State Teachers College, Bloomsburg, Pa.

VOLUME XXI

BLOOMSBURG, PA., FRIDAY, NOVEMBER 26, 1943

NUMBER FOUR

## College To Install Cafeteria Equipment

### Kitchen Renovation and Additional Equipment to be Included; Counter 31 Feet Long

On November 13, the War Production Board, Washington, D. C., approved the installation of cafeteria equipment in the college dining room. After the approval of this project the Department of Property and Supplies at Harrisburg awarded the contract to the Arbycraft of Philadelphia. The basis award for the contract is approximately \$17,000 and will enable the college to feed 450 students on a self-service basis.

#### Equipment to Speed Up Service

The installation includes kitchen renovation and the addition of some new equipment, new gas ranges, cereal cookers, griddles, pan warmers. The cafeteria counter will be composed of stainless steel and porcelain and will be thirty-one feet long. It will contain coffee urns, a steam table, ice cream cabinet and counter-space with guard rails, tray tables, silver boxes, water coolers. A back bar and refrigerator will be situated back of the cafeteria counter to expedite the service.

#### Other Additions Considered

Consideration is being given by the Board of Trustees, according to President Andruss, to the extension of this contract to include additional refrigeration space, the removal of an old oven to improve the bake shop facilities and other changes which will enable the college to meet the need of war and make more efficient food service in the time of peace to follow.

### S. C. A. OPENS TRIMESTER WITH SOCIAL EVENING

On Wednesday evening, November 17, Student Christian Association had its first regular meeting of the trimester in the form of a social. The group, consisting of both Navy and regular students, numbered over fifty persons.

#### Social Evening

Among the features of the evening there was a discussion and planning of the nature of the meetings to be held during the trimester. The remainder of the evening was spent in playing games. Delicious refreshments were served.

#### Dr. Maupin Guest Speaker

At the next meeting, to be held on December 1, Dr. Nell Maupin will be the guest speaker for the evening. She will speak on the topic "Christianity in the Modern Order."

Everyone on the campus is invited and urged to become a regular member of the Student Christian Association. Meetings are held every other Wednesday evening at 7:00 o'clock in the Social Room of Science Hall.

A man's greatest mistake is to suppose that grass widows are green.

—The Signal.

### Social Service Club To Meet Bi-Monthly

Activities to Include Knitting For Red Cross, Typing For Service Men, Etc.

The Social Service Club held its first meeting this year on Wednesday, November 17, with Miss Rich as their advisor. The girls are planning many interesting things to do in the way of service to the college and their community for the coming year. Their many activities include: knitting for the Red Cross, typing for service men, helping the Red Cross, distribute Christmas boxes and gifts to the needy families, reading to the sick, and various other jobs around the campus.

This group of willing workers has for its President, Nelenia Pope. There are about twenty-five members now and still room for more. They have decided to meet twice a month on Thursday from one o'clock to one-thirty. Each member is volunteering to put in at least one hour of work a week.

Besides working the girls are also planning interesting business meetings. At each meeting some member brings an article from a newspaper or magazine which is of interest to the club. The next meeting will be held in Room F at one o'clock Thursday, December 2.

### ASSEMBLY APPLAUDS COLLEGE DRAMATIZATION

College students applauded the portrayal of MacBeth which was presented by Mr. Jack Rank during Monday's assembly hour.

#### One-Man Cast

Although the play consisted of a one-man cast, it was dramatized so perfectly that one almost wondered, when the curtain closed on the final act, whether or not the one man was twins.

#### Dramatic Artist

Mr. Rank deserves the title of dramatic artist for his change of costume, voice and mannerisms for each character was very unusual and done extremely well.

#### NOTICE!

Wednesday morning has been set aside for the benefit of College students as a time in which business meetings may be held.

It has long been a practice for class elections to be scheduled for this period.

Every year class presidents are faced with the problem of getting a quorum of members before any business can be conducted.

It is YOUR JOB TO SEE THAT THERE IS A QUORUM EVERY TIME!

