## Homecoming, Election, Feature News

### Club To Sponsor Presidential Vote

The assembly program for next Wednesday, October 27, will be sponsored by the Forum Club. This will be a part of the organization's election activities, which will include campaign speeches by representatives of the major parties as well as a pre-election straw vote.

A discussion of the candidates and the issues involved in the presidential election will be the feature of the assembly. Allan Heffler and his alternate, Jack Egloff, will present the reasons why Mr. Truman should be re-elected president. Governor Dewey will be represented by Alan Babcock and John Piatt. The champions of Henry Wallace's Progressive Party will be Nick LaSlavic and Dewey Davis. Leroy Peck will act as moderator of the group. Following the talks, a short discussion period will be held, at which time the audience may raise questions.

Today, immediately after the assembly, registration will begin in the Auditorium and Haven Hall for faculty members, students, and State employees. Prospective voters should state name, address, major field, and political affiliation (if they wish), on the registration form supplied. Registration will continue until Friday noon. Only those who register will be allowed to vote.

The actual voting will begin after assembly next Wednesday, October 27, in the Auditorium and Haven Hall.

The results of E.S.T.C.'s straw vote will be announced on Saturday morning, October 30, three days prior to the national election.

### President Attends Important Meeting

Dr. Van Houten was one of fourteen Pennsylvania state teachers college presidents attending an important conference between the educators and legislative officials in Harrisburg last Wednesday. The college presidents had been invited to meet with a joint sub-committee of the House and Senate to discuss the financial needs of the teachers colleges during the next biennium.

Stating that the committee members were most sympathetic and constructive in their attitude, Dr. Van Houten has expressed the view that this conference will have significant results for the state teachers colleges. It is his belief that the positive interest thus displayed will make possible a greatly improved State program of teacher-education.

Besides the representatives of state teachers colleges, others in attendance at the conference were Senator Chapman, of Warren; Dr. Francis B. Haas, Superintendent of Public Instruction; Representative Wood; Mr. C. M. Woolworth, of the Supplies and Materials Dept.; Dr. Logan, of the State Budget Committee; and various members of the House and Senate. At noon on Wednesday the college presidents were luncheon guests of the members of the joint committee.

### Dr. Thomas Joins Biology Staff

The latest addition to the staff of the biology department is Dr. Dale Thomas, who comes to Edinboro this year from Allegheny College, where he served for 24 years as professor of biology and geology. Dr. Thomas has B.A. and M.A. degrees from Allegheny and the Ph.D. from Cornell University. He has also done work at the University of Chicago.

During World War I he served in the Army for a year and a half, spending nine months overseas. During World War II, he was Coordinator of Civilian Pilot Training at Allegheny College.

Prior to his college teaching, Dr. Thomas was principal of the high school in Geneva, Ohio.

At present this biologist and his wife reside in Meadville, but they plan to move to Edinboro as soon as housing accommodations can be had. He has one daughter, recently married, who is engaged in government research work at the University of California.

Dr. Thomas' chief hobby is collecting plants and rocks. He has written several articles on plant life and rocks and is now collecting rock and mineral specimens. Nevertheless, he indulges in his favorite sports of hiking, swimming, and boating.

### Students Attend Dewey Rally

On Monday of last week the Psychology of Speech class, taught by Dr. Butterfield, went to Erie to hear Governor Dewey speak. The class noted that Mr. Dewey had a good speaking voice, an emphatic manner, and spoke with warmth. His general appearance portrayed vitality and friendliness, but what he said was largely a repetition of former speeches. One member of the group stated that it was obvious that Mr. Dewey was using the psychology of "playing safe."

Those making the trip with Dr. Butterfield were Joan Finnefrock, Allan Heffler, Kathryn Magoon, Edna Morrison, and Robert Wallace.

### News Briefs

Last Saturday Dr. Van Houten attended the inauguration of Dr. Louis Benezet as president of Allegheny College, at Meadville.

The Y.M.C.A. will reorganize tonight in Room 9 of Loveland Hall at eight o'clock. There will be a film entitled "Men of Tomorrow." A representative of the Cory Y.M.C.A. will explain the mechanism and operation of the organization. Those having previous experience with the "Y" or "Hi Y" are especially requested to attend.

