

# Maroon and Gold

State Teachers College, Bloomsburg, Pennsylvania

WELCOME FROSH ISSUE

VOL. VII, No. 1

BLOOMSBURG, PENNSYLVANIA—FRIDAY, OCTOBER 5, 1934

PRICE FIVE CENTS

## NOTED LECTURER TO SPEAK IN CHAPEL

**Kirby Page, Author, Editor, Minister, Traveler, Will Speak on Oct. 10.**

On Wednesday, October 10, during the regular chapel period, the Bloomsburg State Teachers College will have the privilege of presenting to the students of this Institution a man who has won world-wide recognition as an author, editor, minister, world traveler, and lecturer on international affairs. This man is Kirby Page.

Kirby Page is author of fourteen volumes on international, economic, social, and religious questions. His works have been translated into twelve languages and nearly 800,000 copies have been sold. Many of his articles have been published in the Atlantic Monthly, The Forum, The New York Times, and many other publications.

Mr. Page has crossed the ocean eighteen times and has visited some thirty-five countries of the world. Among the interesting persons with whom he has talked on his various journeys are: Mahatma Gandhi, Ramsey MacDonald, and the late Field Marshal President Hindenburg; the late Prime Minister Hamaguchi of Japan, George Bernard Shaw, the late President Sun Yat Sen of China, and Lloyd George. He has spoken before influential audiences in all sections of the country. He has spoken at 250 colleges.

The students should look forward to the great opportunity of meeting this outstanding personality.

## MAROON AND GOLD PLANS TO MAKE NEWSPAPER CUTS

**Physics Department Will Cooperate With the Maroon and Gold in Attempt to Make Cuts For Paper.**

The Physics Department of the College will cooperate with the Maroon and Gold in an effort to make possible the inclusion of more pictures and other cuts in the paper this year.

A project planned to be carried on in that department will begin in the very near future, provided necessary arrangements can be made with the administration to conduct such an experiment. The making of cuts is both difficult and complex, but both the Physics Department and the student publication are enthusiastic about the project and will attempt to see it through.

Not only does the process include the correct use of certain sensitive-to-light chemicals but also photography of a peculiar and extraordinary nature.

### PEP MEETING

Be sure to meet in the gym tomorrow at 10:00 o'clock for our first real pep meeting. Every one "be there." Show the team we're with them to a man.

## EXTENSIVE PLANS BY JR. CHAMBER COMMERCE

**Formal Dance to Help Defray Expenses of Commercial Contest, First of Year's Activities.**

The Jr. Chamber of Commerce held its first meeting of the 1934-35 college term in Science Hall on Thursday afternoon, September 20.

In the absence of Howard Fauth, president of the club who is doing his student teaching in Williamsport, Miss Margaret Schubert, vice-president, presided.

Miss Schubert announced the appointment of Howard Waite as treasurer in the place of Anthony Verhovsek who has not returned to college. After Miss Schubert introduced the officers of the club to the freshmen, the freshmen were asked to stand and introduce themselves to their fellow club-members.

H. A. Andruss, director, Department of Commerce and advisor to the Jr. Chamber of Commerce, talked to the members on the plans he had for the club to undertake during the year.

The first of these plans is the formal dance to be given on October 6. The proceeds of this dance, the first of the year, are used to defray expenses of the Commercial contest to be held on May 4, 1935. A football motif in decorations and programs will be used. The programs will be eighty cents a couple.

Mr. Andruss spoke of the plans he had for the club during the meeting of the Northeastern Convention District of Pennsylvania Schools Education Association, which will take place at this college on March 29. On this date Mr. Andruss hopes to have installed on the campus a commercial fraternity, the Pi Omega Pi, and to hold the dedication of a typewriter museum that is sponsored by the Remington Rand Inc. in memory of C. Latham Sholes, inventor of the typewriter who was born in Columbia County.

Mr. Andruss asked for the cooperation of each member of the club.

Miss Schubert appointed the following committees for the dance: Decoration—Shutt, Saltzer, Babb, Brennan, LaBrutto, Foster, Karshner, Goodman, Harter, Webb. Orchestra—Sal-litt, Abbott, Laubach, Dermody. Program—Sell, Moody, Earp, Schlegel, Heimbach, Yurgel. Publicity—Clemers, Kudger, Brown, Karshner, Mayer. Punch—Kuhn, Slater.

## MIRIAM WINSLOW

### AND HER DANCERS

## Dance Here Tonight

**Internationally Famous Dance Team Will Open Artist Course for Year.**

The College Entertainment Course will open this evening in the auditorium with a unique program of dancing by Miriam Winslow and her dancers, a troupe of four girls who have just returned from Europe, where they studied dancing and costuming under the direction of expert instructors.

Miss Winslow herself is today considered one of the foremost dancers of the modern school of dancing. She has lived with the dance from early childhood and has shown such interest and talent in the art that she is now foremost in the field.

During her long period of training Miss Winslow studied under the direction of such able instructors as Berthe and Francesca Braggiotti, Ruth St. Denis and Ted Shawn, and many foreign instructors.

### TO THE STUDENTS:

GREETINGS, AND BEST WISHES FROM THE FACULTY AND FROM OUR BOARD OF TRUSTEES FOR A SUCCESSFUL AND HAPPY COLLEGE YEAR. THERE IS A TRADITION AT BLOOMSBURG THAT "THE LATCHSTRING HANGS ON THE OUTSIDE." IT HAS BEEN A REAL PLEASURE THIS YEAR TO SEE THIS TRADITION MADE REAL AGAIN IN THE CORDIAL RELATIONS ALREADY DEVELOPED AMONG THE STUDENTS AND THE CLASSES.

