

Bloomsburg State College is not a piece of land on which there are many buildings. Neither is Bloomsburg State College the President of the College. Nor is Bloomsburg State College the President of the CGA.

Bloomsburg State College is a group of people with diverse backgrounds brought together for the purpose of learning; both scholastically and socially. Bloomsburg State College is all the attitudes and actions of these people as they form a beautifully unique society.

In this fifty-ninth edition of the Obiter, we have attempted to give an overview of this society and the people and events which shape it. Please look through and remember 1976 at Bloomsburg State College.

## Kehr Union

Kehr Union ... a place to hang out between classes  
somewhere to go at night when there's nothing to  
do ... dances, movies, coffee-house performances,  
student recitals ... Games Room for those who like a  
good game of pool ... bowling lanes for a different  
kind of fun ... housing for student organizations ... a  
place to see people ... to get something to eat ... to  
listen to the jukebox ... to study ... to do anything  
imaginable ... the student union ... the place for  
students.

# Athletics

Men's Sports ... Women's Sports ... a team ... a unit working together towards a goal ... the goal ... winning ... goals not always being reached ... losses breaking the spirit ... working together build the sport back up ... the physical self ... building endurance and strength ... out on the fields ... in the pool ... on the court ... where years of experience are meeting the ultimate test ... spectators caught up in the fervor ... fans screaming, booing, cheering ... the game going on ... whether winning or losing something is still derived from the game ... the knowledge that the team is giving its best.

## Dorm Life

Six dorms housing 2,288 people ... Elwell, Columbia, Luzerne, Montour, Schuylkill, Northumberland ... the places called home ... meeting new people every year ... being a part of the triumphs and trials experienced by friends ... fighting for a dryer in the basement ... fire drills ... twenty-four hour / extended visitation ... partying on the sly so the RA doesn't notice ... stereos blaring ... people screaming ... trying to study amidst the noise ... the suspense of opening the phone bill ... awaiting the freedom of off-campus living ... fearing to lose the security of the dorm ... being on your own ... depending on yourself to survive ... the experience of a lifetime.

# Big Name Entertainment

BNE Loggins Moore Scruggs POCO Frampton Kansas Hammersmith Hall and Oates ... a variety of sounds for a variety of people ... from soft music to hard rock to country ... many found satisfaction ... some could never be satisfied ... if you didn't like the music you could send yourself into oblivion ... partying before and after either enhanced the music or served to deaden ears against the noise ... either way, the concerts could be enjoyed ... and many did ... each in their own way.

## Academics

Studying ... a way of life ... finals ... mid-terms ... cramming it all in then disgorging it on a sheet of paper ... learning ... the goal of a student ... or getting a grade ... cake courses ... easy A ... bust for a C ... three hour labs ... papers every time you turn around ... pass / fail options ... hunting among microfilms ... the endless quest for knowledge ... being bored ... being challenged ... night classes ... general ed requirements ... the reason for being at BSC ... the reason for being at BSC?

# Partying

Partying — the main event that everyone lives for ... just make it till Friday then let loose ... frat parties ... private parties ... parties in the dorm ... different parties for different people ... beer is the common denominator ... smoking, drinking ... the method is different, but the goal is the same ... oblivion from the week before and the week to come ... stereos and jukeboxes abound ... frequent visits from the town police do little to quell the enthusiasm ... a dollar at the door, the ticket to a great time ... craziness assured no matter what the circumstances ... getting sick occasionally, but learning to live with a hangover ... except for dopers who are exempt ... Partying Center for Northcentral Pennsylvania ... most memories will stem from these weekend blasts, if one can remember what happened at them.

## Greeks

Service ... social ... honorary ... sisterhood ... brotherhood ... mixers ... banquets ... pledging ... a temporary hell ... with heavenly rewards ... not for everyone ... but then what is ... being involved ... helping out ... having great times together ... belonging ... people bound together by sharing experiences ... memories being cherished forever ... competition within, but sticking together ... Greek Week, the finale to a year of wonderful experiences.

UNIVERSITY

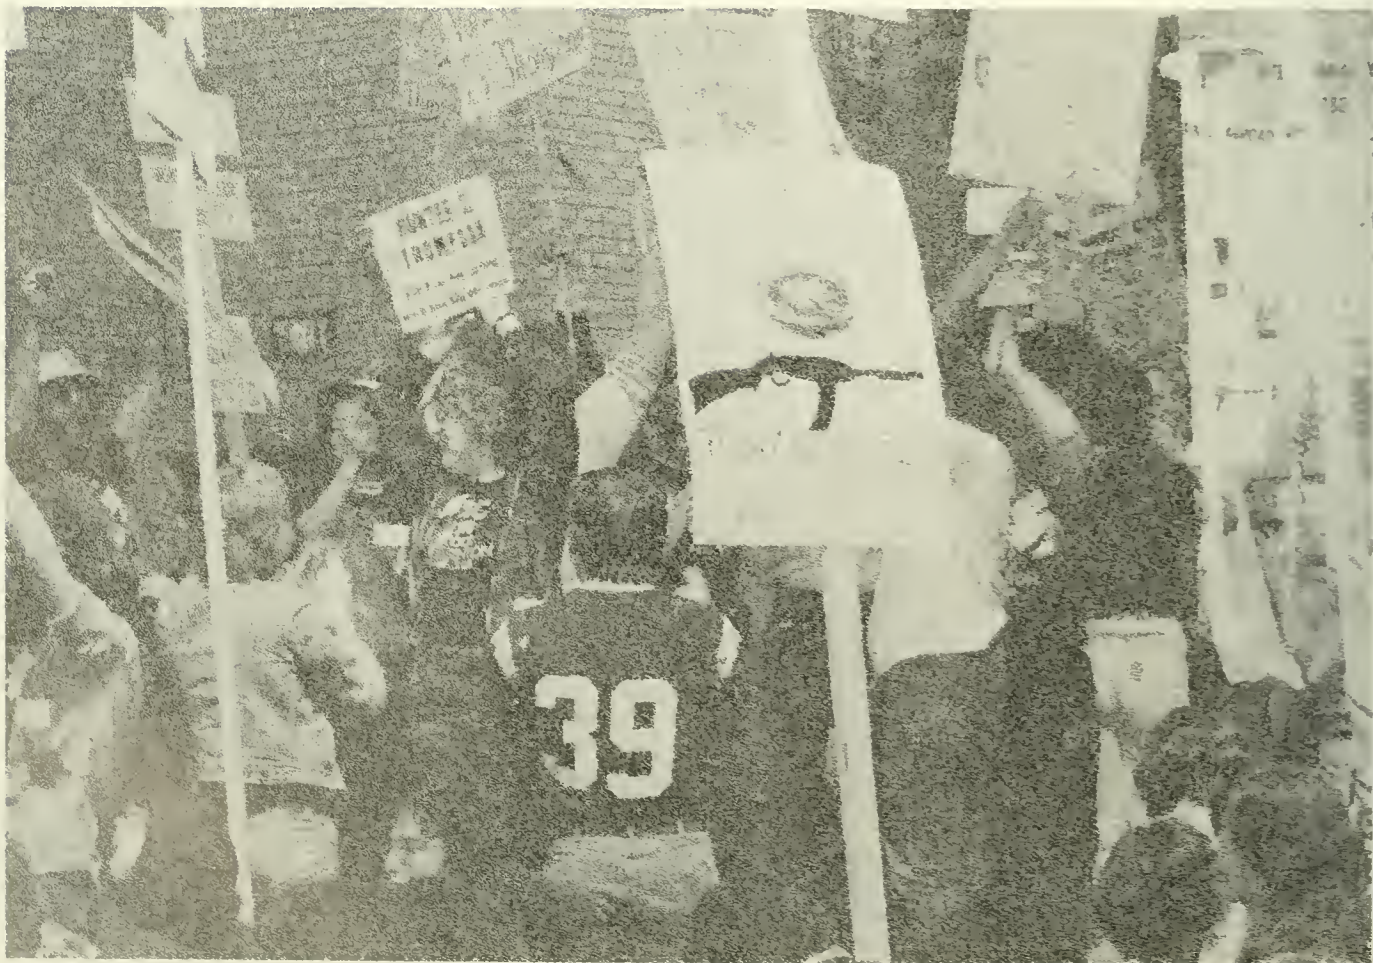

CHAIRPERSON OF THE CONVENTION

On April 9th and 10th, Bloomsburg State College was besieged by crazies, fascists, politicians and alcoholics. Some called it a "Simulated Convention", others called it a "Mock Convention", but whatever it was called, it was different.

