Scholarships and Grants Awarded To BSTC Students

In an assembly program on January 13, Alumni scholarships and grants amounting to nearly \$500 were presented to seven students. Mrs. Elma H. Nelson, president of the General Alumni Association, presented the following Alumni Association awards: The R. Bruce Albert Memorial Scholarship of \$20 to Betty Hoover, Halifax; The Alan H. Tanner Alumni Award of \$50 to Rebecca Ellis, Milton; the Dr. George P. Pfaler Memorial Award of \$50 to Michael Criscl, West Pittston; and the William W. Evans Alumni Award of \$50 to Joseph P. Feifer, Mt. Carmel.

President Harvey Andruss then presented the following class memorial awards: the class of 1950 Memorial of \$50 to Edward J. Connelley, Danville; the Memorial Award of the Class of 1951 of \$50 to James K. Luchs, Bloomsburg; and the Class of 1952 Award of \$50 to Edwin P. Chase, Scranton.

Earlier, College Community Grants amounting to \$1245 made possible by the profits of the Retail Book Store were distributed in grants varying from \$60 to \$75 to the following: Charles Andrews, West Pittston; Richard Bittner, Williamsport; Robert Bottorf, Bellefonte; Ronald Girton, Bloomsburg; William Kline, Millersburg; Keith McKay, Harrisburg; Mary Trefsgar, Watsontown; Marjorie Walter, Milton; Joan Christie, Shenandoah; Robert Evans, Shamokin; Shirley Fisher, Shamokin; Beverly Hough, Berwick; June Reece, Millville; Roy Rosenberger, Doylestown; Allen Walburn, Shamokin; and Evelyn Weaver, Muncy.

This is the largest amount of scholarships and grants ever offered at one time to students demonstrating ability and need, made possible by the combination of the Alumni Association, recently graduated classes, and the new method of using the profits of the Retail Book Store.

The Faculty Committee on Scholarships and Grants is as follows: Dr. Kimber C. Kuster, chairman; Dr. Thomas P. North; Dr. Marguerite W. Kehr; Dean John A. Hoch; and Dean Mary Macdonald.

Dr. North Attends Two Conferences

Dr. Thomas P. North, Dean of Instruction, participated in the New York City Regional Conference of the National Commission on Teacher Education and Professional Standards. Dean North served as consultant to one of the study groups which considered many phases of the problem, "Implementing the Professional Standards Movement through the Work of State and Local Teacher Education and Professional Standards Committees and Advisory Councils."

Sessions of the regional conference were held January 2 and 3 in the Mayflower Hotel, New York City. Other regional conferences were held simultaneously in Atlanta, Chicago, Kansas City, Colorado Springs, and San Francisco.

The conferences considered two broad themes: (1) thorough discussion of pressing problems in teacher education and professional standards and (2) the formulation of standards.

(Continued on page 4)

S.C.A. Meeting Held

Arlene Moyer and Marie Parrish of the Social Responsibility Commission led the worship service on the topic of the New Year at the regular meeting of the Student Christian Association on January 7. Following the devotions Nancy Homsher led a group discussion.

Several questions facing college students and the world today were debated. Some of these were racial prejudice, the King James Version vs. the Revised Standard Version, and the position of religion and morals in the world today compared with its status several years ago.

Several books were presented to the association by the Women's Missionary Society of the Methodist Church. These will be placed in the library for student use.

Freshman Class Officers

L. to R. first row: Joan Christie and Eleanor Nicholas; second row: James Nicholas, Carl Meyer, Thomas Higgins, Curtis Higgins.

Exchange Pianist Presents Unique Performance Here

On Tuesday evening, January 13, Philippe Entremont, brilliant eighteen year old French pianist, presented a concert in Carver Hall Auditorium. M. Entremont is on his first tour in America, having met with great success in Europe.

During the past two years, Entremont distinguished himself by winning prizes at two of the outstanding international piano competitions. First, he was laureate at the International Competition of Madame Long and Jacques Thibaut held in Paris during 1951, and this past summer, he was a winner of the competition of Queen Elizabeth of Belgium held in Brussels. Last February, he had the honor of being soloist at the anniversary concert in tribute to Darius Milhaud and Arthur Honegger where he played "Pastoral Fantasy," a new work by Darius Milhaud under the composer's direction.

Philippe Entremont gave his first recital in Paris when he was 10 and since then has been recognized throughout France for his "easy virtuosity and brilliance." He has performed at the Salle Gaveau under Maurice Hewitt; at the Camps Elysees Theatre, with the Concert Orchestra at the Conservatory and has been heard on radio stations throughout Europe.

Notable in his achievements have been the plaudits given him outside his native France. Hailed in Portugal as a "complete artist" with "marvelous musical taste," Philippe Entremont was also received enthusiastically by the Spanish press as an "artist of great sensitivity." His solo recitals and orchestral appearances in Germany and Austria also were the occasion for much favorable comment. Heralded as a "master of his art" in Stuttgart, Heidelberg critics rejoiced in the "extraordinary touch, poetic musicality, sensational technique and astonishing maturity" of Philippe Entremont.

Bloomsburg Players See Bucknell Drama

On Friday, Jan. 16, by special invitation the Bloomsburg Players attended the play "Oedipus Rex," by Sophocles, presented by Bucknell's Cap and Dagger dramatic society. The play was held in the Lewisburg High School gym at 8:30 p.m. Attendance was voluntary and transportation was provided by private cars. Miss MacCammon, Miss Barnes and Dr. Wilson attended the play with the group.

The Players left long porch at (Continued on page 4)

Kappa Delta Pi Plans Possible Trip for Seniors

Kappa Delta Pi held a special meeting in the social rooms of Science Hall on Wednesday evening, January 14, at 7 o'clock.

The fraternity voted to invest some of the money in bonds which it now has in the treasury. Daniel Fitzpatrick will head a committee to investigate a possible trip to New York City or some other near-by city for senior members. Other members of the committee are James Ferdinand, Mary Condon, Jeanne Wallace, Charles Andrews, and Phyllis McClaren.

Following the business meeting, David Newbury and John Scrimgeour reported on the convention, at which they represented this chapter at Kent, Ohio, from December 6-8. Another convention will be held at Atlantic City in April with Trenton State Teachers College as the host. Delegates for this will be elected at the next meeting.

A small gift was given to Dr. Maupin, adviser of the group, who is taking a sabbatical leave next semester. Following the presentation, Dr. Maupin responded with a brief address in which she thanked the group and wished them the best of luck throughout the year.

Refreshments prepared by Midge Wrzesniewski and Irene Cichowicz were then served.

Buffet Supper Held

On Tuesday evening, January 13, a committee of the local branch of the P.S.E.A., composed almost exclusively of male members of the faculty of B.S.T.C., served a delicious buffet supper to members of the faculty and their guests in the Social Rooms of Science Hall. Over seventy people were present at this delightful affair.

Members of the committee in charge of preparing and serving the meal were: Mr. De Voe, chairman; Mr. Fenstermaker, Mr. Gehrig, Mr. Hoch, Dr. Kuster, Dr. Russell, Mr. Smith, Mr. Sterling, and Mr. Yohe. Dr. Kehr was in charge of financial arrangements, while Miss Waldron assisted in a technical capacity.

The next meeting of the P.S.E.A. unit will be held on February 18, when Mr. De Voe, the faculty delegate, will report on the annual P.S.E.A. convention held in Harrisburg, Dec. 29, 30, and 31.

Senator Paul L. Wagner To Address January Grads

Faculty Article Highlighted in Business Journal

The leading article of the December, 1952, issue of "American Education," a joint publication of the Eastern Business Teachers Association and the National Business Teachers Association, is titled "Duties of Department Heads," and represents the joint efforts of Harvey A. Andruss, President, William C. Forney, formerly Director of the Department of Business Education, State Teachers College, Bloomsburg, Pennsylvania.

This study was begun by a questionnaire sent out by Mr. William C. Forney, then Head of the Business Department, Easton High School, in 1931. The same questionnaire was sent out to Pennsylvania High Schools in 1941, and again in 1951, to determine the preparation, salaries, experience, and professional duties of the Heads of Business Departments in the high schools of Pennsylvania.

The comparisons of the 1930 and 1940 figures appeared as Chapter 4 of a book published under the title BETTER BUSINESS EDUCATION, by Harvey A. Andruss and others, and the present article makes comparisons between the 1941 and 1951 figures contained in the replies received from 76 Pennsylvania high schools.

This magazine article represents the longest continuous follow-up, based on identical questionnaires, that has ever been made in the field of Business Education, and represents the cooperative efforts of present members of the Department of Business Education of the Bloomsburg State Teachers College, in addition to those previously named.

It is hoped that these figures, covering three samples for a period of twenty years, will cause thousands of business teachers located in the Eastern and Middle West States of our country to think about what has happened in Pennsylvania, and probably pursue similar studies in other States.

Job Opportunities Offered Graduates

Bloomsburg seniors majoring in chemistry and physics are eligible for Atomic Energy Commission-sponsored graduate fellowships in radiological physics for the 1953-54 school year.

