Football Squad Opens Season Tomorrow

Coach Buchheit to Put His First B. S. T. C Eleven on Field Against Millersville.

After weeks of continuous training under the careful eye of Coach Buchheit, the Maroon and Gold gridders are prepared for the opening game of the 1932 season with the Millersville State Teachers College tomorrow.

Mr. Buchheit, our new coach, has installed a new system of play this year. He will rely on the speed and craftiness of the back-field men, most of whom are new this year. The experienced line will be a great help to the ball-carriers.

There are thirty-six men on the squad, the majority of whom saw action last season. Candidates for the back-field positions are: Kreitzer, Jaffin, Coursen, Sopchak, Drennan, Beck, Moleski, Williams, Rampolo, Novak, Sallitt, Litwhiler, Ruckle. Candidates for line positions are: Jones, Wozney, Line, Potter, Sacus, Evans, Skerel, Elder, Turse, Kafchinski, Dixson, Davis, Boylan, Kelly, Harter, Cox, Kitch, Yurgel, Harrison, Swalinski, Captain Yozviac, Mericle, Fleming and Kline.

Coach Buchheit has great faith in his men and is looking forward to a very successful season.

Captain Yozviac will be at the pivot position and will keep his team in a fighting mood during the games this

Several injuries have been recorded so far this season. Bernard Kafchinski, lanky tackle, has an injured shoulder. Jack Drennan, and Bud Kreitzer, both back-field men, are also suffering with minor injuries.

In recent scrimmages the squad has shown fine form. The following men may be in the line-up at the starting whistle: Yozviac, Cox, Kelly, Wozney, Jones, Kitch, Turse, Jaffin, Moleski, Sopchak and Coursen. Coursen will call the signals and Wozney will probably do the kicking. Should Kafchinski, Drennan and Kreitzer be sufficiently recovered from their injuries, they may also see action in tomorrow's game.

The probable line-up for Millersvill: Saunders, Trout, Jacobs, Charles, Hastings, Eshbach, Stinson, Dissinger, Devlin, Riest and Kuhns.

Class Officers Are Elected

The election of new officers for the three upper classes was held on Wednesday, September 27. The meetings were in charge of the President of the Community Government Association. Freshmen nominations will be held on October 23, and elections on October 28.

The results of the various class elections are as follows:

Seniors.		
President	Howard Berninger	
	John McHugh	
Secretary	Lenore Potter	
Treasurer	_ Thomas Hartman

FRATERNITIES ORGANIZE FOR YEAR

Officers Elected and Plans For the Year Get Under Way; Schedule of Meetings.

The National Honorary Geographical Fraternity, Gamma Theta Upsilon, held a special meeting during the summer session in the social room of Science Hall for the purpose of initiating new members: Marie Nelson, Helen Wolfe, Caroline Hoffman, and Charlotte Mears.

Most of the members were present although the meeting was held at a time when they were widely scattered. The first regular meeting for this year will be held in the social room of Noetling Hall at 6:30 P. M. on Friday, October 21. Plans are all ready for an interesting calendar of events. The following new officers for the year will be installed at this first meeting: President, William Edgar Artman; Vice-President, Alfred Vandling; Secretary, Lois Lawson; Treasurer, Woodrow Hummel.

Phi Sigma Pi held its first business meeting in North Hall September 22. A new Program Committee has been named and is busy preparing a list of events. The boys are looking forward to an interesting year of programs of educational interest, smokers and a theatre party. A drive is now being made to pledge new members. Several Standing Committees were named and of special interest is Dance Committee has been named. It is the duty of this committee to meet with similar representatives from the other fraternities on the campus to decide on the advisibility of an interfraternity dance this year. The officers for this year are: President, Carl Riggs; Vice-President, Alfred Vandling; Secretary, William James; Treasurer, Thomas Coursen; Assistant Secretary, William Young.

Kappa Delta Pi met on September 30 in Noetling Hall. New members will be pledged soon. Several committees were appointed. The fra-The Y. W. C. tion. Games, dancing and refresh- ident, Laura Kelley; Vice-President, as one of the assistants of Howard Lawson; Treasurer, William James.