Over 1500 people were crowded into Centennial Gym on these two days where they heard Sen. Lowell Weicker deliver the Bicentennial Address and Sen. William Proxmire give the Keynote Speech.

Many people shouted and screamed, others made deals and stole votes; some people drank themselves into oblivion and others got there by different ways.

But, in the end it was not the crazies or the fascists or even the alcoholics who won; it was the politicians – the serious people – who won. They picked Morris Udall and Jerry Brown to lead the Democratic Party to the White House.

And so at the end of the day, the "serious people" went off to celebrate their victory over the "crazies". And the "crazies", being crazy, went off with them.

Football

The BSC Huskies completed their 1975 football slate with a 1-8 overall record and an 0-6 conference log. It was the second year in a row that the Huskies could muster only one win.

The biggest problems for the team this past season centered on the inability of the offense to hold onto the football and put points on the board. The Huskies could put only 56 points on the board all year while their opponents put on 293. The Huskies also suffered 39 turnovers including 24 interceptions while they were only able to come up with 24 of the oppositions miscues.

This inability of the offense put more pressure on the defense to come up with the big play and, with Coach Sproule trying to rebuild his defense, this proved to be too much for the young secondary to handle. This was also compounded by the lack of a consistent pass rush which added to the defenses problems.

Finally, at the end of the year, Coach Sproule resigned as head football coach and was replaced by former head coach Ron Puhl who currently handles the cross country and track teams. Coach Puhl returns to the team in hopes of attempting to turn around its fortunes and giving BSC a winning team.

Individual leaders for the Huskies on offense were, scoring – Tom Brennan with 18 points followed by Barry Staton and John McCauley with 12, receiving – Brennan with 12 catches for 277 yards followed by Staton with 10 for 182 yards and Wayne Meher, one of the three seniors on the squad, with 11 for 114 yards, rushing McCauley with 130 carries for 317 yards with a 2.4 average and Dan McCallum with 44 attempts and 201 yards for a 4.6 average, Ken Zipko was the leading passer with 34 completions out of 140 attempts for 681 yards.

The defensive leaders Lou Sannutti, who lead the Huskies with two interceptions to tie with Dennis Sell for the lead in that department, and Dave Hower. Tom Koons led the team in recovered fumbles with six.

# Hockey

The women's field hockey team posted a 4-5-2 record last year, defeating Wilkes, Mansfield, Misericordia, and East Stroudsburg and placing four players on the Mideast Field Hockey Tournament team.

The four players were Tracy Dimmig, Joan Williams, Kathy Hotchkiss and Donna Saint Maria.

The Huskietts have all their players returning for next year except for Dimmig and Connie Slusser. This gives Coach Gardener hopes for a stronger team given the experience, and she hopes to get more team play from the members of the squad.

# Soccer

For the first time in twenty years, the BSC campus has sported a varsity soccer team. The Huskies posted a 4-5-1 record and finished fourth in the Eastern division of the Pennsylvania Conference.

Dexter Derr led the team in scoring with ten goals while freshman Dave Stock also knocked in seven scores for the Husky cause.

The Huskies should continue to have a fine season next year as they only lose three players to graduation, Eric DeWald, Robin Carl and Norm O'Rourke.

Coach Mingrone feels that the Huskies are a young and developing team and he expects many good things from them in the years to come. He also expects more growth from them because of their leadership on the field.

The Huskies should have another good year next season if they can keep away from the crippling injuries that beset them a year ago when the sport was still in the club team status. Next year could be a year for them to be proud of.

# Wrestling

"This year's wrestling season was the most outstanding and exciting of my young coaching career. Considering that our starting lineup consisted of six freshmen, three sophomores and one junior, it was a very challenging year for me and the team. We pulled together as a family," stated head coach Roger Sanders.

The young Huskies completed the season with a 9-8-1 dual meet record, tied East Stroudsburg for third at the Pennsylvania Conference championships, placed third at the Delaware Invitational, fourth at the Bucknell Invitational and were fifth in the Eastern Wrestling League. BSC took the team championship in the freshman - sophomore Keystone Invitational.

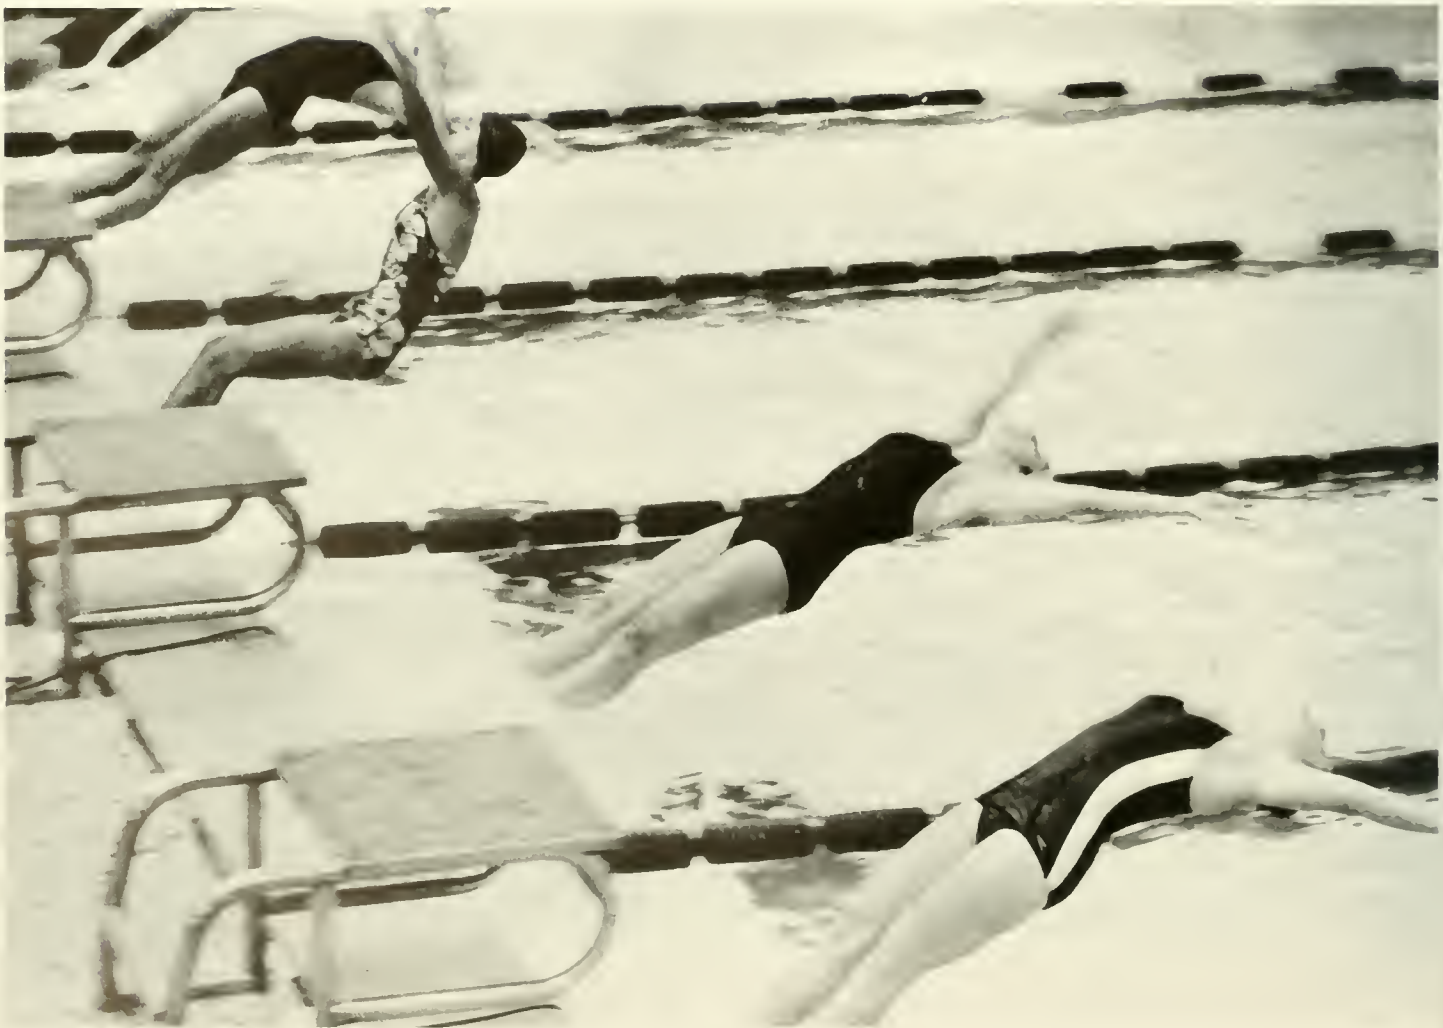

The Huskies sent three wrestlers to the NCAA Division I championships but sophomore Steve Scheib and freshmen Tony DiMarco and Andy Cappelli failed to place. Scheib placed first at 177 lbs. in the conference meet with DiMarco finishing second at heavyweight and Cappelli coping a fourth at 167. Scheib and DiMarco took seconds at the EWL tournament while Cappelli took a third.

