

## STUDENT VOTERS PICK LONDON-BORAH TICKET

### Civic Education Classes Stage Republican Nominating Convention

More than eighty voters, students of Civic Education classes on the campus, met in the form of Republican Nominating Convention in the auditorium on Wednesday morning and nominated on the first ballot, as their choice for presidential candidate, Alfred Landon, of Kansas. William Borah won out over Arthur Vandenberg for vice-president.

The meeting was planned as a Republican convention because of the present uncertainty of choices by that party, the Democratic party having virtually chosen their candidates.

John Supchinsky delivered the keynote speech and acted as temporary chairman until the election of Luther Troutman as permanent chairman. Chairman of the committee on credentials was Edith Phillips; chairman on the committee on resolutions, John Sandel.

The following were presented for consideration as nominees: William Borah, Alfred Landon, Herbert Hoover, Frank Knox, and Arthur Vandenberg.

## FURTHER PLANS FOR EDUC. CONFERENCE

### Dr. North Receives List Of Fraternity Representatives This Week

Dr. Thomas P. North, who has charge of a campus project expected to result in the formation of an educational conference next fall, announced early this week that all representatives have been named by the five fraternities invited to participate, and the group will meet immediately after the opening of the term next September.

Each fraternity was asked to name two representatives in addition to the president and faculty advisor. The complete group may organize into an "interfraternity council" or "panhellenic council" for the sake of establishing better unity in carrying out their plans for the educational conference.

The following is a complete list of fraternities and their representatives: Phi Sigma Pi—Walton Hill, Frank Camera, Francis Purcell, and Prof. E.

## SENIORS VISIT STATE HOSPITAL AT DANVILLE

Seniors and their friends will go to Danville this afternoon to visit the Danville State Hospital and to witness the baseball game scheduled between the Husky nine and a fast-stepping team made up of employees at the Danville institution.

Announcement of the invitation to the Bloomsburg seniors and their friends was made by Dr. E. H. Nelson at the chapel exercises last Friday. The College ball team has met with Danville for exhibition games several times during the past few years.

## COMMENCEMENT SPEAKER

DR. L. H. DENNIS

Who will deliver the commencement address to the graduating class at their commencement exercises next Tuesday morning. Dr. Dennis is an alumnus of Bloomsburg and the present executive secretary of the American Vocational Association, with offices in Washington, D.C.

## EIGHT RECEIVE KEYS FOR COLLEGE SERVICE

### Four Men, Four Women Honored At Annual Senior Banquet Last Night

Eight seniors, representing approximately ten percent of the graduating class this year, received service key awards for outstanding service to the College during their four years at Bloomsburg. The awards were made at the senior banquet held in the dining room last evening.

Awards were evenly distributed to men and women members of the class, four going to those men students having the greatest number of points based on a system worked out by the Student Council. Those getting the awards were Mary Kuhn, Kathryn John, Rachel Beck, Sara Shuman, Bernard Young, Howard Bevilacqua, Samuel Cohen, and Ernest Lau.

## FIVE RECEIVE INSIGNIA FOR SERVICE WITH DRAM. CLUB

Five students received dramatic insignia for active service with the Bloomsburg Players, it was announced last week. Those getting the awards this year include Bernard Young, Dan Jones, Robert Abbott, Harry Nelson and Jane Manhart.

Harold Border, of Berwick, was elected president of the fraternity at the meeting of Tuesday, May 13. Harry Nelson, of Hazleton, was named treasurer and Anna Jean Laubach, of Berwick, was chosen secretary.

## Musical Organizations Elect Garvey President

The Maroon and Gold Band and the Symphony Orchestra have named officers for the 1936-37 school year. Edward Garvey was elected president of both organizations. Other Band officers are: Robert Williams, vice-

## 2000 EXPECTED FOR ANNUAL ALUMNI DAY

### Program For 67th Celebration Lists Meetings, Ball Game And Tennis

Over 2000 students and alumni are expected on the campus tomorrow for the sixty-seventh alumni day celebration, which promises some outstanding features new to the annual gathering at Bloomsburg.

The committee in charge of the program for this year's version of the celebration which dates back to 1869 have prepared a list of events satisfying to all types of tastes. The day's program opens at 9:00 A.M. with class reunions.

At 11:00 A.M. there will be a general alumni session in the College auditorium, followed by the annual banquet in the dining room at 12:30 P.M.

The afternoon schedule lists a baseball game with Susquehanna meeting the Huskies, a tennis match between the Koch players and an alumni team, a band concert on the athletic field, and a reception in the gymnasium following the ball game.

## SENIORS DROP PLANS FOR ANNUAL OPERETTA

### Class Night Reduced To Dancing Entertainment By Senior Girls

An age-old tradition of including Class Night on the list of graduation activities at Bloomsburg fell by the wayside this year when those in charge announced that the operetta under preparation for the evening will not be given.

Many reasons were given for the action in dropping the annual program, including lack of time by seniors, who are kept busy in other activities connected with graduation. Another reason given termed the annual operetta "a waste of time on something below the dignity of college."

Since the annual Class Night operetta has been stricken from the schedule members of the senior Class Night committee in charge of the production have expressed their opinion that the operetta, "Maroon and Goldlet," written by seniors and for seniors, will probably go down in better favor at Bloomsburg if preserved in manuscript form rather than in the memories of its audience. Robert Savage,

## REV. HELLER TO DELIVER '36 BACCALAUREATE SERMON

Rev. Bernhardt R. Heller, pastor of the Reformed Church of Bloomsburg, will deliver the baccalaureate address for the 1936 class in the College auditorium on Sunday, May 24. The services will begin promptly at 2:30 P.M.

Rev. Heller is well known to the students of the College, having talked before the assembly on several occasions. His most recent appearance was on Armistice Day. The popular Bloomsburg minister came here from Bethlehem, Pennsylvania, about three years ago.

## GREETINGS TO ALUMNI

I WELCOME THIS ADDITIONAL OPPORTUNITY TO EXTEND ON BEHALF OF THE COLLEGE A CORDIAL WELCOME TO OUR ALUMNI WHO FIND IT POSSIBLE TO ENJOY WITH US THE EVENTS ARRANGED FOR ALUMNI DAY. OUR BOARD OF TRUSTEES, OUR FACULTY, AND OUR STUDENT BODY HAVE CO-OPERATED TO ARRANGE A SPLENDID PROGRAM; AND I EXPRESS THE HOPE THAT SATURDAY, MAY 23, WILL RECORD THE LARGEST ALUMNI ATTENDANCE IN THE HISTORY OF THE INSTITUTION.