Greetings 1932-1933

T APPRECIATE this opportunity to extend to you a word of wel-1 come from our Board of Trustees and our Faculty. The opening of college this year is unique in that it initiates a definite plan for the selection of students. In accordance with this plan the new entrant must meet certain minimums relative to high school standing, to health, and to personality. These revised entrance requirements together with the fact that it was necessary to reduce the number in the Freshman class, made it impossible to admit between fifty and seventy-five students who desired to enter Bloomsburg this fall. This situation presents therefore a very definite challenge to individual students. Your enrollment means that you have a preferential opportunity and I invite your careful attention to the corresponding responsibility that goes with this opportunity.

Freshmen Let Loose From Studies and Enter Into Spirit of Evening With Great Zest.

The annual kid party, sponsored by the Freshman Class under the supervision of Miss Patterson, was held in the gym the evening of September 30. Daintly dressed girls in vari-colored dresses and hair ribbons frolicked with mischievous little boys in rompers.

A grand march was staged during which the judges, Dr. Kehr, Miss Ranson and Mrs. John Koch, selected individuals for awards.

Miss Deborah Kehler was adjudged the prettiest girl; honorable mention, Misses Florence Pistkowski, Gladys Bakey, Katherine John, Margaret Schubert, Verna Jones, Alice Kealy and Katherine Wertman. Pat Kelker was selected as the "loveliest" boy and William Morgan received honorable mention. Miss Gladys Remart was selected as the worst behaved girl, with honorable mention to Miss Leota Nevil. William Jones out-distainced all competitors for the title of "Worst Behaved Boy," with honorable mention received by John Yarkel, George Kessler and Dan Jones. Miss Margaret Moran was the "youngest child" present and Zig-mund "Zig-Zag" Nejaka had the most original costume.

Music for dancing was furnished by "Phil" Guinard and his orchestra.

New Instructor

Miss Edith A. Dilks, a former teacher at Shippensburg State Teachers College, is the new Handwriting and English teacher, having taken over the position of Miss Helen Richards who is on a leave of absence for the current College year.

Miss Dilks is a graduate of the Glassboro State Normal School. She obtained her Bachelor and Master's degrees at Rutgers College, New Jersey, and has been taking summer work at New York University.

Policy

HE Maroon and Gold has developed rapidly with regard to its value in moulding faculty and student opinions, interests, and efforts into a form acceptable for profitable publication. The staff will try to continue the good work along this line. This volume will be a combined professional and educational journal, news sheet, and school organ. We shall foster three aims: To present articles of professional interest to prospective teachers; to publish editorials and news items concerning the student body; and to bring other features of interest to

We are always willing to receive constructive criticisms and advice all we can say is that he ought to and will welcome signed articles that do not show diversity from the body can take twenty punches in the principles of the school and paper. If you have ideas or materials in which others may be interested, send them in. We shall show no partiality in the alottment or prominence of space allowed organizations or individuals.

Our Purpose: To bring you a publication that you will read and keep, one worthy of your support and of a professional institution.

Reduced Enrollments

CCCRDING to reports during the first year of the depression col- vincible upperclassman, Mr. Hinkley. lege enrollments surprisingly increased. Analysis showed that the sudden curtailment of employment had reduced the field which would have attracted the normal flow of young persons. So with nothing better to do they went to college. Meanwhile the opportunity for "working ones way through" had decreased. Those seeking outside support found keen competition. There was a great demand on the should choose to fall on a Frosh's loan funds which spread the sums allowed thinly.

However the effects of the depression were not noticeable until the second year. The struggle grew desperate and many just managed to hang on to the end of the year. Now there are many who are Since then, we have wondered why unable to come back for the currest semester. They have to devote the charge in the does not instruct his their time to looking for jobs. That the enrollments have declined their doors, especially from the in- He came capering in and immediatejust as business begins to shows signs of confidence is unfortunate. side. What say, Charlie? Many other reasons are given for the reduced enrollments including that several of the Senior boys have the growing trend toward radicalism and atheism. However we are chosen new girl friends. Among stooped, slovenly, sleepy and weakinclined to place the blame entirely upon our old stand-by "The Depression."

Opportunity

No other field offers a greater opportunity for advancement than College. Many of you have entered this institution for the first time and have already found a place alongside of other earnest seekers after knowledge. Among the organizations of our College you will find ample opportunity to improve your talents and skills. Always there is chance to work and in some way increase your store of knowledge and experience. Teaching demands well trained persons. A knowledge of subject matter sufficient to meet the demands of school communities. Leadership and practical experience in various extra-curricular activities rate in importance with scholarship. We do not promise you fulfillment of your ambitions here. Achievement can be pleasant. But The other day when "Huck" Thomas also it may be costly. Discredit attaches to a man for not becoming as great as he might. Nor is it a legitimate excuse to say that we could not possibly accomplish anything important.

