It belongs to the Middle Ages rather than to the present day."

Right thinking people of the class, members of both societies feel that the idea of dividing the officers between the two societies is entirely unsatisfactory. They believe that the best people in the class should be eligible for the offices regardless of society affiliations. And they are unquestionably right in their belief. If one of the societies constituted only a very small minority of the class it would be a different matter, but as the situation is today nearly half the members of the class are barred from holding any of the speakers' positions over the commencement season with the exception of one.

We feel that if those in authority who are responsible for this system knew of the conditions that exist they would create something better which would eliminate the present evils and meet the needs of the school. It is too late now to do anything about this year's election, but the present junior class should see that something is done before next year. We believe that if the authorities are informed of the needs they will do their best to fill them.

In speaking against this system of electing the permanent officers for the senior class we may be bucking an old and revered tradition of the school, but we think that it is unfair to allow tradition to stand in the road of progress. We can only hope that some definite action will be taken in the future to safeguard the interests of each class as the time approaches when it is to select its permanent officers.

Let the class of 1923 make the best of a bad bargain and use its influence to make sure that no future class is the victim of this system.

THE MORNING LUNCH

One of the most substantial assets that the school has at the present time is the mid-morning lunch served to the underweight students. All through the year the school dietitian has labored faithfully to provide the morning lunch, the large part of the funds for this work coming out of the food budget. That this effort on the part of the school authorities has been worth while is shown in the encouraging reports of the weights of the students made this week by Miss McWilliams.

According to the statistics the thirty-six underweight boys in the school have made an average net gain of five pounds during the past six months. The average gain for all the boys in the school has been three and a half pounds. A similar increase on the part of the girls is also shown. The old saying that "the proof of the pudding is in the eating" would seem to apply well here.

Leading medical authorities are all agreed that the weight of an individual has a lot to do with that person's health and experience at this school seems to support this belief very strongly. In a number of cases students have gained in weight only to lose it again and again through an attack of the gripp or some similar ailment. It goes without saying that had not these people been fortified against disease the result might have been fatal in the end.

That the students appreciate what is being done for them in this respect is amply demonstrated by the large daily attendance. Miss McWilliams estimates that she feeds between ninety and a hundred students every day at ten o'clock. So far as we are able to learn, this is the only Normal School in Pennsylvania that makes this provision for its underweight students. This is only another example of Cumberland Valley's superiority and one which her sister institutions could profitably follow.

AN APPRECIATION

There can be no doubt that the work of the Men's Chorus in Chapel last Tuesday was very much appreciated by all who were present. This was amply demonstrated by the applause they received and every one regretted the fact that there was not the time for another number. Professor Slyter is to be commended for this demonstration as are the members of the Chorus, for we all know how this work has been carried on in the face of so many other activities. The CAMPUS REFLECTOR again expresses the gratitude of the student body and adds the hope that the Men's Chorus will give a full program at the Chapel exercises in the near future.

THE ELECT

One of the compensations in the traveler's life is that of meeting the various types among his fellow-men. I am a traveler, and I like to visit; it gives me great pleasure to select from the thousands that line the road the group I choose to call the elect.

They are always cheerful—the smile they wear does not begin and end at the corners of the mouth, but starts in the heart, creeps up into the eyes, then diffuses a glow of real pleasure over the entire countenance.

The Elect are friendly—They understand the meaning of friendliness; the power of association. It is really worth something to meet people who are not only capable of, but willing to see whatever of good may lie within us.

The Elect are happy—They never suffer defeat to cloud the future; the realization episode is not a whole life, and from this comforting thought, gain strength and courage for the future.

I am sitting in the chapel while writing this—I watch the boys and girls go back and forth and I must say they are of the Elect. Other State Normals have been very kind—but somehow Shippensburg grips me, holds me—like Byron I shall have to say:—

"Maid of Athens 'ere we part  
Give, oh, give me back my heart."

