Additional Information for Course Proposals

- J. Proposed Instructors:  
Qualified Instructor to teach Arabic.

- K. Rationale for the Course:

Arabic language is one of the most critical languages in this world. After 9/11, the federal government, Congress, and the Academic community acknowledged the shortage of Arabic speaking personnel to deal with terrorism. With the war in Iraq and the deployment of thousands of military personnel, the need of people with knowledge of this language is evident. Arabic is needed for communication in these situations. Professionally prepared Cal U college graduates who are fluent in this language will have a greater chance to be hired in both the public and private sectors since a large number of American companies are doing business in the Middle East.
