State College, Bloomsburg, Pa. Friday, February 19, 1960

Number 10

## Re-Evaluation Team Here Sunday

### George W. Stradtman Takes Duties As New Dean of Men

#### Blair Heads Dept. Of Health, Phys. Ed.

George G. Stradtman, Associate Professor of Mathematics and Science since September, 1955, has been appointed Dean of Men at Bloomsburg State College, according to Dr. Harvey A. Andruss, President of the College. Mr. Stradtman assumed his new duties recently, when Dean Walter R. Blair was named Head of the Department of Health and Physical Education at the College.

Mr. Stradtman received the Bachelor of Science degree from Millersville State Teachers College and earned the Master of Education degree from Temple University, where he has completed all the requirements for the Doctoral degree in education with the exception of a thesis. He has also done graduate work at the Pennsylvania State University and at Union College, Schenectady, New York.

During his 23 years of teaching, he has been a member of the faculty of the Standard Evening High School in Lancaster, Pennsylvania, the Wyomissing High School, and Perkiomen Preparatory School for Boys.

Dean Stradtman has worked on research engineering assignments for the Firestone Rubber Company, and completed seven years of technical work in the watch industry, serving for five years as Administrative Assistant to the Research Engineering Division of the Hamilton Watch Company, Lancaster, Pennsylvania.

### Petitions Refused By Town Council

#### Movies Remain Closed

According to the Town Council of Bloomsburg, the amusement tax still applies to the local theaters. At a meeting of the council February 8, a statement advocating the elimination of the tax was made, and petitions signed by some 6,000 residents, favoring the change were presented.

The discussion at the meeting consisted of possible methods of raising enough money to allow the tax on the movies to be abolished. One method suggested was the taxing of concessions at the Fair rather than the amusement tax on admissions. Also, the possibility of having someone lease the theaters was discussed.

Dean Stradtman represented BSC at the council meeting and urged the reopening of the theaters, saying that the college students were handicapped for lack of entertainment.

Town Council intends to discuss the problem with the Fair Association to see if some progress can be made. But at the close of the meeting the position of the council on the tax remained solid.

### The New Sound - By Ferguson Dynamic Jazz Coming Mar. 23

The dynamic sound of jazz is coming to Bloomsburg on March 23 in the person of Maynard Ferguson. From 8:30 until 11 p.m., the twelve-piece band will entertain with some of the newest sounds in music in Centennial Gymnasium.

This thirty-one-year-old band leader is the youngest in the U.S. Born in Canada, Maynard Ferguson played with Jimmy and Tommy Dorsey, and with Stan Kenton throughout the fifties. It was with Stan Kenton that he gained fame as a featured soloist. The versatile artist plays the trumpet, trombone, and euphonium, and has had the band only two years. He uses many of his own arrangements, and also employs the talents of "Slide" Hampden, who is an arranger, composer, and trombonist.

In 1958 Maynard Ferguson's jazz band placed fourth in Downbeat magazine, and seventh in Playboy.

George G. Stradtman

He and his family are now living in the dean's apartment in Old North Hall and will occupy similar quarters in New North Hall Men's Dormitory when the building is ready for occupancy.

### Foreign Film Series Sponsored by AAUW

Beginning in March, a series of outstanding foreign films will be shown in Carver Auditorium. The first of these films, *Mr. Hulot's Holiday*, a French comedy, will be presented on March 4. The Italian Cannes Film Festival award winner, *Miracle in Milan*, is scheduled for showing March 18. It will be followed by *Diabolique*, a French mystery on April 22, and the Seventh Seal, a Swedish drama, on May 6.

Students may attend these films by making a donation of \$3.00 to the A.A.U.W. film series. The donations may be placed in Miss Homrighous' mailbox, number 72, and she will issue the receipts which entitle the students to see the films.

### Merchants Donate Gift to Library

Clifford M. Schnering and Ray E. Lehr, proprietors of local clothing stores, have presented the BSC Library with a new display rack, plastic covers, and two-year subscriptions to fourteen different periodicals.

The rack, which blends well with the general decor of the library, has been placed near the main desk to facilitate accessibility. The number and variety of magazines will provide college students with a wide assortment of reading materials on interest and hobbies, and will supplement those already subscribed to by the library.

The subscriptions given in appreciation of good relationships between the College and the Town of Bloomsburg include the following: *Look, Life, True, Glamour, Vogue, Time, Esquire, Hi Fi, US Camera, Mademoiselle, Motion Picture, Coronet, Sports Afield, and Gourmet.*

In 1959 he won the International Critics Poll, and he has played at such places as the Newport Jazz Festival in Rhode Island, the Red Hill Inn in New Jersey, and Sunnyside ballroom in Pottstown. The band has performed at many colleges, including Penn State and Lehigh.

Roulette and Verve records have recorded albums by Maynard Ferguson, and they all demonstrate his new sound.

Tickets for the concert, sponsored by the Social Recreation Committee of CGA are now on sale at \$1.50 per person.

### Wild West Theme For Variety Show Tonight at 8:00

BSC students will be transported to the Wild West tonight at 8:00 p.m. from Carver Auditorium as the All College Variety Show gets underway. Sponsored by the Alpha Omicron Chapter of Alpha Psi Omega, the variety show will feature talent from many of the campus organizations.

The Bloomsburg Players, disguised as a chorus line, will welcome us with "Hello My Baby." "A-Feudin, A-Fussin, and A-Fightin'" will be presented by "E" club. SCA will parody a familiar campus cry with "Have Card, Will Drink." "Ragtime Cowboy Joe" by the well-known Chipmunks will be seen compliments of Waller Hall Association. The MAROON AND GOLD will present "Eloise," Phi Omega Pi has entered "Clarence Welsh Goes West." Phi Sigma Pi, Special Education Club and Athenaeum Club will be represented by the "D-Five." Various members of the Day Women's Association will tell us a "Sad Story." Tom Little will give another of his monologues.

