DEDICATION

MR. HOWARD FENSTEMAKER

Seated—Mr. Fenstermaker.
Standing, Left to Right—Howard Fenstermaker, Jr., Mrs. Howard Fenstermaker, Jr.,
Mrs. Harry John, Harry John.

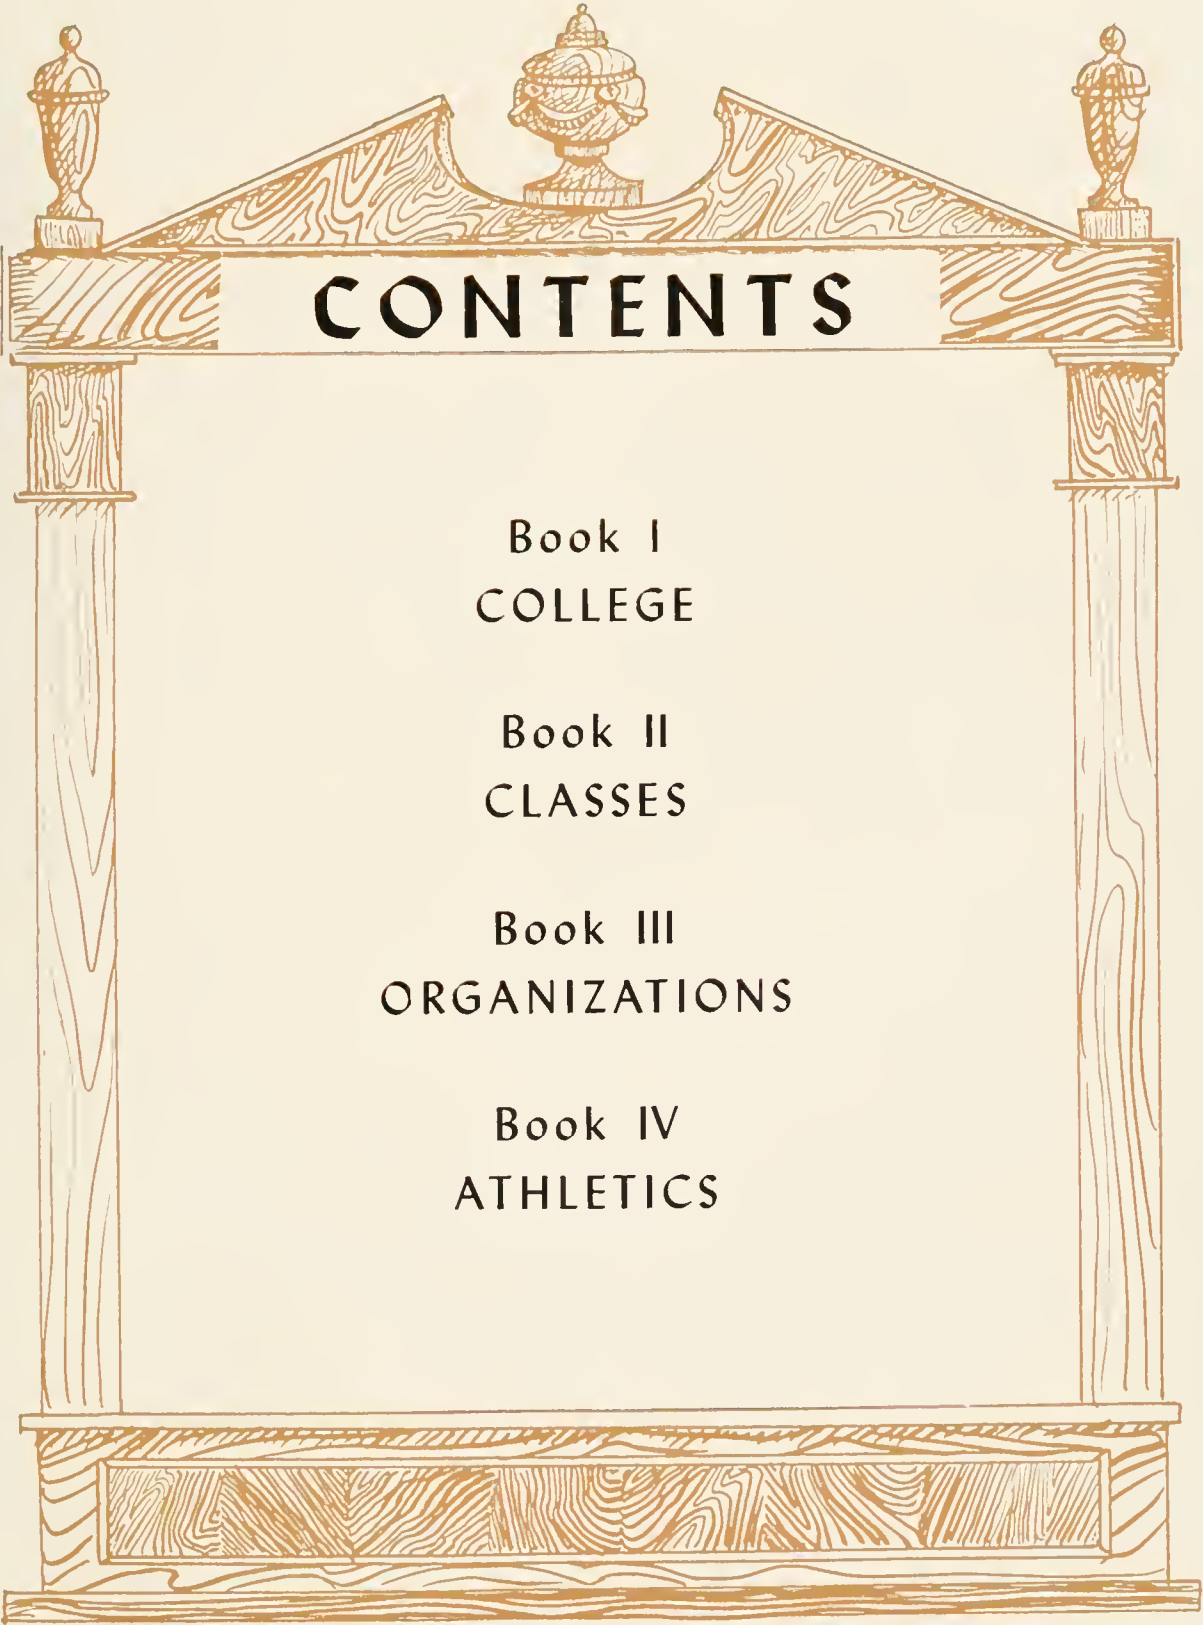

You have made our lives here rich with your patience, your understanding, your strength. You give us and our school a kind of glow that nothing material could give to us. We are grateful for your magnetic wit, soothing personality and versatility. Thank you, Mr. Fenstermaker, for being you.