This column has recently noticed fairer sex. Congratulations, Bill. By the way we hear that Tom Coursen has decided to give all of the girls a break. There is your chance girls, go after him. We often wonder why Jerry Moore stays in the phone booth so long, when he calls his girl. Do you fall asleep, Jerry? And talking about phone calls, why does Charlie Hensley call Waller Hall so often? Surely it isn't all C. G. A. business.

And now, last but not least, we wish to tell of an incident that took place in one of Miss Turner's classes. walked into class about fifteen minutes late, the following conversation took place:

Miss Turner-"Well, Mr. Thomas,

Guessing or Misinformation

By Miles B. Potter

In most types of objective tests the scoring technique tends to take into Well! Well! Here we are back at consideration "guessing." Accordright. (R-W).

Concretely: Suppose "A" has 45 in and around the outskirts of from a total of 75 possible correct are out training for cross-country. flicted his converted score is 15. Now,

The theorist will maintain that if verted score will therefore remain 45.

But, what percentage of those people taking an examination, answer questions by pure chance?

If we analyze "guessing" we will find it classified as a form of one of and reasoning. Agencies of knowledge are all subject to error, depending upon the soundness of basic fundamentals. Thus we see that as a form of intuition, guessing taken enmass should be considered as "formative material."

Wliliam C. F. Krueger in his "An Experimental Study of Certain Phases of a True-False Test" similarly concludes: Poor students (as rated by respective class standing) underlined many more of the judgments than the better students and the proportion of error among these alleged judgments based upon certainty, was always markedly larger among poor students than among the pupils of high ranking in class." That is, the amount of error in formative materthan for the good student, and the amount of misinformation (error in formative material) is inversely proportional to the ability for comprehension and logical association. Thus poor chance plays no part.

Health Clown

The Freshmen aren't the only privileged characters on the campus. The whole assembly was invited to a Kid himself in his room the other day. Party that took place on Wednesday when the Health Clown stunted for the children of B. S. T. C. and the charges in the manner of operating Benjamin Franklin Training School, ly captured the fancy of the children who were present with his explanations of why some "kiddies" were these fellows we find Captain Yozie and why others were not. Then folwith a little Frosh girl. Also we are lowed the introductions to Sally Sumuch surprised to find that Bill gar, Fanny Fat, Viola Vitamin, Lily James has deserted the "Bachelor's Lime and Pat Protein who lived in Club" and after four years of seclu- Milk. What magician ever aroused sion has ventured forth to woo the such interest and suspense as the Health Clown did with his lunch bag? What bandmaster or director ever had such a frolicking, spirited response to any selection as the Health Clown had to his Milk Song? It was great sport! The only sad detail we have to report is that some imp allowed a number of grown-ups to sit in the balcony.

Will he submit to the ordeal of a court trial —he who feared to answer a door person on the other side. Will he. after being subpoened disclose the two moles on his neck which will prove that is is Priam Farll and that Leek lies in state at Westminister Abbey? If you are interested why not find out. You will be amused with this "sissy" Priam. You will wonder why Priam with all his artistic sense married Alice Chalice whose only redeeming virtue was sympathy for a will want to inquire of Bennett why he has emphasized that Priam was a devine artist and not a social creature, yet failed to let us view the artistic divinity.

This is one of Bennett's earliest novels, and it is a bit cumbersome grammatically, but the reader will be forced to admit that Priam Farll lives as a character.

-T. B.

JEREMIAH AND THE PRINCESS By E. Phillips Oppenheim

The desperately poor Princess Marya of Pletz was in America in quest of a loan to save the almost bankrupt kingdom of Jakovia. When she met Jeremiah Strole, the son of ial was greater for the poor student an enormously rich man, Marya though she saw a means of reaching her goal. Frankly, she wanted his money. He wanted her-and her love. Although she would have married him had she followed the dictation of her heart it was impossible. for she, who was next in line of ascension to the throne, would never be allowed to marry a Commoner. In Visits Chapel fact, at the present, she could marry no one because she was held in the power of her cousin, the king, who wanted to marry her and who was using her to shield his evil doings. And theen Jere lost his money. Marya tried to run away from him and get him to forget her and her problems, since he could be of no help anyway, but still he refused to lose her. He followed her back to her country. He was arrested and imprisoned, but his determination was undaunted.