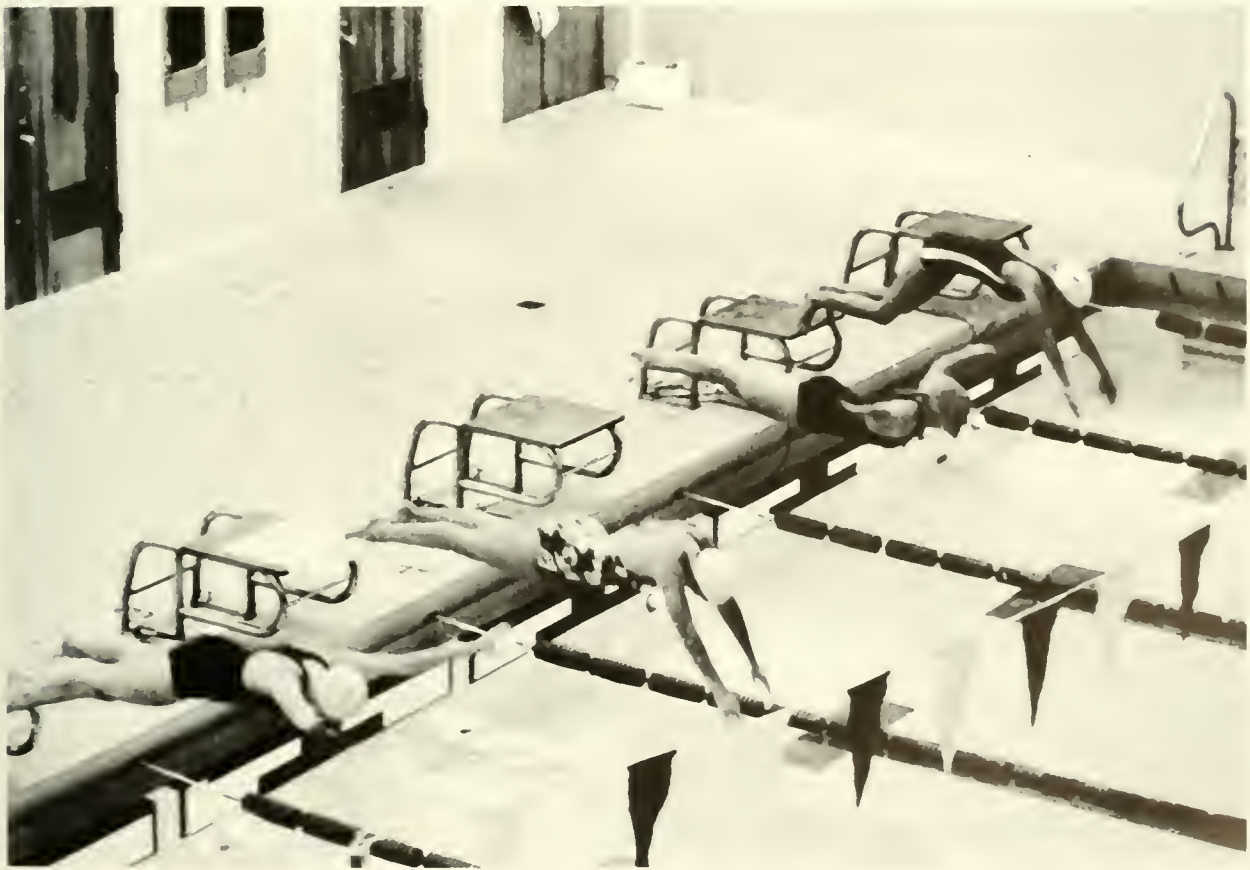

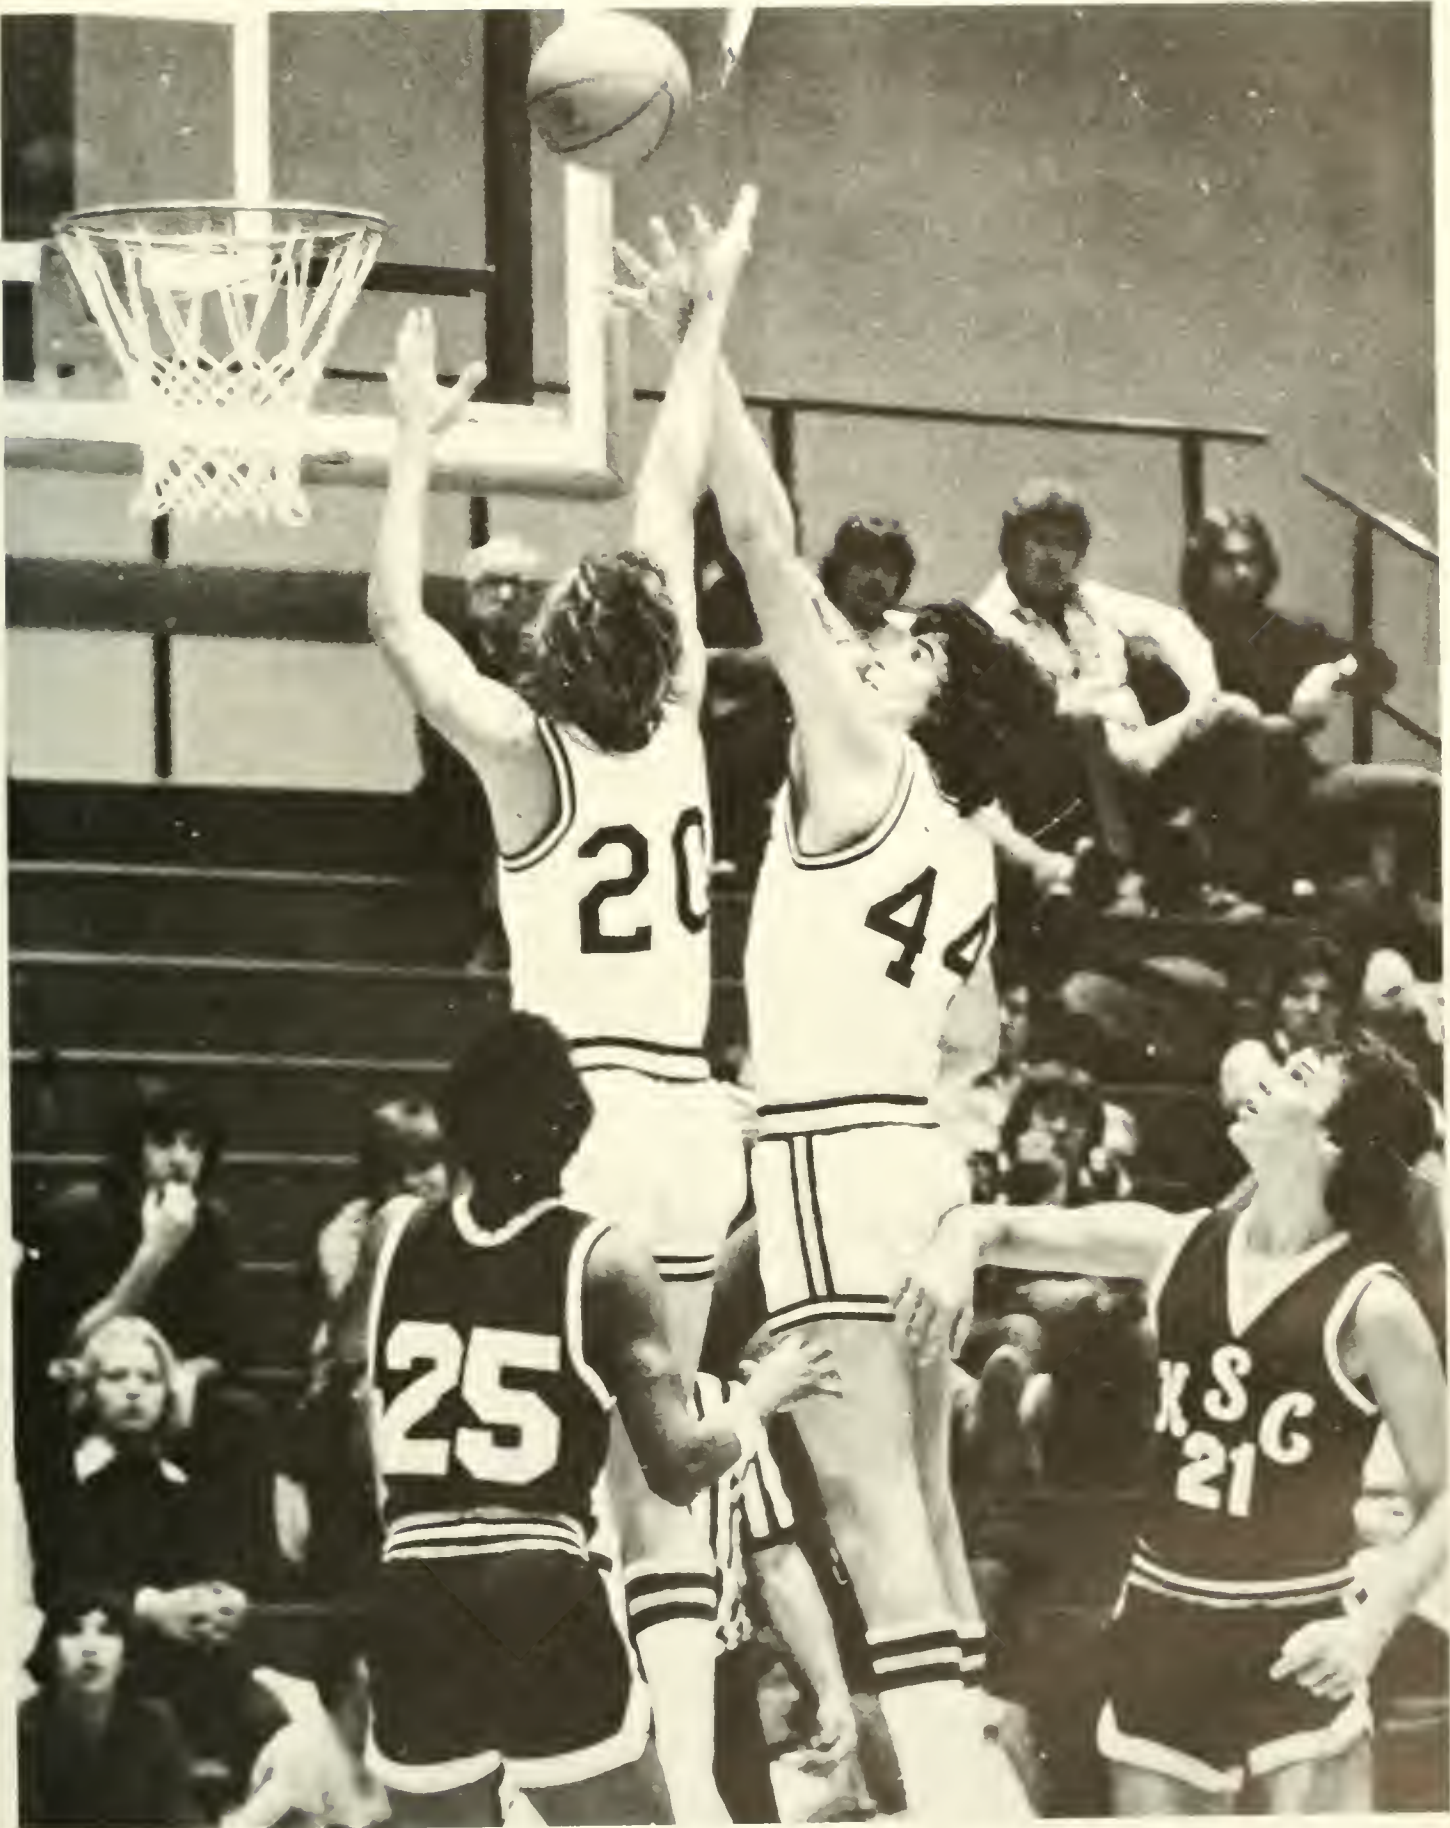

## Women's Swimming

Despite the fact that they had a losing season this year, the women's swimming team had a successful year as they put several women in the Eastern Regional Meet. The team finished with a 5-7 mark as they were led by Carla and Tina DeVries. Another one of the younger teams on campus, their outlook for next year should be very bright.