## THANKS OBITER STAFF AND SENIORS IN LETTER

### Dr. Russell Expresses Appreciation To Editor Michael For Dedication

Charles Michael, editor of the Obiter, received the following communication of thanks to him, the staff, and members of the senior class from Dr. H. Harrison Russell, to whom this year's book was dedicated. Mr. Michael asked to have it printed in the Maroon and Gold in order that all seniors may see it.

"The dedication of the 1936 Obiter was a pleasant surprise. Especially am I pleased with the tribute expressed in the dedicatory statements. Expressions such as those are outstanding rewards for a teacher and give zest to "carry on." My hope is that I shall so live and work that the dedication will be justified.

"Please extend my appreciation to your staff and to the class of 1936."

## IS POET LAUREATE BUT WRITES NO POETRY

### Rob't Savage Reached Peak Of Literary Career In Soph. Year

Robert P. Savage, pictured in the insert below, entered Bloomsburg State Teachers College four years ago, recited a poem, was crowned poet laureate, and then rested.

Robert Savage  
"The other one."

#### Sandwich Symphony

Crunch, Crunch, Crunch.  
The teeth of the Day Men at Lunch.  
Look at the Crumbs;  
They all eat like Bums—  
God; What a slovenly Bunch.

The poem met with wide ovation and was scored as a hit by every student and member of the faculty. Mr. Savage was crowned official poet laureate at chapel exercises headed by the president of the C.G.A. He still has the crown. He still may be seen; he still may be heard. But his poetry—well, it died with the leaves on the headpiece. He wrote only one poem since his coronation. That was one called "Skunks," which was meant to start a campaign against the black and white pests which dominated the section of the campus near the gymnasium at one time. Immediately after publication of the poem the skunks disappeared without any campaign.

### STUDENT-WRITTEN PLAY PRODUCED BY DRAMATIC CLUB

A three-act play, written by Jay Pursel, of Bloomsburg, was produced at the regular meeting of the Bloomsburg Players on May 12. The play depicts the life of Edgar Allan Poe, featuring the tragedy of the death of Poe's wife. The writer of the play showed how her death came as the result of the famous short story writer's negligence.

## MUSIC, DRAMA, OTHER ENTERTAINMENT FEATURE ARTIST COURSE FOR '36-'37

### Boston Light Opera Company Is Highlight Of Prog. Just Announced

Prof. E. A. Reams, who has been scheduling the numbers on the artist and entertainment course for the past eight years, announced this week that the schedule for next season is almost complete and represents what is probably the best-balanced program in many years.

The musical program opens on September 25, when the famous Boston Sinfonette, an organization of seventeen members of the Boston Symphony Orchestra, returns to Bloomsburg after an absence of several years to play an evening engagement. The members of this organization always tour for about three weeks before the opening of the active symphony season in Boston, when they take their places with the Boston orchestra.

#### Shakespearean Play

On October 30, Colette Humphreys and Milton Parsons, heading a company of twenty-six recognized actors, will present Shakespeare's fantasy, "A Midsummer Night's Dream," in an evening performance. In the afternoon the company will produce the well-known play, "Dear Brutus."

The third musical number on the year's program brings to Bloomsburg one of the country's best light opera companies, the Boston Light Opera Company, which features the splendid voices of Mr. Carmody and Miss Gertrude Ehrhart. The company has been in existence more than six years and was organized in Boston for the purpose of producing light opera. In their Bloomsburg performance they will present the delightful "Portrait de Manon," a sequel to the grand opera, "Manon," written by the same composer, Massenet. The second part of the program will consist of concert selections to be sung by various members of the company.

Other features of the artist course, not musical, include a puppet show and several speakers. The puppet show will be given twice, an afternoon performance of "Jason and the Golden Fleece," and an evening performance of "The Taming of the Shrew." These will be presented as a special Christmas performance, December 19.

#### Three Lectures

Unlike the program of former years next year's bookings include three speakers for evening performances. Upton Close, authority on the Far East and author of many books, will be the first speaker. Mr. Close's latest book, "Japan Challenges the World," will be published in October, 1936, by Farrar and Rhinehart. Dr. W. T. Ellis, who spoke here recently, referred to Mr. Close as one of the best speakers he has ever heard and thinks Bloomsburg students will be thrilled by him.

Sascha Siemal, the second speaker, is familiar to many students as the leading character in two well-known books by Julian Duguid, "Tiger Man" and "Green Hell." The speaker is known as "the tiger man," because he hunts tigers for a living. He will present before a Bloomsburg audience one of the most thrilling moving pictures of its kind ever seen in this section of the State, "Getting the Killer."

#### Smedley D. Butler

For those who like to hear discussions and especially points of view about certain issues by men with good backgrounds in their fields, Mr. Reams has provided a place on the artist course for a discussion by Private Harold R. Peat and the illus-

### 1936 IVY ORATOR

BERNARD J. YOUNG

## 'CULTURE' IS THEME OF 1936 IVY DAY ORATION

Bernard Young, Ivy Orator for the class of 1936, has chosen "culture" as the theme for his oration, which he will deliver early next Monday evening in the grove.

The speaker will attempt to show how education bridges the gap between ordinary living and a cultural living. Modern college students are, according to Mr. Young, helping to establish a new culture on a higher plane than the one established by the educated people before them.

The ivy which will be planted during the exercises on Monday, will probably live through many cultural stages, always the symbol of a culture built by the present graduating class.

### WILL WRITE POETRY COLUMN

Jay Pursel, Obiter editor for next year's class, and member of the Poetry Club, and Harold Hyde, senior are making plans to conduct a regular poetry column in the local newspaper, the Morning Press. Both students have been active in the college poetry group, and have written some excellent poems.

trious Major General Smedley D. Butler. These two men probably know more about war and how to keep out of it than any other men in the world. The latter has "made" the headlines of American and foreign newspapers more than any other individual and can be counted upon to do his share in this symposium against war, which will be brought to the Bloomsburg platform next year. Two other lecturers will appear here, but no definite selections have been made yet. However, they will be two of the following: Sir Albion Banerji, who speaks on the subject, "India Today;" George Noville, who is one of the best-known modern lecturers; and Joseph Israel, at the present time a war correspondent for the New York Times in Ethiopia.

Dr. George Earl Raiguel will speak on the chapel program twice again this year, and other speakers will be scheduled later.