SINCERELY,

*Francis B. Flans*

## DEAN REPORTS SLIGHT DECREASE IN ENROLLMENT FOR THIS YEAR

### COLLEGE SECURES SERVICES OF DRILL MASTER FOR BAND

The Maroon and Gold band is fortunate this year in having secured the services of a very able, well-trained instructor in drill. Reed Seely of Berwick has very generously offered to train the band in marching and drilling. He won recognition in military drill at the United States Military Academy, West Point. Since coming from that institution he has put his drilling knowledge to good use by acting as drill-master for the Tri-State Championship High School Band of Berwick.

### COLLEGE HEY-DAY PARTY FETES FACULTY & STUDENTS

Student members of the Student Council were guests at a party given by the Faculty members of the Council last Monday evening after the regular meeting.

The Faculty members acted as a tribunal and tried the student members for various violations of the law, ranging from tardiness to murder. Jack Beck, president of the Community Government Association, was tried and found guilty of causing Frosh girls to blush and cry. Elmer McKechnie, charged with murdering a bass horn, pleaded not guilty, as did Anne Quigley, charged with torturing a piano after luncheon, in the gymnasium.

As penalties, each student member was assigned a position on a newspaper and had to contribute something. The Faculty members also took part in this. Dean Sutliff turned in an admirable piece of work on beauty hints, Miss Rich and Miss Ransom assisted the editor, William Reed, and Koch, Buchheit, and Rhodes lived up to the reputations of office boys. The result of their efforts was the first edition of "The Stewed Evening News." It is hoped that from this excellent piece of journalism, the staff of the Maroon and Gold will learn how not to put out a paper.

### REPORTERS REQUIRED TO CRITICISE OWN PAPER

With hopes of sometime organizing a group of students interested in college journalism, the Maroon and Gold will require the attendance of all members of the staff, typists excluded, to attend bi-weekly meetings at which the previous issue of the paper will be criticized as to content and general appearance.

Definite dates and time have not yet been determined but a notice will be given within a period of a week. Previous attempts to have such meetings failed after the first two or three meetings. The present staff, however, believes such meetings are necessary for a good publication and every effort will be made to enforce attendance.

Books on journalism will be used for reference at these meetings and regular problems from the texts taken for discussion.

## OVER TWO HUNDRED FRESHMEN REGISTER

**Enrollment of Teachers In Service Not Yet Complete But Number Is Over Hundred.**

The reports given by Dean Sutliff, show that this year's enrollment of Freshmen has been continually growing. The figures present for September 24, 1934 are the latest available and may change slightly when final figures on enrollment are received.

Table of enrollment at present time:

Class	Female	Male	Tot.
Freshmen	126	80	206
Sophomores	109	55	164
Juniors	47	37	84
Other College Grads	5	2	7
	221	337	558

Out of that number 23 are transfers, from various institutions.

This number, as compared with the enrollment of October 5, 1934, shows a slight decrease. There were at that time 577 students, 221 of whom were male and 356 female, including dormitory and day students. However, the enrollment of the Freshman class shows an increase of thirty students over last year.

The enrollment of the teachers, in service, has not been completed at this time, but is over the hundred mark. Definite figures will be published in a later issue.

## MORE EQUIPMENT PROMISED THE BAND

**Provided Enough Interest Is Shown in Organization. Band Will go to Lock Haven and Stroudsburg With Team.**

The reorganized band and orchestra are beginning the 1934-35 season in real professional fashion.

At present, there are twenty-eight members in the band. The number of band uniforms has limited the membership to this number. If the membership of the band increases, provisions will be made to secure the necessary uniforms. The band will inaugurate the season by playing for the first home game with Millersville on Saturday.

The orchestra under the supervision of Mr. Fenstermacher has been working diligently for the past two weeks. They will take part in both the Teachers' Day and Homecoming Day programs. There is a great demand in the orchestra for violinists; those interested should see Mr. Fenstermacher.

The band is planning to accompany the team to Lock Haven and Stroudsburg. They also have a concert and several other engagements.

The officers for these organizations are: President, Elmer McKechnie; Drum Major, Sam Green; and Librarian, Luther Peck.

FRIDAY, OCTOBER 5, 1934

### ATTENTION

THIS IS THE FIRST ISSUE OF THE MAROON AND GOLD. With each succeeding issue, the staff hopes that the paper will reflect a marked improvement in the general make-up. YOU are a deciding factor in this improvement. Read each page, down to the last word; then send in your suggestions and criticisms. The staff will greatly appreciate any efforts on your part to help eliminate the weak points.

Of course, not every one is particularly interested in the actual publication of his school paper. However, your concern should be great enough to solicit cooperation for and your appreciation of the work of those who are interested.

Just as teamwork is necessary to produce first rate athletic teams, so is the cooperation of every college member needed to produce a typical college paper. THAT'S THE SPIRIT:—Make the Maroon and Gold the best paper of the Teachers' Colleges.

### MORE N. R. A.

Upon seeing the make-up sheet for this issue of the Maroon and Gold, a Freshman asked why the symbol of the NRA appeared in the corner of the paper. He argued that it was old and no longer to be recognized.

In asking the question, that student suggests the breaking of a policy adopted by the Maroon and Gold in previous years—namely, that no editorials of national interests or any interests outside our collegiate walls be printed.

We are still under the Roosevelt Administration; hence we are yet under the National Recovery Administration. Our cooperative spirit was indicated at the beginning of the experiment by the printing of the Blue Eagle, the symbol of an American cooperative enterprise. To remove that symbol now would be to cut in half that which we desire to become an entirety. Students, we are the youth of this country; we are the citizens upon whom the future depends. Any one can give in; it takes a man to stick to the end.

