JOURNAL OF A MEETING
OF THE
BOARD OF PRESIDENTS, STATE TEACHERS COLLEGES

July 20, 1945

The regular meeting of the Board of Presidents of the State Teachers Colleges of the Commonwealth of Pennsylvania was held in Room 317 of the Department of Public Instruction, Friday, July 20, 1945. The meeting was called to order by the Chairman of the Board at 9:30 A.M., Eastern War Time.

The following were present:

Thomas P. North	Bloomsburg
Robert M. Steele	California
Leslie Pinckney Hill	Cheyney
Paul G. Chandler	Clarion
Joseph F. Noonan	East Stroudsburg
L. H. Van Houten	Edinboro
Joseph M. Uhler	Indiana
Q. A. W. Rohrbach	Kutztown
Richard T. Parsons	Lock Haven
James G. Morgan	Mansfield
D. L. Biemesderfer	Millersville
Raymond G. Mowrey	Shippensburg
John A. Entz	Slippery Rock
Charles S. Swope	West Chester

Francis B. Haas, Chairman
Henry Klonower, Secretary

I. Reading and consideration of the minutes of the meeting of the Board of Presidents held in Harrisburg, Friday, May 18, 1945.

On motion of Doctor Parsons, seconded by Doctor Uhler, the Board voted that the minutes of the meeting of the Board of Presidents held May 18, 1945 be approved as submitted.

II. Unfinished Business.

A. Report of the Curricular and Credentials Committee

Doctor Steele, Chairman of the Curricular and Credentials Committee, presented the following report:

REPORT OF THE CURRICULAR AND CREDENTIALS COMMITTEE

July 20, 1945

Re: Education and Preparation of School Nurse Teachers

School nurses have in the past pretty largely been taken from the ranks of registered nurses without any particular preparation for work in the public schools. In view of the fact that they are continually working with the teachers of the schools and are in the homes of the children much more than the teachers, it is desirable and necessary that they receive some training to fit them for their peculiar public school functions. Not only do they care for the child's physical well-being but enter into conversation with the parents relating to every phase of the school activities of the child. Therefore, they should have a good understanding of the work that the child is doing in the school. On the other hand, the nurse's conversation informs the teacher relative to the home conditions and in order to accurately report such findings she should have an appreciation of the teacher's viewpoint. There is an increasing demand for school nurses.

The following proposals are made by the committee for the education and preparation of school nurse teachers:

1. The State Standard Limited Certificate
(renewed in accordance with present practice)

Requirements:

- a. The candidate, subsequent to high school graduation, shall have satisfactorily completed a curriculum offered by a recognized school of nursing and in addition 30 semester hours in approved professional courses.
- b. The candidate shall be a registered nurse in Pennsylvania.

2. The Bachelor of Science Degree in Education

Requirements:

- a. The candidate, subsequent to high school graduation, shall have satisfactorily completed a curriculum offered by a recognized school of nursing and in addition 60 semester hours in approved courses of collegiate grade. The candidate's total program of preparation shall include the professional preparation required for the issuance of the State Standard Limited Nurse Teacher's Certificate.
- b. The candidate shall be a registered nurse in Pennsylvania.

The bachelor of science in education degree conferred on the completion of above requirements will meet the requirements for the issuance of the regular college provisional certificate.

3. The schedule which follows will be used to appraise the professional courses:

Fields	Semester Hour Range
Child development (mental, physical, social and emotional factors)	6 - 12
Nutrition (food selection--child, adolescent, adult; nutritive value of foods; relation of food to health, formation of good food habits)	3 - 9
Family case work (analysis of family health and social problems, interrelationships, types and functions of community agencies)	3 - 9
Applied sociology (heredity, environment, race problems, population problems, social control, etc.)	3 - 6
School organization (survey of school program including personnel, curriculum and finance; functions, duties and interrelationships of administrative, supervisory instructional and school service staffs)	3 - 6
Methods and materials in school nurse teaching, including supervised practice teaching (home nursing and first aid)	3 - 6
School nursing (the function of the nurse in the development and protection of family, school and community health, including school sanitation and safety, school health service, legal aspects, testing techniques and instruments, supervision of illness-absentees, records and reports)	6 - 12
Field work (family case work, school and public health nursing)	3 - 9
Total	30 - 69

Since the proposed program involves a change from present practice, it is recommended that the Superintendent of Public Instruction be requested to recommend to the State Council of Education that the requirements for the certification of school nurses be increased to those herein proposed.

Respectfully submitted

Q. A. W. Rohrbach
Charles S. Swope
L. H. Van Houten
Robert M. Steele, Chairman

On motion of Doctor Steele, seconded by Doctor Van Houten, the Board voted that the report of the Curricular and Credentials Committee Re: Education and preparation of School Nurse Teachers be approved.

REPORT OF THE CURRICULAR AND CREDENTIALS COMMITTEE

July 20, 1945

Doctor Steele, Chairman of the Curricular and Credentials Committee,

presented the following report:

Re: Evaluation of Non-Standard Credentials

This report concerns two types of non-standard credentials:

1. Credentials of persons who do not have standard high school preparation and who, previous to 1920, entered the Normal Schools with miscellaneous preparation, and
2. Credentials of persons who seek advanced standing in State Teachers Colleges on the basis of courses completed at institutions not accredited.

In the first case the procedures set up for evaluating the credentials of persons who do not have standard secondary school preparation for admission have worked satisfactorily and the committee recommends that these procedures be continued as recorded on pages 150 and 151, Proceedings of Meetings of the Board of Normal School Principals, February 11, 1927.

"Those present at the meeting were:

- Dr. John A. H. Keith, Superintendent of Public Instruction
- Dr. J Linwood Eisenberg, Principal, State Normal School, Slippery Rock, Pa.
- Mr. T. T. Allen, Principal, State Normal School, East Stroudsburg, Pa.
- Mr. James G. Pentz, Director of Credentials Bureau
- Mr. Henry Klonower, Director of Teacher Bureau

The Committee selected the Director of the Teacher Bureau, Henry Klonower as Executive Secretary.

The Committee agreed upon the following procedure:

1. All data must be submitted in full to the Executive Secretary by the Principal of the Normal School where the individual makes application for enrollment.
"Data" shall consist of the following:
 - a. A complete and detailed statement of all high school work.
 - b. Certified records of all post-high school work.
 - c. A certified record, or a certified transcript of the same, of all teaching experience on a State Teachers' Rating Score Card.
 - d. Records of all credit granted by examination or otherwise not included.
 - e. Additional information that may be pertinent to the case.
2. All entrance credentials be evaluated by the Director of the Credentials Bureau who will report his findings to the Executive Secretary.
3. The Executive Secretary, acting for the Committee, will evaluate all professional post-high school credit.

Dear Sir,
I have the honor to acknowledge the receipt of your letter of the 14th inst. in relation to the above mentioned matter. The same has been referred to the proper authorities for their consideration.

I am, Sir, very respectfully,
Your obedient servant,
[Signature]

Very truly yours,
[Signature]

4. The Executive Secretary will report to the Principal of the Normal School submitting the credentials with a full evaluation placed thereon.
5. If there is an appeal from the decision thus rendered, the matter shall be brought to the full Committee at its next regular meeting for final decision.

The Executive Secretary shall maintain a record book in which records will be made of all cases acted upon by the Committee."

The second category of non-standard credentials covers all cases where advanced standing or credit is sought for courses taken or work done in institutions not accredited. The committee recommends that the following action of the Board of Normal School Principals, February 11, 1927, recorded on page 152 as follows:

"On motion of Doctor Lehman, seconded by Mr. Crawford, it was voted that the credentials of all applicants for advanced standing in a Normal School be referred to this committee on the evaluation of non-standard credentials. Motion carried".

*Held in
Obedience
F.B.H.*

be resinded.

The committee recommends that the following procedure be used when application for advanced standing or credit on the basis of courses completed in institutions not accredited by the State Council of Education is received:

1. A certified record, or a certified transcript of the same, of courses completed together with such additional information as may be pertinent to the case shall be submitted to Doctor Klonower as Executive Secretary of the Committee.
2. Doctor Klonower, acting for the Curricular and Credentials Committee, will evaluate all credentials and furnish three copies of the evaluation - one copy to the Teachers College submitting the credentials, one to the applicant, and one copy to be filed in the record book.
3. If there is an appeal from the decision thus rendered, the matter shall be brought to the full committee at its next regular meeting for final decision.
4. The Executive Secretary shall maintain a record book in which records will be made of all cases acted upon by or for the Committee.

The Committee further recommends that credentials from accredited institutions be evaluated by the college at which application is made for admission, advanced standing or credit.

Respectfully submitted

III. New Business

A. Program for the Education of Home and School Visitors

Doctor Rohrbach stated that there was a general feeling that the persons who were charged with enforcing the attendance laws were, for the most part, poorly equipped to do this type of work. He raised the question as to whether the State Teachers Colleges had an obligation to meet in providing instruction for home and school visitors in order that persons doing this type of work would be able to secure instruction along the lines of their work, even though certification in this field is not mandatory.

The Chairman of the Board stated that he would appoint a small committee to study the problem and to see whether there is any way in which the State Teachers Colleges could render service.

B. Pennsylvania Branch of National Association of Secondary School Principals - Lists of High School Seniors

The Secretary of the Board presented a letter which he had received from Dr. J. E. Nancarrow, Secretary-Treasurer, Pennsylvania Branch, National Association of Secondary School Principals of the N.E.A., in which he enclosed two copies of a term contract for the purchase of lists of high school seniors.

After some discussion, it was moved by Doctor Noonan, seconded by Doctor Entz, that the policy which prevailed last year, namely, that of not entering into contract for the purchase of the lists, be continued. The motion passed and the Secretary was instructed to advise Doctor Nancarrow of the Board's action.

C. Meeting of Deans of Instruction

The question of the meeting of the Deans of Instruction was discussed. In view of the fact that the Deans expressed the desire to continue holding such meetings at a different institution each year, the Chairman suggested that the meeting of the Deans be authorized and that the Secretary of the Board prepare a schedule indicating dates and places for three or four years in advance.

Doctor Parsons then moved that the meeting of the Deans be approved and that the Deans be authorized to choose the date and place of their meeting. The motion was seconded by Doctor Noonan. The Board voted to approve the motion.

D. Special Emergency Wartime Certificates

During the meeting Doctor Klonower presented to the Board certain recent studies made by his office with regard to the Special Emergency Wartime

Certificate situation. He distributed to each member copies of two maps, one indicating the Per Cent of Teachers Employed Holding College Certificates, Including all School Districts, 1943-1944, and one indicating the Number of Special Emergency Wartime Certificates in each County for the School Year 1944-1945. He also distributed a summary of the status of the Special Emergency Wartime Certificates for the year 1944-1945.