### College Reports High Enrollment

In the October report of enrollment of State Teachers Colleges for War Time Activities, Bloomsburg ranks second. Our total of 357 students shows that fifty-one are taking engineering, science and management; eighty-eight, C. A. A.; twenty-one, nursing; 175, V-12 Officer Training course, and twenty-two, Flight Instructors School. These figures are not quite accurate now but serve to show the part Bloomsburg is playing in our national war effort.

Other State Teachers Colleges are training, in addition, Army Air crew, machine shop, public service institute and housing personnel and enlisted Army Administration members.

### Reception-Dance Was Highlight

Last Saturday evening, November 20, the Community Government Association held a formal reception and dance for all college students. It was purely a college affair as no outsiders were allowed.

The evening began with a reception in Carver's Hall where the students were entertained by a collection of school talent. Ted Manley, president of C. G. A., formally welcomed all new students to Bloomsburg.

Students presented an informal program in the form of a rehearsal. Joe Rezzardy's quips kept the audience laughing. Moving all over the stage and down into the audience he kept the show moving. Each number, from the strains of "Shortnin' Bread" to the recitation of "I'm An Old Maid," showed the versatility of the college students.

Following the reception was a dance in the Centennial Gym. Lee Vincent and his orchestra furnished the music. The reception line was composed of faculty members, trustees, Navy personnel and guests.

### DRIVE COMPLETED

On November 15, 16 and 17 a committee, under the direction of Anne Sabol, had charge of a booth in the lobby of Waller Hall where donations for the National War Relief Drive were accepted. This drive was held throughout the nation in order to obtain money to support eighteen different relief organizations.

#### Campus Report

The goal for the Bloomsburg area was \$20,000. The following are the results of the drive on the campus: Students, \$28.60; V-12 unit, \$44.63, and faculty, \$400.00. The returns of the V-5 unit and the employees have not been received to date.

#### Committee

Working on the committee with Miss Sabol were Charles Green, Joyce Hay, James Ryan and Jacqueline Shaffer.

### C. G. A. Considers Budget at Meeting

A regular meeting of the Community Government Association Student Council was held Monday evening, November 22, 1943, at 7:00 o'clock, in Room L.

Edward Manley, president, explained to the council the budget of Community Activities for the November trimester. He also explained the budget of the College Council. The acceptance of the budget was postponed pending a meeting of V-12 men with Edward Manley and Lt. J. C. Koch on November 24, about the \$10 Activity Fee required to be paid to the college.

#### Kane Announces Elections

Vice-president Bernard Kane made an announcement that on November 17, 1943, the V-12 unit held elections for representatives to C. G. A. Lt. Thomas Everett presided over the election; and, after much "politicking," the following officers of the V-12 unit were elected: President, G. T. Goepfert; Vice-President, Letcher T. White; Secretary-Treasurer, Henry A. Caruso, and Richard M. Langdon and L. R. Bierly, members at large.

#### Officers Change

Because of a conflict with basketball practice, L. R. Bierly and G. T. Goepfert were dropped and Thomas P. Lee and Raymond H. Dehler were elected in their place. The final outcome was: President, Letcher T. White; Vice-President, Henry A. Caruso; Secretary-Treasurer, Richard M. Langdon, and members at large, Thomas P. Lee and Raymond H. Dehler. These men are now serving on the college council.

The council voted to accept the V-12 representatives as members of the Community Government Association Student Council.

In order to acquaint the present council members with the new representatives each member introduced himself, naming his position on the council, to the whole body.

### TRAPANI ELECTED MANAGER FOR COLLEGE YEAR BOOK

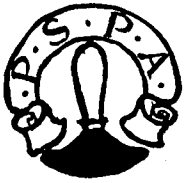

The Senior class elected Sam Trapani, Easton, as business manager for the Obiter, the college year book.

Jean Ackerman will be Trapani's assistant. As Trapani will graduate at the end of the present trimester, it is necessary that someone be trained to continue his work during the second trimester. Therefore, Jean Ackerman will assist him now and then assume the full responsibility when he leaves in January or February.

The Senior class last May elected Helen Cromis as editor of the Obiter. As soon as class dues are agreed upon, plans for the Obiter will begin.

The members of the Senior class are considering the selection of some gift to the college as a class memorial. Sam Mazzeo and Edward Manley are a committee of two to gather information for such memorial.