Radiological physics is a new and expanding field of science. It is concerned with health physics, radiation monitoring and control, radioisotope measurements and similar activities associated with the use of radioisotopes or the release of nuclear energy.

Up to 75 fellowships may be awarded, with fully-accredited graduate study to be carried out in three locations. One program is operated by the University of Rochester and Brookhaven National Laboratory, another by the University of Washington and the Hanford Works of the AEC, and the third by Vanderbilt University and the Oak Ridge National Laboratory.

Additional information on the program may be obtained from science department heads or direct from the Institute at Oak Ridge, Tennessee.

Harrisburg, Jan. 2 — Examinations to fill 250 stenographic and typing jobs will be held February 21, the State Civil Service Commission announced today. January 30 is the final day to file applications for the jobs which pay starting salaries ranging from \$1956 to \$2562 a year.

He added that the posts exist in all 11 agencies of the State Civil Service system.

Written, performance and dictation tests will be held at Wilkes-Barre and Williamsport.

Applications may be obtained at the State Civil Service Commission in Harrisburg, local offices of the Pennsylvania State Employment Service,

Ball and Banquet Held Yesterday

Commencement Week for January Seniors began with the Senior Ball held yesterday from 6:30 to 12 midnight. The graduating seniors dined at the Elk's Home, Bloomsburg, dancing later to the music of Lee Vincent's Combo.

John Scrimgeour was general chairman of the Ball and Banquet. Chairmen and committees for the affair include: January Banquet and Ball—Herb Kerchner and Don Blyler; Host and Hostess—Mr. and Mrs. Herb Kerchner; Tickets—James Ferdinand and Rosella Danilo; Dance Programs—Joe Barkley and Grace Heppie; Decoration—Michael Durso and June Pichel; Class Picture—Dick Locke and Edward Weaver; Cap and Gown—Alice Quick and Debbie Grazel; Investigation, Arrangements and Accommodations—Joe Feifer and Bill Byham; Publicity—John Bogdan and June Pichel; Orchestra—Eugene Hummel; Invitations—Ben Linn and Jo Ann Cuff; Announcements and Name Cards—Charles Pease and Jean Miller; Honor Assembly—John Maturani and Edward Rompala.

Commencement Convocation will be held tomorrow during assembly. Henry Marini, senior class president, will give the Scripture Reading. Commencement speaker will be the Honorable Paul L. Wagner, chairman of the Educational Committee and Senator of the 29th District of the Commonwealth of Pennsylvania. Senator Wagner will speak on the topic "Education and Outlook on Life."

Seniors to be honored will be introduced by Dr. Nell Maupin, present adviser of the senior class. Dr. Thomas P. North will present candidates for degrees which will be conferred by President Andruss. Following presentation of degrees, the entire assembly, under direction of Mr. Ralph Fisher Smith will join in singing the "Alma Mater." Mr. Howard Fenstermaker will be at the console, playing the Processional, "Temple March," and recessional, "Grand Choeur".

U.S.N. Will Sponsor Officer Training For Eligible Women

The Navy has announced that women students may obtain commissions in the Naval Reserve again this year by participating in the Reserve Officer Candidate program.

Applications are desired from physically qualified freshmen, sophomore, and junior students in good scholastic standing. Selected candidates will attend two six-week summer training periods, known as the Basic and Advance Courses, at Bainbridge, Maryland. Both courses must be completed not later than the summer following receipt of a bachelor's degree. The program does not interfere with a student's curriculum or study, nor does it involve any commitment on the part of the educational institution she is attending.

Applicants should have reached their eighteenth birthday on enrollment, but shall not have reached their twenty-seventh birthday when the program is completed.

Pay scales are as follows: \$99.37 per month during the first training period, plus housing, food, uniform, medical care, and books; \$122.30 per month during the second training period, plus housing, food, uniform, medical care, and books. An Ensign on active duty receives \$222.30 per month plus \$47.88 for subsistence, \$63.40 for quarters if not furnished by the Navy, a uniform allowance, and medical care.

Those called to active duty will work at naval activities all over the country in such fields as administration, personnel, communications, and education.

Complete details concerning the ROC program for women students may be obtained from Miss Macdonald. Lt. Eleanor Homan, USN, will be on our campus this spring to talk to any students who may be interested.

Death Before Dawn

Snow and rain were falling over Bloomsburg last night when disaster, in the form of a raging fire, struck at the "friendly college on the hill".

For five hours firemen battled flames that completely destroyed Waller Hall, the main building of Bloomsburg State Teachers College. This building houses the girls' dorm, a section for boys' living quarters, the library, Business offices, the dining hall, class rooms, and two lounges.

How the fire started was not known. Nor was it clear what caused the explosion that sent a burning wall crashing into the street, burying firemen in the flame and rubble. Two firemen were killed instantly and seven others were injured.

The death toll is terrifying. Out of four hundred people who occupy the building, only one hundred and fifty survived. The suddenness of its occurrence, and the panic which it caused probably accounts for this.

In the smoldering ashes can be seen the charred remains of what was a noisy dorm just a few hours before.

All is quiet on the hill now. There are no echoes of laughing voices and scurrying feet. The sunbeams play quietly over the debris, and the only sounds of movement are the quiet probings of the men as they scatter parts of beds and books to remove any objects not completely burned.

Sound fantastic? Maybe. But it's not as far fetched as you might think. This could very well be the result of a fire here at B.S.T.C.

It is imperative that we realize that this ever constant danger is present. Not only is our wiring poor and overloaded, but the individuals themselves are creating fire hazards.

On two occasions, irons have been found burning in the pressrooms. Another incident occurred in the second floor smoker—someone had carelessly forgotten to butt their cigarette. These are just examples of laziness and an "I don't care" attitude.

In Waller Hall, there are people who are designated as Fire Chiefs, and Fire Chief assistants. It is their task to check up on things, and to see that the students carry out regulations. They are ever on the alert for fires or fire hazards, but cannot watch all the time. The student must realize that fire prevention is his job alone.

When a fire drill is held, give your co-operation. So what if it is late and you are tired? These practice drills are for your benefit! Above all be careful and conscientious. Smoke only in the places designated for that purpose. Use the smokers and lounge—they're yours—but use them wisely.

There are many ways in which you can be of help, and only a few have been mentioned here. Do your part by keeping on the alert. Read the fire regulations for Waller Hall so that you'll know what to do in the event that a fire does break out.

All it takes is a little effort and a spirit of co-operation. Both are free, and should be given willingly. Remember, this is your home away from home. Keep it a safe place in which to live. It's all up to YOU!

G.I. NEWS

The Maroon and Gold Staff:

Dr. Kehr asked me if the school paper caught up with me as yet. It has, and I want to thank the staff for their fine work in seeing to it that we in the service receive the current news about the college. I'm sure that everyone in the service truly appreciates what they read in the paper. It is a very pleasant feeling to sit down after a day out in the field and to pick up a paper that contains information and happenings that you can picture in your mind. Many pleasant and enjoyable moments have been spent by me thinking of my college days and of my associates. Believe me, you'll learn to appreciate the institution when you depart into your various jobs.

I'll never forget the first four days I spent in a little camp in the muddy hills of Virginia. The D.D.L's, which is an abbreviation for: Drills, Discipline, and Leadership instructors, were tough boys who put us through the paces. It was tough to take what they had to hand out, but you had to. Later on, you learned to appreciate what they had to put up with. They had a difficult job in trying to teach us to be military men.

Within a few weeks, I will have completed thirty weeks of excellent training. Very shortly I will be leaving for another marine station where I will assume new duties. After thirty weeks of training it will be an excellent change. I can honestly say I am enjoying myself. May I leave a message with the

young men who are about to enter the service. If it is at all possible work for a commission. You will not regret it, I assure you. It is much better to be a commissioned officer than a man in the ranks. You all have the education behind you; use it to your advantage. Try to get into some program whether it be Army, Navy, Air Force, or Marines. You won't be sorry. If any person would like to obtain information concerning the Marine program, I would be only too happy to give you that information.

I would like to wish the staff, student body, and teachers a "Very Happy and Prosperous New Year."

Sincerely yours,
John Dietz

Harold Hartley, a 1952 graduate of this college, entered the Army on December 9. He was inducted at Camp Meade but later was moved to Camp Polk in Louisiana. Any mail will reach him at the following address:

campus hemlines

by Ann Gengenbach.

Crazy? . . . you decide

Flash! The latest topsy-turvey fashions are about to make their appearance. The fashion change is taking place in jewelry. Necklaces will be worn on the head, earrings have found their way to gloves, and your bracelet collection will be draped from a belt in 1953.

Being different is the emphasis this year. A simple felt beret worn on a slant, will take on that "new look" when it is studded with an earring on one side. Its mate will probably be found clipped on the opposite ear. Earrings will also be seen on lapels, and on the cuffs of short gloves to lend a sparkling air. If it's evening gloves you're wearing, clip the earring on the upper hem near the shoulder.

