## Miss Betty Klaphor Plays Leading Role In Drama 'Our Town'

Pulitzer Prize Winner  
Is Presented Friday  
By Senior Class

### EDINBORO PLAYERS ACT

With Miss Betty Klaphor of Erie, playing the role of heroine in a most unusual production, The Edinboro Players will present the senior class play of 1940, "Our Town". in Normal Hall auditorium on Friday evening, May 24, under the direction of Miss Jane Stearns Ludgate, veteran dramatic coach at Edinboro State Teachers College.

The play, the first Pulitzer Prize play ever to be presented at Edinboro, was written by Thornton Wilder. It is most unusual in that it is done with no scenery, few props, and man-made sound effects. Acting is done in pantomime, using imaginary props, and pervaded by a continual "dryness" of tone that characterizes its complacent, rock-ribbed New England setting.

Edinboro players cast in major roles are: Robert Ulrich, Harbor creek; Martin Shimko, Windber; Roy Christensen, Erie; Mary Esther Dailcy, Erie; Marjorie Martin, Erie; Lee Jeffords, Edinboro; Kathleen McCray

## Student Council Posts 1941 Activity Budget

Dr. E. Leigh Mudge  
Announces New Choices

The budget of The Student Activity Fund for the school year of 1940-41, worked out by the Student Council at recent budget sessions, has been announced by Daniel Kusner, president of the student-governing group.

"Any money that an organization makes on its own initiative may be spent by them as they see fit; it will not be put into the student activity fund. For example, the yearbook and the Spectator will solicit ads—this will urge them to get as many ads as possible. The more ads the better the publication.

**STUDENTS CONDUCT ASSEMBLY PROGRAMS; ORAL ANNOUNCEMENTS ARE TIME-WASTERS**

The last assembly program of the year was held last Wednesday in Normal Hall auditorium. It will, undoubtedly, be the last regular assembly of the Edinboro student body to be held in Normal; it is almost assured that the first assembly of next year will be held in the new auditorium. For this fact alone, the Wednesday assembly was historic; but it was also notable because it ends a year in which student-conducted assemblies were introduced to the student body. This move, made during the past school year, puts a student in charge of devotion, announcements and program. There have always been students on the assembly program committee, but this was the first year that there have been students chosen to conduct the regular Wednesday assembly.

**Move Is Commendable**

The move is more than commendable. It was done to offer an opportunity for responsible students to learn to assume more responsibility. It was done to give students practice in carrying on work of assemblies so that they might better conduct the assemblies of their schools when in teaching positions. It was done to develop further the speaking ability of the students at Edinboro. It was done to give each student more of a part in carrying out the work of obtaining an education. Lastly, it was done to stimulate interest in the programs through student cooperation and student conduction of a necessary college activity.

Along with student-conducted assemblies, have come the changes that have made assembly programs of the past year more desirable from many standpoints. First, the devotional exercises, after much study, were progressively changed, meeting immediately with more general approval. Second, the hour of assembly was changed to ten o'clock rather than eleven, remedying the disturbance created by persons leaving for luncheon. Third, segregated groups of men and women were done away with by the introduction of a co-ed seating plan, giving the whole assembly a better student spirit. Last, announcements were requested to be short and snappy, interesting programs were secured, and the desirability of attendance of Edinboro weekly student body meeting much stimulated.

**Eliminate Oral Announcements**

However, there is always room for improvement. Without further discussion, the oral announcement should be done away with. Yes, it gives practice to persons in public speaking—but to what persons and how many. Yes, it acquaints the entire student body with the activities at hand—but what activities and for how long. Yes, it should be done away with: it is an undesirable time-waster. Practice in public speaking should be obtained in classes, social organizations, forums, and in announcing programs where printed announcements are not available. The student body should be acquainted with the activities at hand—true! But why not a mimeographed announcement bulletin such as several of the local churches use? How can it be done? All announcements in the president's office by Tuesday evening. Mimeographed in the two hours preceding assembly on Wednesday morning. Handed out to the students as they enter the auditorium. Simple! Yes, it can be done. It would speed up assemblies that now drag through a score of student announcements. It would provide time for the presentation of worthwhile and entertaining informative programs. It might even make the "lad, unwilling, goes to school" (harking back to Shakespeare and the 1600's) eager to attend the regular weekly assembly.