NOVEMBER 26, 1943

When young people leave their safe and happy homes and are thrust into a cruel world they frequently are faced with problems they cannot solve alone. Some of these problems are easily solved if the individual is guided by an older more experienced person. On the other hand many of these problems cannot be talked over with the dean, Senior officer, roommate or even mother. That is where Aunt Penelope comes in, kids.

Aunt Penelope knows nothing, sees nothing but tells everything. Aunt Penelope has lived—but not the way you think. She can help you hook that V-12 or V-5 or any other number you so desire.

If you have mice in your room Aunt Penelope will tell you how to get rid of them, minus blood, girls.

She can teach a sailor the art of overcoming seasickness—or overcoming anything for that matter.

Want an A? Ask Aunt Penelope.

Want a certain girl's heart to palpitate when you approach? Take lessons from Aunt Penelope.

You see boys and girls you need Aunt Penelope. Aunt Penelope is your friend. She loves you.

Now if you are skeptical we have written below a sample of Aunt Penelope's work.

B. S. T. C.

Dear Aunt Penelope,

I have a woeful problem! You see I am in love and he doesn't know it. In fact he doesn't even know me. He has black curly hair, a divine smile. He is six feet two—in fact he is terrific. I know we would make an ideal couple because I would be just as terrific if it weren't for my face and figure.

Can you help me Aunt Penelope?  
Sincerely,

Troubled One.

P. S. He is in the V-12 unit here at Bloom and I understand he lives on third deck.

B. S. T. C.

Here is Aunt Penelope's reply.

Maroon and Gold Officer.

Dear Troubled One,

Of course Aunt Penelope can help you, but there are a few things you must do yourself.

Are you sure his soul is as good as his puss, my dear. Many of those handsome men are not truly good inside. Be sure before you stick your foot out to trip him. Another thing, make certain this isn't just a uniform attachment you are suffering from. If I were you I would cast my eyes about for a less glamorous mate. Wait ten or twelve years before you lose your heart. Forget him!

Affectionately,

Aunt Penelope.

P. S. What is the telephone number on Third Deck?

A. P.

Now if you want advice on any problem from girls to galoshes write a letter to Aunt Penelope in care of the Maroon and Gold Office.

## EDITORIALY

## SAVE THOSE ADDRESSES

Few people realize the tremendous amount of time spent in keeping up the files for the men and women in service.

Our college has tried to keep an accurate file of the rank and addresses of all former students who are now in some part of the armed services. The file is far from complete. The staff is asking the cooperation of all students on the campus who receive letters from these men and women to help us keep these files up to date.

If you know of someone whose name is not in the files, someone whose address has changed recently, someone whose rank has been made higher will you write your information on a card and address it to Box 284.

## OMISSION NOTED

In the last issue of the Maroon and Gold was printed an itemized account of the Student Activity Fund for the summer trimester. One line was omitted which should have read as follows: College and Community Service Payments \$641.24—Owing \$36.04—Total \$677.28.

## Looks Like It

Frank—My father weighed only four pounds at birth.

Mary—Good gracious! Did he live?

Presenting  
E. J. Manley

Edward Joseph Manley, as he was named on September 14, 1922, our able president of C. G. A., entered Bloomsburg State Teachers College in the fall of 1940 following graduation from the Hanover Township High School. The past four years have given many of us a chance to watch his growth from a quiet and serious Freshman to a Senior of outstanding leadership qualities.

But I wonder if we really know the true Manley? The writer presents the following sketch of what constitutes for Ted "My Ideal Day" in hopes of answering the question. The time is the near future. The scene is a home in Manhattan, any place in Manhattan would make Ted happy. See, there he is, all six feet, 180 pounds of him, stretched out in a comfortable chair after a hard day's work as a public accountant in New York. Note particularly the blue pin-striped suit he's wearing. People have heard him say that he'll never be without a pin-striped suit. It is good-looking, isn't it, with his blue eyes and brownish hair? Ted's reading a book, something on foreign affairs, preferably about Anthony Eden. Beside the chair are several copies of the newspaper P. M. to be read and an old copy of "For Whom the Bell Tolls." Those pictures you see on the wall are samples of Ted's hobby, photography. Yes, that one is a picture of Ted horse-back riding, one of his favorite sports. The fraternity pin he is wearing means he is a member of Phi Sig. Somewhere around the house is a Pi Omega Pi pin and the pin of Kappa Delta Pi for he is a member of all three fraternities at B. S. T. C. On the table are notes that he has made for a round-table discussion on race prejudice, a topic of particular interest to him. And so, let us leave Mr. Manley contented in his easy chair ready to listen to his favorite radio actor, Bob Hope.