Necklaces will be draped in the hair and sewn on bands of velvet to hold that pony tail fast.

The raving twenties are back! Bracelets on the arm will be considered vulgar in '53. They just aren't going to jingle around your wrist anymore; instead they entice the upper arm or become an ornament on a belt.

Different??? I'll say. Of course, there is the time and place to apply these new styles. One time not to invade with the new fads is with casual campus clothes. One style hasn't changed and that is wearing those new engagement rings on the left hand, third finger.

For a quick change from the outer layer to the undercover things. Whatever silhouette you pick this year, whether it be full, slinky, peg-topped or bell-bottomed, there will be slips to match it. Although it is very doubtful that women will make a quick switch from the full, crinoline and swirl to pencil slim skirts this spring, the newest petticoats are those for the slim skirts slit on the sides to allow free and easy walking. You say, "That's nothing new!" Just one moment please. The skirt will be slit in such a way that the matching slip will peek out neatly from below. Of course, the billowing "cancan" petticoats will remain, only more ruffles and more ruffles will be evident. Such petticoats will make the full skirts that Carolyn Birdy, Marlene Gobster, and Dot Barnes are wearing stand out even more and be eye-catching for those slim waistlines.

Hip Hip Hurray

As you know, the crusade for "normal" models is on. For those of you that are hearing about this for the first time, here are the facts. Several well-known designers feel that clothes are being designed for the thin, thin model and not for the average woman. The fight is on to replace pencil-slim models with natural girls. Seems as though our best-known models are literally starving themselves to wear size nines and thus remain the envy of the nations. However, should this revolt grow and grow, dresses will be designed with all of us in mind.

John Robert Powers, director of America's leading charm school tells us, "My idea of beauty is the natural girl. New looks may come and go, but the "you look" is here to stay." Well, you've been given two versions . . . what do you think??

This is just the first column of 1953's startling changes in hemlines and fashions. Bye now, until next issue.

Waller Hall . .

Jackie Albert and Wylla Mae Bowman were recently elected to represent the freshman dormitory girls on the Waller Hall Governing Board. The committee which handled the election were Patricia Edwards, Sharon Dotter, Patricia Phillips, and Betty Hoffman.

Miss Mettler has returned to her apartment in Waller Hall following her illness at the Bloomsburg Hospital. Welcome back, Miss Mettler. Now we are wishing a speedy recovery to Carolyn Case who has undergone an appendicitis operation at the same hospital.

Perhaps it was the mistletoe. At least several girls have recently received diamonds. These are Carolyn Case, Sherrill Phillips, Bunny Caccia, Joan Havard, Betty Hoover, Lynn Goodell, Janice Pugh, Delsie Sharretts and Judy Fry. During Christmas vacation Suzy Reaser became Mrs. Leon Coval and Anne Kelley became Mrs. John Stonik. Congratulations to all.

Watch for It

Music, Maestro, Music

Do you like music? Well, so does another guy on this campus, Hank Marini. But Hank manifests his interest in music in a slightly different way than you and I. Hank is, if you'll pardon the expression, a band leader; and if you happen to pass Carver Hall some evening and hear rather strange noises emanating from those hallowed walls, you'll know Hank is experimenting with some new Pastel arrangements. That's the kind of music Hank plays, Pastel music. Pastel music is supposed to connote to the listener the same impression that one receives from a pastel shade. And that's where Hank got the name for his outfit; he calls them the Pastels. The idea of Pastel sounds in orchestration is paying off for the combo as they have played engagements from Wilkes-Barre to Milton and Sunbury.

The Pastels have been in the brewing stage ever since a few of the fellows got together in their freshman year and decided they would like to try to produce something different in the way of musical sounds and arrangements. For a year or two, various experiments were conducted and the Pastel group this year is the final evolution of all the ideas assembled in those years. All of the members of the combo have played professionally in various orchestras. The layout of the group this year is George Schell at the piano, "Flip" Girgan on the sax and clarinet, Dan Fitzpatrick on the drums, and his excellency, Hank Marini, at the vibraphone (and baton, mostly baton.) The arranging of the music is done exclusively by Marini, with the able assistance of George Schell. The arrangements follow the style of George Shearing at times; these being the only cases in which a famous band is imitated. All the other soft, soothing arrangements are pure Marini.

Many new and exciting incidents are constantly occurring to the fellows in the band, and many of them are most amusing. All of the members of the group have been proposed to by "young-old" women who were "stoned." I understand that this happens quite frequently. And then there is the incident of the knife-thrower. It seems that the combo played for a floor show one evening. In the middle of the performance, the knife-throwing artist asked one of the boys in the band to be his assistant. Marini volunteered; he spent ten hair raising minutes against a wall while knives whizzed past him. Hank says "never again." He wants to retain as much of himself as he can.

It is quite surprising to find a musical combination of such stature on a small campus like Bloomsburg. Marini has coordinated some of the newest ideas in music into a really good outfit; his success in this region proves that. His deep interest in constantly bettering the band is shown by the fact that early this year he invested several hundred dollars in a set of vibes to give his combo a distinctive touch. Men like Marini always go to the top of their field; and the Pastels are well on their way as one of the finest small orchestras in this region.

Huskies Trounce Lock Haven Five in Delayed Tilt

On Monday evening, Jan. 12, the Huskies made their home debut much to the delight of the sizeable crowd by trouncing a highly touted Lock Haven cage squad 79-57. Al Williams and Doug Erickson were the big guns for the local forces pouring in 16 points each, but nine other Shellymen also dumped in markers to aid in the clipping of the Bald Eagles.

In the first stanza, the Huskies jumped off to a 2-0 lead and were never headed. The tally was tied only once, that score being 2-2, and after that, the Maroon and Gold took the game in hand and swished shots in from all over the court to make a 22-13 lead at the end of the quarter. During the second quarter, it was much the same story. Lock Haven threatened to close the gap early in the period by coming within six points of the locals, but then the Bloom boys teamed up once more to pull way out in front 42-27 at intermission.

The second half of the tilt was another Husky tale. With many of the regulars leaving the fray after they had built up a comfortable lead, the subs went in for B.S.T.C. and continued to increase the eventual victory margin. The third quarter score was 57-39. As the final period progressed, the Shellymen piled up at one point, a twenty-five point lead and then coasted for the remainder of the bout, winning by the final tally of 79-57.

Larry Ksanznak

Ondrula and Betz followed Williams and Erickson for the scoring laurels by swishing in eight points apiece, and Murphy, Bald Eagle standout ripped the cords for 14 points to lead the Lock Haven squad in scoring.

Saturday evening the Huskies make their second home appearance when they meet Cheyney State Teachers College, a new foe on the local roster. Game time is 8:30 p.m.

LOCKER - LINGO

by Harry Brooks

With the coming of the New Year, the Shellymen have been having some difficulties on the hardwoods, but we are sure that in the next few weeks they will hit their stride just as they did last year and find winning ways. Although few people saw the opening loss to Scranton during the Christmas vacation, the crowd at the Lock Haven game was fine, so the students are certainly behind the team, win or lose. Saturday night the local cagemen will battle a good Cheyney net aggregation in what promises to be an interesting battle.

Still in the tiptop circle — it seems as if the teams to beat for the State Teachers College basketball title will be West Chester, Millersville, and Lock Haven. Although all three teams to date have shown great strength at times, we may safely say that the race will be close all the way to the wire. Clarion and Indiana out in the western part of the state look good, too. Shippensburg and Mansfield loom as the easiest teams the Huskies will face, if there is any such thing as an easy game for any Husky team. Our foes always seem to be at their zenith when they battle us. Other teams that are going to prove more than tough are Wilkes and powerful Lycoming, who just last Saturday racked up a 110-60 win over Susquehanna University. Lycoming also topped Lock Haven earlier this season. It looks like rough going all the way around but the local charges have the potentialities to give any team a lot of trouble.

Intramurals will make their debut tomorrow evening in Centennial Gym, and judging by the names of some of the teams the current edition of the men's favorite extra-curricular activity will be even more exciting than in past years. Each team to date has claimed that they will cop the mythical title, so competition looks stiff. Dr. Wagner will again head the program and John Bogdan aiding him with various duties.

From here and there . . . genial "Bells" Colone, B.S.T.C.'s answer to George Mikan, was scld last week by the Wilkes-Barre Barons to Elmira where he has been already starring on the courts . . . look for power-plus teams in the annual high school tourney when that big event again hits this campus come March . . . and speaking of high school basketball, in the West it looks like Farrell and Charleroi have the power this year along with darkhorses Johnstown and Greensburg. In the East, Coatesville again looks good, with Allentown on the prowl for the title too . . . former head football mentor Bob Redman returned to the Friendly College last month to visit friends in the area. Although he has gained weight, he still retains his genial good humor.

Intramural Basketball

Intramural basketball has begun on College Hill, and should prove to be rugged with thirteen teams participating in the nocturnal brawls. Under the faculty management of Dr. Paul Wagner, the teams began their season last Thursday night in Centennial Gym. Hotly contested battles should be waged throughout the season; so go to see intramural basketball on the nights that games are played.

