Frosh-Sponsored April Showers Ball Crowd Enjoys Music of Lee Vincent

Centennial Gymnasium Is Beautifully Decorated For Corsageless Affair

In spite of heavy rains which lasted up until early evening, a near-capacity crowd attended the April Showers Ball of the freshman class, which was held Friday evening, April 22 in Centennial Gymnasium. Music for the occasion was provided by Lee Vincent and his orchestra. Dancing was from 9 until 12.

The dance floor decorations were arranged to suggest a garden scene. Two arbors flanked by a small, white picket fence stood near the main entrance. A large, green umbrella mounted on a garden table stood in the center of the floor, and a number of colored parasols were arranged along the sides of the bandstand. Colored paper streamers were hung overhead and extended downward to the floor. A large yellow shell was erected behind the bandstand.

Several novelty numbers were featured along with the regular dance program, and immediately before intermission the orchestra did a number of style imitations of nationally famous dance bands.

A mysterious note was added by the appearance of B.S.T.C.'s "Mystery Man," who was masked and clad entirely in black. After his brief and unannounced visit he hurriedly left the building and disappeared.

The absence of corsages was a conspicuous feature of the dance. They had been eliminated at an earlier date, after the girls had overwhelmingly voted against them in a poll which was conducted in assembly.

The various dance committees were as being that from which the recently

Mirth and music were combined into a program of entertainment at the assembly of Thursday, April 21, as Mr. George Johnson presented a routine entitled "Bach to Boogie." The performer proved himself to be pianist, and the gales of laughter that swept the halls were interspersed by periods of admiration and praise.

Clever use of the English language was employed by the artist in bringing forth many laughs. His opening der the direction of Mr. Charles Henremarks concerned his school days Brief comments on the lives of several of the composers were not without their lighter moments. In describing Bach's family of twenty children, Mr. Johnson quipped that the neighbors used to say the old master was "stork mad." As an example of the piano works of the "father of the planoforte," the "Bouree in G-minor" was played.

Chopin's life and works were discussed next. Of note was the fact that the birthday of this great composer falls on the same day of the year as that of George Washington. Chopin was the one composer who chose to devote all his time to creating music, i. e., to the exclusion of writing for other instrumentation. It was he who made the piano popular

Educators Appeal to President for Federal Aid to Public Schools

Leaders of the American Association of Colleges for Teacher Education, whose 247 member institutions prepare most of the nation's school teachers, have appealed to President Truman to push for early action on legislation to provide federal aid to public elementary and secondary schools.

Included among colleges and universities in the association is Bloomsburg State Teachers College.

In a 440-word telegram to the President and Congressional leaders, Dean W. E. Peik of the College of Education, University of Minnesota, the association president, and his executive committee members expressed "deep concern" over reports on the "very great gap between the number of new teachers who will graduate and the number required to keep open the schools of the United States."

The association officials, who held a two-day session at the Stevens Hotel in Chicago, told the President a new survey shows that the nation

Educators Will Meet Here To Discuss New **Elementary Studies**

The distribution and discussion of the new Elementary Course of Study for Pennsylvania Schools will be the purpose of a meeting to be held at the College on Wednesday, May 4. Miss Edna J. Hapen, the College's Director of Elementary Education, is local chairman, and is in charge of arrangements for the meeting.

Dr. Harvey A. Andruss will greet the superintendents, supervisors, and supervising principals from this service area in an address at 9:15 A.M. The meeting is one of a series of sixteen which will be held throughout the state for the purpose of launching the new curriculum for the elementary schools. The Chief of the Elementary Education Department of the state, Dr. Leversia L. Powers, is in charge of all the meetings and will bring with her a group of specialists to lead discussion groups.

Mr. Mystery stalks the campus! A sinister-looking figure clad entirely in black, even to a veil, with a huge white question mark sprawled across his back, appeared in assembly last Tuesday, after signs announcing his arrival had been posted throughout the buildings for a week. Entirely student produced, the first of what is hoped will become an annual intercollegiate music festival and art exhibit was presented in Philadelphia on Friday and Saturday, April 22 and 23. Sponsored by the Pennsylvania Region of the United States National Student Association, the "N.S.A. Culturale" included a variety of talented performers from member colleges throughout the state. Participating in the musical programs, of which there were three, were representatives from Lehigh University, Misericordia College, St. Vincent's College, Swarthmore College, Temple University, Albright College, LaSalle College, Chestnut Hill College, Beaver College, Bloomsburg State Teachers College, King's College, Rosemont College, Penn State, University of Pennsylvania, St. Joseph's College, and Allegheny College. Included in the performance were a band, glee clubs, vocal and instrumental soloists, quartets, B.S.T.C.'s piano-duo of Von Bergen and Wagner, and the Andy Mack Trio. Entries in the art exhibit were from these and several other schools, and were judged on Friday morning, at which time awards were made in the various classes.