To come back again to the present. Ted not only very capably fills the position as president of C. G. A., but he also finds time to preside equally well as president of the Columbian Club, and vice president of Phi Sig. To add to this list, he has during his four years here been vice president of C. G. A., president of Pi Omega Pi, president of Phi Sig, treasurer of Phi Sig, and a member of the Day Men's Association.

These activities, however, do not interfere with his social activities, or prevent him joining in a good bull-session, or sitting down with

By PARRY

When you take an examination, do you finish first or last? Well, according to Donald M. Johnson, of the Fort Hays Kansas State College psychology department, the best college students finish their examinations either first or last. He says that the first third are speedy because of superior intelligence; the last third are the plodders who get good grades by pains and persistence; the middle third are the students who aren't very much interested in the subject. Just where do you stand?

## The Modern Miss

A rag, a bone, and a hunk of hair;  
Lipstick, rouge, and a baby stare;  
Talks in terms of cash and kiss;  
Lo and behold! The modern miss!

—The Indiana Penn.

A reformer says that the modern dances are more like a race than a dance, and that contestants usually come out neck-and-neck.

Did you know that the University of Minnesota Memorial Stadium got its start when a cheerleader passed the hat at a football game, asking the crowd to help pay for a huge stadium to be erected in honor of the Minnesota men who, at that time, were fighting in World War I? Well, now you know.

At Sunday School in Liberal the teacher asked a little girl: "What is your favorite hymn?"

"The one over there in the blue suit."

—The Collegio.

Flattery is soft soap, and soap is 90 per cent lye.

At Denison there have been some complaints from the Navy men on the campus about the fish on Friday nights. Said one sailor, "It really is not so bad once you get used to the smell, but I can't wait four days for it to blow or I'd starve." One fellow went to a local restaurant to escape the fish but apparently was somewhat dissatisfied with his substitute. "I asked for my steak rare, but they just crippled it and dragged it in."

After 18 students were stricken with mild cases of influenza at the University of California, health officers decreed a 60-day ban on kissing. But Dr. S. L. Katshoof, Medical Director and Psychiatrist of the San Francisco Institute of Human Relations, objected, stating that "A good healthy kiss never spread any germs. A genuine kiss generates so much heat it destroys all germs."

Our daffi-definition of the week: FEET are stuff that never get lost because when you go to bed at night, they always turn up.

She—My little brother will tell if he sees you kissing me.

He—But I'm not kissing you.

She—Well, I thought I'd tell you anyway.

you for a good friendly debate.

The whole student body appreciates the job Ted is trying to do and in realizing Ted's aim of having the student body and the V-12's working together harmoniously. Let us all give him our support.

## Life With Uncle

By B. W. KANE

If you've been "off" the beam, in your writing of morale letters, you can probably use these suggestions printed in "Keep 'Em Flying."

**THIS MORALE BUSINESS** is funny. Everybody's trying to boost everybody else's morale. A civilian tries to boost a soldier's, while the soldier is worried about the civilian's.

It's like two drunks holding each other up, except that both are sober and can stand on their own feet. The Jeep spends most of his time doing just that.

Many girl civilians have dedicated themselves to winning the war by writing gay, even effectionate letters to "the boys in the service." Girls you hardly knew back home will start their letters with "Elmer dear" instead of "Dear Elmer."

In replying to these, extreme caution is advised. Sooner or later you'll be going home on furlough. It would be awkward to be met at the station by 12 girls in bridal veils.

A sergeant at 36th street airport in Miami is the only soldier we've heard of who ever profited by writing love letters to more than one woman. He sells them to other soldiers at two bits a letter.

When you get down to it, the simplest letter to write is the one that can bring you the biggest results in morale. It reads: "Please send me five bucks."