Here are the official rosters of the teams participating:

Misogamists	69ers	Bird Dogs	Pasquale Prizes
M. Durso	M. Smith	A. Zeigenfuse	B. Oney
J. DiRico	D. McNeus	J. Angus	R. Hons
H. Marini	R. Couch	B. Dipaolo	D. Trocki
H. Taylor	J. Kinder	D. Caton	J. McCarthy
B. Cumens	E. Palushock	J. Thompson	A. Garmping
G. Wiik	J. Shemanski	B. Creasy	E. Longo
H. Stewart	D. Smith	B. Carter	M. Gavio
R. Kelchner	M. Moran	T. Higgins	K. Kirk
G. Morrison	G. Karol	C. Richie	
R. Lang		B. Mahalic	
Mighty Midgets	The Hot Shots	Bell Ringers	Kentuckians
S. Berry	B. Mont	S. Aagaard	J. Krause

Golden Avalanche Outclasses Hapless B.S.T.C. Cagers

In a one-sided contest on Saturday night, January 10, the Golden Avalanche of Kutztown trounced our Huskies 85-69 at the K.S.T.C. Gymnasium.

Starting from the opening whistle and continuing throughout most of the game, it was Kutztown dominating the play — the Huskies, playing their first game since before the holidays, just couldn't get their offense rolling and the defense clicking until the fourth quarter, but by then the game was too far gone. The Golden Avalanche out-dribbled, out-ran, and out-shot the hapless Huskies at every turn, although they gave the Maroon and Gold a decided height advantage.

The first quarter see-sawed back and forth with Kutztown holding a slight edge 18-15. Then the roof fell in, as far as the Maroon and Gold was considered, as the Golden Avalanche really poured it on. A ten point output on the part of the Huskies was neatly tripled by the ever-alert Dutchmen, and they left the floor at half time with a comfortable 22 point lead, 47-25.

Dan Boychuck

The second half was a dog eat dog affair with neither team outshining the other. The last quarter, however, the Huskies displayed some of the aggressiveness that they are capable of as they scored 26 points, but Kutztown kept right on rolling along, and that was the ball game.

Kutztown	G	F	Pts
Karo, F	8	7	23
Slivinski, F	3	2	8
Bereman, F	0	1	1
Fatzinger, F	4	1	9
Hartman, G	4	4	12
Dauffer, G	8	7	23
Smith, G	3	0	6
Deihl, G	1	0	2
Barnhardt, G	0	0	0

College football coach: "What's the matter wit' youse guys? You look like a bunch of amateurs."

Shellymen Lose In Last Period To Wilkes Five

Coach Harold Shelly's Huskies found foreign courts still a jinx last Wednesday nite as they dropped their third contest on the road to a fast driving Wilkes quintet 74-58.

A slow start and inaccuracy at the foul line were the main causes of the defeat, although poor ball-handling throughout the game hindered the Husky offense no little. The Huskies got off to a quick 6-2 lead easily in the first quarter but the Wilkes' Colonels stormed back to take a ten point lead as the quarter came to a close. In the second stanza the Colonels upped the margin to 15 points and

Doug Erickson

then the Huskies came to life. Aided by some good rebounding by Doug Erickson and Bob Gerhart the Maroon and Gold machine began to close the gap with a fast-breaking style of play that had the Colonels almost dead in their tracks, but the home club countered with a last minute spurt and posted a 31-25 half time lead.

The second half found the Husky offense back in low gear with Joe Ondrula being the only one able to connect. Joe did some good shooting under the boards and almost singlehandedly matched the Colonels output for the third quarter which ended with neither team gaining any ground. The final period was exciting throughout but not very productive for our Huskies as the home team added ten more points to their margin to win going away. The final count was 74-58 and the road jinx had scored again.

Joe Ondrula ended up as high scorer for the Shellymen as he netted 22 points. Batronev and Davis were the big guns for the Colonels collecting 20 and 19 points in that order. The 28 foul goals amassed by the Colonels were the deciding factor in the final outcome as the Huskies accounted for one more field goal than the home team.

Things That Cause Detinseling

It is nice to have Christmas vacations, but nothing detinsels (you know, like taking tinsel off a tree) all the happy memories like coming back to school and find a big black gooey situation called finals staring you in the optics. Then to add insult to insult (that makes two insults) there's C.C., it's my round. (No McCarthy, put away the empty glass; I mean it's my turn to fill up this section of the Maroon and Mold). Most people have been looking forward to the M. and G. (in fact, for months, and months, and months) just to see who is going to get verbally mauled in this hodge-podge.

From Eleven to Five

The numbers have changed but the situation is about the same. Bundles of muscle, skill, and brains thump back and forth between goals to score points. They lessen the number, change to a round ball, take off the pads and cleats, but they still give me something to write about, "The Shellymen." Despite the fact that your and my pre-season hopes haven't been realized in the first few games of basketball this year, C. C. maintains that with the ammunition we've got, it's only a matter of time till the gun gets working right. With goodies from last year like "Big Doug" Erickson, "Scooter" Ksanznak, "Cool Cat" Linkhorst, and "Starchy" Betz to be aided and abetted by some hothand Freshmen name of Keith Weiser, Larry Bush, and Sam Bell, you can see that prognostications of future success are not ill founded. (Notice: This was not a paid political announcement by Mr. Shelly.)

Hero Medal, Third Class

Current Currents is pleased to award the Bronze Current medal to Miss Leonora Macgill, who valiantly fought tooth and fang with a huge (2 3/4 oz.) . . . bat. As girls went screaming down the hall in third floor Waller the other night, "Mickey" went screaming in the opposite direction and vanquished the intruder. For the sake of decency, we hope it wasn't a boy bat.

The Inside Dope

This title refers to yours truly (?) who, as most of you know, should know something about that brilliant, powerful, artistic, desirable publication called the Obiter. (Well, it's free publicity anyhow. Seriously, though, an event that happens around this time of the year is the Co-ed of the Year Contest. This contest is, as most of you know, sponsored by the college yearbook. The contest will be given radio and newspaper coverage. The winner will be presented at the Frosh dance and given a silver loving cup (some cup). Anyhow, look around you and be thinking about your choice. Oh, yes, and buy an Obiter; it's a good investment.

Hey, 'round the corner

Around the corner a ways from the Floorwalkers Apartment (Mr. Yohe) is a new addition which has improved the general state of something or other, the addition of study rooms on the third floor of Men's Waller. This has been a neat and inadequate answer to the complaint that some students occasionally need to study after the midnight hour, (or play monopoly) only to be turned down by a dull or an insomniac roar. When I reflect that in my bolder days, I used to make circuitous jibes about the lights going out in the stair wells only to have them turned off completely a few months later, I realize the power of the press. Everything C. C. touches turns to muck. One thing though; since the new light policy there's a lot more inclination to stay out till morning.

Picking up the boodle

Here on the Hill we'uns try to take care of us'uns. A number of mighty worthwhile people were given scholarships by the College the other day in assembly. These are in the nature of investments and should (and usually do) pay off in a number of better citizens.

Smoke gets in your eyes, ears, nose, and throat

The Dorm Men's Smoker a coupla weeks back was an interesting proof of the endurance of the human animal. After grinding off a couple of reels of movie film, eating a can of pretzels, 16 dozen doughnuts, drinking a barrel of root beer (root, mind you), and then smoking 50 cigars and 400 cigarettes, about 75 guys emerged from the Old Gym, all choked up with pleasure. (I guess it was a pleasure.) There was so much smoke that Harry Brooks had to tie Dave Skammer to him so that they could find their way out. All in all, it was a real nice clam-bake.

A thing that should be said

Maybe some of you January Seniors looked at this sector of print some time in the past and got some measure of pleasure from it. I hope so. I know of you people well and want you to know that this College has gotten pleasure out of just being your college.

I'm sure that what I'm bumbling around at trying to say makes as much sense as most of these columns. Mostly it is. Good fortune and much success from all of us to all of you.

Athenaeum Club

On Thursday afternoon, January 8, the Athenaeum Club met in Room 33 in Science Hall for its first meeting of the New Year. The group, with Mr. Ralph F. Smith, adviser, listened to records. The selections heard were "Fantasy Impromptu" by Chopin, Brahms "Lullaby", "Londonberry Air" (traditional), "Tramerie" by Schuman, and "Flight of the Bumble Bee".

This business of thinking up jokes Gets one a little daunted, The ones you want, we can't print And those we print, aren't wanted.

The next issue of the Maroon and Gold will appear on February 6.

Mr. Harry C. Beckley Guest Speaker of Sigma Alpha Eta

On Tuesday evening, January 13, Mr. Harry C. Beckley, of Bloomsburg, spoke to the Sigma Alpha Eta fraternity on "Hearing Aids and the Difficulties encountered by the Hard-of-Hearing Person." Mr. Beckley displayed different types of hearing aids and also the latest type of microphone which does away with "clothes whisper." He also made a hearing mold for one of the members. The speech proved to be informative and entertaining to members of the society. At the social hour which followed members were very much interested to learn of his skill in the field of hypnosis.

