ANNUAL PUBLICATION

OF THE

SENIOR CLASS

OF THE

State Teachers College

BLOOMSBURG, PENNA.

Volume XVIII

FOREWORD

- What makes a great or successful teacher? Observing the lives of those whom we term in that noteworthy class, we find that there is a balance among the four major phases of life, namely; mental, physical, moral and social.
- Believing that the teacher of today can profit greatly by following in the footsteps of those great teachers of the past, the 1934 Obiter presents the teacher as represented by these various phases with due consideration to the art work and lay out of the book.

DEDICATION

- It is with great pleasure and the deepest sincerity that we dedicate this eighteenth volume of the *Obiter* to Dr. David J. Waller, Jr., a noted and successful teacher in our midst, who has so generously given his life to active educational service, and whose ideals and efforts are of such an outstanding nature that they may profitably be accepted as a worthy example for beginning teachers.

"Four things a man must learn to do
If he would make his record true:
To think without confusion clearly;
To love his fellow-men sincerely;
To act from honest motives purely;
To trust in God and heaven securely."

DIVISION I

Bong! Time goes on. If the tower could only speak,
What pleasant student memories might be recalled.

Here to probe for truth,
Remembering always precision.

Here we have lived and worked
With the unforgettable valley at our feet.

A library of memories stands
Behind these leaf laced walls.

Dearly remembered for rythmic clicks
And the business of learning

Shadow lace of vigilant oaks
Watching our comings and goings
And the coming of others after us.

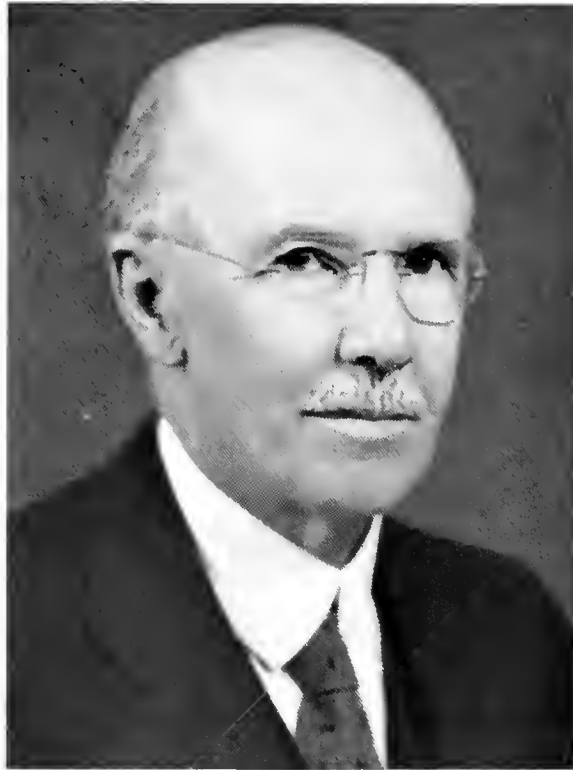

Greetings to the Class of 1934

- It is a real pleasure to extend Greetings on behalf of our Board of Trustees and of our Faculty, to a Class which has upheld in such a splendid way, the best traditions of Bloomsburg. It is our hope that the pleasant associations of the past may be continued for mutual service in the future.

Francis B. Haas

President.

- The Class of 1934 has faced the passing years of College life with courage and an earnest spirit of endeavor to make its contribution to the community life valuable and lasting. Those of us who watch the changing life about us have been impressed with the high ideals and clear thinking of its members when confronted with situations demanding unselfish decisions.
- We trust that each of you will face the vital problems so soon to confront you with high courage and a firm conviction that the ideals of youth and a free mind are not mere idle gestures or fancy figures of speech.
- My earnest wish is that life holds in store for each of you all the beauty and success; the satisfaction and charm that it should offer the youth with a trained mind and devoted heart.

W. B. SUTLIFF
Dean of Instruction

- We are glad that you have been here and sorry to see you go. We who "keep the home fires burning" will follow your careers with interest and pride. We hope that you as alumni will feel yourselves still a vital part of the college, and that you will want to come home often.

MARGUERITE W. KEHR
Dean of Women

- Heartiest congratulations to the graduating class of 1934. Your contributions to Bloomsburg traditions, both academic and athletic, have been meritorious.
- I suggest that you return to your Alma Mater frequently. Permit Alumni Day and Homecoming Day to attract you to your campus regularly. Do not lose contact with your college.
- After the above admonitions, I wish you the success you so richly deserve.

Excerpts from a Class Diary—

1. First class to enter college after the depression began.
2. Won Freshman Football Classic by 7-6 score.
3. Suffered reversal when bonfire was prematurely set off.
4. Class faced much experimentation with changing courses.
5. Last large class to graduate for some time.
6. First class graduating regular Four-Year commercial students.

• At the beginning of this last and final year 1933-34, each member of the Senior class found himself entering the college with renewed enthusiasm and expectation. The actual application of principles and knowledge to practice teaching was novel to practically every member of the class, and remained so a great part of the year. Seniors serious? Yes, indeed! Conversation was largely built upon this favorite profession, and interest and enthusiasm was rarely lacking, because of the very nature of the profession. Yet though each student felt his time filled with student teaching alone, there was still time for group feeling and enterprise. Much credit for the success of class projects is due to the fine leadership and guidance of our class advisor, Professor H. A. Andruss and to the officers and co-workers of the organization who spent much of the time promoting projects to the best advantage.

- In September, 1931, two hundred cocky Freshmen invaded B. S. T. C intent in making their mark in this New World. Subdued by customs and the Pajama Parade, the class first spread its social wings at the Kid Party and the Freshman Hop.
- With only one half of the group left in 1932, the class lost none of its spirit or initiative, Soon it was placed on a firm financial basis by the efficiency of the officers and Miss Maupin, the advisor.
- The Sophomore chapel program, which included singing and dancing and featured the class song, was well received by the student body.
- The social height of the year was reached when the Sophomore Cotillon claimed the spotlight. Dr. Getkins and his Night Hawks furnished the music in an attractively decorated gym.

OBITER

- The Junior year was opened with a bang by a picnic at Spring Brook Park. Later the Christmas dance was enjoyed by all members.
- Although it is unwise to swap horses in the middle of the stream, the class lost Wesley Knorr, the president of the first semester, because he became a Senior. This necessitated installing Elmer McKechnie as president and Howard DeMott as vice president.
- Many members of the class have been honored by receiving bids from the various fraternities and the class as a whole has made an impressive scholastic rating. The class was honored by having Rostand Kelley, representative to Student Council for two years, elected President of Pennsylvania Association of College Students.
- Projects of the second semester included the sponsoring of several motion pictures and the Junior Prom which held up the standard set by previous social functions of the class.

- In the fall of 1932, one hundred and seventy-five green and inexperienced yearlings entered Bloomsburg, coming from towns of all sizes and representing a large portion of the state. Students from Forest City, Centralia, Delano, Simpson, and Tuscanora, mingled in close friendship with those from Harrisburg, Wilkes-Barre, Scranton, and Hazleton, as associations made in the classrooms and the enforcement of annual customs molded the group into a finished organization.
- The "kids" had their fling at their annual Freshman Kid Party, but they later proved that they possessed potential possibilities by making a huge

success of the "Freshman Hop." Their chapel program, a mock radio broadcast, uncovered both musical and dramatic talent and scored as an outstanding presentation. One huge set back came as the class warriors lost 6 to 0 in the annual "Football Feud;" but this was retrieved by a large number of the members winning their spurs in varsity sports and seventeen members achieving the honor rating.

- As Sophomores, their ranks diminished by half, the group profitted from their previous year's experience to express potential social powers by sponsoring the annual "Sophomore Cotillion" in the form of a St. Valentine's Party.
- The success which has thus far been attained is due in great part to the capable leadership and co-operation of the group and student body. To these groups and to our advisor we owe our success in both social and scholastic activities.

- In the ninth month of the year 1933, A.D. generals of the unemployed either enlisted or were drafted as Frosh in B. S. T. C. Registration day caused much confusion and many green looking students were seen wandering blindly about the campus,
- To their surprise the Frosh passed through the first week with remarkable ease. As the strangers vanished so too, their meek and mild mannerisms. But lo! Frosh never can see ahead. For in a few days they were falsely accused and sentenced to horrible weeks of customs. Students of the weaker sex were seen wearing the proverbial jail-bird black and white—only this was black and white lisle hose. Green ribbons adorned their flying locks and signs heralded them from afar. The male order, however, kept the depression of '33 in mind and were seen wearing their coats inside out. A more intelligent and thoughtful group of Frosh has yet to be observed.
- Despite the hope of the Freshmen the upper classmen proved themselves superior by the measly score of 12-7. This final degradation accomplished, the baby class had at least reached maturity and adapted itself to the antique habits of the upper classmen. But before closing the chapter

of these "booful" days they o'erlooked all sophistication and celebrated by having one last fling—the "Kid Party."