While nothing definite for the remainder of the year's program has been arranged yet, Mr. Reams said that he is trying to contact one of United States service bands, probably the Navy Band, with the view of getting it here for a program as a special feature. An invitation will probably be extended to the Berwick High School Band to return for a concert.

## Commuting Insomniast Counts Signs Along State Highway

Because he could not sleep while riding between his home in Berwick and the College in Bloomsburg Ray McBride, president of the freshman class, adopted the insomniast's method of counting with the hope that he would be bored to the point of slumbering. But instead of counting sheep McBride counted the advertising signs spotted along the highway between towns.

The freshman executive listed more than 300 signs, not including those found along the roads in Bloomsburg or Berwick. His figures do not take into account such signs as those put up by the Highway Department or labeling W.P.A. projects, he said. More than two-thirds of this number are different products, ranging from "beauty parlors for women" to "rear-end service for automobiles." Burma Shave groups were counted as only one sign each.

## ANNA JEAN LAUBACH HEADS A. B. C. CLUB OFFICERS

A. B. C. Club, sponsored by Miss Ruth Eisman, has elected Anna Jean Laubach president for the next semester. Miss Laubach was also president of the organization during the first semester this year. Other officers are: Julia Schlegel, vice-president; Eva Reichley, secretary; Jane Oswald, treasurer; and Jane Lockard, program chairman.

## Dr. Kehr Will Address Danville College Women

Dr. Marguerite Kehr, Dean of Women, will speak before a meeting of the Danville College Girls at a tea held for the graduating girls of the Danville High School tomorrow afternoon. She will discuss the topic, "Going to College," and will answer all the questions usually asked by a young girl who is preparing to go away to school.

## LOCAL TEST IN COMMERCE USED THROUGHOUT COUNTRY

### Many Schools And Colleges Ask Use Of Dept. Commerce Examinations

Contest examinations made by members of the faculty of the Department of Commerce have been used throughout the United States during the past year, according to figures released from the office of Prof. Harvey A. Andruss.

During the past year in addition to sending out sample tests to teachers from Maine and California the following contests have been using examinations made in Bloomsburg:

1. The Arkansas State Contest, sponsored by Little Rock Junior College, Little Rock, Arkansas.
2. Regional Contest at Western Military Academy, Alton, Illinois.
3. New York State Contest held at Syracuse University, Syracuse, New York, for winners of seventeen district contests.
4. Schoharie County Contests, held at Cobleskill High School, Cobleskill, New York.
5. State of Idaho is negotiating for the use of tests formulated by Bloomsburg for 1937 contests.

Nine Eastern college hammer throwers have topped 170 feet. World's record is 189.

## CAMERA REVEALS C.G.A. PLANS FOR NEXT YEAR

### Hopes For Better Cooperation Between Council And Students

In a letter written to the Maroon and Gold this week Frank Camera, newly elected president of the C.G.A., expressed his desire for a closer relationship between the Student Council and the student body and announced several proposals which he hopes to further during his term next year.

The Hazleton leader plans to introduce a new system whereby students having any proposals to make or anything else to bring before the Council may do so in written correspondence, which will be considered at the regular Council meetings. He hopes, by this plan, to effect better utilization of class representatives to the Student Council.

Another suggestion included in the plans of next year's president concerns the use of the Maroon and Gold as a means of keeping students informed as to the proceedings at the Council meetings. Mr. Camera hopes to have printed in each issue of the Maroon and Gold, a column written by the secretary of the C.G.A.

## RECALLS TIME CUBAN STUDENTS WERE HERE

### Dean Sutliff Tells Reporter Of Cubans And Porto Ricans Here

That Bloomsburg was one of the American schools which groups of Spanish-speaking students attended was an interesting statement recently made by William B. Sutliff, Dean of Instruction.

Immediately after the Spanish-American war, people of Cuba and Porto Rico became interested in training their children in United States schools, as this country had played an important part in liberalizing Cuba and Porto Rico from Spain. Hundreds of young men and women were sent to the United States at that time. The Normal Schools were not owned by the State, and at Bloomsburg there was not only a teacher-training department but also a college preparatory course, and it was to this department that the Cuban Consul in New York arranged for their admittance. A few were accepted, and the biggest problem that arose was that of training them in the use of the English language.

#### Students Of Wealthy Class

Most of the Latins were of high school age, and the majority came from wealthy homes. An average of \$100 a month spending money was "small change" to them.

Mrs. L. S. Schoonover, a teacher of many year's experience, was employed to head the work of caring for the growing number of these students. At that time they lived in Waller Hall, men in the west wing, women in the east wing, with Mrs. Schoonover's apartments in the center over the lobby.

In mathematics, the students entered regular classes and were able to compete with the Americans, but special classes in English, spelling, (continued on page 8)

## MISS SARA SHUMAN NAMED LAUREL BLOSSOM PRINCESS

### Popular Bloomsburg Girl Will Represent College At Annual Celebration

Miss Sara Shuman, daughter of Mrs. Anna Shuman, of Bloomsburg, will represent the College as its Laurel Blossom Princess at the annual Laurel Blossom Time celebration in the Pocono Mountains from June 15 to 21, it was announced early this week.

Dr. Francis B. Haas received a letter a few days ago announcing the acceptance of Miss Shuman by the Laurel Blossom Time Committee and expressing appreciation for the fine cooperation shown by Bloomsburg this year and in the past.

The 1936 Princess was graduated from the Bloomsburg High School in 1932 and was active in many phases of school life during her scholastic career.

## STORY-BOOK DRAGON FROM CHINA IS NEWEST "PET" PROF. GEORGE KELLER

To most people a dragon is a monster of the story-book world, but to Prof. George Keller, the man who crossed wolves with Alaskan Huskies and trained a mountain lion to eat from his hand, jump through a hoop, and walk a tight rope, a dragon is a frightful reality. The popular art instructor now has a real Chinese dragon, far more vicious in appearance and actions than either the lion or the wolves.

The rare reptile arrived at the Keller home on Turkey Hill on Tuesday morning and remain a stranger to everyone in the locality, and according to the owner it will continue to remain a stranger because the local wild animal hobbyist openly admits that he prefers lions.

#### Resembles Small Dinosaur

Mr. Keller received the ugly, dinosaur-like animal from Mr. A. W. King, of Brownsville, Texas. A young animal about thirty wears of age, it measures six feet in length and stands about two feet from the ground. When fully grown it will be about seventeen feet long. It is a grey-green in color and has a white stripe about three inches wide running over its hind legs and around the long, tapered tail.