On Monday, October 11, Mr. Neel spoke to the members of the Nineteenth Century Club, at Conneaut, Ohio. Mr. Neel's topic was "The U.S.S.R., the U.S.A. and Possibilities for World Peace."

The Newman Club will hold its election of officers tonight in Normal Hall at 7:30.

According to information received from Mr. Mallory, Acting Dean

### Council Grants Trophy For Float

At its meeting last Thursday the Student Council, under the leadership of John Oliphant, disposed of several items of business.

Having heard Mr. Schlessinger outline plans for the parade to be held on Homecoming Day, the Council appropriated the sum of twenty dollars toward the purchase of a suitable trophy, to be given the organization entering the best float. For permanent possession, the trophy must be won three times.

Among other things the Student Council also decided that any organization planning a money-making activity must submit a request to the Council for approval at least two weeks in advance.

of Instruction, mid-semester grades will be due in his office not later than noon on Saturday, October 30, 1948.

### Full Day Slated For Visiting Grads

"A Bigger Homecoming for a Bigger Edinboro" is the theme of the College for its twenty-third annual Homecoming, which will be celebrated next Saturday. The program for the day consists of a variety of stunts, athletic contests, and reunions, climaxed by the "E" Club Ball, according to an announcement by Miss Justina Baron, Chairman of the Homecoming Committee.

The first event of the day will be a hockey game between the W.A.A. and a powerful Alumnae team. The centers will cross sticks at 10:30 A. M.

A new attraction this year will be a parade, preceding the football game, in which each student organization will participate. A trophy will be awarded to the organization which, in the opinion of three impartial judges, has the most original display. The parade will be formed on Normal street in front of the High School, at 1:00 P. M. It will start promptly at 1:30 and proceed to the Diamond, where the judges' stand will be located, move east on Waterford Street, south on High Street, and then to the Athletic Field. Among the units participating in the parade will be the Band and the R. O. T. C.

At 2:30 the "Red Raiders" will meet Thiel in their annual football contest. At half-time, the Band and a selected group of R. O. T. C. men are scheduled to go through the fancy paces which Sgt. Hasbagen has been working hard to perfect.

Several of the organizations on campus are planning Homecoming affairs. Alpha Delta will combine its twentieth Founders Day with Homecoming and will celebrate the dual anniversary at a luncheon at the Presbyterian Church at 12:00 noon.

Mu Kappa Gamma, music fraternity, will hold a covered-dish supper at the Campbell home at 6:00 for all music-organization alumnae.

The final event of the day will be the "E" Club Homecoming Ball, in the Crawford Gymnasium at 8:30. Music for this gala affair will be provided by Herbie Johnson and his Orchestra. The admission price is \$2.00 per couple. Dress is optional.

Serving on the Homecoming Committee, in addition to Miss Baron, are Miss Beattie, Miss Forness, Marie Hall, Mr. Harrison, Arthur Jarvis, Mr. Lowder, Mrs. Miller, Mr. Neel, Mr. Schlessinger, and Robert Wallace.

### Mrs. Peck, New Critic Teacher

Mrs. Ruth Peck is Edinboro's new third grade critic teacher.

She has a bachelor's degree from Edinboro and a master's from Teachers College, Columbia University. In addition she has attended Allegheny College and the University of California.

Mrs. Peck has had thirteen years of experience in the Wesleyville schools.

She lives in Edinboro during the week but spends her weekends in Erie. She has two married children, a boy and a girl, and one grandson.

She spends her spare time rolling for strikes and spares and is an avid baseball fan.

## Let's Kill The Fatted Calf

This Saturday the College will open its doors and extend a welcome to the alumni to celebrate the occasion of E. S. T. C.'s twenty-third annual Homecoming. One day out of each year is set aside for the graduates' return to Edinboro to greet old acquaintances and to bring back pleasant memories. Old friends meet, and new friendships are made. This is a tradition that has been carried out with varying degrees of success in previous years.