- After the first six weeks of school rolled by every Frosh had become acquainted. Thanks to the rigors of customs! Class officers were elected and Dr. E. H. Nelson was honored by being chosen class advisor. Under capable officers and advisor the Freshman Class eagerly looked forward to all other events that make up their college year.

HEALTH CREED

"My body is the temple of my soul", Therefore
I will keep my body clean within and without.
I will breathe pure air and I will live in the sunlight.
I will do no act that might endanger the health of others.
I will try to learn and to practice the rules of healthy living.
I will work, rest and play at the right time and in the right way, that my
mind may be strong, my body healthy and that I will lead a useful
life and be an honor to my parents, to my friends, and to my country.

The "Husky" Mascot

Al Watts and Roongo

R—o—o—n—g—o

R—o—o—n—g—o

R—o—o—n—g—o

- Here stands Roongo, but what does he stand for? He stands for the students of the Bloomsburg State Teachers College, for they chose him for their worthy mascot.
- He stands for the ideals of manly sportsmanship, fair play, and the worthwhile benefits derived from playing the game squarely. He offers a challenge to individuals and team mates to cooperate and work for the common good as his brothers have so finely demonstrated. Would he think of giving less than his best at any time, and would he ever give up without a struggle? His life history thoroughly demonstrates these desirable traits.
- Here stands Roongo for Bloomsburg athletes, challenging them to live up to the traditions of the "Huskies" of the far North; for the students chose him as their worthy mascot, and a dog never breaks a promise to any of his sincere friends.

Coach George C. Buchheit

- Silent, calm, possessed of patience, hopeful, and friendly—such are the traits incorporated in the person of George C. Buchheit, coach of athletics at the Bloomsburg State Teachers College.

- Mr. Buchheit joined the faculty in the fall of 1932, and in the two school years that he has been with us, he has won the good will and friendship of all
- His first year as coach on the campus met with fair success. During that time he experimented with and studied the athletic material available.
- Beginning with the football season of 1933, he went right to work in building up a great team. Handicapped because of injuries to varsity members, and the lack of height and weight, Coach Buchheit demonstrated his good judgment and "sports knowledge" by resorting to a speedy ground and aerial attack.
- The same was true of the basketball season. The squad was cut and he concentrated on the "making" of a great combination with but sixteen candidates. This Huskie Five was the fastest moving Court Squad in the Intercollegiate Circuit, and also one of the most successful during the current season.
- Buchheit showed some great improvement in his athletic teams of the school year (1933-34) over those of the preceding term, and now that he knows his men, we can look forward to Bloomsburg's having a colorful and winning sports combination in the future.
- With all sincerity, we extend our heartiest congratulations to our coach, George C. Buchheit, and wish him the best of luck in his future undertakings.

Football

- Coach George Buchheit, a victim of circumstances in the earlier part of the grid season, overcame the obstacles that threatened his charges, the Bloomsburg Huskies, with an amazing finishing attack that brought the season to a successful close.
- Prior to the opening of the "pigskin" race, Captain "Freddie" Jaffin, "Whitey" Moleski, "Rex" Turse, and Frank Rompola, all members of the varsity squad, received injuries that kept them from participation in the first games. Coach Buchheit, however, was not to be thwarted. With the aid of Miles Potter, and "Tam" Kirker, members of the alumni, he went to work and rebuilt his team, and even though his boys received set-backs, they were hard fought games, characteristic of the sportsmanship qualities of Bloomsburg Athletes.
- The squad consisted of thirty-eight men. Eight of these will be lost through graduation. However, the reserve material that will remain will insure a good team for the coming season.
- A pre-season game was held with the Elk Grove Forestry Camp Eleven. The Maroon and Gold Passers crossed the line for three touchdowns as against none for the visitors. The Huskies displayed a fine aerial and running attack together with a tight defense.

- On October 7, the Buchheit Clan engaged the Orange and Black gridders of Millersville at the latter place. The only score of the game came in the first quarter, and this proved to be the margin of victory over the Bloomsburg "pigskin toters." This was a very close contest, with the Huskies fighting back all the way, and several times, through the fine punting of "Whitey" Moleski the ball was well in the Orange and Black territory. The Maroon and Gold Eleven made a gallant but vain attempt to "come through", but the weight of their opponents seemed to be a deciding factor.
- On the other hand, the fine passing, running, and punting of the ball and the fine defensive work were points that were not to be overlooked.
- The second contest of the season was lost to Indiana on Mount Olympus on October 14. The western aggregation had the advantage in weight, reserve material, and finished players. Captain Jaffin, and Frank Rompola did not see action, while Turse and Moleski were able to get in for only part of the game. The highlight of the game, was "Jack" Taylor's 60 yard exhibition of beautiful, broken-field running in the final quarter, the Huskies' lone score. Harter converted for the extra point. The contest was likewise featured by the outstanding defensive work of Kitch at left tackle, and "Soapy" Sopchak at the calling position. Once again Moleski's toe kept the Blue and Red in their own territory.
- A revamped but highly spirited Eleven journeyed to Mansfield, and gave one of the finest demonstrations of football playing of the season even though they came out on the short end. Five regulars were missing from the lineup, but those who filled the vacancies did so with the skill of the "upper berth" members. Harter was responsible for a touchdown and a placement kick, while Moleski crossed the line for a second marker. The Huskies showed a marked improvement in their offensive drive. This was overshadowed by the yeomen service of Dixon and Boylan in the line, and Moleski, Harter and Sopchak in the backfield.
- The fourth league encounter found the Maroon and Gold Gridders at Oswego, N. Y., on October 28. The Huskie Machine failed to function in the first half, and when they finally did open up in the last period with a burst of energy that resulted in a touchdown by Captain Jaffin and the converting for the added point by Harter, it was too late to overcome the one score margin gained by the New Yorkers in the first period. Moleski put his punting to good advantage and kept the Oswego Teachers from within scoring distance. Kitch, Dixon, and Sopchak were largely responsible for the "bottling up" of the home team's offensive thrusts.
- Up until the Homecoming Day game with East Stroudsburg, the Maroon and Gold Passers had not won a game. They were not the least bit discouraged, for the injured men had returned to the line-up, and for the first time, Coach Buchheit was to have the full strength of his material available for competition. The Red and Black team took the lead in the second quarter by virtue of a field goal and the extra point. Not discouraged, however, the Huskies came back fighting during the third period and drove the visitors back, Moleski driving his way through the center of the line for a touchdown. Then came the final period. Jaffin registered a first down on the visitor's 18-yard ribbon. With but eight seconds of play remaining, the Buchheit squad called time out. Play was resumed—signals were called—the ball

was snapped—it dropped into the waiting arms of Jaffin who held it in a vertical position momentarily—it was then that “Doc” Harter’s trusty, left foot lifted the ball into the air and over the center of the cross-bar to score a field goal, and provide the points that proved to be the necessary margin that spelled defeat for the Stroudsburg team.

- A powerful Lock Haven Eleven defeated the Huskies at the college field on November 18. The snow-laden field was partly responsible for the final score, as the Maroon and Gold Combination was unable to find itself. “Whitey” Moleski’s dependable punting and passing was the outstanding feature of the game.
- The final game on the schedule was played at Shippensburg. Many of the boys played their last game under the colors of Maroon and Gold. They gave their all, and emerged victoriously. The home team had a great advantage in weight, but the Huskies were determined to win regardless of the odds against them. Shippensburg scored in the first period and also added the extra point. Moleski hurled a thirty yard pass in the third quarter to Captain Jaffin, who was across the goal line and had but to touch the ball to register a score. Harter’s place kick was good for the extra digit. With but two minutes to play, “Doc” Harter once again pulled the game out of the fire, and put it on ice by kicking a field goal. Moleski’s passing and punting were largely responsible for the victory of the Huskies. Sopchak, Dixon, and Harter did a great piece of work on the defensive side.