FOREWORD

AS future teachers it is our privilege as well as our responsibility to aid in the construction and insurance of a lasting world peace.

This book, we hope, will serve as a reminder of the campus and a message from the school which will be carried with the teacher wherever he might serve.

Facts on the Campus

DO YOU KNOW THAT:

The model training school was once housed in Noetling Hall.

Eagles once stood where 'Leo' and 'Leona' now sit. The lions were situated where the lamps now stand. Several workmen commented that the American Eagle should never appear below the British Lion and as a result the lions and the eagles were interchanged. In a short period of time the wings on the eagles were broken and soon had to be replaced by the lamps.

The editor of the 1931 OBITER was the faculty adviser for the 1917 OBITER.

At one time male students were not allowed to smoke on the campus.

The first Athletic field is now the site of Science Hall. A portion of the second field can be seen by Navy Hall. Mt. Olympus is the third athletic field.

The four-year course of study was introduced at Bloomsburg in 1927.

Dr. Haas came to Bloomsburg from and later left Bloomsburg to assume the position of State Superintendent of Public Instruction for the second time.

Alma Mater

AR above the river winding,
Midst the mountains grand
Stands our College, dear to students
Far throughout the land.

Chorus

Bloomsburg, Bloomsburg, Bloomsburg College
Up on College Hill
Years to come shall find us ever
True to Bloomsburg still.

Far and wide though we may wander
Still our hearts are true
To our hill top Alma Mater
We our pledge renew.

Ever seaward Susquehanna
Never resting flows—
Ever upward, striving, climbing
Onward Bloomsburg goes.

HARVEY A. ANDRUSS
President

GREETINGS TO THE CLASS OF 1947:

At this time, teachers face tasks so important they dare not fail.

World peace will be achieved if we are able to teach all peoples in all lands to understand one another.

We send you into your chosen profession confident of your ability to uphold the standards of Bloomsburg. Fight a good fight and keep the faith.

Sincerely yours,

Harvey A. Andrus

President.

THOMAS P. NORTH
Dean of Instruction

TO THE MEMBERS OF THE CLASS OF 1947:

You are about to enter a profession at a time when civilization is challenged with the proposition of closing the gap between the physical and the social sciences. In this process, the solution of such major problems as juvenile delinquency, race prejudice, and industrial maladjustments will result to no little extent from the efforts of intelligent teachers, teachers fearful of God, and saturated with a love for their fellow men.

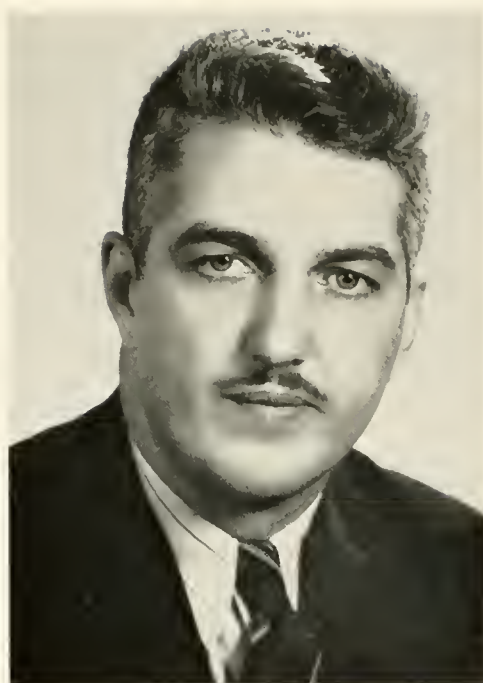

You are to be congratulated on having the privilege of serving at a time which later may be known as the era of the social sciences.

Finally, I should have you aim high, be not content with your ability, and guard against the current spirit of materialism.

Thomas P. North
Dean of Instruction

MARGUERITE KEHR
Dean of Women

W. E. LANDIS
Dean of Men

THE DEANS

TO THE CLASS OF 1947:

Since you have chosen the profession of teaching, you will have the opportunity and the obligation to do much to help make real the peaceful, stable world for which we all hope. We wish you well in your professional and personal careers. Come back soon and often.

Sincerely yours,

MARGUERITE KEHR,
Dean of Women.

TO CLASS OF 1917:

Once again the forces of constructive activity are engaged in salvaging a world ravaged by the forces of destruction. Many of you have seen the tragic results of these destructive forces in foreign countries, while all of us have felt their impact. When one realizes that all destructive action is preceded by faulty thinking, the true value of education becomes apparent. It has been a genuine pleasure for me to work with you during the past year in our efforts to make a small contribution to the constructive agencies of the world.

W. E. LANDIS,
Dean of Men

Left to Right—Miss Hazen, Mr. Fisher, Mr. Forney, Mr. Bailer, Dr. Kehr.

Education

WE are coming closer and closer to the realization that the key to world peace is through education. To aid the teachers in fulfilling their responsibilities, courses are offered in orientation, guidance, psychology, and teaching technics. The Education Department also directs all practice teaching.

Graduates from Bloomsburg are able to find their place in the teaching profession through the efficient placement service administered by Mr. Joseph R. Bailer.