The summary indicated that 4536 Wartime Certificates were in force, 1727 of which were renewed from the previous year. The Department issued 77.3% of such certificates to women and 22.7% to men. The average age of such teachers was thirty-six. Sixty-five percent of such teachers completed anywhere from one to twenty years of previous teaching experience; 36% had one to five years of experience. Inasmuch as 42.5% of such teachers were college graduates and that 40.1% had some form of college or university training ranging from one to three years and 73.7% held some form of teacher's certificate other than the Special Emergency Wartime Certificate, the data are encouraging. Only 7.6% of the 60,000 teachers employed in Pennsylvania were employed on Special Emergency Wartime Certificates.

Doctor Klonower stated that he would try to secure additional copies of the maps if they would be of assistance to the Presidents.

E. Expense Accounts of Faculty Members Rendering Professional Services

The question was raised as to a general policy by which the payment of expenses to faculty members rendering professional services in the service area might be facilitated. It was agreed that there was need for a uniform policy to clarify the matter so that expense vouchers could be handled with expedience.

It was moved by Doctor Rohrbach, seconded by Doctor Steele, that the matter of developing a policy with reference to the payment of expenses of faculty members engaged in professional services in the service areas of the institutions be referred to the Budget Committee for study and a report at the next meeting of the Board. The Board so voted.

F. Associate Membership - American Council on Education

The Secretary of the Board stated that he had received a bill for the associate membership of the Board of Presidents in the American Council of Education and asked the Board's pleasure in the matter.

On motion of Doctor Uhler, seconded by Doctor Van Houten, the Board voted to authorize the Secretary to renew the membership for another year, the dues to be divided equally among the institutions.

JOURNAL OF A MEETING
OF THE
BOARD OF PRESIDENTS, STATE TEACHERS COLLEGES

September 21, 1945

The regular meeting of the board of Presidents of the State Teachers Colleges of the Commonwealth of Pennsylvania was held in Room 317 of the Department of Public Instruction, Friday, September 21, 1945. The meeting was called to order by the Secretary of the Board at 9:30 a.m., Eastern Peace Time.

The following were present:

Thomas P. North	Bloomsburg
Robert M. Steele	California
Leslie Pinckney Hill	Cheyney
Paul G. Chandler	Clarion
Joseph F. Noonan	East Stroudsburg
L. H. Van Houten	Edinboro
Joseph M. Uhler	Indiana
Q. A. W. Rohrbach	Kutztown
Richard T. Parsons	Lock Haven
James G. Morgan	Mansfield
D. L. Biemesderfer	Millersville
John A. Entz	Slippery Rock
Charles S. Swope	West Chester

Henry Klonower, Secretary

The following were absent:

Raymond G. Mowrey	Shippensburg
Francis B. Haas, Chairman	

In the absence of the Chairman, Dr. Henry Klonower, Director of Teacher Education and Certification, presided at the meeting.

I. Reading and consideration of the minutes of the meeting of the Board of Presidents held in Harrisburg, Friday, July 20, 1945

On motion of Doctor Entz, seconded by Doctor Parsons, the Board voted that the minutes of the meeting of the Board of Presidents held July 20, 1945 be approved as submitted.

II. Unfinished Business

A. Report of the Curricular and Credentials Committee

Doctor Steele, Chairman of the Curricular and Credentials Committee, presented the following report:

REPORT OF THE CURRICULAR AND CREDENTIALS COMMITTEE

September 21, 1945

Re: Evaluation of Non-Standard Post High School Credentials

This report concerns credentials of persons who seek advanced standing or credit on the basis of courses completed at institutions not accredited. It applies only to work of a post high school level.

The Committee recommends that the following procedure be used in all cases where application is made for credit or advanced standing on the basis of courses completed in institutions not accredited by the State Council of Education or by any of the standard regional accrediting agencies:

1. The President of a Teachers College receiving such an application will submit to Dr. Henry Klonower as Executive Secretary of the Curricular and Credentials Committee a certified record, or a certified transcript of the same of courses completed together with such additional information as may be pertinent to the case.
2. A sub-committee of the Curricular and Credentials Committee will evaluate these credentials and furnish three copies of the evaluation - one copy to the Teachers College submitting the credentials, one to the applicant, and one copy to be filed in the record book.
3. If an appeal should be made from the decision thus rendered, the case will be brought to the Committee at its next regular meeting for review.
4. The Executive Secretary shall maintain a record book in which all cases acted on by the Committee shall be recorded.

Approved
for one year
then policy to be
reviewed.
F. B. H.
9/27/45

Respectfully submitted

Q. A. W. Rohrbach
Charles S. Swope
L. H. Van Houten
Robert M. Steele, Chairman

On motion of Doctor Steele, seconded by Doctor Rohrbach, the Board voted that the report of the Curricular and Credentials Committee Re: Evaluation of Non-Standard Post High School Credentials be approved.

REPORT OF THE CURRICULAR AND CREDENTIALS COMMITTEE

September 21, 1945

Doctor Steele, Chairman of the Curricular and Credentials Committee, presented the following report:

Re: Evaluation of Non-Standard Secondary Credentials

Since the plan and the procedures formulated for evaluating

non-standard secondary school credits and recorded on pages 150, 151, and 152, "Proceedings of Meetings of the Board of Normal School Principals," February 11, 1927, and also quoted on pages 1733 and 1734, "Journal of a Meeting of the Board of Presidents", July 20, 1945, are in conflict with, and contradictory to the plan for secondary education evaluation set forth in the Pennsylvania Plan for the Evaluation of Secondary Credentials for Examinations, and for the Issuance of the High School Equivalent Diploma under Act Number 212, approved May 15, 1945, Bulletin Number 1, September 7, 1945, the Committee recommends that the action taken February 11, 1927 be rescinded.

Respectfully submitted

Q. A. W. Rohrbach
Charles S. Swope
L. H. Van Houten
Robert M. Steele, Chairman

On motion of Doctor Steele, seconded by Doctor Van Houten, the Board voted that the report of the Curricular and Credentials Committee Re: Evaluation of Non-Standard Secondary Credentials be approved.

REPORT OF THE CURRICULAR AND CREDENTIALS COMMITTEE

September 21, 1945

Doctor Steele, Chairman of the Curricular and Credentials Committee, presented the following report:

Re: Evaluation of Standard Secondary Credentials for Admission and Transcripts of Collegiate Credit from Accredited Institutions

The Committee recommends that credentials of graduates of approved secondary schools and certificate of equivalent secondary education submitted for admission to State Teachers Colleges and transcripts of college credit from accredited institutions of college grade be evaluated at the college at which application is made for admission, advanced standing or credit.

Respectfully submitted

Q. A. W. Rohrbach
Charles S. Swope
L. H. Van Houten
Robert M. Steele, Chairman

On motion of Doctor Steele, seconded by Doctor Van Houten, the Board voted that the report of the Curricular and Credentials Committee Re: Evaluation of Standard Secondary Credentials for Admission and Transcripts of Collegiate Credit from Accredited Institutions be approved.

REPORT OF THE CURRICULAR AND CREDENTIALS COMMITTEE

September 21, 1945

Doctor Steele, Chairman of the Curricular and Credentials Committee, presented the following report:

Re: Broadening the Elective Opportunities for Industrial Arts
Students in Selecting a Second Field of Certification

The Committee recommends that students pursuing the four-year Industrial Arts Curriculum shall have the privilege of choosing as a second field for certification any field offered in the secondary curriculum.

Respectfully submitted

Q. A . W. Rohrbach
Charles S. Swope
L. H. Van Houten
Robert M. Steele, Chairman

On motion of Doctor Steele, seconded by Doctor Noonan and Doctor Rohrbach, the Board voted to approve the report of the Curricular and Credentials Committee Re: Broadening the Elective Opportunities for Industrial Arts Students in Selecting a Second Field of Certification.

B. Expense Account of Faculty Members
Rendering Professional Services

Doctor Noonan, Chairman of the Budget Committee, reported that his Committee was working on the problem and that a report would be presented at a future meeting of the Board.

III. New Business

A. Cost Units and Instructional and Residence
Capacities

Mr. William M. J. McClure, Comptroller of the Department of Public Instruction, addressed the Board. He stated that two important studies were to be made:

1. Survey of Instructional and Housing Facilities
2. Cost Units

Mr. McClure distributed questionnaires and asked that one copy showing the capacity for each category and occupancy in terms of Class I students be returned to him. He stated that the enrollment figures should agree with the enrollment figures submitted on the official report form. A footnote should explain the kind of trainees and any other explanatory remarks that would further clarify the statement should be included. Dormitory capacities were to be expressed in terms of the number of persons the rooms are designed to accommodate. A footnote should be added if part of the men's dormitory is being used for women.

With reference to cost units, the members of the Board were asked to report by letter the following information requested by the Budget Office. The information should be studied in light of the approved budgets:

- (a) The number of clock-hours of instruction given during

and in the event of any such change, the Board shall have the right to terminate this agreement.

The Board shall have the right to terminate this agreement if the Company fails to comply with the terms and conditions of this agreement for a period of 90 days.

ARTICLE II

Section 1.01
Section 1.02
Section 1.03

The Board shall have the right to terminate this agreement if the Company fails to comply with the terms and conditions of this agreement for a period of 90 days.

ARTICLE III

The Board shall have the right to terminate this agreement if the Company fails to comply with the terms and conditions of this agreement for a period of 90 days.

Section 3.01

ARTICLE IV

The Board shall have the right to terminate this agreement if the Company fails to comply with the terms and conditions of this agreement for a period of 90 days.

ARTICLE V

The Board shall have the right to terminate this agreement if the Company fails to comply with the terms and conditions of this agreement for a period of 90 days.

The Board shall have the right to terminate this agreement if the Company fails to comply with the terms and conditions of this agreement for a period of 90 days.

The Board shall have the right to terminate this agreement if the Company fails to comply with the terms and conditions of this agreement for a period of 90 days.

the first six months of the current fiscal year, June 1 to November 30, 1945

- (b) The actual number of meals served during the same six months period.

Mr. McClure pointed out that the foregoing would require some estimating. When the budget for the second six-months period is submitted, the units for the first six-months period should be revised to actual and typed on the budget. The units for the second six-months period will be an estimate also typed on the budget in the proper column of the budget by functions just above the Instruction group and the Housing group.

Mr. McClure asked that the desired information be submitted to him as soon as possible.