Track

- In the spring of 1933, baseball was discontinued and track was substituted as a major sport.
- This was the first in some time that any attention had been given to the development of track and field activities.
- When the call for candidates was issued, a squad of fifty men reported and Coach Buchheit went right to work in building up a team that would be representative of Bloomsburg's athletic prowess.
- A schedule was arranged, and dual and joint meets were held. The Maroon and Gold field and cinder-men made impressive showings, and the experience thus gained will enable them to have a successful season this year.
- "Joe" Larrish, veteran cross-country man, was assigned the duty of captaining the team.
- Carmen Shelhamer, local boy, was chosen to lead the squad during the 1934 season.
- Bloomsburg opened its track season by giving the Bucknell squad some keen competition, losing however to the count of 66-60.
- The College team displayed its power on the track by rolling up 46 points in the eight track events as against 26 for the Bisons. Lewisburg came back strong in the field events and clinched the meet by scoring 40 points as against 14 markers for Bloomsburg.
- Nineteen men made the trip, and thirteen of them figured in the scoring column. Freddie Jaffin, amassed the highest number of individual points. He ran up a total of 13 credits by virtue of placing first in the 440 and broad jump and gaining second in the hundred.
- Kelly was close behind the leader with 9 markers, Larrish 8, Karnes 6, Sell 5, Baum 4 Danowski and Litwhiler 3 each, Cohen, Shelhamer two each and Yurgel and Young 1 each.
- Our cross-country runners gave evidence of their power by capturing the hillside events. Sell was first in the 880 with Baum third. Joe Larrish gained first position in the mile, with his team-mate, Karnes in third rank. In the two mile jaunt, Karnes, Larrish and Young finished in the respective order.
- In the three events, the Maroon and Gold harriers scored 21 of a possible 27 points.
- Inspired by their impressive showing against the Bucknell trackmen in the opening meet, the Bloomsburg track team scored an unquestionable victory over the Lock Haven Teachers by the score of 90-41.
- Coach Buchheit's charges once again displayed their power on the cinder path by taking the mile and two mile events and getting a first and third in the 880. In the relay, to end the meet, Jaffin, Bloomsburg's anchor man, breasted the tape 100 yards ahead of his opponent.
- Shelhamer, with firsts in the shot put and discus, and Jaffin with firsts in the 440 and 220 sprints, were dual winners for the Maroon and Gold squad.
- The home team took all but three of the events, losing first position only in the two hurdles, where Hoy of Lock Haven showed the way, and in the running high jump, where Burd made the best leap.
- The Bloomsburg track team placed men second in the two mile, third in the mile and fourth in the discus and javelin throw to earn seven points at Shippensburg, May 13, in competition with nine other Teachers Institutions in the sixth annual track and field meet for those colleges of the State. West Chester with a total of 80 points won the meet.
- James Karnes, veteran cross-country man, collected three points for the Buchheit clan by finishing second in the two mile event, just fifteen feet behind Knabb of West Chester. "Jim" is one of the best "two-milers" Bloomsburg has ever had, and he gave Knabb a merry chase the entire length of the course.
- Captain "Joe" Larrish was forced to the limit in gaining the third berth in the mile run. By placing third, "Joe" added two more points for his team.

Sitting, left to right, J. Kelly, C. Shellhamer, F. Sell, J. Karns, J. Larrish, Captain, H. Danowsky, F. Jaffin, A. Verhovshek; Standing, W. Yaretski, Mgr., Coach Buchheit, B. Young, R. Smith, S. Cohen, W. Karshner, M. Mericle, W. Litwhiler, J. Yurgel, E. Low, G. Kessler, Ass't Mgr., S. Green, Trainer.

- Carmer Shelhamer added two points in the field events. He scored two fourth positions, one in the discus throw, and the other in the tossing of the javelin.
- The shot put record of 39 feet, 11 inches, set by Rudowski, former Bloomsburg all-around man, was beaten by Whalley, of East Stroudsburg, by two inches.
- Gold medals went to winners, silver second and bronze third. The captain of each team received the medals, Joe Larrish receiving the medals for the Maroon and Gold.
- Considering the fact that this was Bloomsburg's first joint meet, the team is to be congratulated for the fine showing that they made.
- The Bloomsburg State Teachers mile relay team finished sixth on Franklin Field in the event of the Teachers College championship of America in that distance during the Penn Relay Carnival. West Chester finished first, covering the distance in 3:29.6.
- This is the first time in seven years that the Maroon and Gold has taken part in the meet, and its fine showing will warrant its participation in the future. Bloomsburg's time was 3:34.4.

Cross Country

- Despite the loss of ex-captain Sell, and key-man, Larrish, the 1934 Cross Country Team under the watchful eye of Coach Buchheit and Captain Baum completed a successful but difficult schedule.
- Manager and veteran "Jim" Karnes was the outstanding member during the race. His success may be partly due to the keen competition given him by Louis Bertoldi, a freshman. Captain Baum was dependable and lived up to his position.
- When the first call for candidates was issued, about fifteen determined men took to the hills in preparation for the grind that was to follow. Practice and trial runs were held over the "old course" each day, and the harriers "showed up" so well that it was difficult to cut the squad for the first meet.
- All of the candidates participated in the first meet which was held with the Indiana "hill and dalers." The Huskies were victorious. Jim Karnes came in first, followed by Bertoldi, who pressed him to the limit in the final 50 yard sprint. Young clinched the meet with his fourth berth.
- It took a fast-stepping hillside squad from West Chester to break the Maroon and Gold's three-year winning streak, and this being by a slight margin of five points. Knabb, of the visitors reduced the record of 26:25 for the course established by Allen Parr by two minutes. Once again "Frosh" Bertoldi showed his mettle by breaking the tape one ahead of Karnes who scampered in third. Captain Baum was the seventh man to cross the line, followed closely by Young.
- In a Triangular meet held at West Chester the Huskies finished second to the down-state teachers, and were followed by Shippensburg, and St. Joseph's College, Philadelphia. The team lived up to its name by more than holding its own with much more experienced and trained men from the opposing schools. Karnes was fifth, closely followed by that "oncoming" figure Bertoldi, Bernard Young was tenth and was trailed by Captain Baum and Arden Roan.
- Not content with the meets in which he had participated during the regular season schedule, the veteran Karnes "grabbed up his togs and hitch hiked" to Philadelphia to try

his legs against "seasoned" athletes in the first annual eight mile handicap marathon run sponsored by the Walter Allen Legion Post. "Jim" was the eighteenth man to get under way after the pistol had been fired, and to the amazement of his opponents, (Karnes having trained on the hills at home, gaged his stride) he crossed the tape 20 strides ahead of his nearest challenger. His time was 42 minutes and 56 seconds.

- The Buchheit Squad brought its schedule to a successful close by emerging the winner in a closely contested dual meet at Shippensburg. Karnes, mainstay of the team, raced neck and neck with Coble of the home clan over the entire course. The latter, with a final burst of reserve energy crossed the marker just in time to "nose out" the Bloomsburg star. Bertoldi displayed the fact that he still had much strength "on hand" after the season's grind, by getting "locker" number four. Captain Baum and Young tied for fifth position.

- The College Harriers (the team composed of Karnes, Larrish, Bertoldi, Young, Lau and Roan) finished seven points behind the Trojan A. C., of Berwick in the Eighth annual Liberty Fire Company Marathon, held December 30. The six mile course was around the old river road. Fifty-six participants established a new high for the number enrolled. It was a continuous fight over the entire length of the course between Yohey the winner, and Karnes. The weather was extremely cold, and somewhat hindered the progress of the runners. Karnes was second, followed by Larrish. Not to be outdone, Bertoldi was man number seven. Young was next with a seventeen, then Lau and Roan.

- Much interest has been shown in this sport and Coach Buchheit is making provisions for a regular schedule for the coming season. More time and attention will be given to the development of material for this branch of athletics. Ever since the activity was started, Bloomsburg has had some fine teams, and the success of this year's Huskie Squad indicates that the example or tradition will be carried on.

- Our congratulations to a great Coach and a great Team.

Basketball

- A fighting, fast passing, sharp shooting, ever-alert Huskie Cage Team that was "one" in spirit was the type of combination that Coach George Buchheit sent into competition.
- The Maroon and Gold Five was handicapped at the outset of the season in height, but their very able Coach worked wonders with his charges by placing the fastest quintet in the Inter-collegiate Circuit on the court.
- This Bloomsburg Team had a very successful season by turning in eight victories as against four defeats.
- Cooperating with his Instructor, was that "fiery" figure in the person of Captain "Ernie" Valente. Credit must be given him for the manner in which he brought his squad "along". The spirit that was present in each contest was probably the greatest factor in determining the team's success. Every member of the Huskie Five gave his "all", and when a substitution was made, it was taken in a sportsman-like way.
- Approximately thirty-five candidates responded to the first call for practice. Through the process of elimination, the squad was gradually cut to sixteen. Thus it was possible for Coach Buchheit to concentrate on the development of a winning Court Team.
- Valente, Blackburn, Krauss, and Jaffin, all veterans, held down the forward berths. "Big Boy" Wilson, first year man, filled the gap at the pivot position, and was an asset to the team throughout the season. Washeleski, former center, proved to be a utility man by playing a bang-up game at guard. Alternating and teaming up with him were Phillips, Reed, and Moleski.
- The offensive and defensive strength of the Maroon and Gold Basketeers proved far superior to that of the majority of their opponents.

