BLOOMSBURG, PA., FRIDAY, MARCH 8, 1946

NUMBER ELEVEN

## BARN DANCING STILL CONTINUES TO FLOURISH

Another successful square dance was held Monday evening, March 4, in the old gym.

At least four sets took part in the dances throughout the evening, and everyone who attended seemed to enjoy themselves a great deal under the direction of Mr. Deiterich.

Fast numbers, polkas and fox trots were offered by the orchestra for variety between the different types of square dances.

## All Tournament Games Under P. I. A. Regulations

Final arrangements for the Nineteenth Annual High School Invitation Basketball Tournament, sponsored by Bloomsburg State Teachers College, are nearing completion. All games will be played at night with Class C games to be played Thursday night, March 7; Class B games Friday night, March 8, and Class A games Saturday night, March 9. Second round eliminations will be played on Thursday and Friday nights, March 14 and 15 and the finals will be held Saturday night, March 16.

All games will be conducted under P. I. A. rules and regulations and teams will be limited to ten players each. Suitable prizes will be awarded to the winners and runners-up in each division.

## KAPPA DELTA PI ELECTS OFFICERS

At the last meeting of Kappa Delta Pi on February 21, in the social rooms of Science Hall, William Harnvath, a returned veteran, told of his experiences in Bulgaria.

Mr. Harnvath was one of four Navy men to be sent there under the Allied Control Commission which is made up of representatives from England, Russia and the United States. The purpose of this commission was to see that the occupied countries were living up to the armistice. He told of the dominant Russian control in Bulgaria. Nothing goes on there without the Russian O. K., even the taking off and landing of planes. As an example of their absolute control, he related that the arrival of his airplane was a day late, and before he and the rest of the passengers could leave the plane, they had to wait on board five hours before they could obtain another Russian O. K. The Russians have the country in a state of fear. The people don't die, they disappear.

The newly elected officers of Kappa Delta Pi are: President, Eileen Falvey; Vice-President, Mary Schroeder; Recording Secretary, Althamantia Comuntzis; Corresponding Secretary, Shirley Keiser; Treasurer, Kathleen Hess.

New members recently initiated who are Juniors and Seniors in the upper quartile of their classes are: Alberta Naunas, Reed Buckingham, Kay Kurilla, Shirley Keiser, Karliss Kight, Helen May Wright, Anne Bucinell, Isabel Gehman, and Harriet Rhodes.

## Business Ed. Club To Have Typing Contest

At a recent Business Education Club meeting, plans were discussed for the Annual and the club unanimously voted to dedicate this first issue to Mr. Walter R. Rygiel, the sponsor. It was further decided to join the Eastern Commercial Teachers' Association and, if possible, to be represented at the convention which is being held April 17-20 in New York.

Evelyn Witman gave details of the typing contest which will be held at the next meeting and is open to club members only. Awards will be presented to the winners of the contest.

Joseph Lyons, a veteran and a new member of this organization, spoke about Army accounting. Mr. Lyons was with the Sales Organization of the Quartermaster Corps and briefly outlined the accounting set-up used.

Joseph Kisloski, Frank Pape and Joseph Lyons were introduced as new members into the club.

## ELEMENTARY GROUP HEARS MISS SCHMIDT

The Elementary Education Club of B. S. T. C. held its regular meeting at the home of Miss Edna Hazen, Director of Elementary Education.

The program was a particularly enjoyable one as the club was very fortunate in having as their guest speaker, Miss Dorothy Schmidt, a B. S. T. C. graduate. She was a former missionary teacher in Japan, having taught in the Philippines after which she was forced to hide out for six months in the jungles. Miss Schmidt is also able to speak the Japanese language fluently.

## STAFF OF ANNUAL IS ANNOUNCED

Staff members for the Annual to be published by the Business Education Club of the Bloomsburg State Teachers College have been announced. They include: Editor, Betty Fisher; Associate Editors, Betty Lehet and Harold Reinert; Artist, Al Zimmerman. The Rhymette Committee includes: Pauline Kokolias, June Novak, Matilda Patrick, Henry Crawford, Estelle Friday, Arbuta Wagner, Ann Williams, Shirley Henley, Sara Graham and Ruth Trimpey.