### THE BAND

The purchasing of new band equipment and the securing of the services of an experienced drill-master by the College deserves editorial mention in the Maroon and Gold.

It reflects the spirit desired by the institution in its musical organizations. The more interest that can be aroused in the band now, and the more publicity it receives now, the more it will naturally have in the future.

### MORE JOURNALISM NEEDED

The large number of persons trying out for the Maroon and Gold Staff plus the limited number of staff vacancies forces into the limelight a topic heretofore suggested, but never acted upon. During the past few years our school paper has changed from a mere record of events to a fairly well organized College publication. Altho there are many persons who are interested in expressing and broadening their literary talent, there is but a single outlet—thru the Maroon and Gold.

There are other extra-curricular activities which merit no more recognition than the college publications. It would certainly be fine to have a regular course in journalism introduced at B.S.T.C., but as this is now impossible a very efficient substitute can be found in a journalistic club.

Organizations such as the Dramatic and Geography Clubs show favorable results; there is no reason why a club in journalism could not be a benefit and a success. With projects guided by faculty sponsors and with talks given by persons well versed in journalism such a group would rapidly achieve knowledge and experience which would be reflected in the Maroon and Gold. Boost a worthy cause.

### A STEP UPWARD

Somewhere in the columns of today's paper is an advanced announcement that the Physics Department of the College will cooperate with Maroon and Gold in a project whereby more cuts may appear in the paper. The two organizations will work together in an effort to establish a cut-making department.

While the making of cuts is difficult and requires much time and effort, and the results at the present time are entirely uncertain, the spirit shown by the Physics Department in attempting such a difficult task leads us to believe that college journalism in this institution is on the upward trend. It is an important step in the continual evolution of the Maroon and Gold towards an ideal publication.

The project, aside from its materialistic results, shows a cooperation between two of our college organizations—one, scholastic in nature, and the other, extra-curricular. It shows how two bodies, of dissimilar origin and with dissimilar duties, can work together to produce a unit. Like cooperation might exist among all campus organizations.

### THREE WEEKS

Take a lesson from the owl, ye seekers of truth, and prepare thyselfes. Time and tide wait for no man. Slowly but surely, the day of reckoning is drawing near, and one dare not count too strongly on kindly-looking professors. Looks are deceiving, and the kindest of them is capable of turning out a true-false test that would send the most optimistic freshman into hysterics. In less than twenty days, the record of your first six weeks will be on its way to home and mother, so hunt up your new books, and get off to a fresh start. A word to the wise should be sufficient.

### CONCERNING HANDBOOK MATERIAL

With the publication of the handbook under the supervision of a student committee this year comes the problem of gathering material and information previous to the close of the term so that the members of the committee will have something on which to work before the regular session closes.

Last year there was much confusion at the end of the year because no material was available for use in the handbook. Consequently the handbook committee had to work all summer gathering information. Such a practice should not be necessary. Organizations on the campus should provide all available material as soon as possible during the winter term.

It is understood that the Student Council will appoint the editor soon. Such being the case there will be no reason, other than neglect, for any organization or individual to hold all material from the committee. As soon as something arises that should be included in the book, we suggest that it be turned over to the editor. We suggest, in addition, that the editor select his assistants at once.

### GLEANINGS

(NSFA)—To finish every course offered at the University of Minnesota, working at the rate of 17 credits per quarter, the average man would spend 503 years—Aquin

(NSFA)—Kenneth Johnson, a student at the University of California who aspires to be a zoo director, has installed cages of snakes in his room at Berkeley. The collection includes an indigo snake, two king snakes, a small boa constrictor, a moccasin snake, and a pair of chicken snakes, to say nothing of a Gila monster and a black widow spider, which Johnson has christened Eliza. He once had seven rattlesnakes but they all perished.—Ohio State Barometer.

(NSFA)—The Daily Bruin and the California Daily, official organs of the two branches of the University of California, are at loggerheads over the issue of compulsory military training. While the latter, along with other papers in various sections of the country, has been making a drive for optional training or complete abolition of the unit, the Bruin has been unique in its defense of the present R.O.T.C. system. Both papers declare that they represent majority opinion on their respective camps, but it seems hardly logical that California around San Francisco should be pacifists, while those in Los Angeles maintain a staunch militaristic front. The Oklahoma Daily, in commenting, hints that administrative pressure is being brought to bear on the Bruin—no pun intended.—Princetonian.

(NSFA)—Approximately one-third of all students attending Columbia University are receiving scholarships to aid them in financing their education—Johns Hopkin News-Letter.

(NSFA)—Censorship of The Daily Cardinal and a purging of dangerous, "radical", elements from the university administration and faculty at the University of Wisconsin has been demanded by the alumni association of that school. The group seeks the removal of all persons of liberal leanings on the staff of the Cardinal and would like a paper handled by a "backwoods mentality".—Syracuse Daily Orange.

(NSFA)—And they tell us that there's a depression: more than forty Northwestern students employed by the CWA have as yet failed to call for their monthly pay checks.—Duke Chronicle.

### Things Before The Beginning

I have many times been asked why I advance the theory that the beginning was a natural growth due to evolution. On first thought the logical sequence would appear to be the reverse of my theory.

We must first consider the beginning. In fact, we must go beyond that stage, the stage before the beginning. Before things there was nothing. It has been stated that nothing is an entity in itself, regardless of whether we consider this assertion to be true or not a polemical point of view places or dates the origin of all things before they have reached even a state of putative prenilism. And that state (state here being used to express a condition which is existent, yet is negative) is where we must center our attention.