B. Meeting - Boards of Trustees, State Teachers Colleges

Doctor Klonower advised the Board that a letter over Doctor Haas' signature had recently been sent to each member of each Board of Trustees of the several institutions inviting them to attend a meeting called for October 30, 1945. He stated that problems of vital interest would be discussed at this meeting and that Governor Martin would address the group in the afternoon. The Presidents were urged to impress upon the members of their Boards of Trustees the importance of attending this meeting in order that as many members as possible would be present.

C. Developments on the Proposed New Salary Schedule

The Secretary stated that Doctor Haas was anxious to have the judgment of each member of the Board with reference to the proposed salary schedule for members of the instructional staffs of the State Teachers Colleges, copies of which had previously been mailed to the Presidents. He stated that Doctor Haas was prepared to make his comments to the Committee on Reorganization and Classification but before doing so, he wanted to make sure that he had the best judgment of each President concerning the schedule.

D. Documentary Film - N.E.A.

Doctor Klonower read to the members of the Board a letter which had been received from Mr. Harvey E. Gayman, Executive Secretary of the Pennsylvania State Education Association, regarding a twenty-minute documentary film to be released shortly by the National Education Association. The film deals with the vital role of the teacher in the nation's life. After full discussion, the Secretary was directed to advise Mr. Gayman that the members of the Board would be pleased to cooperate in the use of the film. Those institutions that desire to use the film will communicate directly with Mr. Gayman concerning the details. The Board expressed its appreciation of this offer.

E. High School Equivalent Examinations

During the meeting Dr. G. Franklin Stover, Director of Secondary Education Evaluation, explained to the Board the procedure now being followed in the matter of evaluating secondary credentials, examinations, and the issuance of the high school equivalent diploma. He stated that there are several phases to the program, all of which are set forth in Bulletin No. 1, "The Pennsylvania Plan for the Evaluation of Secondary Credentials, for Examinations, and for the Issuance of the High School Equivalent Diploma under Act No. 212, Approved May 15, 1945."

Doctor Stover asked the cooperation of the State Teachers Colleges in making their facilities available for offering examinations for the high school equivalent diploma and the certificate of preliminary education required for professional study. Examinations would be held two days each in January, May and August. In addition to the examinations scheduled at the State Teachers Colleges, examinations would also be given in Philadelphia and Pittsburgh. The examination forms would be sent to the institutions in advance and should be returned to the Department of Public Instruction on their completion. A proctor would need to be supplied by the institution to supervise the examinations.

Doctor Stover also stated that the State Teachers Colleges might act as testing centers for the examinations given by the Veterans' Testing Service of the American Council on Education. Any institution may obtain authority to offer these tests by making application to the Veterans' Testing Service, American Council on Education, 6010 Dorchester Avenue, Chicago 37, Illinois. A staff member of the institution may serve as the official agent to administer these tests on the campus.

The Presidents expressed their willingness to cooperate in every way possible in the program outlined by Doctor Stover.

F. Act 403 - Relationship to Student Teaching Contracts

After some discussion, it was moved by Doctor Noonan, seconded by Doctor Rohrbach and Doctor Steele, that a committee be appointed to study the effects of Act 403 on the contractual relationships between the State Teachers Colleges and local school districts in reference to student teaching situations. It was understood that a report would be presented at the next meeting of the Board.

G. Acts 83 and 150

Attention was called to a letter which Doctor Haas addressed to the Presidents of the State Teachers Colleges regarding the expansion of programs under the authority of Act 83 and Act 150 passed by the 1945 General Assembly. Since a uniform policy should be followed in the administration of these Acts, the following requirements have been approved by Governor Martin as basic to the submission of a request:

1. That all requests be submitted under Act 83.

2. That all requests be considered only if they are self-supporting. That the college maintain a separate posting account so that it will be possible to know whether or not the courses are self-supporting.
3. That the appropriation made available by the General Appropriation Act of 1945 be considered usable only for teacher education purposes.
4. That requests be not approved in fields that already are being served adequately by approved institutions in the area.
5. That the usual State regulations regarding employment, salary schedules, purchases, et cetera be followed where requests are approved.

In order that this policy may be made effective as of July 1, 1945, requests covering the above points for any projects now in operation which have not been specifically approved since July 1, 1945 should be sent to Doctor Klonower.

H. Salary Credit for Contributions to Retirement Fund

The Secretary of the Board called attention to a suggestion that had been made by a number of Presidents concerning the basis on which the Presidents of the State Teachers Colleges contribute to the Retirement Fund and receive salary credit.

The School Employes Retirement Board now recognizes \$1200 for this allowance. In view of the fact that the heads of the institutions of the Department of Welfare base their contributions to the Retirement Fund on \$2400 as the value of the maintenance and the heads of the institutions of the Department of Health base their contributions to the Retirement Fund on \$2500 as the value of the maintenance, the suggestion was made that the maintenance allowance of \$1200, established June 1, 1927 by the Public School Employes Retirement Board, be adjusted in terms of present values and in accord with deductions made to the Retirement Fund in other State Departments such as Welfare and Health.

To accomplish the above the suggestion was made that each President secure a letter from his Board of Trustees expressing the judgment of the Board that \$2400 is a reasonable evaluation of the cost of maintenance which the President receives. When such letters are received, the fourteen of them could be presented to the Public School Employes Retirement Board together with a recommendation from the Chairman of the Board of Presidents.

I. Extension Courses - Teacher Education and Certification

During the meeting Doctor Klonower distributed photostatic copies of a map indicating the extension courses being offered by the colleges and universities in Pennsylvania, second semester, 1944-1945. He explained the details of the map and stated that the data was prepared for the information and study of the members of the Board.

JOURNAL OF A MEETING

OF THE

BOARD OF PRESIDENTS, STATE TEACHERS COLLEGES

November 16, 1945

The regular meeting of the Board of Presidents of the State Teachers Colleges of the Commonwealth of Pennsylvania was held in Room 317 of the Department of Public Instruction, Friday, November 16, 1945. The meeting was called to order by the Chairman of the Board at 9:30 A.M., Eastern Standard Time.

The following were present:

Thomas P. North	Bloomsburg
Robert M. Steele	California
Leslie Pinckney Hill	Cheyney
Paul G. Chandler	Clarion
Joseph F. Noonan	East Stroudsburg
L. H. Van Houten	Edinboro
Joseph M. Uhler	Indiana
Q. A. W. Rohrbach	Kutztown
Richard T. Parsons	Lock Haven
James G. Morgan	Mansfield
D. L. Biemesderfer	Millersville
John A. Entz	Slippery Rock
Charles S. Swope	West Chester

Francis B. Haas, Chairman
Henry Klowner, Secretary

The following was absent:

Raymond G. Mowrey Shippensburg

I. Reading and consideration of the minutes of the meeting of the Board of Presidents held in Harrisburg, Friday, September 21, 1945

On motion of Doctor Rohrbach, seconded by Doctor Noonan, the Board voted that the minutes of the meeting of the Board of Presidents held September 21, 1945 be approved as submitted.

II. Unfinished Business

A. Report of the Curricular and Credentials Committee

Doctor Steele, Chairman of the Curricular and Credentials Committee, stated that his committee had not prepared a report for this meeting.

B. Expense Accounts of Faculty Members Rendering Professional Services

Doctor Noonan, Chairman of the Budget Committee, presented the following report:

REPORT OF BUDGET COMMITTEE

In re: Expense Accounts of Faculty Members

1. Faculty members are required to render certain professional services in each college service area. Such off campus duties frequently entail expenses for travel, lodging, and meals.

2. It is very difficult to enumerate the specific services for which traveling expenses should be allowed. The discretionary power vested in the Superintendent of Public Instruction to pass on the validity of such expenditures has been wisely established.

3. Among the various activities for which traveling expenses should be allowed are: (1) Supervision of student teaching outside the community in which the college is located (2) Teaching of extension courses (3) Itinerant teacher training (4) Follow up visitation of graduates who are teaching their first year when this additional service is necessary (5) Conferences with the Department of Public Instruction if the President so requests (6) Assignments to represent the college at professional, alumni and "College Day or Night" meetings (7) Any other service approved by the Superintendent of Public Instruction.

4. No expenses incurred by faculty members shall be paid unless the service rendered has been authorized and preapproved by the President of the college.

5. The utmost care and diligence must be exercised to prevent the payment of expenses about which any question might be raised by the fiscal officers of the Commonwealth.

Respectfully submitted

Leslie Pinckney Hill
L. H. Van Houten
James G. Morgan
John A. Entz
Joseph F. Noonan, Chairman

It was moved by Doctor Noonan, seconded by Doctor Van Houten, that the report of the Budget Committee be adopted. After some discussion in which the point was emphasized that there should be reasonable control on the part of the President, the Board voted that the report be adopted.

C. Act 403 - Relationship to Student Teaching Contracts

Doctor Noonan, Chairman of the Budget Committee, stated that this matter was being considered by his Committee and that a report would be presented at the next meeting of the Board. Presidents desiring additional

1. The first part of the document discusses the importance of maintaining accurate records of all transactions.

2. It is essential to ensure that all data is entered correctly and that any discrepancies are identified and corrected promptly.

3. The second part of the document outlines the procedures for handling customer inquiries and complaints.

4. All staff members should be trained to handle these situations in a professional and courteous manner.

5. Finally, the document emphasizes the need for regular communication and reporting to management.

6. This ensures that the organization remains informed of any issues and can take appropriate action.

copies of Act 403 were advised to contact Doctor Klonower.

III. New Business

A. Report of the Calendar Committee

Doctor Rohrbach, Chairman of the Calendar Committee, presented the following report:

REPORT OF THE CALENDAR COMMITTEE

November 16, 1945

CALENDAR FOR 1946-1947

I. The Summer Sessions

A. The Pre-Session

Session Begins	June 3
Session Ends	June 21

B. Regular Six weeks Session

Registration	June 24
Classes Begin	June 25
Classes End	August 3

C. The Post Session

Session Begins	August 5
Session Ends	August 23

II. The Academic Year, 1946-1947

A. The First Semester

Registration	Monday, September 9
Classes Begin	Tuesday, September 10
Thanksgiving Recess Begins Noon	Wednesday, November 20
Thanksgiving Recess Ends Noon	Monday, November 25
Christmas Recess Begins Noon	Wednesday, December 18
Christmas Recess Ends Noon	Thursday, January 2
First Semester Ends	Saturday, January 18

B. The Second Semester

Registration	Wednesday, January 22
Classes Begin	Thursday, January 23
Easter Recess Begins at Noon	Saturday, March 29
Easter Recess Ends at Noon	Wednesday, April 9
Alumni Day	Saturday, May 24
Baccalaureate Services	Sunday, May 25
Class Day Activities	Monday, May 26
Commencement	Tuesday, May 27

III. Calendar Options for 1946-1947

The Committee recommends these additional provisions:

1. Colleges which may desire to do so can combine their Alumni Day and Commencement exercises on May 24. Institutions following this pattern may observe baccalaureate services on May 18.
2. The calendar of the laboratory schools shall be developed on each campus, with the approval of the President, to meet local conditions.