To visit the town is a pleasure; to be in the Normal, an inspiration; to know faculty and students personally, a benefaction.

Where life's stream flows, in the green meadows of the world—I hope and expect to meet this student body—cheerful, happy, friendly—always the Elect.

"TALE OF TWO CITIES" SHOWN LAST SATURDAY

The film classic, "A Tale of Two Cities," was well received last Saturday evening by the student body. This play was adapted from Dickens' book of the same title. It is typical of French revolutionary life. The leading part was played by William Farnum.

Many students were absent because of the hike to Millersville.

MEETING OF GIRL SCOUTS

The regular meeting of the Girl Scouts held in the gym last Saturday morning was opened informally by using a competition game.

A short patrol meeting was held after the game. Signaling in the General Service Code was reviewed to prepare the Scouts for a Competition relay. Some time was spent in the study of the Scout compass.

REFLECTIONS

VIRGINIA RANCK '23

"BOOTS" SHULER '24

Thursday:—Last night there were many theories as to the maternal of Eleanor's dress. It proved to be Jean's bathrobe. I wonder if the boys liked it?

To-day I went down to hear some of the folks practice a play. I sat in the back of the chapel. "Marg" Quinn was supposed to hug "Boots." When he heard this he looked scared. He backed across the stage. He hit the wall and stopped. He braced himself against the wall with his foot. He took a deep breath, clinched his fists and waited. "Marg" was very gentle with him. "Cad" tho't it could be done better so she leaped to the stage. She draped herself gracefully over the front of "Boots." The perspiration stood on his forehead. I was sorry for him. I wonder if he will ever be in another play? I doubt it.

Friday:—To-night was feed night. At eleven o'clock we must put out our lights. At fifteen of eleven the door-bell of the dorm rang. It was a fellow. He was new here and he had some ice-cream for one of the girls. The dorm was in an uproar. At last Mary Hoover was called and she took it over to fourth floor. Miss Arnold said that ice-cream should be delivered before bed-time next time. It was a good thing. I had some. Before that young man has been here much longer he'll probably find out that fourth floor girls are not dependent on the dorm for ice-cream. Ropes save energy—and sharing.

Saturday:—To-night we had movies here. As most of the boys had gone to Millersville there were a lot of girls alone. They didn't enjoy the picture very well as they could not see much. They were turned around watching the door most of the time. They were disappointed as the boys didn't get here until the picture was almost over. The picture was good but there was a lot of criticism. About half of the girls think that they are every bit as pretty as the girl in the picture. I'm afraid that we won't have many teachers from the class of '23 if this keeps up. The worst of it is that they are beginning to practice on the boys around here. We have a corner on "vamps." Those in the lead are: "Cad" Cox, Martha Hutchinson, Carolyn Cox, "Marg" Quinn, C. V. Cox, E. McCormick, C. Virginia Cox. The leading "baby" is Anna Steele. We have some "he" vamps too. For example: "Mac," "Fitty," "Andy," "Jimmy," and last but not least—"Mighty."

Sunday:—Mr. Pennington had some trouble with his car. He ran out of gas at the triangle. He carried gas down in a can. Still the car wouldn't go. At last he called Professor Heiges. It ran when Mr. Heiges turned on the switch.

Monday:—To-day we were in English class. We were all awake. We were talking about the sunset. Our Prof. said that the sunset always reminded him of a patchwork quilt. We all sat still. At last "Cad" said that she had looked at sunset a good many times in her life but that she never saw one that looked like a patchwork quilt. The rest of us came to life. Someone said, "Once an artist painted

a sunset. A woman came along and said, 'What a lovely fried egg!' Which was worse?"

Tuesday:—To-day we were in Educational Test class. Miss Robinson asked if speed counted in life outside of school. We said we tho't it did. She agreed and told us to take Dr. Lehman for example. She said, "Doctor Lehman needs a fast secretary. To keep up to his dictation a secretary must show a lot of speed."