## SECOND GRADE VISIT LOCAL POST OFFICE

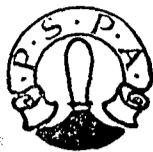

The children of the Benjamin Franklin School visited the workroom of the local post office Thursday, February 21.

Mr. Ohl, assistant postmaster, took the group through the workroom and answered the many questions which the children themselves formulated. The clerks and Mr. Ohl explained carefully just how the mail is handled from the time it comes in until it is delivered.

Trips of this type make it possible for the children to become acquainted with their town, and at the same time illustrate the many different occupations that the future holds for them.

## This Means You! Speaking of Education

It has been brought to my attention by the editor and several members of the paper staff that a great deal of undue criticism concerning articles, policy of the paper, etc., has been circulating on the campus. I am quite sure that they would more than welcome constructive criticism, but the discouraging fact is that the criticism being passed about the "Maroon and Gold" is ninety-nine per cent gossip and slander and one per cent has reached members of the staff or constructive criticisms.

The work on the "Maroon and Gold" is as the Army terms it "above and beyond the call of duty." All the members of the staff spend a great deal of time outside of class collecting and writing up material which they believe will be of interest to the student body. Most of us in passing hasty comments on such things as a school publication fail to take into consideration the work and responsibility the editor and staff have in preparing a paper for publication. After doing this extra work, there is nothing that helps the editor or a member of the staff more than to be complimented on the work put forth, and offered constructive criticism which will aid in improving the paper in any way. The staff members and Editor want to improve the paper continually or they wouldn't have joined the staff in the first place. But there is nothing more discouraging than to pick up a bit of critical gossip floating around the campus which has all the ear marks of a dirty dig.

If you have any criticism, don't be afraid to speak to the editor or any member of the staff or write your criticism and place it in the boxes at the Maroon and Gold office.

Remember—"Nothing is easier than fault-finding; no talent, no self-denial, no brains, no character are required to set up in the grumbling business."

Bill Hummel.

Jack, Jr.—"Poppa vot is science?"  
 Jack, Sr.—"My, how could you be so stupid! Science is dose lings what sez 'Kep off de grass'."

—Windber Hi-Times.

"But why?" they say. "Why do I have to take that?" A history major wonders why he is required to take chemistry—or algebra—or physics. A math major wonders why he is required to take English composition. They shake their heads in bewilderment and feel very mistreated.

It may seem strange to some of these students, but the truth is that the powers-that-be are not demons who concoct the required curriculum in boiling witches cauldrons. They have the students' interest at heart.

The problem of what really makes a good education is centuries old. Even then educators were attempting to put forth a curriculum which would be perfect, one that would draw out the best in each person.

Prof. O. P. Field, of the Indiana University government department, is one of the latest to advance his ideas on higher education. According to Prof. Field, the superior students are being placed at a disadvantage by the curriculum which are now popular. In his article, he agrees with Charles Evans Hughes, who said, "I am one of those who believe in the classical and mathematical training and I do not think we have found any satisfactory substitute for it."

"On the other hand," Prof. Field writes, "to compel the average student to choose the curriculum which the able student should take is only

## Women Attend Veterinary Schools

Nineteen women's professed love of animals has led them into a realm of work once reserved for men only. They make up the largest group of women enrolled in any one of the ten veterinary schools in the country. Many colleges still do not consider veterinary work a field for women and attempt to discourage them.

At Michigan State College skirts or trousers are not a basis for discrimination. The veterinary division does not recognize any difference between men and women students. This confidence placed in women's ability has been fulfilled by an admirable record. The position of editor of The Veterinarian, quarterly publication of the division, was formerly held by a woman student.

Nancy Kadlec, Chicago sophomore, walked off with vet honors last week when she won the veterinary faculty award for the highest scholastic record in the freshman class of 1944-45.