**REPORTS INDICATE LAST EXERCISES IN NORMAL**

Indications are that the coming graduation exercises is the last regu-

lar commencement that will be held in Normal Hall Auditorium. It is expected that the new auditorium will be in complete use next year, according to reports.

**Letters to the Editor**

Dear Editor:

It is quite inevitable that we should meet last Wednesday for the final assembly program of the school term. But that appears to be less significant than the unusually complacent attitude of the student body toward our school year's assembly programs.

No doubt you will remember your friends' reactions to the excellent assembly programs (and he have had a few, very few, of those which we may be proud of) presented during the last nine months. No so long ago we did have a superior program. Afterwards, one judicious student remarked: "That was good; we ought to have more like it." Many other students expressed the same feeling. My compliments to the producers of excellent programs.

**Programs Were Appreciated**

Even though these programs were appreciated, none of the student body (so it appears) ever attempted to make the succeeding programs just as good or better. Consequently, there have been a number of poorer programs given. I mean poor as a whole, for each had traces of outstanding qualities. But, oh how miserable the audience was! Quite often, some of the more brilliant students (as brilliant as I am harsh and sarcastic in criticism) resorted to using substitutes for listening to the inferior programs.

**Students Read Books**

One of the favorite substitutes of several members of our student body was reading "History of Civilization" for that eleven o'clock class. Another substitute was either reading or writing a personal letter. Still another day someone brought five sticks of "Wrigley's" (gum) along to assembly. In a minute, woe and behold, the Lord forgive them, there they were, side by side, a perfect quintet of contorting faces presenting a unique sideshow. Such were the substitutes for good assembly programs.

**Time Is Used**

The foremost hindrance and time-consuming element of our assembly programs is the oral announcements. Someone has already done very well in revising the method of presenting the chapel services. This is a progressive step which is a commendable change in our programs. Someone else has yet to remove the announcements entirely from the program or modify the procedure of presentation. You may insist that we retain oral announcements because they provide experience for the students. May I ask one question to clarify the weakness here? How many different students receive the valuable experience? Quite commonly one particular person makes all the announcements (2 or 3, or more) for an organization. Probably those who need the experience most do not get it.

Then there is this grave fault associated with oral announcements: All of them do not interest the en-

**CHARLOTTE BROWN IS DEAN OF WOMEN**

Miss Charlotte C. Brown, now assistant Dean of Women at Grove College, will be Edinboro's new Dean of Women, beginning June 15th. Miss Brown replaces Miss Evelyn Bergstrom, who is to be married this summer.

**ACTIVITY BUDGET IS ANNOUNCED**

In regard to the budget, the Council states: "This budget is based on a student enrollment of 300 at \$24 student activity fee per student."

"Every organization will be allowed to use its money as it sees fit up to the budgeted amount. After they have reached that they may under no circumstances have any more."

With several major changes from last year's budget, the budget is as follows:

Boys Athletics	\$2500
Lecture-Entertainment	1100
Yearbook	700
W. A. A.	400
Spectator	235
Dramatic Club	80
Printing	100
Music	115

Press Club	50
Photography	50
Conventions and Dues	150
Back Bills	100
Miscellaneous	100
<b>Total</b>	<b>\$6000</b>

**Library News**

By Earle Madigan

(Editor's note—Earle Madigan is one of the many students who work so quietly and so cheerfully in the library. Though a man of few words, Earle—who, with a score of other workers, supplies anxious student searchers with reading material of a thousand different topics each year—records his observations of a familiar place on a recent warm spring day.)

The Library presents a deserted and forlorn appearance these days; evidently the students are conducting their activities elsewhere. As the college year draws to a close and term papers are all called in, the library becomes quiet except for the activity of the librarians and the student staff who are busy checking delinquent accounts and overdue books in anticipation of closing up shop on next Saturday.

tire student body. Example: It is futile to announce to 250 persons that a club of twenty students is meeting soon.

There are more things to be considered but there is a limit. Once again, may I say—it is quite inevitable—that you will disagree with some things mentioned here. This is your privilege and pleasure.