- A pre-season game was played with the Alumni, and although the stars of yesteryears were victorious by a one point margin, they were forced to carry the fray into an extra period. This was merely a "warming up" contest, for it was the first match in which the Huskie Passers had worked together against an opponent.

- Inspired by their showing in their first court battle, the Buchheit Squad found itself and began to "click", winning the next four games in a decisive fashion. These teams were Lock Haven, Mansfield, Indiana, and the fourth contest being played on Lock Haven's home floor. The offensive power of the Maroon and Gold Combination made its appearance at this point of the season and was continued throughout.

- It was on this first road trip that the Bloomsburg Cagers suffered the loss of the services of Washeleski, lanky guard. Moleski and Reed, varsity reserves were responsible for mending this unfortunate occurrence. Their work at the defensive positions had a bearing on the team's success. The four game winning streak was broken on the Indiana court. However, the Huskies came right back and took Shippensburg's measure.

- Millersville subdued the College Quintet on its home floor by the total of two baskets. Not to be outdone the Buchheit Dribblers journeyed to Shippensburg and scored an unquestionable victory. The fast, and lanky lads from Millersville visited the Bloomsburg Gymnasium and as in the previous game scored a win by virtue of four markers.

- The outstanding accomplishment or feat of the Huskie Five during the entire season was their clean-cut victory over the Red and White Courtmen from the Physical Educational Teachers College of East Stroudsburg. Always known for its fine athletic teams, and after having "mowed down" a number of other colleges in the Intercollegiate Circuit, the Stroudsburg Team was an overwhelming favorite to defeat the Maroon and Gold Basketeers.
- To the surprise of the visitors (but not to the home team), the Buchheit Combination "bottled up" the Red and White's offensive and "turned on" an attack that was too swift for the Stroudsburg Passers to check, thus enabling the home team to defeat their opponents.
- On the final road trip, the Bloomsburg Squad easily defeated the Mansfield Five, and then lost the final game to Stroudsburg.
- Captain Valente and "Freddie" Jaffin both forwards will be lost to the team because of graduation. Their passing and shooting ability has aided the Huskie Aggregation in achieving its success during the past season. However, the presence of Blackburn and Krauss, varsity members, and additional reserve material will fill the vacancies. There is a very good possibility for the development of a championship basketball team during the '34-'35 season with Blackburn heading the quintet.

Junior Varsity Basketball

- The Huskie Cubs, like the Varsity Combination, were successful because of their speed both on the offensive and defensive. In the nine contests on their season schedule, the Maroon and Gold Jayvees were able to come through six times, Two of the games were lost by but a few points. Those court battles which were won, were in a decisive manner.
- Shakofski, Elder, Kundra, Rowlands, Marks, Blass, and Gering composed the Junior Varsity Five. These boys have through their competition shown that they are among the up-and-coming and will gain berths on the Varsity Squad in the future.

Intramurals

- Under the direction of Coach Buchheit, assisted by John Gress, intramural manager, the intramural sports program consisting of basketball, volleyball, handball, wrestling, indoor baseball has gained much recognition during the past year.
- Games were scheduled and played at regular intervals, and in this manner, practically every male student who did not participate in varsity sports took an active part in intramural competition.
- The basketball league was divided into two rounds of play. Eight teams composed the first half, the personnel of which was as follows:

No. 1 J. Boylan C	No. 2 DeMott C	No. 3 Sell C	No. 4 Zubris C
Zadra	Conte	Scheib	Williams
Kilker	Yeager	Schrope	Mudrick
Kelly	Morgan	Dressler	Supchinsky
Bartish	Butler	Nelson	Kupstas
Boylan	Mericle	VanSickle	Merrill
No. 5 Gara C	No. 6 Kessler C	No. 7 Sopchak C	No. 8 Evangelista C
Tensigolski	Rokosz	Rompalo	Howell
Doyle	Turnow	Cornely	Marcinkavicz
Menapace	Yurgle	Webb	Chesney
Rowland	Litwhiler	Hunter	Bertoldi

- Upon the completion of this schedule, team one, captained by James Boylan and that lead by Evangelista were in a tie for first position. In the play-off, "Doc's" squad was victorious.
- Interest grew, and the boys did not want to have basketball discontinued; so a new league was formed. There were but six squads because a number of the members of the first half had graduated at the end of the semester. Those teams were:

No. 1 Rompalo C	No. 2 Cornely C	No. 3 Webb C
Kessler	Mericle	Regan
Butler	Evancho	Kilker
Sopchak	Gara	Shibe
Rowland	Dressler	Visotski
No. 4 Camera C	No. 5 Howell C	No. 6 Marcinkavicz C
Bertoldi	Rokosz	Kupstas
Bartish	Zubris	Pietruszak
DeFrank	Champi	Menapace
Tamalis	Wilczynski	Sallitt

- The competition during this part of the race was thrilling and exciting, with the teams showing teamwork, speed, passing ability, and accurate shooting common to varsity and junior varsity combinations.
- Marcinkavicz's squad were the winners in this round, having a record of five wins as against no defeats. The opposition was very "tight" throughout, and the fact that this five did not suffer a loss is but little indication of the narrow margin by which it won the race.
- In the final play-off that brought together the cream of the basketball league, Evangelista's team, winners of the first half, captured the league championship by defeating the second session leaders, captained by Marcinkavicz by the close score of 45-39.
- The volleyball and handball tournaments enabled the contestants to show their skills. This part of the intramural program created much interest and keen competition.
- Those participating were:
 - Larrish, Harter, Keil, Kessler, McCracken, Thomas, Pietrusziack, Kudgus, Schrope, Waite, Verhouvshek, Chudzinski, Rokosz, Cornely, West, Rompalo, Beck, Camera, Border, Wilson, Lau, Blass, Conte, DeMott, Van Sickle, De Frank, Menapace, Zubris, Blackburn, Phillips, Young, Slater, Heimbach, Novak, Zeiss, E. Phillips, Jones.
- The lost art of wrestling became a favorite pastime of many of the boys. Several exhibition matches were held in the gymnasium.
- The following is a list of those who were on the squad:
 - Harter, Border, Camera, Supchinsky, Cohen, Pietrusziack, De Frank, Dressler, Dry, West, Gehrig, Galganowicz, Schrope, Larrish, Novak, Kudgus, DeMott, Penman, Webb, Michaels, Green, T. Davis.
- Indoor baseball was a sport that was very popular, the games being played on the athletic field when the weather permitted. This branch of athletics had an enrollment of approximately seventy-five.
- The intramural schedule was handled very efficiently and successfully, and if the interest that has been present this past year continues, intra-class activities will have an important bearing on sports at Bloomsburg.

Cageball

• This year the girls were very fortunate in being able to play cageball instead of volleyball, as it gave more girls a chance to participate. Both Freshman and upper class girls played together and the games proved very interesting, especially when the Freshman girls showed their power at hitting the ball across to an upper class girl who might prove a little weak in returning it. The regular outdoor games closed with the following results.

Team	Won	Lost	Tied
4	6	0	1
3	3	2	1
5	3	2	1
1	2	4	0
2	2	4	0
6	1	5	0

- If the girls played every game, they were entitled to one hundred points. In addition to these games, extra games were played in the gym every Monday and Friday. These games gave ten extra points to any girl participating.
- The following girls deserve credit for their outstanding playing in the games.