The head is rather small, but the mouth is large and when open shows the white, knife-like teeth which, it

is claimed, are capable of cutting a man's hand off with but one snap of the jaw.

Barbed points form a saw-like protection to the reptile's back, running from the back of the head to the tail. The feet are particularly dangerous-looking, having sharp claws almost six inches in length.

Mr. Keller said the animal really cannot be described, either on paper or by word of mouth. It's only when you meet the dragon face to face and feel the power of its piercing amber eyes and hear the characteristic and weird hissing which it makes when disturbed by civilization that you realize you are becoming acquainted with one of the rarest and meanest-looking wild animals ever seen.

#### Will Not Eat

The dragon absolutely refuses to eat when in captivity. It prefers to starve to death, rather than remain under the power of a human being. A letter explaining the dragon instructs Mr. Keller to cram celery and clover down the animal's throat once every two weeks and Mr. Keller humorously stated that he will go the limit in time before attempting the act.

The story of how the local art teacher got the Chinese dragon dates back to the time when the Cole-Beatty Circus was playing in Williamsport. At that time Mr. Keller, in talking to Clyde Beatty, the animal trainer, he learned of Mr. A. W. King, a Texas man interested in wild animals, and wrote to him concerning many curious animals.

#### Will Put On Exhibition

The result of his writing acquaintance with Mr. King took the form of a Chinese dragon, originally from Indo-China, now living in the lion cage at Mr. Keller's home. Mr. Keller expects to have the new curiosity transferred to a cage along the Berwick highway in a day or two. There, those interested in thrills which send chills up and down the spine may see, very much alive, the horny dragon they have seen for so long only in literature or in Chinese art.

## Alpha Psi Omega Meets At Home Mr. and Mrs. Sutliff

Mr. and Mrs. William B. Sutliff entertained members of the local chapter of Alpha Psi Omega at their home on Tuesday evening, May 12. A program of games and other entertainment was planned and refreshments were served. Senior members, Mr. and Mrs. Sutliff, and Miss Alice Johnston gave short speeches during the evening. Officers for next year were installed at a business meeting held during the evening.

## Notice—Calendar

The calendar for next year is almost completed. Anyone in doubt about any date on the calendar or anyone wishing to change dates or arrange new ones is asked to see Dr. North as soon as possible. Organization officers and advisors should attend to the matter in order to save confusion next year.

## Retiring President of C.G.A. Thanks Students For Work

WILLIAM L. MORGAN

President of the Community Government Association submitted the following for publication in the Maroon and Gold:

"I should like to thank every member of the College for their fine cooperation and hope that you will continue to cooperate and make the Community Government Association the finest cooperative student government in existence."

William L. Morgan, President C.G.A.

## Blue Skies Added To Colorful May Day

Rain, which halted the first day's May Day-Play Day celebration on the campus last Wednesday, May 13, failed to take away any of the enthusiasm or detract from the beauty of the event when the postponed festivities were staged amidst a setting of color and gaiety on the following afternoon, Thursday, May 14.

A blue sky and pleasant breeze added to the effectiveness of the annual celebration, which was changed from its old setting on the athletic field to a new one on the campus between Science Hall and Carver Hall. The maypoles, with streamers in pink, white, green, and blue, were placed along the terraces stretching towards the grove, and a green bower and dais was placed in front of the gymnasium facing Science Hall. It was in this bower that the purple throne for the queen, Miss Jean Niesley, was arranged.

The queen's procession down the hill opened the program. Following the crowning of the queen in the traditional manner children from the Benjamin Franklin Training School sang "Come Lassies and Lads," "The Cornish May Song," "May Day Carol" and old English folk songs. The children of the kindergarten and first grade then capered through the dances of the hobby horse and imitated the wind and the clouds.

The girls of the College also shared in the dancing program for the day, showing the results of hard practice and good training under the guidance of Miss Lucy McCammon. Miss Harriet H. Moore had charge of the singing and Prof. Howard Fenstermaker directed the Maroon and Gold orchestra.

#### CLASS SONGS

Musical talents of two Seniors were put to good use when class songs for Ivy Day were needed. Sam Green wrote words to the tune of Eddie Cantor's theme song, "One Hour With You," and Sam Cohen wrote three songs, to the tunes of "Chloe," "Stout Hearted Men," and "When Day Is Done."

## POTTSVILLE STUDENTS VISIT BLOOMSBURG

### Visiting Pupils Spend Day Here; Talk Over Problems Of Council

The members of the student council of Pottsville High School were guests of the College students on Saturday, May 16.

The guests arrived in the morning and were shown about the College buildings and grounds. Following luncheon a conference was held at which the work of the two councils was discussed. William L. Morgan, President of the Bloomsburg State Teachers Community Government Association and Dick Bennie, president of the student council of Pottsville High School presided at the conference. In the afternoon the guests witnessed the baseball game between the College and Shippensburg.

Visitors were in charge of Mrs. Edward F. Marburger, and Miss Dorothy K. Critz. The members of this group were, Betty Brower, Arline Jonathan, Douglas Williams, Jean Wagner, Dick Bennie, Eleanor Walton, Betty Tromme, Jack Wood, Willard Long, Jean Bachman, Anna Julian, Polly McCool, Joe Sage, Fay Brigham, Thomas Williams, Louise Helman, Creighton Lawhead, Molly Flahery.

Marie Davis, Alice Auch, Helen Latorre, Violet Brown, Lamar Blass, Harold Border, Robert Rowlands, James Mootz, and Frank Camera, all members of the College hospitality committee, acted as guides during the visit.

## Student Geographers Visit Council Cup, Powder Glen

Members of the Geographic Society and their friends, headed by Dr. H. Harrison Russell, met the test of real geographers last Thursday, May 14, when they went to Council Cup, near Wapwallopen, and climbed up over side of the historic cliff.

The trip was planned to last the entire day and included visits to the beautiful Powder Glen and the second falls, as well as to the Clewell Dairy Farm and Fort Jenkins.

The group cooked their own suppers while in the Glen at Wapwallopen. The trip home was by the way of Briggsville, and Dr. Russell pointed out many things of interest to geography students.

## BLUE AND WHITE SCHEME FOR SENIOR BALL TONIGHT

Blue and white will be the color scheme for the decorations of the gymnasium for the annual Senior Ball, to be held tonight. The theme of the decorations will carry with it a general tone of graduation.