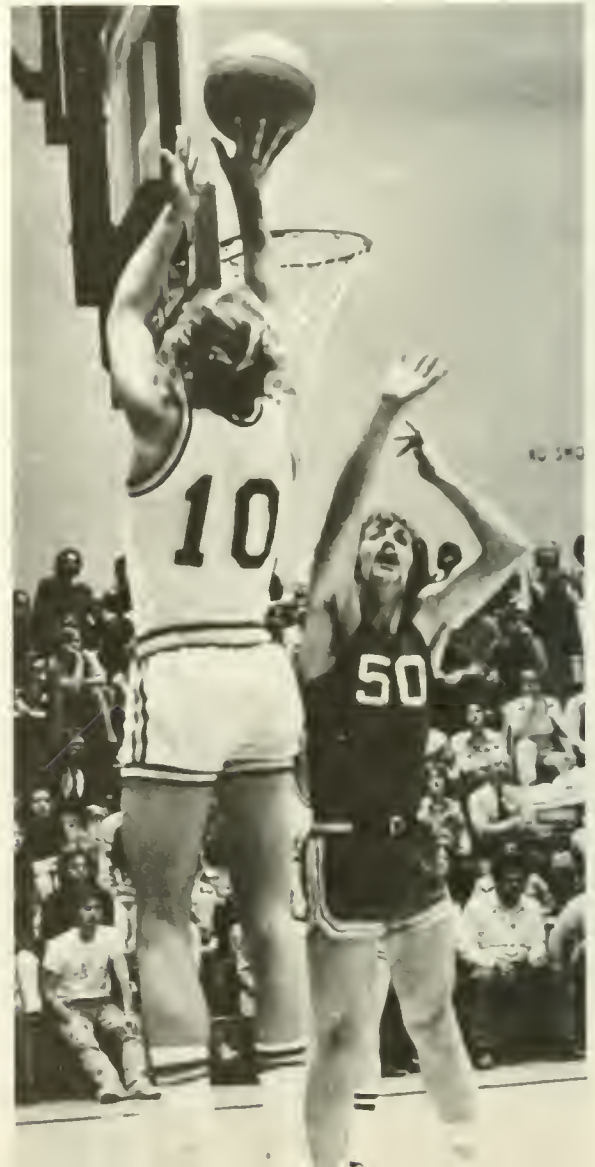

## Men's Basketball

Led by the fourth ranked scorer in BSC history, the Husky Cagers finished this past season with a 13-10 record and a 6-6 mark in the conference where they placed fourth.

Radocha, who has one more year to complete, has 1,180 points to trail only John Willis (1,467), Robert Herzig (1,362) and Richard Lloyd (1,339).