Eroh
Stevens
Garrison
Ford

Kostenbauder
Yale
Golder

Krumanocker

Girls' Baseball

- Girls' baseball in the spring of 1933 suffered much from the frequent thunder showers. In fact only four of the six games scheduled were played. In spite of the mud, competition between the teams was keen.
- The Senior girls' baseball was under the managership of Blanche Garrison, the Freshman under Edith Blair.
- Team B-7 made up of M. Ford, M. Fiorini, M. Deppe, S. La Brutto, H. Hartman, M. Eroh, R. Golder, B. Garrison, V. Mericle and C. Kreischer won the championship. No doubt this was due to the two left handed batters which walked many of the bases.
- The outstanding players of the season ranked according to the number of runs made are:

	Runs Scored		Runs Scored
Blanche Kostenbauder	19	Madeline Fiorini	10
Euphemia Gilmore	15	Helen Hartman	9
Mildred Ford	14	Camilla Pennica	9
Priscilla Acker	14	Ruth Maust	9
Blanche Garrison	11	Mildred Deppe	8
Longina Dutchak	10	Betty Krumanocker	8
Miriam Eroh	10	Fae Meixell	8

Girls' Basketball

- This year Girls' Basketball took on a new trend in that freshmen girls and upper class girls played together, the division being made only in experienced and unexperienced players. The Freshman girls proved that they were not only proficient in cageball but were fast on the basketball court as well.
- Each team was responsible for having a manager and captain, and one practice period was scheduled each week for every team besides the regular games.
- The standing of the teams in experienced girls' basketball is as follows:

Team No.	Won	Lost	Tied	Percentage
4	10	0	0	1.0000
12	8	1	1	.9000
10	9	2	0	.8181

- This is the sixth year of successful activity for the Girls' "B" Club, the Athletic Association for girls on the campus. The purpose of the organization is to promote athletics and especially to stress good sportsmanship.
- "B" Club members officiate at the girls' athletic events and also take charge of the tournaments, organizing teams, and planning and refereeing games.
- For several years the club has been anticipating the purchase of a weekend cottage, and in order to realize this ambition the club has taken a very active part in the home games selling refreshments during both the football and basketball seasons. On Homecoming Day the club sold over 1,000 tags as well as many flowers.
- Miss McCammon's delightful new home provided a splendid rendezvous for many enjoyable events, such as a tea, a Christmas party, and numerous informal visits.

Maroon and Gold, "Color Song"

- Few students realize or appreciate the musical ability of the two members of our faculty, Dr. Francis B. Haas and Professor H. F. Fenstemaker. Proof of their ability is shown in the two college songs they have recently composed.
- The "Maroon and Gold" or "Color Song" was written in the winter of 1931. The melody for this song had been running through Dr. Haas' mind for some time before he finally put it down on paper. Professor Fenstemaker transcribed it and worked out the harmony; later he wrote band and orchestra treatment.
- Dr. Haas first composed the chorus and one verse. Before our Homecoming game with Shippensburg in 1932, Dr. Haas promised that if the game were won, he would write another verse to our Color Song. As has been our custom for many years on Homecoming Day, Bloomsburg was victorious, defeating Shippensburg by a score of 6-0.
- True to his promise Dr. Haas wrote a second verse.
- This song is a challenge, not only to the team, but to all loyal students and teachers of our college to fight fairly and be good losers.
- Dr. Haas and Professor Fenstemaker deserve much commendation for giving to our school such a worthwhile piece of work.

Old Bloomsburg

- Before Homecoming Day this past season, Dr. Haas made the statement that he and Professor Fenstemaker would write a new college song, if Bloomsburg won the football game.
- Only those who saw that game with Stroudsburg can realize how close we came to losing that game and not getting the new song. However, a spectacular play won the game for us by the score 9-7.
- Professor Fenstemaker immediately wrote the music for the song, and Dr. Haas then wrote the words, giving it the title "Old Bloomsburg."
- This song was formally introduced to the public at the annual Rotary-Kiwanis Dinner, held at the college on March 15, 1934, and will be used in the future as the college "Fight Song."

The Community Government Association

- The Community Government Association, which had its beginning in 1927, consists of all members of the student body.
- The purpose of the organization is to promote individual and group responsibility in regulating its affairs, and to make possible a maximum of cooperation with the faculty and administration.
- Thus it is possible for students to assume responsibility for their conduct and to promote initiative and progressiveness in the handling of their current problems.
- All business of the association is acted upon by the student council which is its executive group. Local problems are acted upon by four separate organizations which are branches of the Association. Namely, Waller Hall Student Government Association, North Hall Student Government Association, Day Girl's Association, and Day Boy's Association.

Student Council

- The Student Council which meets every two weeks, consists of the four officers of the Community Government Association who hold similar offices for the Council, two Representatives from each class, the President of the Organizations of Day and Dormitory Students, the Dean's of Women and Men, and the Director of the Training School.
- It is in this group that all legislation, suggestions, violations and grievances of the Association are discussed and action taken.
- Five major committees aid the Council in its efficient functioning: Social, Student Welfare, Dining Room, Hospitality and Fire.
- Some of the more important things the Council has done this year has been to set up a policy for the regulation of customs, working out a standardized award system, and has assumed responsibility for the Community Activities Funds.
- It has made changes in the set-up of the Obiter and Maroon and Gold Staffs, has instituted a more efficient means of publishing a Hand Book by appointing an editor and board to handle the work.
- Through the initiative of the Council a mascot has been selected by the College and a New Deal for cheer leaders given.
- College spirit constituted problems which kept the council ever active and alert.

Day Women's Association

- The Day Women's Association is an organization composed of all women students living outside of the college dormitories.
- The object of the organization is to promote the general welfare of the day students and to cooperate with the Waller Hall organization in matters affecting all girls of the college.
- Many worthwhile activities have been carried on during the past year, and the girls are justly proud of the organization. One of the newest and most successful projects of this year was carried on during the days for Freshman classification and registration. At this time a committee of

- North Hall! Music of a sort—vocal and otherwise, voices loud or harsh, colorful bathrobes moving through halls and up stairways, showers running full blast, a bull session in full swing, a student working at ease amid various distractions—this is North Hall where dormitory men make themselves at home.
- A successful student organization, functioning for a long period of time, has sponsored several worthwhile activities, including smokers and the purchase of a new radio.
- Dormitory life has attractions and the inhabitants of North Hall have experienced these. There's Young, Chudzinski, Schraeder, Partridge, Evangelista, Gribbin, Jaffin—they're all from North Hall.

• While the sun rises, the sons of native Pennsylvanians also rise and travel to B. S. T. C., some a few blocks, some a few miles, and some many miles. Coming from both banks of the Susquehanna, Fishing Creek Valley, and neighboring hills and valleys, these chaps represent an organization composed of a conglomeration of varied ideas, ideals, and attitudes. These same fellows, however, have learned to associate with each other, learned to live together, and not a few of them have shown worthwhile traits through the activities which they have participated in at the college.

Professor O. H. BAKELESS

Born September 6, 1858

Died September 6, 1933

In Memory of PROFESSOR O. H. BAKELESS

- It is with regret that we have witnessed this school year the passing of one of our most beloved friends and helpers, and for a generation one of the leading educators of Central Pennsylvania.
- Professor Bakeless was born at Shamokin Dam on September 6, 1858, son of John C. Bakeless, a contractor and builder. The family is of French extraction, and his great-grandfather, Phillipe Beurclerc, was a French refugee.
- Professor Bakeless was educated in the Shamokin Dam School and in Professor Noetling's Normal Institute at Selinsgrove. Following his graduation, he taught for several years before entering the Bloomsburg State Normal School, from which he graduated in 1879. He taught at Laurelton and Catawissa, then entered Lafayette College and graduated in 1890.
- While teaching at Milroy he met Sara May Harvey. They were married in 1892. That year Professor Bakeless accepted a position as head of the academic department of the Carlisle Indian School.
- In 1902, Professor Bakeless returned to Bloomsburg as head of the Department of Pedagogy of the Normal School. He continued in that capacity until he resigned in 1929.
- Always a firm believer in Latin and Greek as fundamentals for education, he taught classics in the Normal School during his first association with the institution and maintained a keen interest throughout his life in that phase of education. Although he kept abreast of educational developments, his belief never wavered that classical education was the only proper foundation.
- During the years of his service at the Normal School and Teachers College, he left an indelible impress on the lives of thousands of students. Following his retirement, he maintained a keen interest in the affairs of the Alumni Association. The handsomely furnished Alumni Room at the College was one of his dreams, and he was the leading force during the years in seeing that it was properly equipped. It was only fitting that in return for his interest and work, this room was dedicated on Alumni Day, May 26, 1934, as the Bakeless Memorial Room.
- Professor Bakeless was a Master Teacher. That he was successful is revealed in the character of the thousands of graduates of Bloomsburg, whose undying affections are a lasting monument to his life. It can be truly said of him that he "would rather live in the hearts of his students than be honored in story or song."

