State College, Bloomsburg, Pa. Tuesday, May 24, 1960

Number 17

## 236 To Be Graduated on Sunday

### Hundreds of Alumni On Campus Saturday

Several thousand alumni of the college are expected to return to their Alma Mater for events scheduled Friday night, May 27, and for a full day of activity on Alumni Day, Saturday, May 28.

Nearly a thousand grads are expected to attend the general alumni meeting at 10:30 a.m. in Carver Auditorium. Among the highlights of the meeting will be the presentation of an oil portrait of William Boyd Sutliff, Dean Emeritus, and the awarding of two distinguished service citations.

Alumni luncheon service will begin in the College Cafeteria at noon and reunions of the various classes will get underway at 2:00 p.m.

#### Alumni Honor Sutliff

In May of 1959, the Columbia County branch of the Bloomsburg State College Alumni Association, under the leadership of Harold Hilday, Class of 1930, undertook, with the full approval of the Bloomsburg State College Alumni Association, a project designed to honor one of Bloomsburg's most highly respected native sons, Dean Emeritus William B. Sutliff, who is now in his ninety-third year. The response to the letter was phenomenal and nearly \$2,000 has been subscribed to date. These funds were used to provide the oil portrait which will be unveiled at 11:00 a.m. in Carver Auditorium and to secure a plaque which will be replaced with the portrait in the new William B. Sutliff classroom building. The remaining amount will be used for a project to perpetuate his name.

The distinguished service citations for outstanding service will be presented by Dr. E. H. Nelson, President of the Alumni Association, to two alumni who also will be honored at the meeting.

### Latin American Observes at BSC

The Latin American influence invaded the Bloomsburg campus last week in the person of Dr. Corroscio, an educator from Peru. Visiting this country along with twenty-three other educators, Dr. Corroscio was interested in observing the educational organization of United States schools. He has been speaking English for only five months, and his mixture of Spanish and English made him a delightful, challenging conversationalist.

#### Special Ed. Dept. Cited

Dr. Corroscio was particularly interested in the special education department here at Bloomsburg. He attended some of Dr. Maietta's demonstration classes, and seemed impressed with this area of study. He explained that in Peru there are no facilities at the present time for any immediate expansion, but they are working toward improving their system as a whole.

#### Classroom Observations

His classroom observations even included conducting Mr. Fenstermaker's Spanish class entirely in Spanish. He spoke about the normal school system of teacher education in Peru, and told the class about salary scales, curriculum offerings, and other pertinent facts.

#### Comments on Nixon Visit

When asked to comment on the Nixon trip to Peru, Dr. Corroscio made it clear that the majority of the Peruvian people are very friendly to the U.S., but it was a small group of agitators who caused the

(Continued on page 3)

### Prominent Figure Delivers Address

Reverend Dr. Paul C. Empie

"Divine Nonsense for Victorian Living" will be the theme of the Baccalaureate address given by the Reverend Dr. Paul C. Empie, Executive Director of the National Lutheran Council, New York.

Dr. Empie is a prominent national figure and speaker and holds a number of key positions in Lutheran co-operative agencies on the national as well as the international level. He is also chairman of Lutheran Church Productions, Inc., which was created to produce the film "Martin Luther."

In the interdenominational field, Dr. Empie serves on the Board of Trustees of Church World Service, and as a member of the executive committee of the Division of Christian Life and Work of the National Council of Churches of Christ in the U.S.A.

Dr. Empie has been honored with a D.D. degree from Muhlenberg College, Allentown, Pa., in 1944; an honorary Doctor of Laws degree from Capital University, Columbus, Ohio, in 1950; an honorary L.H.D. degree from Hartwick College, Oneonta, N.Y., in 1951, and a Doctor of Theology degree from the German University of Goettingen in 1952.

### Ball and Banquet Thursday Evening

The Manfield Ballroom, Wilkes-Barre, will be the scene of the Senior Ball and Banquet to be held Thursday, May 26, from 7-11:30 p.m.

Music for dancing will be provided by the Esquires of Mansfield SC for the 150 couples planning to attend.

The program for the evening will be highlighted by a reading of the four-year history of the class, presentation of awards and gifts to guests, and comments by the class advisors and President Harvey A. Andruss.

### Guide to Graduation Activities

Wednesday, May 25, 8:45 a.m.

Honor Assembly and Ivy Day practice. Seniors assemble in Husky Lounge for instructions.

Wednesday, May 25, 10:00 a.m.

Honor Assembly in Carver Auditorium. Immediately after Assembly, Ivy Day exercises will take place outside Sutliff Hall (weather permitting).

Wednesday, May 25, 11:15 a.m.

Class will assemble near the small porch of Waller Hall for class picture.

Wednesday, May 25, 1:15 p.m.

Seniors will assemble in Centennial Gymnasium to practice for Baccalaureate and Commencement. They will be seated alphabetically.

Thursday, May 26, 7:00 p.m.

Senior Banquet and Ball at the Manfield Ballroom in Wilkes-Barre.

Saturday, May 28, 10:00 a.m.

All Seniors are invited to attend the Alumni Day exercises. The President of the Class will present the President of the Alumni Association a check for membership of the class.

Sunday, May 29, 9:45 a.m.

Seniors will assemble for Baccalaureate exercises in Husky Lounge. In case of rain assemble in the small gyms of Centennial.

Sunday, May 29, 10:30 a.m.

Baccalaureate, Centennial Gymnasium.

Sunday, May 29, 11:30 a.m.

Rain date for class picture.

Sunday, May 29, 1:15 p.m.

Seniors will assemble in Husky Lounge for Commencement exercise instructions. In case of rain, assemble in small gyms.

Sunday, May 29, 2:00 p.m.

Graduation exercises, Centennial Gymnasium.

