

successful May Day which is to be given May 15, at 3:15 on the athletic field. Both the college gym classes and the training school children will participate. Many of the Old English Morris dances are being revived by the College gym classes. The program is under the general supervision of Miss McCammon.

Attendants

Miss Jeanne Knight of sixth grade will be the lovely Queen of the day, and the handsome Prince will be Jack Willis. The following are the Queen's attendants: Mary Louise Fenstemaker, Mary Doris Moyer, Joanne Hartman Magee, Beverly June Hartman. The Prince's attendants are Rodman Warren Shutt, and Jack Norman Kimmell. The Pages are Dick Ammerman and Harold Moyer, both in first grade. The pretty little flower girls are also from the first grade and are Betty Lou Baker, Catherine Bundy, Aleki Comuntzis, Suzanne Dreibelbis, Grace Hummel, Jane Keller, Susan Kline, Shirley Leidy, Anna Papania, Nancy Pursel, Vivian Remley and Anita Webb.

Old English Dances

Old traditional English dances, costumes and songs are to be followed on this "merrie day." There will be a hobby horse and some cake bearers. All spectators who by chance are given a piece of currant cake to be handed out by the cake bearers will be lucky throughout the year.

The songs which Miss Moore will direct are My Lady Greensleeves, Cornish May song, and Oh Dear! What Can the Matter Be." The singing of these songs will be the first event of the program in which the entire chorus of the training school will take part.

the high lights of the senior activities. This year a musical comedy depicting scenes from college life will be presented, with numerous lines of the original script changed so as to adapt the operetta to the local campus.

The entire success of the play hinges upon the characters who take part in the chorus singing and dancing. For this reason, it is very difficult for the director to determine just who will take part in this capacty. As an innovation this year there will be a male dancing chorus as well as other features in chorus work.

Persons taking parts other than those in the chorus are: Anne Quigley, Charlotte Hochberg, Jean Smith, Betty Row, Flora Robinholt, Euphemia Gilmore, Jack Beck, Walt Hiney, George VanSickle, Bill Reed, Ed Creasy, and Al Makowski.

Dancing From 8:00 To 11:45

The Junior Class is going to better the success of last year's Sophomore Cotillion with the Junior Prom to be held May 10th, 1935 in the B. S. T. C. gymnasium. The ballroom is to be decorated in colors of black, white and silver in an unusual modernistic design. The Juniors do things right when they begin. Dancing will last from 8:00 P.M. to 11:45. As usual dress will be formal for girls, informal for boys. Sam Rabena and his orchestra will furnish the music. No one knows much about him but the fact that he hails from committees have not been appointed but the chairmen are as follows:

sent to high schools in the vicinity of Bloomsburg and each school has been asked to send eight girls. The visitors will be guests of the college for the entire day in order to witness the May Day program in the afternoon. In the morning the girls will register and then attend the assembly program. At 1:30 the games and contests will start. The members of the 'B" Club have complete charge of this sports program.

The girls from each high school will be in different color teams and these teams will be under the leadership of one "B" Club girl.

Some of the games and challenges are: baseball, cage ball, tenniquoit, human croquet, target throw, tennis, croquet, rooster fight.

A prize will be awarded to the team scoring the highest number of points. General arrangements are in charge of Julia Schlegel, chairman, Kathryn Abbett, Rachel Beck, and Helen Merill with the following committees to aid them:

school will be represented by one of the most active and popular girls of the senior class, Miss Charlotte Hochberg of Hazleton.

Throughout her four years of college life, Miss Hochberg has taken an interesting part in various organizations. During this term, she very capably acted as president of Waller Hall, president of the Girls' Chorus, secretary of the Alpha Psi Omega fraternity, and historian of the Kappa Delta Pi, honorary scholastic fraternity.

For two years Miss Hochberg serv ed as treasurer of her class and also as vice president of the Y.W.C.A. She is also interested in journalism.

The Laurel Blossom Princesses of the last few years were: Louise Yeager in 1933-34, Laura Kelly in 1932-33, and Sarah Lentz in 1931-32.

Wm. Morgan Elected President

At a meeting on Wednesday, May 1, the members of the student body elected the four officers of the Community Government Association. That they chose wisely is evidenced by the fact that all successful candidates are honor students, and all have taken active parts in campus life.

William Morgan of Wanamie, who is at present the president of the Alpha Psi Omega, national dramatic fraternity, will be the president for the next year. In selecting Frank Camera of Hazleton as their vice president, the students chose one of the most active of the sophomores. Frank is now president of his class.