Professor F. H. JENKINS

Born March 15, 1855

Died September 30, 1933

In Memoriam

PROFESSOR F. H. JENKINS

- Professor Francis H. Jenkins, one of the last remaining members of the "old guard" that carried on during the darkest days of the Bloomsburg State Normal School died at his home, September 30, 1933.
- Professor Jenkins was born March 15, 1855, in Cittenango, New York, and was educated in the public and private schools there. In 1873 he entered the Bloomsburg Normal School and graduated in 1876 from the College Preparatory course. In 1876 he entered Amherst and studied there until 1878, when typhoid fever prevented his return. In 1887 the degree A. M. was conferred on him by Pennsylvania College at Gettysburg. From 1880 to 1884 he was principal of the schools of Easton, N. Y., and returned to Bloomsburg in 1884.
- On December 22, 1880, he married Anna M. Bittenbender, daughter of one of the original trustees of the school.
- When Professor Jenkins came to the Normal School there were 12 members of the faculty and the student body numbered 116 girls and 156 boys, of whom there were 19 boys and 4 girls in the dormitory. There were only two buildings at the school then, the Institute Hall and the Dormitory, and the latter was destroyed by fire in 1875.
- For eleven years Professor Jenkins was an English instructor. At the end of that time he became the business manager and bursar and nursed the precarious finances of the school through the darkest hours.
- Following his retirement he became Treasurer and Business Manager of the Alumni Quarterly and continued his active interest until his death.
- The Obiter was dedicated to him in 1920 and the class of 1927 in its Obiter paid the following tribute to him under the heading, "An Appreciation:"
 - "No one who watches the summer sun as it slowly sinks behind the western hills can fail to wonder at and be impressed by the beauty of its afterglow. So are we impressed by the influence of Professor Jenkins. To the Normal School he has given much in strength and devoted effort. In days of need, the school never had a better friend. The institution is better because of the excellence of his service to it. After these years of honorable service we want him to know that we appreciate what his efforts mean to us and to the classes to come."
- Professor Jenkins was a true friend of our school in time of need, and those who best knew his sincere life, understood how every plan for the betterment of the school grew stronger and more sure of success under his careful guidance. Many of the splendid opportunities we, as students, have today, we owe to Professor Jenkins' untiring work.

Student Memorial

"There is no death; what seems so is transition;
This life of mortal breath
Is but a suburb of the life elysian,
Whose portal we call death."

- In loving memory of those two students, Miss Emma Roberta Smith and Stan Lillibridge, who were with us for a time, but have during the past year passed on to that greater world beyond.

- With the largest membership in the history of the organization, the Y. W. C. A. has completed another year of worthwhile activities and has contributed largely to the student life of the college.
- During Freshmen Days in September members of the Y. W. C. A. cabinet assisted the student government association in welcoming and entertaining freshmen. A tea was held for the freshmen in the social rooms of Science Hall the opening day of school.
- In October the Y. W. C. A. was hostess to the members of the Central Area Committee of the Middle Atlantic Region of the Y. W. C. A. for a week-end meeting. Eight colleges were represented and thirteen girls were in attendance. As a result of this conference the Week of Prayer was observed simultaneously by the colleges represented and Bloomsburg's Y. W. C. A. exchanged meetings with the Y. W. C. A. of Susquehanna University.

- The Japanese Bazaar which was an annual affair of the Y. W. C. A. until 1928 was again sponsored by the "Y" of this year in place of the usual formal dance. Since the Bazaar is new to the members of the student body, it was well patronized and was considered one of the outstanding events of the year.
- At Christmas time the Y. W. C. A. provided a needy family with clothing, gifts and food, as has been the custom of the organization for many years.
- The Y. W. C. A. was represented by the president at the summer conference held for all colleges in the Middle Atlantic Region at Downington, Penna., and also at the Middle Atlantic Council Meeting at West Chester in October. Several cabinet members were also sent to the Spring Training Conference held at Stroudsburg in April. The benefit received from these conferences has been reflected in the regular Wednesday evening meetings which have been conducted largely by students. During the year several joint meetings have been held with the Y. M. C. A. and also a number of parties.
- As a whole the Y. W. C. A. has had a most successful year. This success has been due to the faithful cooperation of the members and the advisors, Miss Cathcart and Miss Mason.

- The "Y" under the capable leadership of Howard Waite, president, and Prof. S. I. Shortess, faculty advisor, had a very successful year.
- The first major activity of the "Y" was the Freshman day and campfire held on the first day of school. Through this some very successful Freshmen work has been accomplished and this Freshmen class has been the most active of any recent entering class.
- Several meetings, such as musical and valentine parties, have been held in conjunction with the Y. W. C. A., and these have been very helpful and enjoyable. The regular meetings have been addressed by very inspiring speakers.
- Several conferences have been attended by officers, cabinet members, and other members of the club. These conferences, particularly one held in Reading on December 1, 2, 3, have greatly helped the work of the "Y."

- The Alpha Omicron Chapter is our local chapter of the Alpha Psi Omega, the largest honorary dramatic fraternity in the United States. It provides a bond of fellowship among those interested in educational dramatics and the college theatre.
- Alpha Omicron cast is composed of those members of the Bloomsburg Players who do outstanding work in dramatic production, either in acting or stage craft.
- Each year the fraternity produces a long play as well as several one-act plays for various organizations in the community: This year they gave a most successful production of "Death Takes a Holiday," by Alberta Cassela and Walter Ferris. They also sponsor a yearly one-act play tournament for high schools. Many of our alumni enter casts in this tournament.
- While the dramatic work is the most important to this fraternity, the social idea is not neglected. Among the social events are the annual Christmas party and the annual banquet on Homecoming Day, always largely attended by the alumni.
- The fraternity also keeps the alumni informed about each other and about present dramatic activities of the college through a news letter published each year.
- The members of the Alpha Omicron Cast have worked faithfully to maintain the standards set by the national organization under the wise and competent guidance of their director, Miss Alice Johnston.
- Members of the fraternity are:

- Phi Sigma Pi, a professional educational fraternity for men in teacher training institutions, has, under the leadership of Ernest Valente, contributed much to the educational and social life of the college.
- The educational meetings have been rich with informal discussions on important current problems. The outstanding meeting of this kind was held at the home of Dr. Haas on January 8. Dr. Haas spoke on "Social-Economic Goals of America." After this talk, a round table discussion was held with John Taylor as leader.
- Socially—smokers held at various faculty homes, and the weiner roast, were enjoyed by all attending.
- The weiner roast was held at Gilmore's Cottage near Eysergrove on October 13. A very interesting speech was given by Professor L. P. Gilmore, of the Bloomsburg High School faculty, on "Fraternizing." He ably explained the value of being a fraternity man; the effect it has on men in the field of education and the purpose it serves in welcoming men visiting the college as alumni.
- Iota Chapter has certainly lived up to its high ideals in providing fellowship and increase in educational knowledge, not only for its members, but for the college as a whole.

- Gamma Theta Upsilon, the only undergraduate geography fraternity of national scope, is the youngest professional honorary fraternity on our campus. Active membership is restricted to students who have enough interest in geography either to make it a special field in their college work or to take considerably more than the core subjects in geography, and who have also the requisite scholastic rating in both geography and all other college work.
- Among the chief objectives of the fraternity are:
 1. To promote fraternalism among those who have chosen geography as a field of endeavor in education.

2. To advance the professional status of geography as a cultural and practical phase of education.
 3. To create and administer a loan fund to aid alumni members in graduate study in the field of geography.
- During the last two years, this fund has aided four students from three teachers colleges to carry on graduate work in three universities.
 - Organized in October, 1931, with a charter membership of seven, Delta Chapter now has thirty-eight members—thirteen active, twenty-four alumni, and one honorary.
 - This year Dr. Russell represented Delta Chapter at the 1933 national convention held in Evanston, Illinois, and was elected one of the five members of the National Executive Committee, comprising three student members and two faculty sponsors.