Let us first consider genetics as a means of transforming vacuity to tangible corporealism. That transformation is growth or evolution, and since it was a change from nothing to matter, for this disquisition we will consider it an improvement. At a certain advanced stage of life (for at some time during transformation from nullity to entity, life began) we must consider directed suscitation or eugenics. When one makes a study of eugenics, everything must naturally be applied to complete the picture of the subsequent products.

The first stage of the universe had no environment because no thing can be environmental unto itself; therefore that sole thing must first evolve without circumbient assistance. But there was matter, and that came about through development or evolution from nothingness. It was a unit which was free, it could continue to develop, it had no limitation, except time, which was more void than the basic rudiment. That freedom lasted just as long as there was only a single unit. Immediately there was an increase in the living units environment was established, symmetry followed. Then these units modified the life of every other unit, some modification being accidental, others possibly designed—but all for advancement to a desired ultimate.

Eugenics was a process of evolution before the beginning (also after) and since there is no duplicity before that time, eugenics began after hypostatism; it therefore follows that the beginning was a result of evolution.  
—W. G. H.

### Reverie At Night

Slowly, so slowly, the starlit canopy  
 o'erhead  
 Revolves and spins through endless  
 space.  
 Why do I sit in hushed, awed silence  
 Beneath the cover of night's cloak  
 And gaze at things I do not understand?

### Earth's Basin—Rain

Who among you know a Beauty which  
 surpasses that of rain?  
 Each time a raindrop falls I think  
 that it must be  
 God baptizing earth with renewed  
 strength and glory:  
 "Blessed is the soil that accepts this  
 rain and cherishes  
 These sweet kisses that I send, not  
 alone to thee,  
 But to all things that breathe and  
 live upon you.  
 Thou art my footstool, receive my sacred  
 blessing,  
 For I would beautify thee with part  
 of me.  
 O, earth, receive my blessing for I  
 am God!"

# VARSITY GRIDDEERS IN O-TIE AT CLARION

Team Shows Up Impressively in Game played Under Adverse Weather Conditions Last Saturday.

The Maroon & Gold "Pigskin Toters" journeyed to Clarion State Teachers College for their opening game last Saturday, and held that aggregation to a scoreless tie. The westerners, not having lost a varsity man through graduation, were extended to the limit in order to check the continual offensive thrusts of a snarling, and aggressive Huskie Eleven.

The smoothness with which the Bloomsburg Gridmen executed aerial and running plays (although on a heavy and mucky field) is evidence to believe a great team to be "in the making."

Long-distance punting made the game easier for the College Eleven and on several occasions prevented their opponents from getting into a scoring position.

A last minute drive by the Clarion Teachers was brought to an abrupt end on the seven-yard line when a determined, stubborn Bloomsburg line refused to give ground.

Varsity men, who have had two and three years of experience, together with the addition of new material, have improved the working of this '34 Eleven.

The line-ups and summary:

Bloomsburg (0)	Clarion (0)
Vershinski ----- r.e.	Bedsich -----
Dixon ----- r.t.	Rerman -----
Sircovics ----- r.g.	Hers -----
Mericle ----- c.	Yerico -----
Border ----- l.g.	Gallagher -----
Kitch ----- l.t.	Kermey -----
Litwhiler ----- l.e.	Brown -----
Rompolo ----- q.b.	Bartley -----
Camera ----- l.h.b.	Casteferr -----
Moleski ----- r.h.b.	Peterson (A.C.) -----
Harter (C) ----- f.b.	Bonnett -----

Substitutions: B.S.T.C.—Supchinsky for Mericle, Line for Vershinski, Pietruzak for Kitch, Finder for Camera. C.S.T.C.—Beverly for Rerman, Czsky-miski for Bonnett.

Score by periods:

		Total
Bloomsburg -----	0 0 0 0-0	
Clarion -----	0 0 0 0-0	

Referee—Moore, Young (Umpire). Head linesman—Bogden. Time of periods 15 minutes.

## GEORGE VAN SICKLE HEADS PEP COMMITTEE FOR YEAR

The "Pep" Committee, under the leadership of George VanSickle, promises to live up to its name by infusing the rest of us with the vim, vigor, and vitality so necessary in building up school spirit. Tomorrow the first real pep meeting will be held in the gymnasium at 10:30 o'clock.

"Babe" Seely, the new assistant coach, and Tam Kirker, former all-around athlete at B.S.T.C., will be on the speakers' list. At this meeting, we, for the first time this year, will get a glimpse of our mascot, "Roongo."

The band, making its initial appearance of the year, will accompany the members of the student body in singing the college songs. The cheering will be in charge of four veteran leaders, Al Watts, Harry Nelson, Bernard Galganowicz and Stan Marcinkavicz. This should be an ideal pep meeting, for tomorrow all freshmen should know the various cheers and songs.

Although nothing has been said as

## Will Devote Column To Football Problems

Questions Concerning Referee's Decision and Other Problems Will Be Answered in "What's the Big Idea?" Column.

That we may better understand the actions of football officials and consequently save our "boos" for parties of that nature, the Maroon and Gold Sports Section presents each issue a "What's The Big Idea?" column.

The column will be entirely devoted to the answering of questions concerning problems confronting the officials of any football game. In cases of questions directly from the students, the Maroon and Gold will gladly answer them first, and all students having in mind any such questions are asked to submit them on paper to any member of the sports staff or the Executive Board as soon as possible.

If, for example, in our home games, there is any question of injustice as to the decisions made by officials, this department will handle the subject courteously without the usual corridor arguments. If there is an answer, you will receive it; if, on the other hand, the decision cannot be accounted for, the Maroon and Gold will say so.