### Kramer, Selders Advisors of New Student Chapter

Dr. Donald F. Maietta, head of the Department of Special Education announced recently that Miss Mary Kramer and Dr. Gilder Selders will act as the advisors of the newly formed Bloomsburg chapter of the Council of Exceptional Children. The chapter formed on this campus is the first student chapter in Pennsylvania. All members of the Special Education Department, including speech correction and education for the mentally retarded, who join this semester will become charter members.

The Council of Exceptional Children is affiliated with the National Education Association. Columbia University started the first chapter in 1922.

At the first meeting, Charles Pomichter was elected president; Nancy Hanshaw, vice president; Betty Brooker, secretary; and Bob Anthony, treasurer. Plans are being made for the selection of committee chairmen.

All members of the Special Education Curriculum who wish to join the chapter may contact any of the officers for a membership form. The dues for the organization are \$4.50 per year, which includes a subscription to the *Exceptional Child Journal*. The meetings will be held the second Tuesday of every month at 7:00 p.m. in the Social Rooms of Science Hall.

### Committee of Ten Conducts Study for Re-Accreditation

#### Graduate Work Depends On Three-Day Report

A regular ten-year re-evaluation, common to all accredited institutions, will be conducted at BSC on February 21, 22, 23. The members of the middle states evaluation team will study the practices and facilities of the college to determine whether or not Bloomsburg meets the requirements for re-accreditation and graduate study work.

#### Interviews to Be Conducted

In explaining the methods of the committee while on campus, Dr. Andruss said that the chairman assigns each team member to a specific area of the college such as curriculum, student services, registration, etc. Personal interviews will also be conducted throughout the three days.

At the end of the study which terminates Tuesday, the committee is expected to give an oral report of the general conditions of the college and improvements which should be made. An official record of the committee findings and suggestions will be received at a later date.

#### Agenda

The evaluation team will begin their visit as guests of the President of the College and the Administrative Staff Sunday evening at 7 p.m. On Monday, February 22, the committee will interview faculty members, students and administrators regarding opinions on subjects offered at the college, the library facilities, housing accommodations, sports, and general campus life. All persons questioned are reminded to answer honestly, intelligently, and courteously.

Monday evening they will meet with members of the faculty at dinner, and here have an opportunity to discuss views concerning post-graduate work. This is an important phase of the committee's work, and of great interest to our school for future plans.

#### Self-Evaluation Report

The Education Committee of BSC, headed by Dean Hoch, Dr. Fike, and Dr. Andruss, has prepared a self-evaluation report which has been sent to the Middle States team. The project is a huge undertaking, but it is felt that the report will suggest changes in many areas of the college, and that the end result will be higher standards and better teachers.

#### Members of Evaluating Team

Members of the Evaluation Team include: President Harry W. Porter, State University College of Education, Fredonia, N.Y.—chairman of the team; Miss Phyllis Bartlett, Professor of English, Queens College, Flushing, N.Y.; Kenneth A. Browne, Dean of Instruction and Acting President, State Teachers College, Towson, Md.; Miss Catherine Coleman, Director, Bureau of Teacher Education, Department of Public Instruction; Francis M. Crowley, Dean Emeritus, School of Education, Fordham University, N.Y.; Stanton B. Langworthy, Professor of Education, Chairman of the Education Department, Glassboro, N.J.; President Edwin L. Martin, Trenton State College, N.J.; Miss Margaret Neuber, Associate Professor of Special Education, Pennsylvania State University; Helmer Webb, Librarian, Union College, N.Y.; and Sidney Wertimer, Associate Dean and Associate Professor of Economics, Hamilton College, N.Y.

#### ADAMS AWARDED DOCTORATE

Bruce E. Adams, Associate Professor of Geography, was awarded the degree of Doctor of Education during commencement exercises at the Pennsylvania State University on Sunday, January 31, 1960. Dr. Eric A. Walker, President of Penn State, conferred the degree on Adams.

Dr. Adams completed his degree work with a major area of study in geography and minor areas in education and public school administration.

### LHSC Gym Team Visits College

On Tuesday, February 16, the students and faculty of BSC witnessed an excellent exhibition of dancing and gymnastics presented by the students and faculty of the Health and Physical Education Department of the Lock Haven State College. Thirty students under the direction of Mr. Lester Zimmerman, Head of the Anatomy and Physiology Department and Head Gymnastic and Track Coach, presented ten well-executed events. Miss Jean Deobold, a member of the Lock Haven faculty who is in charge of women's dancing and activity classes assisted Mr. Zimmerman.

The women's classes opened the program with a novelty dance done in costume. Following the dance were fundamental exercises which included the European calisthenic, a girl's tumbling act which was synchronized with music, a demonstration of longitudinal and lateral vaulting with the use of the Swedish box, and a demonstration on the proper use of parallel bars. The women then demonstrated how modern dance can bring out the desirable feminine characteristics of poise and grace, and both men and women formed double silhouettes. The formation of a human pyramid terminated the program.

In relation to a recent statement he made that good physical health requires regular and proper use of the many nerves and muscles in the human body, Mr. Zimmerman explained some of the aims and objectives of physical education. These can prevent many common but painful physical ailments.

After the exhibition the visiting students and faculty members of Lock Haven were the guests of the Bloomsburg Assembly Committee for luncheon in the College Commons.