THE ARROW AND THE SONG

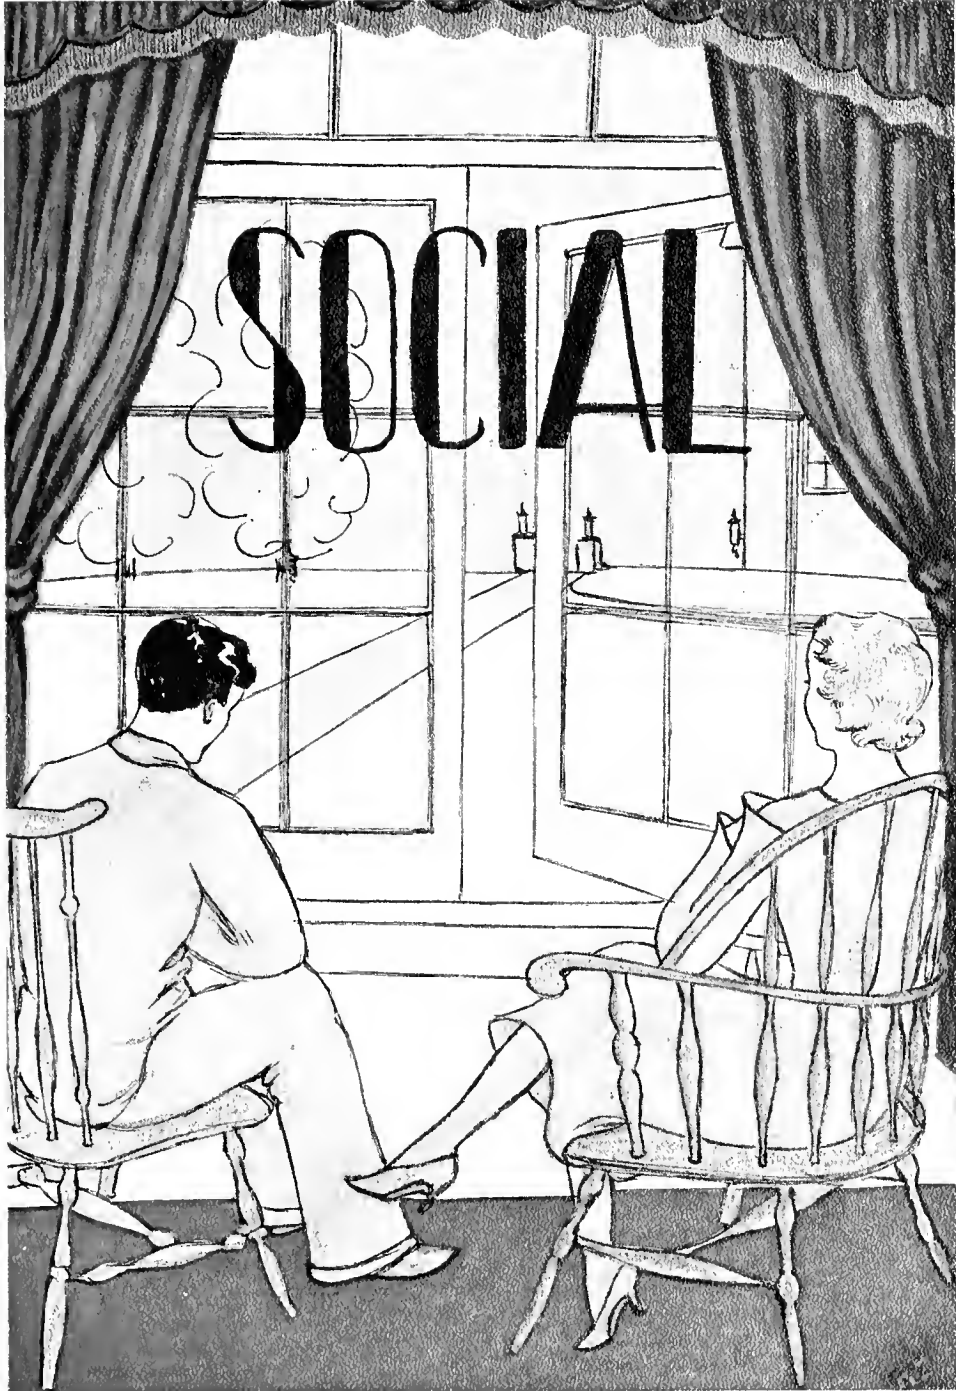

I shot an arrow into the air,
It fell to earth, I knew not where;
For, so swiftly it flew, the sight
Could not follow it in its flight.

I breathed a song into the air,
It fell to earth I knew not where;
For who has sight so keen and strong,
That it can follow the flight of song?

Long, long afterward, in an oak
I found the arrow, still unbroke;
And the song, from beginning to end,
I found in the heart of a friend.
Longfellow.

- Everyone has a natural interest in his environment. The purpose of the Nature Study Club is to satisfy this interest in a most desirable manner. The club tries to avoid as much as possible all classroom procedure in its effort to be interesting.
- At its meetings, held during the extra-curricular hour, the organization discusses various topics relating to Botany, Zoology and Astronomy. The use of lantern slides, films, and specimens from the Museum make these meetings very interesting.
- Realizing the fact that very few of the students are acquainted with the trees on the college campus, the club has undertaken the study of trees.
- The next project to be undertaken will be a study of the birds of this locality. In addition to making short field trips throughout the year, the Nature Study Club enjoys at least one all day hike.

- The Bloomsburg Players, better known on the campus as the Dramatic Club, is a group well known for its ability and willingness to entertain by presenting plays. The group itself, however, has much higher aims than mere entertainment. At the regular meetings each Tuesday evening a one-act play is presented, produced entirely by club members. The club is the audience, and also acts as a criticism committee. At the conclusion of the play the cast and director join the club and receive the criticisms, all of which are given for the purpose of instructing the group at large or helping the players attain to a higher degree of perfection.
- The Club is a stepping-stone to two high honors: one, admission to Alpha Psi Omega, the National Honorary Dramatic Fraternity, and the other, the Gold Pin Award. There are specific requirements for eligibility to the fraternity, all of which are available for those participating in any of the club enterprises. The Gold Pin is a merit award given each year to six persons who have done outstanding work during their membership in the club.
- The Bloomsburg Players and Alpha Psi Omega work together to a great extent. During the year there is produced a Dramatic Club play and play tournament, and an Alpha Psi Omega play, and a high school play tournament sponsored by the fraternity. The Club is also called upon numerous times during the year for one-act plays to be presented at various town meetings, and college entertainments, such as Rotary-Kiwanis night and Reception night.
- Membership to the organization is gained by try-outs before a committee composed of club members and the sponsor, Miss Alice Johnston.

- The Junior Chamber of Commerce, an organization of all the commercial students, still is outstanding on the campus because of the enthusiastic cooperation of its members.
- The club has not only brought demonstrations of the latest commercial equipment to its weekly meetings but also has carried out an interesting social calendar. Last fall it spent an enjoyable afternoon at Spring Brook Park. In October the club included the whole college in its formal carnival dance; in the spring the organization held its annual formal dinner at which time outstanding members received awards.
- The activity bringing great publicity to the college was the Commercial Contest held for high school students. From nearby high schools students competed in business law, typing, and shorthand. A silver loving cup was presented to the high school with the most points in all subjects. In addition, medals were given to students with first and second honors in each subject. Last year Berwick High School received the loving cup.

- One of the oldest musical organizations of the college is the Girls' Chorus. For seven years, under the competent direction of Miss Patterson, the club has presented an annual spring concert.
- The organization is composed of 56 members selected with the aim of attaining well balanced harmony. This year more old members remained with the club than in any previous year.
- Tone quality, phrasing, diction, rhythmic sense, musical interpretation and correct singing posture are emphasized during the year. Both classical and modern music is sung.
- The club appeared several times during the year at social events. Two of the outstanding events were the Rotary and Kiwanis Night and the Columbia County Institute.
- At the spring concert the following delightful program was presented:

- The well known "Men's Glee Club" of former years has been reorganized under the caption of "The Glee Club of the State Teachers College at Bloomsburg."
- This year, as in preceding years, the popularity of the club has continued to grow. On campus the club sang a program of Christmas songs in assembly, and presented a formal concert in the auditorium on the evening of March second. In addition to these appearances the club sang on the Rotary-Kiwanis College Night program, and at dinner parties in the college dining room.
- Off campus the club sang at Berwick, Scranton and Wilkes-Barre High Schools and was enthusiastically received at each appearance.
- The work of The Glee Club has resulted in a highly creditable achievement. The work is valued by members for the opportunity offered for individual expression in song, while graduating members will carry away an inestimable appreciation of group performance and a thorough knowledge of sight reading.
- The concert program of March second follows:

- The Maroon and Gold Symphony Orchestra, one of the oldest musical groups on the campus, is reorganized each year by its conductor, Mr. Fenstermaker.
- The group is founded primarily to serve at those college functions where a better type of music is desired, and it fulfills its requirements by rendering symphony selections at many social events as well as filling an occasional engagement off the campus.
- The personnel of the orchestra is kept at approximately thirty-five members by the addition each year, of those interested persons who can qualify for vacancies.