Ralph Wright and his Keystone Sirens will provide the music for the dance, which is expected to be attended by approximately a hundred couples, representing seniors and their guests as well as members of the faculty and those assisting the seniors in their graduation activities.

## Seniors Meet For Last Time To Discuss Commencement

Seniors held their last class meeting in the auditorium last Wednesday morning, when they met to clear up matters of last-minute interest.

At that time it was decided to hold a reception on the front campus after the Ivy Day exercises next Monday evening. The class also voted to admit a singing group and members of the orchestra to the Senior Ball. The musical groups will play at some of the senior functions.

EDITORIALS

Extra-Curriculars Are No  
Problem At Bloomsburg

Three college newspapers which appeared in the Maroon and Gold Office during the past week included editorials stressing the importance of extra-curricular activities in a college program and urging students to take better advantage of them. All of these editorials were evidently written as a result of lack of interest on their campuses in extra-curriculars.

Bloomsburg has no such trouble, probably because students of the College, being required to participate in one extra-curricular activity at least one semester of each year, have learned to appreciate their worth to college life. The fact that students join all the extra-curricular organizations that they can handle and still maintain fair standards in scholastic work is indication enough of an "extra-curricular interest" on the campus.

ALUMNI DAY IS MIRROR OF  
INTEREST AMONG GRADUATES

An extensive program has been arranged for the sixty-seventh annual Alumni Day to be held by the Bloomsburg State Teachers College tomorrow. Approximately two-thousand persons are expected to be on the campus.

The presence of so many alumni should indicate to those seniors who are graduating this year that Alumni Day does mean something. The activity and merriment of the day itself should emphasize the importance of an alumni association.

Seniors, don't forget to keep in touch with your classmates and alma mater after graduation. Continue to be active members of the association. You won't regret it.

BOOK REVIEW

"Once We Had A Child" By Hans Fallada, Is Story Farm Life

With the publication of "Once We Had A Child" Hans Fallada, author of that memorable novel, "Little Man, What Now," has proved to the critics that he fully understands German life and that he has the ability to portray the individuals as they really are. This, his newest novel, reflects the farm-life of North Germany in a style which is gripping and entertaining — never uninteresting even to the slightest degree.

The story revolves around the strange and unintelligible character, Hannes Gantshow, who is guided through life by the gentle and tender Christine, the Countess of Fiddle. Hannes is a type for study, being the sort of individual who lives for the love of life, often leaving destruction in his wake and yet almost always making an enviable impression on someone. His personality, so well portrayed by the author, creates a feeling of friendship despite everything else.

Hans Fallada has shown us two persons striving along a path of unhappiness, poverty, and the extremes of human emotions. When we finish this latest story, by the brilliant German writer we sit dreaming with the book closed on our lap, fighting off a temptation to try to carry the story beyond the end selected by the author.

This department, with its well known passion for surveys among college youth, is acquirer with excitement, awaiting the study that will appear in the June issue of Fortune Magazine. (no ad). Fortune investigators have been studying the ideas in collegiate heads on 20 campuses. Having had a minor connection with the study, which is done through elaborate questionnaires and interviews, we guess the article will show: that despite much feeling among some people that the economic structure is going to pieces, most boys and girls are tranquilly anticipating marriage, families and steady, though not rapid promotion in their work. Most of them seem to feel that all one has to do to overcome the depression is to work faithfully and hard. We expect however that the study will show very few expecting high salaries. And few that are really radicals.

Harvard Offers New Masters

President Conant, Harvard administrator, recently announced that a number of scholarships, with maximum stipends of \$1000 each, would be given this Spring to college graduates who enter next Fall on the course of study for the new degree of Master of Arts in Teaching. The new course is designed to offer a combination of the old ones, which gave teachers a choice of teaching methods or subject matter but which, in his opinion, left the teacher inadequately equipped to be a teacher of the best type.

Swarthmore Gets 4000 Music Records

Heirs of the late Senator Bronson M. Cutting have presented his collection of 4000 phonograph records to Swarthmore College. There are also records of Verdi's music, negro music, all types of church music, and chamber music.

# NINE RECORDS SHATTERED AS HUSKIES SWEEP ALL SCHEDULED DUAL MEETS

## New Records Hung Up In Dashes Hurdle Events, Broad Jump And Mile Relay

Husky trackmen made the season just completed the best in the history of the school not only by turning in a clean slate in dual competition but by breaking nine records, one of which has stood since 1912.

### Blass Outstanding

New records were rung up in the 100 yard dash, the 220, the 440, the 220 yard low hurdles, the 120 yard high hurdles, the 100 yard high hurdles, the shot put, the running broad jump, and the mile relay. Captain Blass, who has been handicapped during the final three meets, was himself responsible for four of the records. The Aristes youth lowered Line's record in the 120 yard low hurdles from 18.2 seconds to 17.2 seconds. In the 100 yard high hurdles he turned in a time of 14.6 seconds to clip eight-tenths of a second from his own record time of 15.4 seconds, established in 1934.

The 1936 captain's best record this year was in the shot put event against Shippensburg, when he heaved the 16-pound sphere a distance of 44 feet, 11 1/2 inches. The old record of 39 feet, 11 1/2 inches was set up by Rudowski in 1932. The other record broken by Blass this season was in the running broad jump. His leap of 21 feet 10 inches bettered a record of 21 feet 1 1/2 inches which he himself made last year.

### New Dash Records

All the other new records this season were established by freshmen, led by Harry Van Gordon, of Kingston, who lowered the time in the 100 and 220 yard dashes and in the 220 yard low hurdles. He brought the record for the century dash down to 9.9 seconds in one of the fastest races ever seen around Bloomsburg, while his record-setting time in the 220 yard dash was 22.1 seconds, clipping almost a second from Dolison's time in 1912. The Kingston flash also lowered the record for the 220 yard low hurdles. He ran the event in 25.7 seconds, contrasted with the former record of 28.2 seconds.

One of the strong spots on the whole track and field team this year was the mile relay combination. Made up of four fast-stepping freshmen, Zalesky, Mulhern, Van Devender, and Van Gordon, the Husky mile team raced the four-part distance in the fast time of 3 minutes, 28.2 seconds, better by seconds than the winning time in most of the college and university runs at the Penn Relays in Philadelphia. The old time for the race was 3 minutes, 37.4 seconds, set in 1933 by a team composed of Sell, Jaffin, Larish and Kelly.

- May 12, Susquehanna, 80-46.