### C.G.A. Installations

On Tuesday, May 24, CGA officers for the college year 1960-61 were installed at a combined assembly in Centennial Gymnasium. The new officers for the CGA are as follows: President, Gary Reddig; Vice-President, Myles Anderson; Secretary, Elaine Reifsnnyder; Treasurer, Roger Sharpe; Assistant Treasurer, Dale Anthony.

### College Accreditation Reaffirmed Graduate Study Under Consideration

The Commission on Institutions of Higher Education of the Middle States Association of Colleges and Secondary Schools has reaffirmed the accreditation of Bloomsburg State College.

This means that the undergraduate curriculums may be accepted by other members of this Accrediting Association as the basis for further graduate study, not only in the Middle Atlantic States of New York, Pennsylvania, New Jersey, Delaware, and the District of Columbia, but also in the other sections of the United States where colleges are accredited on a regional basis.

Bloomsburg State College will continue to improve and increase its educational effectiveness, and effectiveness, and special attention will be given to: an Improvement

### Baccalaureate, Commencement To Be Held May 29, in Centennial

Baccalaureate degrees will be given to two hundred thirty-six members of the Senior Class Sunday, May 29, in Centennial Gymnasium. One hundred seventy-three seniors who are candidates for the Baccalaureate degree during the 1960 summer sessions will also participate in the ceremonies.

Candidates for the degrees will be presented by John A. Hoch, Dean of Instruction to Harvey A. Andruss, President of the College, who will confer the degrees.

Dr. George Bereday

### Combined Concert Featured in Gym

A combined Band and Choral Concert was presented in Centennial Gymnasium on Tuesday, May 17, under the supervision of Mr. Nelson Miller. The program included selections by the Maroon and Gold Concert Band, instrumental solos, and several selections combining the band and the College Choraleers.

Featured during the program was the *Warsaw Concerto*, a piano solo, played by Mary Somerset, with band accompaniment. Jack Naus, trumpeter from Berwick, highlighted the concert by playing "The Grand Russian Fantasia," one of the finest and most frequently performed solos in the entire brass instrument repertoire.

"Cranberry Corners, U.S.A." and "America, Our Heritage" were two selections performed by both the Band and Chorus. This was the first time an endeavor to have the two musical organizations appear together on the same program has been undertaken.

The concert was broadcast by both local radio stations.

### Educator To Speak At Commencement

Dr. George Z. F. Bereday, speaker for BSC's Commencement program, is well known in education circles. He has distinguished himself as an author, consultant, and lecturer and will undoubtedly draw upon his experiences in education for his Commencement speech, "Education for Creative Action."

A short biography shows his wide range of assignments and positions.

George Z. F. Bereday, Professor of Education at Teachers College, Columbia University, was born in Poland in 1920. His education includes a Bachelor of Arts and Master of Arts degrees in history from the University of Oxford, a Bachelor of Science degree in sociology from the University of London, and a Doctor of Philosophy degree in education from Harvard University. In 1955 he became an American citizen.

Dr. Bereday joined the faculty of Teachers College in 1955. He specializes in comparative education, in particular in European education with major attention to England and the Soviet Union. He is editor of the *Comparative Education Review* and joint editor of the *Yearbook of Education*.

#### Previous Positions

Dr. Bereday's previous positions include an executive post at the British Ministry of Education (Committee for the Education of Poles in Great Britain), a research post at the Russian Research Center at Harvard, and teaching posts at Boston College and the University of Delaware. He reads several languages and has lectured, traveled and broadcasted in the United States, Europe, and Latin America. In spring, 1958, he was a member of the United States Office of Education delegation to the Soviet Union.

### May Festivities Staged Thursday

The pagentry of May Day 1960 was highlighted by the crowning of Miss Nikki Scheno as Queen. Postponed twice because of inclement weather, the festivities were held Thursday, May 19, on the terraces of the campus. The theme of this year's presentation was "The Ballet" with Tchaikovsky's music adapted for dances by the pupils of Benjamin Franklin Elementary School and the women of the college.

Eight senior coeds served as members of the Queen's court, and twelve junior girls served as honor attendants.

The festivities began with a concert presented by the Maroon and Gold Band, and ended with the traditional winding of the May poles.

Faith is to believe what we do not see; and the reward of this faith is to see what we believe.

# Observations of an Editor

With one more day of classes, and graduation only a few days away, we suddenly realize that the college year has come to a close. In this, the final issue of the *Maroon and Gold*, we would like to comment upon some of the observations we have made this year while editing the paper.

The year has been a memorable one. West Chester joined the ranks of the defeated, and Bloomsburg rose to the occasion. A coed's picture will soon appear in the pages of a national magazine bringing more fame to the college. A trackman accomplished something no other athlete had done for thirty-one years. The wrestlers and their coach brought additional laurels to the campus. The freshman class demonstrated their nonconformity during Customs. Bloomsburg girls were at last permitted to 'go collegiate' and wear Bermuda shorts. Wednesday night dances were resumed once again, and top entertainment was brought to the campus. College Council often found ways to circumvent the evasive, but firm, 'college policy'.

Progress was the word of the day — new buildings sprang up quickly, and the faculty increased to meet the challenge of the growing student enrollment.

Counteracting progress in other areas, BSC seemed to be taking a backward step in at least one respect — Honesty! In spite of the talk about alleviating the cheating problem, it was amazing to note the number of students who invented new ways of accomplishing it, and the number of faculty members who permitted it. It was called to our attention recently that several students, campus leaders included, spent nearly four hours picking minute pieces of a test from two waste baskets in Science Hall, reassembling, retyping, and distributing the "study guide" in time for last minute memorization.

We were most interested during the year to note the refusal of Bloomsburg students to stand behind their convictions and to support their ideas. With the exception of a few student leaders, and a few devoted followers, the student body has spent the better part of the year complaining to fellow complainers.

Dormitory students quibbled about the College Commons and the Library. Resident students living in the town argued about the parking policy. And the commuters complained about the activities fee, the parking policy, and resented being considered outsiders by the rest of the college. Each of these groups thought that its problems were the problems of the day. If students would forget the petty gripes that bother them, knock the chips off of their shoulders, and act jointly on the most important issues of the day, the student block that they represent would become so influential that it would be difficult to refuse them any request.