- The band which has now become firmly established on our campus, has added color and enthusiasm to all our home football games. It has not only delighted home spectators but also has greatly pleased the crowds of Shipensburg and Mansfield. This is the first year that the band has accompanied the team to any game played off campus.
- The band made its first appearance in full uniform on Homecoming Day, when it gave an enjoyable concert.
- After it had completed a successful fall season, the band entered the Armistice Day parade at Bloomsburg. Here it was not only successful in gaining the approval of the spectators but also in winning a special prize.
- Under the capable direction of Mr. Fenstermaker and Richard Thomas, the drum major, the band has learned many new drills and much music.

- The making of the 1934 Obiter proved to be an invaluable and interesting experience to all individuals concerned. Many challenging situations arose to be surmounted by collective ingenuity and persistent effort. The staff contributed numerous ideas and plans only to meet disappointment in many cases; and at times discouragement loomed to darken the optimistic efforts of staff members, but these were turned into humorous pleasantries which will not soon be forgotten.

- With all sincerity fellow staff members criticized numerous sections of the book, a fact aiding considerably to smooth out the rough edges in the building of the Obiter. This volume represents the results of much time and thought on the part of the various individual members of the staff. Whether or not that time has been well spent may be determined by the quality of the results, remembering that time itself measures infallibly all works with an accuracy unequalled by man.

Maroon and Gold

- This year a remarkable change in administration which will lay the foundation for a college standard publication, occurred to Maroon and Gold, the bi-monthly student publication of B. S. T. C. Student Council saw fit to increase the efficiency of the staff through a student election of an associate editor at the beginning of the second semester who will assume the duties of editor in September. Student Council also stripped the office of business manager of its importance.
- Together with this change, the staff labored laudably to uphold its three-fold policy of directing student opinion, upholding the '32-'33 policy of editorial strength, and recreating the paper on an attempted "all news—less gossip" basis.
- Under the leadership of its first woman editor and an efficient faculty committee headed by S. L. Wilson, the staff made great strides in the field of journalistic improvement. Reporters were granted berths purely on competitive basis, records were kept of the quantity and quality of each reporters copy, instruction was offered to reporters on newspaper writing.
- Key awards were given to Seniors who had done outstanding work and certificates of awards were given to under-classmen who were considered worthy.

It is composed at present of sixteen regular members, eight associate members, and two honorary members. The Club has discussed this year "The Rural School and Its Improvement," "Relation of the Rural Teacher to Community Life," and "Consolidation and Its Problems." A very interesting, illustrated lecture on "Art in the Rural School" was given by Mr. George Keller. The club has also come into closer contact with rural life by visiting several rural schools nearby.

- The Geographic Society is composed of students interested in geography. Each member makes some contribution to the organization by giving a geographic talk or sponsoring a trip to one of the industries of town.
- Some of the reports, given this year, were on Niagara Falls, California, Pittsburgh, New England States, and Byrd's trip to the South Pole. Field trips were made to Snyder's Dairy and Letterman's Bakery. During the second semester, all reports were based on Lindbergh's recent trip to the four continents.
- For their chapel program, the club and Gamma Theta Upsilon presented two reels of movies on our national parks.
- The outstanding event of the year, however, was its annual all day trip. Last year, in spite of the drizzle, the club enjoyed their trip to Kitchen Creek Falls.

Waiting for a break. Perhaps the next one will be better. Even a Dr. may catch something at times. Strike up the band, a reputation is at stake. Baseball fans watching the fanning.

Death Takes A Holiday

By

Albert Cassella and Walter Ferris

Presented by Alpha Psi Omega

- Friday evening, December 15 the local chapter of Alpha Psi Omega, most successfully presented the play "Death Takes A Holiday" under the splendid direction of Miss Alice Johnston.
- The story of the play centers around Death who becomes flesh and visits the world of living people. Upon his three days of being a mortal Death falls fatally in love with Grazia, a beautiful mortal. Before becoming a mortal Death had sworn to the Duke that he would not harm anyone if the Duke promised not to betray him. In the meantime Grazia falls in love with Death and the Duke reminds Death of his promise. The play has the most unique ending in that Grazia returns with Death as his bride.

The cast of characters in order of appearance was as follows:

Cora	Priscilla Acker
Fidele	Dan Sallitt
Alda	Joy Morris
Duke Lambert	William Thompson
Duchess Stephanu	Charlotte Hochberg
Baron Cesarea	Maynard Pennington
Rhoda Fenton	Jean Reese
Eric Fenton	John Krepich
Corrado	Blaine Saltzer
Grazia	Sarah Lentz
His Supreme Highness—Prince Serke of Vitalba Alexandria	Jack Taylor

High School Play Tournament

- The fourth annual scholastic play tourney, held in the College auditorium on the afternoon and evening of March 10 was the finest of its kind yet held at this institution.
- The event was sponsored by the Alpha Psi Omega Dramatic Fraternity and four graduate members directed plays from the six participating schools.
- The winner in Class "A" was Sunbury High and the winner in Class "B" was Lake Township High. The other schools were Berwick, Dallas Township, North Scranton Junior High and Hughestown.
- The plays and work done by the entering schools were of such high calibre that the work of the judges was most difficult and painstaking. John S. Koch and S. L. Wilson, of the college faculty, and Miss Beth Girton of Bloomsburg served as judges.
- Three of the plays were presented in the afternoon and three in the evening. Between the sessions, the fraternity entertained the casts at a tea given in the social rooms of Science Hall. The committee in charge was composed of Miss Sarah Lentz, Miss Maryruth Rische, Miss Grace Foote, Miss Harriet Sutliff, and Miss Joy Morris.
- M. J. Pennington, Daniel Sallitt, John Krepich, Jack Taylor, David Mayer, Tom Davis, Miss Betty Chalfant and Miss Priscilla Acker were the members of the committee in charge of the general arrangements of the tourney.
- The prize winning cast of Sunbury which gave "Vindication" was composed of: Mrs. Mason, Miss Keathleen Gillody; Ada Mason, Miss Mary Ellen Garman; Fred Mason, Alfred Little; Mrs. Lewis, Miss Laura Cooke; and Rev. James Douglas, Charles Moorehead.
- The Class "B" who gave "So's Your Old Antique" were: Dick, Clyde Mayer; Sally, his wife, Miss Elsie Aney; Mrs. Pettis, Miss Hilda Allen; Miss Walster, Miss Florence Hauck; chauffeur, George Elias.
- Those receiving honorable mention in the other plays were: "Pierrot, His Play", given by Berwick, Jack Graham; "Speak to Father", given by Dallas, Willard Weber; "The Bishop's Candlesticks", given by Hughestown, William Stahl, and "The Soul of a Professor", given by North Scranton Junior High, Ralph Levy.
- So far the Fraternity has made much progress in encouraging educational dramatics in high school. The success of this year's tourney serves as an illustration of what has been accomplished in many high schools and certainly warrants its continuance as one of the outstanding events of the school year.

- The 1934 Obiter is similar to many other achievements in that it is not the result of one but of many individuals cooperating to make the book possible.
- Many thanks we owe to Dr. Haas, Mr. Hausknecht and Professor Andruss for their generous aid and assistance in starting us off and keeping us going.
- To Carl Riggs and Woodrow Hummell we are greatly indebted, for without their sound advice our sledding would have been quite difficult.
- We greatly appreciate the efforts of the following persons; who were closely connected with the book:
 - Professor H. A. Andruss, who gave us much sound business advice and practical direction; Grace Foote, who did the fine art work; Professor H. F. Fenstermaker, who copied the two school songs for us; Professor S. L. Wilson, who gave freely of his time to correct and criticize the write-ups; Ralph G. Phillips who gave us the fine photography, and Mr. Beisel of the Art, Engraving and Electrotyping Company, of Reading, and Mr. Esser of the Kutztown Publishing Company, who gave us splendid assistance and the finest of cooperation to enable us to produce this book.

THE SERVICING OF SCHOOL ANNUALS

is just as important a factor to us as the printing of them. The many unknown details which "pop" up daily are entirely too much for any one member of the staff to shoulder, so that today many schools in this section are relying upon our Mr. Charles Esser whose long experience in this field, has helped many staffs. • His service in building annuals within their budgets has enabled a number of schools this year to continue their publications without lowering their standards. We not only help you to produce your book at a moderate price, but also plan it so that your book is above the average • We appreciate the opportunity to produce this annual and wish to acknowledge the excellent cooperation received from the members of the staff.

Finis

- There are many promising teachers going out from Bloomsburg this year to take up their various tasks throughout the country. It will be but a matter of time whether or not success or greatness will be achieved, but in the meantime, there's Alumni Day, Homecoming Day and the Class Reunions when we'll be checking up on one another and renewing our classroom associations. So with best wishes for the success of all beginning teachers the 1934 Obiter ends its account of student life at the Bloomsburg State Teachers College.