Left to Right--Mr. Henrie, Mr. Gehrig, Mr. Forney, Dr. Dame, Mr. Rygiel, Miss Smith.

Business Education

BLOOMSBURG specializes in business training. It has been proven that the fundamentals of business must be known by our leaders. This being true, the business education department has set up a well rounded curriculum, a student having been trained in the following subjects:

Bookkeeping	Commercial and Economic
Business English	Geography
Commercial Law	Commercial Arithmetic
Business Writing	Junior Business Training
Economics	Office Practice
Shorthand	Typewriting
Salesmanship	

To further their training, the high schools of Berwick, Bloomsburg, Danville, and Williamsport cooperate with the business education department by offering opportunities for practical application of their subject matter and theory courses. Bloomsburg business education graduates have always excelled.

Left to Right—Miss Mettler, Miss McCammon, Mr. Wisler, Miss Thayer.

Health Education

AT no other time in history has good health been so in the limelight, as it was during the war and now is in the post war world. To aid in the health education program, many intercollegiate sports have been introduced, as well as inter-mural sports.

With the assistance of the instructors, Miss Lucy McCammon and Mr. Peter Wisler, the students have had the opportunity to train themselves to benefit the health of the community in which they teach. Working with the physical directors, are Miss Beatrice Mettler, the resident nurse, and Miss Della Thayer, the dietician.

Left to Right— Mr. Fenstermacher, Foreign Languages; Mr. S. Wilson, English, Mr. J. Bailer, Director of Secondary Education; Mrs. Rossbach, English; Mr. E. DeVoe, English, and Miss Alice Johnston, Speech.

Language

LANGUAGE being indispensable in any field, but especially so in teaching Bloomsburg has set up a very extensive language department.

English courses offered are: English Composition, English and American Literature, Advanced Composition, Children's Literature, Journalism, Shakespeare, Short Story, Teaching of English and Handwriting, and Library Science. While in foreign languages, French and Spanish are obtainable.

To aid in the speaking of this language of ours, is the work of the speech department under the direction of Miss Alice Johnston. For speech work, there are such courses as: Fundamentals of Speech, Phonetics, Speech Problems, Speech Clinic, Voice and Diction, and Play Production.

Left to Right—Mr. H. Lanterman, Physical Science; Dr. K. Kuster, Biological Science; Miss M. Waldron, Mathematics; Mr. S. Shortess, Physical Science, and Miss E. Ranson, Mathematics.

Science and Mathematics

IN preparing for the world today, many Bloomsburg students have gone into the fields of science and mathematics. The preparation is very thorough, a graduate in these fields having completed courses in: Physics, Chemistry, Algebra, Geometry, Trigonometry, Calculus, Botany, Zoology, Physical Science, Entomology, and Biological Science.

The war proved the necessity of science as nothing else ever has. Bloomsburg students realizing this fact, are preparing themselves for their future in these fields so that they might, in some way, have a voice in world affairs. You will find alert and accurate minds in science and mathematics.

Left to Right—Miss Rich, Mr. Reams, Dr. Maupin, Dr. Russell.

Social Studies and Geography

WORKING hand in hand Social Studies and Geography furnish a rich background for the interpretation of world events, both here and abroad. No other fields can claim this two fold accomplishment; thus, you will find many farsighted students in these fields.

Social Studies and Geography, a requirement in all public schools, are included in the curriculum of the Elementary and Secondary Education Departments as well as the Business Education Department.

Seated, Left to Right - Mrs. Baker, Miss Major, Miss Van Scoyoc, Miss Snyder.
Standing—Mr. Gasser, Miss Woolworth, Miss Hazen, Miss Barnes, Mrs. Scott.

Training School

A NECESSITY and a must on the campus is the Benjamin Franklin Training School. This school is a laboratory for the students in the elementary field. Housed in this building are not only the first six grades of public school, but, also, a special education class and a kindergarten.

Under the direction of a strong staff of training teachers, elementary students do their practice teaching. Assisting Miss Edna J. Hazen, Director of Elementary Education are:

Miss Elma Major, Special Class
Miss Grace Woolworth, Kindergarten
Mrs. Lucille Baker, Grade I
Miss Iva Mae Van Scoyoc, Grade II
Miss Lorraine Snyder, Grade III
Mrs. Anna Garrison Scott, Grade IV
Mr. Harry Gasser, Grade V
Miss Edna J. Barnes, Grade VI

Mr. George J. Keller

Art

Art is recognized as another means of expression and it must be understood and utilized if one is to teach well and effectively.

Students in both Elementary and Secondary curricula are required to take courses in both art and art appreciation. In the Elementary field there are additional courses in the fundamental principles of art as applied in everyday living.

Prof. George Keller includes in his courses challenging opportunities for students to work in drawing, lettering, poster making and creative art. All work has a sharp bent toward the utilization of art in the understanding of living, such as home planning and decoration.

During the absence of Mr. Keller, Miss Bertha Rich has been teaching the courses in the art curriculum.

Music

Music is the universal language. It is an excellent medium for understanding countries that seem far away and foreign.

Miss Moore has presented a course in Music Appreciation to every Elementary and Secondary student. This course acts as a basis for building further understandings in the field of music.

The Elementary people get additional training in teaching music, sight reading and conducting. In these courses music of other lands as well as American Music is studied and discussed. As a result, music training becomes a practical as well as a cultural subject.

Miss Moore.

Miss Gilmore, Mr. Deal

Library

It is often said that the cross-roads of a school is its library and that no school can be without one. Bloomsburg is no exception and has a very extensive and wide range of books and materials.

Standing ready to aid and assist anyone needing help are Mr. Harvey Deal, librarian, and his assistant, Miss Dorothy E. Gilmore.

Business and Maintenance

All financial transactions of the college pass through the efficiently operated business office where Mr. C. M. Hauseknecht presides. He has handled these delicate and important matters over a period of years, and is well fitted to cope with them.