### PUBLICITY COMMITTEE ANNOUNCES POSTER CONTEST FOR FERGUSON CONCERT

#### Information desired:

1. who: Maynard Ferguson
2. where: Centennial Gym
3. when: March 23, 1960 — 8:30-11:30
4. cost: \$1.50 per person

#### PRIZES

- First—two tickets
- Second—one ticket
- Third—one ticket

Turn posters into Gary Reddig in the Council Office on or before March 2, 1960.

A Red Cross nurse repeats the time-honored phrase, "Now just relax. There's nothing to it," during the February 11 visit of the Bloodmobile to the BSC campus. Centennial Gymnasium took on the appearance of a Fair side-show as a corps of nurses arrived on the scene. One hundred seventy-four students answered the call for blood. The donations fell seventy-six pints short of the established 250 pint goal, but Red Cross officials were pleased by the response of the student body.

## The N.D.E.A. Loyalty Oath A Necessity or Nonsense?

Section 1001 (f) of the N.D.E.A. states that a student is not eligible for a Title II loan — or for any other N.D.E.A. payment — unless he:

(1) has executed and filed with the Commissioner an affidavit that he does not believe in, and is not a member of, and does not support any organization that believes in or teaches, the overthrow of the United States Government by force or violence or by any illegal or unconstitutional methods, and (2) has taken and subscribed to an oath or affirmation in the following form: "I do solemnly swear (or affirm) that I will bear true faith and allegiance to the United States of America and will support and defend the Constitution and laws of the United States against all enemies, foreign and domestic."

During the last year the National Defense Education Act oath and affidavit have been the center of a storm of controversy which has received passing consideration in the U.S. Congress, scant attention in most newspapers, and strong protest from administrators and students in several notable American colleges.

As a school-financed organ of a state-supported college, the Maroon and Gold cannot, and will not, take a stand favoring either the repeal or the approval of the oath and affidavit. We will, as best we can, present the facts as we understand them — it is left to the individual student to draw a conclusion, or to develop his personal views on the situation. In this column, because of limitations of space, we must omit some of the complex maneuvers and amendments of Congress. The omitted information is available in the Maroon and Gold office if any student wishes to investigate the problem more thoroughly.

### SUPPORTERS SILENT

As is usual with discussions of recent legislation, the voice of the opposition is louder than that of the support. This is unfortunate. This lack of information on one side may make it appear that we favor the repeal of the oath and affidavit. However, most legislators who back the loyalty provision feel that it speaks for itself — that it needs no explanation, that it is clearly designed to increase American security, and that it is a statement of patriotism. As Georgian Senator Russell said:

"We are rather old-fashioned in my part of the country. The children stand up in the schools — there is no law against it yet — and pledge allegiance to the flag of the United States. . . It seems to me that the loyalty oath and affidavit are of the same nature."

Opponents of the loyalty provision see no such clarity of purpose in the oath and affidavit. Most do not strongly object to the oath of allegiance, but feel that the disclaimer affidavit is unnecessary, injurious, discriminatory, vaguely presented, perhaps unconstitutional, and a violation of basic American principles.

### CRIMSON OPPOSES AFFIDAVIT

The Harvard Crimson, a crusader in the cause of academic freedom, has prepared a pamphlet which summarizes the criticism and objection to the affidavit. The Crimson suggests broad student protest through letters to Congressmen and resolutions from student governments and political clubs.

Included in the pamphlet is a prefatory note by Senator John F. Kennedy. Kennedy and Senator Joseph Clark of Pennsylvania jointly presented bill S819 which was designed to eliminate both the oath and the affidavit from the N.D.E.A. It was sent back to committee and the N.D.E.A. was passed with the loyalty provision included. The bill for repeal was based on the following objections:

- "No thought was given to the question of how the section would be enforced, who would investigate the veracity of the affidavits, what constituted the belief of an organization, and under what circumstances a method of overthrowing the Government was illegal." The provision is unnecessary because the Commissioner of Education would have been able to deny N.D.E.A. funds to subversives, even though the oath and affidavit had never been inserted.
- There was no "discussion of what danger to the Nation was being avoided."
- There seemed to be no reason "why Congress was singling out recipients of Federal fund loans for educational purposes and not those who receive old-age benefits, crop loans, or related payments."
- The provision "raises serious constitutional questions concerning its validity, for it seems to approve the concept that belief as opposed to overt action may be a basis for sanctions, and it creates grave problems of Federal control over the educational process."
- It would not prevent a subversive agent from receiving a student loan, for such a person would not hesitate to perjure himself, but it may well keep out those who resent the requirement, those who are overapprehensive in their interpretation, those who are conscientiously opposed to test oaths, and those who believe that there should be freedom of thought and freedom of belief.

Kennedy, in his prefatory note, states, "It is high time that we reassert our fundamental and lasting traditions, and not translate the expediencies of moment into eternal varieties." He feels that the provision is "at variance with the declared purpose of the Act in which it appears; it acts as a barrier to prospective students; it is distasteful, humiliating, and unworkable to those who must administer it."

### SCOTT URGES REPEAL.

In a mimeographed press release, Senator Hugh Scott urged repeal of the affidavit. He revokes many of the protests made by Kennedy and Clark, especially the discriminatory nature of the provision.

Many college administrators, associations, and student groups have expressed their dissatisfaction with the N.D.E.A. Seven prominent colleges, Princeton, Haverford, Swarthmore, Bryn Mawr, Amherst, Antioch and Reed refused to participate in the loan program. Recently, Oberlin, Harvard and Yale withdrew and returned the funds which had been granted to them.