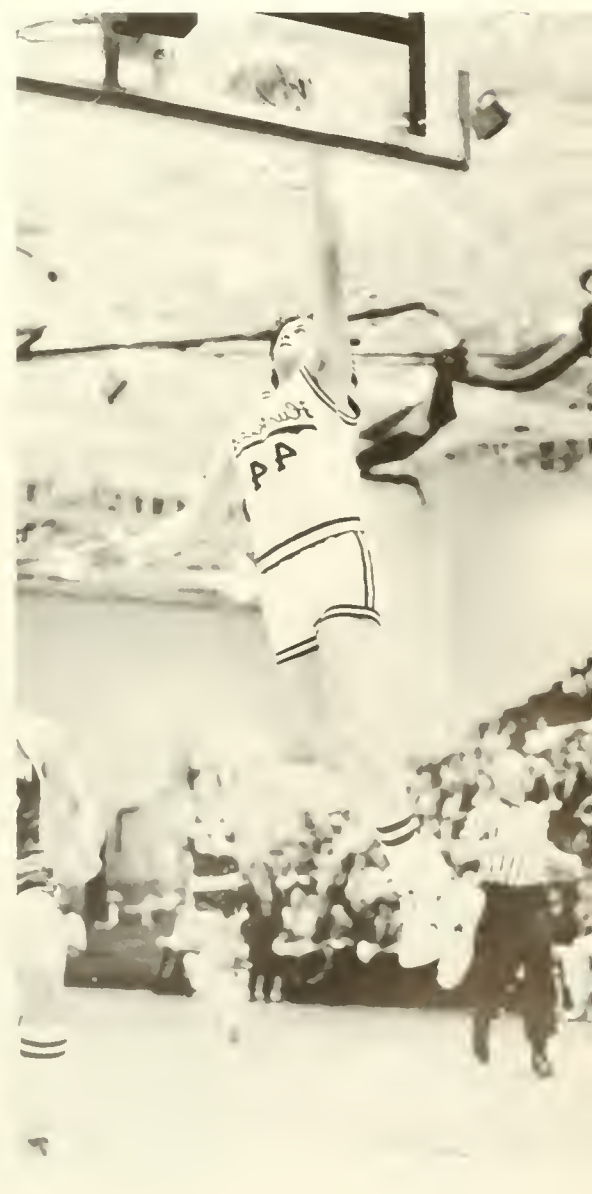

The Huskies have only one senior, Rich Yanni, so that most of the team will return next season for coach Charlie Chronister.

The team they will have to catch for conference honors again will be Cheyney State, who finished in the top 20 in small college play.

The Huskies should take a run at the title next year if everyone stays healthy and they keep from turning over the ball.

Rounding out the team were Rich Evans, Rick Joseph, sophomores Steve Bright and Al Williams, Kevin Crouse, John Bucher, John McVeigh, Spence Peirce, Miles Reitnouer, Jeff Roth and Mark Vanderbeck.

Bright, Evans, Williams and Joseph all saw a great deal of action for the Huskies. Bright was the second leading rebounder on the team behind Rodocha.

# Women's Basketball

The Women's basketball team compiled an 11-2 record, enroute to one of their best seasons to date. The women, had a perfect record, up until the final few games of the season.

Led by Ellen French and Judy Ludroff, the team handled most of their opponents with ease.

The team has a good future ahead of it as they are still young and growing. Maybe next year they can pull off an undefeated year.

Men's Swimming

The BSC mermen posted only their first losing record since 1965-66 as they posted a 5-8 mark last season. The Huskies faced possibly the toughest opposition in the school's history.

The highlight of the season for Coach McLaughlin was when the team posted a 58-55 victory to give the coach his 100th career victory.

The Huskies had an All-American in Wayne Richards, a freshman who placed eighth in the 200 yard butterfly at nationals with a time of 1:59.025. Richards won the 100 yard butterfly at the conference meet and also placed second in the 200 yard fly there.

Keith Torok, Steve Price and Gary Oberly were also at the nationals as part of the 400 yard freestyle relay team but they only placed 16th.

Hopefully next year will be better for the Huskies as they only lose one senior. Coach McLaughlin should have a fine young squad back next year.

I would like to apologize to those teams whose pictures didn't get into the yearbook as there wasn't enough time to get them by the deadline