The beautiful campus and the wealth of buildings and equipment are the responsibility of Mr. N. T. Englehart. He supervises the care and maintenance of the school property in such a way that the beauty and utility of the college are preserved. In addition, Mr. Englehart does many things for the student body directly, like cooperating in the planning of dances and other school social functions.

Mr. C. M. Hauseknecht, Mr. N. T. Englehart.

Standing, Left to Right Mrs. Martin, Mrs. Hoffman, C. Young, Mrs. John, P. Clossen,
Seated Mrs. Stout, B. Everly, Mrs. Knight, E. Wilson, A. Holter.

Office Personnel

MUCH of the efficiency of the college is due to the constant efforts of the office personnel. Students come in contact with them frequently during their college days and are grateful for the help they have received from these people.

The members of the office personnel of the college are:

MRS. ANNA M. KNIGHT - - - - *Secretary to the President*

MRS. MARY LOU JOHN—*Secretary to the Dean of Instruction and Registrar*

MISS PAULINA VEE CLOSSEN—*Stenographer in the Dean of Instruction's Office*

MISS ETHEL WILSON - - - - *Secretary to the Business Manager*

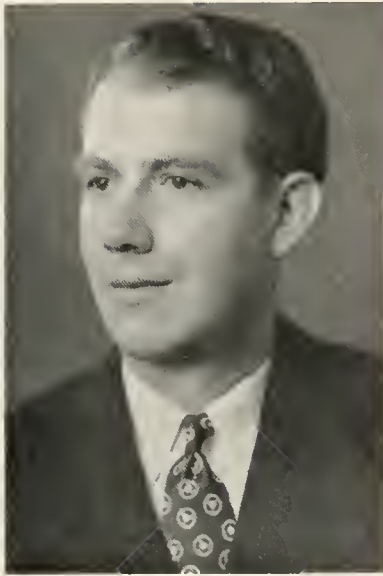

MISS AULA HOLTER - - - - *Bookkeeper in the Business Office*

MRS. STOUT—*Secretary to the Director of Elementary Education and Secretary to the Director of Secondary Education*

MRS. ROBERT MARTIN—*Stenographer in the Dean of Instruction's Office*

Also included are Mrs. Hoffman and Miss Young.

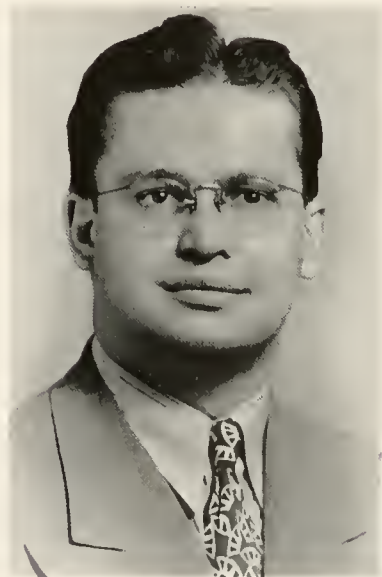

Director of Public Relations

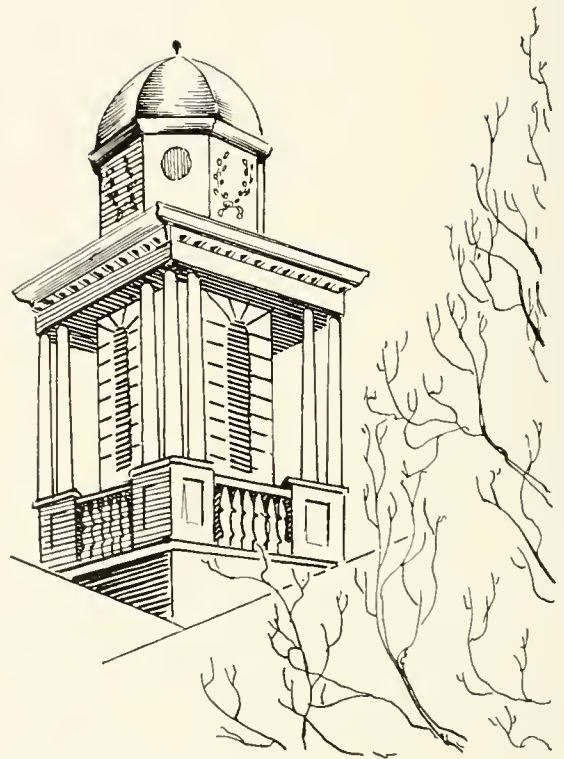

SINCE his coming to Bloomsburg in the Fall of '46 Mr. Hoch has played a versatile on the campus. At the death of Coach Alden Danks he assumed the position of head coach and brought the Huskies through with a good average. He is now Director of Public Relations, a position which takes on more importance in the months to come.

Director of the Private School of Music

WITH the addition of Mr. Stephen Hopkins to the faculty the college has again revived the Private School of Music on the campus. Mr. Hopkins has a wide and varied background in music and is at present teaching piano and voice. He hopes to add stringed instrument instruction in the near future.

Classes

Faculty Advisers

The Class of 1947 is sincerely grateful for the help of four faculty members who have served as advisers throughout our four years of college.

MISS McCAMMON
DR. NELSON
DR. MAUPIN
MR. FENSTEMAKER

These four people have been a steady influence during the time the Class of 1947 was in College.

We thank them for their inspiration and careful guidance.

Commencement Week Adviser

MR. WALTER S. RYGIEL, a member of the Business Education Department, has capably served as chairman of the Senior Commencement Week Activities for several years. He assists the faculty class adviser in the various senior class activities which take place during the year.

Some of the special activities which come under his guidance are: Senior Banquet and Ball, Ivy Day ceremonies, Baccalaureate and Commencement ceremony etiquette, procedures and other details.

The Class of 1947 takes this means of expressing its sincere appreciation to Mr. Rygiel for his untiring efforts in making the Commencement Week Activities, events which will long be remembered and cherished.

Seated, Left to Right A. Naunas, H. Fehl, P. Rowlands, L. Savelli, M. Kashuba.