The women do not faint in droves or cringe from certain phases of the work. They would make a poor example for any theory about a weaker sex. According to Dean Giltner a woman may have more endurance and patience, but he emphasized that in general they were the worse gossipers.

Usually women veterinary graduates take positions in clinics, universities with veterinary departments or veterinary schools. Many of the underclass women hope to go directly into the professional field by establishing small animal hospitals.

## Campus Cliques

### College Band

The college band has been on the inactive list for several years because of the war, but it has now joined the active list. The group is small but shows great promise for the future. Due to the size and lack of a few instruments vital to a band there, will be no public performance this term.

Every Wednesday afternoon at 4:00, however, an hour rehearsal is held. With a little co-operation from other musicians on the campus the band could once more participate in the various college activities.

Mr. Fenstermaker is the faculty sponsor of the band.

### Community Government Association

The Community Government Association is composed of all the students and faculty members on the campus. It is a democratic organization set up so that any individual may express his ideas and criticisms on the running of college activities. Several assemblies each year are set aside for open meetings of this organization.

A College Council—with representatives of the four classes of college students, the day and dormitory organizations, and the deans—acts as the executive body for the Community Government Association. Bi-monthly meetings of this smaller group are held. It is up to this Council to collect the students' ideas, suggestions and complaints and work out fair solutions.

The student officers of the C. G. A. are automatically the officers of the College Council. The current officers are: President, Helen Wright; Secretary, Eileen Falvey, and Treasurer, Anne Baldy.

### Future Teachers Association

The Future Teachers Association is a junior organization of the National Education Association and the Pennsylvania State Educational Association. Its purpose is to acquaint future teachers with these two organ-

to insure the former's failure in his studies. Other students know that they cannot successfully cope with mathematics and the more difficult and abstract subjects. For a college to offer to these students such subjects as mechanical drawing, typing, shorthand, newspaper reporting and other subjects along this line, with some history, government, sociology, music and art, is perfectly justifiable. It may be ideally such students should not be present on the same campus with students of medicine, law, higher mathematics and philosophy."

## Dayroom Doodles

Yehudi's at it again. One minute the radio was loudly blaring Johnny Mercer's version of "Personality," and the next—silence! Is there a radio man in the school?

Someone has suggested putting a parking meter on the full-length mirror. Who likes to stand in line while some female suffering with a terrific inferiority complex primps and combs to her heart's content? The unfortunate and unwilling spectators don't particularly appreciate this practice.

Have you noticed the diamond that Dorothy Kocher is sporting these days? The date hasn't been decided yet, but she'll be Mrs. Bill Pugh.

Because of the cramped conditions in North Hall, one of the fellows has decided to take his place in the Dayroom. The other day he walked in, deposited his books on a chair, and calmly strutted out amidst the astonished stares of about twenty girls. Unbelievable, but true.

Won't somebody please tell the janitor to let the door unlocked so Dorothy Hornberger doesn't have to crawl in the window at 6:00 A. M.?

izations—the benefits and helps that are derived by members of the teacher profession.

All seniors and second semester juniors are eligible to belong to this group. Meetings are held about four times a year. Here Business, Secondary and Elementary student teachers can discuss their common problems.

The officers are: President, Eileen Falvey; Vice-President, Dora Brown; Secretary-Treasurer, James LaBarr.

As sub-divisions of this main organization are the Business Education Group, the Secondary Education Group and the Elementary Education Group. All these individual groups are for the respective student teacher of those groups. These three clubs have separate meetings about twice a month.

The officers for these groups are:  
 Business Education Group—President, Rose Cerchario; Vice-President, Marcella Vogel; Secretary-Treasurer, Janet Shultz; Rep., Mr. Forney.

Secondary Group—President, Bernice Gabuzda; Vice-President, Eltheda Klingaman; Secretary-Treasurer, Lillian Guis; Rep., Violet Weller; Sponsor, Mr. Bailor.

Elementary Group—President, M. Stover; Vice-President, Dora Brown; Secretary, L. Utt; Treasurer, B. H. Shultz.