### A Word From "Lud"

Millard C. Ludwig, A. S.

Just a card for now. I've been here since November 8, at Sampson, New York. Winter has already set its mark here.

### Busy Day?

Pvt. H. E. Miller, U. S. M. C. R.

I don't know if the V-12's up at Bloom are as we are, but I know that we really appreciate it when there is a party given for us, or something to do to take our minds off things. Up at B. S. T. C. I often felt mighty free on Sundays, but I never knew how free one could feel until I came here.

Just put yourself in the following routine: Up at 5:45, breakfast 6:45, classes, 8 to 12, lunch, classes, 1:30 to 5:30, dinner, study, 7:15 to 9:30, bed, 10:00 P. M. Of course, there are a few spare moments which we always take during the day to break the monotony, but even then after five or six days of that "stuff" you are really worn out. Maybe the other fellows don't feel it the way I do, but I really appreciate that little something which the college does for us, and which enables to literally let our pent-up emotions explode.

Harvey Huber is still here and both of us are having the best times available under the circumstances. He doesn't know I am writing to you, but I know he sends his regards.

### Speak For Us All

Stewart C. Yorks, Lt.

It was grand to come back to college and see you, and the rest of my friends still there. I have so many memories of Bloomsburg. Now I realize that I should have done more for the college, and myself. However, I guess many others feel the same way. Undoubtedly, each time I come home, I shall come to Bloomsburg.

The last of October I saw Elwood Beaver in Bangor. He's a technical sergeant in the engineering department. We had quite a talk. To top off this, I also met Howard Tomli-

son, 1st Lt., right outside of our squadron office. He had come in from six months at Iceland and was on his way to Nashville for cadet (pilot) training.

As for myself, I have been up to my flying into Labrador and Greenland. At the present the weather is terrible. However, some of us may go south this winter—Atlantic, South America, etc. Again, I say it was good to see you again.

### From the Start

Roy Evans, Tech. Sgt.

I am a graduate of Bloomsburg, 1939, have been in the Army for the past three years, have received copies of the Maroon and Gold, and have always found them most welcome. I would very much appreciate receiving the Maroon and Gold again. Another member of my 1939 class, Winfield Potter, and a very close friend of mine is serving overseas with the Army, and I know that he, too, would appreciate receiving a copy. Please accept the sincere appreciation of us both for your efforts in getting our Alma Mater news to us.

### More About Letters

**LETTERS CAN BOOMERANG.** In his first messages from Miami Beach a new Jeep invariably raves about the sunshine, the weather, the palm trees and the beauties of Florida generally.

"You lucky, bum!" his friends write back. "Getting a sun tan at government expense while we're snowbound up North! I'll bet you're playing a lot of golf, too!"

This hurts, because by this time the Jeep has started basic training and wants sympathy, not envy. "Playing a lot of golf!" he snorts as he does a column right on a fairway.

But when the soldier writes his next letter his hand is restrained. He's got civilian morale to think about.

"Yes, I get out to the golf course once in a while," he pens. "It's our drill field, you know. They don't let us take our clubs, but the drill sergeant is a driver!"

## THANKSGIVING AT SCHOOL FIRST TIME IN HISTORY

The College community observed Thanksgiving Day in a fashion quite different from that of former years but then one expects the fashions to change.

The traditional Turkey Dinner with all its trimmings was served at six o'clock. College students, V-12's and V-5's were permitted to sit at each others tables for this special festive occasion.

After the dinner, a juke box dance was held in the old gym. The evening's activities ended with a card party in the Social Rooms of Noetling Hall.

Classes were adjourned for the Turkey but convened early Friday morning. **THIS IS WAR!**

### They Smell

Joe Davidson, the sculptor, was stopped on the streets of Paris one day by an Arab peddler.

"Buy a carpet," asked the Arab. "No, no," said Davidson. "They smell."

"How dare you say that!" cried the indignant Arab, drawing himself up haughtily. "I'll have you know, Monsieur, that my carpets do not smell. It is I!"

—Window Seat.

## WHY DO PEOPLE WONDER?

A college student spends more time that way than any other way. (Sleeping might be considered tops with Wondering as runner-up by some authorities). If college students are as busy as alleged, how do you account for the high percentage of time spent Wondering? Perhaps it's their super ability to do several things at once.