Very truly yours,  
M. H.

## Prof. Ruth Bartlett Addresses Banquet Of W. A. A. Women

Annual Dinner Is Held In Haven Dining Room On Monday, May 13

### AWARDS ARE PRESENTED

Stating that sportsmanship is character in its most gallant form, Professor Ruth W. Bartlett spoke at the annual Women's Athletic Association banquet on Monday evening, May 13, in Haven Hall dining room, on the subject "Intercollegiate Versus Intramural Sports".

Toasting the friendly relations between Lake Erie and Edinboro, Mrs. Bartlett said: "If all colleges had the same fine spirit as Lake Erie and Edinboro there would be no intercollegiate problem in sports in America."

"Loyalty to the group," said the speaker, "is highly developed in team sports. The value is not for self-glory but for the group. We in America are developing group games. That is typical of the democracy in which we live."

Voted the outstanding senior hockey player, Sarah Kratz received the senior hockey award. Virginia Andrews received the senior basketball award.

Awards were presented to Alice Sewall and Sophia Oblinski for outstanding work as freshmen.

## James E. Luntzel Speaks At Dinner Of Kappa Delta Phi

KDKA Publicity Head Addresses Fraternity

Kappa Delta Phi fraternity celebrated its second anniversary as a national fraternity Wednesday, May 14, at a dinner banquet held in Haven Hall. Mr. James R. Luntzel, director of publicity at radio station KDKA and a nationally famous figure in the field of publicity, was the guest speaker.

Mr. Luntzel spoke to the fraternity about the importance of radio in education and the future of radio. Although Mr. Luntzel got printer's ink in his blood when he was a kid, he saw the vast importance of radio work. He has been the publicity manager for such famous stage and screen stars as Eddie Cantor, Al Jolson, Jane Withers and Eddy Duchin. In the course of his combined radio and publicity work, Mr. Luntzel wrote an occasional script for the "First Nighter" radio program when Don Ameche was the star of that show.

National Broadcasting Co. finally took notice of his work and now the "Pioneer Station KDKA" boasts him as director of publicity. Beside his work in radio, Mr. Luntzel is the author of the daily Pittsburgh Post-Gazette column, "KDKA Today". It is from this column of May 16, that the following was copied:

"The late O. O. McIntyre was considered the nation's No. 1 booster of small towns, but as of today, they have another praise purveyor—myself.

"Yesterday I had the pleasure of visiting Edinboro State Teachers College at Edinboro, Pa., (population 801).

"I went up as guest of the Kappa Delta Phi fraternity to tell them something about radio.

"The charm of this little town, with its clean, wholesome, sincere friendliness, was captivating in contrast to the hurry, noise, and determined tempo of the city.

"The hospitality of the college lads, eager in their interest to learn,

## Faculty Committee Reports On Student Vote For Club Setup

'Base Income On 300 Students,' Council States

Reporting on the recent assembly vote for the choice of clubs for next year, Dr. E. Leigh Mudge, chairman of the Faculty Committee on Student Activities, makes the following statement:

"The Committee on Student Activities has canvassed the tentative registration ballots recently collected and finds that four clubs—Seas-Rab, Social Arts, Rural Problems, and Literary Review—have the required number of signers. Organization of these clubs will be completed soon after the opening of the first semester of the year 1940-41, so that the incoming freshmen may have their full part in them.

"The remaining suggested clubs fall below the required registration. However, those who are interested in them may secure additional registrations or may work for the amalgamation of clubs with similar purposes. For example, those voting for a poetry club may perhaps be willing to join the Literary Review Club if there is some attention given to the reviewing of poetry. Do not think that the idea of an activity is necessarily dead if there were fewer than fifteen voting for it. Some of these which have fewer than fifteen registrations now will in all probability be organized.

"For the information of the student body, the clubs receiving a vote of fewer than fifteen, are as follows: Photography, Camp Crafts, Sports, World Affairs, Aeronautics, Press, Nature Study (or Comstock), Debate, Eriez Psychology, Poetry. One suggestion of a possible amalgamation because of similar fields concerns Camp Crafts and Nature Study."