Mr. Gehrig Speaks To Business Ed. Club

The Business Education Club, presided over by the president, William Hatrack, held its meeting Thursday, January 15, in Navy Hall auditorium. After the business meeting Bob Westover, chairman of the Program Committee presented the speaker, Mr. Earl Gehrig, accounting instructor on campus.

Mr. Gehrig began his interesting and timely talk by quoting from Will Rogers: "The United States is a wonderful place to live in, but you have to pay for it." In the course of the talk, this was shown to be true.

Some interesting points in the background of taxes were brought out. Income taxes were actually thought of as far back as 1815 but it wasn't until March 1, 1913, that the income tax laws were passed. There are five sources in the priority of tax laws in the United States. They are, in order the Constitution, statutes, regulations, administrative rulings, and then the courts.

Following these enlightening bits of information on taxes, there was an interesting discussion on different phases of income taxes.

Dr. North Attends Two Conferences

(Continued from page 1)

of action programs by state delegations for improvement in the areas discussed.

In addition to his service at the Regional Conference, Dr. North was one of several scheduled speakers for the Centennial Convention of the Pennsylvania State Educational Association, which was held December 29, 30, and 31 in Harrisburg. Dean North, who is chairman of the Pennsylvania State Commission on Teacher Education and Professional Standards, made the commission's annual report to the House of Delegates Tuesday evening, December 30.

The state-wide organization of public school teachers was organized in 1852. The theme of the 1952 convention was "Another Century of Opportunity for Great Teachers".

Sue: "He's always been a perfect gentleman with me." Ruth: "He bores me too."

ATTENTION! What books would you like to see in the college library? Students are reminded that they can suggest books or periodicals for purchase in the library. Bibliographical information — full name of author, complete title, publishing company, and copyright date — should be written on a slip of paper and given to a member of the library staff. All requests are carefully considered by the librarians, but purchase cannot always be guaranteed. It is dependent upon demand for the publication and budget limitations.

Bloomsburg Players (Continued from page 1) 7:15 p.m. The only charge was an admission fee of one dollar. The play is well known in the literary, philosophical and psychological fields. Its theme deals with fate, and the inability of humans to escape their destiny. A capsule summary would be: man murders father, unknowingly; marries woman whom he later learns is his mother; all this was predicted at his birth. The Oedipus complex in psychology is derived from this play. 1st Drunk: Shay, know what time it is? 2nd Drunk: Yeah. 1st Drunk: Thanks!

E.B.T.A. Appoints Honora Noyes as Membership Head

Miss Honora M. Noyes, B.S.T.C. faculty member, is serving as membership chairman of Eastern Business Teachers Association for the state of Pennsylvania. The appointment was announced by Dr. Helen Reynolds of New York University, president of E.B.T.A. In her capacity as state membership director, Miss Noyes will be responsible for membership promotion in the state. This is an important assignment as Pennsylvania is truly a keystone state as far as E.B.T.A. is concerned. The state has been host to its conventions in Philadelphia many times.

Miss Noyes occupies herself with square dancing and painting in her spare time. Last summer she worked on a dude ranch in Wyoming, and previously has traveled to many interesting points in the United States. She is a member of the Pennsylvania Business Education Association, National Educational Association, and United Business Education Association.

Eastern Business Teachers Association is composed of 3,000 business educators in eastern United States, Canada, Cuba, and Puerto Rico. The annual convention which attracts about 1,000 educators will be held at the Hotel Statler in New York City, April 2-4. Many teachers from Pennsylvania will attend the convention and take an active part in the program.

Pi Omega Pi Sends Representative to Chicago Convention

The Alpha Delta Chapter of Pi Omega Pi was represented at its National Convention, held in Chicago on December 26-29, 1952, by William Jacobs, president of the Bloomsburg chapter.

In his report to the chapter, at its January 29 meeting, Bill presented many new ideas for consideration and told some of his interesting experiences incurred on the trip to Chicago and back.

Since there has been some revision of by-laws in the National Chapter during the past several years, it will be necessary for the local chapter also to make some revisions in its by-laws. Claire Davis, Wilma Jones, Ed Longo, and Ken Kirk were appointed to study and revise these laws.

In addition to this, Bill presented several new projects that are now being used in other chapters throughout the United States. Fifty-seven chapters were represented at this convention.

"B" Clubbers Will Travel to Hershey

The Women's "B" Club will sponsor a bus trip to Hershey on Saturday, February 28, at which time the Ice Capades of 1953 will be playing in the Hershey Sports Arena. This year the theme of the Capades is based on the musical hit, *Brigadoon* by Lerner and Loewe. Twenty-eight girls are planning to attend.

(Continued on page 4)

Science Club Meets To Elect Officers

The Science Club held its last meeting for the first semester on January 22, at 3 o'clock, in Science Hall.

Members of the club voted for their second semester officers, who had been previously nominated. New officers are:

President—Sam Yeager

Vice President—Oren Baker

(Continued on page 4)

CGA Sponsors Dance

To the rousing strains of "Have You Heard" and "Duck for the Oyster", approximately 200 vacation-rested B.S.T.C. students round and square danced in the old gym on Tuesday night, January 27, 1953.

Held on the eve of the second semester, the C. G. A.-sponsored dance introduced the 26 new students to Bloomsburg, and welcomed them.

(Continued on page 4)

Bloodmobile To Appear at College

A privilege rather than a compulsory chore—a responsibility instead of a shirkable task—the personal duty of every Bloomsburg student and faculty member is to give blood for national defense and security. This important job can and should be done when the Wilkes-Barre Bloodmobile visits B.S.T.C. on February 12, 1953.

Dr. Wagner, faculty chairman of the blood program, states that this year's quota is 150 pints of good Bloomsburg blood — surpassing 1951's 125 pints and the 137 pints of last year. The student committee, headed by Bill Hill, consists of Judy Bauer, Clare Davis, Barbara Gulick, Wilma Jones, Joan Scott, John Bogdan, Jim Davenport, Gerald Houseknecht, John Kennedy, and Al McManus. The committee's job is to enlist volunteers and keep the dozens (they hope) of students in line come February 12.

From 10:00 until 4:00 the old gym — one of the most popular spots of "the friendly college on the hill"—will look like a miniature Red Cross hospital. There will be many luring inducements for giving blood in the form of hot meals for donors, beds for weary students, beautiful nurses, handsome doctors, and modern instruments which will make the process completely painless and simple.

Unfortunately, students will not be excused from classes. Faculty members are asked to cooperate, both in giving blood and in excusing late student donors.

Nearly every B.S.T.C. student, faculty member, and employee is qualified to give blood. A complete physical examination will be given to each donor, and any person with ill health will not be allowed to give blood. Students between the ages of 18 and 21 must be required to show a release, on a printed form which will be made available, from their parents in order to be qualified. Any students under 18 are considered ineligible.

An assembly program clearly describing and explaining the entire program will be held on Thursday, February 5, 1953. The program, sponsored by the blood visit committee, will feature Doctor Bell of Wilkes-Barre.

Blood is urgently needed by American soldiers, particularly in battle-scarred Korea. If the students at Bloomsburg are fortunate enough to be living where safety and security are evident, they should be thankful enough to give what they can of themselves to preserve the lives of their not-so-fortunate fellow students who are fighting in Korea.

Contestants Are Selected In 1953 Obiter Coed Contest

Beauty, poise, and personality were the qualifications considered when the contestants were recently chosen for the third annual Obiter "Coed of the Year" contest. Selected to represent their class by their president and man representative, the eight contestants include Barbara Bennett, Joan Scott, Nancy Bangs, Janet Ference, Shirley Eveland, Judith Fry, Elizabeth Patton, and Bessmarie Williams. Class officers making up the selection committee included Henry Marini, Alex Kubik, David Superdock, Charles Andrews, Fred Del Monte, Keith McKay, Thomas Higgins, and Carl Meyer.

The contest this year will receive full radio coverage. A panel discussion will be broadcast the day before election with participants including Obiter Editor, David Newbury; Maroon and Gold Editor, Alfred Chiscon; Faculty Adviser, Edward T. DeVoe; Publicity chairman, Keith McKay; and 1952 Coed winner, Phyllis McLaren. The election and crowning will also be broadcast, the eight Co-ed contestants to be interviewed at the polls together with election officials, and the presentation ceremonies to be tape-recorded at the Freshman Hop.

Posters containing photographs of the contestants will be distributed throughout the school prior to election date. The girls will be presented to the student body during the assembly period of February 12. The entire student body will be able to vote for their selection of the typical "Coed" on Tuesday, February 17. The winner will be presented with a gold, engraved, loving cup. A full page picture of her will appear in the Obiter '53. The photography is by Girtons' Studio.