Most of us start to wonder before breakfast—before we get out of bed. A Wonder-day might be described thusly:

"I wonder if I should get up?"

"I wonder if we will have sticky-buns for breakfast?"

"I wonder if that teacher is going to spring a quiz?"

"I wonder how long that man is going to talk?"

"I wonder if I'll hear from HIM today?"

"I wonder what's in the soup?"

"I wonder if Mom and Dad sent me some money?"

"I wonder why he doesn't ask me to the Sophomore Cotillion?"

"I wonder what we're having for dinner?"

"I wonder if she's still cross at me?"

"I wonder why—"

"I wonder if—"

"I wonder what—"

"I wonder who—"

"I Wonder Who's Kissing Her Now." Popular songs have even succumbed to that phrase. Why DO we Wonder?

I don't know—this writer is no authority.

I Wonder Why?

## THEY SAY

Our belated congratulations to Fred Dent. He and Jean Maschal, a former student, were married October 7.

Some folks say the best crooner is Bing,

But for real talent listen to Rodney sing.

The girls have stopped getting excited when they hear a whistle outside their window because it's always for Ginger. Isn't it Henry?

I see that our former B. S. T. C. students, now in the Navy, are being treated like strangers—especially at dances. What's the major trouble?

We hear that Ann Shortess has just returned from a westward trip—Indiana or Illinois.

Come on, girls, let's work together to get that smoking room open again and soon.

Let's get into the Christmas spirit by starting with the Christmas carols in the lobby now instead of waiting until a week or two before Christmas.

Yeoman Bellucci, of Navy Hall, promises to give a warm welcome to the person or persons responsible for the current wave of scuttlebutt, invariably preceded by "Bellucci says."

Annapolis is a fine place to go to if you are going there; but, if you are just packing to go there, Annapolis is not such a fine place as if you were going there.

## Student Census

Rationing of time and reporters seems to be the order of the day. However, the Maroon and Gold staff would like to stimulate a little interest among the student body. We are going to run a questionnaire in this section of the paper each week.

We are asking the students to cooperate with us and answer the questions stated. You may answer the questions in the space provided beneath each question. Drop the blank in the Post Office addressed to Box 284 or in the Maroon and Gold Office.

Our first set of questions is addressed to the V-12 members of our student body.

1. From what college do you come?

2. Do you receive your school paper?

3. If you do not receive your school paper, and if it is possible for us to get your paper as an Exchange, would you like to have access to the Exchange Department files in order to keep up with your school?

If at first you don't succeed—try summer school!

A miser gets his wealth the hard way. —Morgan.

## What You Buy With WAR STAMPS

American Sailors and Coast Guardsmen must face any kind of weather without flinching. In the heaviest of storms and the wildest of gales they must carry on with their appointed tasks. They've got to be tough and able to take it but their job is made easier for them by the sturdy Navy raincoats they wear. Only \$5.00 in War Savings Stamps will equip a man of the sea with a raincoat to help him weather any storm.

The school children of the nation have joined in the war on the Axis through the Schools At War Program. They are helping to sell War Bonds and Stamps, salvage scrap, aid Civilian Defense and other war activities. Their contributions will be recorded in school scrapbooks and exhibited throughout the country. Every school participating in the program will receive a certificate of service from the Treasury Department.

U. S. Treasury Department

## COLLEGE TEAM TO MEET EXPERIENCED TOSSERS

The basketball game with Army Special Services, November 30, looks like a piperoo. The Army lads, known as the 89'ers, have met with success in all their previous on-slaughts, and do not plan to be deterred from a perfect season at this time. Fort Dix, Indiantown Gap, and Gettysburg have fallen before these ball tossers.

### Game at New Cumberland

The game will be played in the high school gym in New Cumberland, starting at 8 P. M. The boys in Maroon and Gold will face an experienced, slightly taller team. From a sideline seat, it might appear that the 89'ers have an edge with that important factor of height. Their experience, too, will stand them in good stead. However, the boys from Bloom have put forth some snappy shows in practice and are now hitting on all five. With the experience of the Armed Service Forces' game behind, they will present a fast moving, well-oiled machine that can punch out field goals like a .50 caliber machine gun spits out lead.