### NOTICE!

Copies of the "Maroon and Gold" will be placed in the library where the Day Men can secure them.

"Letters to the Editor" may be left on the desk in the "M. & G." office. This is your opportunity to express your viewpoint. Take advantage of it!

## GOLDEN BUTTON GOSSIP

The fourth of the features forwarding facts from our former fighters. It's alliteration, sure, but it's appropriate in this case.

The gold button worn by Andrew Magill was awarded after almost four years in the Air Corps. "Andy" was a pilot in the Air Transport Command with the rank of First Lieutenant. He was overseas a year in the China-Burma-India Theater, and flew in the India-Burma, Central Burma and China Campaigns.

He holds the Distinguished Flying Cross and the Air Medal with oak leaf cluster. "Andy's" home town is Sugarloaf. His hobby is sport, and he has played varsity baseball, football and track at B. S. T. C. He is a junior in the Secondary field. "Andy" is married. He says he was in the A. T. C., "and proud of it." And so are we.

William Benson, from Moosic, was a member of the branch which does a lot of walking and fighting—the Infantry, "Queen of Battle." "Bill" was a sergeant squad leader in Company "A," 134th Infantry Regiment, of the Thirty-Fifth Division. He was in action in France and Germany from Normandy to the Rhineland. He entered the Service in March of 1942, was overseas a year and a half and was discharged almost four years later in December of 1945. He was awarded the Purple Heart, the Good Conduct Medal, the American and European Theater Ribbons and the Victory Medal. "Bill" is single. His sport is basketball. He is a freshman in the Business Educational Course at B. S. T. C.

Another sergeant squad leader in the Infantry, John Jones, was with the Twenty-Sixth "Yankee" Infantry Division in France, Luxemburg and Germany. He was a sniper and night patrol leader. "Jack" entered the Army in February of 1943, was overseas from August, 1944, to January, 1945 and was discharged after two and a half years of service in July of 1945. He, too, has the Purple Heart, and also the Combat Infantry Badge. His most interesting event was a three day pass in Paris. His home town is Mountain Top; sports are baseball and basketball, and his hobby is basketball. He is a freshman in the Secondary field. "Jack" is single, and says that B. S. T. C. girls are, on the whole, very pretty and that many of them are very good dancers. (Girls, don't forget the poor, old editor when passing out those quarters).

Here is another sergeant, but from a different branch. Louis Christina, Jr., from Nescopeck, was a motor sergeant with the 633rd Battalion of Engineers. "Chris" entered the Army in July of 1943 and was overseas for a year. He saw service in the Ardennes, the Rhineland, and in Central Europe. He was discharged in November of 1945, after two years and three months of duty. He is authorized to wear the European Theater Ribbon, American Campaign Ribbon, and the Good Conduct Medal. He is a freshman in the "Biz-Ed" course. He is single, and his hobby is photography. About B. S. T. C. girls? "No comment."

If Joseph Lyons is not in the Business Education Course at B. S. T. C. he ought to be. He was inducted in June of 1942, and kept at New Cumberland for a year as a Records Clerk, aiding in the processing of inductees.

Then he served as a clerk in the Commissary and Sales Office at Camp Ritchie, Maryland, for nine months. He was sent to the NCO School at Camp Lee, Virginia, for training in an advanced course in Personnel Administration and Supply and returned to Camp Ritchie as Chief Clerk in Property and Salvage Section for a year. He then became an Accounts and Requisition Clerk in the Sales Office for a year, until he was discharged in January of 1946. This is the boy to know for an inside track in case you want to buy a second-hand jeep, tank or bugle.

Another general administrative man was "Mike" Cipolla from Berwick. "Mike" went in on December 9, 1941. (Take another look at that date). He was in the Army with the 66th Station Complement Squadron in Scotland, England, France, Belgium and Germany. He was discharged in November of 1945, after four years of service, including three years overseas. He holds the American Defense Ribbon, the European Theater Ribbon with three battle stars—Ardennes, Rhineland and Central Europe, American Theater Ribbon, Good Conduct Medal and the Victory Medal.