IV. Calendar Adjustments for 1945-1946

The Committee recommends that the colleges may combine their Alumni Day and Commencement exercises on May 25 and hold the baccalaureate services on May 19.

Respectfully submitted

D. L. Biemesderfer
James G. Morgan
Richard T. Parsons
Q. A. W. Rohrbach, Chairman

On motion of Doctor Rohrbach, seconded by Doctor Chandler, the Board voted that the report of the Calendar Committee be adopted.

B. Free Transcripts for Military Personnel

The question of the amount of work and the expense involved in the matter of issuing transcripts of credits for military personnel was raised by several members of the Board. The Chairman of the Board stated that it was his judgment that the practice of issuing free transcripts on request should be continued. He suggested that duplicating machines be used to simplify the work involved in the preparation of transcripts and that requests for the purchase of suitable machines would be approved.

C. Tuition Fees Charged to Veterans under Public Law 16 and Public Law 346

In view of the difference between the method used by the Veterans Bureau in the eastern part of the State and that used by the Veterans Bureau in the western part of the State in the matter of handling fees, it was suggested that a committee, made up of those presidents whose institutions are located in the western part of the State and whose dealings are with the Pittsburgh office of the Veterans Administration and Doctor Klonower, plan a conference with the representative in the Pittsburgh office for the purpose of clarifying the matter and establishing a procedure that will be uniform and in line with the procedures now being followed by the Philadelphia and Wilkes-Barre offices. It was agreed that this conference take place as soon as possible to avoid further confusion.

D. Curricular Revision

A proposal of the faculty of the West Chester State Teachers College to the effect that the faculties of the several State Teachers Colleges should have a part in the development of curriculums, possibly through local P.S.E.A. branches, was discussed by the Board. It was the general opinion of the Board that faculties should have a part in the study and development of curriculums. Doctor Steele, Chairman of the Curricular and Credentials Committee, stated that his committee would welcome faculty suggestions.

It was, therefore, moved by Doctor Steele, seconded by Doctor Van Houten, that the Superintendent of Public Instruction appoint a special committee to consider ways and means of implementing faculty participation in the matter of curriculums. The Board voted to approve the report.

E. Federal Surplus Property

During the meeting Doctor Cressman, Director of the Bureau of Instruction, Mr. McClure, the Comptroller, and Mr. Lester W. Hobough, Advanced Industrial Education Adviser, addressed the Board on the matter of securing for educational purposes, excess, surplus, or salvage equipment from the Federal Government. Doctor Cressman stated that much equipment of considerable value to the State Teachers Colleges could be secured. Mr. Hobough distributed to each member of the Board copies of "Federal Surplus Bulletin", November 13, 1945, Volume I, Number 1, together with copies of the forms to be filled out in procuring equipment from the Federal Government.

After some discussion, it was moved by Doctor Swope, seconded by Doctor Steele, that the matter of securing funds for the purchase of Federal surplus property be referred to the Budget Committee for the purpose of study and a report, and if, in the judgment of the Superintendent of Public Instruction, a special meeting of the Board is necessary to expedite procedure, such a special meeting should be called. The Board voted to approve the report.

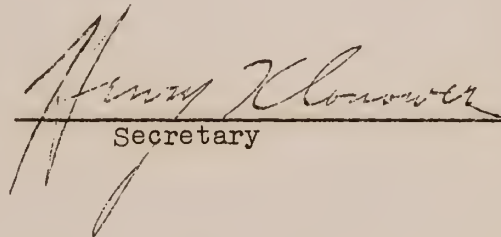

F. Institute on Health and Human Relations

Doctor Klonower advised the Board that he has had correspondence with Doctor John H. Stokes of the University of Pennsylvania who is the director of the Institute of Health and Human Relations which was held last summer at the University. Doctor Klonower stated that another Institute was being planned for next summer and that if the Presidents felt that the course had been worthwhile for those instructors who attended last year, he would secure further details concerning the next Institute and advise them. This he was authorized to do.

BOARD OF PRESIDENTS, STATE TEACHERS COLLEGES

January 18, 1946

The regular meeting of the Board of Presidents of the State Teachers Colleges of the Commonwealth of Pennsylvania was held at the Nittany Lion Inn, State College, Pennsylvania, Friday, January 18, 1946. The meeting was called to order by the Chairman of the Board at 9:30 A.M., Eastern Standard Time.

The following were present:

Harvey A. Andruss	Bloomsburg
Robert M. Steele	California
Leslie Pinckney Hill	Cheyney
Paul G. Chandler	Clarion
Joseph F. Noonan	East Stroudsburg
L. H. Van Houten	Edinboro

Richard T. Parsons	Lock Haven
James G. Morgan	Mansfield
D. L. Biemesderfer	Millersville
Levi Gilbert	Shippensburg
Dale W. Houk	Slippery Rock
Charles S. Swope	West Chester

Francis B. Haas, Chairman
Henry Klowner, Secretary

I. Reading and consideration of the minutes of the meeting of the Board of Presidents held in Harrisburg, Friday, November 16, 1945

On motion of Doctor Rohrbach, seconded by Doctor Noonan, the Board voted that the minutes of the meeting of the Board of Presidents held November 16, 1945 be approved.

Enrollment Form

Before taking up the Docket, the Chairman of the Board called attention to a form mailed under date of January 17, 1946 to the colleges and universities in Pennsylvania. The form requested certain information with reference to enrollment possibilities. He pointed out that the Department was anxious to develop a "clearing house" for information with reference to opportunities in the institutions of higher learning for returning veterans. The information

STATE OF CALIFORNIA, COUNTY OF LOS ANGELES

...

...

might possibly relieve over-taxed institutions in certain areas when it becomes known that opportunities were available elsewhere. The Chairman further advised that when the compilation was completed, copies would be sent to colleges and universities, veterans' bureaus and others interested in the matter.

Purpose of Meeting at State College

The Chairman then advised the members of the Board that the meeting at State College was called for the purpose of exploring certain suggestions made with reference to possible cooperative programs with Pennsylvania State College. Doctor Hetzel, President of Pennsylvania State College, had appointed a committee to study the problem. Through the Chairman of the Board he suggested that an invitation be extended to the Presidents of the State Teachers Colleges to meet at State College to hear the report of this committee.

II. Unfinished Business

A. Report of Curricular and Credentials Committee

Doctor Steele, Chairman of the Curricular and Credentials Committee, stated that forms would be prepared by the committee to develop information with reference to available opportunities for instruction in each of the institutions. He suggested that an appraisal should be made to determine what services each institution could render to returning veterans. He stated that different types of services are available but that these services are not generally known. The enrollment possibilities in the larger institutions are rapidly being exhausted and an over-all picture of the possibilities of the smaller institutions enrolling students in a variety of opportunities will be helpful. The study will provide guidance material.

It was suggested that the Fees Committee examine the compilation when it is completed and study the possibility of establishing services for the different types of activities other than in the field of teacher education. Attention was called to the fact that money appropriated to sustain the teacher education programs should not be used in meeting the expenses for the maintenance of varied programs established for veterans.

In brief the Chairman suggested the following:

1. A determination of the opportunities in the several institutions.
2. An evaluation of the facilities to carry out such opportunities.
3. The possibility of developing fees to cover such opportunities.

B. Report of Budget Committee

1. Act 403 - Relationship to Student Teaching Contracts

Doctor Noonan, Chairman of the Budget Committee, reported progress on this item.

RESEARCH REPORT

The following report was prepared by the author(s) during the course of their research in the Department of Chemistry, University of Chicago, under the supervision of the Director of the Department, Professor [Name]. The work was supported in part by the National Science Foundation, Grant No. [Number].

ABSTRACT

The present study was undertaken to investigate the effect of [Topic] on the reaction of [Topic] with [Topic]. The results show that [Topic] significantly increases the rate of reaction, and that the effect is independent of the concentration of [Topic]. The proposed mechanism involves the formation of a complex between [Topic] and [Topic], which then reacts with [Topic] to form the product. The rate-determining step is the reaction of the complex with [Topic]. The activation energy for the reaction is [Value] kcal/mole. The order of reaction with respect to [Topic] is [Value], and with respect to [Topic] is [Value].

The authors wish to thank Professor [Name] for his helpful discussions during the course of this work. The work was supported in part by the National Science Foundation, Grant No. [Number].

1. [Topic] [Value]
2. [Topic] [Value]
3. [Topic] [Value]
4. [Topic] [Value]
5. [Topic] [Value]
6. [Topic] [Value]
7. [Topic] [Value]
8. [Topic] [Value]
9. [Topic] [Value]
10. [Topic] [Value]

2. Purchasing Federal Surplus Property

Doctor Noonan, Chairman of the Budget Committee, presented the following report:

REPORT OF BUDGET COMMITTEE

January 18, 1946

In re: Federal Excess, Surplus and Salvage Property

1. Vast amounts of federal equipment, apparatus, supplies and materials are available for the use of State Teachers Colleges. Since much valuable property can be secured at little or no cost, facilities for the training of teachers can be materially improved by the acquisition of equipment at tremendous savings to the Commonwealth.

2. The nature of available property is fully described in bulletins regularly issued by the Department of Public Instruction and the procedures for securing same are detailed therein.

3. Sound business practice dictates an active and aggressive policy by the colleges to make certain that their interests are adequately represented and protected.

4. It is recommended that the following steps be taken:

(a) An additional allocation of \$70,000 over and above all other allocations should be made by the Department of Public Instruction for (1) purchasing federal surplus property and defraying the expense of transportation (2) meeting the carrying charges of excess property that may be available.

(b) Each State Teachers College should be authorized to spend the sum of \$5000 over and above all moneys that may be available through budgetary adjustments for the purposes aforesaid.

(c) The purchase of surplus property should be made in close conformance to the regulations and procedures established by the Department of Property and Supplies.

(d) In meeting carriage and other charges attached to excess property, the customary practices for which an Advanced Fund has been created should be followed.

5. Since the purchase of surplus property may extend over a period of years, the utmost caution should be taken to eliminate the building of stocks of unessential equipment and materials.

Respectfully submitted

Leslie Pinckney Hill

L. H. Van Houten

James G. Morgan

John A. Entz

Joseph F. Noonan, Chairman

On motion of Doctor Noonan, seconded by Doctor Steele, the Board voted that the report of the Budget Committee be approved.