## FOOTBALL TEAM OUT TO WIN FIRST GAME ON MOUNT

Inspired by their showing against the Clarion Eleven and mindful of the 6-0 defeat received at the hands of Millersville last year, Captain Harter and his Huskies have completed a gruelling week of training in preparation for their game with the Black and Orange team tomorrow.

Coach Buchheit has been drilling his squad on defensive attacks, and also in building up a more speedy aerial and ground offensive.

The punters have been getting more distance on their punts and are ready to use "the toe" to keep the pigskin out of the danger zone.

A fighting spirit has developed among the members of the team—the result of competition. Each man realizes what is expected of him and he is determined to give his best.

## TWO BLOOMSBURG ATHLETES FAIL TO RETURN THIS YEAR

ELDER JOINS THE NAVY — WILSON TO SUSQUEHANNA

Howard Wilson and Phil Elder, both members of last year's football and basketball squads at Bloomsburg, decided during the summer not to return to the campus this year.

Wilson decided to further his education at Susquehanna University, where he is making a strong bid for a position on the varsity football team. Elder, on the other hand, will probably never see another football or basketball game, unless it is from the port-hole of one of Uncle Sam's destroyers. He has signed with the Navy for three years and will leave in about a week.

yet, Dr. Nelson, Dr. Haas, Dean Suttill and Jack Beck will probably predict as nearly as they can—the outcome of the football season. Let's all get out there and give the team a real send-off for the first home game.

# What's the Big Idea?

When a runner is carrying the ball, under what conditions should the ball be declared dead?

Answer—When he goes out of bounds, when he cries "down," when any part of his person except his hands or feet touches the ground and when he crosses the goal line for a touchdown.

Team A fumbles and another player of the same team falls on the ball, rolls quickly to his feet and runs for a touchdown. What is the decision?

Answer—The ball is dead at the spot of recovery.

A forward pass strikes an official and is then caught by a defensive player. What is the ruling?

Answer—If the official is "in bounds" the pass is complete and may be advanced by the defense. If he is out of bounds or enr zones the ball is dead and the pass incomplete.

A pass back from center goes out of bounds but is last touched on the field of play by Team B. What is the ruling?

Answer—Team B's ball where it crossed the side line. It is treated as any other backward pass.

Team A's punt is blocked and does not cross the line of scrimmage. Who may recover the ball and who may advance it?

Answer—Any player of either team may recover the ball, but only players

of team B may advance the ball if they recover it. If recovered by team A, the ball is dead at the point of recovery.

With 29 yards to gain on the 3rd down, team A makes a forward pass which is incomplete but there is illegal interference by the defense 5 yards in advance of where the ball was put in play. What down is it, and what distance to gain on the succeeding play?

Team A puts the ball in play on their own 1-yard line from punt formation, the ball being snapped to the tail back who accidentally steps backward on the end line. Team B was off-side on the play. What is the decision?

Answer—The ball is dead when the tail back stepped on the end line. Only one foul has been committed—Team B will be penalized five yards and play the down over. The tail back stepped over the line after the ball was snapped.

The quarterback reaches under center as though to take the ball on a direct pass but the ball is snapped to another backfield man. Is this a violation?

Answer—Yes. It is regarded as an illegal formation and calls for a five yard penalty. If a man reached under center for the ball it must be snapped to him.

## JUNIOR VARSITY GAME WITH KULPMONT IS CANCELLED

The Junior Varsity football team has been struggling hard every day in order to surpass the competition of the opponent teams. The game scheduled with Kulpmont for Saturday, September 29, was cancelled because of the weather.

It is undecided, however, who will be included in the regular line-up for the opening game. At present, the Junior Varsity consists of the following players: Shrope and Dixon ends; Kudgus, Kundra and Kase, tackles; Kline and Patrick, guards; Richie, center; Novak, quarter-back; Litwhiler, Blass and Mader, halfbacks; Riley, James, Troutman and Reagin, fullbacks.

## 42 CANDIDATES REPORT FOR FOOTBALL SEASON

Starting to work early, Coach Buchheit called the first football practice the first day of school and those who answered totaled 42.

The list of letter-men is:  
Border, g Litwhiler, W. e  
Camera, bf Mericle, c  
Dixon, J., t Moleski, bf  
Harter, bf (C) Rompolo, e  
Kitch, t Schrope, e  
Line, e Kelly, t

The list of squadmen from last year:  
Blass, bf Kundra, t  
Dixon, L., e Kupstas, e  
Dry, t Lichtel, bf  
Kline, g Novak, bf  
Kudgus, t Pietruzak, t  
Supchinsky, g

The list of new men is:  
Bell, e Richie, c  
Finder, bf Sircovics, g  
Goodman, g Troutman, bf  
Henry, g Vershinski, e  
Klinger, t Zalewski, b  
Laubach, bf Zille, bf  
Litwhiler, D., bf Jancea, bf  
Patrick, c Riley, bf  
Reagan, b Madden, bf  
Kase, e

## GIRLS' COURT SEASON OPENED ON OCTOBER 1

The sport season for girls opened on Monday, October 1, with Miss McCammon organizing teams for cageball. These games will be played every Monday and Friday starting at 4:10. Each team will play ten games, allowing each girl on the team to earn one hundred major points for "B" club providing she plays in each game.

Girls are urged to start the sports season immediately since the number of points needed to get into the "B" club is so much higher this year than in former years.

No one need be an experienced player to be on a team. The games will be played outdoors on the training school playground when weather permits; otherwise they will be played in the gym.

## FALL TENNIS TOURNAMENT TO LOOK OVER PROSPECTS

A keenly contested tennis tournament is now in progress. Sam Krauss, Captain of the tennis team reports that a number of fast matches have already been played. Due to heavy rains, the courts are in bad condition, and the semi-finals and finals will not be staged until later.