Wednesday:—In History it was said that man could control the lower orders of animal life by his eye. "Fitty" thinks that a hungry animal wouldn't pay much attention to a man's eye. I believe it though. I have seen "Mighty" hold an audience with his eye (I), and I'm sure he could do the same with wild animals.

Yes, we lost the Millersville game but we have plenty of alibias:  
Poor officiating  
Strenuous trip  
Poor meals  
Poor dressing quarters  
Weak liniment.  
Girls not sociable  
Rooters didn't yell enough.  
Bad lighting facilities.  
Poor music  
Absence of step ladders  
Absence of Boz Grba

Well known saying, "Now what does that mean?"

No doubt many fellows felt at home last Saturday night while sleeping in anyone's barn.

Prof. Shearer objects to cutting up on the campus. Students will be asked to park elsewhere.

Someone has proposed that the tunnel leading from the power plant to the buildings be used by the Old Main Rats as a club room.

Don't forget that tomorrow is St. Patrick's Day. Wear something green. If that is impossible, look natural.

Prof. Shearer's talk in the dining room Tuesday had no effect on some students. They still eat with their knives and Mountz continues to drink coffee from his saucer.

A certain student after falling under Solomon's Temple yesterday reached the conclusion that a banana peel in the hand is worth two on the pavement.

With Ulsh in a box and Rice on the bench we should have a very successful baseball season.

Spring not only brings with it the green grass and the balmy winds, but eliminates the man who enters the movies wildly swinging an overcoat as he reaches for his seat.

Arnold had little trouble with Smith's shoes when hiking on the Chambersburg road last week end. No doubt they worked on that road before and probably felt at home.

GIRLS' BASE-BALL

The base-ball season for the co-eds of the school opened Monday of this week. The Senior girls met in the gym at this time and had their first practice. At least thirty girls were out.

The Junior girls will be called out Tuesday evening. The Juniors think they have fine prospects for a team. There will be practice in the gym for the next two weeks. The four class teams will then be picked. After the Easter vacation practice will be held on the athletic field if possible.

Don't forget the special feature of the year at nine o'clock tonight. Come and see the clowns play basketball.

Rain, rain, go away,  
Come again some other day,  
Harry Rice wants to play—baseball.

Y. M. C. A. NOTES

A joint meeting of the Y. M. and Y. W. C. A. held last Sunday evening was addressed by the Rev. Stewart Glen, pastor of the Messiah United Brethren Church. "Growing in Character" was the topic of Rev. Glen's talk. He stated three ways in which one's character may be strengthened—right thoughts, consideration of others, and trust in God.

Denver Evans '23 presided over the meeting.

Arise early and you'll be able to present yourself at the breakfast table.

Be careful! an epidemic is coming. It's Spring Fever.

**ALTOONA TECH OUTCLASSES NORMAL RESERVES**

**Tech Expected to Play with Varsity**

The strong Altoona Tech quintet downed the Normal Reserves in a loosely played game last Friday evening by a score of 33 to 13. This game had been canceled but due to a misunderstanding the mountain city lads appeared here ready for the fray. Although the Reserves had discontinued practice a week before, Coach Shardin quickly called out the second string men and the game was played. The visitors had the lead at all stages of the game. The shooting of the local aggregation was not up to standard and it seemed that they were unable to pass effectively. The Tech tossers played a five-man defense which was almost impregnable. The guarding was good on the part of the Reserves but the long shots of the visitors took the heart out of the home lads. Although the Normal cagers were outclassed, they put up a hard fight until the whistle blew, ending the game with a score of 33 to 13.

The Tech team came here with the intention of playing the Normal Varsity.

**COMING PROGRAMS FOR TRAINING SCHOOL ASSEMBLY**

The program for the following week, while centering about spring, will do honor to St. Patrick and the wearing of the green.