This newspaper has a column entitled Letters To The Editor, but few students were courageous enough to sign their names to articles expounding their particular grievance. Others hid behind a mask of anonymity and published a humorous peeve sheet. The *Maroon and Gold* welcomes the new publishing enterprise, but doubts that it can accomplish its aims by working with an underground chain of command.

Just as Bloomsburg students refuse to stick together to defend themselves, they also give up without trying. Many times we have attended or heard about meetings in which students have presented very worthwhile ideas; ideas beneficial to the entire campus community. The ideas grew until it was almost a reality. Then some student or faculty member remarked that President Andruss wouldn't like it — and another idea went to the grave without a decent burial. We frankly believe that Dr. Andruss would be amazed at some of the things he wouldn't like; the number is overwhelming.

In the course of the year, perhaps we have made a few mistakes. It was our duty to present the news accurately, objectively, and completely. Working under the pressure of time and human error, we know that we have occasionally failed to do this. We apologize for any stories that we have missed, and for any apparent slurs or derogatory remarks. In our defense, however, let us make only this point. We make our mistakes as do other campus organizations, but their is one unique difference. The difference is that we publish our mistakes in black and white for everyone to see and criticize.

# The COMMUTERS

by NIKKI and ROBIN

For those of you who withdrew your savings and ran to the book store as a result of our last column when we stated that the book store was having a going out of business sale — forget it. We were jesting with you.

Maybe it's a good thing that this is our last column; it's a pretty good indication that you're ready for retirement when you have to start explaining your humor.

Would-be scalpers are getting practice with Senior Ball tickets.

We're heard of captains going down with their ships, but who was the instructor who would have gone down with Science Hall, had the smoke bomb been "for real."

What Janitor made the mistake of throwing away the cigar butt he found in a desk drawer in Sutliff Hall?

The Commuters would like to congratulate Jeff Girton, Mary Frances Downey, and Zeke Cole on their being selected as Editors of the campus publications.

We've heard through the grapevine that one of last year's graduates is a store detective at Macy's in New York. This is what the brochure means by an A typical education?

Have you noticed the way that they mow the steeper hills on campus? They have a trained lawn mower on a leash that runs down by itself.

Last minute course requirement in Speech. Construct vocal cords and larynx that really work.

We're sure glad that Mr. Miller's baton was returned.

The concert was well worth waiting for, and the soloists were outstanding.

The Day Women's annual Banquet was held in the Commons this year, and was a definite success. We even retract several things we may have said at one time or another about Slater Cater, the food was delicious. We were glad too, to see Miss Macdonald back on campus.

Well, graduation approacheth; the placement office is filled with the hysterical and the near hysterical, and us; shore migration is upon us; if you don't have your term paper finished yet — forget it, the subjects probably offered in the summer anyway: a typical year's end. Typical except for the seniors whose checks from now on come from the Commonwealth.

Luck to the undergraduates as well as the seniors, and don't think you're rid of us — "The Commuters At Large" will probably turn up in the Alumni Bulletin.

# Letters

## .. to the Editor

Dear Editor:

Rather belatedly, the thought occurred to me that you might be interested in knowing that the National Broadcasting Company Net Work, Miami, Florida Channel #7 TV, announced in their 11 P.M. broadcast of April 29th that Terry Engleman from a little college up in Pennsylvania called Bloomsburg won the three-mile at the Penn Relays. Time 14:26.5 thereby breaking a record of thirty-one years standing.

I immediately called the station and talked with the sportscaster. I told him we were a good sized college of almost 2000 and that up in Pennsylvania we were important. He was very nice, said he was glad to know more about Bloomsburg and thanked me for calling.

The next morning the event was mentioned on page one of the sports section of Miami's largest morning paper, The Miami Herald. I am sending the paper to Terry.

Best wishes,  
M. Beatrice Mettler

# The World Outside

by WARREN OZMANSKI

Well, now that the end is here, what do I do now? It has been a long trip, especially if you've had an eight o'clock Centennial Gym and a nine at Science Hall.

A great year has passed by and this seems like a time to wish all the grads a hearty congratulations, and for the upperclassmen who aren't coming back... tough luck! It's survival of the fittest around here.

BSC has kept up its tradition of molding its students to conformity: It broke the back of rebellious Frosh, it upheld the idea of "democratic" student government, and it created a "success" out of the Maynard Ferguson concert.

In regard to the Dave Laubach case the administration has adopted a new motto from James Joyce's *Finegan's Wake*; "Thy obesity, a civilian hits the felicitude of our orb."

If this is the case, what are they going to do about "Tiny" Graham? He won't be allowed to say, "How Ya Doim;" anymore.

Bloom also has a good reputation for keeping some of the nicest grounds on the SC circuit.

Even Slater the Caterer has done the job the best he knows how. Just the other day the garbage truck was there and I happened to overhear something. It went like this; Iggy yelled in to the dietician, "Hey, the garbage man is here." "OK," she hollered back, "tell him to leave three cans, everybody is gone home for the weekend."

What ever happened to Frog Jones? I guess they even molded his character by now.

Overheard from one of the seniors; "Four years ago I couldn't even spell teacher, now I are one."

Things aren't as bad as all that. They say that people are happy when they are complaining. I would venture to say that the Lounge Lizards are the happiest people in the world.

No wonder everybody has a short-timer's attitude.

So, after we of the *Maroon and Gold* have spent many Monday nights working our fingers to the bone in an effort to bring you, if you'll excuse me, all the news that's fit to print, we leave you with a parting note; Remember, they can take away the certificate, but not the knowledge.

# FAREWELL MESSAGE

Joseph Zapach

For the past few days, I've been trying to decide what I was going to write for my final message. It's so strange when you are writing an article, you can't seem to say what you want to say without sounding artificial and unreal, like you are writing a paper for an English class. However, there are many things to be said.