## NEW PLAN FOR INTRAMURAL SPORTS BEING CONSIDERED

Extensive plans for a new system in intramural sports have been drawn up for next year and await approval, Coach George Buchheit announced yesterday.

The intramural program grew out of a rapidly increasing interest in inter-class and inter-group sports on the campus. It began two years ago with the formation of inter-class track and basketball leagues by the men of the College, under the direction of Coach Buchheit.

In developing the new program those in charge are striving to provide intramural sports for every student in the College. The girls have already excited a great amount of interest in sports through a program outlined by Miss Lucy McCammon.

Sam Cohen, of Plymouth, had charge of the men's intramural program during the past year and did much work towards the establishment of a more permanent and regular schedule. He organized tennis tournaments, foul-throwing contests, ping-pong tournaments, basketball tournaments, and handball contests.

## 44 FT., 4 IN., FOR TWELVE-POUND SHOT WAS RECORD OVER THIRTY YEARS AGO

### Blass Now Throwing Sixteen Pounder Almost Eight Inches Farther

The following list of track records is taken from the "Student's Handbook" of 1905-1906 and represent the all-time records in track and field events as they stood thirty years ago. It is interesting to note that McGuffe threw the twelve-pound shot put 44 feet, 4 inches, which is 7 1/2 inches less than Blass threw the sixteen-pound metal sphere this season. The record for the mile, set by Shelvelhood is 1895 and included on

## Eleven Earn Varsity Recognition In Track

### Six Others Given Junior Varsity Letters At Banquet Last Saturday Night

Eleven men earned varsity awards in track this season, Coach George Buchheit announced last week. Six others received their junior varsity awards.

Those getting varsity letters include Lamar Blass, Samuel Cohen, Thomas Davison, Leon Dixon, Michael Gonshor, Vance Laubach, Edward Mulhern, Robert Savage, Frank Van Devender, Harry Van Gordon, and Stanley Zelesky.

Jayvee awards were given to the following, some of whom will have an opportunity to earn their varsity letters next year: Gerald Burke, Chester Harwood, Robert Hopfer, Mervin Mericle, Joseph Ollock (Mgr-elect), and Robert Parker.

### COMPARES WITH DECATHLON

Gilbert Kline, attempted to compare the record set up by Captain Lamar Blass, with the decathlon record in the United States for this year. While he was unable to make an accurate comparison he claims that Blass's record approaches the decathlon record rather closely.

### the records printed below, has never been bettered and is the oldest on the records.

- Records In 1906
- 100 yard dash, 10 1/2 sec., McNerty, 1905.
- 220 yard dash, 28 1/2 sec., McNerty, 1905.
- Mile run, 4 min. 38 1/2 sec., Shelvelhood, 1895.
- High jump, 5 ft. 2 in., Smethers, 1896.
- Broad jump, 18 ft. 8 in., Davis, 1896.
- Shot put, 12 lb., 44 ft. 4 in., McGuffe, 1890.
- Pole vault, 9 ft. 10 in., Appleman, 1890.

# BLASS, VAN GORDON EACH SCORE 74 POINTS TO LEAD HUSKY TRACKMEN

## RE-ELECTED CAPTAIN

LAMAR BLASS

Trackmen were almost unanimous in their selection of Lamar Blass, high-scoring Aristes athlete, to head the track and field men for the second successive year. The honor, given to Blass last Saturday and announced during the athletic banquet, is a rare one at Bloomsburg.

With the loss of only one varsity performer, that being Sam Cohen, of Plymouth, the 1937 squad should continue their winning streak in dual competition which they piled up against all their opponents this season.

## SHIPPENSBURG TENTH VICTIM OF CAPTAIN COHEN AND MEN

### Locals Take Second Of Season From Cumberland Valley Team, 7-2

Intent on making the 1936 court season the best in the history of tennis at Bloomsburg the Husky racquet men downed Shippensburg on the local courts last Saturday, 7-2.

The Kochmen lost two singles matches but easily swept through the doubles matches for the second triumph over the Cumberland Valley team this year.

### Singles

- Cornely, Bloomsburg, defeated Danzberger, Shippensburg, 6-1, 6-4.
- Zalonis, Bloomsburg, defeated Spittle, Shippensburg, 6-4, 3-6, 6-1.
- Cohen, Bloomsburg, defeated McCleary, Shippensburg, 6-0, 6-1.
- Smethers, Bloomsburg, defeated Kirsin, Shippensburg, 4-6, 6-0, 6-1.
- Reese, Shippensburg, defeated Merrill, Bloomsburg, 6-1, 6-1.
- Stokes, Shippensburg, defeated Gering, Bloomsburg, 6-4, 1-6, 6-4.

### Doubles

- Cornely and Smethers, Bloomsburg, defeated Danzberger and Spittle, Shippensburg, 6-4, 6-3.
- Cohen and Zalonis, Bloomsburg, defeated McCleary and Kirsin, Shippensburg, 6-4, 6-3.
- Gering and Merrill, Bloomsburg, defeated Reese and Stokes, Shippensburg, 6-1, 6-1.

The Susquehanna Relays, which was scheduled to be held at Susquehanna University last week, was postponed because of a conflict with the annual Middle Atlantic College track and field meet, which was scheduled for the same day.

## Both Take 13 Firsts As Team Registers Total 350 1/2 Points

Two Bloomsburg runners, Captain Lamar Blass and Harry Van Gordon, rang up records for themselves this season when they each scored a total of 74 points in four dual meets and the state meet. This represents slightly less than 15 points for each meet as an average. The entire Husky team piled up a grand total of 350 1/2 counters for the best track and field record in the history of the sport at Bloomsburg.

### Freshmen Star

Following in succession the fast pace set by the two leaders are two freshman stars, Zaleski with 44 1/2 points and VanDevender with 43 1/2 points. Davison was next in scoring with 20 counters; Laubach sixth with 16; and Mulhern seventh with a 14 1/2 total. Others and the points they earned include Gonshor, with 14; Dixon, with 13; Parker, with 11 1/2; Burke and Cohen, each with 10; No-land, with 3; and Hopfer and Harwood, each with 1.

### Blass Has 13 Firsts

Captain Blass also rang up a new record in point-scoring for two consecutive dual meets, scoring 24 points against both Lock Haven and Shippensburg for a total of 48 points. Were it not for an ankle injury, from which he has still not entirely recovered, the Aristes athlete probably would have increased his grand total by at least 15 or 20 points. He had thirteen firsts, two seconds, three thirds, and a fourth, in the five meets on schedule.