<i>Class Adviser</i>	- - - - -	MR. FENSTEMAKER

THE class of 1947 is comprised of regular students, accelerated students, and returned veterans. It, therefore, has had a taste of wartime college and peacetime college, while the veterans are coming back noticing the many improvements which have taken place during their absence.

Because of wartime restrictions, the class activities were limited. An outgrowth of the war, however, was the canteen which started as a small business venture and steadily grew into one of the most popular spots on the campus. The Senior Class now thanks all those who, through their participation, made the canteen what it is today.

OUR'S is one of the few classes which has had the opportunity of experiencing the transition from wartime college life to post war activities. As Freshmen, we attended classes depleted by wartime conditions, but since that time we have steadily added members to our group and, as we approach our Senior year, we are looking forward to a college life enriched by post war advantages.

THE members of the class of 1949 returned to the college in September, 1946, with a new manner. No longer were they the underdogs, the timid souls. They were determined that they would carve for themselves a niche in the college life and make their presence felt, as a group, and as individuals. They began their career as upperclassmen by entering enthusiastically into initiating the "green" Freshmen. The entire affair was one of fun and good sportsmanship.

With the fine showing they have made in their two years at the college, we may expect great things of the class of 1949.

Freshman Class

SINCE the war ended the college has constantly increased its enrollment, most notably in the Freshman class. In the fall of 1946 the freshman class at Bloomsburg reached the four-hundred mark, nearly double that in all the upper classes. Along with the usual groups—Elementary, Secondary, Business—this year's freshman class also includes a group of Penn State students. The class was replenished at the semester with an additional number of students—approximately seventy.

Community Government Association

THE Community Government Association consists of students and faculty members organized to create better cooperation among students, faculty, and administration.

The College Council is the executive division of the C. G. A. Every student on the campus is represented on the council by representatives from the Waller Hall, Day Women's Associations, the North Hall and Day Men's Associations, as well as class representatives.

Committees appointed by the vice president carry out various duties of the College Community such as planning social affairs, fire drills, pep rallies, and other similar activities.

The Community Government Association and its representative organization, the College Council, reflect the opinions of the College Community.

Waller Hall Association

THE Waller Hall Association includes all women students living in Waller Hall and has for many years been an Association known for its friendliness and cooperative spirit.

The Association has a Governing Board, consisting of four officers and representatives from each class. The Dean of Women and the Assistant Dean of Women act as advisers to the Governing Board.

Freshman Counsellors are appointed to advise and help the freshmen. The Customs Committee carries on the initiation of new students. House Committees and Fire Wardens are appointed to help take care of safety of all Waller Hall residents.

One of the important events of the year is the judging of attractive rooms.

The Day-Dorm, He-She Party, which is for girls only, is the main party of the year when all of the girls of the college have a get-together.

“**CIVIES**” again has become predominate as North Hall returns to its pre-war status.

We can be proud this year of 156 dorm men, the largest enrollment of men in the history of the college. In fact, we have even invaded the women’s quarters by taking part of Waller Hall.

Three new deans have been named this year, namely, Mr. Landis, Dean of Men; Mr. Hoch and Mr. Deal, Assistant Deans of Men.

This year pre-war activities which had become traditional of North Hall will be resumed, such as smokers, ping-pong tournaments, and intra-mural athletics.

THE Day Women's Association is an organization composed of all B. S. T. C. students who commute or live at Bloomsburg. A large lounging room and kitchen is furnished for the Day Women in Noetling Hall.

A Christmas Party was held in December. This is followed by the Annual Day-Dorm He-She party in the Spring.

The official board is the governing body of the association. It is composed of a President, Vice President, and two representatives of each class. Miss Ethel A. Ranson, Assistant Dean of Women, is the sponsor.

THIS term finds the Day Men of B. S. T. C. firmly entrenched in Navy Hall. This is the place, the home-away from home, where the Day Students of our College Community evoke the daily change from home to college environment. This usually consists of a mad rush for books and other necessary materials for the days' academic drudgery. At noon there is a general migration back to the dayroom to secure a table, spread out your lunch, and surround yourself with other fellow commuters to eat and talk. These talks usually take on the form of a general debate (argument to put it bluntly) concerning almost any known topic and some unknown ones. All of this time the radio and your sandwiches are struggling for recognition.

The remainder of the day is spent in classes and then back to the day room in your free time until the time comes when you gather your belongings together and wearily wend your separate ways toward the peace and quiet of home. It has been a rather mad rush and scramble for existence from early morning until the last bell at night but, all in all, the Day Man enjoys his life as a member of your College Community.

THE Student Christian Association, with a membership almost double that of last year, has followed an extensive program of activities during the year. In order to more fully realize its goal of bringing the Christian influence into school and community life, the organization has sponsored several programs of interest to the general public. Among these programs are the Vesper services, held on Sunday afternoons in Carver Hall and featuring local ministers as guest speakers; the annual Christmas cantata and candle-light service presented in a local church; and the singing of Christmas carols throughout the community.

Programs held within the organization itself include an investiture ceremony to welcome new members into the club; a musical program presented by a local musician; and a talk on the problems of foreign students given by a representative of the World Student Service Fund. Later in the year the S. C. A., in co-operation with the C. G. A., will sponsor a campus-wide drive for contributions to this fund. The program for the year also includes plans for a banquet to be held near the end of the spring semester.

The Student Christian Association has been fortunate in having Miss Elma Major as its adviser during the year.

Future Teachers of America

THE students of the Secondary, Elementary, and Business Departments are indicating their awareness of the need for professional growth among American teachers. The students, to promote such growth, have become members of the Future Teachers of America, a national group established to:

1. Give teachers in training practical experience in working together in a democratic way on the problems of the profession and the community.
2. Interest the best young men and women in education as a lifelong career.

At the present time Mr. Edward Hollis is the President of the organization and Miss Edna Hazen is the faculty sponsor.

A VARIETY of interesting and educational programs highlighted the most successful year of the Business Education Club. During the past school year, the club was one of the most active organizations on the campus and had a membership of over two-hundred students.