The idea of the Obiter sponsored "Coed" contest originated in 1950 with Editor Joseph Curilla. The winning coed, Nancy Unger, was selected by beauty authority John Robert Powers. The idea was renewed after a year's lapse last year, when Obiter '52 Editor John Burns again held the contest. The winner, Phyllis McLaren, was this time selected by vote of the entire student body. In an effort to make the Obiter contest a yearly event, Obiter '53 head Dave Newbury is again holding the contest, leaving the final winner once more to the choice of the student body.

The contestants in summary

BARBARA BENNETT

Barbara is a freshman elementary student from Plains, on the outskirts of Wilkes-Barre. She was graduated from Plains High School in 1951, where she was a member of the drill team and an honor student. Upon graduation she went into nurses' training, later decided she would rather be a teacher, and thusly arrived in Bloomsburg. Here on campus she is a member of the Aviation Club. Among her hobbies she particularly likes to swim.

NANCY BANGS

Nancy is a sophomore business student from Millville. A Graduate of Millville High, she was a class valedictorian, a member of the band, Quill and Scroll Society, and feature editor of the school paper. Here on campus she is a member of the Business Education Club. Her hobbies include oil painting, music, and dancing.

SHIRLEY EVELAND

Shirley is a junior secondary student, majoring in Science and minoring in Mathematics. She was graduated from Berwick High School, where she was an honor student, active in dramatics and the Glee Club. Here on campus Shirley is on the advertising staffs of the Obiter and Maroon and Gold, a member of Science Club and F.T.A., on the Awards and Bulletin Board Committee, and has for two years been a model in the annual Fashion Show. Her hobbies include skating and piano.

ELIZABETH PATTON

Liz is a senior elementary student, at present student teaching third grade at the Fifth Street School. She is a graduate of Wyalusing Valley High School, where she was in the girl's chorus, band, and class play. Here at the college she is in the Women's Chorus, Secretary of the Athenaeum Club, and is Senior Representative to the Waller Hall Association. Liz's hobbies include playing the piano, swimming, skating, and knitting.

JOAN SCOTT

Joan is a freshman elementary student hailing from Oreland, on the outskirts of Philadelphia. She was graduated from Springfield Township High School, where she was active in the band, dramatics, school newspaper, varsity lacrosse, and was an Honor Society student. Here in B.S.T.C. she is a member of the Bloomsburg Players and plays the clarinet in the M&G Band. Joans' hobbies include dramatics, swimming, and writing.

JANET FERENCE

Jan is a sophomore elementary student from Williamstown. In high school she was in the Honor Society, Art Editor of her yearbook, a member of the dramatic and swimming clubs, and in the class play. A student at Lock Haven during her freshman year, she received the Outstanding Frosh Award. Here at Bloom she is a member of the Obiter staff, Women's Chorus, Dramatic Club, poster committee, and was co-chairman of the Waller Hall Kids' Christmas. As hobbies go, Jan likes to draw, ski, knit, play basketball, and Charleston.

JUDITH FRY

Judy is a junior business student from Williamstown. In high school she was a cheerleader, played basketball, was in the band, Honor Society and chorus, and was Secretary of the Student Council. Here at Bloom she is secretary of the Community Government Association, treasurer of Pi Omega Pi, and a member of Kappa Delta Pi and the Maroon and Gold staff. In previous years she was in the Women's Chorus, Bloomsburg Players, S.C.A., and Business Education Club. Her hobbies include dancing and swimming.

BESSMARIE WILLIAMS

Bess is a senior elementary student from Forty Fort. In high school she was a cheerleader, editor of her school paper, and in charge of the Junior High School Recreation Center. Here at

campus hemlines

by Ann Gengenbach

This being the first issue since the return of our first semester student teachers, I thought 'twould be nice to mention some of the different outfits several of them are wearing. When Clare Davis wandered into the old gym, I noticed how smart and neat she looked in her greyish-tan suit. The jacket was fitted snugly and Clare chose to wear it on the casual side, leaving the first two buttons undone. This allowed the soft collar to stand up but yet stay open enough to disclose a forest green blouse and five strands of pearls. The straight skirt made steps in the multi-brown heels attractive and eye-appealing.

Next person on my list is petite Jo Cuff. This past Sunday, I saw Jo wearing a very unusual dress. This is the first of its kind on campus, I'd say. It was a dark brown, velvet fitted dress. The long torso was perfect for tiny Jo. A braid design of gold and rust curled around the collar. Jo chose to wear absolutely plain brown heels to finish her costume. Just the right shade of brown to match your hair too, Jo.

Madge Felkner, just back from Williamsport, put her deep purple knit suit to good use. The suit followed straight, straight lines and has a tiny stand-up or lay-down collar. The blouse of the suit has short sleeves and an across-the-shoulder design. Gold jewelry made the outfit complete.

Although Mary Hoffecker isn't a senior, she did have on an outfit that I thought very cute. Mary was playing ping pong the other night when I noticed her casual brown check dress. It, like so many of the dresses you'll be seeing, has a straight skirt. Rust piping etches the deep V neckline and cuffs. Small gathers over the hips give it that very uncomfortable look. Mary decided on brown heels and topped off her costume with a choker of pearls.

Just a line or two to say that if you're interested in perking up any dark winter dresses or sweaters, then it's the new rage of collars and cuffs for you. The new dummies and cuffs come in a wide array of stripes, polka-dots, and lace. Just button them on and your whole wardrobe is in line for a change.

Add the word "mouchette" to your handkerchief vocabulary. Designed to tuck in a glove or under a bracelet, mouchettes are smaller than six inches square.

That's all for this week, see you next issue

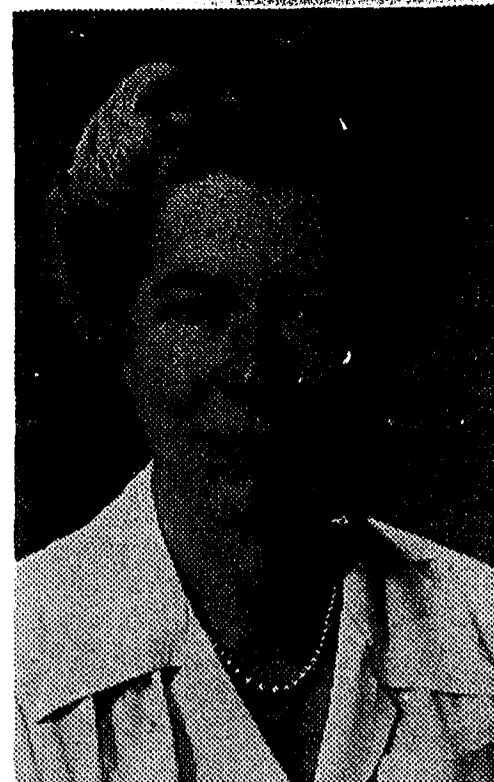

Canterbury Club Plans Conference

The regular monthly meeting of the Canterbury Club was held Wednesday evening, January 14, at the home of Mrs. Roy Snyder, E. 3rd Street.

Plans were made for the diocesan conference to be held in Bloomsburg April 11-12 at St. Paul's Episcopal Church. Delegates from the following colleges will attend: Dickinson, Penn State, Gettysburg, Bucknell, Mansfield, Lock Haven, Susquehanna, Wilson, and Penn Hall.

The guest speaker will be the Reverend William B. Williamson, ex-army chaplain, Rector of Grace Episcopal Church, Honesdale, Pa., and a former professor of religion at Lehigh University. The regular monthly meeting was changed to the second Thursday of each month at 7:30 P.M. Mrs. Frank Hutchison will be the hostess for the next meeting.

college Bess was secretary of her Freshman Class, a member of Athenaeum Club and Women's Chorus, advertising manager of the *Olympian* and editorial board member of the Maroon and Gold. Last fall she was Football Queen at the Varsity Dance. At present she is on the editorial board of the *Obiter* and a member of F.T.A. Student teaching first grade this semester, her hobbies include dancing, swimming, and keeping scrapbooks of basketball games.

Miss Hazen and Dr. Maupin Leave On Sabbaticals

Dr. Nell Maupin

New Students and Faculty Here for Second Semester

Three new faculty members, nineteen new students, and three former students had joined the B.S.T.C. community at this paper's latest tabulation for the present semester. The new additions in faculty include Dr. Cecil C. Seronsy, English; Mrs. Martha M. Johnson, Art; and Mrs. Dorothy J. Evans, Music.

Dr. Seronsy comes to Bloomsburg as an instructor in English composition and literature. He holds the Bachelor of Arts Degree from the University of Virginia, and he received the Degree of Master of Arts and Doctor of Philosophy from Harvard University.

Following his graduation from the University of Virginia, he taught for eight years in the high school at Lowellville, Ohio. For six years, he was associated with the Youngstown Sheet and Tube Company. Dr. Seronsy was a member of the faculty of Purdue University for two years and taught classes at Northeastern University, Boston, Massachusetts, and Harvard University.