VanGordon received his points in much the same manner, so far as placing is concerned. The Kingston frosh also took thirteen firsts, but his other points came from two thirds, a fourth, and a fifth.

## Climbs From Bottom To Third On Ladder

### Minnie Boudman Has Best Record As Girls End Tennis Tourney

Starting down in twenty-eighth position on the tennis ladder, a contest among girls of the College, Minnie Boudman gradually worked her way up, rung by rung, to finish in third position. This marks the greatest advancement by far of anyone on the ladder. The contest ended May 11 with the last matches of the day.

The competition was worked out in such a manner as to give the early-signers a decided advantage because their names were placed in the order in which they signed. A player was permitted to challenge any other player two rungs above her. If she won her name was moved up to replace the name of the girl she defeated.

The order of finishing for the first six and the position they occupied when the contest started follow: first, Sara Dersham, who moved up from fifth place; second, Betty Chalfont, who moved down from first; third, Minnie Boudman, who advanced from twenty-eighth position; fourth, Martha Krick, who began in third place; fifth, Martha Greenly, who started in fourth place; and sixth, Margaret Smith, who advanced from eighth position.

## FIRST CLASS HONOR RATING IN A.C.P. INDICATES RISE FROM FOURTH CLASS

### COLLEGE PAPER RATED 715 POINTS IN 1936 CONTEST

That the Maroon and Gold has gradually shown progress from time to time during the past few years is shown in the comparative rating scales for the volume this year and those of two recent years. The total ratings indicate a jump from a third class paper with a "fair" standing to a first class paper with an "excellent" standing.

#### Scores 715 Points

In a contest sponsored by the Associated Collegiate Press this year the Bloomsburg paper, rated with 295 other college and university papers, received a total of 715 points out of a possible 1000 and was accordingly given a first class honor rating, which is marked "excellent" on the score sheet. Copies of another recent volume of the Maroon and Gold, scored after the contest was over, received 453 points, which was below the honor ratings and listed as fourth class. Another volume, just before the one rated fourth class, received even less points than 453, indicating that the paper is gradually gaining better form.

The score sheet recently received from the Associated Collegiate Press includes, in addition to summary scores and criticisms, a good manual of college journalism.

#### News Coverage Excellent

In general the news writing and editing were considered very good, the chief criticisms being against the "over-writing" of feature material and the over-developing of certain news stories. The news coverage was rated as excellent, though the judges stressed the importance of adding more news from the alumni of the school.

Headlines counted against the paper more than any other feature. The headlines of the Maroon and Gold are too general and in some cases weak, except on the sports page. Judges advised that the heads be made more specific, playing up real news.

The College paper did well on the departmental pages, such as the editorial page and the sports page. The chief criticism for the editorial page concerned the use of captions or labels where stronger headlines are preferred. The sports section was rated "excellent" for the second time this year and earned almost a perfect score in the rating.

#### Printing Perfect

A perfect score of 20 points was made for the printing work. The Associated Collegiate Press, in its manual, stresses the importance to a paper of good printing, claiming that the printing in itself may make or break a paper. Judges consider such things as margins, evenness of inking, work-ups, and proportion when scoring for printing.

But again he modestly admitted that the decision to drop the Class Night production from the calendar was a good one.

### EDITOR-ELECT

MARJORIE BEAVER

## LISTS APPOINTMENTS TO STAFF POSITIONS

### New Editor Makes Few Changes; Advances Some Reporters

Marjorie Beaver, editor-elect of the Maroon and Gold for next year, announced yesterday the appointment and re-appointment of several members of the staff to editorial positions, effective with the first issue of the 1936-1937 volume in September.

Stasia Zola will be moved up from her present position as associate managing editor to that of managing editor, replacing the editor-elect, who has held that position since February. Dorothy DuBois, a newcomer to the College and the staff at the beginning of the second semester, will occupy the position of associate managing editor.

Amanda Walsh, who has been active as news editor this year, will continue in that capacity. She will be assisted by Ruth Dugan, who is being moved up from the reportorial staff to serve as associate news editor.

Jay Pursel will continue as literary editor, in charge of all literary material, and Alex McKechnie will be moved up to the position of sports editor. Other appointments will be made from the reportorial staff with the opening of the term in September.

### MAROON AND GOLD EXCHANGE LIST GROWS TO 61 PAPERS

#### Alaska College Paper Represents Greatest Distance On The List

The Maroon and Gold exchange list has increased from about thirty-five colleges and universities to a total of sixty-one, including almost all the teachers colleges and normal schools in the northeastern part of the country.

There are on the staffs of these sixty-one papers 1098 student journalists, representing workers in every phase of publishing a newspaper except student advisorships. The surprising part of the survey is that more than half the number of students working on the school papers are women, there being a total of 576 of the 1098.

While most of the exchanges come from colleges in Pennsylvania, New York, New Jersey, and Ohio, the Maroon and Gold also receives many from middle western schools and from as far west as Los Angeles, California.

The most distant school from which exchanges are sent to Bloomsburg is an Alaskan college, at Fairbanks. Their paper is particularly interesting in that it gives some valuable geographical information about the far-northern territory.

### CHEMISTRY CLASS VISITS PRIESTLY HOME AT NORTH'D

#### Inspect Belongings And Equipment Of Pa. Scientist; Sunbury Silk Mill Idle

Members of the chemistry class under the direction of Prof. S. I. Shortess visited the former home of Joseph Priestly in Northumberland last Friday morning, May 15. The group also went to a large Sunbury silk mill but were unable to witness any of the operations because the plant was not working at the time.

While at the Priestly home the class saw many of the personal belongings of the famous English scientist as well as much of his laboratory equipment. They were also conducted through part of the house,

### NORTH'D CO. ALUMNI HOLD DINNER AT SHAMOKIN

Members of the Northumberland County Alumni Association of the College met Wednesday evening, May 13, for their annual alumni dinner held in the American Legion home, Shamokin.

John B. Boyer, responsible for the establishment of the association in Northumberland County, was unanimously re-elected president for next year. Others elected include: J. S. Shevalin, Kulpmont, vice-president; S. Curtis Yocum, Shamokin, treasurer; Miss Ethel Fowler, Watsontown, secretary.

Speakers were Mr. Boyer and Dr. Francis B. Haas, president of the College. Musical features were included on the program, Frank Rompalo, Woodrow Litwhiler, and Frank Patrick delighting with their singing and playing. Others attending from Bloomsburg included Dean William B. Sutliff, Mr. and Mrs. S. L. Wilson, Dr. and Mrs. H. Harrison Russell, Dr. E. H. Nelson, and Prof. H. F. Fenstermaker.