With each participating school asked to provide about twenty minutes of entertainment, the three programs were different. The first was held on Friday evening, the second on Saturday afternoon, and the concluding one on Saturday evening. The performance of Saturday afternoon, in which (Continued on page 4)

Husky Nine Defeats Doughboys in Opener; Tracksters Win Two

by Wayne Von Stetten

Congratulations to our Husky track and baseball teams, who got off to a prodigious start by winning four out of five encounters. The track team took the University of Scranton, and Cheyney, into camp, while losing to strong Shippensburg squad. The baseball team, on the other hand, claims victories over a strong Second Army Team from Fort Meade, Maryland, and a mediocre Kings College Nine. In comparison with Husky teams of former years, the track and baseball teams are off to an auspicious start.

Although the boys of Coach Bob Redman have not been seen on home grounds as yet (they were rained out in their only home game thus far), a great deal of interest has been created in the team, and their fans are anxiously awaiting their first home engagement. Fans are especially anxious to see "Buck" Byham toe the mound for the Huskies. Pre-season and out-of-town reports on this portsider indicate Coach Redman has come up with a real find. John Czerniakowski, the likable Husky thirdsacker, still insists he saw but half of "Buck's" pitches shooting plateward during their encounter with the Second Army Team. At this writing, the big boy from Kane, Pa., has figured prominently in both the Huskies' conquests.

Now that warm weather is definitely here to say, a common topic of conversation around the campus is the fact that the tennis courts, for the most part, have not been put in shape for the '49 season. We are fully aware that this necessitates a great deal of effort on the part of our efficient ground-keeping force. However, won't they please make a concerted effort to whip the courts into shape to meet the demands of our many tennis enthusiasts?

A 9.8 hundred yard dash by Frank Gallo was the high point of last Saturday's meet with Cheyney, as the College thinclads swept to their second dual track engagement win in three days. Cheyney wound up lamed by a score of 75-56.

Turning in the fast hundred, Gallo defeated Cheyney's ace, Grant, who is a former P.I.A.A. champion. Gallo also led Grant in the 220, but was beaten out when he pulled up lame toward the close of the event.

Frank Womer and Elmer Kreiser repeated their heavy point-making performances of the previous meet with Scranton. Womer grabbed 13 points with firsts in the pole vault and high jump, and a second in the broad jump.

Kreiser took the shot put and discus. The damp track precluded outstanding performances, but Cheyney's East got off a near 22-foot leap in the broad jump.

Back Again . . .

After being out of the Doghouse for three weeks, this matter of getting back into it again has become a painful task of readjustment. It seems that rate; John Richard Wagner spoke on you always break your stride during a vacation, and then when you get back on the typewriter again you find yourself "X-ing out" about half the stuff you write. In fact, if you manage to salvage half of it you can consider yourself fortunate. Ordinarily, this column can be written in about three hours. Today it will probably require as many as five or six. All of which goes to prove what some of us have always suspected -- that the rest value of vacations is extremely questionable.

. Looking back, it seems that some vast improvements have been made tions, recently attended an all-day in the college during the past two years, and especially within the past several months. The redecoration of Carver and Waller Halls has done much Pennsylvania State Education Assoto bring Old Hilltop right up to date. It has become such that if you can remember when the Old Gym was really old in every sense of the word, you may feel free to consider yourself an oldtimer. The most recent and most welcome change has been in the dining hall, which has been entirely redecorated. And for that matter so have the sport coats of a few of us who were unable to see the fine print on the cards which, when you got down on your knees to read them, informed you that the paint was wet. As a postscript to this commentary on improvements comes the sobering thought that the drinking fountains haven't arrived yet. Perhaps they are being shipped via ox cart from Alaska.