True, serving as your president certainly has been a worthwhile experience for me, but this wasn't the reason why you placed me in that position. You wanted me to do something about your wants and needs. Whether or not I have accomplished this purpose, I will leave up to you, and if I neglected something, somewhere, my apologies.

I would like you to remember a statement by the administration, "You will be given more responsibility when you are able to assume it." The only way you can assume this responsibility is to give your whole-hearted cooperation to Gary Reddig and the C.G.A. officers which make up your college council. By assuming the duties of their office, these people are expressing their willingness to devote time and effort for your benefit. The very least you can do is relieve some of the burden through cooperation and assistance.

I certainly enjoyed working with all the members of the College Council and appreciate the cooperation received from the student body. May God bless all of you.

Best Wishes,  
Joseph Zapach

# SHORT TAKES

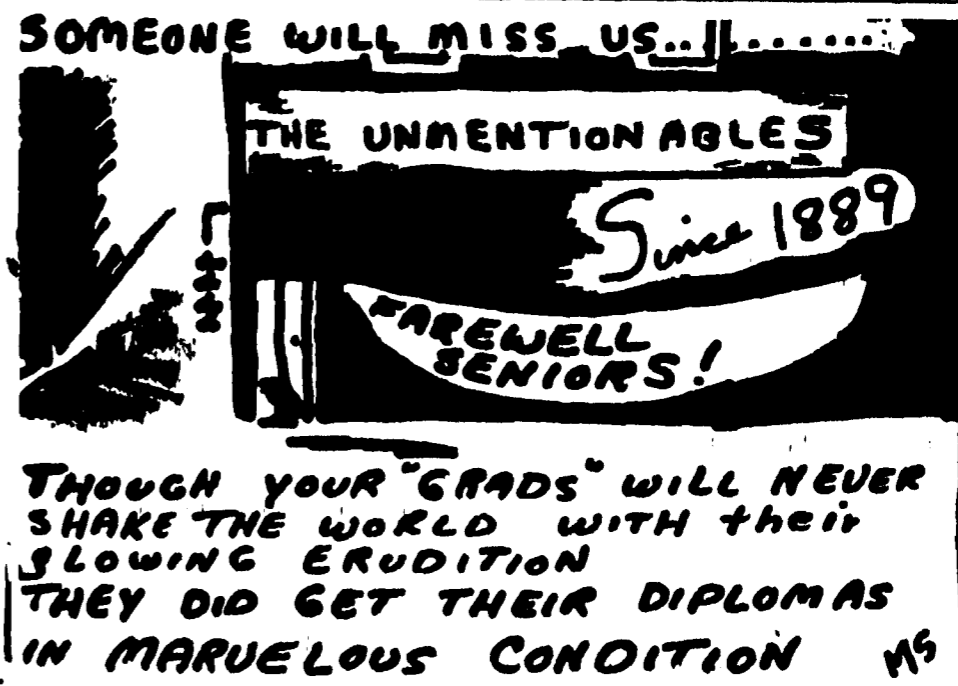

The Alpha Phi Omega fraternity of Millersville State College sponsored an unusual contest to raise money for the Lancaster Cancer Society. Twelve male students are in the running for the title of "Ugly Man." Jars with pictures of the Ugly Men were placed in the Student Center, and students voted by dropping a penny in the jar of their choice.

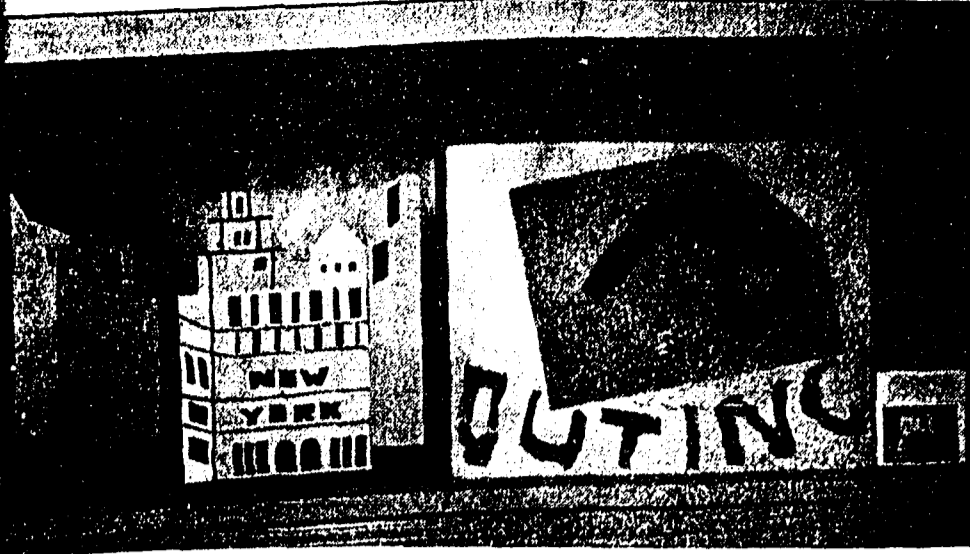

\* \* \* \*

For all students interested in dramatics, the Opera Workshop of Mansfield State College will present *Guys and Dolls* on May 20, 21, and 28, at 8 p.m. in Straughn Auditorium. *Guys and Dolls* is a musical fable of Broadway which is based on a story by Damon Runyon from a book by Jo Swerling and Abe Burrows.

\* \* \* \*

Under a grant for the study of allergies, the biology department of Wilkes College is seeking sufferers of hay fever to cooperate in a summer research project. For those volunteers who wish to cooperate, only a short period of time will be required through the coming summer during the months of June, July or August.

You May Think This Is Easy, But Try To Do It . . . Pictured above are two of the posters now on display on the bulletin boards of Noetling Hall. The first was inspired by Bernard Buffet's 'Dallas', and the second by R. Dufy's painting of the 'Red Violin'.