The outstanding activities of the Club included demonstrations by the Monroe Calculator Company, the Bell Telephone Company, a mock trial, a talk by Mr. Charles Dubbs of the Gregg Publishing Company, a Fashion Show, a Christmas Party, Skits, Educational Films, Shorthand and Typewriting Contests, Interviews of Student Teachers, and an Easter Party.

The closing event of the year was the Business Education Club's banquet at which time the installation of officers for the ensuing year took place, and the club annuals were distributed.

THE Alpha Delta Chapter of Pi Omega Pi was installed at State Teachers College, Bloomsburg, Pennsylvania on May 28, 1935. It is a National Professional Commercial Educational Fraternity and this chapter consists of members of the Department of Business Education who have attained superior scholastic ratings.

The aims of the fraternity are to promote, extend, and create interest and scholarship in commerce; to encourage and foster high ethical standards; and to teach the ideal of service as the basis of all worth enterprise.

During the first semester thirteen new members were elected and initiated. Interesting meetings were held of both educational and social nature. Programs included topics of current interest in the educational and business fields.

This year, the fraternity sent two delegates, Harriet Rhodes and Rose Marie Kraiser, to the national convention at Chicago, Illinois.

THE Bloomsburg Players, Dramatic Club of the College, provides a workshop for those who wish training in educational dramatics. Through the plays produced at the weekly meetings, with a student director under the supervision of the club director, the members receive training in all aspects of play production. This is planned to aid them in their future teaching.

The major production so far this year was, "January Thaw," by William Rous. In this the cast and staff both did a splendid piece of work.

Even during the summer sessions, the dramatic club is not idle. This July it produced two one act plays for the student body.

The club is frequently called upon to produce one act plays for College entertainment, and organizations in Bloomsburg and neighboring towns. There have been ten of these performances in the past year.

THE Alpha Omicron chapter of Alpha Psi Omega, honorary dramatic fraternity has completed a year of dramatic growth. With the addition of seven new members, the local chapter, the oldest established professional fraternity on the campus, has been built up to its pre-war standing.

An impressive initiation of the new members was held November 13, 1946, at which time the neophytes proved their dramatic ability and professional sincerity.

Membership in the Alpha Psi Omega is the goal toward which every person in dramatic club strives.

With its growing activities the Alpha Psi Omega is playing an increasingly important role on the campus.

THE Iota Chapter of Phi Sigma Pi was installed as the only all male fraternity on our campus on April 26, 1930. Phi Sigma Pi, a national professional fraternity, has been one of the most active groups on the campus.

On October 17, 1916, thirteen new members were initiated into the fraternity. They were: Mario Berlanda, Harold Reinert, John Guy, George Stasko, Donald Houck, Eugene Brady, Joseph Lyons, Joseph Barchock, Robert Llewellyn, John O'Donnell, Royal Conrad, Robert Millard, and James Tierney.

On November 20, 1916, two more new members were initiated into the fraternity. They were: James Marion and Robert Warrington.

The feature of the year was the National Convention Conference held at the Annapolis Hotel, Washington, D. C., to which we were represented by the following delegates: Mr. Edward A. Reams, Elroy Dalberg, and Robert Millard. Mr. Reams was elected as Historian of the National Association of Phi Sigma Pi.

A number of social meetings and discussions contributed to an enjoyable and profitable year for the members of Phi Sigma Pi.

THE Women's Chorus has had a very busy year. During the fall months, the group prepared a program of sacred music which was presented on December 12. In addition to the chorus numbers, Jean Gilbert and Ann Papania contributed vocal solos; a trio, consisting of Mary Ellen Clark, Martha Teal, and Aleki Comuntzis sang a Polish Carol; an ensemble of six singers presented two Christmas songs. Accompanists for the soloists and small groups were Sarah Gilleland and Patricia Clark.

In February the Men's Glee Club and the Women's Chorus sang a program of music with national flavor.

The closing event for the group was the large program that was presented during Music Week.

There were one-hundred and twenty members in the chorus. Martha Hathaway completed her third year as accompanist for the chorus. She has done an excellent job. To Miss Moore many thanks are extended for her outstanding leadership and guidance which made possible a very successful year.

Men's Glee Club

AFTER a period of four years, a Men's Glee Club was again organized on the campus under the direction of Miss Harriet M. Moore.

The Club gave its first program in assembly on the 25th of October. In February they gave a patriotic assembly program and in May joined the Women's Chorus in the presentation of another assembly program.

AT the request of a number of students Miss Moore organized a men's glee club in the Fall of 1946. Since its beginning this organization has developed into a fine singing group. They have presented a number of programs in chapel and at present are planning several numbers with the Women's Chorus.

THE ATHENAEUM CLUB was organized and started on December 14, 1945, to enable the students to become acquainted with and appreciative of classical music.

It was interesting to see the large number of students who were interested in music appreciation. The enrollment this year is approximately sixty-five members.

The programs consisted of the biographies of well-known composers, and their works. Many an enjoyable hour was spent listening to the recordings played at the club meetings.

THE Science Club is an organization which has been functioning on the campus for many years. The chief aim of the club is to arouse the students' interest in both the natural and physical sciences.

Each week many phases of chemical, biological, and physical sciences are discussed. The programs consist of outside speakers, discussions, movies, quizzes, and field trips to study the scientific aspects of the campus.

The highlight of the year is the all day field trip to a chosen destination.

Left to Right—Clayton Patterson, Robert Bunge, Ezra Harris, Mrs. Ezra Harris, Frank Harris, Mrs. Frank Harris, Dr. Kimber Kuster.

Harris Memorial

It has been the policy of the Science Club to plant a tree on the campus each year, either an unusual one, or a type not already on the grounds. This year an impressive ceremony honoring Earl Harris, a graduate of Bloomsburg State Teachers College, who was killed in the Philippines in 1915, was held on Thursday, October 11th, at which time two California redwood trees were planted in commemoration of his fine work both during his school life and while he served in the armed forces. The trees, both native of the state of California were obtained through the efforts of Wilfred and Royal Conrad and were planted between Carver and Neotling Halls, to the left of Senior Walk.