The following new and former students had registered for the coming semester at this paper's deadline: former students—Joseph Beily, George Dietz, and Franklin Jones; new students—Patricia Bevan, James Buggy, Harry Conner, Robert Dalton, Joseph DeRose, Mrs. Virginia Dunn, Alan Eardley, Donald Hartman, Mrs. Marjorie Kline, Charles Kwiatkoski, Stephen Magera, Joseph McCarthy, Oliver McHenry, Elmer Robinson, Marilyn Ann Schraeder, Meade Shuman, Harry Weist, Harold Sachs, and Robert Stroup.

Waller Hall News . . .

Two new freshman girls, Marilyn Schraeder and Patricia Bevan, became members of Waller Hall Association when they moved into the dormitory at the beginning of this semester. Marilyn, a student in the elementary curriculum, is from Nanticoke, Patricia, who is from Scranton, is in the business department.

Rose Korba recently became engaged. She received her diamond from Bert Kennedy of Pleasant Mount.

Sabbatical leaves have been granted for the second semester to Dr. Nell Maupin, social studies instructor, and Miss Edna Hazen, Director of Elementary Education. Dr. Maupin intends to leave Bloomsburg early this month and return early in June. She has planned a fact-finding trip through the southern states and a "grass-roots" survey to determine changes in attitudes of the people of the South.

While on this trip, Dr. Maupin will live in small southern mill towns and industrial centers in order to evaluate the attitudes of factory workers, farmers, and small businessmen. She will talk with men, women, and children, particularly those who are not ordinarily contacted in opinion surveys. Dr. Maupin wants especially to study the impact of the Texas oil industry on the economy and social structure of that state.

Because of her continuing interest in public education, Dr. Maupin will visit schools and teachers in the southern states. She is especially interested in the shift in sectional attitudes toward separate educational facilities for Negro children.

Miss Hazen has already left on a trip to Egypt, Greece, and the Near East. She will spend a full two months in visiting important areas, historic spots, and shrines of art, literature, and culture.

The overseas trip will not be a new experience for Miss Hazen, who travelled extensively through the British Isles a number of years ago, visiting England, Scotland, Ireland, and Wales. She was also a member of a geographic excursion to the Caribbean region under the auspices of Clark University. Last summer, Miss Hazen travelled in Mexico on a tour sponsored for teachers by the National Education Association. She visited schools and teachers throughout the country as well as the University of Mexico.

President Andruss announced that Dr. Ernest H. Engelhardt, director, Secondary Education, will handle Miss Hazen's duties as director of Elementary Education. Miss Hazen will resume her regular assignment at the beginning of the college year in September.

The following schedule of motion pictures to be shown on Friday evenings in Carver Auditorium has been planned for the months of February and early March:
Feb. 13—Caesar and Cleopatra
Feb. 27—Viva Zapata
Mar. 13—Phantom of the Opera

Huskies Swamp Bald Eagles; Break Road Jinx at Lock Haven

The Husky quintet finally broke the road jinx that has plagued them so far this year by repeating an earlier win over the Lock Haven Bald Eagles Wednesday night, January 28, at the Lock Haven Field House. The final count was 35-57, and a well prized victory it was. Victory on the Bald Eagles' hardwood has always been a major accomplishment for the Husky basketballers. This win was the first attained there in the last five years.

"Jumpin' Joe" Ondrula continued his scoring spree, following his record breaking 31 points against Mansfield, by leading the Husky attack with 19 points. The charges of Harold Shelly had a little difficulty in getting their offense started although they functioned well enough to grab a 5-point lead at the halfway mark. The reserve strength enjoyed by the Huskies came in very handy in the later stages of the first half, and it was this factor that was to be the eventual turning point in the game.

A blistering offensive spurt on the part of the Huskies all but defeated the Bald Eagles. The home forces fell hopelessly behind as the third quarter came to a close with the Huskies leading 55-33. The last stanza saw the Bald Eagles in a belated, but futile attempt to close the gap, but the Huskies were intent on burying the road jinx. The score as the final buzzer rang was a 73-57 victory. Number four was in the bag.

Table with columns: B.S.T.C., G., fg., pts. for players like Gerhard, Ondrula, Shuttlesworth, etc.

Table with columns: LOCK HAVEN, G., fg., pts. for players like Sundstrom, Washlok, Laird, etc.

Summary table for Lock Haven game: B.S.T.C. 18 14 23 18-73, Lock Haven 14 13 0 24-57

JUMPIN' JOE Ondrula Establishes Two New Records in Game Against Mansfield

"Jumpin' Joe" Ondrula was really jumping Saturday night, January 21, against Mansfield. It seemed every time he jumped, the net jumped too as the ball zipped through for another two. All in all, Joe had himself quite a night as he totaled 31 points to establish a new BSTC individual scoring mark. In amassing this total, Joe collected 13 field goals, also a new record, and 5 free throws.

LOCKER - LINGO

by Harry Brooks

At this writing, the Huskies are on top of the race for the teachers conference basketball title, and if the Shellymen continue to play the same brand of spirited basketball against all future foes as they did against Millersville last Saturday evening on the home court, they will be hard to beat either at home or away. The first place slot is something new to the local cagers this late in the season, and if they make an impressive showing against West Chester Saturday evening, and later this season at Millersville, they should have the title wrapped up. Both the Golden Rams and the Marauders pose the biggest problem in the Husky quest for the crown, but other foes such as Kutztown and Shipensburg will be tough to beat. Kutztown topped the Maroon and Gold just a few weeks back on the Golden Avalanche court, but are not likely to repeat their surprising success in Centennial. After Kutztown had beaten Bloom, Millersville displayed their strength by humbling the Avalanche by about 40 points.

The weekend trip to Cheyney and West Chester should prove to be a key in retaining the tutor lead. The Huskies walloped Cheyney on the home floor by a 96-57 score, but the downstate five figures to be more potent when the Huskies play there Friday evening. The West Chester tilt is Saturday night. Recently the Golden Rams dumped Millersville in a thrilling overtime fray, so the game tomorrow evening at W.C. should be a corker.

Intramurals are keeping the college basketball boys happy these days. Several exciting battles have taken place thus far and still more are in the offing. In addition to the basketball activity in Centennial, the open house policy for all men has drawn the attention of many day and dorm students. The entire policy appears to be a booming success.

All this publicity for Bevo Francis and the "Sensational," undefeated Rio Grande basketball team is just a little silly. It seems that Rio Grande plays quite a few business schools and junior colleges and perhaps that is the reason for all their sudden success. If any other team would play the same type of schedule, had they any talent at all, they could have an allwinning season. True, there are only about 100 students at Rio Grande, but it's quality, not quantity that counts. You need only five men and a handful of subs to form a basketball team. Maybe Coach Shelly should form a team from the business students and ask for a game with Rio Grande. That is how absurd this entire ballyhoo about the sensational Rio Grande team appears if the facts are known in the situation. Anything for publicity. Hiram College, another Ohio school, not far from Rio Grande, has lost their last 35 games. Maybe the two would be a good pairing.

Basketball Statistics for First Seven Games

RECORD 5 WINS 3 LOSSES (Statistics do not include Millersville game)

Huskies Tally 96 To Set New Record

The Huskies continued their winning ways at home Saturday night, January 17, by overwhelming a plucky, but inexperienced Cheyney S.T.C. quintet 96-57. In extending their home winning streak to 14 games, the dribblers of Coach Harold Shelly set a new all-time school scoring record for a single game. The previous high of 93 points was registered last year against West Chester.

The Huskies got off to a fast start early in the game, but the Cheyney cagers were quick to get back in the ball game. The Cheyney team displayed a great deal of speed in their style of play, and for a time had the Huskies on the ropes. It wasn't long before the experience and additional height advantage enjoyed by the Maroon and Gold began to pay off and the Huskies pulled steadily ahead to a 26 point advantage at the halfway mark.

The second half was a mere repetition of the preceding portion of the game, giving Coach Shelly

ample opportunity to see his reserves in action. The bench-warmers responded like seasoned veterans, and the score continued to mount to the delight of the crowd. For a while it looked as if the century mark would be reached, but a last minute freeze by the visitors put short life to these intentions. Although definitely out-classed, the visitors never gave up, trying their best to the final whistle, and holding the admiration of the crowd all of the way.

The scoring honors for the evening were carried off by Bates of Cheyney with 14 points. The scoring for the Huskies was more evenly divided and it was this all around scoring ability that was the main factor in the victory. Bob Gerhard with 13 points and Doug Erickson with 12 were the high men for the Maroon and Gold. The rest of the team was well represented in the scoring column although Al Williams, usually a dependable scorer, could garner nary a point.

This victory gave Huskies a 1-1 league record, the loss coming at the hands of Kutztown on the latter's court.

Table with columns: CHEYNEY S.T.C., G., fg., pts. for players like Wharton, Bates, Lonesome, etc.