The suggestion was made, and approved by the Board, that a note be sent to the Honorable C. M. Woolworth, Secretary of the Department of Property and Supplies, expressing appreciation of the Board of Presidents for the effective cooperation of Mr. F. Carl Anderson, Director of the Bureau of Purchases, and Mr. Paul S. Worcester, Assistant Director of the same Bureau, Department of Property and Supplies.

With reference to the allocation of \$70,000 as suggested in the report of the Budget Committee, the Chairman of the Board stated that he wanted to make sure that the Presidents understood that if this were to be done, the amount must be taken from the total amount available to the State Teachers Colleges since there was no way of securing additional funds. With this fact understood, the Chairman of the Board stated that he would give the recommendation careful consideration.

*Pending
consideration
F. B. H.
11/21/46*

C. Report of Calendar Committee

Doctor Rohrbach, Chairman of the Calendar Committee, stated that an error had been made in the Calendar for 1946-1947 as it appears on page 1748 of the Minutes of the Meeting of the Board of Presidents November 16, 1945, with specific reference to the Thanksgiving recess.

As corrected, the calendar should read that the Thanksgiving Recess begins at noon on Wednesday, November 27 and ends at noon Monday December 2.

On motion of Doctor Rohrbach, seconded by Doctor Gilbert, the Board voted to approve the report of the Calendar Committee.

D. Institute on Health and Human Relations

The Secretary of the Board advised that he had communicated with Dr. E. S. Everhart of the Department of Health with reference to the contemplated session of the Institute on Health and Human Relations. In reply to the inquiry Doctor Everhart advised that specific steps had not yet been taken to establish the Institute on a fellowship basis similar to the program followed last summer. As soon as information is forthcoming, Doctor Everhart will advise the Secretary of the Board concerning the possibility of awarding fellowships to members of the instructional staffs of the State Teachers Colleges

E. Fees for Veterans

The Secretary of the Board stated that Dr. Ernest E. Brown, Acting Chief, Vocational Rehabilitation and Education Division, Veterans' Administration, Pittsburgh, had been in conference with Doctor Witmeyer. The question of fees for veterans was discussed. The Secretary read a memorandum covering Doctor Witmeyer's conversation with Doctor Brown.

The Chairman of the Board suggested that it might be helpful to extend an invitation to Doctor Brown to meet with the Board of Presidents at its next meeting in March.

III. New Business

A. Housing of Married Veterans

Mr. Andruss raised the question concerning fees that might be charged a veteran whose wife accompanies him to the college. If the family lives at the college, what should the dining room fees be? Can accommodations be provided for wives of veterans? The Chairman of the Board raised the question as to whether any of the institutions were providing rooms and food for wives. Some of the institutions were doing this now.

The suggestion was made that the Fees Committee meet with Mr. McClure and study specifically the cost problem involved and make a report to the Board at its next meeting.

In this connection it was pointed out that care should be taken to study any relationships that may seem advisable with the Office of Price Administration, particularly where cooperative programs for the accommodation of veterans are developed in the communities surrounding the colleges. In some instances where the colleges have established such programs, the O. P. A. has been willing to approve the maximum and minimum rates and, therefore, it seems advisable that this Office should be consulted in the development of such cooperative programs.

It was agreed that the Fees Committee should give immediate consideration to the emergency situation created by the presence of veterans families on the campus.

It was moved by Doctor Steele, seconded by Doctor Gilbert, that the Fees Committee be authorized to study the problem and act for the Board in the matter of establishing a reasonable housing fee for non-employees. The Board so voted.

B. Maintenance Allowances for Retirement Purposes

The Secretary of the Board called attention to the fact that at the September meeting the Chairman of the Board advised that he would call to the attention of the School Employees' Retirement Board a request for a change in the maintenance value for retirement purposes from \$1200 to \$2400 providing each Board of Trustees would pass an appropriate resolution approving the change. To this date only six institutions have sent in such a resolution. Action on the matter cannot be taken until all Boards of Trustees have passed such a resolution.

C. Cooperation with Graduate Schools of Education

Doctor Rohrbach suggested the feasibility of cooperating with graduate schools of education during summer sessions. Under the plan the State Teachers Colleges would merely make available classrooms and housing accommodations for such students who pursued graduate courses.

The graduate schools of education would furnish instructional services, registration facilities, et cetera, and be responsible for all other details in connection with the program.

Since this program would involve the establishment of housing fees for teachers not enrolled as regular members of the college student body, it was suggested that the Fees Committee study the possibilities and report to the Board at its next meeting. The Board approved the suggestion.

D. Elimination of Committees

The Chairman of the Board asked whether there were any special committees whose function had been fulfilled. Doctor Rohrbach pointed out that there was a Committee on Professional Organizations. Since the policy suggested by this committee had been approved by the Board, the committee was dissolved with thanks. The Chairman of the Board advised that the Secretary of the Board would be responsible for the administration of the policy.

E. Statement on Human Relations

Doctor Hill suggested to the members of the Board that it might be appropriate to develop a statement on what should be taught to children with reference to human relations. He felt that such a statement coming at this time from the Board of Presidents might have a stimulating effect on various groups contemplating long-range programs in education. The members of the Board agreed that such a statement was desirable. The Chairman of the Board suggested that he would appoint a committee to carry out the suggestion made by Doctor Hill.

F. Invitation to Meet at Cheyney

Doctor Hill invited the members of the Board of Presidents to hold the next meeting of the Board at the State Teachers College at Cheyney and to observe the program as it is carried on at that institution. The members of the Board expressed their appreciation to Doctor Hill and indicated that they would be pleased to accept the invitation.

It was moved by Doctor Noonan, seconded by Doctor Uhler, that the Board accept the invitation but that the date of the meeting be left to the determination of the Chairman of the Board. The Board so voted.

G. Retirement - Dr. John A. Entz

The attention of the members of the Board was called to the fact that Dr. John A. Entz retired after a long and faithful period of service as teacher, Dean, and President of the State Teachers College at Slippery Rock. In recognition of the service that he has rendered, it was moved

by Doctor Uhler, seconded by Mr. Andruss, that a minute expressing the sentiment of the Board be prepared and spread upon the minutes of the meeting and that a copy be sent to Doctor Entz. The motion passed. Doctor Hill was appointed Chairman of the committee to prepare the resolution.

The following resolution was subsequently submitted:

"In the retirement of Dr. John A. Entz from the presidency of the State Teachers College at Slippery Rock, this Board loses a highly esteemed and cherished colleague. For long years he has given to the cause of teacher education in this Commonwealth a disciplined, liberal mind and a heart's full devotion. The fruits of his service will be revealed chiefly in the work of the teachers who have gone out through the years from his cautious guidance. The strong influence of these teachers upon generations of children can never be computed. In that we know he will have his rich and expanding reward.

"Doctor Entz sat quietly in our midst with infrequent utterance but with concentrated attention. When he spoke, it was with the wisdom of brevity. We shall remember him no less for this than for that convincing personality of the innate gentleman, which needs no self assertion. As we gather about our Board, we shall miss his presence but not his faithful spirit."

This statement was incorporated in a letter addressed to Doctor Entz under date of January 24, 1946.

The meeting adjourned at 12:00 Noon so that the members of the Board of Presidents might be the guests of Dr. Ralph D. Hetzel President of The Pennsylvania State College, and certain members of his staff at a luncheon held at the Nittany Lion Inn.

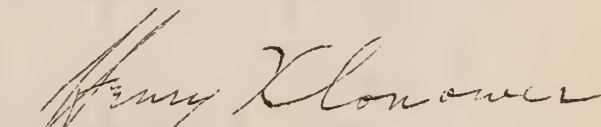

The afternoon session was devoted to a joint meeting with Doctor Hetzel and representatives of the instructional staff of the College. The purpose of the meeting was to hear a report on the possibilities of the development of cooperative arrangements that might make available educational opportunities for large numbers of students who were unable to enroll in Pennsylvania State College because of over-taxed facilities at that institution.

At the conclusion of this meeting Doctor Haas stated that he would be pleased to appoint a committee representing the Board of Presidents to meet with a committee to be appointed by Doctor Hetzel to discuss in more detail the possibilities of such a program.

The meeting adjourned at 4:15 P.M.

JOURNAL OF A SPECIAL MEETING
OF THE
BOARD OF PRESIDENTS, STATE TEACHERS COLLEGES

Friday, March 1, 1946

A special meeting of the Board of Presidents of the State, Teachers Colleges of the Commonwealth of Pennsylvania was held in Room 317 of the Department of Public Instruction, Friday, March 1, 1946. The meeting was held to consider the possibility of cooperation with the Pennsylvania State College and was called to order by the Secretary of the Board at 2:00 P.M., Eastern Standard Time.

The following were present:

Harvey A. Andruss	Bloomsburg
Robert M. Steele	California
Leslie Pinckney Hill	Cheyney
Paul G. Chandler	Clarion
Joseph F. Noonan	East Stroudsburg
L. H. Van Houten	Edinboro
J. M. Uhler	Indiana
Q. A. W. Rohrbach	Kutztown
Richard T. Parsons	Lock Haven
James G. Morgan	Mansfield
D. L. Biemesderfer	Millersville
Levi Gilbert	Shippensburg
Dale W. Houk	Slippery Rock
Charles S. Swope	West Chester

Paul E. Witmeyer, Deputy Superintendent
Henry Klonower, Secretary

I. Report of Special Committee on Cooperation with Pennsylvania State College

After the meeting was called to order, Doctor Steele, Chairman of the Special Committee on Cooperation with the Pennsylvania State College which was appointed by Doctor Haas, gave a brief summary of the meeting which his committee had had with the committee appointed by Dr. Ralph D. Hetzel, President of the Pennsylvania State College, on Saturday, February 16, 1946.

He stated that the joint meeting was the result of an effort to attack an educational problem in Pennsylvania growing out of the over-taxing of institutions of higher learning through the return of veterans. He stated that it was the judgment of the committees that the problem could be solved in a satisfactory way through the cooperation of the Pennsylvania State Teachers Colleges with the Pennsylvania State College.

Doctor Steele then presented the following report:

REPORT OF SPECIAL COMMITTEE ON COOPERATION WITH PENNSYLVANIA STATE COLLEGE

March 1, 1946

Pursuant to instructions of the Board of Presidents and in accord with arrangements made by the Superintendent of Public Instruction, a joint meeting was held with a similar committee representing the Pennsylvania State College at State College on Saturday, February 16, 1946.