"Mike" is another freshman in the "Biz-Ed" course. His sports are football and basketball. He is married and so made no comment about B. S. T. C. girls.

We hope to be able to present at a later date a tabulation of the Service activities of our present students, giving the numbers in the various branches, ranks, assignments, etc. This should be interesting, particularly to the "vets," but we need some more "dope" on some of them before we can begin. Keep your fingers crossed.

## HUSKIES NIPPED BY EAST STROUDSBURG

### Girls' Basketball Is Rapidly Improving

The girls participating in the Open House basketball league are showing the worth of the program by playing increasingly more skillful games as the season progresses. Games played Thursday, February 28, exemplify the marked improvement from green beginning playing illustrated at the season's outset when many girls were unfamiliar with the sport to careful playing with high scoring as a result.

Team I, "The Young Noble Foxes," defeated Team VI, "The Stranglers" in the first game by a score of 37-18.

### Bloomsburg Bows To E. Stroudsburg

Greatly strengthened by men entering school at the start of the second semester, East Stroudsburg State Teachers rolled over Bloomsburg 61-36 at the East Stroudsburg court on February 22.

The "Big Red" boys have run into some fast competition this season and it wasn't until they met the Huskies that they were able to mark up a victory.

The game started at a slow pace but picked up speed in each period. The Stroudsburg offensive increased each period which also proved to be too much for the Huskies.

### "Big Red" Tops Huskies, 54-53

The Bloomsburg Huskies staged a brilliant 21 point attack in the last quarter against East Stroudsburg on their home court Friday, March 7, but fell one point short of victory.

The visitors, who a week before that date inflicted upon the Huskies their worst defeat in several seasons, started strong and held a 29-22 lead at half time. They were leading by ten points going into the final period, when "Jay" Scarcella, the Hazleton guard, found the range and sparked the Huskies to new scoring heights. The local lad poured through five field goals and three fouls for thirteen points during the closing stanza. Stroudsburg led 54-51 with ten seconds remaining in the game when Pete Parnell, another Hazleton boy, scored from under the basket. The visitors then froze the ball and the game ended. Scarcella led the scoring parade with 21 points. The game marked the close of college basketball for two Seniors, Captain John Hmelnicky and Don Blackburn who graduate this spring.

### Elizabethtown Too Much For B.S.T.C.

Putting on a second half push, Elizabethtown college mowed down the Bloomsburg Teachers 54 to 38 on the latter's court on February 27.

It was the second win of the season for Elizabethtown over the Huskies—only more decisive in the first tilt.

John Hmelnicky, the Huskie point getter, was bottled up in the first half and scored only five in the second half.

Jay Scarcella and Pat Flaherty kept the Huskies in the score, but were on the short end of a 21-24 score at the half.

At the opening of the second half, Elizabethtown really put on the pressure especially the last ten minutes when they scored 10 points to the Huskies 7.

Keath was the big gun for Elizabethtown with 21 points and Flaherty held scoring honors for Bloomsburg with 13.

Continued on Page Four

A school-bag with a career—lively as a rumor and stirring as the nine o'clock bell. Make yours in a dark color wool with a brilliant facing that will show off your favorite Disney character to best advantage. Pluto, Mickey, Minnie, Dumbo, Bambi, the Three Caballeros, the Three Little Pigs or Thumper all come in these large-sized Simplicity designed appliques that are so easy to make and such fun to sport!

### School Daze

And no wonder—what with high school girls and their college sisters all over the country busy with "Disney-doodles." What is "Disney-doodling"? It's a way of using all of those lovable characters in embroidery or applique to dress up your old clothes or to make your new ones so original that they'll rate a line in the gossip column of your school paper.

"Disney-doodling" started when the Simplicity Pattern Company made these figures available for the first time in transfers, appliques and patterns. From that moment on, the whole Disney family started going to school. Now they come into class one at a time appliqued in a huge motif on the back of coker jackets or they come in, in groups, running willy-nilly across the back and front and down the sleeves of swagger coats. They've gone to girl's heads . . . perching proudly on the tails of stocking caps. They've stolen into the pockets of skirts and jackets and have ambushed jacket lapels as conversation pieces. They've blossomed forth on the tops of mittens and swing bravely from school bags. It's the era of higher education for the Disney family—they love school and school loves them!