Here's a story that will thrill you. excite you, charm, and please you.

Girls' Glee Club

A capacity number of 55 girls met as the Girls' Glee Club Monday evening in Science Hall. Miss Patterson spent the first part of the evening with seating arrangements and the last part in directing sight readings. Nominations of officers and collections of dues will take place at the next meeting, Monday, October 10.

"What's this, honey?" said Mrs. Youngbride's husband as he speared a slab from the dish. "Lucifer cake, dear."

"I thought you said you were going to make angel cake." "I was, but it fell."

Baseball Acquire New Slang Words

Mr. Average Baseball Fan could find a lot of enjoyment in sitting on the bench of a major league baseball park during the progress of a ball game. It's interesting to listen to the patois of the managers and coaches and the jargon of the ball players.

One hears everything from a Yankee dialect to a quaint southern drawl, but the strangest sounds of all are the slang words that are born in the dugouts.

words mean anything to the ball fans eighth grade Geography in Norrisof today. Disarming the Young

Worried sociologists apparently are about ready to swing into their long threatened campaign for the disarmament of small boys. For some time they have been urging the abolition of toy automatics, sub-machine guns and other accoutrements of the gangence at Geneva, they have proposed an international ban on the manufacture of war-like toys such as tin soldiers, miniature battleships and wooden artillery.

Prowl around any vacant lot these days and you see bad men of tender years putting one another on the spot, talking out of the corners of their mouths, engaging in trench warfare and other games of carnage. It is a disquieting spectacle. No wonder the According to early indications, the sociologists are distraught. Yet anyclass football game between the up- one who understands the Spartan perclassmen and the Freshmen will thirst for adventure that dwells within the ten-year-old breast will be a bit ever. The Frosh will have the strong-dubious about the success of this move for juvenile disarmament. In the life of every small boy there must

A generation ago the young fry ambushed and scalped one another with reckless abandan, strung up As a result of the late campfire horse thieves by the score. As Western desperadoes they rustled cattle, nesday night, several North Hall men robbed stage coaches and shot it out are confined to their beds. The hot to the last man with sheriffs' posses. '31, is teaching English in the Hun- dogs proved too much to contend A Plymouth Rock rooster on the same farm with a couple of boys stood A recent census has shown that small chance of keeping his tail feaththere are only ten Freshmen in the ers; they were needed for Indian dormitory, leaving sixty-two upper- headdress. And if there was an old classmen to wreak their will upon sheep pelt hanging in the barn, it was always in grave danger of being cut up for chaps. Bows and arrows and wooden tomahawks and six-guns were whittled out in dozen lots.

But no one seemed very deeply disturbed about these things, doubtless because the villains of other years were a more genteel lot. The redskin, to be sure, was a rather bloodthirsty citizen, yet he made an inspiring figure as he stood poised, in Their steps were staid and slow, full regalia, on the chill blue brink of Said Martha: "George Washington, an art calendar lake. And the Western bad man had about him the wholesome aura of the open spaces. When he found it necessary to murder anybody, he did it graciously. He seldom killed just for the fun of it except on Saturday nights and he died, when his hour came, with a courtly smile on his handsome, tanned visage.

Instead of disarming the youngsters of our own times, perhaps it would be more expedient merely to direct their attention to these nobler heroes whom their fathers worshipped and emulated. If the sociological aspects of the matter were put up to them in the right light, might not small boys be persuaded to escheew there is no record to show how they Al Capone and revive Sitting Bull

Among the Mascots

Jumbo, Barnum's big elephant, has become the biggest mascot in the World. Tuft's College, where Jumbo's remains "live" is interested in subject of mascots in general. Recently the students undertook a survey to determine the origin of American College mascots. They found that mascots range from the army mule to the Polar bear of Bowdoin, from the Navy goat to the Yale bull

Some Colleges have no record to show how they came to assume the mascot. Princeton, for instance, sings a song about a tiger. However came to adopt it.

According to records, the Navy goat was adopted in 1890 by midshipmen on a train enroute to a game. Looking out of the windows they espied a goat.