To make this day one that will impress the former graduates, we must combine the efforts of the students and the faculty. Committees alone can not perform the task satisfactorily; they can merely lay the foundation for the program. Outstanding activities are being planned for this elaborate affair, but we have to use a little elbow grease. Don't stand back and let someone else do your share. You are as much a part of Edinboro as the next person. Help the members of your club or organization to make the most colorful float to be entered in the parade. Attend the "E" Club Ball and have the time of your life.

Add your contribution to make this occasion one that will make a vivid impression on our guests. Join together to induce them to come back next year for an even bigger and better program. Show our predecessors that we, too, have some vim, vigor, and vitality. Let's give the alumni a HOMECOMING they will never forget!

## Vitalized Patriotism

About us from day to day, we take notice of occasions calling for patriotic attention. As our flag and our national anthem meet us, we should render the proper respect. Behind these symbols lies the greatness of American Democracy. The freedoms and liberties which we enjoy should be recognized in our actions toward the Red, White, and Blue.

These activities should not be confined to salutes and emotional ethnocentrism. Our duties and obligations extend into daily, normal life. This might be defined as showing an interest in current affairs; participating in elections in a discriminate, thinking manner; respecting the rights and privileges of others; and following the rules of good citizenship.

Patriotism transcends the symbolic and can be followed right down to the proper and careful use of college equipment, to the exercise of common courtesy, to careful driving, and to the maintenance of an attractive campus. In short, patriotism means the improvement of community, state, and nation whenever and wherever possible. With this in mind, let us resolve to vitalize our patriotism here in Edinboro.

## O. K.! Here's Your Chance

In an effort to liven up the paper and give its readers a chance to gripe or write, the art staff of the Spectator has just completed a mammoth project, namely, a suggestion box, now situated at the front entrance of Normal Hall.

Those who wish to submit letters-to-the-editors, to make suggestions for the improvement of the Spectator, or to get rid of chewing gum wrappers, old letters and assorted homework papers, should deposit same in said box.

Take a jug o' wine, some salted pretzels, a trusty opium pipe, and get stood up by a gal, and you've got the nasty ingredients that go into this bit of odd biography. Oh, yes . . . Tired feet from hiking around the hills and dales of Edinboro, looking for some scenes to paint, help too. That all-over, tired feeling simply does wonders toward creating that creative mood.

That was quite a show of talent the visiting peepuls got last weekend! I noticed quite a list of Art Ed. peepul on the roster of entertainment. "Get your practice in early, kiddies; you'll need it later," I'm told.

Tracks are leading all over Loveland again. I mean literally! Mr. Haller's Modeling and Pottery classes are at it, hammer-and-wee-little-tweezers, and the arty stuff is flowing out like insanity. ("Mad, that is.) How well I remember the day that I threw wet plaster at my piece d' art. . . Ah well, I hear that Mr. Haller didn't have much trouble getting it off.

ScaRAB club is back in the portrait department, leading off this year under the skillful tutelage of Messrs. Bates and Bruce, the "two B's" of E. S. T. C. "Pat" McCauley is the object of affection, and from this chair it looks like some mighty fine work being shaped up. (The portraits, that is.) "Maggie" Funk and "Petey" Gstalder started their respective seasons with two good oils here.

Hey! Youse "Frat" boys . . . We know that Mr. Doucette's Commercial Art room is a nice place to do your "paddle" work, but what a way to try to pick up "scoop"! Tch! Tch!

The door of Mr. Bruce's lettering room has no doubt seen some queer sights and goings-on, but this new lettering class tops them all, or at least makes them blush. Take a peek at Bob Vislosky's latest . . . Something about Joe (last name on request) and his Four Flushers, wasn't it, Bob? For an afternoon of sharp entertainment, stop by the lettering class and case those signs. (No burlesque work yet?)

**Question - of - the - week:** "Will Lane Jones go through weary life with a scared (We mean "scarred") face?"

## Native Of France Scheduled To Talk

Madame Jacqueline de Leon will be the assembly speaker on November 3rd. Since her school days at the Sorbonne, where she studied under the great historian, Gason Rageot, her interests have been in the educational, political, and social fields. She is a familiar platform personality in France, where she speaks about other lands, their peoples and problems. In America, on the other hand, she speaks of France and its way of life.