In some schools they've even started Bambi Clubs for girls devoted to that soft-eyed warm-hearted fawn. As a member you take an oath that you'll take him wherever you go . . . wearing him proudly on your sleeve, or slacks, or skirts, or whatever. In a midwest school, girls now go out on "Duck Lates" taking Donald along as chaperon embroidered on their socks. Mickey Mouse and Minnie have become symbols for groups trying to bring about better boy-and-girl relations and they wear this ideal couple as their emblem. Bam-

### Greek Students Suffer in the War's Aftermath

Students at the University of Athens in war-seared Greece desperately lack the primary needs of life, according to a despatch from Margaret House, World Student Relief Worker, to the World Student Service Fund. Of the more than 8000 students, 200 are sheltered in miserable student centers, many live with friends, but a great number have no fixed abodes. Mrs. House describes vividly one of the better student centers.

"I had been warned that it was sordid, but I was not prepared for the atmosphere of hopeless depression among the students themselves. There was no handrail up the stairs. The first room was a study, where perhaps thirty students found places at the unplanned, unfinished desks; pale, gray students who had no bright smile for a visitor. I felt I was intruding, as so many of them seemed to be relaxing in pajamas, until I realized that they were being worn to preserve their only pair of trousers. The dormitories had beds, with two blankets each but no sheets. Perhaps it was better so, as there was no laundry. A room for six people had two chairs. One nail on the wall near each bed was enough for a boy's whole wardrobe.

"The bathroom was just a doorless, windowless landing. The kitchen had no furniture excepting a sink and a copper, but on top of the copper was a log fire, and on it a pan of

bi, the Gay Caballero, Thumper and Dumbo all have their faithful followers and are faithful followers.

Of course, the reason they've become such a fad is that Simplicity has seen to it that they are so easy to use. The applique is easy to follow and requires no special material . . . just odd scraps that you pick up in the family sewing basket. The more colors you use and the more varied the scraps of material . . . the better!

The transfers are as simple as A B C. You merely buy your assortment . . . figure out where you want to use them and on what . . . and that done, press them on with a hot iron and embroider over the outline.

There's a whole world of out-and-out ways that you can adapt them to help you get a name in the school fashion file. You're limited only by your imagination . . . for they require practically no cash outlay . . . just dreaming.

### "Borrowed Banter"

#### Short Story

There he was battling against the waves. "Just a mile more," he thought, "and I'll be safe on shore." His strokes were getting weaker. He could scarcely lift an arm. The beach was only a few yards away. His last efforts were too much. He began to grow dizzy. Then his head began to swim and carried him to the shore.

—The Flashlight.

An American on a trip to Mexico went into a restaurant and ordered steak covered with mushrooms. He couldn't speak Spanish and the waiter couldn't understand English, so the order was not understood. Finally, the American took a pencil and some paper. He drew a picture of a cow and around it a lot of circles to represent the mushrooms. At last a light broke across the waiter's face and he went out. In a few minutes he returned with a ticket to the bull fight and nine umbrellas.

#### Well Known

Office Boy—"Please, sir. I think you are wanted on the phone."

The Chief—"What do you mean,

something wholesome, out of tins, of course. Theoretically, the pan contains enough to yield 2000 calories all round, but it is all eaten at mid-day, and the students never quite believe that they are 2000 calories better off at the end. In any case, 2000 is not enough."

The students last year lived on one meager meal a day consisting of beans cooked in olive oil. 742 of them had contracted tuberculosis due to undernourishment and exposure. Funds contributed to the World Student Service Fund go to help these and other students in Europe and Asia who have suffered frightfully from the war and who are now resuming their studies in the reopened universities.

To love our friends is a work of nature; to love our enemies is a work of grace; the troublesome thing is to get on with those who are betwixt and between.