The program for March 21 and April 11 will be in charge of Miss Heffernan of the Health Department, who will present attractive features in harmony with her work. On April 4, it is hoped that Professor Krebs will be able to give the training school children another collection of geographic lantern slides.

In harmony with the Governor's proclamation, the program of April 18 or 20 will be set aside for special attention to the conservation of forests, and the care of birds. This will be observed through Arbor Day and Bird Day.

**NEW TEACHERS' CLUB**

**CHOOSES ITS OFFICERS**

At the second meeting of the Teachers' Club of the Training School on Wednesday, officers were elected for the semester. Paul G. Wert was chosen president; Franklin McDermitt, vice president; Miss Sophia Curry, Secretary; and Miss Ada Brackbill, treasurer. Talks by Miss Turner and Professor Harley were the principal numbers on the program.

**TRAINING SCHOOL PROGRAM ANOTHER SUCCESS**

The lives of Alexander Graham Bell, inventor of the telephone, and Henry Wadsworth Longfellow, the best loved poet of America, were commemorated last Wednesday by the training school children in their assembly exercises.

An interesting account of Bell's life was given, followed by a discussion on the materials which make up a telephone. These materials, which are of a surprisingly large number, include: linen, wool, cotton, silk, copper, nickel, silver, asphalt, platinum, shellac, aluminum, gold, mica, tin.

The speakers had samples of each of these materials, and held them up as they discussed them.

Miss Demnaree's present musical scheme includes a series of talks on the various orchestral instruments. Wednesday's number was the viola and the accompanying number was "March Slav," by Tschakowsky. The children were instructed to listen for the viola, the rich notes of which were prominent in the selection. The introductory story made it easier for the children to appreciate the weary march of the exiles on their way to Siberia, with the occasional brightening of the music as they livened their steps when passing through the towns.

A one-act play entitled, "The Tables Turned" proved to be a very interesting number, with a surprising adaptation of Longfellow classics.

Five children discover grandpa fast asleep and remark how much he looks like Longfellow, with his long white beard. They plot to awaken him and demand a story. Grandpa, who is only feigning sleep, decides to turn the tables on them by withholding the story unless they can each recite one of Longfellow's poems. The children immediately comply with this request and the following poems of the loved author were given: "The Village Blacksmith," "The Arrow and the Song," "The Rainy Day," "The Builders," and "The Cathedral." Grandpa in turn follows with the coveted story, which is simply an account of his boyhood days spent in Maine and of his long friendship with the loved poet.

The last number was a reproduction by one of the Ninth Grade boys of the one-side telephone conversation, "Cohen on the Telephone," so familiar to Victrola Lovers. While listening to this selection given behind a screen, it was difficult to imagine that one was not listening to the real phonograph record.

"A Lakeful of Gold—Perhaps." Page 26. An account of the lake in California which is supposed to contain much gold. This will be of interest to teachers in geography when teaching the "Discovery of Gold."

National Geographic Magazine for March 1923.

"Along the Old Spanish Road in Mexico," "In the Land of the Montezumas," "Holland's War with the Sea," "In the Land of Windmills and wooden Shoes." The two articles on Holland, which depict the life and geographical conditions there, are especially worth while for the grade teacher. The illustrations are numerous and very fine.

"Lordly Sun." Superstitions concerning the end of the earth. Harper's Magazine, March 1923.

"A Political and Religious Map of India and Burma." Asia, March 1923.

"What the World is doing." Current political and social doings of various countries. Independent, March 3, 1923.

"Winter on Wetalltook's Islands." Experiences of a party on islands on the Hudson Bay.

"Adventures in Arabia." A description of Arabia, its dangers and its possibilities.

"Science Remaking the World." The fifth article in a series, which deals with the sugar industry. The World's Work, March 1923.

GIRLS LOSE AT MILLERSVILLE

(Continued from First Page)

half the Millersville team again forged on ahead until at the end of the game the score stood 33-14 in their favor. During this half Shippensburg made many substitutions in an effort to check the scoring.