The committees reached common agreement as follows:

1. That cooperation between the State Teachers Colleges and the Pennsylvania State College was in the interest of higher education in Pennsylvania.
2. That the State Teachers Colleges appear to be in a position to provide instruction for a substantial number of the proposed 1600 new entrants in September, 1946.
3. That students be assigned to the various State Teachers Colleges by service areas so far as possible with due regard to homogeneous grouping in engineering, scientific and technical curriculums.
4. That entrants suggested by the Pennsylvania State College be enrolled as regular students at the several State Teachers Colleges and be guaranteed transfer to Pennsylvania State College with full credit for work completed, provided the work is satisfactory in character.
5. That the plan contemplates cooperation for the college year 1946-1947 but it is believed that the period of emergency may extend over a period of years.
6. That the Pennsylvania State College is willing, if so requested, to furnish equipment in scientific fields, outlines of work, and instructors, when available.
7. That the customary fees in all State Teachers Colleges shall apply to students who may transfer to the Pennsylvania State College.
8. That the first year of the curriculum of the State Teachers Colleges be modified to permit instruction in the courses required in the various curriculums.
9. That the Boards of Trustees of the several State Teachers Colleges be requested to seek prompt approval from the Superintendent of Public Instruction and the Governor of the Commonwealth, under the provisions of Act 83, to offer courses in addition to teacher education.

The Special Committee recommends that the appropriate committees of the Board of Presidents of the State Teachers Colleges - Curricular and Credentials, Fees, and Budget - be instructed to give immediate attention.

to cooperation with the Pennsylvania State College in terms of their respective functions.

Respectfully submitted

Harvey A. Andruss
Joseph F. Noonan
Q. A. W. Rohrbach
Richard T. Parsons
Dale W. Houk
Robert M. Steele, Chairman

On motion of Doctor Steele, seconded by Doctor Noonan, the Board voted that the report of the Special Committee on Cooperation be approved.

Doctor Steele then presented the following report:

REPORT OF SPECIAL COMMITTEE ON COOPERATION WITH PENNSYLVANIA STATE COLLEGE

March 1, 1946

The Special Committee further recommends the approval of the following resolution:

Whereas, The number of veterans and others seeking admission to higher institutions of learning in Pennsylvania is taxing the facilities of such institutions to an unprecedented degree; and

Whereas, The situation thus created is daily becoming more acute; and

Whereas, The State Teachers Colleges are desirous of cooperating with the Pennsylvania State College to relieve the congestion that tends to deprive veterans and others of the opportunity to continue their education;

Be it Resolved: That the Board of Presidents of the State Teachers Colleges unanimously requests the Boards of Trustees of the several State Teachers Colleges to seek approval of the Superintendent of Public Instruction and the Governor of the Commonwealth, under the provisions of Act 83, to cooperate with the Pennsylvania State College in offering courses of instruction in addition to teacher education commonly included in the first and second years of four-year undergraduate curriculums.

Respectfully submitted

Harvey A. Andruss
Joseph F. Noonan
Q. A. W. Rohrbach
Richard T. Parsons
Dale W. Houk
Robert M. Steele, Chairman

It was moved by Doctor Steele, seconded by Doctor Parsons, that the report of the Special Committee on Cooperation with the Pennsylvania State College be approved. The Board so voted.

II. Report of the Curricular and Credentials Committee

Doctor Steele, Chairman of the Curricular and Credentials Committee, presented the following report:

REPORT OF THE CURRICULAR AND CREDENTIALS COMMITTEE

March 1, 1946

Re: Revision of Course Outlines

Since no complete review of course outlines has been attempted since the issuance of the General Syllabus in 1929, this Committee believes that this would be an opportune time to initiate such a project.

The Committee therefore recommends:

1. That in each subject field of the first two years of the basic curriculum a committee be formed consisting of one representative selected by each teachers college. This Committee would select its own chairman and work under the general direction of the Curricular and Credentials Committee. The purpose would be to set up objectives for each course and outline the content to be covered. The following subject fields should be covered: English, Speech, Social Studies, Physical Science, Biological Science, Mathematics, Health Education, Art, Music, Psychology.
2. That these committees meet at times and places designated by the Chief of the Teacher Division. It is suggested that each committee in its preliminary meeting be divided into an eastern and a western group, meeting as frequently as necessary until agreements are reached when the entire committee should assemble for final report.

All outlines should conform to the following pattern:

- a. General objectives for the content area
 - b. Specific objectives for this course
 - c. Topics to be covered in this course
 - d. Bibliography of the most valuable reference material
3. That in the event that the State Teachers Colleges collaborate with the Pennsylvania State College in offering first year courses during the academic year 1946-1947, opportunities should be provided whereby such work could be appropriately coordinated with the nature of the work customarily offered at the Pennsylvania State College.
 4. That preliminary reports be prepared as soon as possible by each subject field committee and distributed to each teachers college for study and criticism.

5. That members of committees suggested in paragraph 1 above should become thoroughly acquainted with proposals of college reports intended to redefine the program of general education before committees meet. Reports such as the following are suggested:

- a. University of Chicago
- b. Yale
- c. Harvard
- d. Princeton
- e. Northwestern
- f. Knox
- g. Others

Information will be furnished later as to how these reports can be obtained.

Respectfully submitted

Levi Gilbert
Q. A. W. Rohrbach
L. H. Van Houten
Charles S. Swope
Robert M. Steele, Chairman

On motion of Doctor Steele, seconded by Doctor Rohrbach, the Board voted to approve the report of the Curricular and Credentials Committee.

III. Report of the Calendar Committee

Doctor Rohrbach, Chairman of the Calendar Committee, presented the following report:

REPORT OF THE CALENDAR COMMITTEE

March 1, 1946

Re: Calendar Adjustment for the Summer Sessions of 1946

The Committee recommends that colleges may operate two six-week summer sessions beginning and ending on the dates indicated:

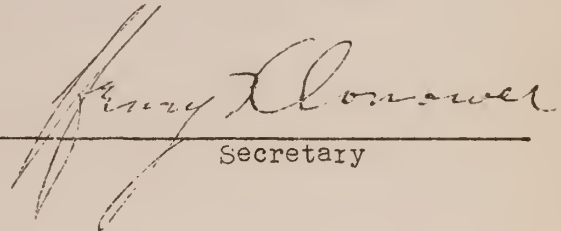

- | | |
|-------------------|---|
| A. First Session | Classes begin, June 3
Session ends, July 12 |
| B. Second Session | Classes begin, July 15
Session ends, August 23 |

Respectfully submitted

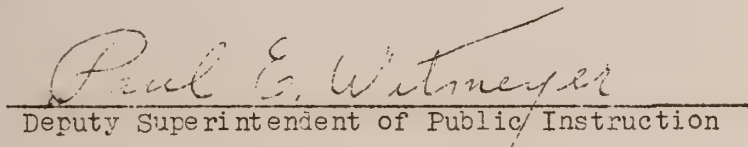

D. L. Biemesderfer

JOURNAL OF A MEETING
OF THE
BOARD OF PRESIDENTS, STATE TEACHERS COLLEGES

May 10, 1946

The regular meeting of the Board of Presidents of the State Teachers Colleges of the Commonwealth of Pennsylvania was held at the State Teachers College, Cheyney, Pennsylvania, Friday, May 10, 1946. The meeting was called to order by the Chairman of the Board at 10:30 A.M., Eastern Daylight Saving Time.

The following were present:

Thomas P. North	Bloomsburg
Robert M. Steele	California
Leslie Pinckney Hill	Cheyney
Paul G. Chandler	Clarion
Joseph F. Noonan	East Stroudsburg
L. H. Van Houten	Edinboro
Joseph M. Uhler	Indiana
Q. A. W. Rohrbach	Kutztown
Richard T. Parsons	Lock Haven
James G. Morgan	Mansfield
D. L. Biemesderfer	Millersville
Levi Gilbert	Shippensburg
Dale W. Houk	Slippery Rock
Charles S. Swope	West Chester

Francis B. Haas, Chairman
Henry Klonower, Secretary

- I. Reading and consideration of the minutes of the meetings of the Board of Presidents held in State College, Friday, January 18, 1946 and in Harrisburg, Friday, March 1, 1946.

On motion of Doctor Steele, seconded by Doctor Uhler, the Board voted that the minutes of the meetings of the Board of Presidents held January 18, 1946 and March 1, 1946 be approved.

II. Unfinished Business

A. Report of the Curricular and Credentials Committee

Doctor Steele, Chairman of the Curricular and Credentials Committee, presented each member of the Board with a chart indicating

memberships on the several committees authorized to consider a restatement of the content of the approved courses in the curricula of the State Teachers Colleges. He suggested that each group would be called together at an appropriate place to decide upon a chairman and a secretary. He stated that other subject committees would be appointed subsequently.

Several of the institutions were not represented on certain committees. The Presidents of these institutions were requested by Doctor Steele to forward the names of instructional staff members elected to these committees to the Secretary of the Board so that the final set-up of committees could be reproduced and distributed. The members of the faculties are to receive copies of the final committee set-up.

The additional committee authorized was in the field of "Education" and the name of the person representing each institution on this committee was to be sent to the Secretary of the Board as soon as possible.

B. Report of Budget Committee - Act 403

Doctor Noonan, reporting for the Budget Committee, indicated that this item referred to the relationship between Act 403 and the cooperative student teaching arrangements between the State Teachers Colleges and certain school districts.

He reported progress.

C. Maintenance Allowances for Retirement Purposes

The Secretary of the Board reported that all Boards of Trustees had approved by resolution the adjustments in the value of maintenance to conform with that of the heads of other State-owned institutions. The Chairman of the Board advised the Presidents that he had recommended to the Public School Employes' Retirement Board the approval of the action of the Boards of Trustees. Action of this Board is pending.

Under date of April 10, 1946, the Chairman of the Board sent the following memorandum to the Honorable Edward B. Logan, Budget Secretary:

"Since 1927 the Presidents of the State Teachers Colleges have contributed to the Public School Employes' Retirement System on the basis of their cash salaries plus an arbitrary maintenance value of \$1200. I understand that in the Departments of Welfare and Health, and also in the case of the Superintendent of the Pennsylvania Soldiers' Orphan School of this Department, similar maintenance is valued at \$2400 and \$2500 for retirement purposes.

"In my opinion, and in the judgment of the various Boards of Trustees, \$1200 does not properly represent the value of the maintenance furnished to the Heads of these Institutions. The changing economic conditions and the effect upon ultimate retirement allowances have brought this subject into consideration recently. As a result, each Board of Trustees of State Teachers Colleges has passed a formal Resolution asking that the maintenance

furnished the Head of their Institution be valued at \$2400 for retirement purposes. This will result of course in a reduction of their so-called take-home pay.

"Before presenting the Resolutions to the Public School Employes' Retirement Board I shall be glad to have your reaction to the proposal."

Under date of April 12, 1946 the Budget Secretary advised the Chairman of the Board as follows:

"It seems to me that the maintenance of Teachers College Presidents for retirement purposes should be the same as the maintenance of Welfare and Health Institution heads."