Only those who are not members of the tennis team are eligible for competition, for the purpose of this tournament is to promote tennis in the school and to view possible prospects for this year's team.

## PROMISE MORE EXTENSIVE WORK INTRAMURAL SPORTS

Intra mural sports, including basketball, handball, volley ball, tennis, and wrestling, which won favor from the men students last year, promises to become more popular this year. Coach Buchheit is at present arranging plans so that every student will have an opportunity to participate in

# RABER SEELY IS ELECTED ASSISTANT

Will Have Full Charge of Line; Has Had Experience at Gettysburg College.

Raber Seely of Berwick has been selected the assistant coach of football for this season, having assumed his duties two weeks ago.

Seely will have charge of the line during the current season. He himself is a lineman of much experience, having played tackle for the Berwick High School four years and both tackle and guard positions for Gettysburg College, where he was graduated a few years ago. He also spent one year at West Point Military Academy before going to Gettysburg.

Prospects for a good line and, in fact, a good team at Bloomsburg, according to the new assistant, are particularly good this year. He made such a statement to the Berwick Enterprise several days after his first work-out with the men. Seely has gained the most important thing desired by any Coach, the confidence and respect of the boys.

# CROSS COUNTRY TEAM TRAINS FOR FIRST GAME

Thirteen Candidates Report for Season; Sell Assists Captain Young in Getting Team Into Shape.

## MEET INDIANA, OCTOBER 27

In response to a call issued by Coach Buchheit, thirteen Cross Country candidates are training arduously for the coming season.

Despite the loss of Jim Karnes and Arden Roan, and a fine prospect, Nelson Parr, those connected with the team are very optimistic about its future.

To Francis Sell, captain-elect of the track team, has been given the task of shaping a varsity squad. Captain Young and Coach Buchheit have other important duties to be completed before their attention can be given to cross country.

Remaining from the Husky pack of last season are Young, Bertoldi and Marks. Experienced distance runners who did not run cross country last year are Sell and Lau. New candidates are Webb, Watts, Rowlands, Zeiss, Tamalis, Davison, Zalonis and Foust.

The schedule for the 1934 season is as follows:

Oct. 27	Indiana	Away
Nov. 3	Shippensburg	Home
Nov. 10	West Chester	*Home
Nov. 17	West Chester	Away

Other events outside of inter-collegiate competition are:

Nov. 29	Berwick Marathon
Dec. 29	Bloomsburg Marathon
May 30	Haleton Marathon

The latter two events are entered annually by the Maroon and Gold Harriers.

\*Tentative

the sport of his choice.

Credits for these sports will be placed on a meritorious basis similar to that which the girls have at the present time. There is sure to be plenty of competition as soon as the plans are complete and a general schedule found suitable.

## SOCIAL COMMITTEES OUTLINE PLANS FOR MANY AFFAIRS

The Social Committee of the college has already planned a large number of social affairs to be held throughout this term.

The committee is composed of: Gertrude Dermody, chairman; Frank Camera, Assistant chairman; Bernard Kafchinski, Thelma Earp, Loretta Smack, and Camile Pennica also serve on his committee.

The Social Committee offers us many social activities:

Thursday Night Ten-Cent dance will be held weekly.

The Hallowe'en Dance on October 31 will be a "ghostly" affair.

Homecoming Day brings us another evening of dancing.

The Community Government Association will make plans for a dance to be held later on.

The Spring Athletic Dance promises to be an enjoyable affair for the future.

A Leap Year Dance will be an addition to our Social Calendar.

Other affairs may be added throughout the year after the Social Committee makes final decisions.

## COMMERCIALS TEACHING AT WILLIAMSPORT

Eight commercial seniors are now doing their student teaching in various schools at Williamsport. Ruth Flanagan, Howard Fauth, John Deppen, and Erma Moyer are teaching in the Williamsport Senior High School, John Butler and Elvira James at the Curtain Junior High School, while Irene Fredericks and Helen Frey instruct the students of the Roosevelt Junior High School.

## PAJAMA PARADE AGAIN FEATURES COLLEGE FUN

Was Staged on Evening of September 20, Partly in North Hall, Partly in Gym, and Partly in Fountain.

The annual Frosh classic, the Pajama Parade, was held Thursday evening, September 20, partly in North Hall and the Gym, and partly in the fountain. Because of too much extra-collegiate interference last year, the use of the outer court had to be foregone for the less desirable Gym. Praying for rain was out.

Mr. William Young, an alumnus, was master of ceremonies, assisted by Slater and Beck. Promptly at 7:30 the Frosh lined up in North Hall lobby to be put through the most important part of the parade. The Frosh band condescended to play a few well-known selections like "How Green I Am." A number of Freshmen, who could not perceive the seriousness of the affair, gladly consented to give solos for the crowd's amusement; the more facetious ones were soundly paddled where it could sting the most.

At eight the parade began as the line of lustily singing Frosh hurried down the double line of upperclassmen, each being tapped at every step, Frankmore leading the procession, and the weight man bringing up the rear with two dumbbells extended at arm's length.

Once lined up in the Gym, about half the Frosh, after a lengthy introduction, amused the crowd with their various talents such as singing, dancing, proposing—even measuring, as two Frosh did with peanuts.

## COMMITTEE CHAIRMEN

Following is the list of committee chairmen appointed by Mr. Beck, president of the C. G. A., for the coming year:

Pep—G. VanSickle, chr., M. Stevens, vice chr.

Assembly—Luther Peck, chr., G. Betterly, vice chr.