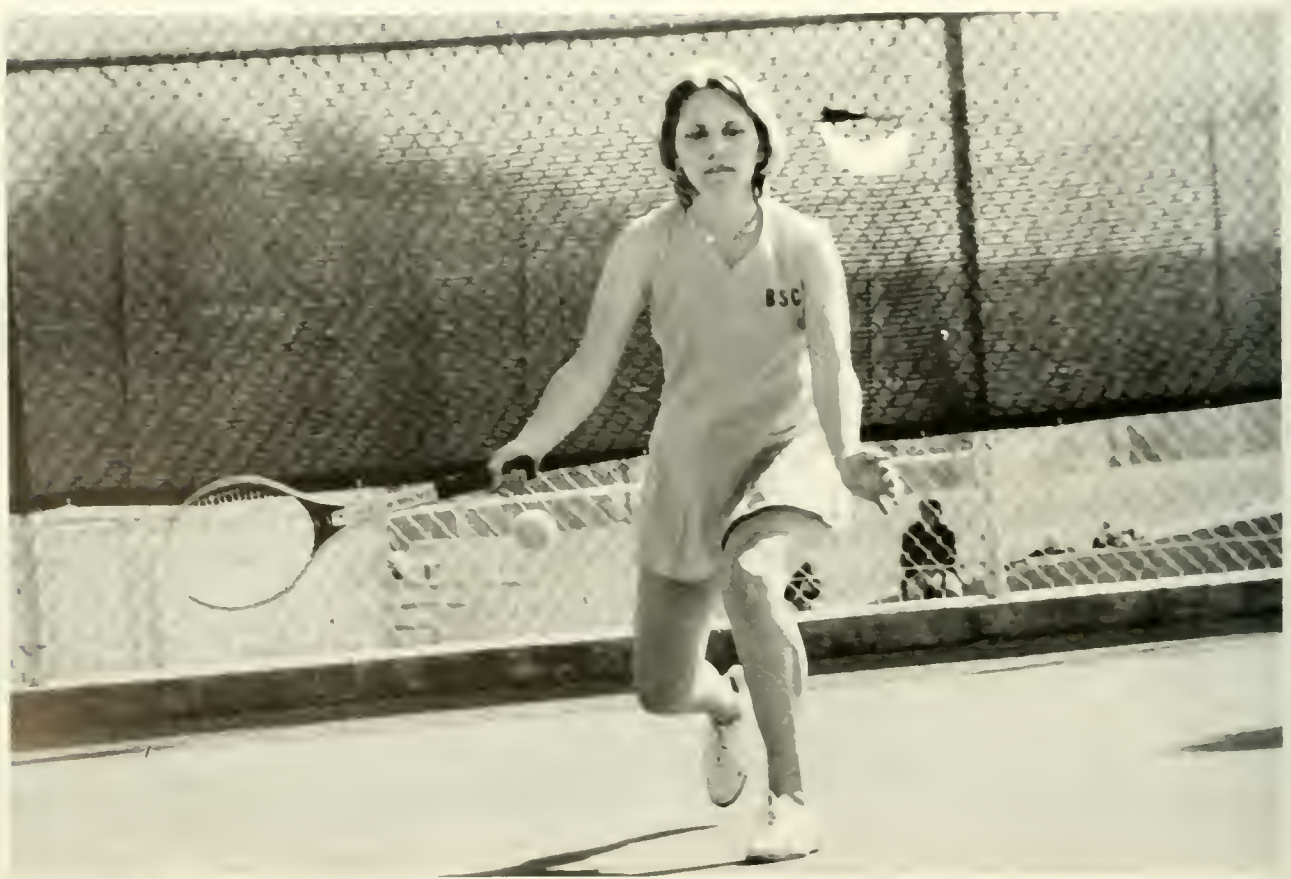

## Women's Tennis

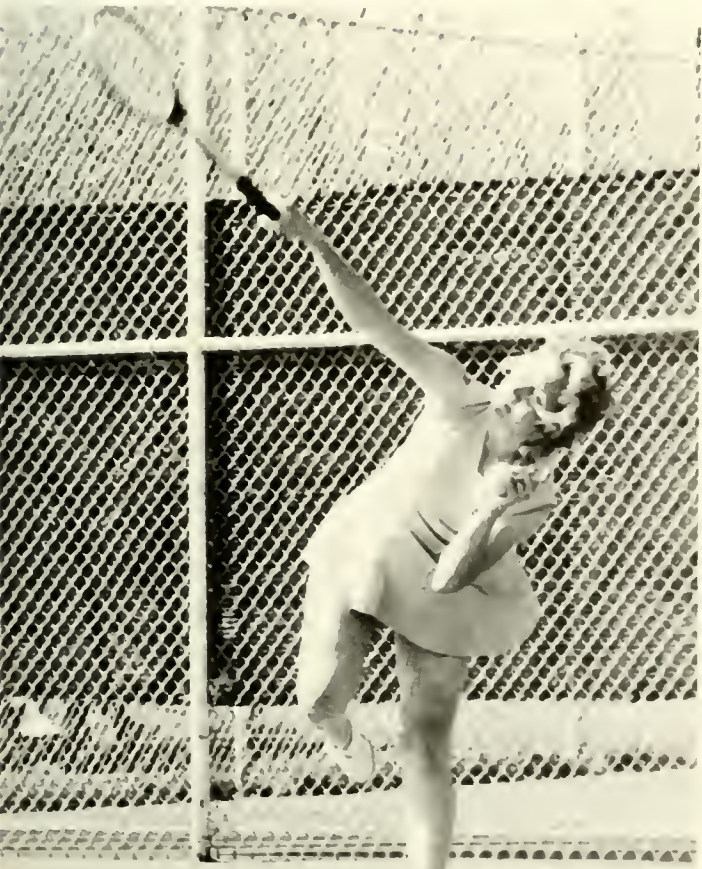

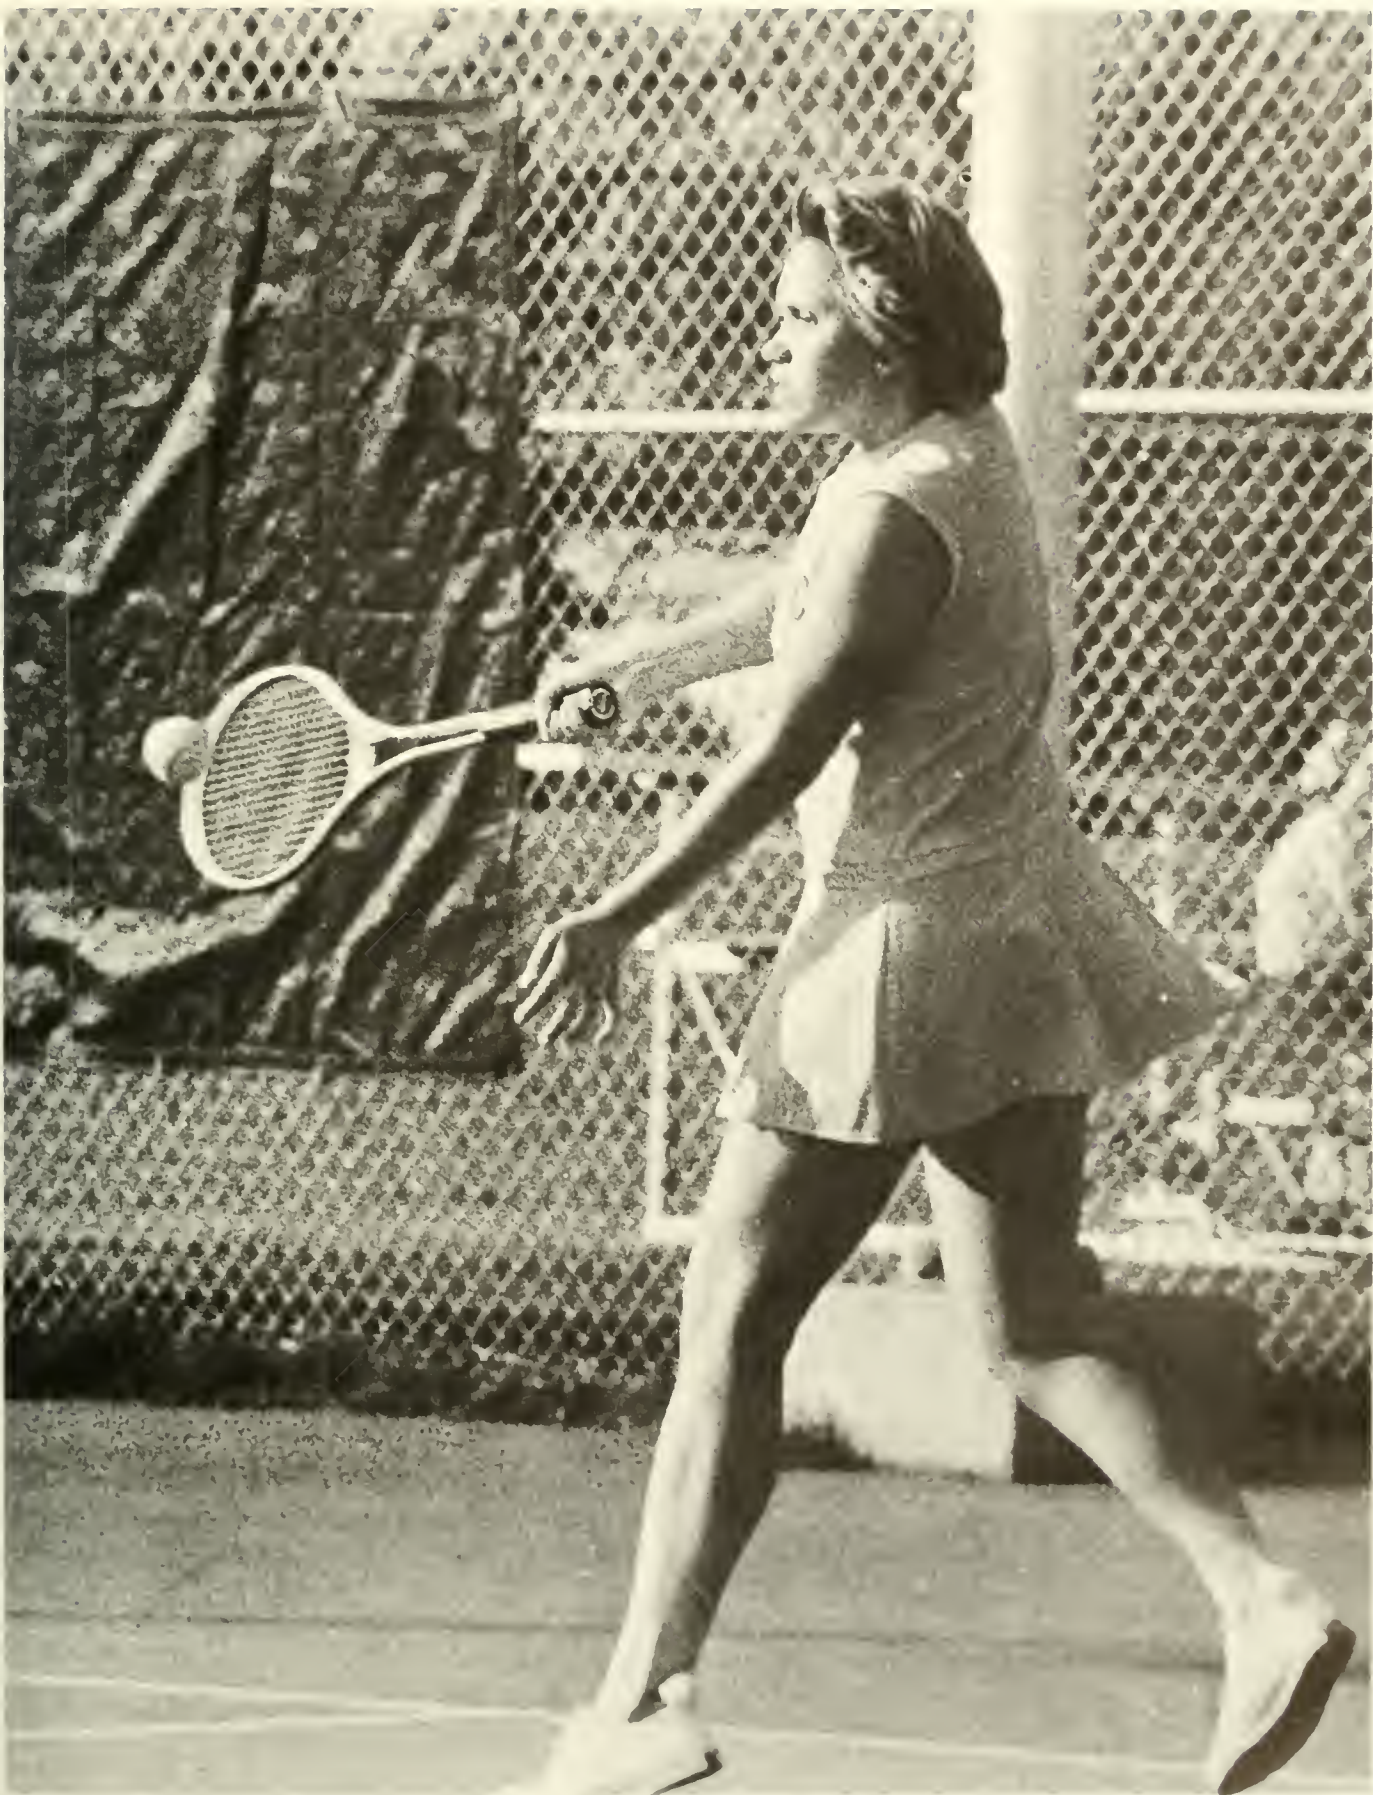

The women's tennis team posted a 3-5 slat to go with their 500 slate in the fall to finish on the minus side of the ledger this year.