Sally Shuman of town, at present a member of the student council, received the secretaryship. Always interested in school affairs, Miss Shuman proved her fitness for the office by revealing the fact that she can write well. The students have entrusted their financial affairs to cain Hazleton. CONGRATULATIONS

For the second consecutive year the candidates for the various offices of the Community Government Association delivered speeches before the student assembly. With the choices based primarily upon the information included in the individual speeches, four capable leaders were elected by the popular vote of the college community.

The Maroon and Gold takes this opportunity to congratulate the successful candidates. Although you will have a difficult task in bettering the impressive record made by the present council, the staff members of this paper feel that still more progressive steps will be made next year.

We hope that you will favor the continuance of reltationship with the National Student Federation of America besides considering the points of common interest expressed by a number of the candidates in the recent election.

The students of this institution have placed their trust in you. It is up to you as leaders, and to the other members of next year's council, to represent your respective groups to the best of your abilities. Should you think the Maroon and Gold a favorable means in aiding to promote and complete your plans do not hesitate to use it to your and the school's advantage.

LAST MINUTE STUFF

Year in and year out we are warned by our teachers and by our parents, but we fail to heed timely and kindly advice and consequently find ourselves doing this "last minute stuff". Because of the annual initial warning given in chapel recently plus the fact that the month of May is well on its way, a few students have begun their semesterly campaign of getting caught up in back studies.

It won't be long until the library will be crowded with busy people who will be hurriedly trying to accomplish in a few days what should have been covered in six weeks. Even now one can see a library table or so piled high with books, from behind which someone is feverishly copying data from a multitude of references.

Even though he seemed disgusted with the findings of his search, he did hint that the job of removing the no longer usuable lumps might provide work for many students. As the young man disappeared down the hall he was heard to say that he hoped someone would remove the objectionable deposits, and that the students would refrain from repeating the same offense again.

FIRE DRILLS

That an efficient student committee has taken steps to eliminate a panic in case of fire one of the things most feared in public buildings, adds an other link to the progressive chain of events that have occurred during the present school year. The new set of fire drills, that have been worked out after much planning, is certainly a form of very cheap and safe insurance.

The value of this insurance depends upon the wholehearted cooperation of each and every person on the campus, not only in case of fire, but also during the possible fire drills. The work of the fire drill committee will be as nothing should a few persons fail to respond in the right manner when the time arrives.

When these fire rules are placed in next years handbook, all of us should learn them and see to it that the incoming students also be required to learn them. Perhaps the learning of these rules might be introduced as part of the customs for the green freshmen. By requiring the incoming "frosh" to learn these rules we should be killing two birds with one stone, for such an enforcement would benefit all, besides aiding the newcomers to learn the material in their handbooks.

"CRAMMING", THE NECESSARY EVIL (From North Carolina State TECHNICIAN)

Much has been written and said about the art of "cramming" or "boning" for examinations, but so far there have been but few explanations as to how this necessary evil might be abolished.

Apparently it will never be abolished, but one method might be inaugurated which would lessen it immeasurably. About one week before the beginning of the examination week, each teacher should set aside this time as a review period and attempt to straighten out anything which might have caused the students difficulty during the term. While some professors now use this process or assign definite periods for review purposes, it is not done generally, and if it is done, it is performed in a superficial and unsatisfactory way. In order to make the plan a success, the cooperation of each and every instructor would be of vital necessity. If the method were made compulsory on the part of every professor, the week preceeding examination week could be known as review week.

Huskies Humble Lock Haven Bloomsburg Huskies proved selves superior to Lock Haven Track and Field men by easily defeating

them by the impressive score of 80 1-3 points to 35 2-3 against them. Their superiority was shown in all events but the hurdles, the only two in which Bloomsburg failed to place first.

Blass, the all-around Aristes sophomore track star, again was the center of attraction, having piled up 24 points toward the final score. He took first in the 100 and 220, the shotput and high jump, and placed second in the broad jump and third in the discus.

Vershinski was second high scorer, having placed first in the javelin, discus and broad jump. In winning the discus by projecting it 127 feet, 5 inches, he established a new school record. He dethroned Shelhamer, last year's captain, who had hurled it 122 feet, 4 inches.