Hospitality—B. Saltzer, chr., J. Manhart, vice chr.

Social—G. Dermody, chr., F. Camera, vice chr.

Athletic, Francis Sell, chr., chr.

Fire Drill—Ray Schrope, chr.

Awards—William Reed, chr.

Finance—Bruno Novak, chr.

Dining Room—C. Hochberg, chr.

Relation to Other Colleges—Rostand Kelly.

## Y. W. C. A. PREPARES FOR ACTIVE COLLEGE YEAR

The Y.W.C.A. held its second meeting last Wednesday evening in Room 22, Science Hall. This was the final night for enrollment. The guest speaker, Mrs. Fisher, presented a very interesting talk on "To Be Rather Than to Seem." She stressed sincerity throughout her speech.

The Y.W.C.A. has planned a very colorful program for this year. At the present time, they are completing the arrangements for the Japanese Bazaar, which is always a very popular event here at B.S.T.C.

## C. G. A. ENTERTAINMENT WELCOMES FRESHMEN

The Freshmen were officially welcomed to B.S.T.C. by the Community Government Association on Saturday evening, December 15. They were entertained in the auditorium with a very interesting program, arranged by the following committee: Mr. Bernard Young, Mr. Daniel Salitt, Mr. Daniel Jones, and Mr. Clarence Slater, chairman. The program, as presented was as follows:

Welcome, Mr. John A. Beck, President, Community Gov't Association. Color Song, Direction of Miss Moore.

Selections, Men's Glee Club, Direction Miss Moore.

Greetings, Doctor Haas, President Bloomsburg State Teachers' College. Dramatic Skit, Direction of Miss Johnston.

Selections, Girls' Chorus—Direction of Miss Patterson.

Introduction of Coach and Athletic Captains

Movies—College Events, Mr. Shortess.

Announcements for Reception, Miss Gertrude Dermody.

Alma Mater, Direction of Miss Moore.

This program was followed by the Trustee-Faculty Reception and dance in the gymnasium. The new students were introduced by upperclassmen to the members of the faculty and the Board of Trustees. The remainder of the evening was spent in dancing, with each new student making himself at home in college life at Bloomsburg.

Frankmore stolidly puffed at his pipe, while the noisy band gave several selections as required. In fact it was the best Frosh band since last year.

The festivities were completed by the individual dousing of each Frosh in the fountain to the tune "How Dry I Am," which was quite appropriate. Back in North Hall, good fellowship was cemented by coffee and pretzels.

## NEW MEMBERS ADMITTED TO THE DRAMATIC CLUB

Large Number Bloomsburg Players Look Forward to Very Active and Successful Year.

Thirty-seven new members have been admitted to the Dramatic Club, bringing the total membership to seventy-five.

This week a play was given at Hotel Berwick to entertain the Twentieth Century Club. As usual, a one-act play is to be given each Tuesday at the regular meeting. Each member of the club is given an opportunity during the year to be in at least one play. Because the aim of the society is to teach students to direct and participate in plays successfully, as well as to provide entertainment when needed for various college activities, there can be no definite plans for the year. The scheduled plays will, of course, be given at the specified time.

The student body is looking forward to several interesting plays this year and wish the club and its sponsor, Miss Johnston, the most successful of all season.

## HARRY BARTON ADDRESSES MEMBERS OF Y. M. C. A.

Mr. Barton, notary public and trustee of the college, addressed the members of the Y.M.C.A. at their first meeting, September, 19, 1934. He gave an interesting talk concerning the special problems to be solved in helping misfits to adjust themselves to life in human society.

The Y.M.C.A., the only extra-curricular activity on the campus stressing the good of Christian fellowship and sociability among the men students, is affiliated with the national branch of the organization. An interesting program including parties, speakers, open forums, and special musical units was planned for the year.

A campaign for membership is now under way. All those interested please see either Charles Michaels or Francis Sell.

Wednesday, Oct. 10, Sherwood Eddy, noted world traveler and famous lecturer will speak at a joint session of the Y.W. and Y.M.C.A. in the auditorium. All members of the college are invited to attend this most interesting session.

## GIRLS' CHORUS BEGINS REHEARSAL; 50 MEMBERS

Since the first week of school, the girls' chorus, sponsored by Miss Patterson, has been rehearsing diligently in order to get ready for a very busy year. Because of graduation the chorus was reduced by half, but now it boasts of fifty good members.

This organization will make its first public appearance October 20, 1934. As usual there will be the annual "Spring Concert," which is always looked forward to by the college members. Plans are already under way for this affair with the idea of making it even better than that of last year.

The officers for this year are: Pres., Charlotte Hochberg; V. Pres., Erlean MacAllister; Sec., Jean Phillips; Treas., Julia Schlegel.

## HOW OUR OPPONENTS FARED ON THE GRIDIRON

Springfield College 18, Stroudsburg 0  
Waynesburg Coll. 12, Slippery Rock 0  
California Teach. 3, Lock Haven 0  
Mansfield 8, Kutztown 0  
Indiana and Millersville open Oct. 6.

## Editor of the Handbook Receives Commendation

Dr. Haas recently received a communication from Dr. Henry Klonower, Chief of the Teacher Division of the State Department of Education. In his letter Dr. Klonower expresses his admiration for the Student's Handbook of Bloomsburg State Teachers' College. He states that it is the most interesting, attractively made up of any he has seen.

This is in the nature of a bouquet for Howard Bevilacqua, editor of the book. Mr. Bevilacqua worked all summer, doing most of the work alone. Certainly the student body will agree that he deserves this expression of appreciation.

## JR. CHAMBER OF COMMERCE IS HOST AT COM. PARTY

Jr. Chamber of Commerce Is Host to All Commercial Party.