Labach, the diminutive Millersville forward, was high scorer for Millersville, with nine two-pointers to her credit, while Reynolds ran a close second with five. For the local team, both Capt. Meyer and Moretz fought hard to get things going at their usual, while all are to be commended on the game fight they put up against big odds.

This will in all probability be the last game of the season for the girls. The lineup:

Shippensburg	Millersville
Houck f	Labach
Heiges f	Shoemaker
Felton jc	Gibbs
Meyer sc	Stauffer
Miller g	Dealner
Coble g	Selwerling

Substitutions—Sleighter for Houck, Heckman for Coble, Moretz for Miller, Reynolds for Shoemaker.

Field Goals—Houck 2, Sleighter, Heiges, Labach 9, Reynolds 5.

Foul Goals—Houck, 1 out of 6; Heiges, 5 out of 10; Labach, 4 out of 6; Reynolds, 1 out of 5.

ORCHESTRA APPEARS TOMORROW

Mr. Peduzzi, Mr. Slyter		
Priests' March (From Athalia)		
Mendelssohn		
The Orchestra		

VARSITY LOSES LAST GAME

(Continued from First Page)

score at the end of the first half was 17 to 15 in favor of Millersville.

It looked as though the game would be close throughout but the second half told a different story. Shippensburg scored a two-pointer which tied the score at the beginning of this period. Capt. Herr and Keener started an avalanche of shots which placed Millersville in a good lead.

After six minutes of play Craig was put out of the game because of four personal fouls. Millersville started on a rampage and goals were thrown from all angles of the floor. Keener could not be held down on account of his height and caged seven double-deckers in short time. The basketball floor was a scene of wild excitement when the whistle blew ending the game and the score stood 58-26 in Millersville's favor.

Line-up:

Millersville	Shippensburg
Frazer f	Hays
Keener f	Craig
Herr c	Sterner
Swanger g	Heiges
Shertz g	Jones

Substitutions—Smith for Craig, Wert for Jones.

Field Goals—Frazer 5, Keener 12, Herr 4, Swanger 2, Craig 3, Sterner 2.

Foul Goals—Frazer, 12 out of 16; Heiges, 8 out of 16.

Referee—Grube.

LIBRARY BOOKS

Five recent publications have been purchased for the library during the last month. The first is a book of local interest, "Smithsonian Institution's Study of Natural Resources in Pennsylvania;" the next two books deal with physical welfare, "Pedagogy of Physical Training" by C. W. Cramp-ton, and "Health, Public and Private" by R. H. Blount. There is a report of investigation in a condition that is attracting some attention, "Experimental Study in Left Handedness," "Addresses and Proceedings of N. E. A." has been placed on the shelf.

The accession records show that 207 new books have been placed in the library since September twenty-eight.

BASKETBALL SEASON ENDED

(Continued from First Page)

dropped back to guard with Helges at forward. Craig playing with Hays or Helges showed good team work and individual playing in practically every game. Although Jones, a guard, caged but one field goal during the season, he was a great asset in breaking up the plays of the opponents. The line-up was changed frequently during the season on account of the injuries to different players. Smith and Wert acted as substitutes and fitted in the combinations very well.

The success of the Varsity to a large extent was due to the playing and practice with the Reserves. The season for the Reserves was also successful as they won seven out of nine games.

In the thirteen Varsity games 442 points were scored by Shippensburg against 399 by its opponents. Helges was high scorer with 21 field goals and 123 out of 197 fouls. Craig led in shooting fieldgoals, having 52 to his credit:

The following is a record of the individual scores for the season.

	Foul	Goals
Hays	1	20
Craig	0	52
Sterner	0	30
Helges	123	21
Jones	0	1
Grba	0	28
Norris	0	5
Smith	0	2
	124	159
