H.S. Students To Vie At Forensic Meet

Students from schools in five northwestern Pennsylvania counties will give musical and forensic selections at a contest of the Northwestern District Forensic and Music League, to be held at the College and at the Training School this Friday and Saturday.

Members of the faculties of both the college and the training school will act as judges and chairmen at the function. Programs will take place in the Methodist and Presbyterian churches as well as on the college premises.

Performing for Edinboro High School will be a girls' chorus, mixed chorus, band, and various vocal and instrumental specialty groups. The local school also will enter a er, and a contestant in the declamation contest.

From five to seven hundred high-school students, in addition to faculty members, are expected to come to the affair.

MRS. MACKEY CONDUCTS CLASS IN BRIDGE

One of the most interesting extra-curricular activities on the campus these days is the Tuesday night bridge session conducted by Mrs. Mackey, wife of the popular mechanical drawing instructor.

The group, made up of twentyfour beginners, meets in the Recreation Room of Haven Hall from 7:00 to 8:00 p. m. every Tuesday.

The course will continue until about May 15, when the series of ten lessons will be completed. The progress of the group has been very satisfactory, according to Mrs. Mackey.

AUTHOR OF "SHAKESPEARE WITHOUT TEARS"; HAS PRODUCED BROADWAY HITS

A lifelong association with the theatre as actress, director, and author provides the background which Margaret Webster, scheduled to appear at the college on the evening of April 14, incorporates into her programs, according to her agency's reports.

The daughter of Dame May Whitty, who is known to followers of both stage and screen, Miss Webster began acting while she was still in rompers. Her official stage debut was in London, where she later played with Sybil Thorndike, John Martin-Harvey, and John Gielgud.

Jaster and Youth

"He is risen." Matthew 28:6

What is the message of Easter to youth? From earliest childhood we have heard the resurrection story; how Christ died upon the Cross that we might have Eternal life. Can we improve upon that? Perhaps not, but possibly a change of thought might help us.

We think of Christ suffering the loss of friends, lack of encouragement, and a sense of loneliness even before the agony of the Cross. Suffering and agony form our most vivid recollections of Easter.

Let us think of the beauties of Easter. That Day when Christ came forth from the Tomb in the early dawn signifies to us the dawn of a new day in human history. The record of the Day is one of amazement, wonder, and worship. Is not that the true meaning of Easter for us today?

Each Spring nature comes forth in new life and gay colors. We should cast off our fears and failures and take on a new life of beauty and usefulness. It seems to me the message of Easter to youth is a challenge to rise above the past to new glories and greater achievements.

> I was enlightened and entertained by the stage presentation of "Hamlet," with Maurice Evans portraying the murdered son. It is obvious that Mr. Evan's facile interpretation is a product of outstanding ability and experience in Shakespearean tragedy. His voice is full and clear; his gestures, effective and forceful; his timing, even and accurate. The ladder of emotions displayed by Mr. Evans demands the acme of dramatic performance, and I believe he satisfies Shakespeare's genius completely.

The players were well suited to their respective roles and handled them with ease and convincing ed by the ability of the actors who

Credit Transfer Explained

Each college and university in this country has for many years reserved the right to accept or reject credentials submitted for admission. Thus, any student who considers a change of school, for either graduate or undergraduate study, will have to contact the school of his choice in order to find out exactly what credits will be acceptable at

Based on past experience, however, the following information may help to solve certain problems known to be faced by a student considering a change of curriculum.

A basic education at Edinboro can be a good preparation for graduate study. This has been shown by the fact that a number of graduates of this college are pursuing courses at professional schools of such universities as Cornell and Pittsburgh, or are working toward advanced degrees at graduate schools of education, where their credits have been accepted without question.

Penn State Assignees Credited

Any undergraduate teachers college student wishing to transfer to another teacher-training institution will find his credits acceptable. Students who may decide to change their curricula will find credits earned at ESTC acceptable at other colleges insofar as the courses completed here are identical with required courses in the new field. In cases where a student is considering transfer, he should consult with the dean or registrar of the school he is considering to determine what courses will be accredited in the new curriculum.

Penn State assignees here are credited at State College for work satisfactorily completed at this institution.

Tri-College Meet A Big Success

By PEG GEDEON

On March 15, Edinboro played host to two colleges, Indiana and Grove City. This all-girl show was opened with a welcoming address by our Dean of Women, after which the two presidents of the respective W.A.A.'s were introduced.