Science Hall was the scene of a very pleasant social function on Thursday afternoon, September twenty-seventh, when the Jr. Chamber of Commerce welcomed the commercial freshmen to the College.

Miss Margart Shubert, vice-president, acted as hostess assisted by an active Junior, Miss Mary Kuhn.

A delightful program was enjoyed. The freshmen were given an opportunity to meet many of the commercial students of the College and en-

## SENIOR CLASS MAKES PLANS FOR BUSY YEAR

Subsidy Granted to Class from C.G.A. Makes Possible a Cut in Budget.

The senior class has already begun preparations for a busy year. At their first meeting, September 26, the members learned that the class budget will be reduced by two dollars. These glad tidings were made possible by a subsidy granted to the senior class from the Community Government Association.

As the present senior class is considerably smaller than that of last year, expenses were naturally expected to soar upward. As soon as the budget is approved by all of the members, the treasurer will be a very busy man.

Judging from the previous activities of this class, the advisor, Dr. Russell, predicted a successful year for the seniors.

The officers of the four year group are: Pres., Elmer McKechnie; V. Pres., Bruno Novak; Treasurer, Stanley Heimbach; Secretary, Jean Smith; Historian, Helen Merrill; and Sponsor, Dr. Russell.

joyed many appropriate games. Members of the club participated in a delightful dance with Miss Anna Jean Laubach, a member of the sophomore class, presiding at the piano. Earlier in the program Miss Laubach played several piano solos.

## CAMPUS KULM

Another year: Wonder if there are any nostalgic Frosh? . . . Don't be discouraged, Frosh, remember . . . It takes a live fish to swing upstream; any dead one can float down . . . Customs start . . . Bertoldi haunting the library already, reading "Boys' Life . . . What's become of Elder? . . . Hirleman? . . . Verhovshek? . . . Miss Dilks back with us . . . Chief offense of Frosh Girls seems to be talking to men . . . No wonder . . . A hundred and thirteen girls — sixty two boys . . .

Pajama Parade: R. Beck receives first proposal of the season . . . Frosh Frankmore looks well in nightgown and pipe . . . Bill Young master of ceremonies . . . Slater gives orders . . . Lots of new "B" sweaters around . . . Kafchinski had a little tough luck . . . Glad to have him back, tho . . .

At Random: Hope everyone heard the chapel sermon—"A prophet is without renown, etc." . . . Haven't seen Roongo as yet . . . When? . . . Miss Patterson hunting forty girls . . . Who remembers Miss Giles? . . . Bunny Rudder's Dad is a doctor . . . The Dixons set a record — Joe, Leon, and now Helen. Who's next . . . How soon do we get a vacation? . . . Thanksgiving not till Nov. 28 . . . J. Beck is a busy man . . . See the West Point men here, girls? . . . Savage insists he is a first tenor — Miss Moore, after tryout, says no. Second bass! . . .

Ernie Valente here every week-end. Why? . . . B. Young works hard getting started . . . Dr. Russell takes class to Catawissa fire tower . . . Manhart discovers a spring . . . Sell doing his training on dance floor this year . . . Wolfson and Dr. Haas know mathematics . . . T. Barba visiting us—teaching already . . . What's this we hear about Dr. Nelson receiving scented letters, not from the Mrs? . . . Has anyone seen S. Green in a classroom this year? . . . Let's have a little more volume on the cheers at the next pep meeting . . . What are you going to do with your Fifty Cents? . . .

Pep committee found asleep in Day Room . . . Bet the furniture was glad to see the boys come back (?) . . . McKechnie starts making announcements . . . G. Buchheit is very conscientious . . . Selinsgrove's loss is Makowski's gain . . . Dance Band sounds pretty good . . . Keep it up, Dan . . . Fair time too . . . Most of North Hall saw the fan dancer . . . Rain — but still it's "Fair" weather . . . Abbott walks thru cattle barns—comes out with blue ribbon (so they say) . . . Merrill beats Cohen . 6-1, 6-1 . . . Phi Sigs dine out—in the woods . . . FERA workers have it easy this year—no pick or shovel . . . Bevilacqua and a cop argue; B. buys new windshield . . . Rompy and Woody are at it again . . . We hope that educated toes of Harter's hasn't forgotten all it knew . . . Team goes to Clarion . . . Couldn't chisel in—bus too full, says E.H. . . . FERA workers have it easy this year—no pick or shovel . . . Bevilacqua and a cop argue; B. buys new windshield . . . Rompy and Woody are at it again . . . We hope that educated toes of Harter's hasn't forgotten all it knew . . . Team goes to Clarion . . . Couldn't chisel in—bus too full, says E.H. . . . FERA workers have it easy this year—no pick or shovel . . . Bevilacqua and a cop argue; B. buys new windshield . . . Rompy and Woody are at it again . . . We hope that educated toes of Harter's hasn't forgotten all it knew . . . Team goes to Clarion . . . Couldn't chisel in—bus too full, says E.H. . . . FERA workers have it easy this year—no pick or shovel . . . Bevilacqua and a cop argue; B. buys new windshield . . . Rompy and Woody are at it again . . . We hope that educated toes of Harter's hasn't forgotten all it knew . . . Team goes to Clarion . . . Couldn't chisel in—bus too full, says E.H. . . . FERA workers have it easy this year—no pick or shovel . . . Bevilacqua and a cop argue; B. buys new windshield . . . Rompy and Woody are at it again . . . We hope that educated toes of Harter's hasn't forgotten all it knew . . . Team goes to Clarion . . . Couldn't chisel in—bus too full, says E.H. . . .