Husky Cagers Move Into First Place in Conference Standings

Husky Pups Extend Winning Streak to Four Straight Wins

Playing their usual sterling brand of basketball, the charges of Coach Bill Byham romped to their fourth straight win last Saturday night at Centennial Gym by a score of 71-52 over a highly-touted Allentown Salvation Army team that had been defeated only once in its last twenty outings. The star-studded visitors were in the game only for a short while, and then the undefeated Pups found the range and won the contest going away.

The visitors wasted little time in getting started and had registered four points before the Pups could get rolling. This early advantage was short-lived, however, and by half-time the home club had a commanding 13 point lead which they maintained throughout the remainder of the game.

The scoring twins from Kane, Keith Weiser and Larry Bush, continued to display their accurate shooting form and led the Pups' attack from Kingston, scored repeatedly in the first half with a deadly one hand push shot to tally 19 points. The visitors were paced by Glass who garnered 17 points.

Table with columns: BLOOMSBURG J-V, G., fg., pts. for players like Morson, Grutza, Bush, etc.

Table with columns: ALLENTOWN SALVATION ARMY, G., fg., pts. for players like Brunosky, Reitenauer, Glass, etc.

Playing their usual style of steady basketball, the Husky Pups added the Mahanoy City Lions to their list of victims by virtue of a 52-37 score.

The visiting Lions gave the charges of Coach Bill Byham some anxious moments early in the game with an uncanny exhibition of shooting that resulted in an early lead. But the Pups played their usual all-around brand of sound basketball, and after the first quarter the visitors never had a chance. One of the major factors in the victory was better conditioning on the part of the home team. The last half saw the Mahanoy City boys just about dead in their tracks.

Again it was that dependable Kane duo that led the Pups in the scoring column, Weiser notching 6 and Larry Bush accounting for 10. The visiting Lions' attack was headed by Shire and Stotten both registering 10 points.

Table with columns: BLOOMSBURG J-V, G., fg., pts. for players like Morson, Grutza, Bush, etc.

Table with columns: MAHANAY CITY, G., fg., pts. for players like Jabcock, Stotten, Shire, etc.

Displaying a phenomenal amount of courage the Husky Pups, coached by Bill Byham, came out of the locker room following intermission on the short end of a 47-37 count and preceded to electrify the home folks by all but blasting the Baby Bisons off the court with an offensive spurt that stunned the visitors.

Relying on the offensive fireworks generated by two former Kane stars, Keith Weiser and Larry Bush, the Husky Pups had closed the 10-point gap and had taken the lead before the visitors could get warmed up. This short spurt was all the Pups needed to gain control of the game. They followed this spurt with a steady flow of

Playing before a partisan crowd last Saturday night at Centennial Gym, a hot and cold Husky five rose to great heights when the occasion demanded and scored their fourth win of the season over the ever powerful Millersville Marauders, 73-69. The hard-earned win enabled the Huskies to gain top spot in conference standings, replacing the losing Millersville quintet. It was a nip and tuck affair all of the way, although the Huskies led most of the way. Both teams were swishing the cords with good accuracy throughout the game, but the superior height of the Huskies enabled them to control the boards, which was an important factor in the outcome of the game. A quick spurt just before halftime gave the Huskies a four point lead over the Lancaster Countians, and this four points came in very handy as the final score shows. Early in the second half the Huskies found the smaller visitors too hot to handle. Before the home forces could pull themselves together they were behind by eight points, and things looked very bleak indeed. However, the Huskies rose to the occasion to take the lead once again. By the end of the third quarter the Maroon and Gold led 55-54.

The final stanza was full of excitement. The two teams matched point for point and it looked as if a last minute point would turn the tide the other way. However, the Huskies managed to gain a three point lead with about two minutes to go, and paced by the accurate shooting of Fred Betz, were able to hold the lead the rest of the way.

Doug Erickson and Fred Betz led the Husky attack with 19 and 16 points respectively. Joe Ondrula continued his scoring ways and added 11 points to the Husky attack. Werkheiser and Stoner led the visitors in the scoring column with 15 points apiece.

Table with columns: MILLERSVILLE, Fld, Fg, Ft, T for players like Labach, Podlesney, Ezans, etc.

points that proved too much for the Baby Bisons to handle. This was the second win of the year for the Pups, the other victory coming over the same team on the latter's court.

Weiser and Bush carried off scoring honors for the future Husky stars with 25 and 23 points respectively. Guttermuth led the Bucknell Frosh in the scoring column with 28 points.

Table with columns: BLOOMSBURG J-V, G., fg., pts. for players like Morson, Grutza, Bush, etc.

Dee-Tales

by
Dee Doyle

Roll up your sleeve time . . .

As many of you already know, the Red Cross Bloodmobile will be here at the college on February 12. I'd like to say just a few words on this subject, and although you may think that I sound like a parrot (midget parrot) which belongs to Winchell or Pearson, I'm going to say them anyway. Roll up that sleeve, will you? Your blood may save the life of someone near and dear.

We have among us . . .

The current (Relax, Dave, this isn't about your column) Co-Ed of the Year contest brings into the spotlight several lovely candidates, all of whom possess an abundance of the qualities that are necessary to make the title of Co-Ed of the Year ring true. Remember, boys, when you go to the polls and begin evaluating the assets of the gals in the knit suits, don't rush to the telephone booth without first having cast your vote. Elections have too often been lost by one vote. Don't let that happen to your choice; you may make her Co-Ed of the Year—an honor in any girl's language!

A writ is a writ is a writ . . .

One of the many humorous incidents which occur beyond the doors of the college classrooms was brought to my attention just recently by a student of Dr. Wagner's psychology class. It seems that Dr. Wagner questioned Alex Kubic as to the meaning of a Habeas Corpus. Alex admitted that he knew it was a writ, but was at a loss as to just what kind. In an effort to drop a gentle hint, the prof. made the following fatal suggestion:

"Yes, Alex, it's a writ, but just what kind is it?" (Silence) The teacher tried again. "Well, do you get one when you're married, divorced, or just when?" (Silence) Finally, Alex raised his head, smiled, and offered his answer.

"Well, it must be when you're divorced, cause I'm sure I didn't get one when I was married!"

No allowance this semester . . .

While most of us were resting quietly at our home during the annual semester break, (Next one, incidentally, is 52 days away), two of the luckier members of the Junior class were enjoying themselves in the great city of New York. Now that they have returned from that glorious vacation, however, they are busying themselves with new books, new schedules, new teachers, and new headaches. (The last two don't necessarily go together.) Speaking of new things, by the way, while Pat and Sara Jane were away they became highly interested in "new things." Fact of the matter is, there are two NEW Easter suits on their way to the girls' parents—C.O.D.!!!! Take a glance at the heading again, if you've lost the gist of the story.

To dance or not to dance . . .

The biggest trouble with the square dances in the lounge is that I can't seem to decide whether I enjoy dancing those Nebraska waltzes so much that I should give up sitting on the upper deck where I can watch people like Crisci, Botorff, and Kkammer execute their own brand of personal grace. If you've ever seen these boys in action, you will know exactly what I mean. Then, too, if I decide not to dance, I can always observe the refreshment stand caretakers, Kline and Feifer, who are usually struggling to tap a keg. (Sit down, Rowley; it's ROOT BEER.) After they have made a noble attempt at the tapping, they succeed in showering everyone within 10 feet, and decide to join the dance again.

As a whole, though, I'd say that these dances are a huge success in bringing student life back to B.S.T.C., and are enjoyed by all—whether they choose to dance, struggle with the keg, or just observe. Am I right, Botorff?

Think about this . . .

Line crashers are just like tugboats; small things which MUST BE UP FRONT.

About talent shows . . .

Where are they?

Science Club Meets To Elect Officers

Secretary—Cora Gill
Treasurer—Alton Schmidt
Program Chairman—

Alfred Chiscon

The meeting was then turned over to Sam Yeager, program chairman. He introduced Mr. Davenport, representative of the local Bell Telephone Company, who gave a very interesting talk on Bell Telephone's part in T.V. He compared water waves with micro-waves and told how the radio relay service employs a chain of towers to carry television programs to their destinations. Mr. Davenport brought in examples of coaxial cable and explained how its tubes will carry one T.V. program or as many as 600 simultaneous telephone calls. He concluded his program with Bell Telephone's ideas of things to come.

"B" Clubbers Will Travel to Hershey

(Continued from page 1)

These and other plans in connection with the Club's week-end visit to Eagles Mere were discussed at a recent dinner-meeting held at the home of the sponsor, Miss Lucy MacCammon.

At the close of the business meeting, the program committee served a tasty dinner of fried chicken to all those present.

During the coming semester, three "B" Club members, Betty Speal, June Pichel, and Mickey Macgill will be student teaching in Williamsport. In their absence, Rose Marie Grant will serve as chairman of the program committee, and Nancy Tovey, vice-president, will be in charge of all Club activities.

Pi Omega Pi Sends Representative

(Continued from page 1)

Following this report, the possibilities of an inter-fraternity dance were presented and discussed. However, in the absence of Dr. Maupin, head of the inter-fraternity council, it will be necessary to wait until someone is appointed to fill this temporary vacancy before any definite plans can be made.