In addition to the points made by Clark and Kennedy, the colleges involved refused to participate for three additional reasons:

- Insistence upon the disclaimer affidavit represents a lack of confidence in the youth of this country and in their future as well as in the educational process itself.
- Belief cannot be coerced or compelled. "It can only be won by the powerful attraction of unarmed truth implicit in the educational process."
- Under Title II of the N.D.E.A., for each nine dollars of Federal money an institution receives, it must add one dollar of its own in matching funds. Since the institution administers the loyalty provision, it must, in effect, require an oath and affidavit in return for its own money. The direct administration and financial participation required by the Title II program force institutions which value their educational principles to take a definite stand.

These are the facts as we see them. The argument as presented may seem one-sided. We regret the lack of information from the supporters of the loyalty provision, but we sincerely hope that interested students will make their own evaluations using this article and other similar articles in newspapers and periodicals in their decisions.

Any comments will be willingly accepted in the Letters to the Editor department of this newspaper.

## The COMMUTERS

by NIKKI and ROBIN

Since we have completed student teaching, our entire perspective on campus life has been elevated to a highly professional level. Therefore, we shall attempt to keep this column on a moral and intellectual plane embodying all the best attributes of the P.S.E.A., the N.E.A., and the A.K.C.

Have you noticed the latest innovation at the book store? This semester they smile when they take your money.

Regardless of the amount of money the tobacco industry spends on advertising, everyone taking Problems or Secondary Ed knows the L&M really stands for Laubach and Mullen.

Tommy Welis, Shamokin commuter, is taking a course in automotive mechanics. Being a clever lad, Tommy readily grasped the importance of motor oil to the health of his car. But Tommy, tell us you didn't really believe that the noise caused by a broken muffler would stop when you poured two quarts of oil in the radiator.

All right, so Dean Hoch and President Andruss removed the "Teachers" from the plaque in front of Carver Hall. What we want to know is who's going to file it off our class rings?

We would like to know who sent us a card reading "Happy St. Valentine's Day . . . Massacre!"

Congratulations to the basketball team for the fine way they played against Shippensburg. While the category is still Sports (A very important item in the Re-Evaluation of BSC) congratulations also to our wrestling team, and honorable mention to the boys in the aqualungs. We understand that the swimming team is being presented with the English Channel for use in practice sessions.

The Board of Trustees has decided that it is an economic necessity to have Dr. Shockley as this year's Ivy Day Planter, provided, of course, that she use the same shovel she used in Texas when she found Black Gold while planting a Palm Tree.

Now we understand why the Red Cross scarred our arms at last year's Bloodmobile visit. They had no trouble at all finding our veins on Thursday with these handy little guides.

Overheard in Waller Hall: "The way the boys at BSC mingle you'd think they'd been to one of those Russian Youth Camps."

### Brotherhood Urged By Boys' Club Speaker

James A. Aull, Chairman of the National Student Y.M.C.A., and a senior student at Princeton University, was the featured speaker at the assembly program on Tuesday, February 9. His address was the highlight of the program being presented by the Student Christian Association in observance of National Brotherhood Week.

A native of Philadelphia, Mr. Aull is a graduate of the Hill School.

## BABES IN FREUDLAND

by DAVE LAUBACH

Recently for the purposes of research I subjected myself to hearing the top ten songs in the country as decided by one of our teenage radio stations. I was amazed not only by the audacity of the "Top Ten", but also by a sickening morbid quality which permeated most of the selections. One concerned itself with a girl who had done away with herself by running into a car stranded on a railroad track. Another told of the death of an Indian brave and his lady love. Still another spotlighted a fickle lover who tried to be true to every girl he met and finally wound up with no one. The idea of youngsters dancing to this putrid compendium of adolescent woe is too much for the sensitive mind to comprehend.

As repulsive as it may seem, this morbid music is only an outgrowth of the dominant idea in American society which states in no uncertain terms that adolescence is an unhappy period in the life of man. Any book on adolescent psychology will bear out this statement. The adolescent is pictured as covered by a nice psychological net; a frustrated organism whose sex drive is liable to run away with him at any minute. He must be both unhappy and confused. What could be the happiest, most carefree period of existence is destroyed by these pseudo-psychologists who are affected with what Philip Wylie calls the "Mania to categorize". Each personality must be fitted into a neat niche in the psychological pattern. The many devoted psychologists who are actually trying to help the abnormal adolescent, are lost in the crowd as the categorizers walk among us.

The dangers of branding an entire age group as "frustrated" is immediately apparent. If I hear that I am supposed to be frustrated and confused, I will work as hard as I can to become both frustrated and confused. Witness the T.V. nonsense about the "typical teenagers". Parents believe their boy should behave as Archie Andrews; thus they pull his nose out of Shakespeare and send him down to the corner drugstore for a coke. The danger intellectually is thus discovered. Witness the two 14-year-old lovers who remained by themselves as a group of their peers enjoyed a party. When asked why they were so serious they replied that they had seen a motion picture entitled "Blue Denim" and were simply following the behavior suggested in the movie. This great over-emphasis of the sexual drive can become a great moral danger.

Tom Sawyer and Huck Finn are dead. In their place, Bud Anderson, "Teen Angel", and good old frustrated Fabian reign supreme.  
 "Oh body swayed to music, O brightening glance,  
 How can he know the dancer from the dance?"  
 "Among School Children"  
 William Butler Yeats

## BSC Entrance Stiffly Regulated

For those of you who have pondered the basis of your entrance to this college, our reporter has gathered this information on admittance to Bloomsburg.

Everyone knows that many more individuals apply for entrance to Bloomsburg State College than can be accepted. But not everyone is aware of the criteria used in decisions of admittance or elimination.