During recent years her work has required her to travel throughout the world — to Africa, the Near East, Russia, and the United States. In 1947 she was asked by the French Government to conduct a survey of children's book-publishing in the United States and to study the teaching of French in American schools.

A wide acquaintance among the contemporary leaders of France affords her uncommon glimpses behind the scenes in the political and cultural life of her home country. For her lectures in America this fall she comes from recent interviews with some of the most prominent of her compatriots.

She is, however, familiar with the problems of the "little man" in France. This knowledge was gained during her years of social work with the settlement houses and child-placement centers of Paris.

Madame de Leon speaks fluent English. She has served as interpreter at several international business conferences and during 1944-45 was attached to the U. S. Army Headquarters in Paris as an interpreter.

### Alumni Secretary Has Many 'Chores'

by HAROLD SARGENT

"I'm probably a better farmer than I am a librarian," said Miss Justina Baron, assistant librarian, in answer to my opening remark. I had found her digging through the alumni files, sorting and sending postcards in anticipation of "Homecoming Day." A graduate of Edinboro, currently serving her seventh term as executive secretary of the Alumni Association, Miss Baron's duty is to keep track of the wandering alumni of E. S. T. C. Her zeal for work not being satisfied by her library and alumni chores, this energetic teacher fills in her spare time by "helping out" on her family's farm at McKean.

When asked if she had any comment to make to Edinboro students, she replied, "When you graduate from E.S.T.C., you are not forgotten. Any word of your future status is appreciated, and the interest shown among students and teachers that remember you is surprising." She informed me that there are approximately 6500 alumni, who live in every state in the nation and in some foreign countries.

Graduating from Edinboro Normal in 1917, Miss Baron taught for a short time at McKean. Receiving a diploma in library science from Carnegie Tech in 1924-25, she returned to E.S.T.C. for a year. In 1927, she completed work for the A. B. at the University of Pittsburgh, then coming back to E. S. T. C., where she since has taught, with the exception of one year, when she attended the University of Michigan to work for the Master's Degree, which she received in June of 1937.

Asked to make a comment about her profession, Miss Baron said, "It makes me very proud to pick up a local newspaper and see that outstanding teachers and leaders are graduates of Edinboro. I hope and believe that our future alumni will do as well." The College is also proud of Miss Baron, not only because she has helped train many Edinboroites but also because her connection with any project is a sure sign that things "will get done" in a quiet, efficient, and unruffled manner.

H. Russell Reithmiller, from the McKean Lutheran Church, will be on campus to get acquainted with Lutheran students.

Miss Whitney attended an all-day conference of directors and supervisors of student teaching at Indiana State Teachers College on Saturday, October 9.

A dancing class under the supervision of Mrs. Wayne Brawley has been started at E.S.T.C. this fall. Many of last year's class have returned to join in the fun. The group now consists of approximately 60 students, who meet every Tuesday at 7:15 in the High School gym. The pianist for the ten-week course is Phyllis Dunton.

On Monday of last week, Mr. Mallory, Mr. McNees, Dr. Winchester, Dr. Hoshauer, and Mr. Lowder were at State College, attending a conference in connection with Penn State's off-campus freshman program.

According to a news item in last Wednesday's Erie Dispatch, Fred Stroebel, former Raider tackle and ace golfer, has re-joined Uncle Sam's Navy. Fred, a former sophomore, having recently withdrawn from school, has been playing for the Erie Vets.

### Booters Cop 1st; Blank Thiel, 3-0

After downing a green Thiel team, 3-0, at Edinboro Friday afternoon, Coach "Sox" Harrison's booters will journey to Indiana this Friday in an attempt to win their second straight game. The Oct. 22 tilt with Indiana is the last for the home forces until an engagement with Grove City winds up the season.

The Red Raiders shook off a scoring slump by tallying three times against the scrappy Thiel eleven. The defense also performed well in stopping repeated Tomcat penetrations. Both of these factors contributed to a richly deserved triumph.