However, according to Miss Wray, their coach, some of the best tennis she has seen in four years was played this year in a match against Shippensburg. The team played well and with a few breaks could have finished with a plus instead of a minus.

With only Ann McMunn graduating, the Huskies could improve on their standing next year.

Track and Field

The track team, gave Coach Puhl his 100th career coaching victory in varsity track competition.

Coach Puhl, who also handled the cross country team, will leave the head track slot to take over the reins of the BSC football program.

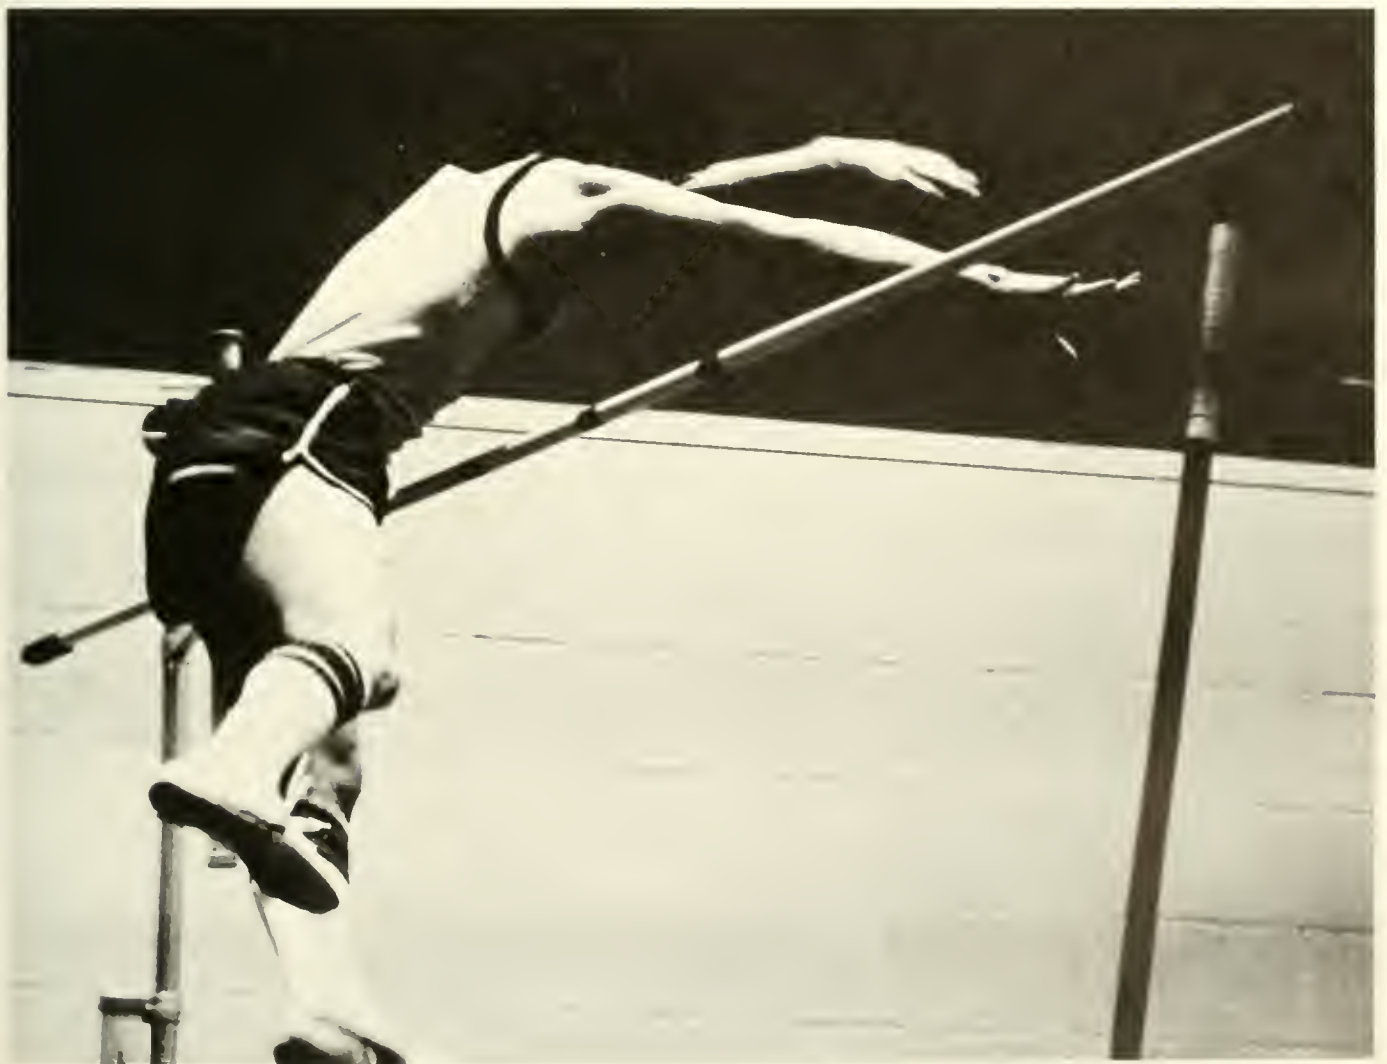

Whoever takes over Puhl's slot will find a good group of young men to work with and a strong winning tradition.

We wish him and Coach Puhl the best of luck and hope the track team can improve on its 13-2 record of this year.

Men's Tennis

The men's tennis team posted an outstanding year this year as they went undefeated during the fall and then lost only two matches in the spring.  
Coach Reese's charges are improving all the time and will be tough in the years to come.

# Baseball

This year's baseball team suffered through one of the most disastrous seasons in their history. The team was only able to post two wins in their trying season.

The Huskies lost several one run games which added to their woes.

Hopefully next year their future will appear brighter, especially since there are some young members of the squad, who with a year of seasoning could be ready to help the cause.