Mr. Clayton Patterson opened the exercises by stating the purpose of the gathering and asking that everyone bow his head in a moment of silent prayer. Following the opening remarks, Dr. Russell addressed the audience as a representative of President Andruss and was followed by Dr. Kuster, the sponsor of the club, who expressed the wish and the hope of the club's members when he said, "These two trees that we are about to plant, come from sturdy, stalwart stock, great in endurance and long life. We hope that they will live long on this campus and symbolize for Bloomsburg Alumni the influence and promise of First Lieutenant Earl Harris."

The College Dance Band and The College Orchestra

The College Dance Band and the College Orchestra are old organizations at Bloomsburg. They were discontinued during the war but were reorganized in the Fall of 1946.

The Wings Club

The Wings Club is a new organization on the Campus. During the meetings the various aspects of aviation are discussed.

ALDEN J. DANKS

In Memoriam

ATHLETICS at the Bloomsburg State Teachers College suffered a profound loss with the sudden death of Alden J. Danks, head coach of football, on September 21, 1946. His passing came as a distinct shock to the host of friends he won for himself, both at the college and in the realm of interscholastic sports.

Coach Danks, known to his many friends as "Lefty," was gifted with that faculty of winning and holding the admiration and respect of the students with whom he worked. As a student of football and gridiron strategist, he had few equals in scholastic circles. His record of ninety one wins, twenty-seven losses, and nine ties while coach at Milton High School stands as testimony to his coaching skill.

His death was a severe blow to the athletic program of the college, but the ideals of sportsmanship and fair play for which he stood and the fighting spirit he instilled in his teams will continue to guide Maroon and Gold athletic teams in the years to come.

Cheerleaders

NEW members! New cheers! New uniforms! What's this? Why its the "Spirit of Old Bloomsburg" increasing year by year.

With the assistance of Mr. Pete Wisher, our adviser, and the enthusiastic students, we hope to maintain the support we have given the boys on the teams.

One thing never to be forgotten is our trip to East Stroudsburg for that sensational game of football.

May the HUSKIES continue with their great ability of attaining victory and fame for B. S. T. C.

Football

FOUR game winning streak over some first class football machines in the latter half of the season brought B. S. T. C. its most successful gridiron campaign since 1935. The Huskies defeated Shippensburg, Kutztown, East Stroudsburg, and Rider College in that order to close the 1946 grid season in a blaze of glory.

The late Coach Alden J. "Lefty" Danks was named head football mentor in May along with his assistant at Milton High, John Hoch. Mr. Danks' sudden death in September just before the season began was a great shock not only to the football team but to the entire college community. Mr. Hoch assumed the reins and did a fine job.

A highlight of the '46 season was the introduction of night football on a large scale. Of the eight games played, five were of the arc light variety, three at home and two away. In all probability, all future home games with the exception of the Homecoming Day tiff will be played under the lights.

The first fracas of the year against strong Mansfield saw the issue end in a 0-0 stalemate. The line play of both teams was outstanding, but the great Husky "cement blocks" were far superior. This turned out to be Mansfield's only blemish of an otherwise perfect season.

At Jersey Shore, the Huskies had trouble with pass defense and fell to Lock Haven, 20-12, in a thriller. Clarion's heavier team proved the difference in a drenching rain which saw the Husky attack bog down almost completely, losing to the Golden Eagles, 6-0.

The third loss of the year was administered by Millersville, 12-0, at Columbia. Two fumbles gave the Manraders their scores although the Huskies outplayed the Millers statistically.

Then came the four game winning streak. Shippensburg was beaten, 12-6. The Homecoming Day game saw the Maroon and Gold team whip a good Kutztown eleven, 19-0, before a large crowd of grads. East Stroudsburg was the next victim by a close score of 7-6. The Big Red lost only one other game all season. In the final tilt at Athletic Park, the Huskies opened grid relations with Rider College, crushing the Rough Riders from Trenton, 41-6.

Bloomsburg finished the year in fifth place in the State Teachers College Conference standings, the highest since 1935. Matt Maley, flashy halfback, was given honorable mention on the Associated Press All-Pennsylvania team.

Basketball

As the 1947 edition of the OBITER went to press, the Husky basketballers had won four of the first five games, and the prospects appeared bright for a successful season in Coach Peter Wisler's debut as cage mentor.

An Alumni outfit was vanquished rather easily in the season's opener in Centennial Gymnasium, 47-17. Elizabethtown's high scoring machine was beaten in the next encounter, 62-43. Charles Boyer, a freshman from Pottsville, rolled in twenty-four points.

Strong Scranton University handed Wisler's charges their first setback by a score of 55-39. The Tommies' first half lead proved a bit too much for the Huskies to overcome.

In the first conference engagement, the Huskies sideswiped Kutztown Teachers, 52-39, leading parotically all the way. Bobby Kashner's eighteen markers was high for the evening. The second conference test saw the Huskies defeat Shippensburg's Red Raiders, 47-42, in a nip and tuck affair.

Four pre-war veterans and six newcomers composed the varsity at the beginning of the season. Joe Chesney, Mt. Carmel; Johnny Slegeski, Freeland; Mike Remetz, Swoyerville; and Vince Washvillia, Mt. Carmel, were the lettermen. Newcomers included: Charles Boyer, Pottsville; Bobby Kashner, Bloomsburg; Sal Arduini, Jersey Shore; George Johns, South Williamsport; Bob Walther, Columbia; and Eddie Jones, Milton.

Soccer

Organized on the spur of the moment, the Husky soccer team failed to win a game against some of the top competition in the east. With only four days practice in this sport which requires weeks of conditioning, the Maroon and Gold booters under the guiding hand of Peter Wisher met four top flight opponents in a thirteen day period.

The lid-lifter against Lock Haven saw the Havenites win, 3-1. After a scoreless first half, the Bald Eagles tallied a goal in the third period. However, the Huskies knotted the count on Conrads boot. The visiting Havenites put the game on ice with two more scores to win the game.