### Self-Confrontation - Theme of Displays

During the past year the bulletin boards of Noetling Hall have been filled with new and exciting displays. The source of this material has been the Introduction to Art classes and the Art in the Elementary School Class, under the supervision of Mrs. Myrll Kreiger. Presently the display features posters made by the classes inspired by the modern masters.

The purpose behind the projects was designed to give students a chance to experiment with materials and processes necessary to understand the study of the great masters.

Miss Kreiger feels that many of the students will be teaching art in the classroom and the endeavor is made for them to work with the materials with which they will be teaching. Self confrontation, the basic aim of the study, enables the student to organize his thinking, analyze, and synthesize it. The resulting design is the experience each person has had.

### Latin-American Observes at B.S.C.

(Continued from page 1)

trouble and gained newspaper headlines.

The group of educators will convene at Penn State University for a conference before returning to Latin America. Dr. Corrosco told some of the students that he hoped we learned as much from him as he did from us.

### Select Chairmen For Committees

Garry Reddig, president elect of the Community Government Association, has submitted a list of names for faculty approval as chairmen and co-chairmen of the C.G.A.'s standing committees for the school year 1960-61.

Richard MacFarland has been designated as chairman, and Warren Ozanski as co-chairman, of the **Social and Recreation Committee**. The Social Rec Committee has as its function the planning of a wide variety of campus activities which make up the social life of the student. The **Awards Committee** which recommends policy for the award of service keys to seniors, will be headed by Betty Brooker. JoAnn Duda, chairman, and Rose Tolerico, co-chairman, will head the **Hospitality Committee**. This committee welcomes college guests and conducts campus tours for new students. Sandra Moore and Phil DeBoard, new **Pep Committee** co-chairman, will handle the pep rallies, work with the cheerleaders, and plan student trips to out-of-town games. The **Fire Drill Committee**, in charge of planning the fire drills in the auditorium, gymnasium, and classrooms, will have Joe Enny as chairman. Elaine Anderson has been appointed chairman of the **Furniture Committee**, which helps to select furnishings for lobbies and social rooms. Bob Burdo is to head the **Dining Room Committee**. This committee has charge of social affairs, seating arrangements, and general student welfare in the College Commons.

The **Election Committee**, which supervises all student elections will be headed by Bill Kuhns. The **Customs Committee**, with its job of orienting incoming students into the history and life of BSC, will have Manuel Gonzalez as chairman and Joanne Shaffer as co-chairman. Madelyn Scheno and Thomas Little have been named as **Freshman Advisors** to the Class of 1964.

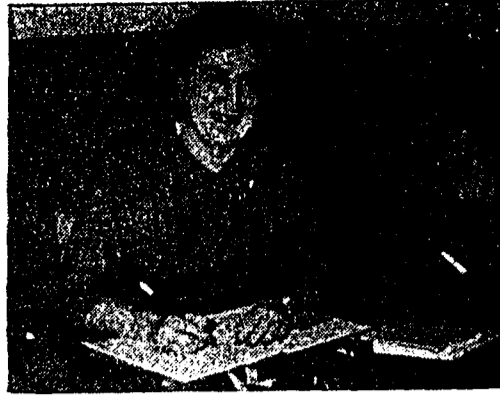

### Thoenen To Aid In Virginia Festival

A BSC faculty member, Dr. E. D. Thoenen will aid in planning West Virginia's Centennial celebration of their admission to the Union, to be held in 1963. Each of the major industries has appointed committees to plan for its part in the celebration. Dr. Thoenen has been appointed to serve as a member of the **Oil & Natural Gas Industries Centennial Committee**.

One of the responsibilities of this committee is to have a documented history of the industry written and published. Dr. Thoenen's doctoral dissertation, "The Petroleum Industry in West Virginia, 1860-1900," has been selected as a basis for this documented history.

Dr. Thoenen plans to spend the summer sessions of the next two years doing the research and writing necessary to bring the history up to the present time.

### College Dean of Women Resigns After Seven Years of Service

Mrs. Elizabeth Miller

Mrs. Elizabeth Miller will retire from her duties as Dean of Women of the college and instructress at the end of the current semester.

Mrs. Miller was graduated from Slippery Rock State Teachers College and did graduate work at Pennsylvania State, Bucknell, and Syracuse Universities.

A native of Williamsport, Mrs. Miller taught at the South Williamsport High School in addition to doing social work there. From 1945 until 1950, she was Dean of Women at Edinboro State Teachers College. In 1950 she went to Lycoming College at the Dean of Women.

Mrs. Miller came to Bloomsburg in 1953, and she describes the past seven years with the Waller Hall girls as having been very pleasant.

Mrs. Miller and Mr. Horace Williams, manager of the book store and Husky Lounge, will be married on June 23. The following day they will sail out of New York for a cruise to South America and the West Indies Islands. They will reside in Bloomsburg.

For days and days we pleaded —  
Please order more than fifteen books  
When ninety-three are needed.*

# CAMERA AND . . . COMMENT

## With Apologies To Poetry

Skimming through the picture file  
of the M and G this year,

We've found a few fond mem'ries  
And some not quite so dear.