Edinboro rooters first sensed a probable victory when Emil Krzan scored on a pass from the left wing in the initial period. Tallies by Leonard Lucia, resulting from goal-mouth scrimmages in the third and fourth periods, put the game on ice.

The line-up:

# Raiders Gird For Thiel

"... And A Good Team, To Boot"

—Photo by BOB MURRAY

Pictured above is Coach "Sox" Harrison's stellar soccer outfit: First row — Paul Haley, Tom Offerle, Ronald Coleman, Harry Montgomery, Emil Krzan, Dominick De Marco, Art Warren, Walter Kososki, Jim Currie. Second row — Harold Ghering, Dominick Magnifico, Lyle Snavley, Richard Palermo, Jerry Stephens, Sam Shirey, Jim Blasius, Coach Harrison, Paul Nyberg, Vin Allenson, Leonard Lucia, Robert Pleicher, Bernard Zeiler, Harold Light.

## The Once Over . . .

by GEORGE JEFFRIES

Coach "Sox" Harrison's booters are definitely on the warpath after winning their last outing against Thiel, 3-0. The Red Raiders have shown definite improvement since their opener with Slippery Rock, which they lost, 0-4, and now seem to have "found themselves." After dropping a 6-2 encounter to a highly touted Westminster team, the Red and White lost a heart-

breaking 1-0 tilt to Grove City and then held the slightly favored Allegheny soccerites to a 1-1 deadlock.

The Edinboro High "Turtles" are enjoying a fine year, having won three and tied one thus far. Coach Ed. Gumbert's young eleven shows plenty of promise and is once again vying for the Erie County Class-C championship. If one is looking for a Friday afternoon's abridgement, he might drop over to the high school field, Oct. 22, to see the boys in action against Edgewood, Ohio, footballers.

Apologies to Mr. Malec, as it was said in this column that Jack Donahue was carried from the field during the California E. S. T. C. game.

## Hockey, Tennis, On W.A.A. Program

by JANE VENMAN

Now that the excitement of color rush is over and peace once more reigns in Haven Hall, attention has shifted to the traditional Phi-Delt contests. The color rush ended with the Phis boasting 35 points and the Deltas not far behind with 25 points. The Phis have won the two hockey games played so far, putting them in first place, with a lead of 30 points.

In addition to the Phi-Delt hockey games, there will be six interclass games. The first game, played by the freshman Phi-Delts, resulted in a tie, 1-1.

E.S.T.C. has received an invitation to participate in a sectional play-off to be held in Detroit, Michigan, on November 13. Edinboro should feel greatly honored, as few members of the U. S. Field Hockey Association receive invitations to participate in this event.

Tennis tournaments are being held under the supervision of Ange Vitale and Jane Whittaker. They are to be elimination-consolation contests, with 73 girls participating. Trophies will be pre-

## Eleven To Clash On Homecoming Day

Edinboro's winless footballers will be seeking their initial triumph Saturday afternoon as they tackle Thiel. The kick-off is scheduled for 2:30. A large Homecoming crowd is expected, as the game is one of the high spots of the big week-end.

Offensive work will be stressed this week in prepping for the coming game. Up until the Indiana game, the home forces had not scored a single point.

The Indiana contest last Saturday was a ding-dong affair — for the first half. Both teams had ground out four first downs, and the Indiana Countians led, 7-6. But in the second half Indiana fullback Lenowski proved the deciding factor in the 33-6 romp, as he flipped passes for three of the four touchdowns and booted two extra points.

Coach Art McComb's proteges scored their first TD of the 1948 season late in the second quarter. Taking advantage of an intercepted pass, the Red and White marched to the 1-yard line, where George Krizmanich bucked the enemy line for the score.

sent to the winner and runner-up.

From October 29 to November 1, Kathryn Magoon will represent Edinboro's W.A.A. at Grove City, where a meeting of the Western Pennsylvania Section of Athletic Federation of College Women is to be held, the object being to form a state branch of this national organization. Kay will participate in a panel discussion headed by the national director, Miss Ellen Griffin, of the Women's College, University of North Carolina.

Edinboro has been invited to write up our color rush for the National Athletic Magazine.