Under date of April 23, 1946, the Chairman sent the following memorandum to the Secretary of the Public School Employes' Retirement Board:

"In order to make uniform the basis upon which contributions to the Retirement Fund are made by the Heads of the various State Institutions, the Boards of Trustees of the State Teachers Colleges have unanimously resolved that the value of superintendent's grade of maintenance furnished to the Presidents of State Teachers Colleges be valued at \$2,400. Since 1927 such maintenance has been valued at \$1,200 as the basis of contributing to the Retirement Fund.

"Each Board of Trustees has filed with this office a resolution to that effect. I am transmitting, herewith, the official actions of the various Boards. Preliminary to this recommendation I presented the matter to Dr. Edward B. Logan, Budget Secretary, for his comments. I am attaching copies of my memorandum to him of April 10 and his reply of April 12.

"I recommend that your Board approve the action of the Boards of Trustees of the various State Teachers Colleges."

D. Cooperation with Graduate Schools of Education

Doctor Rohrbach brought to the attention of the Board the possibility of providing space for certain graduate schools of education to offer extension courses on the campuses of the State Teachers Colleges. Such graduate students would not be enrolled in the State Teachers Colleges but merely meet as a class on the premise. All details concerning regulations and the like would be the responsibility of the graduate school.

The point was made that as long as the facilities of the institutions were necessary to provide for the present emergency, the matter of providing rooms for graduate classes to be conducted by recognized graduate schools should be held in abeyance.

E. Cooperation with The Pennsylvania State College

Doctor Steele, Chairman of the Special Committee on Cooperation,

summarized the action that had thus far been taken. He pointed out that all Boards of Trustees, with the exception of the Board of the State Teachers College at West Chester had, by appropriate resolution in accord with Act 83, requested the approval of the Superintendent of Public Instruction and the Governor of the Commonwealth of a plan to effect a cooperative program.

The Chairman indicated that certain funds would be necessary to utilize the institutions to their fullest capacity. He pointed out that certain repairs to kitchen equipment would provide for maximum use of dining room facilities; that repairs in dormitories would make for larger housing facilities and that additional equipment would make possible the maximum use of plant.

The Chairman stated that the resolution of the Boards of Trustees had been submitted to the Superintendent of Public Instruction, and that if the resolution were approved, his committee would be prepared to move at once. He requested each President to advise him at the close of the meeting as to the number of students who could be admitted as freshmen in accordance with the cooperative program, indicating in order of preference the curriculums to which they could be admitted.

F. Fees for Veterans - Veterans Administration

The Chairman of the Fees Committee, Mr. Andruss, was not present at the meeting. Dr. Thomas P. North presented the following report for him:

"Since Doctor North is to represent me at the meeting of the Board of Presidents to be held at the State Teachers College at Cheyney, on Friday, May 10, 1946, I would like to present an interim report covering Item II-F, Fees for Veterans - Veterans Administration as follows:

In answer to questions relating to Public Law 16 and Public Law 346, we find the following colleges charge:

1.	<u>Under Law 16</u>		<u>\$6.00 per Semester Hour</u>
	<u>\$45.00 per Semester Hour</u>		
	California		Bloomsburg
	Edinboro		Cheyney
	Indiana		Clarion
	Lock Haven		East Stroudsburg
	Slippery Rock		Kutztown
			Mansfield
			Millersville
			Shippensburg
	Total 5		West Chester
			Total 9

	<u>Under Law 346</u>		<u>\$6.00 per Semester Hour</u>
	<u>\$45.00 per Semester Hour</u>		
	Cheyney		Bloomsburg
			California
			Clarion
			East Stroudsburg
			Edinboro

\$45.00 per Semester Hour

\$6.00 per Semester Hour (Con't)

Indiana
Kutztown
Lock Haven
Mansfield
Millersville
Shippensburg
Slippery Rock
West Chester

Total 1

Total 13

Except for the charging of \$6.00 per semester hour during the summer sessions, it appears that the colleges in Western Pennsylvania, except Clarion, are charging \$45.00 per semester, while all the colleges in Eastern Pennsylvania (including Clarion) are charging the \$6.00 semester hour fee under Public Law 16. There seems to be no question about Law 346.

A conference has been held by the Chairman of the Fees Committee with J. George Brueckmann, Director, Vocational Rehabilitation and Education Service, Branch Office #3, 261 North Broad Street, Philadelphia 7, Pennsylvania, and the following facts seem to be clear:

1. Public Law 16 purports to pay the actual costs of instruction as demonstrated by these institutions.
2. These actual costs, as demonstrated by each institution, will vary and, therefore, cannot be reduced to a uniform basis.
3. Demonstrated costs are not limited to any figure. They may be more or less than \$6.00 per semester hour, or \$96.00 per semester, assuming a sixteen semester hour load. Therefore, we are advised that institutions interested in collecting an instructional cost in excess of \$5.00 per semester shall submit figures demonstrating the actual cost of instruction, and we are assured that these figures will be given every consideration and if the costs are in excess of \$45.00 per semester, an adjustment will be made.

If the Committee on Uniform Fees, Deposits and Repayments is to consider this matter further, specific instructions will be welcomed.

Harvey A. Andruss
Chairman, Fees Committee

It was suggested that the Chairman of the Fees Committee meet with the managers of the district offices of the Veterans Administration, together with such members of his Committee as may be desirable, and effect a satisfactory solution.

G. Housing of Married Veterans

The Secretary of the Board stated that the resolutions of all the Boards of Trustees with the exception of the State Teachers College at Lock

Haven had been submitted. When the action of the Board of Trustees at Lock Haven is received, all resolutions will be forwarded to the Superintendent of Public Instruction for his action.

III. New Business

A. Procedure to be Followed for New Projects

The Chairman of the Board stated that his attention had been called to the fact that certain Presidents had received a communication from the Sanitary Water Board ordering certain remedial measures. He suggested that the Presidents who had received such notices should immediately communicate with him so that the necessary steps could be taken to comply with the orders of this Board.

The Chairman also pointed out that there had been a considerable increase in enrollments both in the Fall and second semester. This means that additional income becomes available. He suggested that consideration be given to the salaries in the lower brackets and that where adjustments could be made in terms of available funds, consideration should be given to the spending of this income on a priority basis. Each President was advised to determine which was more important in terms of the general administration of the institution - equipment, plant, salaries, et cetera. He stated that if funds are available within the budgets of the institutions, adjustments in salaries in terms of the approved policy would be given consideration.

B. Medical and Dental Examinations

The Secretary of the Board stated that a question had been raised relative to the method by means of which the children in the demonstration and training schools could secure medical and dental examinations. Contact was made with Mr. John W. German, Jr., Chief of the School Division, Department of Health, who informed the Department that the Department of Health had established the following policy:

1. Where State Teachers Colleges are located in districts of the third class, the Department of Health places the district under the jurisdiction of the Department and they will be examined by doctors appointed by that district.
2. Where State Teachers Colleges are located in districts of the fourth class, the Department of Health at the request of the State Teachers College appoints the doctor of their choice as a medical examiner and pays the doctor directly from the office of the Department of Health.
3. The same principles apply to dental examiners.
4. The Department of Health will also pay nurses on a per diem basis. This also applies to clerks where the school cannot furnish the necessary clerical assistance.

C. State Teachers College, Cheyney

Doctor Hill welcomed the Board of Presidents to the State Teachers College at Cheyney. He pointed out that this was a unique occasion. He was anxious that the Presidents visit the various buildings, see the activities that were carried out and sense the spirit of the institution in terms of its special function. He pointed out the larger opportunities which the institution could serve and concluded with the statement that a sympathetic understanding of the different racial groups could be developed through education. This education, in turn, is dependent on teachers who can intelligently and sympathetically influence the emerging generation in the schools of America.

Several members of the Board of Trustees of the State Teachers College at Cheyney were present. Each was introduced to the members of the Board of Presidents.

D. Meeting - Indiantown Gap

The Chairman of the Board summarized the proceedings of the meeting of the administrative heads of colleges and universities called by Governor Martin at Indiantown Gap, April 26, 1946. The purpose of the meeting was to see at first hand the facilities that could be made available if it should subsequently develop that a new institution needed to be created to provide educational opportunities for more than 15,000 young men and women in the field of higher education.

The question of using present institutions to absorb this number of additional students was discussed.

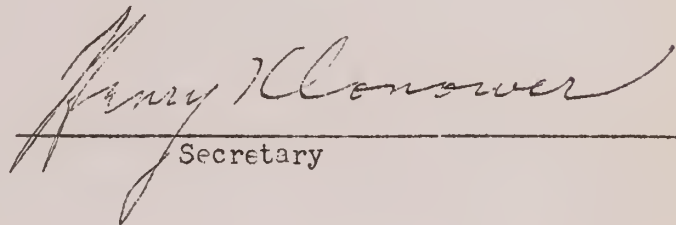

The Chairman of the Board indicated that subsequently a special committee met with Governor Martin to discuss in greater detail the problems of higher education.

MEETING - DEANS OF INSTRUCTION OF THE STATE TEACHERS COLLEGES

Tuesday - November 13, 1945
10:00 o'clock, E. W. T.
Education Building
Room 317

The Annual Meeting of the Deans of Instruction of the State Teachers Colleges was held in Room 317, Education Building, Harrisburg, Tuesday, November 13, 1945. The meeting was called to order at 10:00 A. M. with the following members present:

Thomas P. North	Bloomsburg
Paul N. Walker (Acting)	California
W. McKinley Menchan	Cheyney
Charles J. Naegle	East Stroudsburg
H. L. Offner	Edinboro
Ralph E. Heiges	Indiana
Clark R. McClelland	Kutztown
C. M. Sullivan	Lock Haven
Sanders P. McComsey	Millersville
Winfield W. Menhennett	West Chester

In addition to the Deans listed, the following persons were present:

The State Teachers College, Mansfield, was represented by Miss Edna Hewson, the Registrar.

The State Teachers College, Slippery Rock, was represented by Miss Maree McKay, the Registrar.

Dr. G. Franklin Stover, Director, Secondary Education Evaluation Division, and Mrs. Charlot G. Coffroth, Assistant Director, Secondary Education Evaluation Division, attended the morning session.

Henry Klonower, Director, Teacher Education and Certification

Stanley A. Wengert, Assistant Director
Teacher Education and Certification

The State Teachers College, Shippensburg, was not represented.

Doctor Klonower welcomed the Deans and presided at the opening of the discussion of the morning session.

Doctor Franklin M. Campbell, Director of Veterans' Education represented the State Teachers College, Clarion.