*The alcoholic content  
Of the Bloomsburg student body  
Is found to be increasing  
In bars dim, dark and shoddy.  
But somewhere in the tundra  
There'll be a patient pleased  
For after the transfusion  
He'll soon discover he's  
The only arctic human  
With built-in anti-freeze.*

*The boys downtown  
Would like to be charitable,  
But New North Hall  
Is still uninhabitable.*

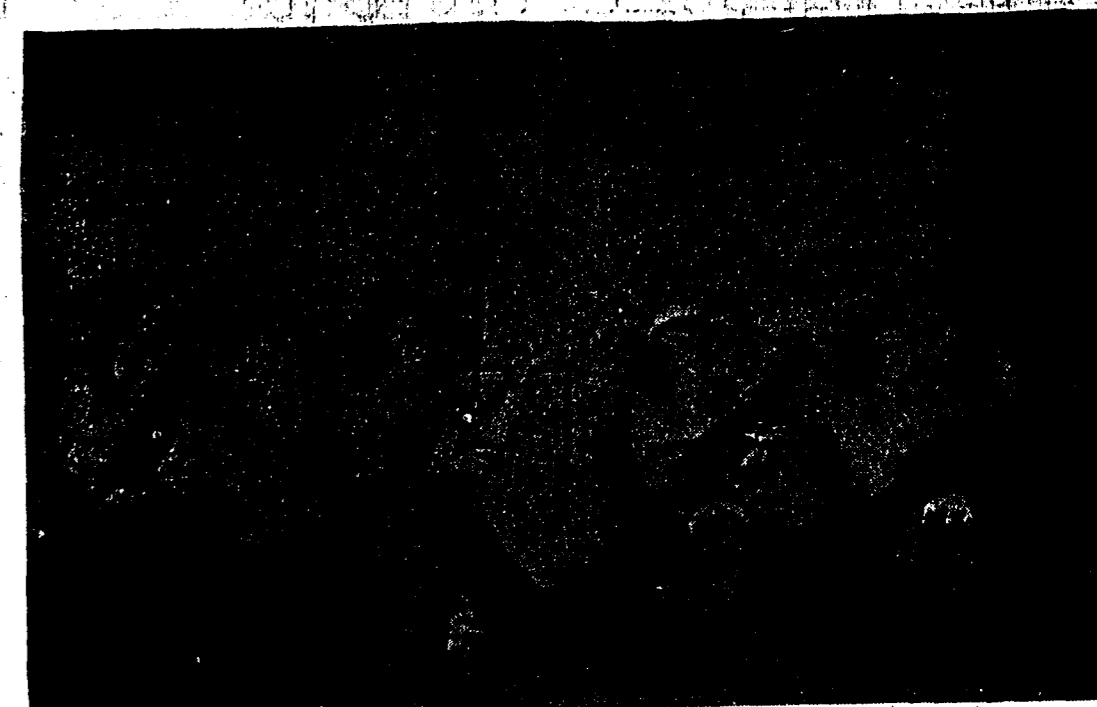

*Sing a song of smoke bombs,  
Of faulty North Hall lights,  
Of fire brigades and posters,  
Of interrupted nights.  
Oh, can't we please be ignorant  
Of fire hazards here —  
We're sure there'd be more classes  
In the ashes when smoke clears.*

*This school's a suitcase college  
On Saturday at noon,  
As homeward bound the students go —  
Yes, Monday comes too soon.*

# Congratulations To The Class of 1960

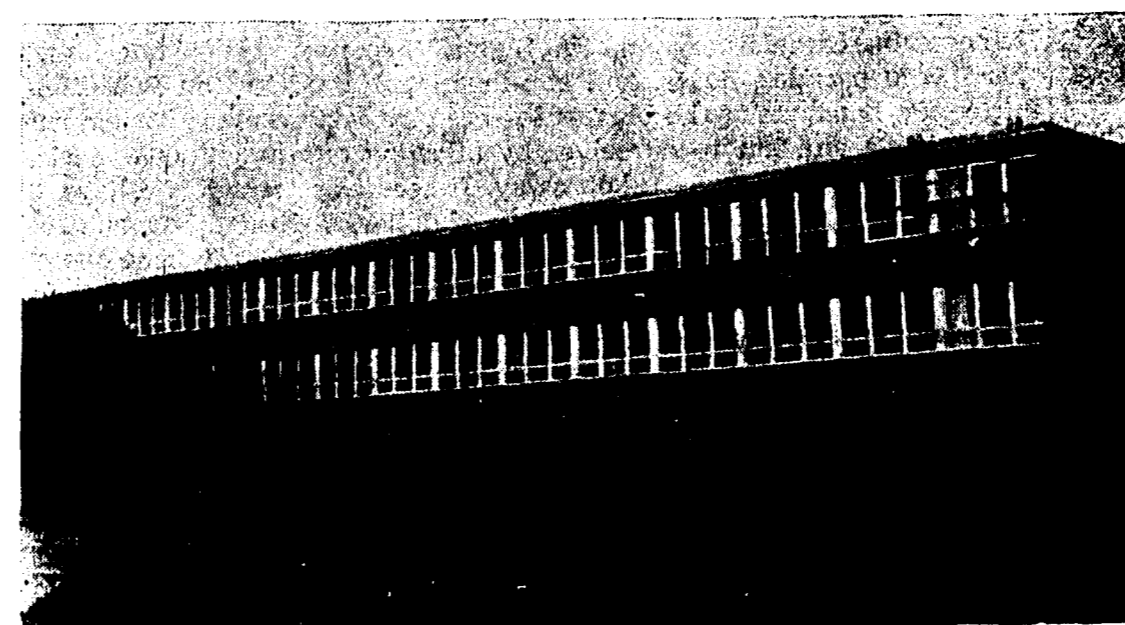

*The more conspicuous talent  
Of the Freshman Class was seen  
In their autumn presentation  
And the fountain-ducking scene.*

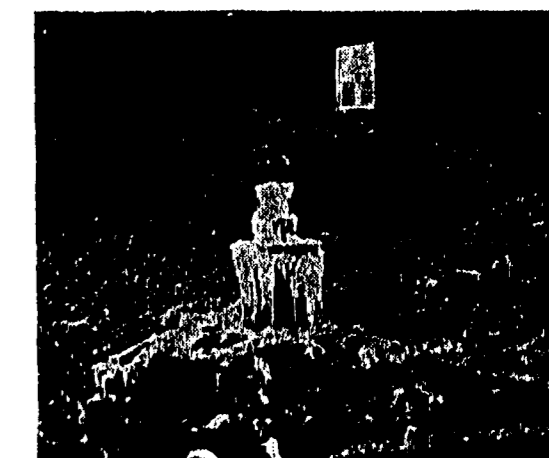

*I could have danced all night  
Without a doubt . . .  
But I discovered at twelve  
That I hadn't signed out.*