The Army claims the mule because of its close affiliation to Army man-

WHAT OTHER COLLEGES

ARE DOING

The University of Kansas publication prints a "Black List" of those professors who keep their classes after the bell rings.

We read that two Lehigh students tried to pick up two girls-only to discover they weren't girls—they were faculty women, as one of the ladies icily informed the chagrined

At the Cortland Normal School the Freshmen carry Bibles instead of the customary college handbook. They are, however, not dissimilar.

Have you heard of "Horse's Oats?" At the University of Utah a fair damsel tripped into the library and asked for the above mentioned classic. After a fruitless search it finally developed that the book in question was 'Horace's Odes."

The other day at Bucknell University a class in Modern European History was reciting. The following conversation between the instructor and a student took place:

"Now Miss will you tell who Carl Marx was?"

"Oh—uh—wasn't—oh I know-he's the one that plays the harp."

Freshmen customs have become a thing of history at Shippensburg S. T. C. The underclass girls received their emancipation when the upperclass women ruled that customs are not conducive to formulation of congeniality.

And by the way-did you hear this one? Startled young women discovered a Freshman, ink in hand, wandering about the second floor of their sorority house at Penn State. Upfind an English professor there.

It is whispered around that the depression.

Cross Country Team Training

Our undefeated cross country team

Waite and Early are trying for dience. berths on this year's team.

Trial heats will be run next week at which time the varsity and Junior varsity squads will be chosen.

Captain Sell, acting under Coach Buchheit, hopes to uphold the record set by the teams of the past.

Meets have been arranged with Lock Haven and Shippensburg, and our team also expects to enter the State meet.

Dramatic Club

The Bloomsburg Players, sponsored by Miss Johnson, held their first meeting for the semester September 20, when the new members were introduced and were initiated by taking part in original skits.

The Club plans to have a play every meeting, produced by the students, and discussions as to the selection of a play for public production are underway.

Music's Future

The hope of music today lies in the successful teaching of it to children in kindergarten, primary and secondary schools throughout the coun-

Dr. John Erkshine, head of the Julliard Foundation of Music, says this, and in the New York Times shows some evidences of its realization:

"Today there are in the high schools of the United States more perclassmen had told him he could than 6,000 full symphony orchestras, with all instruments representeed. There are thousands more with only a few instruments represented. In Physical Education Department at Western cities, such as San Diego, Ohio State has announced that in- these orchestras are taken very sercoming women are thinner since the lously. They are competent to play the obvious masters."

What this leads to is not in the di-

"Five years before the depression have a concert career.

"Today we are going back to the time of Bach, when a musician could play the organ and frequently every instrument in the orchestra. A public is growing up who will go to hear, but also likes to play. They can not be easily dazzled. They are prepared to judge.

"Man is creative in art and agriculture only. It is there that all true progress is made. In the vast areas between, of business and the learned nie in the day room any more? Oh, professions, we only think we see progress. Art and agriculture will take girls in there. set the standard. Each man must be his own expert.

"In the future a vast proportion of the American people will be as skilled in music as they are now in reading and writing."

Fraternity Drawings

Representatives from the various fraternities met in the conference room September 26 and made drawings to decide on what night each fraternity should occupy the social room. The results were: Phi Sigma Pi, the first Friday night of each month; Alpha Psi Omega, the second Friday night; Gamma Theta Upsilon, the third Friday night; Kappa Delta Pi, the fourth Friday. On account of the late drawing, Kappa Delta Pi was permitted to use the social room for a meeting the last Friday in Septem-

DAY BOYS ROOM

"What do you say, Frosh?" asks any upper-classman.

"Hello Sir," answers the Froshbut little do the upper-classmen know what the Frosh say under their

Why don't we see Elmer McKeckthat's right, you aren't allowed to

Permit us to ask a question: What do the day boys do at night?

Some of the Freshmen are very disappointed in the day room. They heard that there was quite a well-organized glee club which held practice in the room every noon last year, and so far this year nothing has been heard along the line of singing (note we said singing) with the possible exception of an occasional bass from behind a book-or should we have said "from behind a pinochle hand?" Why not continue the musical again this year, men?

In a very recent census taken in the boys' day room it was found that many of the boys would gladly take a cut if they had a job.

.......

And, speaking of cuts, we are sure most of the boys will agree with us that, in time of depression, our classes should be just as subject to cuts as our salaries.