Playing two strong elevens in two days was the task Oct. 25-26. Rider College, of Trenton, N. J., which during the season lost only to Army, 3-2, in the last ten seconds of play, vanquished the Huskies, 6-1, on a smoke-filled field in the industrial heart of the New Jersey State Capitol. The host team played offensive soccer throughout even though the score was lopsided, but the Huskies actually outplayed the Rough Riders in the last period with Captain "Pat" Patterson scoring the only goal.

At West Chester the following day, the host team defeated the Huskies, 5-1, before a good sized Parents' Day crowd. The first half was close with the Purple and Gold leading only by 2-1, one goal coming on a penalty kick. Patterson was credited with the Bloom score. However, the last half saw the Huskies tire under the strain of 22 minute quarters on a 120 yard field.

The final tilt of the year at Lock Haven saw the Huskies play heads up soccer for a period and a half, leading, 1-0, on Patterson's penalty kick. The Havenites came back to score two quick goals and went on to record two more in the second half to win, 4-1.

THE "B" Club is an athletic organization for girls. To be eligible for "B" Club a girl must earn one thousand points. These points are made by participating in individual or group sports.

"B" Club meetings are held once a month in the form of "supper meetings." A business meeting follows the supper.

"Open House" is held every Thursday night in the Centennial Gymnasium. This gives the girls a chance to take part in nearly all the sports.

Baseball

ALTHOUGH losing the last four games in a row, three by the one run margin, the Husky nine showed a creditable record of six victories as against five losses for the 1946 season. In teachers college competition, the Maroon and Gold won four and lost four, splitting even with four teacher opponents. A series with the Kennedy Van Saun team was halved.

The initial tilt of the year saw the Huskies beat Riverside in a practice game, 6-2. A forfeit was the result of the second test when Lock Haven's catcher was ejected in the last half of the ninth. The Bald Eagles failed to replace him within the allotted five minutes, and the umpire awarded the game to Bloom. According to scoring rules, the tilt would have been won by Bloom anyway, for the score automatically reverted to the last completed inning, the eighth, which made the score, 6-5. Bloomsburg.

Millersville was beaten, 13-6, as the Huskies lashed out an eighteen hit attack. However, the next test saw Kutztown hand the Maroon and Gold its first defeat, 10-3. The next clash was with Kennedy Van Saun, and the Huskies pulled this one out of the fire, 7-6, on a squeeze bunt in the ninth. Frank Novelli tossed an eight hitter at East Stroudsburg, and the Huskies won, 6-4. The Kutztown game brought sweet revenge as the hard hitting boys of Ben Pollock pounded out sixteen hits to win handily, 11-6.

Then came a series of four losses in a row. Millersville won, 11-10, in eleven innings; East Stroudsburg won a one sided 11-3 affair; Lock Haven edged out the Huskies, 3-2; and Kennedy Van Saun squeezed by in the final engagement before an Alumni Day crowd, 9-3.

Accumulative Sports Record—1946

In the first year of post-war athletic competition, B. S. T. C. teams turned in an even .500 record, winning thirteen contests, losing thirteen, and tying one.

The over-all record is compiled from the beginning of the baseball season last spring to Dec. 31, 1946. Thus, only four basketball games of the season just past were included in the compilation.

As a result, the cage game showed the best percentage, .750, winning three of four games played before the end of the year. Football was second in line with four wins, one tie, and three losses for a mark of .563.

Baseball showed six victories and five defeats for a percentage of .545. Soccer was the lowest with no wins in four games. However, the booters met some stiff competition with little practice under their belts.

AN INVITATION

DEAR BLOOMSBURG GRADUATE:

Congratulations on your graduation from the Bloomsburg State Teachers College! Perhaps you are entering the teaching profession, perhaps the field of business. In either case, the publishers of Gregg Shorthand, the most widely used shorthand system in the world, and of several hundred texts devoted to a wide range of business subjects, are ready to help you achieve success in your chosen career.

You are invited to write our nearest office for information about our publications and services. If you are entering the teaching profession, you are welcome to the teachers' aids—keys, handbooks, courses of study, and so on—that accompany the Gregg texts used in your classes. Our staff of subject-matter specialists and our field representatives will be glad to assist you with your teaching problems. Simply for the asking, it will be a pleasure to recommend and submit for your consideration Gregg textbooks and supplementary materials that meet your particular needs.

Let us help you succeed in your chosen career.

FOR THE FIRST TIME ON ANY TYPEWRITER

Keyboard Margin Control*

ANOTHER REMINGTON RAND FIRST

"Flick the Key . . . Set the Margin!"

*Other Firsts
that Appeared First
On America's
First Typewriter*

FIRST—in 1873—to manufacture a practical typewriter.

Personal Touch, instantly adjustable to your own typing touch for smoother typing.

All Plastic Keys, ring-free and finger-fitted for your comfort.

Key Trip, a flick of the finger instantly releases keys that are jammed through a mis-stroke.

Longer Writing Line gives up to a full extra inch of typing width on all carriage sizes.

Unit Construction makes cleaning easier, assures longer life.

Silent, Lighter Carriage Return, roller-bearing mounted, makes typing easier, faster.

Keyboard Margin Control has taken the typing world by storm . . . as evidenced by the spontaneous acceptance of and demand for the New **KMC*** Remington typewriter since its announcement less than six months ago! It is easy to see why typists—and executives—appreciate the new simplicity, the new ease of margin setting—*on the keyboard!* With **KMC** it is only necessary to position the carriage, flick the **KMC** keys to the right and left of the keyboard and margins are set instantly . . . exactly where they are wanted. With such other Remington Rand triumphs as **Personal Touch**, **Smooth**, **Easy Action**, **Key Trip** and many other exclusive features, **Keyboard Margin Control** makes the New Remington a superb typewriter . . . one typists will use with pleasure . . . to turn out letters any executive will be proud to sign. See this new **KMC** Remington.