Bertoldi, long distance star, established the other record by covering the two mile run in 10:46, the record previously held being that of Karnes who in 1931 performed this feat in 10:51. Bertoldi cut off 5.6 seconds from his record for the dual meet at Lock Haven last year. He also placed first in the mile run.

Captain Sell placed first in the 440 and 880, and Cohen placed first in the pole vault. Other point getters were Lau, second in the mile; Davison, second in the 440 and two mile and third in the 880 yard run; Champi, third in the mile; Harmon third in the 220; Line, tie for third in the pole vault, third in the 220 yard low hurdles and second in the 100 yard high hurdles; Kafchiski, second in the shotput; L. Dixon, second in the javelin; and Laubach, third in the broad jump.

The Huskies took all three places in the mile, discus and broad jump. The summary of the events is as follows:

For most of you who have kept up to date in your daily assignments there is the reward of more or less freedom from brain work during the hotter days that are sure to come. In addition, you do not have to literally fight for one reference book, out of which one topic has been assigned for a number of students.

Students who continually rely upon getting work done by the "last minute method", not only have to work very diligently themselves, but they handicap others by demanding at one time numerous reference books. Should you not read this until too late, perhaps you can profit by it next year.

IT MIGHT GIVE SOMEONE WORK . . . BUT

Some of the people in this institution are like housekeepers who sweep the dirt and dust behind a door or beneath a carpet, thinking that no one will ever see it again. Quite by accident a member of our school happened to run his hand along the under side of a desk in Science Hall. Feeling something rough, and expecting to discover a fault in the wood, he decided to investigate. When he turned the desk over, he found, to his surprise, that the bumps were caused by numerous balls of discarded chewing gum wads . a few comparatively fresh, but most of them grey with age.

His curiosity once aroused, this young man visited a few classrooms in each building, including the library and uncovered a great many more chewing gum wads of varying sizes, shapes, flavors, and ages. Soon after this bit of detective work the young man was overheard saying that he enjoyed chewing gum, especially peppermint flavor, but he wouldn't think of ski, Deviln's wild pitch scored D. CATIONAL HEAD C.C.C. CAMP News, both bad and good, has recently been received from a former student and alumnus, Dominick Delliquanti, who is now the Education-

Run, Pennsylvania. A letter to Professor Wilson revealed first, the bad news that Mr. Delliquanti was forced to undergo another operation for the removal of his shoulder, and second, that he is now acting as advisor for the camp, where it is part of his duty to outline a course of study, operate all movies, conduct and direct plays, and handle sports programs.

The subjects included in the course of study are: Algebra, Science, English, Mathematics, First Aid and Forestry. Students of Bloomsburg will be interested to know, however, that his condition has been steadily improving since the operation and he is well on his way to recovery.

Members of College Hear Dr. Eddy, Noted Lecturer

On Wednesday, May 1, six members of our college journeyed to Penn State where they heard two interesting talks by Dr. Sherwood Eddy, noted traveler and lecturer. Dr. Eddy has just returned to America after an exciting four months in China.

At the afternoon session, which opened at 4:00 o'clock, Dr. Eddy spoke on "What is Happening in Europe." During the evening he talked on the subject, "Hot Spots in the Orient." With a wealth of colorful illustrations and first hand experience in some thirty countries of Asia and Europe, Dr. Eddy claimed the attention of his large audience.

The meeting was sponsored by the Penn State Christian Association. The following attended from our school: Dean Kehr, Dr. Maupin, Bruno Novak, Howard Fauth, Vernal Jones, and Kathrine Van Auker.

Good Morning!! . . . Gosh, another issue already . . We just got through writing (?) the last one . . . Oh well, only one more this term . .

Just think — who will toot the horn when you're far away, McKechnie, . . . Mac has puffed away at the big bass for nigh onto four years, now we'll have to find a new tooter . . Perhaps Falcone could handle it . . .

The annual windstorm is over - speeches in chapel last Wednesday have all been forgotten . . . it makes no difference what a candidate says, no one pays any attention . . . Morgan, Camera, Shuman and Waite came out on top . . . Congratulations and best wishes for success, they all deserve your cooperation . . .

Seems as tho the girls have all the fun around here . . . They can have a He-She party and dance with each other but who ever heard of a flock of boys dancing with each other . . . Maybe the boys could get the money from C. G. A. and buy ice cream sodas . . .

Frosh Hop is history . . . Where'd you pick up the orchestra? Did the rest of you know that "Freshmen Hop"? . . . They do-it said so on the programs.