### Montour Cty. Alumni Meet In Danville, Tues. Evening

Members of the Montour County branch of the College Alumni Association held their annual banquet in the Shiloh Reformed Church, Danville, last Tuesday evening, with Dr. E. H. Nelson as toastmaster and Prof. E. A. Reams as song leader.

Responses were made by Dr. Francis B. Haas, Prof. William B. Sutliff, Mr. Fred W. Diehl, and Mr. Charles W. Derr.

A program under direction of students of the College included a trio by Frank Patrick, Frank Rompalo, and Woodrow Litwhiler, and a double mixed quartet composed of Eugenia Lewis, Kathryn Van Auker, Margaret Creasy, Luther Peck, Miriam Utt, Kenneth Merrill, Ray Schrope, and Robert Goodman. Miss Gladys Rindard was pianist.

Officers elected were Miss Harriet Frye, president; Pierce Reed, vice-president; Miss Alice Smull, secretary; and Miss Isabelle Boyer, treasurer.

### Band Which Appears Here Wins "Finest In East" Title

Berwick High School's championship band, which played before a Bloomsburg college audience last month, won first place in the second division for Class A bands at the national high school band contest held in Cleveland last week, it was announced early this week.

The youthful musicians, claimants to the title "best in the east" by virtue of their superiority over all other eastern bands in the contest, have now attained the highest standing possible with the instrumentation they have.

**MISS SARA SHUMAN CHOSEN LAUREL BLOSSOM PRINCESS**

CONTINUED FROM PAGE 3

At the College Miss Shuman is recognized as one of the most active on the campus for the past four years. She is the present secretary of the Community Government Association, a member of the Student Council, and vice-president of the Day Women's Association. She is also a member of the B-Club, the A.B.C. Club, the Mixed Chorus, Kappa Delta Pi, Maroon and Gold and Obiter staffs.

In her undergraduate days she was a member of the Y.W.C.A. and took an active part in the girl's athletic program. She served as class representative to the Student Council in her junior year.

Miss Shuman succeeds Miss Charlotte Hochberg as Princess. Miss Hochberg was chosen to attend the celebration last summer. Others who represented Bloomsburg during the past few years include Miss Louise Yeager, of Berwick, and Miss Sara Lentz, of Bloomsburg.

The committee in charge of the festival have organized a program of varied social activity for those who will attend. Only those colleges and universities in Pennsylvania which are invited may send a representative to the gala celebration.

**SENIORS BUY LANTERNS FOR LAWN RECEPTION**

**Party Is Substitute For Class Night Program, Dropped From Schedule**

More than a hundred Japanese lanterns have been purchased by the senior class to be strung about the front campus next Monday evening following the Ivy Day exercises, when the class will hold an informal reception and lawn party for alumni and guests. The College will provide punch for the affair.

The lawn party idea grew out of the regular Class Night program, and those in charge hope to make it a gathering for all seniors and their friends, especially their parents.

**50 YEARS AGO**

Some of the graduates of the classes of about fifty years ago will probably take delight in reading the following notes from the catalogues of 1884 and 1885:

In 1884 the institution took the name of "Pennsylvania State Normal School at Bloomsburg." It had been called the "Bloomsburg Literary Institute" for a long time.

Fifty years ago there were three buildings on the campus. One of these, now Carver Hall, was the model school.

Books could be rented from the institution in those days. In fact few students bought books, because for a small price varying from one cent to two cents a week a student could keep a book for an entire course. If, when he returned the book, those in charge found it to be in poor condition the student was charged full price.

Unless he handed in a very good excuse every student was required to attend evening chapel exercises, following which he had to go directly to his room to study.

Shouting, loud calling, boisterous laughter, and other disturbances in the school buildings were prohibited.

The following is quoted from the catalogue:

"The young ladies and gentlemen are not allowed to pause and loiter for intercommunication in the halls, society rooms, dining rooms, or parlors unless by special permission. Neither are they permitted to walk, ride, or correspond with each other."

**North Hall Students Hold Annual Smoker**

Two graduating students, Woody Litwhiler and Frank Rompalo, practically "stole the show" at the annual North Hall smoker, held in the College dormitory last Wednesday evening, May 20.

The two popular boarding students have provided entertainment at outside functions for several years with their musical programs, featuring the accordion and the trumpet.

They honored the large number of men attending the smoker by playing for the first time a composition of their own making, which scored a huge success and drew much favorable comment. Dean John Koch spoke well of the two entertainers and expressed sorrow in the fact they would not be in the dormitories to provide entertainment in the future.

**RETIRING SOPHOMORE AND FRESHMAN OFFICERS**

Sophomore officers, pictured above, are as follows: Walton Hill, president; Adolph Zalonis, vice-president; Marjorie Beaver, secretary; Clyde Klinger, treasurer.

Freshman officers, left to right; Ray McBride, president; Anne Evans, vice-president; Annabelle Bailey, treasurer.

**RECALLS TIME CUBAN STUDENTS WERE HERE**

and the common basic subjects were almost entirely handled by Mrs. Schoonover.

The students learned to use English in a remarkably short time, most of them being gifted in the acquisition of a new tongue.

**More Men Than Women**

The men outnumbered the women and seemed to prefer North American girls to their own countrywomen. Several married and took the girls to their homes in Cuba.

Nearly all the students were brunettes, but one or two of paternal English parentage were decided blondes. Practically none were large, having the characteristic small, graceful body of the Latins.

When the college was taken over by the State, the preparatory department was dropped and only those students preparing for teaching were accepted. After 1920 none of the Spanish-speaking students was admitted.

**SENIORS HOLD ANNUAL BANQUET LAST NIGHT**

Seniors and members of the College faculty turned out in large numbers for the annual Senior Banquet held in the College dining room last night.

The banquet began at 6:00 P.M. with the introduction of the toastmaster by David Mayer, president of the senior class. Invocation was by Prof. S. L. Wilson, faculty advisor of the 1936 senior class.

The complete program for the banquet was as follows:

**Caretaker Retires**

Dan Creveling, one of the caretakers on the Grounds and Building force for many years and one of the oldest employees of the College, was honored at the annual Athletic Banquet last Saturday when he was given a life pass to all athletic contests at the College. Mr. Creveling will be retired from service soon.

Several hundred persons attended the annual banquet, which was held in the College dining room.