A prospective student to Bloomsburg receives three preliminary forms which include an application for him to fill out, a form to be filled out by the high school principal, and a form to be filled out by the applicant's physician. When the applicant sends these forms back to the college, he must enclose a \$10 nonrefundable fee which is deducted from the basic fee, provided he is accepted.

No person will be considered for admission until August, after his junior year in high school.

### Interview Required

Before an applicant may take the qualifying and aptitude examinations, he must have a personal interview with Mr. Edwards, the Dean of Admissions, and also an interview with one of the social deans. The interview has a strong bearing on the acceptance of the applicant. He is judged on appearance, poise, voice quality, use of oral English, ability to express himself, ability to meet people, maturity, interest in teaching, and general evaluation as a prospective teacher.

Since Bloomsburg is primarily a teacher education college, much care is taken by the interviewers to see if the applicant is really enthusiastic about becoming a teacher or if he just wants to go to college.

### Many Records Considered

After the qualifying and aptitude examinations have been taken, acceptance or rejection of the applicant is entirely up to Mr. Edwards; however, he is free to consult with any of the other deans concerning his final decision. Whether or not a person is accepted depends on the results of the qualifying examinations, his high school record, the recommendations of his high school principal, the recommendations of the college interviewers, and the recommendation of the college physician.

## The World Outside

by WARREN OZMANSKI

Welcome back O great scholars. We hope you have enjoyed your fleeting glimpse of the world beyond the walls of BSC. Henceforth, this column will venture to bring you tasty tidbits of information pertaining to the happenings elsewhere.

In a recent survey of colleges and universities the three largest administration problems were discovered. They are: sex for the students, athletics for the alumni, and parking for the faculty.

Asked of one of our dean's list students, "How do you get such high marks in an exam?"

"Well," answered the scholar, "I just express the professor's opinion in my own words."

One of our student teachers at Memorial School is already having discipline problems. A young lady, in reprimanding a juvenile male pupil, asked him how many times he was told to be quiet.

"That makes it 1,000 times so far," retorted the youth.

In the LP department we have a new disc by the warm and smooth Peggy Lee. LATIN ALA LEE is a choice selection of hit songs from the fabled music of Broadway. Tunes like "C'est Magnifique", "Heart", and "Surrey With the Fringe on Top" are done in exciting Latin tempos that make this album marvelous for dancing as well as listening.

"Talking Records" a relatively new field in the record business has a new artist, Jonathan Winters, following in the footsteps of Mort Sahl and Shelly Berman. They have come forth with an album of monologues entitled, "The Wonderful World of Jonathan Winters" (Verve).

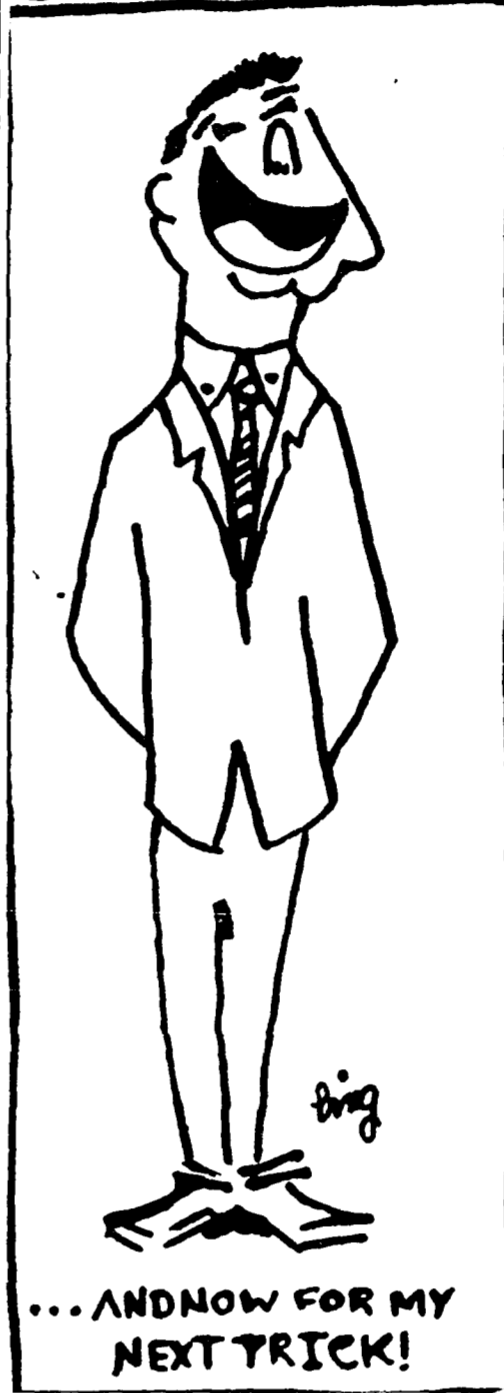

The rodent lovers of America now have the privilege of having their eardrums pierced by a whole album of rodent frenzy, the "UH! OH! Nutty Squirrels" on the Hanover label.

The ideal in campus clothing at Michigan State is the new tan corduroy suit. Done in the popular beige, the ivy styled garb is inexpensive and smart-looking. The blazer styled jacket can be worn with various types of trousers without looking mis-matched.

Have you ever wanted to run away and join the circus? If you have, your dream has come true. Walt Disney's Toby Tyler nostalgically captures the spirit of pre-nuclear America. A high-IQ's chimpanzee, reminiscent of Tarzan's Cheeta, takes the acting honors.

With smellovision (a process that releases odors to coincide with the action on the screen) becoming more popular, what will happen with the westerns?

## Student Teacher

During his four years at Princeton, he has been a boys' club leader for the Y.M.C.A., and a member of the staff of the campus radio station, President of the Student Christian Association at Princeton, and chairman of the Central Atlantic Area of the Student Y.M.C.A.