### Former Civilian Champs

The Army squad is headed by player-coach Lt. Bob O'neil, a former center from University of Illinois team of '38, '39, '40. Sgt. Gingrich, this team's high scorer, played with West Chester State Teachers. Second in scoring is Sgt. Tom Foley, from Massachusetts, the high scorer in the N. E. Conference in '39 and '40. Another State Teachers alumnaus is Pvt. Sammy Welles, who played with East Stroudsburg in '40, '41. Cpl. Clyde Stacks, 6'2 guard, played with Franklin and Marshall in 1939 when they were conference champs. Pvt. Joe Zerilla is familiar to some Bloomsburg students. Joe coached Catholic High in Pittsburgh, after graduating from Duquesne.

### Maroon and Gold Men

The Maroon and Gold team will be built around Goepfert, Ganly, Vogel song, Bierly, Graham and Stogieski. Although both Bierly and Goepfert have had a little knee trouble, under the guiding, almost motherly hand, of Jack Llewellyn, both boys seem to be set for full speed ahead.

It is not expected that many of the local basketball fans will be able to journey to the game; however, this will not prevent them from being there in spirit and wishing the team the best.

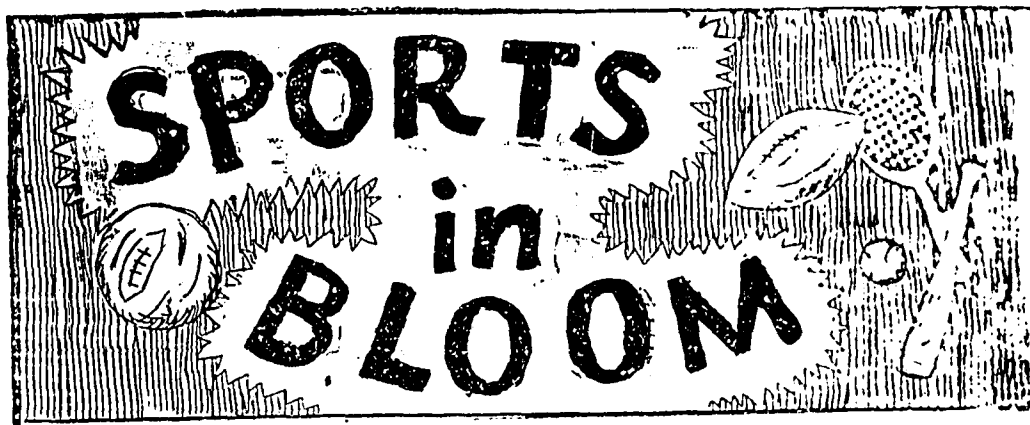

## WRESTLERS PREPARE FOR LANCASTER MEET

The "grunt and groan" sport is once more appearing on College Hill. Under the student coaching of Ray Dehler a comparatively "green" wrestling team is rounding into shape. The only meet scheduled, as yet, is with Franklin and Marshall at Lancaster, on December 18. Other meets are in the offing pending negotiations with other schools.

The squad at this time includes Dewey Webster, Ken Hager, Lechter White, Bob Stetson, Joe Fanella, Bob Stowe and Ray Dehler. Although only four of these men have had any previous wrestling experience the season promises to be interesting.

### Cooling System

A boy who had never seen a windmill said to the farmer he was staying with, "Gee, mister, that's some electric fan you got out there cooling the hogs."

## COLLEGE INTRA-MURAL BASKETBALL GAMES RATE HIGH IN FAN APPEAL

### Opening Games Show Fast Action and Hold Competition Between the Teams; Bob Goldstrohm of the Landlubbers, Sustained a Broken Ankle in Contest Against Scuttlebutt's

The intra-mural basketball contest is gathering a following all its own. The spirited campaigns, which rage up and down the boards of their battlefields, are spurred on by the roaring spectators. The quaintly named quintets have whipped up an esprit de corps enviable by even a varsity outfit. The crowds are necessarily small, they enthusiastically voice their approval of this extra-curricular pastime.