*The carefully hidden talent  
Of the Class of '63  
Was once concealed,  
But now's revealed  
To Probation Committee.*

*Sutliff Hall is furnished  
With every new appliance;  
The only trouble is,  
It's a two mile walk from Science.*

*I think that there shall never be  
A thing as beautiful to see  
As fountain capped and iced and flak-ed —  
But now it's spring,  
And it looks naked.*

# Terry Engleman Is Outstanding Athlete

Bill Gentile

## Gentile Picked As Best Diamondman

Bill Gentile, freshman short-stop, is this year's Maroon and Gold choice for outstanding diamondman. Bill, a graduate of Ben Franklin High School in Carbondale, Pa., is currently enrolled in the secondary curriculum where he is majoring in the field of Social Studies.

This first-year man seemed to be the major part of Bloom's batting strength this season. For instance, in the game with Mansfield SC, Bill had six hits, including a triple and five singles, in eight trips to the plate. Over all this season, Bill, a left-handed hitter, collected 19 hits in 44 at bats to rack up an impressive .432 batting average. The 5 foot 4 inch Husky also scored the most runs, chipped in with the most walks and was second in RBI's.

Bill left nothing to be desired in the field either. His smooth play at short-stop turned many a sure hit into a routine out. In general, his glove-work was greatly appreciated by the local pitching staff.

His hustle is to be commended too. He was always that holler-guy who seemed to give that spark to the team when it was needed most. Truly he was a leader and a welcome addition to coach Walt Blair's ball club.

## Husky Thinclads Third in States

After coming up with the best record in twenty years, the Husky track squad added further laurels to their credit by taking a third place in the State Conference track and field championship meet at Shippensburg last Saturday. This showing was the best by a BSC squad since the Vandevender, Kashuba, and Bonham era of '39-40.

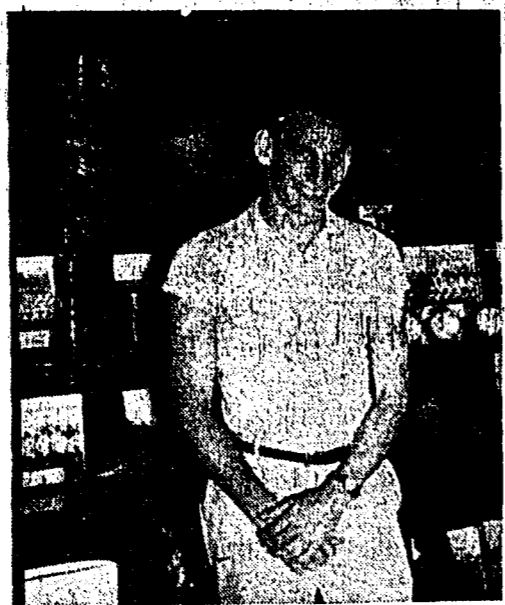

Roy Peffer showed his great versatility by taking two second places in the 220 yard low hurdles and 199 yard dash and adding a fourth place in the broad jump. While topping the timbers, Peffer tied the school record for the lows and was clocked at 9.9 for the century, only two-tenths of a second under the school mark.

Once again Terry Engleman proved his worth by taking second in the mile and successfully defending his two mile crown with a record smashing 9:42.4 timing. It took a record breaking performance by Shirrey of Slippery Rock to catch Terry in the one mile event.

Stan Hugo, back in top form, came through with a stellar vault of 12 feet 3 inches for a first place tie in his specialty. Big "Stash" Ellinsky closed out his glowing athletic career at BSC by copping fourth place honors in the pole vault.

John Taylor and Tom Hones, both first year men, served notice of things to come by grabbing fifth places in the 220 yard low hurdles and 100 yard dash respectively.

Beau Hutteman, consistent M&G point-getter, placed fourth in the javelin throw. For the past three years the demonstrative New Jerseyean has placed at the state meet.

Terry Engleman

## Penn Relay Champ Top Track Star

The "little fellow" from Milton whose name has become synonymous with track at Bloomsburg is the M&G's choice for track man of the year and Most Outstanding Athlete for the over-all 1959-60 sports season. Terry Engleman has been accordingly honored because of his record-breaking achievements during the past cinderpath campaign.

During the past three years, Terry has re-written the record books not only of the school but state conference as well. He has lowered the school clocking for the mile to 4:24.7 and the school and state two mile marks to 9:42.4. His crowning achievement came less than a month ago at the Penn Relays while running against the best distance men in the east, the Milton Machine topped the field with a 14:26.5 clocking to break a 29 year-old record. The record had previously been held by Paavo Nurmi, now a track immortal. To many, Terry's accomplishment ranks as the most outstanding single athletic achievement in the annals of BSC.

Called upon to run the half, one-mile, and two-mile events during the regular season, the Lung was undefeated in dual meet competition.

With Terry, running is a way of life. He trains throughout the year and stays in top physical shape. His insatiable desire to win and his consistent ability to do so points out Terry's amazing speed, stamina, and competitiveness.

Jack Masich

## Masich Chosen As BSC's Top Golfer

Only one person could be golf's outstanding performer this year at BSC, and that man is Jack Masich.

Playing the number one position and facing the two best competitors from each opposing team, Jack swept through the season unbeaten to lead the Huskies to their 4-1-1 log.

Winner of the President's Trophy at Berwick, the hard driving Masich climaxed his successful season by capturing second place in the State College Tournament at Slippery Rock.

Luckily, Jack will be again leading the Huskies on the greens next year. His only comment on this performance indicated he was pleased but not satisfied. Dr. Satz was extremely satisfied.