He is a history major and is doing his practice teaching in the sixth grade of the nearby Country Day School.

Following the completion of his work at Princeton, Aull hopes to work for sometime with the student division of the Central Atlantic Area of the Y.M.C.A. with the ultimate goal of becoming a member of the teaching profession.

# Title-Bound Matmen Win 8th Bout

## Down Undefeated Waynesburg

Last Friday evening, the Husky matmen continued on their winning ways as they downed Waynesburg, 19-8 on the Centennial Gym mats. With only matches remaining with Cortland STC and West Chester SC, the Houkmen seemed assured of an undefeated season. Waynesburg, one of the top small college wrestling teams in the state, journeyed to Lock Haven the following eve and were also downed by the Bald Eagles whom the Huskies had thumped in a previous encounter.

In the 123 pound class, Moore of Waynesburg downed ailing Billy Hughes, who had just been released from the infirmary after a weakening stretch of the flu, 7-2. The locals came back strong as "Atz" Gorant, ex-Shamokin great, used his mat savvy to come from behind and pin Snodgrass in first 18 seconds of the third period.

Dick Rimple, SC champ, battled on even terms with Simon but piled up riding time to notch a 5-4 verdict. In the most unusual bout of the night, Rider of Bloomsburg and Paul of Waynesburg became involved in such a tangle that Rider unknowingly pinned himself.

With the team score knotted at 8-8, Don Poust, after having to chase his man for most of the contest, piled up a 6-3 decision. Gene Dixon, ex-schoolboy champ, upped the total to 16 as he tossed Noel of Waynesburg in 2:18 of the second canto. Bob Rohm, all around Husky athlete, put the meet on ice as he came from behind and piled up riding time advantage to cap a 2-1 verdict. Spotting his man 25 pounds, Bill Garson gave Waynesburg's Eckley a game battle but weight advantage proved too much as he dropped a 7-2 decision.

Summary:  
 Bloomsburg SC 19—Waynesburg 8  
 123—Moore (W) dec. Hughes (B), 7-2  
 130—Gorant (B) pinned Snodgrass 0:18 of 3  
 137—Rimple (B) dec. Simon (W), 5-4  
 147—Paul (W) pinned Rider (B) 2:21 of 3  
 157—Poust (B) dec. Selner (W), 6-3  
 167—Dixon (B) pinned Noel (W) 2:18 of 2  
 177—Rohm (B) dec. Eckley (W), 2-1  
 Un.—P. Eckley (W) dec. Garson (B), 7-2

## Flanagan New Intra-Mural Head

Michael F. Flanagan

Mr. Michael F. Flanagan, a native of Clearfield, Pennsylvania, joined the faculty of Bloomsburg State College February 2, as Assistant Professor of Health and Physical Education.

A graduate of Clearfield High School, and later, Lock Haven State College, where he specialized in Health and Physical Education, Mr. Flanagan earned the Bachelor of Science degree in Education. He was granted his Masters Degree at Pennsylvania State College, and has also attended Springfield College.

Mr. Flanagan has a background of ten years experience as teacher, athletic coach, and recreation supervisor.

His professional affiliations include membership in: The American Association of Health, Physical Education, and Recreation; the National Education of the Pennsylvania State Education Association. He is currently serving as Chairman of the Central District of the P.S.E.A. Health and Physical Education Section, as President of the District Six Wrestling Coaches Association, and as Editor of "On the Mat", a publication of the coaches' association.

"YOU WERE GREAT OTS," Bob Warren Congratulates Gorant for pin against Waynesburg

DIXON GOES FOR PIN Gene Dixon Registers pin against Waynesburg

## BSC Mermen Edged by Lock Haven

The Bloomsburg Mermen, swimming at home for the second time in a week, were edged out Saturday afternoon by the tank-men of Lock Haven, 52-41. Bloom, still looking for their first aqua-win, were very much in the meet until the final gun, and gave the impression for awhile that they might pull this one out. The big problem again was the Huskies' inability to place men in every event. Before the match started Lock Haven was spotted 15 points.

The big guns for the local swimmers were Tom Jones, who took first place in the 200 yard medley, Don Young, who took first place in the 50 yard freestyle and Ron Davidheiser who took a first in diving. The relay team of Pete Lutz, Nick Nash, Don Young and Beau Huttemann again walked off with the 400 yard freestyle relay event. Also making his bid for stardom was Nelson Swartz, who took second place in both the 200 yard backstroke and 200 yard medley.

The Huskies, who seem to have just about arrived as a definite contender, will take on their next opponent, Lycoming College, on Mar. 2 at Centennial Gym. This should shape up as a pretty even match as Lycoming also is young and inexperienced.

## Tankmen Downed By E. Stroudsburg

The Husky Swimming Team made school history last Wednesday with their every stroke, splash, and kick, as they hosted the first swimming meet ever held on the BSC campus. The opponent for this aquatic inauguration was the league's leading team from E. Stroudsburg SC. The local fans packed the stands at meet time and in appreciation the Huskie mermen rose to the occasion with their best performance to date.

The E. Stroudsburg Indians, who have run rough-shod over most of their opponents this year were pressed almost from the start. Norm Young started off the attack with a gainly 2nd in the 50 yard freestyle; backed up by Tom Jones, who chipped in with a strong 2nd in the 200 yard individual medley. Ron Davidheiser also held his own with a 2nd in the diving.

However, the big splashes of the afternoon were made by Wally Knepper and Tom Kanetske who finished one, and two respectively in the 400 yard freestyle. Matching this performance was the splendid job turned in by the relay team of Beau Huttemann, Ron Davidheiser, Norm Young and Nick Nash, who walked off with a first place in the 400 yard relay.