The tightest battle to date, was the fast game between the Poopdecks and the Liberty Hounds on November 16. The game see-sawed back and forth, neither team able to ring up a substantial lead. The Liberty Hounds finally succumbed to the sharpshooting boys from aft the quarterdeck, 28-20. Schildmacher whisked five two-pointers through the strings, to walk away with high scoring honors. Brady set a fast pace by scoring four of the same variety for the losers.

The same Tuesday, as the sun set over the Centennial gym, so set the Boots, as they were slowed to a walk by the Salts. With a pair of heavy ringers in Martin and Stahlman, the Salts totaled 44 points to the Boots' 16. It isn't fair to count the Boots out, this early. The squad shows promise of better action with a bit more experience.

The Landlubbers proved that

"scuttlebutt" does not pay, when they waltzed through the combination bearing that name to the tune of 43-16. Lanky Vance Snyder racked up 17 points—the highest to date. It was in this fracas that Bob Goldstrohm of the Landlubbers sustained a broken ankle that will put him out of the line-up for the rest of the season.

The last game of the season to be played in the old gym was held Monday, November 22. The Bilge Rats came up from below to down the Chow Hounds 34-9. Despite the score this was a hotly contested affair, with the teams turning on all they had. Doucette flipped 10 points worth through the basket, but was bounced around plenty in doing it.

In three weeks, Chief Llewellyn disclosed, the intra-muralists will have a chance to give the mighty varsity a trial spin over the boards. The squad of eight men from the league will be chosen by popular vote among all the teams. This game should be a rip-snorter, with neither team admitting defeat till the last chirp of the ref's whistle.

### Some Mistake

"Excuse me, Madame," said the air raid warden, "your gas mask isn't on straight."

"You wretch, I haven't even a gas mask on."

## LALANNE INSTRUCTING LOCAL AVIATION CADETS

This reporter had the opportunity of speaking with one of the most prominent athletes that ever set foot on B. S. T. C. soil. Lt. James Lalanne, the former "Sweet Lalanne" of the North Carolina Tar Heels, is at present the physical instructor for the local V-5 program, but he expects to be transferred during the early part of December to the Iowa Pre-Flight Station at Iowa City.

Sweet Lalanne played Freshman and three years of varsity football for the University of North Carolina and graduated from that institution in 1940.

### Most Thrilling Game

The Lieutenant was asked what game or games were to him the most thrilling. His answer was the contests with the University of Pennsylvania and Tulane. We had to divulge the facts for ourselves, Lalanne never mentioned the first person singular, and this is what we found concerning these two games.

### Final Season

It was during Lalanne's final season that the Tar Heels visited Franklin Field, the home grounds of the University of Pennsylvania. Pennsylvania was favored over the Tar Heels—The Tar Heels trounced the Pennsylvanians.

Lalanne figured in on every North Carolina touchdown. He passed for three six-pointers and ran thirty yards for the fourth t. d. The Lieutenant's run and two of his touchdown passes came within the incredible space of two and a half minutes. Never before had any team accomplished this feat against the Quakers.

### Tulane Game

The Tulane game was another thriller. Tulane had one of their best teams in years and was highly favored over the Tar Heels. The Green Wave was leading 14-0 with only five minutes of play remaining. North Carolina didn't win that game, but during the remaining five minutes they not only matched Tulane's 14 points, but missed opportunities of winning as three attempted field goals missed the target.

### Lalanne Leaves Soon

Lt. Lalanne will soon be leaving for Iowa City. In football terms, his transferring would be classed as a touchdown for Iowa; a loss for Bloomsburg.

## HEAR YE! HEAR YE!

A little bird hopped upon my window sill the other day and told me that December 3, 1943, is going to be a red letter day at B. S. T. C.

On this day, at 10:10 A. M., in the auditorium, the Freshman class will present its annual assembly program. This program is bound to be the best one of the trimester, so let's all meet in the auditorium December 3, at 10:10, and have a grand old time. See you then!

### Different Views

Lady of the House—"I forgot to ask you if you had any religious views?"

New Maid—"No, I haven't, ma'am, but I've got some dandy snapshots of Niagara Falls and the Great Lakes."

When you get to the end of your rope tie a knot in it and hang on.

Put your troubles in a pocket with a hole in it.