## Houk Named BSC Coach of Year

Mr. Russel E. Houk, Head Wrestling Coach and Director of Athletics has been chosen by the sports staff of the Maroon and Gold as "Coach of the Year."

Coach Houk is one of five coaches nominated for the title of "American College Wrestling Coach of the Year for 1960." These coaches were selected by a special Coaches Committee. The names will be submitted to a ballot vote of college members of the American Wrestling Coaches and Officials Organizations. Other coaches nominated were Everett Lantz, University of Wyoming; Tommy Evans, University of Oklahoma; Rex Perry, University of Pittsburgh and Clifford Keen, University of Michigan.

The selection of Houk to receive these laurels has come as a result of his charges winning the National Association of Intercollegiate Athletics wrestling team title, winning for the second consecutive year, the team championship of the Pennsylvania State College Conference and having an undefeated dual meet season.

During his three years of coaching at BSC, Coach Houk has compiled an amazing record of 24 victories while losing only three dual meets. The strongest point of Houk's grapplers has been their outstanding physical conditioning and excellent mental attitude.

Coach Houk is a graduate of Lock Haven State College where he was a member of both the wrestling and football teams. He did his graduate work at Bucknell and is presently enrolled at Penn State.

# The Ski Slope

by Tom GladSKI and Capt StanITSKI

Stanitski

"Old sports editors never die, they just graduate and yours truly goes the way of all educators on the 29th."

In the four years spent at the "drag on the crag," I've seen many changes occur: new sports introduced, changes in coaching personnel, champions crowned and, in all, an enjoyable sports program presented to a too-often lackluster, un-appreciative, and un-supporting student body.

### Conference Improves

Over all, not only has the name of the State Teachers College Conference been changed, but competition in the Pennsylvania State College Conference has improved tremendously in the past four years. Instead of one school dominating all areas of sports activity as once was the case, there now is a wide-spread competition throughout the "Big Fourteen" in all events.

Possibly the most notable achievement, team-wise, has been the meteoric rise of wrestling at BSC. From a relatively minor beginning sport back in '56-57 under the able coaching of Walt Blair, the mat-men rose to national small college champs in only three years, led by the guiding hand of Coach Houk.

### W.C. Victory Tops

In football, this year's victory over West Chester was far and above the biggest pikskin achievement we witnessed during our stay. Coach Blair replaced Jack Yohe in '57 and added assistants Houk, Shelly, and Heilman to guide the Huskies to many impressive wins.

On the court, Dick Lloyd, Norm Shutovitch, Gustave, Boyle, Snyder, and Kozick thrilled many fans at Centennial with their outstanding brand of play. Head coach Shelly, always jovial and with a "good" word for everyone, is calling it quits this year and to him we say good luck in his future endeavors.

### Engleman Outstanding Trackman

The trackmen surprised many people this season as they placed third in state competition after piling up a 4-1 dual mark, first winning track season in six years. The phenomenal Terry Engleman put Bloomsburg on the map with his performance at States and the Penn Relays. New-comers Peffer, Taylor, and Painter can be looked on for continued outstanding showings as they replace former standouts Watts, Lougherty, Thayer, and Mensch.

Baseball saw the 1959 season open without colorful "Doc" Wagner at the reins. Mr. Baseball of BSC was replaced by Coach Blair, whose team's efforts thrilled sun-baked fans at Olympus.

### New Intercollegiate Sports Introduced

Three new intercollegiate sports appeared on the scene at the "friendly" college this year as swimming, golf, and chess bowed in and made welcome contributions to the sports calendar. Bloomsburg will be losing a good man when merman coach Heilman leaves us this year to become head mentor of Kutztown's eleven. Good luck coach!

Dr. Satz and Mr. Israel we applaud for their fine showing in their rookie year as golf and chess coaches, respectively. Who knows what next, maybe tennis? Woops, forgot — we need a court.

The often lacking school spirit always got a shot-in-the-arm when Homecoming came around and Phi Sigma Pi sponsored their queen and there were parades, floats, and bon-fires, sponsored by the Pep Committee. Perhaps one of the biggest losses spirit-wise was our losing, not to another team, but to ourselves by allowing our magnificent husky mascot, Roongo III, to be taken away. It seems as though a college of 1,600 students which spends thousands of dollars for this, that, and the other thing, should certainly have been able to find \$500 to keep one of our few traditions. Maybe next year — we'll have 1,750 enrolled by then.

### Times and Things Change

The passage of four years also saw the training table in the college dining hall go by the wayside, student enrollment increase by one-half, a student-faculty athletic committee become organized, and an all-sports banquet initiated to give honor to Husky athletes. It was at one of these gatherings that this writer heard one of the most inspiring speakers he has ever laid ears on in the person of Ray Elliot, former head coach at Illinois University.

To you, the should-be of BSC teams, I say build your support and acclaim; and to you Husky squads and coaches, congratulations for jobs well done — here's hoping for continued success. And most of all, dear readers, to you we say goodbye and good luck. Remember the case of the old alumni returning to his alma mater who pondered how all his former associates had gotten so fat and old looking that they hardly recognized him anymore.

## BASEBALL WRAP-UP

With the 10-7 loss to Kutztown last Saturday, the local nine wrapped up this season's play with a (6-9) won-lost record. However, this losing record does not tell the whole story. The truth of the matter is that this was one of the Huskies better squads, and with a few breaks could have gone all the way.

This was a veteran-laden squad with such stalwarts as hard-hitting

Bob Rohm, the ever-dependable Pete Perialis and the stable first-baseman, Flip Houser. It also contained such experienced hands as Joe and Ed Blackburn, Frank Fisk, Joe Rishkofski, and Tom Stover. To this array of talent was added the flashy Billy Gentile and pitching hopefuls Stan Keszowski, Bill Kintzell, and Bill Everz.

It was only after a double loss to Lock Haven S. C. that the bottom fell out. The team continued to hustle, the hits still came and the pitching still poured through, but it was the old story of not matching the hitting with the pitching.