The one disappointing factor that did forge forward however, was the Huskies' inability to place men in three events.

Bottom: Ron Davidheiser Dives to Victory Against LHSC

## Dribblers Drop Shippers 73-64

The Husky hoopsters returned to the Centennial Gymnasium hardwoods by dropping Shippensburg 73-64, thus avenging an earlier season's loss to the down-state crew.

Using a revamped line-up, the locals set the early pace with Lloyd and Shutovich showing the way. With Lloyd hitting the mark and Shutovich controlling the boards, the squads took their well-deserved 15 minute break with the scoreboard reading Bloomsburg 31, Shippensburg 30.

After intermission, Flip Houser started the Huskies off on the right foot by dumping in four straight push shots; but the Red Raiders kept up the pace, rallied, and were just two points behind as the last ten minutes began.

With time running out, a see-saw battle of buckets drew the tension to near fever pitch, but the Maroon and Gold broke it open with four quick fast breaks to sew up the contest.

Dick "Dean" Lloyd, top scorer in the conference, kept up his record with 26 marks; seventeen in the first half. Houser and Shutovich followed closely, netting 18 and 13 respectively, with Shutovich grabbing 22 big rebounds. Perialis, Strausser, and Yaverski, in their first starting assignments, played heads-up ball to help the cagers to victory. Scott led the visitors with 21.

Coming from behind, Coach Scrimgeour's "Pups" kept up their winning ways by dropping the Shippensburg J.V.'s. Down by two points at half-time, the "Rinks" caught fire to finish ahead, 73-62. Four Bloom boys hit double figures with Gladsky leading the way dropping in 22, while Ludinsky, Rupert, and Gatski chalked up 18, 17, and 10, respectively.

# The Ski Slope

by Tom GladSKI and Carl StantSKI

Gladsky

Welcome, all of you and those who are new, back here at the zoo.

Pleased is the most appropriate word we can utter after watching the swimmers in their first home engagement with Lock Haven, who had routed them earlier in the schedule. We hadn't expected any victories this year but considering that the mermen forfeited fifteen points and still came so close, we offer congratulations and keep up the good work.

Stantiski

After observing the physical beating the Husky basketballers sustained at the hands of the Mansfield Mountaineers, it seemed like poetic justice to see the Mounties have their game against West Chester, at West Chester, forfeited halfway through the fourth quarter. Lou Bonder, brother of WC line coach and a highly experienced and respected basketball official gave repeated warnings to the Mounties to discontinue their "animal" tactics and after calling the team captains together for a conference which was to no avail, consulted the coaches and as a last resort conferred with the respective college presidents, warning them that unless the bullish tactics of Mansfield were ceased, the game would be forfeited to West Chester. When play resumed, Gibson, the Mounties coach got carried away with himself and became so obtrusive and vociferous that Bonder ejected him from the contest. Immediately after play began, one of the Mansfield boys deliberately booted a ball tossed cross court by Bonder into the stands and at that point, Bonder forfeited the contest to the Golden Rams who were leading at that time by 15 points. We say hats off to Bonder for doing something about Dennis the Menace of the State Conference.

Shamokin High School, winners of twenty straight games, brought their undefeated quintet for a scrimmage against our jay-vees and did quite well for themselves, we must admit, as Howie Landa's boys outscored the Rinks, 55-46. The Greyhounds work well together and are excellently coached, but may not have the necessary punch to capture more than District titles. It's true that the Rinks took them lightly and when they tried to re-group themselves it was too late.

We're not making any predictions but you can be sure we'll leave early for the State College Wrestling Championships at Lock Haven March 3 and 4. The Huskies appear to be top seeded in the tournament in view of the fact that they are returning state champs and have thus far gone undefeated in regular dual competition.

Who says BSC isn't expanding? The chess team under the coaching of Mr. Israel is still undefeated. Their first scheduled match with Kutztown brought them a forfeit victory. It still counts.

Keep smiling dear readers: It makes everyone wonder what you've been up to.

## Millersville Five Routes Huskies

For the second time this year, the Husky five were defeated at Centennial Gymnasium, this time by Millersville, 89-71. This makes the eighth loss in thirteen games for the hot and cold basketballers as they enter the home stretch of the state conference loop still trying to crack into the upper half of the standings.

Millersville presented a strong 2-3 zone that bottled up the pivot almost the entire evening. Dick Lloyd, the conference's leading scorer, bucketed 25 more counters to pace the locals.

At the foul line the Huskies muffed any possible attempt to close the score by converting only 11 for 24. Coach Shelley, recently juggling the lineup, trying to balance the won lost ledger, inserted Pete Periales, Al Yaverski, and Bill Strausser as surprise starters and they battled gamely before the powerful Millersville five seized control.

In the third period when a determined attack led BSC to within three points, it appeared likely that Lloyd and company would carry the team to a victory, but quick goals by Bishop and George dampened its premature hopes forever.

Even the Rinkydinks found difficult times at Centennial in dropping a 76-61 verdict to the Millersville understudies. The usually high-scoring dinks found their offense bogged down, possibly due to the playing of a game the night before.

## Rinky Dinks Scare Bucknell Jay-Vees

At Bucknell the Bloomsburg Junior Varsity asserted their power and surprised a taller five, before bowing 85-83 in an overtime period.

Jumping off to a 16-1 lead, BSC played flawless ball for the better part of the first half in the preliminary to the Rutgers-Bucknell tilt, leading until there were only 10 seconds to go. An elaborate hook-shot knotted the score.