The first event of the afternoon's program was a swimming
meet with Grove City and ESTC
as entrants. The swimming teams
were divided in such a way that
on each team there were three
girls from each school. One of the
most novel events was an animal

teams gave a clever interpretation

swimming whale.

At the completion of the swimming tourney, an honorary team was chosen from the two colleges and each member was presented with a W. A. A. certificate.

The badminton contest was the next event. It was drawn to a quick conclusion when Edinboro's Grace Wasum and Genie Bossart overwhelmed Indiana's team with an easy victory.

The basketball play-offs were closely contested. Indiana and Grove City played two hard-fought matches, the first of which ended in a tie. In the second match Indiana emerged the victor. Edinboro girls, however, proved themselves victorious by winning the decisive game.

VOLLEYBALL STARTED

Intramural volleyball teams have been formed, and several games have already been played. The schedule is still open to any team that wishes to enter and that has not yet done so.

Sport Shorts By GLENN HETRICK

Plans are now being formulated for track and golf teams. Equipment shortages and inclement weather are the only foreseen handicaps, at the present.

Although the wrestling season is officially closed, the team is still working out regularly in the gym. Anyone who wants to learn the finer points of the sport is invited to "drop around."

Dolly Johnson, one of the junior's basketball players, suffered a dislocated jaw during the Junior-Senior match. Seems that Dolly made such a spectacular shot that her jaw dropped just a bit beyond its limits and refused to go back. Fortunately, Miss Ruttle was on hand, and the jaw was restored to its proper position.

Coach Art McComb has announced that because of the short season, the absence of a ball diamond, and the scarcity of equipment, Edinboro will not have a baseball team. However, after having talked with several ball enthusiasts here at ESTC, I can see no reason why informal teams

Raider Wrestlers Place At State Teachers Meet

Whiz Kids Bow To Blazer's Quint

The "Whiz Kids," second-place intramural basketballers, absorbed their first beating two weeks ago, when the Conneautville "Blazers" downed them by a score of 68-48 on the Conneautville floor.

At one time in the game the losers trailed by 30 markers, but a last-quarter rally narrowed their margin of loss.

Although it was a nip-and-tuck affair for the first period, the contests became one-sided from the second stanza on to the end.

The Kids had previously trimmed the Blazers on the college court by 14 points.

Only one other defeat has been chalked up against the Whizzers, that at the hands of the strong "Curries" team, which edged them out by two points to cop the second half championship of the intramural league.

could not be formed, which —providing sufficient interest were shown and enough equipment "procured" — could in turn arrange for games with other teams that have open dates. To get the ball rolling, El Osborne, a catcher of no little ability, has consented to take the names of all aspirants. If all those interested in playing will contact "El," we'll get the "show on the road."

When Jack Weixel, the high scorer for the ESTC wrestlers, and Joe La Slavic, 145-pounder, reported as wrestling candidates this season, it brought back old memories, for in 1940 they had helped form West View High School's wrestling team, and now they were to be charter members of Edinboro's initial team. To make the situation even more nostalgic,

Jack Weixel Wins 128-Pound Title

Although Coach James Reed's wrestling team could not break into the victory column during the regular season, they gained credit for themselves and ESTC by their performance at the State Teachers College Wrestling Tournament, held at Indiana State Teachers College on March 8. All of the boys wearing Edinboro colors — Jack Weixel, Joe La Slavic, and Dewey Davis — won tournament honors.

With only three men out of a possible nine entered in the tournament, Edinboro had to be content with fourth position, trailing the third-place winner, Clarion, by a scant two points. Lockhaven, a wrestling stronghold, easily won the tournament.

Weixel Wins Title

Captain Jack Weixel, top-seeded man in his division, continued his

winning ways to bring the 128-pound title to Edinboro. In his quest for the championship, he pinned one opponent and decisioned two.

During the regular season, Jack, who is a freshman mathematics major in the secondary curriculum, won all but one of his matches. Jack won the WPIAL and PIAL titles in the 103-pound class while at-

Davis, LaSlavic Place

Dewey Davis, 155-pound stalwart representing Edinboro, was the second-place winner in his division.

Third-place honors in the 145-pound class were won for Edinboro by Joe La Slavic. Because he lost his first match to the man who eventually won the 145-pound laurels, Joe was eliminated for a chance at second place; however, he defeated everyone else in his class, pinning his second opponent to rank third.

they were greeted by Coach James Reed — the coach who had formed that team back in West View High School.