The Campus

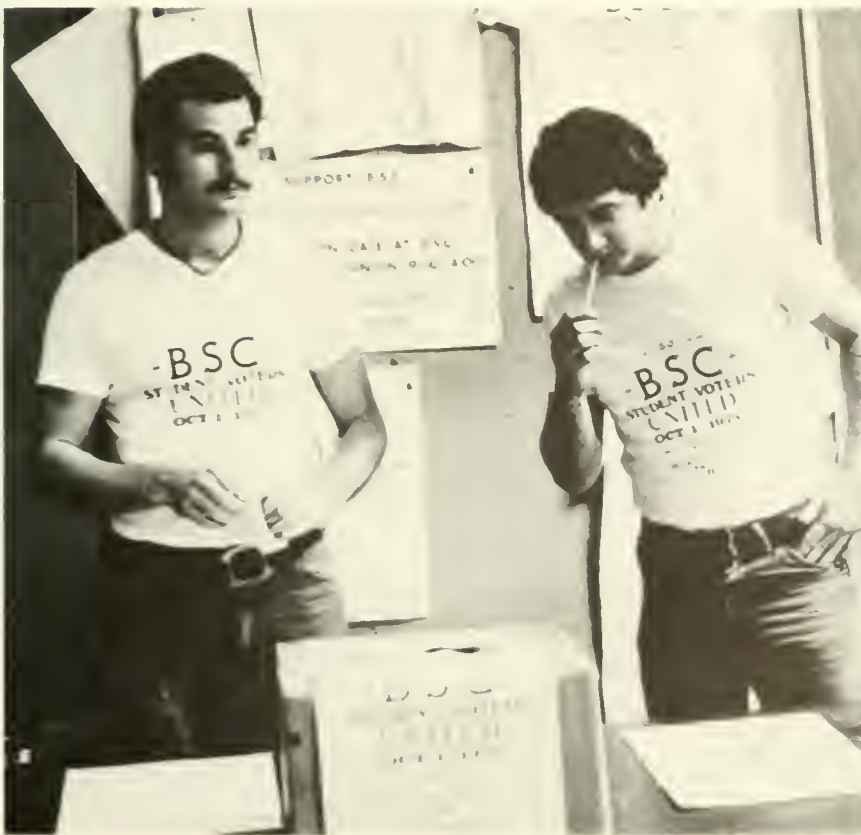

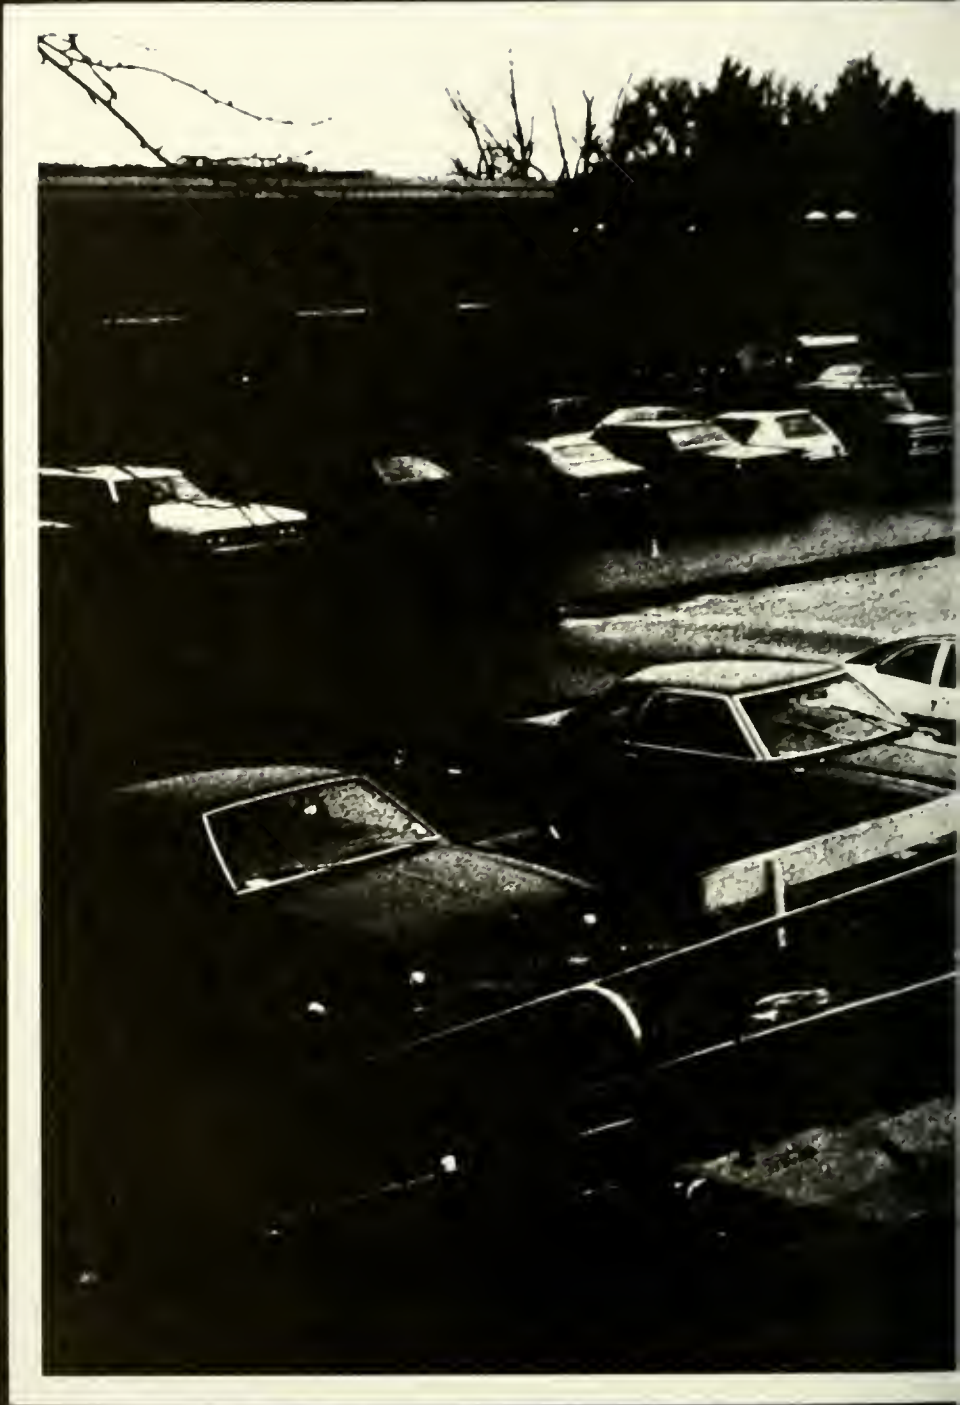

# The Year in Review

Another year at BSC began and ended.

It was a dull year, for some students. Conversely, many other students found 1976 to be a year totally unlike all the others at BSC.

In an age when apathy on college campuses reached its peak Bloomsburg students did not feel it necessary to go along with the nation-wide trend. Many issues on both the state and local level were dealt with by students who refused to be taken advantage of by the system and those who control it.

Retrenchment of faculty and services headed the list of student concerns. Along with retrenchment, misappropriations of state funds lead to greater student participation in the Commonwealth Association of Students, a lobbying group for the State Colleges and University.

Voter registration drives convinced almost 1,500 students of the necessity of showing student strength. When the County Commissioners refused to send registrars to the campus, CGA vans took the role of shuttles to the courthouse. However, the question of where students priorities rest was apparent when it took free t-shirts to get students to come out of their dorms and apartments to go register. When voting in the primary arrived, 73% of all those registered came out to cast their ballots, even though no prizes were offered.

Off-campus housing, health services, tripling, a lawyer for students, and the hottest CGA election ever experienced were all important issues upon which action was taken in 1976. Much was accomplished, the right steps were taken, but many problems could not be resolved in one year's time.

Students became aware of the threat posed to the State College System, which came in the form of the Governor's Report and the Kies Memorandum. Both leaned toward the destruction of the state colleges, but students worked to stop any action from taking place.

Retrenchment was partially halted, but total security of students and faculty was never achieved.

The political theme of 1976 was culminated in the Simulated Convention. Even though Mo Udall won, a strong political message was delivered by the delegates committed to Hunter S. Thompson. The media chose to ignore his second place showing; those who participated in the convention were made aware of the meaning behind Thompson's candidacy.

Politics was the way of life at Bloomsburg State College in 1976. The realization came through that involvement in politics was the only way to save the college and the education received at BSC.

# Editor's Message

A yearbook is eternal. It grows in value as time passes. To be a part of a yearbook, watching it grow page by page, to have a part of yourself and your creative drive captured forever, is a tremendous experience.

Working on a book such as the **Obiter** has a maturing effect. We who made the book must live forever with both our good ideas and our mistakes.

This book, like the school and the people who make up the school, is not perfect. Perfection is always hoped for, but rarely comes to pass.

However, I feel this book is unique in comparison to previous yearbooks produced at Bloomsburg State College. I must now give thanks to those who, through their time and effort, helped give the **1976 Obiter** the uniqueness necessary to make it successful:

To Matti Prima, Stan Toczek, and the CGA for giving me the funds which make this edition of the **Obiter** special in BSC's history.

To my staff who tried, learned, and added a piece of themselves to this book. And even though we only get to know each other so late, I am looking forward to working with them again next year.

To Mr. Kenneth Hoffman for enlightening me to things of which I was not aware, helping me more than he imagined.

To Elyn, Nancy, and Mary for putting up with my rantings, ravings, and general insanity when things went wrong.

To Al, Wayne, and all the darkroom inhabitants for being a neat bunch of people who came through when I needed them.

To Mike Gilroy for being an open honest sales representative and friend.

And special thanks to Bob O'Brien for giving me, through his teachings, the opportunity to do the work I love best.

Once again, thank you.

I know this book won't please everyone. But it is as it is. **And I like it.**