The large crowd was treated to a brand of basketball superior to that of most varsity contests as Ludinski, Gatski, Rupert, Gladsky, Lewis and Raub extended the scholarship boys of Davis gymnasium to the last second.

Conquerors of Penn State, Villanova and Syracuse, the Dixons will return the visit as they attempt to make it two in a row over the Rinks at Centennial.

## State Allocates Expansion Funds

According to legislation recently signed by Governor David Lawrence, the General State Authority will construct dormitories on the campuses of the fourteen State Colleges of Pennsylvania to cost a total amount of \$85,000,000.

The plan is to increase student room rent by not more than \$3 a week and to use this increase in rental to pay for a part of the total cost of the dormitory. It is estimated that \$19,000,000 will come from these increased rentals over a period of thirty years.

If each dormitory is supposed to cost, when equipped, approximately \$1,000,000, this will provide for 35 dormitories for the fourteen institutions, and will mean that seven of the colleges will have three dormitories and the other seven will have two dormitories.

Although no specific allocation for dormitories has been made to Bloomsburg as yet, there is a provision of \$50,000 for extension of parking lots, renewal of water lines and general alterations. Since the parking lots have already been constructed while the legislation was in session, and the water lines have been covered under an additional appropriation by the General State Authority, it is estimated that the \$50,000 is for General Alterations at the college.

In addition to these appropriations, \$540,000 has been allocated to the General State Authority to construct an addition to the heating plant and to replace utilities on the BSC campus, and another amount of \$80,000 has been designated to replace water mains.

### Largest Amount Ever

If Bloomsburg gets only two new dormitories, the total amount of appropriations made to the college for plant expansion will amount to \$2,670,000. However, if Bloomsburg is granted three dormitories, this amount will be increased by \$1,000,000, and will mean that in the next two years \$3,670,000 will be used for the building of dormitories and the increase in the heating plant to take care of this expansion.

In the meantime, another sixty thousand dollars will be used to re-vamp the basement of Navy Hall for Special Education Clinics, and there remains over \$100,000 for land purchases.

This is the largest total amount ever allocated to Bloomsburg in addition to the regular operating budget. In fact, it is twice any previous amounts contemplated.

When the operating budget of \$3,113,560 is added to the amounts previously listed for construction, the amount totals \$5,943,569, for \$6,943,560 for 1959-1961, depending upon the number of dormitories to be constructed.

The future of BSC, so far as its function is concerned, has not yet been determined, but these changes will mean that there will be facilities for a larger number of students than are now enrolled. It is expected that the enrollment will reach 2,000 by 1962.

## Muncy Center for Student Teaching

A new center for student teaching has been established in the Muncy Area School District for Elementary Education students this semester. Eight seniors are assigned there with Warren I. Johnson as College Supervisor.

Arrangements were made by Royce O. Johnson, Director of Elementary Education, with Muncy Supervising Principal, L. C. Williamson, in order that adequate facilities will be available for student teaching as the college expands its enrollment.

Mr. Ward Myers is Elementary School Principal of the Muncy Schools, and the current cooperating teachers are: Miss Martha Koons, Miss Lottie Shook, Mrs. Phyllis McClintock, Mrs. Elsie Poff, Mrs. Ann Waldron and Mrs. Grace Crawford of the Muncy Elementary School; Mrs. Mary Jane Bayley and Mrs. Anna Ulmer of the Pennsdale Elementary School. Mrs. Alice Schug of the Pennsdale School will be assigned student teachers pending her recovery from a recent operation.

Additional cooperating teachers will be assigned as the demand for student teaching facilities increases during the next two years.

Officers, committee chairmen and advisors of the newly formed Council for Exceptional Children meet to discuss plans for the semester. The Council is the first student chapter formed in Pennsylvania. Pictured above 1. to r. (seated) are Miss Mary Kramer and Dr. Gilder Selders, advisors; Jeff Smith, Charles Pomichter, president; Nancy Hanshaw, vice president; Betty Brooker, secretary. Standing, 1. to r. Beverly Ritter, Sheila Leiter, Carolyn Cribbs, and Bob Anthony, treasurer.

## US Marine Corps Team To Visit BSC Five Key Members Initiated at SAH

On February 22 and 23, a Marine Corps Officer Selection Team will visit the campus to interview students who are interested in becoming officers in the United States Marine Corps.

Primarily, there are two programs; one for freshmen, sophomores, and juniors; the other for seniors and recent graduates.

The first program, popularly known as PLC (Platoon Leaders Class) can be summed up briefly by the following:

- (a) Remain in school with draft deferment.
- (b) No on-campus meetings or drills — just two (2) six week summer courses at Quantico, Va.
- (c) Pay while in summer training — and increased pay later as an officer, by reason or seniority.
- (d) Commissioning on graduation day, followed by three years active duty.

Under the OCC program, for seniors and recent graduates, completion of a ten week Officer Candidate School at Quantico, Virginia, is followed by commissioning as a Second Lieutenant and three years active duty.

In the case of aviators, the active duty obligation is approximately a year and a half longer because of flight training.

Those young men who are interested in becoming a part of the finest military organization in the world are invited to stop by when the Marine Corps Officer Selection Team visits Bloomsburg State College on the 22nd and 23rd of February, 1960.

Jack Eberhart, president of the IOTA chapter of Sigma Alpha Eta, initiated five former associates as key members, ten associate members, and four new affiliates at the last meeting of the fraternity.

Pat Glatts, a delegate to the Sigma Alpha Eta Convention held with the American Speech and Hearing Association Convention in Cleveland, Ohio, in November told the members of some of the plans for the next convention to be held in Los Angeles, California, in November of 1961.

The IOTA chapter is responsible