DOCKET FOR THE ANNUAL MEETING OF DEANS OF INSTRUCTION OF THE
STATE TEACHERS COLLEGES

MORNING:

1. Procedure for the evaluation of experience and training in the armed forces.
2. Evaluation of work from unaccredited institutions.
3. Problems raised by the provision for granting a high school equivalent certificate to those who have completed one year of college work on a full matriculation basis.
4. The dependability of U.S.A.F.I. records.
5. Methods of applying credits earned in the armed forces to the prescribed curriculum.
6. Methods of helping veterans obtain reliable information concerning their rights under federal legislation.

AFTERNOON:

1. Advanced credit gained through examination or a demonstration of competence.
2. The possible adaptation of military training technique to fit regular college procedure.
3. The development of uniform outlines of content of courses in the curriculum.
4. Advisability of offering additional electives.
5. Means of developing a professional attitude among the students and promoting a conformity to accepted standards of professional ethics.
6. Use of Visual Aids and Sensory Techniques.

October 31, 1945

EVALUATION OF ARMED FORCES TRAINING AND EXPERIENCE

Doctor Stover and Mrs. Coffroth discussed the procedure for the evaluation of experience and training in the armed forces. The method they suggest is in strict conformity to the classifications listed in the handbook issued by the American Council on Education. There appear to be questions concerning double credit for various activities where certain credit is allowed for high school work on the part of one candidate and the same work may be offered for college credit by another candidate. The interpretation of such credit frequently works to the disadvantage of candidates who hope to obtain advanced standing on the basis of their work in the Armed Forces Institute or in Training Programs conducted by or in connection with the army or navy.

RELIABILITY OF U.S.A.F.I. RECORDS

The question was raised whether U.S.A.F.I. records are entirely dependable. To this question Doctor Stover replied that they would be regarded as much more trust worthy if they were made out in a different manner. The records submitted are usually in the handwriting of the applicant and are attested by a non-commissioned officer in some cases. In other cases, a record may be written by the applicant who is an officer and attested by a subordinate officer. This practice naturally robs the credentials of the dependability which would be attached to them if they were prepared in a more impersonal manner.

APPLYING U.S.A.F.I. CREDITS TO CURRICULUM

There was general discussion concerning the application of credits earned in the armed forces to the prescribed curriculum. The official guide in this respect is also the handbook of the American Council on Education. U.S.A.F.I. credits may be used for equivalent courses in the state teachers colleges and may be used for elective credits. This procedure may result in a veteran's receiving less credit than he anticipated because the work he offers for advanced standing is not the equivalent of courses offered in the state teachers colleges or because all his elective credits have been exhausted and his military credits, therefore, cannot be used toward meeting the requirements for graduation.

COLLEGE ENTRANCE FOR NON-GRADUATES OF SECONDARY SCHOOLS

Then the question was raised concerning the provision for granting a high school equivalent certificate to those who have completed one year of college work on a full matriculation basis. In discussing this question, the information was given that the minimum requirements is completion of the tenth grade course plus an additional year of English and a one year course in American History. If a candidate offers less than these requirements, it will be necessary for him to earn equivalent credit by examination under the Secondary Education Evaluation Division. Completion of the tenth grade and the course in English and American History are the absolute minimum which may be accepted for admission. These minimum credits may be offered either through work completed in an approved secondary school or they may be earned through examination. When these minimum requirements have been met and a prospective student has had military or other experience which the college considers satisfactory in giving him a matured outlook, he may be admitted to a college. If, after his admission, he then completed a full year of college work, he may then be given advanced standing and may obtain from the Secondary Education Evaluation Division an equivalent high school diploma. Doctor Stover mentioned the varying practices in this respect which are followed by different

colleges and universities. There is diversity of practice in admitting students. Some colleges require the completion of two years of the college course. Thereupon, they are willing to accord a student permanent enrolment. Others require that a certain academic standard be achieved and maintained when the students' preliminary preparation has not met the regular pattern.

EVALUATION OF WORK IN UNACCREDITED INSTITUTIONS

The newly adopted procedure for the evaluation of work from unaccredited institutions was the next item of discussion. This procedure has received approval for one year and the policy is then to be reviewed in the light of the experience. Since the evaluation committee will have no opportunity to test the competence of the applicants in the courses they offer for credit, it was suggested that conditional credit might be given. For example, a person who offered courses in shorthand completed at an unaccredited business college might be given credit which would be conditional upon his satisfactory completion of advanced courses in the same subject. In general, however, the evaluation of work from unaccredited institutions will be handled in such a way as to prevent such work obtaining the recognition and value equivalent to the work completed in accredited institutions.

VETERANS' PROBLEMS

Desirable methods of assisting veterans and obtaining proper advice for them concerning their rights under federal legislation were considered. It was felt that this question should be handled by one member of the faculty. In some instances, such a member of the faculty is himself a veteran and through a course of training or through his own experience and additional study, he becomes the campus authority on questions arising under federal legislation concerning the rights of veterans. A poll was taken to determine the approximate number of veterans now enrolled. This showed a range of 7 to 40 with an approximate total of 250.

EXAMINATIONS - SECONDARY SCHOOL EVALUATION DIVISION

Mrs. Coffroth briefly discussed the arrangements for the high school equivalent and pre-professional examinations which are to be held at all state teachers colleges, January 10, 11 and 12, 1946. Emphasis was placed upon the necessity for the official identification card before an applicant could be admitted and the further desirability of comparing the photograph with the person appearing for the examination. If an applicant appears for his first examination without the photograph, he should be required to bring it when reporting for the second examination. Only persons whose names are included in the official list should be admitted to the examination.

FEEES FOR ADVANCED CREDITS

The afternoon session opened at 2:00 with Stanley A. Wengert, Assistant Director, Teacher Education and Certification, presiding.

The first item of discussion was the procedure relating to advanced credit gained through examination or a demonstration of competence. The question was raised whether fees should be charged for credits allowed through examination or a test of competence. It was concluded that this was a question for the Board of Presidents.

VISUAL AIDS FOR COLLEGE COURSES

There was general discussion of the possible adaptation of military training techniques to fit regular college procedure. The military services

have made extensive use of visual aids. The deans are convinced that great progress might be made along this line. Dean McComsey reported that a member of the Millersville faculty was returning from service where he had been in charge of the visual aid materials used in instruction. It was suggested and considered to be of possible assistance to other teachers colleges if this man might be made available to speak to the faculties of all the colleges in order to make them aware of the possibilities for using the material already owned by the teachers colleges. It was suggested, also, that he might be able to suggest additional purchases of this type of material which would not go beyond the limitations of the budget.

UNIFORM OUTLINES OF COURSES AND SUGGESTED METHODS

Possibilities of developing uniform outlines for courses of study in the curriculum were next considered. While there was some question as to the desirability of complete uniformity and it was generally felt that the personality of the teacher and the exigencies of the situation should have their influence on the content of each course, it was recognized that greater uniformity would be of advantage. It was felt that each course of the curriculum should have common objectives in all the state teachers colleges and, therefore, should be comparable and equivalent. This can be accomplished without, limiting the expression of the teacher's personality and without precluding the use of topics or materials having a special local interest or meeting particular needs of the individuals in the class. One of the means suggested for achieving greater uniformity was meetings for the faculties of the teachers colleges. It was suggested that during the coming year regional meetings, each including three or four teachers colleges, could be held. This would direct the attention of the members of the faculty to their common problems and would afford an opportunity for clearing the topics of preliminary discussion which would be time consuming. If the program were introduced by a general meeting, these routine questions would consume a great deal of time and preclude the main topics and largely defeat the real purpose of the meeting. For instance, the three or four state teachers colleges in the nearest proximity to each other might have at one institution a meeting for all science teachers. At another campus of the same group of institutions, there would be a meeting of all teachers of English. It was felt that the members of the faculties would feel more sympathetic for each program if it could be arranged so that their vacation periods would not be changed thereby. There was general agreement that it would be of advantage to have meetings at which members of the faculty would recognize the problems of the state teachers colleges and have their enthusiasm aroused for the type of service offered by these institutions. It was moved and seconded and unanimously carried that the deans recommend to the presidents that they provide regular meetings for the members of the faculties at times that will not interfere with the regular vacations of those concerned. The discussion showed a preference for regional meetings during the present school year and a State-wide meeting to be held during the following school year, 1946-47.

INCREASED ELECTIVES

It is the general opinion that there should be some revision of courses of studies to allow additional electives. In this connection, the deans wish to repeat their recommendation of last year. At that time, it was pointed out that in some programs it is difficult to complete all required work and secure certification in the major and minor subject without exceeding a total of 128 semester hours. In the discussion this year, it was pointed out that the art curriculum offered no opportunity for electives and that its completion required from twenty-six to twenty-nine hours a week in class. This permits no time for the pursuit of individual interests that the students may have and result in a

lack of elasticity and lack of adjustment to individual student needs which frequently operated to the disadvantage of the state teachers colleges in their appeal.

SCHEDULES

During the discussion of other topics, it was indicated that there is a variation of practice at the different schools with relation to the number of days classes are scheduled and the number of hours per day. A poll of the deans showed that three schools operate on a five day week. In some schools, all classes are scheduled within six periods while other schools operate on as many as eight periods daily. Dean Menchan expressed the opinion that the enrolments of the state teachers colleges could be increased by twenty-five years if Saturday classes for resident students were entirely eliminated.

DEVELOPING PROFESSIONAL ATTITUDES AMONG STUDENTS

There was consultation over the means used for developing a professional attitude among the students. Dean Heiges stated that the practice at Indiana was to organize the senior students into a Future Teachers of America Organization. This was accomplished by taking two dollars of each senior's activity fees for the membership fees in the F.T.A. Organization. Local leaders in this group were sent as delegates to regional professional meetings sponsored by the P.S.E.A. and similar organizations as well as to meetings of professional groups which they might properly attend. Dean Heiges reported that this device seemed to be successful in acquainting students and prospective teachers with the problems and responsibilities which would face them during their professional careers.

GUIDANCE FOR ALL SECONDARY CURRICULUM STUDENTS

It was suggested that all secondary students take a minor in Guidance. There was division of opinion as to whether this should be included for all such students since many of them would not have the background, the personality, and understanding needed as a basic personal requirement. It was felt that there would be great danger of constituting each teacher an authority in Guidance.

ANNUAL MEETING

The Deans discussed the most advantageous time for the meeting. After some general discussion, it was moved by Dean Offner and seconded by Dean Menchan that the meeting be planned for the third Monday in October. There was also a preference expressed for holding the annual meetings at the different state teachers colleges. It was further suggested that at least one hour be scheduled to permit the deans to examine and otherwise gain information concerning the practices followed at the institution being visited.

The meeting adjourned at 3:45 P. M., E.W.T.
